Y.A. Students Outline
Emergency Exit System

The Y. A. students, under the able management of Prof. Victor E. Thompson, have inaugurated a new system of Panic Prevention. This system will entail appointment of the Y. A. students to act as floor guards. They are to work under the supervision of a chief who will direct as students as they leave the building during drills. The purpose of this organization is to prevent panic among students in case of fire.

Directions as to what exits shall be used relative to the student's station at the time of the drill will be posted on the bulletin boards. All students should read these carefully since cooperation is the essence of the whole plan.

If Y. A. students are urged to watch the bulletin boards for postings.

The fire alarm will not be rung in the future except in case of Panic Prevention drill or in case of fire. This means that the alarm no longer means assembly.

Suggestions and comments will be gladly accepted by the N. A. students after the system is operation.

Men's Glee Club
Sings At Emerson High This A. M.

The entire personnel of the Mens Glee Club will present a concert at Emerson High school this morning at 10:45. This is the third year the club has sung at the school. President F. S. Hyer will give a short talk during intermission.

Thirty-two Bands
To Attend Meet

Thirty-two bands and orchestras have signified their intention of participating in the annual spring concert next Wednesday evening in the college auditorium at 8:15 o'clock. The Girls Glee Club will also take part in the program.

A varied array of concert numbers will be presented. Among those to be given are "Peer Gynt Suite" by Grieg, "Two Little Japs" by Charrois, "The Rosary" by Nevin, and "March Fantastique" by Fucik. The Girls Glee Club will sing several songs. Evelyn Schwingel will play a solo on the marimba.

Band members are now selling tickets for the concert. The very reasonable price of 15c for students and 25c for the public be is being charged. Band members are staunch supporters of all school activities and students should attend the concert. Many out-of-town people are planning on coming and a record crowd is expected.

College Concert Band
Presents Spring Concert
Wednesday, April 21

The college band will present its annual spring concert next Wednesday evening in the college auditorium, at 8:15 o'clock. The Girls Glee Club will also take part in the program.

Many answers came in this week and after much consideration, the prizes had to be awarded. Pointers will be sent to whoever Joe Krzyzak and A. S. Lysen, the winners, designate. The answer was 80 and 72.

As many say the problems are too easy, here is a real sticker:

A train is operated by three men—Smith, Robinson, and Jones. They are drivers, engineer, and brakeman, but not respectively. On the train are three business men of the same names.

Consider the following data about all concerned:
1. Mr. Robinson lives in Detroit.
2. The brakeman lives half way between Chicago and Detroit.
3. Mr. Jones earns exactly $2000 per year.
4. Smith beat the fireman at billiards.
5. The brakeman's nearest neighbor, one of the passengers, earns exactly three times as much as a year as the brakeman, whereas $1000 per year.
6. The passenger whose name is the same as the brakeman's lives in Chicago.

This is the question: Who is the engineer? Answers must be in by 4:00 P. M. Monday.

College News Briefs

Prof. N. E. Kautzen and Dean H. R. Steiner judged a district forensic contest at Neillsville all day yesterday.

The Mens Glee club has had a very successful spring, having presented nineteen concerts in nearly as many different cities throughout the state. The following letter received by Director N. E. Kautzen indicates how they have been generally received.

"The Junior High School, Rhinelander, Wis., April 9, 1937

The Mens Glee Club,
Stevens Point Teachers College,
Stevens Point, Wis.

Dear Sirs:
The pupils in our school were so well pleased with the delightful program you presented to us that they want us to write thanking you. It was, indeed, kind of you to give us both quartette and full chorus numbers. We can't tell you which number was most satisfactory to us because our personal tastes and opinions differ. The next time you come to Rhinelander you may be sure that your audience will contain a great many boys and girls of our ages and many of us will be accompanied by our parents.

Yours sincerely,
Madeleine Hansen, Pres., Grade 9
Wildill Roeskrantz, Pres., Grade 8
David Speer, Asst. Pres., Grade 7
James Williams, Principal"

A concert was sung to the Kiwanis Club at the hotel Whiting last Tuesday afternoon.

The "College Quartet" sang at the Packers game and also sang at the Men's Glee Club meeting.

LaVerne Schwingle Outlines Iris Plans

LaVerne Schwingle, newly appointed editor-in-chief of the 37-38 Iris, has made definite plans for the organization of his staff for next year. Regularly scheduled staff meetings will be held each week for discussions of problems relative to the publishing of the book. Schwingle states that this will make the book more than just a staff project.

Positions on the staff will be filled by appointment by the editor-in-chief. Applications may be made in writing at any time in the near future. Personal interviews will also be held by Editor Schwingle to determine the ability of the selected staff members. Regularly scheduled staff meetings will be held each week for discussions of problems relative to the publishing of the book. Schwingle states that this will make the book more than just a staff project.
Greek Activities

Omega Mu Chi

Formal initiation of Omega Mu Chi sorority was held at a candlelight service Saturday evening at 6 o'clock in the Blue room of Hotel Whiting. Followed by an initiation banquet in the club dining room. The initiates were Peggy Glennon, Betty Wolf, Margaret Rogers and Mary Heppner of Stevens Point, and Laura Chuech of Birnam wood, and Grace Melchiior and Dorothy Dernbach of New London.

Covers were held for 46 at the dinner.

Table decorations of flowers, tapes and place cards carried out the sorority colors, lavender and gold. Each initiate was presented with an attractive corsage, also of lavender and gold flowers. Special guests for the evening were Mrs. Erwin A. Schwahn and Mrs. Harold Tolo, honorary members, and Mrs. C. H. Taylor, Mrs. Palmer W. Taylor, patroneses. Miss Edna Carsten, faculty adviser, was absent from the city. Many alumnae were present including Mrs. Ermel E. Stansel, Mrs. Raymond W. Boars, Veryl Nelson, Mary Staples, Lorraine Gething, Beulah Turinski, Ruth Mueller, and Alice Sorenson. Ruth Nason, the president, congratulated new members and introduced the alumnae guests. She also introduced Mrs. Tolo, who gave an amusing original story of Greek mythology.

Tau Gamma Beta

Tau Gamma Beta sorority held its formal initiation at Hotel Whiting Thursday evening, when the following girls were taken in as members at a candlelight service: Marguerite Bens of Medford, Eleanor Breeden of Coleman, Ruth Behake of Belleville, Iris Forbes of Port Edwards, Katherine Hong of Ladysmith, Jane Johnson of Endeavor, Gladys Greve of Brillion, Betty Richards of Portage, Gene Warinik of Merrill, Claire Williams of Pesawkee and Jeannette Pierce, Ann Mainland and Mavis Freville of Stevens Point. Mildred Bowers of Park Falls was taken in as an associate member.

The first patroness when the sorority was founded, Mrs. Frank N. Spindler, reviewed its history since its beginning in 1902, citing the highlights of its growth during the 28 years. She stressed the fact that Tau Gamma enjoys the better organization on the campus. A distinction of being the oldest Greek club talk was given by Mary Beth T. Smith, a patroness who was at one time an active member, and Miss Beatrice Richardson, an honorary member, told what the sorority means to the girl and what the individual means to the organization. After the president had welcomed the new members in behalf of the alumnae, the evening was brought to a close with the sorority song.

Chi Delta Rho

Chi Delta Rho held its formal initiation at 6 o'clock at the fraternity house Saturday evening. The following were initiated: Grassville Zimmer, Dearbora Spindler, George Lawrence, Woodrow Lucas, Stevens Point, James Walsh, Manawa, Francis Weingartner, Gladstone, Fe Bohan, Chicago Heights, Illinois, Carsten Paulson, Plainfield, James Daedeker, Kiel, Paul Rusch, Merrill, and Clyde Brunner, Leopold. The ceremonies were short but impressive and were followed immediately by a 6 o'clock dinner in the main dining room at the Hotel Whiting.

N. E. Kautson, R. M. Rightell and G. C. Allen, the faculty advisors were present as well as a large number of alumni from out of town. Short speeches were presented by each initiate and each active member.

Phi Sigma Epsilon

Phi Sigma Epsilon held its formal initiation and dinner at the fraternity house Saturday evening. Those initiated were the following: Park Joy, Carlyle Storrs, Robert Pfeiffer, Robert Hager, Ted Meyer, Dick Stegger, Robert La Haye, Ed Durant, George Hubbard, Stevens Point; Marvin Olson, Sterling; Philip Thorson, Ogan; Judy Felix, Edgar; Joe Bloom, Rhindlender, John Yurkovich, Loretta; Gerald Eyler, Spartas; and Bjorn Christianson, Nelsvoll.

The faculty advisors present were Mr. Smith, Mr. Kotal and Mr. Schmeekle. Mr. Smith was the main speaker of the evening. A large number of alumni were present.

W. A. A.

The date for the annual W. A. A. Play Day has been definitely set for Saturday, May 15th. Invitations have been sent out to the girls attending high schools near Stevens Point. All girls are urged to attend.

Last year, one hundred and fifty girls attended the day of play. The day was spent playing baseball, volleyball, tennis, bat ball and cage ball. Lunch was served at Nelson Hall at noon. After the lunch program, Miss Richardson presented her creative dancing program.

The plans for this year's Play Day are very similar, but they will be more extensive. It is hoped that there will be over two hundred girls as guests of W. A. A. on May 15th.

Society News

All-School Party

An all school party will be held Friday evening in the training school. The Castillians will furnish the music. The admission is free.

Loxoya Postponed

The regular Loxoya Meeting, which is usually held every third Thursday in the month, will be postponed until Thursday, April 22 to allow students to attend the concert to be presented by the Augustana College Choir tonight.

Pan-Hellenic Dance Well Attended

Greeks and their guests revolved at the Pan-Hellenic Dance Saturday night in the new gym. The dance followed the formal initiations which were held by three of the Greek organizations on that evening. Benny Graham's orchestra furnished the music for dancing which began at 9:00 and continued until 12:00. Chaperones were Mr. and Mrs. Harold Tolo, Mr. and Mrs. Eddie Kotal, and Mr. Schmeekle. One of the largest crowds ever to attend a Greek function was present.

The "Two-Lift" brassiere supports and uplifts bust into soft youthful line.

MOLL-GLENNOM CO.
1937 Boxing Champions Crowned

Three Knockouts Feature Bouts

Central State crowned its 1937 ring champions last Monday night before a large crowd of college students and townspeople. Each one of the bouts was full of action from the opening round right down to the last bell, with every punch giving his best in the attempt to become titleholder in his respective division.

Friends Fight

There were twelve bouts in all, four preliminaries and eight championship fights, with one of the preliminary bouts being forfeited when the man didn’t show up. The fights were marked by much aggressiveness shown on the part of all men and more boxing ability was demonstrated than in the first card.

Two of the men, Iman Whipple and Henry Warner, had to overcome a mental hazard before they even entered the ring. Those two boys have been inseparable friends since Whipple came to Stevens Point and consequently had to force themselves to try to down each other. From the way they fought, it would never be suspected that every time they hit each other, they themselves suffered.

The winners of these bouts, with one exception, will go to Superior April 22 to meet John, Bob, and Charlie, Superiors and Milwaukee. The one change will take place in the 115 pound class where Lloyd Hayes will replace Earle Michaels.

The referee for the fights was Bruce Siotwinski, the timer was Coach Kotal, and the judges were Mr. Bowersock, Mr. Crowley, and Dr. Butler. Joe Kosho, Fred Litke, Arno, Clarence Baker, Harold Scheel and Jim Maguire were the seconds.

Preliminaries—

John Felix, Edgar, 134 pounds, won by decision from Roy Peterson, Stevens Point, 130 pounds.

Feelix outboxed Peterson to take the bout easily. Peterson was taking lots of punishment from Felix during the second round. Well, he had to go.

Frank Metcalf, Amberst, 140 pounds, won by technical knockout from Bob Baker, New Lisbon, 145 pounds.

Baker was held off by Metcalf’s long range punching and got in very few good blows. The New Lisbon boy sprawled his arm on the ropes in the second round and was unable to continue.

John Hutzel, Leona, 164 pounds, won by decision from Dan Young, Bancroft, 169 pounds.

Both men slugged it out, with Hutzel doing a better job of defense and getting the nod in a close decision.

Louis Drobnick, Rice Lake, 150 pounds, won by decision from Glenn Harris, Plainfield, 155 pounds.

Drobnick put on a better exhibition of boxing and the New Lisboner for a cool and easy five. Drobnick was too fast for the Plainfield boy.

Harold Scheel, Spencer, won on a forfeit from La Roe Smith, Shawano.

Championship—

115 pound class—

Earle Michaels, Stevens Point, 119 pounds, won by decision from Philip Scheel, Phillips, 119 pounds.

Scheel made it a point to use his speed to the fullest and made up for lack of solidity.

129 pound class—

Eddie Kotal, athletic director at Central State, was elected president of the Wisconsin State Teachers College Coaches Conference at a meeting held in Madison. Kotal was the unanimous choice of the coaches because of his remarkable record of turning out seven championship teams in football and basketball since he took over the coaching reign here seven years ago.

Michaels was much more experienced than Scheel and carried the fight to the other all the way. Scheel tagged Michaels with the left quite often but failed to do much damage.

135 pound class—

Charles Torbenson, Stevens Point, 129 pounds, won by decision from Lloyd Hayes, Minocqua, 125 pounds.

Torbenson put on the finest exhibition of boxing for the entire evening and was easily the victor over Hayes. Hayes was the aggressor during the early part of the fight but Torbenson finally knocked him out in the last round.

135 pound class—

George Hubbard, Stevens Point, 137 pounds, won by decision from Ben Laschek, Goodrich, N. D., 134 pounds.

Hubbard was too fast for Laschke, 1936 champion who had not fought since the title last year. Laschek got the better of Hubbard in the close fighting but the defeated Point lad had the better of the long range fighting.

140 pound class—

Calvin Cook, Unity, 143 pounds, won by technical knockout from Ed Brill, Stevens Point, 142 pounds.

Brill has a trick shoulder that jumps out of joint every little while, and after the second time Dr. Marrs advised him to stop fighting. The bout was full of excitement in the short time that it lasted.

155 pound class—

Iman Whipple, Stevens Point, 155 pounds, won by decision from Henry Warner, Stevens Point, 155 pounds.

Whipple had all the best of the fight but Warner never gave up, even though he was taking a bad beating. Whipple was almost forced to punch Warner so that no one could say that he was taking it easy.

166 pound class—

Charles Plocher, Plover, 162 pounds, won by technical knockout from Felix Bohan, Chicago Heights, Ill., 164 pounds.

Carley uncorked his lethal left too many times and Bohan was caught short.

Both men were aggressive and the bout was marked by wild slugging.

175 pound class—

Charles Sparhawk, Pllover, 173 pounds, won by decision from Paul Rusch, Merrill, 169 pounds.

Rusch took the fight to Sparhawk but was unable to do much damage to the barrel chested Plover boy. Sparhawk punched Rusch most when the fighting was close.

Heavyweight class—

Fred Nimnau, Waunau, 185 pounds, won by technical knockout from Wilbur Rathke, Merrill, 185 pounds.

Nimnau’s superior reach was too much for Rathke to overcome. Rathke went down twice for a count of nine in the second round.

Track Candidates Asked To Report

Track will be brought back to Central State as an intercollegiate sport this year after a one year lapse if enough men who are interested will turn out. According to Charles Sparhawk, football and track star, there is an abundance of material in school to provide Central State with a strong contender in Teachers College meets. Some of the outstanding men are Charles Sparhawk and Leonard Krutz, discus and shotput; Bjorn Christenson, Louis Drobnick and Tony Anderson, half-milers; Ed Bull and Iman Whipple, milers; Don Johnston, pole vault; Henry Warner, high jump and 440; and Fred Nimnau, pole vault, high jump, and shotput.

Anyone interested in track should see Coach Kotal as soon as possible.

Champions Enter Superior Tourney

The eight winners in Central State’s boxing tournament of champions will travel to Superior April 22 to meet the Stout, Eau Claire, and Superior Teachers College boxers in a tournament to be held fast.

Superior will enter eight men, Eau Claire six, and Stout four, with a possibility of a fifth college entering its boxers. The men who were defeated by the titleholders last Monday will act as alternates in case any of the champions are unable to fight for one reason or another.

Iman Whipple, boxing coach, is also trying to arrange a home and home series with Superior and Platteville Teachers Colleges.

Weather Decides Baseball Plans

Baseball will be revived at Central State this year if the weather will permit practice, according to Coach Kotal. Kotal has definitely decided to replace track with the great American pastime. As the expenses of baseball are little and an allotment has already been made for track, this will be no financial problem such as there has been in former years.

Many of the athletes around school believe that there is sufficient high-caliber material here for Central State to turn out a first-class nine. There are many college men who, during the summer, play ball with their home town team and are stars of their respective clubs.

Kotal has contacted a member of other schools regarding possible games and is assured of plenty of competition if his plans materialize.

Those interested in playing should watch Coach’s bulletin board for further announcements.

Sports Gossip

Henry Warner, a finalist in Central State’s boxing tournament of champions, has quite a man to measure up to in the ring world. A relative of his, also named Henry Warner, was light weight champion of the world at the same time that the Boston Bean Boy, John J. Sullivan, held the throne of fistiana. Hank has only been defeated twice during his high school and college career and shows promise of going a long way up the ladder of fistedom.

The “East Side Gang” was organized last Monday to cheer on the men who came from their side of the town and were fighting on the boxing card.

From the cheers that went up when either Michaels, Warner, Whipple or Hubbard did something good, you would have thought that half of the crowd came from that side of town.

Since 1863
Science Open House
(Continued from page 1, col. 3)
here for the event.
Registration will take place as the visiting groups arrive and will be carried on in a unique manner. The visitors will be greeted on the front campus and their names will be broadcast into the reception desk in the main building by radio. When the visitors report to the registration desk they will be given a program with their name inscribed on it.

Detailed Program Given
The first part of the afternoon or from 1:00 to 4:00 o'clock will be taken up by an open house in the following science departments:
The Chemistry laboratory will present chemical exhibits and photographic demonstrations in the dark room.
In the Physics lecture room a lecture and demonstration of astronomy will be presented by Mr. Rightell and a demonstration of high frequency static electricity will also be given.
In the Physics laboratory there will be a demonstration of the Scientific production of heat.
In the Chemistry lecture room will be the displays in the Prize Photo Contest and also a model airplane display by the Central Model Aero Club.
In the agriculture room there will be a demonstration of the production of light.

Motion Pictures Offered
In the Home Economics rooms will be exhibits of dress dolls, weaving and spinning apparatus, of table selling, and of modern mechanical kitchen devices.
In the Geography room talking movies of chemistry will be presented and in the auditorium pictures on health, chemistry and other scientific subjects will be shown.
In Room 259 there will be a display dealing with nutrition, home nursing, and child care.
The library will have a display of scientific books procured lately.
In the biology laboratories there will be experiments in botany and zoology, as well as a display of equipment.
Room 243 will feature a display of clothing and class problems.
At 3:30 the college band under the direction of Prof. Michelsen, will present a concert. This will be played over WLBIE.
Following the concert, Mr. Berglund of Minneapolis will give a lecture with demonstrations on dry ice and liquid air. This talk will start at 4:00.
In the evening the Open House will be brought to a climax by a lecture by Prof. B. Morris of the U. of Wisconsin. His talk concerns "Electrical Phenomena."

Notes On Sigma Zeta...
Sigma Zeta was founded in 1925 at Shurtleff College, Alton, Illinois. At first a purely local organization, it soon began to take on the aspects of a national organization when the Beta chapter was installed at McKendree College, Lebanon, Ill., in 1929. In the same year the society was incorporated under the laws of the State of Illinois. Since its founding, the expansion of the organization has been conservative but steady. There are at present seven active chapters.
The Zeta Chapter of Sigma Zeta, organized in 1929 at this college through the work of Mr. Culver and Mr. Riggers, has been very active in the extra-curricular work of this institution. In 1931, C. S. T. C. was host to the National convention of the organization and in 1935 the Open House program was held. Since the beginning of the local chapter, the organization composed of students majoring in science fields, has given impetus to scientific scholarship and through its program, open to college students and visitors, it has taken a leading part in presentation of scientific information to many in this region.

Purpose Is Two-fold
Science Open House, conducted for the third successive year by the Zeta Chapter, has furnished an opportunity for those interested in science to observe the activities and accomplishments of the science department of this school. In 1934, to promote the spirit of research and investigation, the group donated a silver plaque to the school. Each year the student who carries out a most outstanding project in science has his name engraved upon the plaque. Contributions to the Culer Memorial Book Fund have been made for the purchase of books of scientific nature. The organization has, in addition to the above, been foremost in its promotion of scientific work upon this campus.
The purpose of the Society is to further, viz., to encourage and foster undergraduate work in science, and to reward in a tangible manner the attainment of high scholarship.

Scholarship. Character Counts
There are three types of membership, viz., associate, active and honorary. Any freshman student who has completed one semester of college work, or any sophomore who intends to major in chemistry, physics, biology, or mathematics is eligible to election to associate membership. Such election, however, does not necessarily insure subsequent election to active membership.
Active membership is limited to Junior and Senior students majoring in any of the above mentioned sciences whose scholarship and character are of the highest type. While the former is a vital criterion in the selection of active members, nevertheless character plays an important part for, scholarship, however brilliant, without a correspondingly high character is valueless. Active members are permitted to wear the gold key, the emblem of the organization, which is presented to them at initiation.

Conclave Each Spring
Honorary membership is extended to those persons who, in the opinion of each individual chapter, have rendered conspicuous service in the interest of science and for which the Society wishes to show respect.
During the year each chapter conducts its own affairs in a manner best suited to local conditions. The national office of the Grand-Recorder Treasurer, however, is always ready to cooperate as far as possible in helping to solve the problems confronting any chapter.
On the Friday and Saturday of the second week of April there is held the Annual Conclave of the Society to which delegates from each chapter are sent. During the past the Conclaves have proved most interesting and profitable. All petitions for the establishment of new chapters and any other business affecting the welfare of all the chapters is considered and voted upon at this time.
