Hanson-Christenson To Rule Senior Ball

Wassermann Tests Will Be Given To Students

Tests To Be Given At Students’ Request

According to a statement coming from Miss Mary Neuberger, college nurse, late this week: "After conferring with President Hyer, Dr. Marrs wishes to announce that Wassermann tests will be given to all students who desire to have them taken."

Students who desire the test are to make appointments with Miss Neuberger at the Health Service on the basement floor of the building.

Such a program was in keeping with a campaign put forward by the United States Health Service Surgeon, General Purran, for the lowering of fatalities and suffering caused by diseases.

village, for they will assume their 

regular places at the head of the

The scene over which Mr.

reign will be equally compul-

A COLLEGE THOUGHT FOR DECEMBER

"Some one thousand six hundred years ago the Christian 
Church, in order that it might bring its religious influence to the 

aid of the dying Roman culture, decided to place Christmas, its out-

standing celebration, on the leading annual feast day of the Mithr-

an religion. With this, and other similar gestures, Christianity was 

able to bring its story and teaching to the unconverted with less violence 
to their accepted customs.

Throughout the following thousand years the Christian church 
showed in such manner its supreme human and religious under-

standing by adapting itself to the needs, the customs, and the daily 
problems of each new people and generation that it met. By so doing it 

was the major influence in creating a modern culture that 

just preceded our own. The life and thought of that period was 
molded and inspired by the teachings of the Christian church. 

There is little doubt in the minds of historians that that epoch of 

Christian influence was due to the humanism of the Church teachers 

who brought religious inspiration to the people through the medium 
of their daily customs and problems.

Now we meet another Christmas when our religious leaders will 
gather in memory of their Great Teacher. This Christmas comes after 

several centuries of modern time, centuries in which many persons 
have learned to believe that religion has failed in its effort to inspire 

and mold the conduct of men and nations.

May we not hope that this Christmas finds hundreds, yes 
thousands of us college students, those of us who are thinking of Man 

and his growth, concerning ourselves with this question: Cannot our 

religious teachers make more diligent effort to bring their teachings 
to harmony with the growth of mankind, and in so doing, inspire 

and mold a new world that is in dire need of religion?"
Omega Mu Chi

After winning the game Saturday evening, many of the students were in the mood to enjoy the dance sponsored by Omega Mu Chi sorority immediately after the game. A fairly large crowd attended the dance, for which Benny Graham's orchestra played.

Tau Gamma Beta

The Tau Gams will hold their annual Christmas party, Tuesday evening, December 14, at the home of Vla Mae Knutson. A gala evening is planned with Christmas games and songs constituting the merriment. After the entertainment gifts will be exchanged and a lunch served.

Christmas Party

The Senior Walther League of St. Paul's Evangelical Lutheran Church is giving a Christmas party at the church parlors this evening at 8:15. All students are cordially invited. The admission is ten-cent.

Chi Delta Rho

The Chi Delta Rho fraternity house will be decked out with Christmas trees, green pine wreaths, and bright red lights. Tuesday evening, December 14, for the annual strictly stag Christmas party.

Chairman Clyde Brunner has promised a gala evening climaxed with the visit of Santa Claus and the serving of refreshments.

Phi Sigma Epsilon

Sunday evening, December 12, the Phi Sigma Epsilon fraternity house will be transformed by pine, holly, and glittering Christmas trees for their annual Christmas party.

Chairman Robert Kriekamp and his committee are planning games, songs and dances for the entertainment of the Phi Sig's and their guests.

After an evening of merriment old Saint Nick will arrive with his pack of gifts and refreshments.

Christmas Spirit
Prevades J. H. S

The Training School bulletin boards already breathe the Christmas spirit. Eighth grade English classes once again read the Dickens classic, "The Christmas Carol." In the lower grades teachers are including "The Holy Night" in their picture study lesson plans. The age old word "Manger" takes on new significance as Christmas approaches.

Plans for a grand Christmas program are underway. Mr. Pierce is emissary of the Christmas spirit when it comes to the Junior High Christmas program. Student teachers and pupils are at work under his direction these December afternoons. The Training School Christmas Program bids fair to vie with the Senior ball in interest.

THE LENTHERIC's toiletries for men imply good grooming and good breeding. Hence—it is a compliment to him to be presented with any of those select preparations. If he isn't already a confirmed user, he will appreciate the introduction. If he is—then you have found what pleases him most.

A handsome and practical combination includes the ivory tone shaving bowl, the after shave powder in matching container, and either after shave lotion or eau de cologne. The gift box in mahogany and beige tones is decidedly masculine. This particular set is priced at $2.75, but there are a variety of other combinations from $1.50 up.

Pointers Defeat Falcons, 54-28

Rinka, Warner Lead Kotalmen

The 1937 edition of Central State's basketball team opened its season last Saturday with a smashing 34 to 8 victory over a small but fighting Concordia five. After the middle of the second quarter the result was never in doubt, during the first period, it actually looked black for our heroes. The Falcons were intercepting passes all too frequently and were finding Kotal's big boys into making ludicrous mental errors.

Loser Stars For Concordia

Every man in uniform for Stevens Point got into the game for at least a few minutes but when the regulars went back in, the game took on an entirely different hue.

Gus Losser was the main cog in the Concordia team, chalking up thirteen points and at the same time playing a vital role on a defensive game. The entire Falcon five had it all over the Central Staters as far as fight was concerned and if they had been blessed with a little more height, might have taken the Kotalmen for a loss.

Rinka High Scorer

The score at the half was 29 to 17 in favor of the Pointers and when they came back on the floor, they started to click in great style until Coach Kotal started substituting freely so that he could get a look at his new material. The new ruling of only having the jump at the start of each half speeded up the game immensurably and made it much more interesting from the spectator's standpoint. The rule almost forces a coach to keep 10 or 12 good men on his list to relieve each other because the action is so fast that the players tire quickly.

Chet Rinka was the high scorer for the Central Staters with fourteen points on six field goals and two free throws. Don Johnston and Hank Warner played an outstanding defensive game. Losser was the big gun for Concordia with thirteen markers.

Central Staters To Play Dec. 13

Next week Monday, December 13, C. S. T. C. meets its second opponent of the year in Jordan College. Jordan College possesses a good basketball squad built around veterans and two new men who are potential stars. One of these men is very well known to the Point because of his basketball playing. He is Anton Anderson who earned his letter here last year and played guard on the first five. He is left handed and should give the Pointers a lot of trouble.

Novice Boxers Enter Tourney

Boxing Coach Inman Whipple has prepared an interscholl tournament for Dec. 14 to choose the men who will fight it out with last year's champions in a boxing card to be held after the Christmas vacation. The aspiring leatherpushers have been working out daily and are in fine condition.

There is still a dearth of men in the heavier weight divisions and in the 115 pound class and the 135 pound and 145 pound classes have some good men trying out who should put up a stiff fight with last year's veterans.

The title holders this year will be entered in the Wisconsin Rapids Golden Gloves Tournament as part of their collegiate competition if Coach Whipple's present plans mature. He is also arranging cards with other Teachers Colleges and is definitely going to enter the Superior Tournament to be held in May.

Out laurels we shouldn't omit Don Johnston, undoubtedly the greatest ball-handler and guard who has ever played the game for Central State. Chet Rinka only is connected on one of his patented long shots but this one was certainly a beauty....
Home Ecs Have Christmas Party

The Home Economics Club enjoyed their Christmas Party Monday, December 6, in the Dietetics Room. A short business meeting was held and later cards and monopoly was played.

Each member attending brought a Christmas gift which was placed under a miniature Christmas tree. After games had been played the presents were distributed among those present.

A delicious lunch closed a very enjoyable evening.

Plans for the party were in the hands of the Social Committee-Cecilia Wohlfert, chairman, Lucille Gehrke, Ethel Hill, and Mildred Brady.
