Assembly Features
Lecture, Orchestra

Edwin M. Dill, lecturer, will appear today in the morning assembl. The college orchestra, directed by Prof. Peter J. Michelsen, will play a short concert before the appearance of Mr. Dill.

College Theater Play Appears Next Week

The College Theater will show one of the most outstanding plays written in the last 50 years, "The Importance of Being Earnest", by Oscar Wilde on Mar. 17 and 18. It has been proclaimed as the most famous of the modern artificial comedies, revolving gaily and wittily around the most ingenious case of "manufactured" mistaken identity ever put into a play. The chief plot element is that of the invention of a mythical character made by a young man who wishes to put off on someone else his own shortcomings.

The humor is typical of Oscar Wilde, who, in all of his plays, carries his audience with the actors to a satisfied state when all the "difficulties" of the plot are ironed out.

The cast is as follows:
Myron Bopella .... Algernon Moncrieff
John Yurkovich ........ Lane
Ted Meyer ............. John Worthing
Phyllis Glikling ...... Gwendolen Fairfax
Janette Van Natta .... Phoebe Stur呆
Eleanor Ruchti .... Miss Prism
Stanley Zielanski ... Rev. Canon Chausable
John Verrill ........... Merriman

Final tryouts for Submerged will be held today at 3 P. M. in Mr. Jenkins room.

New Field Worker
In C.S.T. Library

Ralph Hagedorn, graduate of Northwestern College at Watertown, is doing field work in Central State Teachers College Library for the month of March. He spent the month of February in the library of the Theological Seminary at Thiensville, Wisconsin. Hagedorn is the only one of this year's student library school in April and will be graduated in June. Miss Edith Neff, who worked in this library during the month of February has gone on to La Crosse Public Library for the month of April. All Wisconsin Library school students do two months of field work in various libraries.

Mens Glee Club Returns From Trip

The Mens Chorus of this college returned last Friday evening from a four day concert tour of seven northern cities. Ten programs were given during the tour. The cities at which the club sang were Antigo, Tomahawk, Cran-don, Rhinelander, Eagle River, Iron River, Stambough, and Phelps.

Home Concert 31st
President Hyer has received several very complimentary letters from the above cities praising Director N. E. Knutzen and the club. A copy of the American containing a very favorable story of the programs presented there was received by Mr. Knutzen.

Full practice is being given to the development of the program for the Home Concert to be held on Wednesday, March 31. Mr. Knutzen plans on taking the entire personnel of the club to Oshkosh on May 3 to participate in the Wisconsin Association of Glee Clubs Concert.

College Has Efficient Photography Club

A l t h o u g h in existence but slightly over two years, the Photo Club has definitely placed itself as one of the most active groups on the campus this season.

The purpose of the group since it was started in 1934 by Clifford Malchow, present Iris Editor, has been to encourage the art of photography among the students in school. Outside speakers or actual photographic work are presented at the meetings and some members can consistently improve in their work and keep up on new methods.

In the actual routine work the members are constantly developing, printing and enlarging their pictures in the fully equipped dark room which is located just off the chemistry laboratories in the basement.

The officers at the present time of this very progressive and worth while club are:
Pres: Bill Miller
Vice Pres: Earl Sherrier
Sec: Ethel Stoltenburg
Treas: Ralph Anderson

Phi Sigs Announce Movie Benefit Week

Phi Sigma Epsilon Fraternity is sponsoring a movie benefit week beginning Sunday, March 14. The pictures scheduled for the week are "Lloyds of London" and "Hol­ley Terror", Sunday and Monday, "She's Dangerous" and "Espionage", Tuesday, "Garden of Allah" and "Nancy Steele Missing", Wed­nesday, Thursday, and Friday, and "Ambassador Bill" and "Stolen Holiday", Saturday. All those who are planning to attend these features are urged to purchase tickets from members of Phi Sig Epsilon.

Colleger Quartet To Present Concert

The college quartet will present a concert at the Montello Methodist Church on Friday evening, March 19. A varied program of secular, humorous, and sacred music will be given.

This group, consisting of Tho­burn Peterson, Kirkwood Likes, Gordon Cowles, and William Cle­ments has been quite active during the school year. Baraboo, White lake, and Green lake are several of the towns at which concerts have been sung.

Mr. Leland M. Burroughs of the college faculty will make the trip with the quartet. He will present two groups of his well-known original readings.

Advertising Essay Contest Sponsored

An all expense trip to New York City, plus a total of $1,000 in cash prizes, is being offered to students in a prize competition for essays on "How Advertising Benefits the Consumer", by Advertising Age, the National News­paper of Advertising. The contest is being sponsored to induce college men and women to give more intelligent and careful thought to the functions and value of advertising in the social and economic life of the nation. Special emphasis is to be placed upon personal experience as to the merits of advertising in judging the submitted essays. They are limited to 1,000 words and must be mailed to Contest Secretary, Ad­vertising Age, 100 E. Ohio Street, Chicago, before midnight, May 1, 1937.

Senator Presents Bill For New Gymnasium

The faculty and students of Central State were highly surprised and pleased last Monday to hear that Senator Herman J. Se­verin had just introduced a bill, No. 143-8, asking for a "Nonlaps­able appropriation of $150,000 for a new gymnasium at Stevens Point Teachers College." This is something in which the whole school ought to be greatly interested, for its passage would cer­tainly mean much to Central State.

Bands Answer Invitation To 4th Music Festival

George Cartmill, who is in charge of the fourth annual mu­sic festival to be held at the college on Friday April 23rd, reports that several bands have already registered their desire to particip­ate. Letters have been sent out to many high schools and it is expected that the affair will be highly successful. More than 30 orchestras and bands have taken part yearly in previous festivals.

In judging the presentations there will be no division or place­ment of the organizations. Each band will play three numbers of its own choice. Their rendition will be criticized by a competent judge and the sealed criticisms will be given the directors.

It is expected that this year's festival will be the biggest ever. Recognition of the other festivals has spread throughout the state and gained much favor.

Prof. Peter J. Michelsen has just accepted invitations to assist in judging the Illinois State Tournament and the Iowa State Tournament, both of which will be held in May. A recognized au­thority in all phases of band work, Mr. Michelsen has often participated as judge. This will be the eleventh year he has judg­ed for the state of Illinois.

Debate Squad Finishes Season

The C. S. T. C. squad returned from St. Paul, Minn. last Thurs­day after having taken part in the Annual Midwest Debate tour­nament which was held there March 1, 2, and 3.

All of the Stevens Point teams were eliminated at the end of the
Burying The Booster Game

The total net proceeds from last week's game were $11, about enough to buy a new watch. Perhaps it would be better to buy eleven dollars worth of peanuts and treat the team. They would at least share in the reward then.

There was just a handful of townspeople at the Booster game Saturday. Even those who can be regularly depended upon to turn out to see Central State's teams in action were not there. Perhaps it is principally because the Points had already clinched the championship!

This is a hard thing to say, but it would be better if we were to have some mediocre teams for a few years. The students could then come to a game prepared to encourage their men by a cheer. They all showed their appreciation of commendation. J. F. Luther, Principal.

The five students of the Central Wisconsin Sports Association made sure that the enrollment of the club was an eight member one. It was a wonderful piece of work last year.

The local tour consisted of a one-day two-game series on March 25. This was followed by a one-day open house at Alvin Bucholz.

Saluting The Singers

The Mens Glee Club turned in a wonderful piece of work last week in its annual tour. The organization was warmly received in all the cities where it stopped, and several return engagements have already been confirmed.

Professor Norman E. Knutzen organized the club in the fall of 1933. By the end of the year, the membership had reached 26. The tour consisted of a one-day two-concert trip.

The next year, the enrollment reached 40 and there was a three day trip to Fon du Lac. In '35-'36 there was an eight day tour made by 30 men. The enrollment of the club was 69.

Toward the end of last year, the club became one of the charter members of the Wisconsin Chapter of the Associated Glee Clubs of America.

This year the club has about 60 members again, and already two long trips have been completed. Mr. Knutzen, by his untiring efforts, has built up an admirable reputation for the college in this field. As in athletics and in band, Central State is rising to the top in the production of glee clubs.

Here is one of the letters that President Hyer received lately from one of the clubs on their recent tour. It comes from Mr. J. F. Luther, principal of the Antigo High School.

Dear Mr. Luther:

In behalf of our high school and many of our town's people who heard the concerts given yesterday by your college glee club, I feel obliged to write you a letter of appreciation. I believe that you and your students are to be congratulated on having such a fine delegation representing your school. These two concerts were exceptionally well sung and received good Press Million.

Mr. Knutzen has done an unusually fine piece of work with these boys and so I believe we are very deligent that this high type of work that these boys are doing.

Our faculty and students were so thrilled that I am sure their return engagement next year will be very much desired.

I am writing you this with the best wishes of much credit and a high type of work that these boys are doing.

Yours truly,

J. F. Luther, Principal, Antigo-Junior High School

Medical Service Functioning Well

The medical service offered to college students this year resulted in the highest mark in the history of the school. Not only has it acted as a check upon colds and lesser ailments, but it has also provided the first effective check upon the spread of such contagious diseases as scarlet fever. Although several cases have occurred among students of the college, this disease has not spread among the general student body, due largely to the effective efforts of Dr. Marrs and Miss Mary Neuberger, school nurse, in controlling the cases which were discovered.

Take Advantage Of Service

During last month over 131 calls at the school office of the service resulted in treatment by the nurse or the doctor. Personal calls were made at over 35 homes where college students needed medical attention and in addition to the above mentioned cases, the school service has treated sicknesses occurring in the traveling schools, during the Glee Festival, in Nelson Hall. The result of the work in all divisions of the school has shown its success in coping with any sicknesses or injuries which have been reported.

Dr. Marrs urges all students to take advantage of the service which is offered. It was established to handle all cases concerning college students but unless cases of sickness are reported, the office can take no action. When the service was inaugurated this fall, President Hyer advised all people to make as much use of it as possible. The service has handled, on the average, from 12 to 15 cases a day and the record maintained has been a splendid one. The doctors and staff of the health service and the school administration have asked that the students call their attention to their own health or to the health of their friends in the school, as it appears. Dr. Marrs emphasizes the importance of the students' actions in making the service successful in handling the medical problems of the school. The hearty cooperation of the student body is requested.

ON THE AIR

The scheduled radio meeting was held at 9 p.m. on Friday afternoon. A general discussion of the problems of the radio staff was carried on and an organized meeting was planned for Tuesday, March 9.

There are still many vacancies on the radio staff, particularly in the positions of script and continuity writers. Any student who would like to write scripts for the programs are urged to try for these positions.

Students are also urged to participate in the various reporter questionnaire programs presented every Tuesday. It's your big chance to be on the radio-see your opportunity!

Anyone who has questions which could be asked on these programs may put them in the Pointer Office mail box.

If you are interested in the Radio staff, watch the main bulletin board for notices of meetings.

Debate . . .

(Continued from page 1, col. 4)

sixth round. The squad won nine debates in all during those first six rounds. All teams which lost one debate during these first six rounds were eliminated and that accounted for the high fatality and the fact that there were only 12 out of 72 men's teams entered which survived these rounds.

There were 108 teams in all entering the tournament and of these 72 were men's teams and 36 were girls' teams. The men's section of the tournament was held at St. Thomas college, and the girls' debated at St. Catherine's College.

Those who made the trip were Phyllis Gibling and Shirley Webster, Doris George and Kathryn Becker, Bob Hoffman and Benn Laschewitsch and George Hyer and Jim Murat. The squad was accompanied by College M. Burrowes and Miss Susan B. Coleman of the faculty.

The final debate, which will be broadcast by WIBW Thursday at 2:30, will be between the teams of the Chestnut Hill and Shirley Webster and will be heard by the Rotary Club last Monday, was postponed, but will be given some time within the near future.
Society News

Bloc Meets Tonight
The Bloc club will meet at the home of Clifford Malehow at 426 Center Street tonight and the discussion, which will be led by guest speaker C. C. Evans of the faculty, will center around the topic of eugenics. At the last meeting of Bloc, which was held at the home of James L. Ayers at 712 N. Division Street, Professor Warren Jenkins led an interesting discussion on the proposed Supreme Court change.

Sigma Tau Delta Meets
Sigma Tau Delta, English fraternity, met Wednesday evening, at the home of Miss Mary Hanna, 1088 Main Street. The committee in charge was Mr. Smith, Marie Patterson, and Eva Rae Guerin.

The general topic discussed was Modern Drama, and the following program was presented: Talk on Drama, Miss Mildred Davis; "Of Thee I Sing" and "Pinafore", Jean Redemann; and presentation of "Of Thee I Sing".

Final Tryout Today
Final tryouts of "Submerged" will be held today at 3 o'clock. Two parts as yet have to be filled. All boys are urged to try out for these parts; several technical positions also remain open.

Young Progressives MeetTonight
A meeting of the Young Progressives will be held at the home of Edward Lightbody tonight at 8:00. All members are urged to attend as there will be a very important discussion about future policies. Entertainment will be provided for members and their friends after the business meeting.

Faithful Team Supporters
The Misses Gladys Malinovsky, Mary Luisey, and Ruth Xiao journeyed to Oshkosh last Friday afternoon to see the Oshkosh Point basketball game. They stayed overnight with friends and returned home late Saturday afternoon. Although the game was a disappointment, the girls reported a lovely time.

Members Admitted To Pep Club
Ruth Smith, Grace Morgan, Geraldine Pagenkoff, and Zorka Malesevich were elected to membership in the newly organized Pep Club at a meeting held last Thursday evening in the Girls' Recreation Room. The full quota of thirty members is now reached, but girls interested in joining are asked to sign the waiting list which new members will be selected whenever a vacancy arises.

Plans for the remainder of the year were discussed as well as arrangements for the game with Stout Saturday night.

Nelson Hall Notes
By NELLIE OF NELSON HALL
Miss Margery Hovie spent the weekend at Nelson Hall. Miss Hovie was the guest of Miss Marie Gigstad.

Several of the dormites have attended rushing parties the past week. By the way, what happens when room-mates pledge rival sororities? How about it, Evelyn and Katherine?

Miss Edna Earle started customers of the College Eat Shop when she inquired "What does a man do in a day?" But, it wasn't as exciting as one might think, being merely a diet problem for a Home Ec. class.

Miss Richardson drove to Madison Saturday, returning Sunday evening.

George N. Hyer and Nelson Hall may claim to be namesakes of the same godfather.

A new caller at the dormitory is Leonard Olsen. All in all, though, Sam and Ben still have the championship. They spend more time at the Hall than any other collegian; Ted Menzel, excepted.

Central Staters Split In Weekend Tilts

Show Let-Down In Oshkosh Trip

Booster Game An Easy Victory For The Pointers

With their third straight southern division championship already cinched, Coach Eddie Kotia's Central State Teachers College cagers showed a reversal of form Friday night and bowed to Bob Kolf's Oshkosh Teachers 31-21 in their final conference game of the season at Oshkosh.

Pointers Thrut At Half

The Oshkosh five enjoyed an "on" night while the Pointers were held to a measly six field goals and furthermore were off on their gift shots, missing 16 out of 25. Lautenschlager, center, scored 13 points and Winkler, guard, made five baskets and a free throw for 11 points.

At the half the score stood at 16-9 with the Pointers on the short end. Nimz, Rinka, Warner, and Johnston scored all of the Pointers markers in first half while Anderson made a field goal during the second period to enter this select group.

Johnston High

In the booster game, Saturday night, the Pointers easily romped over the Stout cagers by the score of 62 to 35. The outcome of the game was entirely in the hands of the Kotalmen and at no time was the game even close.

Johnston had another field day scoring six field goals and five free throws for a total of seven points. Nimz followed with sixteen points while high point man for Stout was Rund with five field goals and two free throws for twelve points.

The box score of the final conference tilt this season:

Chi Delts Trip Hawkeyes, 31-30

The Chi Delt entry in the intramural league won the championship game, Monday afternoon, 31 to 30 victory over the Hawkeyes. The game was exceedingly rough and the officials found it hard to keep the contest under control. With less than nine seconds left, Menzel was awarded two gift shots. He made both of these and then when the ball was passed in after the second free throw, Menzel intercepted it and dropped in a basket to place the Chi Delts on top. A protest was made over some technicality of the above mentioned basket and the final four and a half seconds of the game were not played. However, the tilt will be counted as the championship affair although according to the time, the entire game was not played. The box score of the game:

Scoring Honors Held By Nimz

Fred Nimz, Point's high scoring center, finished the season with 150 points against Stout Institute last Saturday to send his total to 174 and give him a commanding lead over Don Johnston. Nimz led all departments of play, including the personal fouls, while averaging slightly over 10 points per game.

Why Engine Should Be Called "She"

The following amusing letter from a "Japanese Lady" appears in the Shipping Register of San Francisco:

"Sometimes ago you publish in your "soluble" paragraph an amusing ship- ping steamer. I have thought to write you about female engines on train. You know why? Yes, they call her for many reasons.

"They wear jacket with yokes, pair, hangars, straps, shields, and stays. They have apron, also lap. They have not only shoes, but have pumps. Also lose and drag train (passenger and freight) behind; behind all time. They attract men with puff's and mufflers and when draft too strong petticoats goes up. This also attract. Sometimes they foam and refuse to work, when they should be switched. They need guiding—it always require manager. They require a man to feed them. When abuse are given, they quickly make a scrap. They are steadier when coupled up, but my cousin say they terrible expense. Is not enough reason?"

Tips On Tomes - - - From the Students

Stevens Point, Wis., March 8, 1937

Dear Editor,

The letter appearing in the last edition of the Pointer under the column "Opinion" and signed by a number of college students deserves a little attention. The charges and assumptions I mention the following discussion which I sincerely wish to propose. To the "Signers" of the above-mentioned letter:

I should like, first of all, to impart some information that you seem to be lacking in respect to several questions which you have taken issue. I refer to the question of "proper authorities," and to your proposal of a "lock on the said case." The former is a "dead issue" settled long before your opinion conceived its existence. The latter had been "patented" before you decided to "invent" it. There is no issue here.

Then you proceed to elaborate upon your security from "legal action." This deserves but one comment and that is: A. Capone, too, thought he was secure. Your discussion of the Young Progressive Club which follows the above "elaboration," is evidence of your ability to overlook matters of importance. I advise you to re-read the list of signers and officers, and think, to being held a sieve instead of a basin without holes.

The last paragraph of your letter contains the statement that "it appears that through some have alas cast themselves to be guardians of this institution and license to continue as such," Who are the some? Can they be those who signed the letter if so, what qualifications and rights have they to assume this position? If not, to whom do the "signers" refer, and what qualifications do they harbor? These questions deserve answers. These "guardians" have a little known publically by that name. This paper should be their means of communication in stating the answers to the above questions. Will they answer? Their honor demands it! It is expected.

Sincerely,

Benjamin Kordus

ANOTHER COMMENT TO THE POINTER

To the Pointer

Please publish this letter in the next edition of the Pointer as an essential part of your opinion. I wish to take this opportunity to thank you for your kind consideration of my last article, and for this space.

Defense of Political Activity for Students

Wake up young Americans! Listen and read what we are telling you. The younger generation of Americans must take more interest in their government and current affairs if they are to continue to rule themselves in the future. It cannot expect to take care of yourselves if you take no interest in your affairs. That is why we are trying to bring to your attention the things we post. These things are of vital interest to all Americans, strikes, politics, newspapers, of many kinds, and general news of interest to all.

We do not see the younger people interested in some form of activity which will serve to enlighten us on some subjects of general vital importance. For instance, the issue before us now, the court question. Too long has young America shown a lack of interest in such affairs. Even though we cannot all vote or exercise our citizenship rights because of age, we can learn and take interest in them as they come to us we will be prepared to take part in our government. We cannot all be politicians nor do we wish to, but that should not stop our interests.

Our group has caused much comment of late by its articles in this column what we want. Some have opposed us and some have praised us, while some have no interest. This is the group that should interest themselves in present day affairs which affect the lives of all of us. There are many who will not agree with us, but just the same we believe that it is our right to express our opinions in any way we please.

A new bulletin board is to be erected soon, and this will be expressly for our use to do with as we please so we do not conflict with the administration. On this bulletin board you are to post anything that you wish to. There will be articles of interest posted for all to read, and if anyone does not agree with the content of the board as posted, I personally ask that you come to me and not post it. We have slept too long! We will not sleep again, nor shall we permit the student body to assume that "what's the use?" or "why are you so interested in this or that", because we are going to try to get everyone interested in his or her government. Later I will have more to say about the aims of our group, and meantime I invite discussion from all sides.

EDWARD LIGHTBODY

The following letter was received Tuesday from an interested Pointer reader. He comments on the discussion that is being carried on in the Pointer's columns, and has this to say in his own opinion to make. Both parties could profit by it. (Editors Note.)

Dear Sir:

I noticed that some of your students express the opinion that you in the other columns are not fair, and these are very instructive and informative. I get it from the opinion expressed in one of the letters the other day that there is a political group in the school, and from a later article that there is a group which opposes them. My reason for writing is to comment on these letters, and to give my own opinion about each. For this I hope you will not take me to task too much, for once I held the same kind of a position that you now hold, and I fully appreciate your position. Also if you wish I would like you to publish this letter as the students up there might appreciate it, that they are drawing the attention of outsiders to their school. That is as it should be, and I hope that they continue on their course.

The first letter seemed to indicate that some material had been moved from the bulletin board, and the author wrote as though he did not approve of the act. I believe that he is in the right in protesting against such actions on the part of students, and that he is right in using the similes which he used to depict the objects. The letter has been signed by several members of the group and this too augurs well for the institution as it shows that students do take interest in public affairs.

Again I believe that there was someone who did not approve of all that was said, but I was indeed surprised to find out that the person who we are all agreed in personal, and that he did not have the common decency to make a direct contribution to the argument, but rather indulged in generalities.

I should like to have your paper from time to time as I am interested in all student affairs. In the future I hope to see more opinions from the students, and I hope that they will be constructive. Many thanks to you, and if.

(Signed)

William H. Winthrop

"Economy has taught me one lesson. By denying myself of tobacco, movies, ice cream and a few other luxuries for last 10 years I accumulated $1,064.33." That's great. What are you going to do with the money?

"I won't have to decide that question the bank failed."

March 11, 1937
While on the recent band tour, this writer had occasion to talk with quite a few people in the towns that were visited. He was surprised at the opinion that many had of the high school at Central State Teachers College. It seems that many of them still consider it the school of elementary education. It is hard to know just where to begin to change this impression. First of all, perhaps the name of the school itself can be mentioned. This is a college name. The school has changed its name over several years ago. The real difference that exists between the college and the normal school is that the college grants a degree.

Central State, like the other teachers colleges, no longer has any one year courses. They are all two, three, or four year courses. Four year graduates are granted degrees. The high school course is of four years duration, and each of the other courses, while they vary in length, may also be taken for four years, each then ending with the granting of a degree.

The high school department has always had the largest individual enrollment. Last year, for example, the average of students in this department was 31%. The percentages for the succeeding years were 37%, 43%, 69%, 57%, and last year, 1983-84, the percentage of 69%. Exact figures for this year cannot be determined until the end, but the amount is already well over 60%.

Preparatory Curriculum

In this connection it may be seen the real reason why Central State is performing such an important mission to the students who attend the college. A study of the curriculum offered for this high school department will reveal that nearly all of the courses, excepting those in education, are the same as those which are generally taken as pre-collegiate or pre-medical or pre-legal work. The first and second years in particular are most closely parallel to the university courses as offered in preparation for their graduate schools. Consequently, many persons have taken advantage of the opportunity that can be afforded by attending this school for several years before transferring to the university. Another advantage is that the transition from high school life to college and university life is not so abrupt when one attends college.

This has brought up another subject which has been mentioned frequently before but which has never been very clearly defined. It is the matter of transferring credits. As the situation stands at present, there is a working agreement with the university by which all graduates from Central State are admitted to the graduate school on the same basis as students who graduated from the university itself. With regard to undergraduate, no definite agreement has been made. But the University has never yet failed to accept an undergraduate's credits if the course were chosen properly and carried through with a fair degree of success. There is no reason to believe that this practice will change. So while there is no definite arrangement with the University with regard to the transferance of undergraduate credits, past experience would indicate that there is no need at all for any hesitation based on that fear.

Athletic Champions

The real growth of Central State began some years back with the coming of President Hyer. He brought in to the curriculum changes which have tended to make this school more desirable. But the most important and perhaps equally important is the way he has brought up the standard of the extra-curricular activities. It cannot be denied that these draw many students to Central State. Consider first the quality of our athletics. Championships have become almost proverbial with Coach Kotal. This school certainly has attraction for aspiring athletes.

Top in Music

Consider next the high quality of our musical organizations. The band completed a highly successful tour under the direction of Peter J. Michalik. Just last week the Mens Glee Club, led by Norman E. Knutzen, returned from a long trip. There, too, are the numerous other musical courses and groups, all of which are highly attractive to aspiring musicians. Central State has become known for the work of its musical efforts. Consider also our debate teams, which are handled by Leland M. Burroughs. They meet and defeat many teams from the strongest schools in the Middle West.

The real advantage, however, because of their high level, draw students to Central State. President Hyer deserves a maximum of credit for this advance. May he continue to make Central State grow and improve.

Greek Activities

An informal rushing party was held at the Phi Sigma Epsilon fraternity house on Sunday evening March 7. Carpet rolls and improvised entertainment was enjoyed during the evening. Ping pong was played in the recreation room.

For the party a special business meeting of Phi Sigma Epsilon was held.

Indian McGee

A four o'clock tea given by Tan Gamma Beta sorority Saturday afternoon at the home of Laura Jane Rose, 1013 Wisconsin Street. Spring colors were predominant with yellow daffodils and tall yellow tapers. Mrs. Frank N. Spindler, the first patroness, and Mrs. Edward L. Kotal, present patron of the sorority, poured. There were fourteen and perhaps equal to the tea. Jean Maier and Lois Richards were the alumnae present.

Greek Organizations Announce Pledges

Pledging began in all of its horror on Tuesday night, March 9. The boys are carrying their paddles; the girls are busy making beds and running errands. The actives reign supreme as Misses and Sirs. A pledge's life is a hard one, but all agree that it is more fun than any other part of their college career. The sororities and fraternities announce the following pledges to their crowds:

Omega Mu Chi: Betty Wolf, Margie Rogers, Mary Hoppen, Evelyn Schwingel, Peggy Glennon, Grace Melchior, Dorothy Dernbach, Maryan Lutsey, Florence Quast, Eleanor Ruthcli, Loraine Duescher.

Tan Gamma Beta: Iris Forbes, Betty Richards, Mavis Preville, Anna Mainland, Jeannette Piefer, Claire Williams, Katherine Jo Hone, Brohne Breeden, Gene Warzenika, Marquerite Benn, Gladys Grev, Ruth Behnke, Jane Johnson.
