A Pointer’er To...

This column, which is to be published at least once, is to contain choice tidbits that are not quite suitable for news stories, editorials, society items, or sports hash. If you want it continued, or if you don’t, please forward your communications to the Pointer office. Then too if you have any contributions, we’ll be glad to use them, that is, of course, if they pass the board of inspectors.

So... here’s an item that we think should top the list. Did you know that there’s a gal in school who’s been here for four years and hasn’t had a date with “anybody else” during that period? Unbelievable but true. He’s attending school elsewhere and doesn’t seem to get around often. Several of the boys have tried to break the resolution but thus far have failed. Maybe, however, before he graduates he will have more power to her. Gosh, we hope we’ll never fall into the same rut as Len Olson finds himself. Jane’s in the hospital and Oye doesn’t seem to around here too much. In conclusion, what did you think of the class elections?

By the way, don’t think that Zip and Jerry, the Bad, have identical program schedules. Jerry just walks to each class with her so that she won’t forget where each one meets. Looked odd the other day though when the two of them walked into the chemistry lab for Zip’s class up on the third floor. And in conclusion, what did you think of class elections?

Dancing Class

Loyola Club met Thursday evening, November 4th. Plans were made for a social meeting November 18th. This will be in the nature of a Thanksgiving party. One hundred seventy students and their friends will receive invitations this week. Watch for yours!

College Concert Band Plans Annual Tour

Plans for the annual tour of the C.S.T.C. Concert Band are nearing completion. The itinerary will take in towns in the Eastern part of the state.

Election for assistant directors of the Band was held last week. Ralph Abrahamson was elected first assistant director and Gerald Eyler was elected second assistant director.

Other officers of the band are President, George Cartmill; vice-president, Kenneth Storand; secretary-treasurer, Gerald Eyler; sponsor, Dorothy Richards.

The Big Apple!

The Big Apple! The dance that pops up any party. Wherever college students gather. The Big Apple puts in its appearance. And its fun!

The dance is said to have started last spring by a group of South Carolina college boys, who copied it from negroes in a night club called “The Big Apple.” Since then it has swept the eastern and southern campus, and, has now made its way up into the middle-west.

The dancers form a circle and begin with foot-tapping and hand-clapping. The call of a caller directs them into almost any steps he can think of, which are a combination of “Truckin’” and the old-time square dances, most of the steps are done in unison by all the dancers in the circle, but the caller may ask individuals to dance alone when they go to the center of the circle and do an original step.

The “Big Apple” is ideal for a school party, formal or informal, because any number of people may participate.

Prognosticators Slipping Rapidly

After skipping one week of predicting winners we will again try our luck for the games this week. We slipped a few percentage points two weeks ago but will try to pick those up this week.

College Bakers Enter Tourney

Inman Whipple, Point's boxing coach, entered six of his men in the novice division of the Diamond Belt tournament held last Thursday in local arenas by the auxiliaries of the American Legion. Three of the men won titles and one other fighter received second place. Dan Young of Barron County consistently beat Mike Sun of Marshfield for the lightweight championship, Lewis Droblick of Gleason got the nod over Bob Baker of Eagle River in the 145 pound class in his first fight, Walter Bretzke of Stevens Point won by default from C. V. Cosser of Rossville in the 150 pound class. Bill Miller of Stevens Point lost on a technical knockout to Bob Larson of Stevens Point in the 145 pound division and Larson lost to Droblick in the finals. The only loss was the first that Larson, who was a champion in high school, has ever sustained. He weighed 141 pounds to Droblick's 150 pounds. Since there was no one entered in the amateur division of the lightweight-heavyweight class, Young, who fought as a novice, will go to Milwaukee November 13, to meet the champions from St. Norberts College and the Milwaukee sectional champs. The winners of these bouts will then go to Boston to meet an eastern team.

Kotalmen Defeat Oshkosh, 19-7

The Central State gridders won their first football game of the season last week by a 19-7 score. They defeated Oshkosh in a night game played in severe cold. The Pointer's offense clicked for the first time this season and their defense was also strong. The Oshkosh team never threatened the Pointer goal and their lone score came early in the 3rd quarter on a 73 yard run by Bill Cooper. The second ended his undergraduate days by walking on his heels; and third was so punch-drunk from too much football that he was unable to see any way out except playing more football, either as a professional or as an assistant coach.

Football Makes Stumble Bums

New York, Sept. 30—Football makes added-brained stumble-backs of its players. That is the indictment leveled today against the nation's leading amateur sport by Frank Seuly, noted author, who attributes his invalidism to the drugging he took in school competitions.

Reporting the results of a survey he made of the leading players of twenty years ago, Seuly declares in the current Liberty magazine that any of those who weren't killed in the World War either died from tuberculosis or are now added-brained dummies.

"After careful study I have come to the conclusion that you don't have to be a half-wit to be a half-back, but if you are a half-back long enough, you will be," he writes.

Seuly relates a meeting with Charlie Barrett, former All-American quarter-back at Cornell and captain of the 1916 unbeaten team. Barrett was in the last stages of tuberculous disease and there was little hope for recovery.

"He told me," says Seuly, "that six members of that championship 1916 squad have also broken down with the disease, and his confession was the greatest mass indictment of varsity football I had run into up to that time.

"But, says the writer, their fate was less pitiful than others whose brains could not stand the constant vicious jar of football. He relates the experience of one Coast champion team: 'Of the three stars in the backfield, all named on One-All-American team or another, subsequently one broke his neck in his last season and there was every indication of his chance of becoming a complete stumble-back; the second ended his undergraduate days by walking on his heels; and third was so punch-drunk from too much football that he was unable to see any way out except playing more football, either as a professional or as an assistant coach."

Point Gridders Close Season

DeKalb Teachers College of DeKalb, Illinois, will furnish the opposition for Coach Kotal's gridders tomorrow at DeKalb in the final game of the season for the Purple and Gold. The DeKalb team is one of the strongest in the Illinois Conference with Chester Davis, colored halfback, standing out as the individual star around which the attack is built. Davis is the boy who wrecked the Central Staters last year and is even better this fall.

Whitewater held the DeKalb team to a scoreless tie in the early part of the season and later went on to defeat the Pointers, which shows the comparative strength of the southern gridders.

Ray Weingartner, Gib Tophal, Edward Ochschlager, Jim McGuire and Ed MeAllen will be playing their last game for the Central Staters. McGuire has one more season to play, which is expected to graduate in the spring. All of these men are running for a victory to close their college career in a blaze of glory after a disastrous season.

Jim McGuire was bounched from the Oshkosh game last week for the first time in his college career. . . . He has kept good rein on his proverbial Irish temper until the end when the Titans... Jim Dueurker will be out for six weeks with his broken ankle. ... Which means he will be late in starting basketball practice... He is a guard... Chester Davis, the colored flash from DeKalb, will be behind the eight ball when the Pointers play them. If the Central Staters can handle the City... He almost single handedly defeated the Purple and Gold last year... The six men who will play their last game for Central State Fri... are planning on giving Coach Kotal a victory as a goodbye... McGuire may return to school next fall... He has one more year of eligibility... It was so cold the night of the Oshkosh game that Charlie Kohs couldn't unbuckle his shoes when he got the game... Bill Loweweke played the entire sixty minutes against the Titans... He started at guard and was later shifted to tackle.

Mention "The Pointer"

The Pointer is a weekly student newspaper at the University of Wisconsin. It is published every Friday during the school year.
Benefit Movie To Be Given Thursday

The movie, “Abraham Lincoln” will be presented Thursday, November 18, at eight o’clock in the college auditorium. The showing is for the benefit of the Visual Education Fund and the purpose is to decide on a possible purchase of sound equipment for the college.

Student Interest Needed

The DeVry Co., the largest manufacturers of motion picture equipment in the United States, will have a regular sound projector and demonstrator here to demonstrate the highest type of 16 mm. sound equipment.

If the student body shows an interest and if the demonstration is satisfactory, the sound equipment will be bought for use in connection with class work and auditorium programs.

# Outstanding Movie

The movie which is to be shown is one of the most outstanding movies of the past few years and has just been released on 16 mm. film. This is the first showing in Wisconsin.

If this equipment, which is being used in many high schools throughout the United States, is purchased, C.S.T.C. will be the first teachers college in the state to install such equipment.

Allez Speaks Of Armistice Day

Thursday, November 4, Mr. Allez spoke to the Plover Women’s club on “The Significance of Armistice Day.”

In his talk, Mr. Allez stressed the fact that Italy, Germany, and Japan have followed a plan of aggression which has been outlawed. He feels that they have found that they cannot get away with anything they attempt in the line of aggression without punishment from any of the Major Nations of the World.

On the other side, he spoke of the mellowing effects which the years have had upon the horrors of the World War. He believes that even the very men who fought in the war are likely to forget in the face of propaganda which has been released. The same forces which were at work in 1914, he feels, are working to arouse public sympathies and hatred today.

He thinks the world should not take the aggression of the offending nations lying down; however, he feels on the other hand, we should not let propaganda cloud our views to the extent that we cannot see plainly both sides of the question of aggression.

**Freshmen Break Into Limelight**

This is American Education week. Worthy use of leisure time is one of the cardinal principles of education, as Juniors who have taken Miss Colman’s Education course can inform you. How do freshmen spend their leisure time? A Pointer reporter resolved to observe National Education week by finding information on this vital subject. Freshmen have not been featured as much in the news as their upper class brethren. It was impossible to trail all freshmen, but the activities of some prominent freshmen have at length been brought to light.

**They’re Going Places**

Miss Nancy Steiner, daughter of our Dean of Men, is busy as assistant director of College Theater’s coming production, R. U. R.

Bill Miller, Margaret Davies, and Eileen Rose, will appear behind the footlights opening night, December 3. A present all their leisure time belongs to Phil Runkel, director of this production.

Then, too, there are those interested in track where who will presently be around to sell all Pointer readers tickets—the business staff. Margaret Becher and Bill Miller represent the Freshmen here.

Eileen Rose devotes some time at work on the Make-up Staff under the leadership of Miss Ethyl McDonald.

The Pointer reporter concludes that the class of 1941 is up and doing.

**Progressives Meet**

The Young Progressive Club held their regular bi-monthly meeting at the college Tuesday, November 2nd. Mr. Kostuck, a member of the Wisconsin State Assembly from this district, gave a report of the “special session” which took place this fall. He talked on several “must bills” and answered questions after the talk.

At the regular fall election meeting the following officers were elected for the ensuing year: E. Lightbody, president; Earl Siebert, vice president; Ben Kordus, secretary and treasurer.

The next meeting of the group will be held on Wednesday, November 17, and a speaker will be invited to talk on the American Courts and the Black Case. All students are invited. The place of the meeting will be announced later.

**Band Praised For Quality Of Work**

Members of Central State Teacher College concert Band are receiving state-wide recognition and praise for the fine quality of work they are doing. Band directors from all sections of the state who attended the State Teachers’ Convention in Milwaukee complimented Professor Michelson on the fine weekly broadcasts.

On December 3, several band members will go to West Salem to demonstrate their instruments for music supervisors of that district. The instruments represented will be the clarinet, oboe, bassoon, flute and French horn.

**Officers Elected By Girls Glee Club**

The officers elected for the Glee Club are as follows: President—Margaret Torkelson; Vice-President—Lucille Bleck; Secretary-Treasurer—Jean Dopp; Reporter—Eleanor Theisen; Assistant Director—Alice Bentz. Miss Michelson has given twenty-five members from the Glee Club for advanced practice on Thursday mornings at eleven. Tryouts were held for assistant director. Margaret Torkelson and Alice Bentz were chosen to assist Miss Michelson in directing the Glee Club for this year.

**W. A. A. Notes**

A W. A. A. meeting was held Wednesday evening, October 27th, at which plans for taking in new members were discussed.

Girls! Don’t forget to sign your name on the bulletin board in the game room before going out for the various sports. You will have to have a certain number of W. A. A. credits to join and the only way the Sports Heads will know whether you are out or not is by your name on the slip on the bulletin. You may also get credit for minor sports or activities such as bicycling, roller-skating, swimming, and later on ice-skating and skating by signing your name, the activity in which you are engaged, and the number of hours on a slip of paper and put it in that little box by the side of the bulletin board.

At the last W. A. A. meeting, plans for taking in new members were discussed. It was decided that those persons who have participated in one or two major sports and some minor sports will be eligible to be on probation for membership. This trial membership system was thought to be the best opportunity for the members to become acquainted with the duties of a W. A. A. member and also a good opportunity for the active members to judge who might be willing to cooperate and do something for the association. These new people will be asked to a dinner sponsored by the W. A. A., at which Marguerite Schwartz of Madison will speak on the American Federation of College Women.
