Initiation Services Close Greek Pledging Period

Pan-Hellenic Dance Follows Initiation

The semi-annual Pan-Hellenic formal dance in the Training school gymnasium on Saturday evening, March 19, topped off the second semester pledging period of the Greek social organizations, and gave the new members of the fraternities and sororities a chance to get used to being themselves again in the presence of the older actives. A good sized crowd of Greeks and their invited guests attended the dance. Norman Hinkley and his Castilians played.

Preceding the dance Saturday evening formal initiation ceremonies and banquets were held by the organizations.

Tau Gamma Beta

Tau Gamma Beta Sorority held candlelight initiation services and its formal dinner in a private dining room of Hotel Whiting. Ethel McDonald conducted the ceremony and presided at the dinner.

After the dinner, talks were given by the patronesses Mrs. E.

T. Smith, Mrs. F. N. Spindler, and Mrs. E. L. Kotal.

The sorority colors, old rose and blue predominated in the centerpiece of spring flowers.

Each of the new members was presented with an American Beauty rose according to a tradition of the sorority. The new members are: Eileen Rose of Stevens Point, Mildred Guyant of Almond, Mary Ann Gleeson of Green Bay, Carmelita Wirkus of Edgar, and LaRae Winch of Marshfield.

Omega Mu Chi

The new members of Omega Mu Chi sorority were initiated at a candlelight ceremony, presided over by Jean Redemann, in a private room at Hotel Whiting.

Nixon Speaks To Rural Life

Dr. Nixon spoke to the Rural Life Club on his experiences at the Chillicothe Reformatory on Monday night. Dr. Nixon was affiliated with this institution about three years before coming to C. S. T. C. He was Director of Education at the federal reformatory.

Community singing was led by Louis Hame.

A vocal duet by Lila Wilkins and La Rae Winch.

Reading by Vivian Radke.

Tap dance by Dorothy Cook.

Michelsen Attends Bandmasters' Meeting

Prof. Peter J. Michelsen left Monday to attend the annual meeting of the American Bandmasters' Association at Champaign, Illinois.

This organization, though it is American, includes the leading bandmasters of the world. Its members are chosen by very rigid examination and requirement, thus limiting its membership to bandmasters who are the best in the profession. Besides our Mr. Michelsen the Association includes such famous names as Edwin Frank Goldman who directs the famous Goldman Band on the Mall in New York during the summer, Frank Sim of the "Armco" Band, Herbert Clarke, the famous cornetist who has written many solos for brass instruments and composed some of the nation's leading marches, A. A. Harding of the U. of Illinois and Ray Dvorak of the U. of Wisconsin. The late John Phillip Sousa was honorary life president of the Association.

Assembly To Feature Display Of Gyroscopes

A program featuring an exhibit of gyroscopes or tops by C. E. Jones will be presented at an assembly entertainment Monday morning at 10 o'clock. The apparatus with which Mr. Jones shows the principles of the gyroscopes is some of the most elaborate and expensive now on display. The demonstration and lecture is bound to meet the whole hearted approval of the student body.

Amateurs Star In Speech Class Plays

Wednesday, March twenty-third Prof. Leland M. Burroughs' speech class presented two one act plays at an evening assembly.

The first "The Valiant" portrayed a scene in a Connecticut prison. James Duecker played the part of the convict in realistic fashion. Lois Peden starred as Josephine Paris. Jerry Krembs made an excellent warden, while Kenneth Thompson was a credit to the church as Father Daley.

"Helena's Husband", a Greek farce, sent the audience into gales of laughter. Lawrence Jozwiak as the fair Helena, Vernon Henricks as Menelaus, Francis Purcell as Tesmu, and Joe Bloom as Paris were effectively played. Clifford Sprague was admirably adapted to his part, that of the philosopher.

Department Of Student Personnel Completes Survey

An interesting survey has just been completed by the Department of Student Personnel. Valuable data concerning student activities at C. S. T. C. has been brought to light.

About a month ago a preliminary survey was made under the direction of Mr. Jenkins. This dealt exclusively with freshmen. One hundred fifty-six questionnaires were submitted. Of that number sixty-eight answered that they were not participating in any activity.

All Activities Not Included

With this as a basis, another questionnaire was prepared and students were asked to check each of the following activities in which they were participating at the time:

Athletics, Photo Club, Band, Glee Club, Girls Chorus, Rural Life Chorus, Dramatics, Debate, Other speech activity, Creative dancing, Iris staff, Pointer staff, Radio staff.

It should be noted that the above list does not include all activities, but it does include those activities which supposedly require talent of their participants. No attempt was made to include departmental or social organizations. All of these, of course, might be included in a more comprehensive survey.

Formal Banquet At Hotel Whiting Sat. Eve.

Saturday and Sunday, March 26 and 27, the Wisconsin Bandmasters' Association will hold its spring meeting in Stevens Point with Professor Peter J. Michelsen as host, assisted by members of Alpha Kappa Rho, honorary music fraternity. This will be the second meeting of the organization, the other having been held in Kohler, Wisconsin, last fall, when the association was organized.

Formal Banquet

Saturday forenoon will be given over to rehearsal with the college band for those bandmasters who arrive early. Saturday afternoon registration will be held and the bandmasters will hold a closed meeting. The bandmasters will be

COOPERATION

We were interested to note the results of the activity survey as reported elsewhere in the Pointer columns. Student activity at C. S. T. C. is a field that may well receive study. Professor Jenkins and those who assisted him in making the survey are to be congratulated.

Incidentally, we hope that in any future surveys conducted along this line 100% co-operation will be given by the student body. Did you help in the present survey?

SPRING IS IN THE AIR!!!!!!

Now that Spring has been officially welcomed, its arrival will mean warm weather. The arrival of warm weather, sunny skies, a green campus, and warm breezes will bring into the life of all the students of this college a varied complexity of emotions and problems. It is a recognized fact that such is the case, for school teachers all over this country attempt, at this time of the year, to make plans to meet and overcome, in some degree, the emotional mind-set which is produced by the conditions mentioned above.

The watchful student, the wide-awake college man or woman is, by this time, quite aware of Spring's devastating effects, and has, in most instances, prepared himself or herself as much as possible. The thoughtful student who realizes the danger of "spring-fever" and realizes his own susceptibility has, even at this early part of the semester, made great inroads on the pile of term papers, oral reports, and such trivia as he knows lie ahead. The real student has been industriously engaged in building a solid foundation in the subjects he is taking, knowing full well that when warm weather brings that delightful feeling of lassitude which we all have experienced, he will have no desire to work, hence the incentive to build now so that in the end he cannot have his props knocked from under him.

Signs of spring are even now visible. While it isn't the purpose of this editorial to poke fun at the frailties of human nature, we may, nevertheless, smile at the sometimes amusing sight of couples in the hall, couples on the stairs, couples loitering everywhere, sad-eyed, moon-struck, "sunk". At least we smile until we are so struck ourselves. But after all, isn't this a natural reaction; isn't this the "nature of the beast"? Why laugh, then?

The day is not yet at hand when sleeping on the green campus can be substituted for going to classes. Knowing what the future holds, knowing how inevitable it all is, let US, as students in COLLEGE act now to uphold our own standing, keep our heads above water. While there is still ice and snow let us buckle down to work. Let us prepare for a common enemy; let us do our work now, for it is common knowledge that sowing the seeds of procrastination in the early spring means only one thing, reaping a harvest of pink slips when June finally arrives.

Survey

(Continued from page 1, Col. 23)

Answers in the survey were received from four hundred and fifty students. The distribution is as follows:

Assembly Features

"Wild Life" Lecture

This week has been proclaimed Wild Life Restoration Week. The assembly program this morning at ten will feature a Wild Life lecture. The lecture will be accompanied by slides. The program was arranged and sponsored by C. S. T. C.'s ardent conservationist, Prof. F. J. Schmeekle.

Students are urged to attend the assembly. Our readers will agree that the title "Wild Life" sounds interesting.

College Honors War Veterans

Although our college is a comparatively young one it treasures a few traditions. One of them was manifest last week.

The second floor main corridor wall bears a bronze tablet. Freshmen usually read it with curious eagerness, while upperclassmen pass by secure in the knowledge of what is thereon written.

1917 in Memoriam 1918

To the Boys of this school

Who gave their lives

For Freedom's cause.

Rex Charles Beeckler, Henry A. Beglinger, Berthold Kregel, John Martin, Fenton H. McGlaehlin, Lester Peterson, Edward Mach, Clarence I. Strand, Donald Waite, George G. Maenish, S. P. N.

Each year on the seventeenth of March a bouquet is placed underneath the tablet. The flowers this year were startling in their loveliness. Some flower artist had combined Easter lilies and pink snapdragons.

Killed In Action

March seventeenth is the birthday of Rex Charles Beeckler of Granton. He was enrolled as a student during the 1916-1917 and 1917-1918 school years. He was a member of the National Guard. In his junior year at the age of twenty-three Rex enlisted. Several months later his name was recorded on the casualty lists "killed in action." Beeckler was the first of the students of the school to meet death on the battle field.

And so each year flowers on the seventeenth of March bear tribute to

naire. Of the number who answered about 40% have no participation in activities, and just about 10% of the total number are engaged in more than two activities. 50% of the students are engaged in either one or two activities.

"From this survey which is a mere sampling we must conclude that a thorough study of the distribution of students' time in extra-curricular activities might be well worth while," was the statement made by Professor Jenkins, author of the survey.

Pointers Lose To Oshkosh All-Stars

Edwards Rings Up 27 Points

Central State's cagers were taken into camp by the Oshkosh All-Stars, champions of the Western Division of the National Professional Basketball League, to the tune of 60-27.

Lou Darling's collection of giants was away and above superior to a fighting Pointer quintet because of their height and ball-shooting ability. Coach Kotal's proteges did a fine job of handling the pellet but the opponents' defense was virtually impregnable and the few shots that the local boys did get were hurried or from way out yonder.

LeRoy Edwards, an All-American center from Kentucky, was the individual high scorer of the game with 27 points, racked up on 12 field goals and 3 free throws. He is undoubtedly the best basketball player to ever visit our fair city, his playing doing a fine job of explaining why he took the scoring crown in the Pro League.

Chet Rinka and Don Johnston led the Pointer scoring on 8 and 7 points respectively. Both men played fine games, Johnston showing the All-Stars a fancy bit of dribbling and on one occasion passing up his guard with ridiculous ease.

SHORTS IN SPORTS

The Oshkosh All-Stars put on a fine exhibition of ball playing last Sunday.... It's no wonder they were champions of their division.

... Ed Muller, All-American guard from Marquette, ran the team from his guard position.... Le Roy Edwards makes baskets with either his right or left hand and can sure drop them in.... While warming up before the game, on several occasions he would set the ball in the basket.

... Ray Davis, captain of the Wisconsin football team in 1935, never played a minute during the year but was nevertheless declared ineligible for further competition.... On the opening kick-off of the South Dakota game, he was injured and had to be carried off the field.... However, one of the teams was offside so they kicked off again.... therefore Davis hadn't played any football in that game because the clock was started over again.... Central State could have a good track team if the men had a little support ... there are many potential champions in school and with the weather so mild, they could easily get into shape before the first meet.... Christenson and Grandkoski, are both stars in their respective events.... Both men having won state titles while in high school.... Coach Kotal is planning on running off an intramural basketball tourney next week.... 12 members of the squad will captain the teams....

Boxers To Meet LaCrosse April 1

The boxing squad under the direction of Coach Inman Whipple is working out every night in preparation for a boxing card to be held here April 1, against La Crosse. All of the fighters are working hard in preparation for the bouts, and will go into the ring in good condition. The bouts have all been arranged and La Crosse will bring a team of approximately eight men.

La Crosse has a strong squad and all of the bouts are expected to be close. Several new men are expected to box for the first time for C. S. T. C. at this card.

Bite and S

The Greek dance last Saturday evening was a success, judging by reports.... Congratulations are in order for the new members of sororities and fraternities.... Have you heard: that Ted's girl was here for the week-end? (Was he happy!)... That Ruth Nason was also home for the week-end?... That some Green Bay gals were in the Point Sunday afternoon?... That Dorothy Larson has the measles?... In the spring a young man's fancy lightly turns to thoughts of love. How true this statement is at C. S. T. C. ... Now that Hell Week is over we again see some of our social freshmen walking and talking with their "steadies".... Basketball is over but that doesn't mean that the athletes are through—watch 'em on the track field.... Speaking of athletes, the coeds seem to be doing O. K. With tennis rackets in hand they are starting to swing it in a big way.... From all reports the band people had a great trip—we hear that Green Bay was the favorite town—wonder why? If you're really interested we suggest you ask "Hink" or "Swing"....
