### Delta Chapter Of Chi Delta Rho Formed At U. Of W.

This weekend, at Madison, a new chapter of Chi Delta Rho, national social fraternity, will be initiated at the regular semi-annual conclave to be held Saturday, May 28. This new chapter now on the campus of the University of Wisconsin is the fourth chapter of Chi Delta Rho in this state.

#### Conclave Saturday

This new chapter has been in formation for the last six months and only last week did it receive final approval by Dean Goodnight, head of the committee of social functions at the University. The main purpose behind the forming of this chapter was for the benefit of the many students that transfer from the teachers colleges where Chi Delta Rho is located. Incidentally Chi Delta Rho is the only fraternity which has its home chapter in a teachers college campus and also one on the campus of the University of Wisconsin. The officers of the new chapter were elected in March with Willard Hanson formerly of Stevens Point being elected President.

The regular conclave to be held Saturday will be attended by representatives from all the chapters

### C. E. Evans To Conclude Current Radio Series

The Library and Propaganda was the subject of Monday's radio talk, G. C. Allez, college librarian, was the speaker. His talk received much favorable comment from radio listeners.

Monday, June sixth, C. E. Evans will conclude the current series **Practical Values in High School Subjects** with his talk "Biology and Health".

### Phi Sig Formal To Close Social Season

The social season at C.S.T.C. will be brought to a fitting close with the Phi Sig Formal Saturday night.

Joe Gumin's well known radio band will provide the music for the evening's dancing. Those who have heard the band will testify as to his ability to please, and his past record shows that he is well known throughout the middle-west. He has been featured at Wisconsin's best dine-and-dance spots and is listed with "big time bands" in national radio publications.

#### Dancing To Begin At 9:00

The Banquet, which begins at 6:30 will be held in the main dining room at Hotel Whiting, with Robert Krielkamp acting as toastmaster.

A short organization meeting will follow the banquet.

Dancing will begin at nine and will continue until one.

Mr. and Mrs. F. S. Hyer, Mr. Burroughs, and Mr. Schmeeckle will attend as guests.

Approximately fifty alumni have replied favorably to invitations so it should be a real "reunion" for them.

### Band Presents Outdoor Program At Veterans Home

Sunday, May 22, the College Concert Band played an outdoor program for the residents of the Wisconsin Veterans' Home. The program consisted of familiar classical and semi-classical numbers. It was broadcast through the hospitals and was much appreciated by those who were confined inside as well as those who were able to sit outside.

### Local Students Attend Orchesis Dance Program

Last Saturday Miss Richardson, Miss Van Arsdale, Miss Neuberger and the members of the Orchesis organization spent the day in Madison. The trip was made in the school bus. Twenty-five people made the trip—some were training school children and others were college girls. The group had a picnic lunch at Vilas Park, spent two hours at Camp Randall watching demonstrations of various recreational sports for men and women together and then observed the Orchesis Dance Program presented at Bascom Theater by the Dance Department at the University of Wisconsin. Everyone enjoyed and appreciated the excellent performance.

### TO OUR PRESIDENT

This year C. S. T. C. students look with deep regret at the passing of the school term, for President Hyer is leaving us. Many of us have not appreciated what Mr. Hyer has meant to the school and to each student in the institution, but believe us his absence will be felt by each and every member of next year's student body. Not because his successor will be any less excellent than his predecessors, but because no one will ever be able to quite fill the place that F. S. Hyer has left. His personal interest in the individual, his excellent speaker's presence upon the school rostrum, his friendly attitude towards school activities, both social and extra curricular, his willingness to help all that came to him in distress, place him high in the estimation of every person in any way connected with this college. We the student body, can truly say that C. S. T. C. has progressed in leaps and bounds under the expert direction of President Hyer, and when we can say this we have paid the supreme compliment to our College President. We hope, President Hyer, that you have enjoyed being our President as much as we have enjoyed being your student body.

### FAREWELL!!

Another Pointer year concludes with this issue. In the meantime the college days of the Seniors are numbered. The campus is unusually beautiful these May afternoons and evenings.

The buildings wear an air of mellowed wisdom. Flowering shrubs lend a breath of color to the green velvet of the lawns. The doorways offer refuge to campus strollers on an evening. The sun dial affords cherished memories for many a student.

College will soon be a thing of memory, fellow seniors. Don't hasten homeward the second the last period is affixed to the exam paper.

—Remember, we'll never be Seniors in Commencement Week at C. S. T. C. again!

## To The Iris Staff

I wish to express my deepest appreciation to my staff and to those who made possible the 1938 Iris. I've enjoyed working with those of you who were interested in this year's publication and without your cooperation the book would have been impossible.

May I extend my sincerest thanks—

SCHWINGEL

## "Prospects Look Good" For NYA Summer Band

According to Mr. Michelsen, C. S. T. C. music director, the N. Y. A. student band may be continued this summer as it was last season. He has not received final word from Madison but he says that the "Prospects look good." If this appropriation is approved many young people will be gladdened for it is badly needed in many cases.

## Members Of Biology Dept. Attend Sectional Conference

Mr. Evans, head of the Biology Department, Tony Pozluzny, and Roland Cady attended the meeting of the Midwest Section of the American Bacteriologists Association held at Minneapolis, Saturday, May 21.

Interesting lectures on the latest trends in micro-biology and related subjects were delivered by speakers from the Universities of Wisconsin, Minnesota, Iowa, North Dakota and Montana.

This year is the first time that non-members have been permitted to be present at the meetings of the associates.

Mr. Evans' party went on a sight seeing tour of Minneapolis before returning to Stevens Point.

 Son: "Class hatred, father."

## Graduates Make Good Record In Band Work

Mr. Michelsen announced this week that nine of the ten bandmasters who have graduated from this school placed in the first division in the State Band Tournament with their bands, with one placing second. There are three divisions but the men from this school placed their bands in the two upper brackets. This is an especially fine record for any music department to have and Mr. Michelsen is justly proud of the young men who have done this splendid work.

## Student Opinion

### Vacation

Soon it will be here, that which many of us have looked forward to with great hope and fond desires, that also which some of us do not relish because with it brings a new station in life. To those who will continue their schooling next year it will be a season of joy and a time to play, perhaps to earn a little money for school next fall or for a trip to some far distant place. Some of us will not be back here to school, but will be continuing our education at some other place. For these this ending of the school year may bring a little sadness when they realize that the friends they have made here will for the most part be lost to them as they continue on their separate ways.

For those of us who are leaving us to teach or to quit school and get out in the world this summer may hold many various kinds of things. Our would be teachers may all have or be assured of jobs by fall, but the others will be out in a world which is cruel, a world in which work and the chance to work is not regarded highly. These are the things which confront us this summer. However these thoughts are not given in a pessimistic mood, and we hope that the readers among us will not be too saddened or disquieted by these remarks.

What ever happens to each and all I hope that this summer's vacation from school will be one of the best and that someday you can look back over 1938 and regard it as one of the best seasons in your life.

Edward Lightbody

### Just Two Things Wrong

A man back in London on leave from a post of Equatorial Africa generally held to be unhealthy was recounting his experiences with some friends.

"There's nothing the matter with the country," he said, "all it requires is a better type of settler and a decent water supply."

"If you come to think of it," remarked one of his listeners brightly, "those are the only drawbacks to Hades."

## Mention "The Pointer"

## Attention!!

Wouldn't it be a good idea to extend the library book homecoming to books borrowed from your friends or class rooms? Three books I should like to have returned are "A Testbook of Botany for Colleges" by Hill, Overholp and Popp, "A Textbook of Botany" by Curtis and my copy of "Animal Biology" by Guyer. I enjoy making books available to students but my joy is as the life of a May fly which lives but a day when the books do not "come home".

## Memorial Day

Our nation has set aside several days during the year on which it commemorates various historical events, movements, great feast days and religious holidays, this to serve as a reminder of the past and an ever inspiring commemoration for the present. One of these days we all will soon celebrate, that is Memorial Day. This day has an interesting historical background and because of this it should interest us.

Memorial day was first celebrated in the South during the Civil War as a day of memory for the soldiers killed in battle. By 1868 the practice had spread to the north and on May 5 of 1868 General John A. Logan who was at that time commander of the Grand Army of the Republic, set aside May 30th as a day of memory or commemoration for the soldiers. It had been asked Decoration Day but in 1882 the Grand Army made the suggestion that it be called Memorial Day and thus it was made a legal holiday in Rhode Island with that designation in 1874. By 1910 it was observed as a legal holiday in practically all the states and territories of the United States. Some of our southern states observe June 10, Jefferson Davis' birthday as their Memorial Day. The national government has not proclaimed this day as a national holiday; therefore it is up to the states to celebrate in the way they best see fit.

In passing over these thoughts we should not forget the reason why we celebrate the day. We should, each and every one of us rededicate ourselves in homage to those who have died, and resolve that they have not died in vain. In order to have liberty we must be ever watchful and alert lest it be taken away from us. Each and everyone of us should do his or her part in making this country the land embodying the ideals for which they sacrificed their lives. Don't pass up that day without breathing a prayer, a thought for the future of your country and mine. May we in America be able to celebrate year after year this day with reverence and in that state of peace which is the heritage of God for America.

## Best of All

Three tailors who did business on the same street were bitter competitors. One day the first one hung up a new sign. It read—"The best tailor in town."

The second chap, not to be outdone, soon put one in his window which read—"The best tailor in the country."

The third tailor looked at the two signs and scratched his head. Shortly afterwards he placed the following notice above his door; it said—"The best tailor on the street."

We caught glimpses of the following guests who were back for the formal: Dorothy Webster, Helen Piehl, Barb Fulton, Helene Waterman, Billie Weed, Shirley Webster, Maxine Miner, Val Dernback, Maryann Lutsey, Leda Bassler, June Erdman Schuttee, Vivian Staven, Inez Olson and Arty Horn.

Some of the girls of Nelson Hall entertained their mothers at a Mother and Daughter Banquet at the Hall last Friday evening. A short reception was held in the parlor after which the guests were taken to the recreation room where the dinner was served. The tables lighted by candles were decorated in purple and gold. Dainty corsages were presented to each mother. Miss Margaret Torkelson, our house president, acted as toastmistress. Mrs. J. Finch, as mother at the Dorm, gave a speech of welcome, after which Lois Peden spoke for the daughters. The program included a vocal selection by Geraldine Pagenkoff and marimba selections by Evelyn Schwingel accompanied by Roberta Peterson. Group singing followed. Mrs. Torkelson gave a few words of thanks for the mothers.

The girls wish to thank Miss Neuberger, Miss Carlson and Miss Pfeiffer for helping to make the dinner a success.

## Y. W. C. A.

The Y.W.C.A. will meet Thursday evening, May 26 at the Home Economics parlors where Miss Meston will talk to us about formal dinner procedure.

All students should be interested in the sale of C.S.T.C. pennants which will take place on Friday. We've seen them and they are very nice—and very reasonable, too, we understand.

In the meantime, don't let Spring weather make you forget there is a store inside the Hall.

# Central Staters Enter State Track Meet

## Only Five Men To Make Trip

On Saturday, the twenty-eighth of May, Central State's track aces will travel to Whitewater to enter the state meet. Five men will make the trip including Bjorn Christenson in the half and quarter mile; Ray Grandkowski in the one and two mile; Henry Warner the high jump; Don Johnston, high jump and pole vault and Jim Duecker in the javelin and shot put.

In the last track meet against Oshkosh, these men stood out for Point and much is expected of them this Saturday. Christenson and Grandkowski showed fine form in the longer distances with Ray almost a cinch to take the mile. Warner and Johnston took the high jump hands down at Oshkosh and it will surprise no one if they repeat their victories at Whitewater. Likewise Johnston won the pole vault at ten feet nine inches and we expect to see Don going higher than this since in that meet he was never pushed to gain his top rating. Duecker should give a fine account of himself in both the shot put and the javelin. All in all, the whole Point squad should be such as to bring home a few pay ribbons.

Other teams entered in the meet are, besides Stevens Point and Whitewater; Oshkosh, Milwaukee, Platteville, Superior, River Falls, Stout, Eau Claire, and La Crosse.

## Four Knockouts Feature Bouts

Coach Inman Whipple's boxers wound up their season last Thursday night with a smashing 8 to 1 victory over Jimmy Dodge's Neopit Indians. The Purple and Gold leatherslingers did themselves up proud in all of the bouts, four knockouts featuring the fighting, two technical kayoes and two sleepmakers.

Ben Kranski won the opening bout from Nelson Pokan although the Pointer lad was outreached by six inches and was forced to get in close to do much damage. He knocked the Indian down for a count of one in the second round. Bob Reading chalked up the first technical knockout of the evening when Jug Irving was unable to continue at the end of the first round after the beating that Reading had given him.

Al Cooke won the only Neopit victory by a close margin from Earl Michaels. Cooke was much more experienced than Michaels and made the most of his few opportunities. Bob Larson took up where Reading had left off by defeating Norby Lawe. Larson fought cautiously for the first two rounds, opening up in the third to gain a unanimous decision.

Roman Baker fought with his

head as well as his hands to take the decision from Lloyd Waukau. Baker made the most of his opponent's slow reflexes to get in frequent telling blows. Inman Whipple ended his collegiate career by easily defeating Felix Bruette. Whipple was trying hard for a knockout but his foe insisted upon hanging tenaciously onto his senses.

Dan Young knocked Roland Rades cold in one minute and twelve seconds. Young had too much power in his gloves for the Indian. John Felix added one more knockout to his list in his final adieu to Central State. John is one of the most popular fighters to ever set foot in the college ring and has proved to be a most worthy successor to his illustrious brother. He pounded George Funk hard in the first round knocking him down once for a count of eight and hitting him so much that Funk couldn't return for the second round.

It remained for Fred Nimz, Central State's all-around athlete, to provide the highlight of the evening with a 22 second knockout of Pug Kuhn. Nimz swung from his heels in his customary manner and had no trouble connecting.

Charles Torbeson, three time champion at 135 pounds, did the refereeing; Ben Laschkewitsch, also a three year titleholder at 125 pounds, was the announcer; Coach Kotal was the timer and Win Bowersock, Dr. Butler and Leo Jakusz were the judges.

Jim McGuire and Felix Bohan put on an exhibition wrestling bout with both men winning one fall. It was a nice picture of the grunt and groan racket as played by professionals. Bohan was a champion wrestler in high school and McGuire has had numerous bouts.

## Tennis Tourney To Be Held Here

Stevens Point will play host to a large number of tennis players this week at the state meet to be held here Friday, May 27. Every team in the state including Oshkosh, Platteville, Superior, Milwaukee, Stout, River Falls, Eau Claire, La Crosse, Whitewater and Stevens Point expects to enter a team.

The men that will carry the purple and gold colors are not as yet definitely selected. Four boys, Don Olson, Bill Miller, George Quandt, and Ernie Ruppel will engage in a play off this week to decide. The two men who come out on top will pair up in the doubles match.

## "S" Club To Hold Softball Tourney

The S club soft ball tournament will begin this week with four teams entered. The teams are very appropriately called Army, Navy, Yale and Harvard. Judging from the lineups of the teams we can expect to see some good games.

The lineups for the teams are as follows: Army — Robert Baker, Roman Baker, Bill Carley, Cal Cook, John Felix, Ben Lasky, E. Michaels, Charles Torbeson, Inman Whipple, Dan Young, Bjorn Christensen, Ray Grandkowski, and Erv Westfahl. Navy — Art Badow, Rube Belongia, Bob Bishop, Tom Jaaska, Fred Nimz, Bob Olk, Chet Rinka, Paul Ruseh, Frank Schneider, La Verne Van Dyke, Hank Warner, Don Johnston, and Sherman Groves. Harvard will line up with Rodger Bernstein, Al Bucholz, Red Chartier, Frank Hitzke, Charles Kohls, Bill Loewecke, Jim McGuire, Ed die Olsen, Gib Pophal, Ernie Ruppel, Ray Weingartner, and Clarence Benke. For Yale: Fe Bohan, Charles Burch, Jim Duecker, Hugh Brady, Jack Larson, Ed McAllen, Harry Olingy, Roy Otto, Wilbert Rathke, Ed Slotwinski, and Ray Wiersig.

## Bjorn Christenson

Bjorn Christenson of Nelsonville has gained many laurels in high school and college, not the least of which is his co-captaincy of the Central State track team. Bjorn has been an outstanding track man since he first donned spiked shoes while a freshman at Amherst High School, setting numerous records as he went along, one of which 2:08.2 in the half-mile, still stands in the Central Wisconsin conference.

He was undefeated at the half-mile in high school for both district and conference meets and won first place at the state tournament in 1934. Christy was also the individual high scorer for Class C teams at the state meet that year, taking second place in the 220 yard dash and third in the broad jump along with his championship in the half.

In his senior year, he took three firsts at he district meet in the half-mile, 220 yard dash and broad jump as well as anchoring the winning half-mile relay team.

To show his versatility and why he was known as the "one-man track team", he won the 110 yard high hurdles at the district meet in his sophomore year and dabbling in the high jump field for a while.

Christenson also played four years of basketball in high school, captaining he quintet in his senior year and being named all-tournament center at the district tourney. He was the individual high scorer for Amherst during his junior and senior years and also annexed the highscoring title in the St. Stephens, City League this year while playing with Phi Sigma Epsilon Fraternity.

To round out the athletic season, Christy played centerfield for the Amherst High baseball team and during the summer manages the Amherst softball team.

Christenson won the most coveted championship in high school when he copped the Ping Pong title in his last burst of glory at good old AlmaMater.

During his college career, he has never won a title because he chooses to run against the toughest competition in the state, Ken Kuemmerlein of Milwaukee in the half-mile, as well as anchoring the relay team. As a freshman, Christy lost to his nemesis by a yard but that was as close as he ever came to victory. This year, he is resigned to his fate but is going to give his best in an attempt to turn the tables.

At Oshkosh, he was high-point man with a first in the quarter-mile and seconds in the broad jump and half-mile.

# SHORTS -IN- SPORTS

And we come to the end of the trail... This has been a lean year for Central State as far as athletic championships are concerned.... After the bounteous era of the previous seven years, it is especially noticeable this time but you can't stay on top forever.... Coach Kotal has made an enviable record here but even the best of them can't build without material. ... At that, the Pointers took second place in the football conference and third in basketball.... The boxers have held up their end of the load with the most successful season in four years.... In track, co-captain Ray Grandkoski is almost sure to win the mile event at the state meet and will be trying for a new conference record.... The 1938 football team will be led by Bill Loewecke and Franklin Hitzke, both of Merrill and both of them three year men. ... Henry Warner of Stevens Point will captain the basketball quintet.... The track and boxing captains have not been elected yet.... The "S" club held its last meeting of the year a week ago and elected Bill Lowewecke, president; Frank Hitzke, vice-president; and Ben Laschkewitsch, secretary-treasurer.... ### Bright Idea

"I've got a new idea. Fortune in it."  
"What now?"  
"It's an alarm clock that emits the delicious odors of frying bacon and fragrant coffee."

### The Other Way Around.

Political Speaker: "What we need is a working majority, and then—"  
A Voice: "Better reverse it, mister. What we really need is a majority working."

### No Insult

A young lady, finding herself stranded in a small town, asked an old man at the station where she might spend the night.

"There ain't no hotel here," he said, "but you can sleep with the station agent."

"Sir," she exclaimed, "I'll have you know I'm a lady."

"That's all right," drawled the old man. "so's the station agent."

### Glaring Error

Up in one of the little New England seaports lay the good yacht Psyche. It had come from one of the Southern yacht clubs and was laying in for supplies.

One of the older natives of the region, who was long on spelling though short on mythology, was seen to return time after time to study the craft, and was also observed to shake his head.

Finally he could bear it no longer. He swung on a bystander, and in a disgusted voice said, "What a funny way to spell fish."

### Scotch Torquemada

Small Girl (seeing bagpiper for the first time): "Daddy, can't you stop that man? He's squeezing something under his arm, and he must be hurting it terribly. Listen to the noise it's making."

### Immediate Relief

"I hear, Uncle Walsh," said Doctor Brown, "that all your folks have the itch."

"Yes suh. Doctah," replied the old darky, "de good Lawd has done 'flicted we-all dat way."

"And are you doing anything for it, Uncle?"

"Oh, yas suh, Doctah, yas suh."

"What are you doing?"  
"Why, suh, Doctah, we-all is scratchin', suh."

## Bite S

Last Pointer of the year ... gives just one more chance to drop a line here and there ... the representation of college boys at Armory rattle pretty good Wed. ... not so many gals ... probably next year's teachers having a celebration.... Thought we saw a glee club key around LaNore's neck yesterday ... wonder how many others are gone.... Bob Baker with a different girl at every dance—Tsk! Tsk!... And just what is this we hear about a farm somewhere — dark, curly haired, handsome boy at the Chi Delt house is said to be starting it with a red haired housekeeper, Irish milkmaid and Norwegian haired man.... Certain Tau Gam who took over for another Tau Gam and handsome plumber seem to have parted ... much glad—college party—... looks like Caskey has survived his womanitis (a disease—not so rare either) and will graduate.... Connor's brains seem to be missing lately—she needs a secretary to keep her affairs straight ... looks like Cram and Ruppel now—where's Jake? ... Duggan's breaking of date without warning proved fatal.... How can Grunt run so far in a race and still dance all night ... new couple—Lorraine and Yach. ... Sorority formal always bring out something to talk about ... things ran pretty true to form though but noticed Gene and Don—a combination we never dreamed of.... Missed gay Torby, too.... Chi Delt are getting the razz over the series but they were on the long end of three scores, too—that can't be laughed off, I guess.

## Mention "The Pointer"

### Excusable

Judge: "You are charged with expectorating in a trolley car. What have you to say?"

Prisoner: "Well, your honor, I was half asleep and thought I was in court!"

### Dread Contagion

"I've just been bit by a dog and I'm worried, I hear when ever a dog bites you, whatever the dog has, you get."

"Boy, then you have a right to worry."

"Why?"

"That dog just had eleven pups!"

### Ideal Prospect

Politician: "My boy says he would like a job in your department."

Official: "What can he do?"

Politician: "Nothing."

Official: "That simplifies it. Then we won't have to break him in."

"How long off and on have you worked at it?"

"Sixty-five years."

"How old are you?"

"Sixty-five."

"Then you have been a tin-roofer from birth?"

"No, sir; of course I haven't."

"Then why do you say you have worked at your trade sixty-five years?"

"Because you asked how long off and on I had worked at it. I have worked at the trade sixty-five years—twenty years on and 45 off."

Here there was a roar in the courtroom, but not at the expense of the witness, and the lawyer hurriedly finished his examination in great confusion.—Kablegram.
