

Class pictures for the Iris Thursday..... Band concert at 10:05 Thursday to be followed immediately by a special assembly..... College Theater Players tonight.....

FORENSIC SOCIETY ELECTS OFFICERS FOR THE YEAR

BEN LASKE HEADS NEW ORGANIZATION

All forensic activities in Central State Teachers College from now on will be centered in one student handled organization, the newly formed Forensics Society. This newest organization in the college held its election of officers last Monday at its regular weekly 4:00 o'clock meeting. The following officers were elected:

Business Manager: Gordon Haferbecker
 President: Ben Laskewitsch
 Vice Pres.: Joe Ophoven
 Secretary: Ben Khorvan

Constitution Drawn Up

The constitution for the organization was drawn up by the organizing committee: Joe Ophoven (chairman), Margaret Becker, Phillip Anderson, and George Quandt. The ratification of the finished product will be considered at the next meeting. Mr. L. Burroughs will serve at faculty advisor. The organization is open to any student interested in some phase of forensics who makes written application for membership. The Society encourages the attendance of anyone interested in such activities at its meetings each Monday at 4:00 o'clock in Mr. Burroughs' room. It is not necessary to be a member to participate in these meetings.

Practice Debates

The membership at the present time has been divided into groups of two partners who will prepare themselves for a practice debate with a series of teams from Eau Claire State Teachers College on Saturday afternoon, December 3, on the question of government pump-pricing, the intercollegiate debate question for the year. Approximately twelve teams will be available for the debate against the two-men teams sent by Eau Claire. The purpose of this debate will be to provide experience through actual participation in intercollegiate debate for the participants and also to give the teams additional points to adopt for future debates.

Radio Series Planned

Work is nearly completed on another undertaking of the organization, the sponsoring of a series of radio broadcasts presenting discussions of current problems by members of the organization. This work is under the direction of Gordon Haferbecker who is working with a group to prepare a discussion of the question of the subsidization of athletics in the colleges and universities of the country. The date for this presentation has not yet been finally set, pending final approval by station officials. This same group also expects to present a formal debate on this timely question before the student body in the near future.

Debate Question

In the debate with Eau Claire on the question "Resolved that the Government should cease to spend public funds for the stimulation of private business" each debator will be ranked in decision debates and suggestions will be made for the improvement of the presentation. A supper will be served after the debates.

LOYOLA JOINS CATHOLIC ORGANIZATION-NEWMAN CLUB

At a meeting of Loyola held last Thursday evening in the Rural Assembly, members voted to join the national society of Catholic students, the Newman Club. This club had its origin at the University of Philadelphia in 1893. Its aim is to provide an organization for college students of the same faith, in which new members can find not only pleasant social contacts, but spiritual aid as well.

New Activities
 The local club will undoubtedly gain new life through its national association. The activities of the club will still include serious discussions and social functions, but members will now receive a monthly publication from the Newman Club. The club will retain the name of Loyola.

Geology Class Enjoys Extensive Field Trip

Mr. Evans' geology class spent Saturday, November 12th, on a very interesting trip. The group consisted of about fifteen members.

Students started their jaunt about 8 o'clock Saturday morning and returned in the evening. The trip was made in the college bus driven by Mick McGuire. Mr. Evans accompanied the group.

Visit Northern Beauty Spots
 Among the most important places visited were Grandfather Falls, Eau Claire Dells, Pine River Falls, and Rib Falls. Many interesting specimens were collected at these various places. A picnic lunch welcomed the famished appetites of the hungry horde—they stopped at Merrill for lunch, too. It has been said that the group discussed geology on the way and sang songs and did otherwise on the way home.

C.S.T.C. DELEGATES ATTEND LUTHERAN STUDENT CONF.

Six students from C.S.T.C. were among the 500 delegates from four states attending the annual Land O' Lakes regional conference of the Lutheran Student's Association of America held at Gustavus Adolphus College, St. Peter, Minn., last weekend.

Wee and Norborg Speak
 The three-day conference was highlighted by a banquet last Saturday evening for all of the delegates. The Rev. Morris Wee of Madison, Wis. was the speaker.

Dr. Sverre Norborg, professor of philosophy at the U. of Minn., delivered the Sunday morning sermon. The topic was "Christians in the World."

Group Discussions
 The twelve round table discussions were also held on Saturday. Those attending were: Ethel Hill, Elida Torkelsen, Elouise Torkelsen, Edith Einfeldt, Orville Moser, and Gerald Torkelsen.

Heyer Addresses Primary Council

The regular meeting of the Primary Council was held Monday evening. Mr. Heyer, boys physical education coach, told about the sports which are open to both boys and girls. Miss Dearborn of the training school talked about "Problems Which Cannot be Found in Books". In conclusion, other business was discussed and the meeting was adjourned.

THURSDAY'S ASSEMBLY

The College Concert Band will present a "pop" concert Thursday morning including in its program such familiar numbers as "From Africa To Harlem", "Stardust", and "The Donkey Serenade". Mr. Michelsen will also introduce a new musical instrument, the Tonette, which will be played by twelve members of the band.

ARMISTICE DAY CELEBRATION IS ACCLAIMED THE MOST SUCCESSFUL TO BE STAGED IN RECENT YEARS

Overshadowing homecoming in spirit, diversity of events, and measured success, the Oshkosh-Stevens Point Armistice day game has been acclaimed an outstanding achievement. The motif of the entire day's celebration was the observance of the twentieth anniversary of the signing of the Armistice, and a sort of unholy rendition of respects to the mythical superhero and character extraordinary—"Bill Zonke".

Pep Parade In Morning
 The series of events began in the morning with the formation of a "pep" parade at nine in the morning. A group of over five hundred pep-laden students led by members of the college band marched from school down to the "square" on main street,

Band Clinic To Convene Friday

Friday night will find another annual band clinic at C.S.T.C. There will be approximately 55 band directors from various high schools all over the state. They will assemble first at the Hotel Whiting for a banquet. Immediately following the banquet the band members and band masters will convene in the auditorium of the college.

Bands To Be Analyzed
 The band will then present a concert of all the numbers of the different classes of high school bands, so that the band masters may pick their tournament numbers and get some idea of the interpretation of them. Frequent interruptions during the numbers and between selections will enable the directors to hear certain difficult passages. These numbers, which will be presented, were those decided upon by a committee picked by the Wisconsin School Band Association, and were announced at the Milwaukee Teachers' Convention.

Public Invited
 If the turnout follows in previous years' footsteps, the program should be very successful. The public is invited, free of charge, to the evening program in the auditorium.

ZIGMA ZETA CONDUCTS INITIATION AT MEETINGS

Sigma Zeta held its informal initiation on Wednesday, Nov. 9th. Those who pledged were—

Active Members
 Torkelson, Elida Daken, Phil
 Albrecht, John Lang, Leo
 Einfeldt, Edith Wiersig, Ray
 Belongia, Reuben Steiner, John
 Smith, Florence Dopp, Jean
 Olson, Marvin
 Stoltenberg, Ethel
 Weingartner, Frances
 Trowbridge, Leslie

New Associates
 Abrahamson, Con Nixon, Bob
 Larson, Dorothy Hill, Ethel
 Becker, Margaret Rozelle, Ray
 Gerdes, Barbara Hoyt, Mansion
 Johnson, Helen Quant, George
 Meverdeen, Merville

Formal Initiation
 The formal initiation dinner was held at Nelson Hall on Saturday Nov. 12th, at 6:30 o'clock. The dinner guests were greeted by hostesses Ruth Johnson and Eileen Marx. The chairman of the dinner committee was Ruth Johnson assisted by Gladys Greve, Jeanette Winarski, Eileen Marx, Bill Clements, and Gordon McAllen. The initiation committee was headed by Mr. Evans—Eileen Marx, Tony Posluszny, Gladys Greve, and Gordon Cowles helped him. Mr. Faust was master of ceremonies at the dinner. Following were several after-dinner speeches. Of these, Mr. Rogers gave a most interesting talk on the history of Sigma Zeta. After the dinner the group went over to the college to Mr. Roger's room for the informal initiation ceremonies.
 Among the alumni present were: Mr. and Mrs. Bob Neale, Mr. and Mrs. Rozelle, Sylvia Anderson, and Miss Carswell.
 Sigma Zeta will meet Wednesday, Nov. 12th, in Mr. Roger's room.

EXECUTIVE BULLETIN

President Falk announces that there will be a very important meeting of the student body in the assembly immediately following the band concert Thursday morning. No one will be excused except student teachers. It is imperative that everyone attend this meeting.

Glee Club To Give 3rd Radio Program Today

The Men's Glee Club, under student-director Delos Kobs, will make its third radio appearance to the listeners of station WLBL at 3:45 Wednesday afternoon.

The following program will be presented:

The Purple and the Gold
 In a Persian Market
 Absent
 Memories
 Readings by Barbara Wake
 Quartet
 All Through the Night
 Rose of Tralee
 Thanks Be to God

The quartet will consist of Gordon Cowles, Jerry Doherty, John Steiner, and Delos Kobs. John Steiner will also sing the baritone solo in the number Rose of Tralee. Miss Roberta Petersen will accompany the glee club and the quartet and will also provide the musical background for the readings. Warren LeRoux will again, as in previous programs, attend to the announcer's duties.

This program is one of a series presented on alternate Wednesdays by the Men's Glee Club and in keeping with the original plans for the series, is entirely student arranged and handled.

COLLEGE THEATER TO PRESENT THREE ONE ACTS IN FIRST SHOWING

With a large crowd assured by virtue of the fact that students, faculty and their friends are invited to attend gratis (lit without charge), College Theater tonight will present its premier program of the year—a program made up of three very effective one-act plays. Included in this evening assembly program will be "Cloudburst", an experiment in silhouette played against a background of elemental forces, the story of which is built around a conflict of love and hatred; "Thirst", a drama created in a medieval atmosphere designed to hold the audience tense until the final curtain; and, as a light finale, a modern farce in which two young "ham" actors find themselves forced to face reality or suffer the humiliation of being "turned out" by a very real Mrs. O'Leary, who is not just exactly satisfied with the young couple's philosophy that "There's Always Tomorrow".

Division Heads at Preview
 Departmental directors were special guests at a "sneak" preview Monday night and according to their very reliable opinions, the program is one of the most effective which has been worked out by Central State's comparatively young College Theater.

Directing "Cloudburst" is Barbara Gerdes, assisted by Merville Meverdeen, and the cast includes Lois Gene Peden, as Mrs. Harris, Eleanor Ruchti as Mrs. Tabor, Madelyn Lee as Millie Tabor, John Yurkovich as Joe Harris, Lawrence Jozwiak as Ed Harris and Gordon Haferbecker as Mr. Gilman.

Runkel Directs "Thirst"
 The cast of "Thirst" includes Larue Smith as Lord Shandon, Ted Meyer as Duke Shafto, and James (Continued to page 3, Col. 1)

Library Announces The Circulation Of Many Books

ANNOUNCEMENTS!

SENIOR PICTURES
 Seniors who have not as yet had their pictures taken and wish to be included in the Iris must see Mr. Rogers immediately. If there are enough to make it worthwhile; the Iris studio will be open on Thursday night at 7:00 P. M. This will be positively your last chance.

IRIS NOTICE
 Don't forget that Freshmen class pictures will be retaken Thursday Nov. 17, at 11:00. Sophomore and Junior class pictures will be taken the same day starting at 3:00 P. M. The pictures will be taken in the studio on the 3rd floor. Let's see which class will be there 100 per cent.
 Iris

NATIONAL BOOK WEEK OBSERVED AT C. S. T. C.

The library staff, under the supervision of Miss Mansur, head librarian, is preparing many new books for circulation in our library. The variety of books offers a wide selection of the best and latest non-fiction New Book by de Kruijff

One of the new books that many students will be anxious to read is "The Fight for Life by Paul de Kruijff. The famous author of Microbe Hunters has written another great book on modern science. Medical research has made its greatest progress since the days of Pasteur. But the death fight has now become the people's fight. New discoveries have now made it possible not only to control—but even to wipe out—some of mankind's most dread diseases. De Kruijff sees ahead as an exciting reality, the coming of modern science, and gives a clear picture of the situation. This book is another step in the popular understanding of science.

Book on Chino-Japanese Situation
 T. A. Bisson, after ten years of travel in China and Japan as a representative of the Foreign Policy Association, has given first hand information of the foreign situation. You will want to read Japan in China for this valuable and interesting material. Mr. Bisson has written of the political and social changes that have taken place in both Japan and China. This book is bound to leave the reader with a much clearer picture of the events that have been shaping the history of eastern Asia during these last months.

School Gets New Books
 The Training School Library also has added new books, which will be ready for circulation on Friday, November 18. One of the books is Joan of Arc, a self portrait. Documents and letters have been compiled and translated into English from the original Latin and French sources by Willard Track.

and then returned to the college.
 At eleven the same morning Dr. Falk delivered the Armistice day address at a public program at Memorial Park.
 Parade Successful
 The military parade took place at one o'clock. It was the last and undoubtedly one of the best parades the Point has had this season. The terminus of the parade was Schmeckle Field, where military rites were enacted just before the beginning of the game. Judge Byron J. Carpenter was in charge.
 Oshkosh Defeated
 From two to four o'clock defeat for Oshkosh appeared in order to the two-thousand spectators. After

the game, doughnuts and coffee were served which revived the depressed spirits of the visitors and warmed the constitutions of chilled local fans. The eats were "on the college".
 The Dance
 The evening saw Norm Hinkley and his Castilians "swinging it" for a mass of jitterbugs in the new gym. The dance was sponsored by the College Band students stayed and enjoyed this "jam" session. There was a feeling of friendly rivalry between the Oshkosh and Point rooters. From all reports, the student body of C.S.T.C. made our visitors "feel right at home". Let's hope we can maintain this spirit in all of the coming contests, with Oshkosh.

Vol. I THE POINTER No. 9

Published Weekly except holidays and examination periods, at Stevens Point by the students of the Central Wisconsin State Teachers College. Subscription Price \$2.00 per year.
Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

THE RED CROSS IN AMERICAN COLLEGES

How does the Red Cross affect the colleges and universities of America? That question is pertinent in view of the forthcoming Annual Roll Call which, as in the past, will be held from Armistice Day to Thanksgiving. Stated succinctly, in colleges and universities throughout the country the Red Cross is making it possible for students to enjoy life more thoroughly and is also equipping them for their future tasks.

Followers of all sports, and especially those which take their devotees away from centers of population such as skiing, mountaineering, hiking and camping have found first aid invaluable in making their pleasure safer.

Students of forestry, engineering and other industrial subjects have recognized that a knowledge of first aid is almost indispensable to the efficient performance of their tasks in later life.

In another field, that of life saving, and general water safety, the Red Cross is playing an important part. National headquarters and chapters in centers where educational institutions are located cooperate with those institutions having swimming facilities by providing instruction in the latest methods of saving persons in danger of drowning and reviving those apparently drowned. Not only does this instruction add materially to the enjoyment of water sports and recreation but many college students have been able to qualify as life guards at summer and other bathing resorts as a result of their Red Cross training. Others receive appointments as camp counsellors and swimming instructors.

In the field of human economics colleges and Red Cross chapters are cooperating in various ways. Student dietitians are afforded excellent opportunities of doing actual field work by making studies of food budgets and nutrition needs of individual families that are being assisted by the local Red Cross chapters. Courses in sanitation and home care of the sick are provided by Red Cross instructors. The knowledge acquired by the students of these courses and in this field work is proving to be of material benefit in their later careers as teachers or housewives.

The activities and services which the Red Cross provides are made possible by its continued existence as a forceful entity, interested in promoting human welfare. It accomplishes its aims by direct action such as disaster relief, or by indirect action such as instruction in the various subjects designed to promote safer every day existence. The generosity of the America college student in both physical and financial support of the Red Cross in the past has been of great assistance. During the forthcoming Roll Call the Red Cross again appeals to the college and university students to express their faith and confidence in the organization which since 1881 has been a friend to the friendless, has brought a home to the homeless, that has fed the starving and has brought aid and comfort to countless millions of our people.

THIS WEEK AND NEXT

Meeting of the Education Department in Mr. Knutzen's room, Wed. 4:10 P. M.
College Theatre will present three one-act plays in the auditorium Wed. November 16, 8:00 P. M.
A band concert will be held in the auditorium, Thursday, 10:00 A. M.
Informal tea in honor of new faculty members to be held in Home Ec. parlors Thursday 3:00 P. M.

Freshman class pictures to be taken in studio on 3rd floor Thursday, 11:00 A. M. Sophomore and Junior pictures taken at 3:00 P. M.

The Bloc will meet Thursday evening, November 17, 7:30 P. M. at home of Cliff Malchow, 426 Center St. Dr. Reppen will be the speaker.

Bandmasters Clinic to be held in auditorium Friday evening.

There will be a meeting of the Photo club Wed. November 23, at 4:00 in Mr. Roger's room.

NEWS FROM ABROAD

Ethel McDonald of Stevens Point is acting as assistant in the kindergarten of the Training School.

Arba Shorey of Chicago, who is employed in the Hardware Mutual is spending this week doing work at the Home Office.

Dear Central State Friends,

I hope this will bring forth a series of letters from my many friends at CSTC. It helps me keep up on some of the news at least. I am sending a couple copies of our paper to the Pointer office thinking it may be of interest to some one.

You want to know about California and I think it is all like a fairy tale. California has everything—gorgeous natural scenery and beauty of every kind—loads of money and a climate incomparably beautiful. I am teaching swimming and dancing. We have a professional to teach golf, one to teach fencing, one to teach riding. And the rest of the department teaches the tennis and hockey. I have only 10 classes a week to teach—2 on Tuesday and Thursday and 3 on Monday and Wednesday. I see that the gardener keeps the pool hedge cut, and the grass mowed, and the place clean (and believe me, it is spotless—like a beautiful big country club). The pool is made of aqua blue tile, 75 feet by 40 feet with low board and high dive. The showers, office, dressing rooms and hair dryers are in a white stucco building along one side. It has terrazzo floored porch on which is much wicker furniture for the convenience of guests. Gorgeous place. The peaks of the Sierras rise just behind the building, 10,000 feet high. And between the pool and the hockey field (which is all our own, mowed and sprinkled every day) is a grove of orange trees, ready for your Thanksgiving.

There are four dormitories surrounded by blossoming bushes, trailing vines, huge eucalyptus trees, fig trees, pepper trees and jasmine bushes which give off their odor at night and makes the whole place smell beautifully. There are many formal gardens with little fountains. There are patios and courts for each dorm with cactus and odd trees growing within. The buildings are all white stucco with red tile roofs—many little towers and open upper verandas. Cloisters run between the buildings. At the south end of the quadrangle you go through an arch and down two steps into a beautiful series of gardens where there are fountains. Here anyone may go to cut flowers for their rooms. Off this large garden section is a smaller one surrounded by high walls inside which are beautiful mosaic pictures, stone benches. And down the cloisters is the sanctuary—a small room with altar, candles, Bibles, prayer books etc. for those who wish to go.

There are low box hedges surrounding the walks. At night at the corners of the hedge and at the little steps here and there are tiny covered lights which reflect a glow on hedge and steps.

THE WISDOM CORNER

By "DOC" BEN

In a recent column I suggested that the reason we lacked Pep in school was because of a "to individualistic" attitude on the part of the student body—a lack of unity.

Our most modern excursion has shown that with a little direction we can be something besides a morgue. The students who cooperated presented themselves as being spirited, still human, having a sense of humor, and able to do something for the mere joy or love of it, rather than conforming everlastingly to regimentation and professionalization.

We cannot condemn all those who stayed home—some were just sick potatoes—some had legitimate excuses, some were authoritatively held, and others were just plain scared.

The scheme has been variously termed idiotic, poorly planned, misdirected, and engineered by a few recalcitrants who have not yet found what they were in college for. To all of these charges I object most emphatically, and answer with one statement—Whoever uttered them sees but one side of the question (Hfs own). From the student's standpoint it was highly successful—They bore no malice, they needed a medium of escape, and they had a good time. (Personally I don't think that those who stayed home learned a bit). Are you sorry you didn't go?

Hasty judgements are always dangerous; in this case the facts were erroneously interpreted, and in some instances not even considered by the judges.

Some people occasionally become so obsessed with their own ideas that they forget to overlook, see humor only in their own jokes, and cannot gracefully accept defeat.

Again I extend compliments to the "Pep" students—you have demonstrated that you have life and spirit; you are able to make up your mind for yourself; and you can still do things for the love of doing. You have a sense of cooperation; you have a sense of unity; and a realization of judgement. This you have shown by taking the first step toward establishing the student body as an entity rather than one made up of individualists.

Objectors have a right to their own opinions and I may be wrong; nevertheless, I am firmly convinced that no undesirable repercussions will be prompted nor originate from the "pep" gang.

I have been out on one camping trip—a small one with only 12 girls. We went up into the mountains and there things seemed familiar again—large pine trees etc. From the lodge the girls drove me a round about trip home through Palm Springs. That is the winter playground of the movie stars and other wealthy people. We drove round and round mountains on which absolutely nothing grows except a few cactus and strange things called "Lords candles". Down in the valleys are date ranches and grapefruit groves. We saw the north edge of Saltion Sea which is some 300 feet below sea level and surrounded by miles and miles of desert in all directions. Colors are most unusual and distances tremendous. Desert never means flat country—it is mountainous desert with large valleys of white sand and nothing growing—but always mountains everywhere.

On the week end of the 28th I take out 80 girls to camp in the desert. There are 4 of these large camping trips a year; one to the desert, one to the mountains, one to the beach and one 5 day one which is special. We may go down into Mexico on that or we may charter a cattle boat and go out deep sea fishing or visit the islands.

I wish that all of you could take a bus and drive out. The sights and thrills are like a fairy book of adventure. I drove out alone and loved it all. So many things to see and love and absorb. Even the little lizards that come up near the swimming pool fascinate me. I can sit waiting for a class to come and look above at the mountain peaks set off against very blue skies.

This letter is for anyone interested—please read it to all my friends.

My love to all of you, Beatrice E. Richardson

Strangers

Irate Straphanger: "See here, who are you pushing?"
Second Ditto: "I dunno. What's yer name?"

Too few students realize what the consequences of that Friday morning demonstration could have been. Had not a few faculty members gathered their wits to hastily explain, the publicity would have been most undesirable. After all, it did carry all the earmarks of a strike. And for what? The harmony between the administration and the student body is perfect. And after stepping into the strange and difficult position that Dr. Falk has..... well, picture the man we have learned to respect not only for his position but for himself, standing before his superiors hopefully trying to explain why his student body openly rebelled and walked out of C. S. T. C.

I know..... of course it wasn't a walkout. But then, even though it wasn't meant to be, the students did leave their classes and when someone walks into a classroom and boldly says, "This class is dismissed," the students blindly follow an unauthorized command and what is that but open rebellion? It appeared to be a part of the Armistice Day exercises and many students followed in the best organized Pep Parade that C. S. T. C. has seen in years. Most of the band members thought that it was a Pep Band going out of town a few miles to escort the Oshkosh people in.

The whole situation was thoughtless blundering rather than determined and premeditated disrespect. But to those elders who choose to condemn us rather than correct us..... may I remind you that some of your college past includes some "rip-roaring" demonstrations that would make ours look like a prize collection of "panty waists." You can well afford to suppress some of those yarns, as long as you're hired to be an example. Then again, some of you aren't so reserved and we respect you for it. That makes us as human as you. The parade, as a Pep Parade, was a huge success but the organization of it was most deceiving.

Laschkewitsch was here on a 5 year plan but since Friday he's decided to augment to seven and one half..... if everything goes all right.

The Rural Department has the best portrait subjects on the campus. The people who posed for Iris pictures were of many types. Those from the Rural Department were the most natural and the least vain. Hence, a photographer can recognize his problem before he's taken 2 or 3 "shots." Miss Roach's Norwegian ideals (watch me get a rise out of that one) is greatly responsible for the splendid attitude of her people. Miss Hanna and Mr. Neale are equally influential but they won't let me pick on them. (Correction please, Miss Roach does not choose to be Norwegian. Or wasn't her favorite book "Why God Loves the Norwegian"?)

The band has a trumpet trio that would compete with Horace Heidt's Trumpeters. Jindrick, Mosler and Olingy can "cripple tongue" with the best of them. One of these days let's have a Student Variety Program and prove that we have as good a talent right here as most we pay for. This campus has dancers, singers, and musicians that would make good stage presentation highly probable.

Finis Thought—Who is our most wanton, ambitious and radical organizer on the campus this year?

SOCIETY LIFE

Busy Week for Omeg's

Dates would not make any difference to Omeg's pledges this week for time would hardly permit. Tuesday night—sorority meeting; Wednesday evening—rough initiation; Saturday formal initiation followed by a dinner at Hotel Whiting. Alumnae from town are expected to be present at the dinner.

Remember the successful Omega card party last year. A similar party is being sponsored on Friday evening November 18 at eight o'clock in the new gym. Prizes are to be awarded, and lunch is an additional attraction. Come one—come all.

Phi Sigma Epsilon

Phi Sig pledges will terminate their pledging days with the formal initiation banquet at the Phi Sig house on Saturday evening. By that time, the perils and fears of rough initiation on Friday night will have been a thing of the past. It is expected that a large number of alums will be present at the dinner, which will be served at six-thirty.

Tau Gam Plan Restaurant Party

The goal for Tau Gam pledges is not far away, but a few obstacles stand in the way. In addition to the numerous duties imposed by actives on Friday, November 18, the pledges will undergo a really rough initiation. Afterwards, pledges and actives will have a party at the Pal Restaurant. Formal initiation will be held at Hotel Whiting and a dinner will follow it. The ceremonies will take place on Saturday, November 19.

Chi Delta Rho

what? Rough Initiation when? Wednesday evening where? Any where why? Pledges wonder. The formal initiation of the Chi Delta Rho fraternity pledges will take place at the Chi Delt house at 6:00 o'clock on Thursday, November 17. The traditional procedure will occur in the usual manner.

The formal banquet of the fraternity will take place at Nelson Hall Saturday, November 19. The dinner will precede the Panhellenic dance. A number of alumni are expected to be present. Warren LeRoux, the chairman of the committee for the dinner, has made arrangements for the Circle of Methodist ladies to prepare and serve the meal. The recent members of the fraternity will undoubtedly have regained lost sleep and appetites by Saturday evening—it is hoped.

College Theater To Present Plays

(Continued from page 1, Col. 5)
Unger as Grov, Phil Runkel is director of this play and Harlow Henninger is assistant director. "There's Always Tomorrow" has Norman Benson as Bob Evans, Sara Anderson as Joan, his wife, Alice Wagner as Virginia, and Mary Jane Fleming as Mrs. O'Leary. Earle Siebert is director of this play and he is assisted by Florence Kaplan.

Meyer and Runkel Head Technical Staff
Responsible for the complete and certainly harmonious scenery used in the two heavier plays is the technical staff headed by the technical co-directors, Phil Runkel and Ted Meyer. The other managers are: stage, Merrill Meverden; lighting, Joe Ophosen; make-up, Madelyn Davet; costumes, Janet Poggemiller; auditorium, Jeanette Van Natta; business, La Rue Smith; and publicity James L. Murat.

People Urged To Be on Time
The curtains will open at 8:00 P. M. All persons are urged to be there before time, so as not to interrupt the enjoyment of the audience. Persons will be admitted to the auditorium only while the curtains are closed, not while any play is in progress.

CASH in the pocket is as elusive as quicksilver in the hand. To retain both bank the one and bottle the other.

DORMITE'S DATA

Many a dormite was disappointed when she discovered that the wonderful Bill Zonke was merely a fictitious character. Too bad, girls, but there are still a lot of nice fellows around these parts.

This week ends the pledging season, and we might add starts the terrific last week. Of course, you can't help but notice those pledges. Poor "Flossie" has been wearing the same shirt for a whole week, while Adams struts around with hair ribbons amid her curls.

Rummage sales are a thing of fashion, these past few days. Some people really got some bargains, and the girls were glad to get rid of their old clothes.

Do you realize that Thanksgiving is a week from tomorrow? Are we looking forward to it????

A new girl, Arlene Huntoon, has moved into the dorm. Glad to have you, Arlene, and we hope that you'll like being with us.

The Chi Delt's want you dormites to know that they are having a movie benefit this week, and would appreciate your purchase of your tickets from them.

Do you know your dormites?

Tall—red blonde—from east of here—musical—pledge of two organizations—goes so-so with a graduate of C.S.T.C.—N.Y.A.—good dancer—goes places—peppy—well liked.

HEYER ANNOUNCES ALL STAR TEAMS

The touch football season ended last week with the Eagles defeating the Miller Flashes seven to six for the championship. Chuck Heyer selected an all star team from the respective teams this weekend.

All Star Teams

POINT DEFEATS OSHKOSH IN SEASON'S FINALE

In a victory that was as convincing and as devastating as has been seen on the local field for the past few years, the scarlet horde from Stevens Point College swept to a 16-0 victory over Oshkosh here last Friday. On Armistice day a crowd of close to twenty five hundred people saw the Pointers score almost before the whole throng was comfortably seated and then go on to out play their opponents for the remainder of the game, hanging up another touchdown on the tally sheet in the third quarter and to pint it off with a safety in the final quarter.

Point Scores Early

The Purple and Gold gridders struck quick and savagely in the early minutes of the game. After kicking off to Oshkosh, they received the ball at midfield when Oshkosh elected to quick kick on the first play. In seven plays from this point the boys struck pay dirt. Hanig made 1 on the first play and Winker added two more on a center smash. Fritch then rifled a pass to Hank Nimz for twenty six yards and a first down on the Oshkosh fifteen yard line. Fritch followed this up with a ten yard smash on a delayed buck through the left side of the line. Winker was stopped for no gain and Hanig made two and one half. It appeared that the Pointers might be stopped at this point but on the next play Fritch drove inside right tackle and smashed cleanly over the goal. Mick McGuire entered the game at this stage and booted the placement for the extra point.

The game see-sawed back and forth from this point with the Pointers having a little better of the argument. Oshkosh threatened to tie the count early in the third quarter when with Grane and Kolkofen carrying the brunt of the attack they reached Stevens Point's six yard line. The Pointers rose up here and with their backs to the wall they threw back three vicious assaults at the line before a pass into the end zone was grounded.

Safety Score in Last Minutes of Play
Stevens Point tallied right after this when on an exchange of punts they received the ball on the Oshkosh forty eight. It took only three plays from here plus two five yard penalties on Oshkosh thirty eight yard line. Winker made one and then Koehn on a twisting reckless bit of broken field running lugged the oval to the twenty. Fred Nimz took it to the promised land on one play. McGuire again added the extra point. The rest of the game was played in Oshkosh territory with passes being Oshkosh's main diet. A safety in the final minutes of play ended the scoring for the afternoon.

Outstanding for Point were Fritch, Koehn and Nimz in the backfield with Burch, Loewecke, Bernstein, and Bohan in the line. For Oshkosh, Grane and Kolkofen were the outstanding freight men while Hansen, Vokel and Emberston did yeoman in the line.

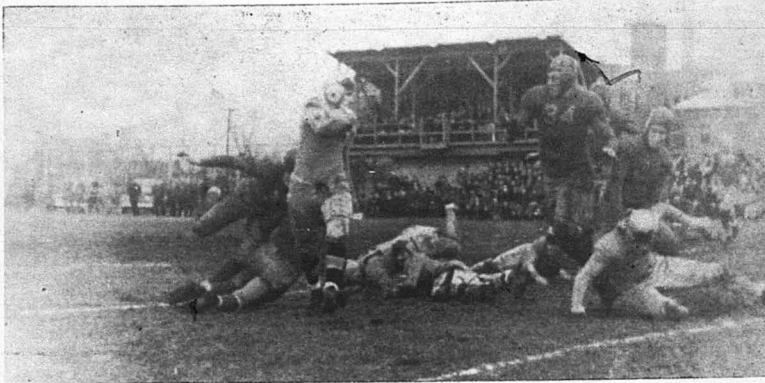

The line-ups—

Oshkosh	IE	Point
Darr	LT	Smith
Spectk	LG	Copes
Meyers	LG	Loewecke
Hansen	C	Hoffman
Vokel	RG	Burch
Emberston	RT	Slotwinski
Batterman	RE	H. Nimz
Kolkofen	O	Cashin
Rieben	RF	Fritch
Grane	RH	Hanig
Beiber	F	Winker

COED'S COLUMN

Notice! Notice! Here is the new winter sports schedule. Make use of it!

- Basketball—Monday and Wednesday—4 o'clock
- Volleyball—Tuesday and Thursday—4 o'clock
- Dancing—Monday and Wednesday—5 o'clock
- Badminton—Tuesday and Thursday—5 o'clock

How about having an intra-mural tournament in Basketball this year? Maybe if enough of you come out we will be able to "swing it". Remember this is only a suggestion.

Those girls taking the Phy. Ed Technique courses are having a lot of fun with their respective training school classes. Some are even teaching over it the Rural Demonstration School. The hours are being arranged so that every class can make use of the gym.

Sometime soon the dancing class is going to put on a short program. We'll tell you more about it later.

The coed sports program has finally been arranged. Miss Gormley, Miss Davidoff and Mr. Heyer will help get things started. Here's your chance "you guys and gals" to get together for an evenings fun in sports.

On Monday's and Wednesday's at 7:15 Badminton, Ping Pong, and Volley Ball will be offered. Here's a chance to show your technique. Thursday night starting at 8 o'clock Ball room dancing and perhaps a little trucking and the Susy Que will be offered.

Zoddie Malesvich still reigns supreme in the Ping Pong tournament. Why don't you challenge her?

See you out for sports.

LOOKING BACK

by JOE BLOOM

As we take a look back over the season we can say that it wasn't such a bad season taking it all around. We ended up with three victories, two defeats, and two ties. Two of the victories were in conference competition and one was against an outside team. The highlight of the season was, of course, the victory over Oshkosh last Saturday. A victory over Oshkosh makes any season a success as far as Pointer fans are concerned. Still we can't forget that the Point also pushed Platteville off the undisputed throne.

Freshmen are Outstanding

The biggest and most successful part of the season as we see it is this. The discovery and outstanding play of the freshmen. Winkler, Hanig, Kohn, Cashin, and Fritch bid fair to give the purple and gold one of the finest backfields the conference has ever seen in years to come. Then there is also Denk, Danna, Bob Reading and a few others to bolster this crushing crew: In line play, too, the Freshmen gave an exhibition that would do justice to any team. One cannot forget the fine end play of Hank Nimz and also the center play of Parr and Hoffman. At tackle Stimart and Johnson gave a good account of themselves when ever called upon.

If we were to pick an all conference team it would look something like this:

All-Star Teams

Wending—Milwaukee	End
Slotwinski—Stevens Point	Tackle
Loewecke—Stevens Point	Guard
Sherman—Whitewater	Center
Gajewski—Platteville	Guard
Dickoff—Whitewater	Tackle
Krzoska—Milwaukee	End
Grane—Oshkosh	Quarterback
Perkins—Platteville	Left-Halfback
Karpowitz—Mil.	Right-Halfback
Houck—Stevens Point	Fullback

Second Team

Olingy—Stevens Point	End
Tews—Milwaukee	Tackle
Sires—Milwaukee	Guard
Hansen—Oshkosh	Center
Burch—Stevens Point	Guard
Bernstein—Stevens Point	Tackle
McAllister—Platteville	End
Eckonrod—Milwaukee	Quarterback
Staffeldt—Platteville	Left-Halfback
Gulan—Whitewater	Right-Halfback
Fritch—Stevens Point	Fullback

Successful Season Boosts Student Euthusiasm

There it is. We've got to go on what we saw and those boys looked best to us. Maybe there were objections but as near as we can figure it, these boys get the call.

So it was a pretty good season after all. The enthusiasm of the student body was restored we hope for years to come. As we close the books on football we look forward to a highly successful season next year.

KOTAL ISSUES CALL FOR BASKETBALL MEN

As we turn from football and look forward to the basketball season we learn that Coach E. H. Kotal put in a call for basketball last Monday. We look forward to a very successful season this year. Stevens Point finished second last year and we hope to raise one notch in the standings this year.

Veterans Back

As a nucleus for this year's aggregation Kotal has on hand several veterans. Fred Nimz, a veteran of three years competition has a leap on the center position. Captain Hank Warner should show plenty of class at one forward position while Art Bandow showed up well as a guard in the last half of the last season. With these men as a constructing bases the team can well be rounded out with such men as Fe Bohan, a guard, Bob Bishop, a forward, Frank Schneider, a forward, Mick McGuire, a guard, Tom Jaaska, a forward, and Bob Olk, a forward. Freshman material that should provide competition are Hank Nimz, from Wausau, Pete Terzynski, from Rhinelander, Jim Cashin, from Stevens Point, and many others.

The conference competition is going to be tough this year but we look to see the Pointers right up at the top when the final count is made.

QUIZ BEE ON FALL TRAVEL

THE PROFESSOR: "You won't earn a single cent (cash money), folks, if you answer all these questions 100% right—but you will learn how to save plenty of pennies on the next trip you take."

- Q. "Do buses ever travel over the ocean?"
- A. "Yes they do. They cross the ocean between the Florida mainland and Key West on the amazing new Overseas Highway."
- Q. "Absolutely right! Now do you know the best time to travel through the Southwest Indian Country?"
- A. "Anytime. Right now, in particular—the climate's wonderful."
- Q. "I see you've traveled. Perhaps you can tell me how to travel at less than 1/2 the cost of driving a car."
- A. "That's an easy one—by Greyhound."
- Q. "100% correct! If all Greyhound routes were placed end to end would they reach (1) from coast to coast; (2) to Singapore; (3) twice around the world?"
- A. "Twice around the world."
- Q. "Right! Now tell me, who can afford a trip to Florida?"
- A. "Only millionaires. I guess."

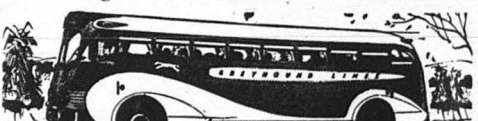

PROFESSOR

Give him the go! Anybody can afford a Southern trip if they travel by Greyhound!

Q. "Now one more question—how can you double your sightseeing on a fall trip at no extra cost?"

A. "You go by one scenic Greyhound route—they return an entirely different Greyhound route."
