Photo Exhibit Reveals Many Interesting Pictures; Famous Photos In Collection

A huge locomotive stopped for a brief rest is being carefully checked and oiled..... A diver seemingly pausing in mid-air as he is "caught" by the camera against a fleecy background of white clouds..... Nature fantastically clothed in shiny mail of snow..... The eyes of an old Chief of Araby peering warily through heavy, loose eyebrows.

These and many other interesting subjects may be viewed at the salon exhibition of prints in Mr. Rogers room, Wednesday and Thursday of this week. These prints were taken by the foremost photograph exhibitors in the country.

Exhibitors Widely Known

The prints are on different grades, makes, and types of photographic paper such as rough, semi-matte (old ivory), and fine grain, etc. There are pictures, by such men as E. P. Wightman, Herbert Johnson, J. F. Collins, Rudolph Boyer, and A. Steiber. These men, as well as others in the exhibit, are widely known for their excellent work in the field of photography.

This exhibit is being sponsored by the Photo Club.

"The pictures of this exhibit show a large variety of composition, action, and human interest. Such an exhibition has never been shown here before and much appreciative value can be obtained from a close study of these pictures," said Mr. Clifford Sprague of The Photo Club.

STUDENTS ASKED TO AID IN POLICING SCHOOL

This is the time that will probably be the most important in the lives of many of students—our graduating people. To have a job or not to have one—that is the ticklish and insecure position in which these students find themselves. It is up to us to aid them. We should in no way hinder these prospective teachers in finding employment. Therefore, I believe, as does President "E. T.", that the cigarette stubs and burned matches do not present a pleasing "taste" in the mouths of employers. It is up to the members of C. S. T. C.—students and faculty—to prevent the disagreeable sight that exists around every entrance. In so doing we shall probably aid in the placement of some of our graduates. **REMEMBER** you too will soon be looking for a job.

President Smith has issued an S. O. S. to all students to cooperate in policing the college at night. He stated that he wanted all of the students to use the building but this would be impossible if there are to be any disturbances. Let's all see that people obey the following rules: Turn off all unnecessary lights. Act like ladies and gentlemen. Respect the rights of others, and do not destroy public property. We owe this to the school, to ourselves, and to President Smith.

Final exams are coming!! A word to the wise is sufficient. School work comes before play.

Team Defeated at Wautoma

In a hard fought battle at Wautoma our base ball boys lost to the city team of Wautoma last Saturday. The final score was 12 to 6 in favor of Wautoma. Up to the seventh inning Stevens Point was in the lead 6 to 3. In this inning Wautoma tied the score. No scoring was done in the eighth inning but in the ninth the Wautoma boys scored six runs before they were put out. The people witnessing the game crowded out on the diamond and made such a din that the boys became excited. This was during the last inning and reminds one of the kid games in which everyone made all the noise possible to rattle the opposing players.

Rural Life Club

The final meeting of the Rural Life Club, May 21, was devoted to the topic of Rural Recreation, the speaker of the evening being Miss Bronson. Children from the Training School gave some very splendid demonstrations of games and dances which might be used in the rural school. Other features of the program were readings by Richard Horan, singing by the club, and a musical reading by Edith Uher.

The annual picnic of the club will be held Monday afternoon, May 28.

Invitations are out for the Faculty Reception of the Department Education for Saturday evening, June 2.

2 YEARS AGO

Resignation Leaves Empty Place

The resignation of Doctor Collins leaves a vacant place on the staff of this college which it will be impossible to fill. In addition to being a mathematic teacher ranking with the best, he brings to his classes an extensive knowledge of an infinite variety of other subjects, the keenest of observations on current problems, and a youthful outlook on all controversial issues. Too, he is a real friend of his students, helping them out with his philosophy of life. His wit and good humour have been unbounded. No student at Central State who has studied under him will ever forget his innumerable stories, his pointed illustrations, and his individual mannerisms.

As a mathematic major, I feel particularly qualified to express what I think all of others feel. It is with deepest regret that we see you go, Doctor Collins. As long as we live we shall never forget the work done under you. May your future work be as successful as that done here. There will always be a warm spot in our hearts for you. We shall never forget you, "Doc".

"Student Activity Fund"

Time has lead us toward the close of a year under a new activity budget. This is, of course, too early to determine, positively, the success of the new allotments to all observation it would seem, however, that all parties were pleased with the arrangement. It would be desirable if all organizations would publish a record of the movies expended, whether or not grievances be advanced. The student body is entitled to know how their funds are spent.

At the request of some of the student, I am including the new appropriations out of the eight dollar activity fee paid by each student.

While we are on the subject of financial questions, I still say, as I did last fall, any student paying class dues is entitled to know how his money is used. In the absence of a student senate or like body, the initiative should be taken by the class officers and faculty advisors. We believe all treasurers to be honest but an inquisitive curiosity should be satisfied.

Bob McDonald, a local lawyer and second president of the club, and Mr. Thoburn Peterson, a charter club member, will represent the alumni at the banquet. Mr. T. A. Rogers will be faculty representative at the banquet and other special guests will include Dean and Mrs. H. R. Steiner, President and Mrs. E. T. Smith, Mr. and Mrs. Hugh Hoffman, associated with the "Stevens Point Daily Journal", Mrs. F. N. Spindler, President of the local Twilight Musical Club, and Mr. H. Clay Blazdell of the Kiwanis Club.

Steiners Made Special Contribution

Another member to be lost by graduation is Miss Roberta Peterson, who completes three years of active service as organization accompanist. Mr. and Mrs. Steiner have also maintained an active interest in the organization for a long period of time. They have had a son in the organization since it was first started six years ago.

Director Completes Sixth Year

Deepest appreciation and respect will also be paid by club members to their director, Mr. Norman E. Knutzen, who for six years has guided the destiny of the glee club as it was pushed forward to new levels of accomplishment. This annual affair will ring down the curtain on a season of extensive activities for the Glee Club.

"Ain't It The Truth"

Red Smith's sudden attack of scarlet fever was a tough break to the lads of Chi Delta Rho (and Red too, incidentally). The boys had just started digging in over at the new house on Clark street when calamity struck and the lads staying at the house had to beat it out of town. Anyway, they're going to throw their formal this week in spite of all obstacles, they tell us, so here's good luck to them on it. (Red won't be able to attend the dance of course, but by the end of this week he'll probably have renounced the world with all its wickedness and sin anyway. His companion and spiritual guide is none other than Parson Warren Le Roux. It seems that the "Rev." didn't sneak out in time and got quarantined along with Red.

We hear that "Hatch" Berard is quite a boy at window washing, and cheap too, in his prices. One of the hotter afternoons of last week, Berard spent some time washing the windows for a lady in her spring cleaning drive, dreaming at the same time of the hard coin she'd cross his palm with when the job was finished. Evidently she had different ideas, because when cleaning activities were finished, she gave our young hero in payment, a handful of "nice, fresh, cookies, baked them myself." At that point "Hatch", your move would have been to peddle the cookies to some local bakery, or to get a handful of mud and fix the windows up again.

Kenny Storandt, our own "Daisy", lost his appendix last Saturday at Saint Mike's hospital. Before the operation, Ken thought that the stomach ache was the result of a frivolous and mischievous hot dog, eaten the nite before. He still doesn't think any different we surmise, because when one of his fraternity brothers went to see him two days after the operation, Ken said, "The hospital is swell. The only thing that gets me down is that they won't let me get up and walk around"..... that from a guy just off the table. Ken's friends will have to warn the nurses to watch him so that he won't sneak out on the roof one of these nites and turn handsprings. (The little rascal still blushes when the nurse takes his pulse, too.)

The Jitter Bug contest at the local Theatre has drawn out some of our more nimble limbed dancers. We hear (and have seen) that "Grunt" and Gene Belongia swing a rather wicked heel when they get going on some of those hotter numbers. Ray Hodell had a yen to participate too but the rest of the contestants complained that it would be unfair competition.

The educational duties of any radio station or network are its most important function, and heaven help the backward that leaves that important function to the charity of its commercial sponsors. While it is true that many advertisers have shown foresight in sponsoring programs of outstanding educational merit, where one firm tells its listeners instructive fact, fifty will dish up pure fiction. This fiction may pull box tops today, but I believe that fact, while pulling fewer box tops today, can raise more sensible customers for tomorrow, and pay more dividends the day after.—Elliott Roosevelt, President, Texas State Network, in the March issue of Advertising and Selling.

try to publish as good a year book as we have had any other year," was Miss Johnson's statement to the Pointer this week.

Another newcomer this year, Philip Anderson, a sophomore, will be the business editor of the "Iris" for the coming year.

"Phil" is enrolled in the high school department, majoring in history, and minoring in general science. He completed his freshman year by taking University Extension work at Waupaca.

Though not very active in extra-curricular work, "Phil" proved-up in debate this year.

"Phil" attended a rural school near Scandinavia, graduating from the eighth grade in 1932.

The next year he enrolled in the Scandinavia Union Free High School. In high school he was very active in extra-curricular activities. "Phil" was graduated valedictorian of the senior class in 1937.

Mr. Anderson has many constructive plans for financing the "Iris".

Henrichs To Be Head Photographer

Vernon Henrichs, a sophomore, will manage the photography of the "Iris". This is one of the hardest and most technical jobs on the staff.

He has assisted with photography on this year's book, and has gained valuable experience for next year's position.

Bohan, Bandow Lead 39-40 Athletic Teams

Dynamic Wingman Leads Next Year's Football Team

by JOE BLOOM

The gridders of C. S. T. C. got together last Thursday evening and elected Fe Bohan to lead their escapades on the gridiron for next year. Bohan was a popular choice for the job. Ed Slotwinski three years regular tackle for the past three seasons was the next closest choice, but Fe won by a substantial margin.

Three Year Veteran

Fe has played regular right end on the Point grid team for the past two years and played a good share of the time in his freshman year. Always a dependable worker Fe was best when the going was toughest. As a defensive end his flank was seldom rounded for any material gains by opponents and on offense he was a bear. As a pass catcher Fe could be relied upon to snatch one out of the stratosphere and pick up a few needed yards.

Great Leader

Although well versed in the mechanics of play Fe will best be remembered by Pointer fans for his great fighting spirit on the gridiron. Always a battler, the boy from Chicago Heights was never willing to call it quits until the timer's gun told him to. His aggressive and fighting spirit were some of the things that raised the Point eleven from a mediocre football team to an irresistible force.

Good Luck

All of the local fans should get behind next year's team and back it to the wall. There is plenty of good material for next year's squad and Stevens Point may once again find its way back to the top of the conference competition. Good luck Fe. We're all with you.

Ninth Annual Playday Scheduled Saturday

Real cowboys, ten gallon hats, ranch capers and all the trimmings—these and many more exciting and enjoyable surprises are in store for the 130 high school girls that will be lucky enough to participate in the C. S. T. C. "Ranch Rodeo" to take place on Saturday, May 13.

Ninth Annual Playday

This is the ninth annual Play Day sponsored by the Women's Athletic Association; the first one was held in May, 1931. Some 50 schools throughout central Wisconsin have been invited and to date ten schools are sending 130 girls. These schools are: Beaver Dam, Fond du Lac, Green Bay East High, Westboro, Hancock, Stevens Point, Port Edwards and Wisconsin Rapids, New London, and Oshkosh.

Festivities To Start At Nine

Festivities will commence at nine o'clock when registration takes place in the college building. Accompanied by hostesses, the girls will dress in sports outfits and progress to the training school gymnasium for the first general round-up. Each girl will meet her ranch mates and the ranch foreman who will act as leader for the day. The twelve groups, representing the Bar X, Circle Q, Triangle, Spur High, Saddlebusters, Steer Inn, Painted Sunset, Lucky Dude, Round-Up, Range Rest, Prairie Hideout, and Cowboy Roost ranches, will sing songs and participate in a stock judging contest to determine the 12 girls with the best posture.

Ranch competition will start at 10:30 when the ranchers vie for honors in baseball, cageball, line soccer, volleyball, kickball and dodgeball. Following these contests, such relays as Jumping the Fence, Thru' the Lasso, Riding the Range, and Round-up will occupy everyone's time.

While these activities are in progress, tennis and horseshoe pitching tournaments will be conducted.

Noonday "Chow" At Nelson "Chow" at Nelson Hall at 1:15 will undoubtedly be very welcome. At this time, ribbon awards, blue, red and white will be given to the top three ranches, respectively. The decorations and favors are being planned in appropriate fashion.

After satisfying good appetites, everyone will meet for the final roundup in the College auditorium to witness a dance program under the direction of Miss Helen Gormley and a tumbling demonstration directed by Miss Adele Davidoff. The public and all students are cordially invited to the afternoon program.

"SIZIN 'EM UP"

Well, the intra-mural baseball playoffs are coming along in fine style with few interruptions in schedule. The Chi Deltis, The Loafers, and the Phi Sigs appear to be the strongest entries.

Chuck Heyer is the only new member in the Madison Blues' lineup this season. This is one of the strongest semi-pro outfits in this section.

There have been more students making use of the tennis courts this season than any of the last few seasons. The renewed interest should warrant some improvement of our tennis facilities. Much work could be done with very little money being spent as most of the work is of the type in which labor is the big item.

Several of the braver male students have been taking pre-season dips in the Plover river. They swear that the w-water i-is f-fine, but we do not see them taking advantage of the fine weather very often.

"Ernie" Ruppel is attempting to teach members of Miss Gormley's gym classes the fundamentals of tennis—he claims that it is the most pleasant he has had since he enrolled here several years ago.

Misses Gormley, Stull, and Davidoff have recently taken up golfing. At present the main problem lies in keeping their golf scores lower than the bowling scores to avoid confusion. Miss Gormley shot an 89 Sunday on the Wisconsin Rapids Course. (9 Holes).

Veteran Guard Is Popular Choice Of Basketball Squad

By JOE BLOOM

Along the line of electing captains the basketball team picked their leader for the 1939-1940 season in the person of Art Bandow. Here again we have a good choice for a leader. Art was almost a unanimous choice to handle next year's laurels on the hard court.

Bandow is not new to Point foes—he represented Stevens Point High School in basketball for three years before entering C. S. T. C. In high school Art was captain of the team his senior year so that the driver's job is anything but strange to him. He was also selected as all conference guard in the Wisconsin valley, his senior year.

Bandow is one of the smoothest guards to play for C. S. T. C. in years. His ability to get the offense under way in a hurry was one of the high lights of C.S.T.C. basketball team for the past two years. Along with this he had an uncanny eye and a cool head. When the game was close and the crowd and other players were in an uproar, Art's cool and heady generalship in the back court stood out. He worked in perfect unison with any combination and was as efficient at the end of the game as he was at the beginning.

Here again we must bid Bandow fair-ye-well. He will have a good bunch of boys to lead and a basketball title is not at all out of the question. As with Bohan we also say the same to Art. Good luck Art. We're all with you.
