**THE WISDOM CORNER**

**DOC BEN**

As the college career of some of our illustrious students draws to a close, they would like to have some of their opinions as a guide to under-class men’s aspirations. The first of the next week I shall interview numerous students. I shall choose them with extreme caution, picking those I consider to be the political backbone of our graduating class. (Consider yourself flattered if I say your name to my printer.)

In all seriousness, let no one say that seniors are not given equal opportunity to be a part of the monument in their stead. This should not be construed as the last word in a class of its own distinction; it refuses to be classified.

Who is the most intelligent lady?

Who is the most intelligent man—baring faculty?

Who is the most intelligent coed?

Who is the wittiest student?

**THIS WEEK AND NEXT**

Sigm Zeta will host a picnic at the Wild Rose Fish Hatchery this Wednesday, May 17.

The Speech club will present "In Search of America" in the College auditorium Wednesday, May 10. There will be no admission charge.

Thursday at 10:00 A.M. there will be a student talent assembly in the College auditorium. Everyone is invited to attend.

Following the assembly Mr. A. will announce those seniors 110 and 112 courses. The subject will be "Poland, Past and Present." Everyone is invited to attend.

Following the assembly there will be a faculty meeting in Mr. Burrough’s room.

At 11:00 A.M. Thursday there will be a meeting of the graduates in the assembly.

The Newman Club will receive the Communion in a body and attend a Communion breakfast immediately after at 7:30 Mass at St. Stephens Church on Monday, May 21st. This is the last activity of the club during this school year and all members are urged to be present.

**Simple Task**

A gesture to a fellow Irish man had applied for work asked if he had any plant work. Assured that the applicant knew about wool he said, "Well, can you make a keg of Steven’s Point’s "No. 2?" It’s a treat, see, to see at my shoe. The man said "O.K.," simply." "How would you do it, then?" "Why, you’d just poke my finger in the eye, son?"

**Keep Up With The Rimes**

**HER ARE WENT**

Are we going to practice right and left? We are black and blue in eye. Where is her bite with a bone. Blue is are spirit also—

Do I know how she are lonely. She are really be surprised. "Do I can have she only. I are rather be demised. Still and all it are not here bad. I are see experience tech. Did she would come back I’d say, "Yes, you’re not the only pebble on the beach." —Paul Iadefski.

**SONG OF A PURITAN**

Don’t indulge in smokes or glass. When you are a naughty tale you ask me what I do with time. I’m doing mine in jail.

The following are contributions made by Santa Clara students—everyone wishing to contribute to "The Pointer" or the Pointer Office.

**POINTS FROM Old Pointers**

15 YEARS AGO

The last meeting of the Home Economics Club was held Monday evening, May 14. A very interesting milk demonstration was given by five of the junior girls. They demonstrated how appetising milk dishes could easily be made for the children. Each one gave a talk on the value of milk and fruit juices. The demonstration was held in the white kitchen. We then adjourned to the Rural and Home Economics club. There was a very interesting meeting of a mock Home Economics faculty. "See yourself as you might be a few years from now," powerfully said Miss Craig as the maiming time was spent in playing "Connie."

Miss Craig, Miss Wilson, Meston and Church entertained the Home Economics seniors at a chat-dinner supper Sunday evening, May 17.

2 YEARS AGO

Plans are nearing completion for the Tau Gamma Beta Sorority spring formal, which will be held Saturday night at Hotel Whitmore. The dinner for active and alumni members will be held at 6:30. Somber colors will be carried out in table appointments and decorations. The toasts, prepared by Alice Cole, Regina Schwabke, Ethel McDonald, Laura Jane Rosene, and Dorothy Mullany will be awaited with much interest.

Chaperores and guests for the evening will be President H. and Miss A. They have been selected by Mr. and Mrs. L. E. Kott, Capt. and Mrs. F. A. Hitz, Miss N. Johnson, Mrs. W. W. Cassady, and Miss Jesse Jones, faculty advisor.

The music of Charles Brinkley and his twelve piece band will be featured for the evening of dancing which will begin at 9:00.

Students—all the townpeople and their escorts are cordially invited to attend.

" Ain’t It The Truth"

It’s a sad state of affairs when the faculty has to go out and catch its own breakfast before it can eat. A faculty meeting ended on an unholy note. A salary cut would have been more drastic than we imagined in our wildest fancy. They tell us that they’re going to be able to increment Mr. Johnson’s waders and fishing hat, went out to Galloway, caught a ten-inch trout, and came home and said, "Well, why didn’t you stop him and give a second thought, however, it might not have been an expedience that caused "Tunk" (as he was known in his undergrad days). may be. I forgive me for causing a fellow to be in the right, but a natural love of the sport that marks him as one of the cost avid anglers of the faculty.

Remember a couple weeks ago, we mentioned the ancient but still beautiful spring suit Jerry Rogers. Well, be prepared, the story is true now.

The suit must have attracted widespread attention and established Cremo as a Beau Brummell because a local clothier picked Jerry from the ranks to use as a model displaying his wares at the Home Show.

Some people in Mr. Burrough’s English classes have such an interest in the drama that they have started an old time silent flicker, made their way back in 1920, which they’re going to show the Student on Sunday night, in Mr. Watson’s room. There’s a handsome hero, a mustached villain, and a deplorable heroine. The interest is sure to carry over to all students. This may attend for a very nominal sum. (On the level, only a dime to cover costs.) It promises to be good.

You’re the Hawkeye,” two of the Swinkiewich struts a mean guitar on the stage at the Fox Amateur Show last week. The audience gave him a big hand as they did Harold Irish, whose tap dancing marked him as a threat to the throne of Astaire. Irish may not be as tricky as Fred but he makes up for it in vigour. The Phi Sigis reenacted their "Ah, sweet mystery of life" from the Mardi Gras of a year ago and proceeded to win first prize and ten bucks on it. (Methinks that lot of that tremendous applause came from a bunch of lap-dogs instead of the fic.) (It sounded good anyway.) The boys didn’t know whether to donate the money to the Red Cross or buy a keg of Stevens Point’s Best with it. Any bets where the money finally ends up?

Friends of Greg Dorsha will be pleased to know that both Greg and "Junior" are doing nicely. In reality "Junior" is a banded hound, however, at the time of this writing the wrong cub was in the yard. If the fellows keep on kidding him he will probably have the nurses wrap it in burlap instead of the nice, soft, pink blanket he has on it now.

Judging from the number of girls that keep coming to Greg there must be quite a few of the "fairer sex" waiting for him to get back in circulation again.

**Mr. E. Rogers Presents Books To Library**

About one hundred books from the private library of Mr. E. Rogers, wife of the late Dr. Rogers, longtime Stevens Point physician, have been presented to the Central State library as a gift by Mr. Rogers.

Mr. Rogers comes from a family which has long been interested in education, and particularly in that offered by normal schools and teachers colleges. He is a member of the American Medical Association, and John Phillips, lived most of his life in Stevens Point and was on the State Board of Regents of Normal Schools from 1876-91. Tracing back another generation, the father of Mr. John Phillips was the founder of the first teachers’ college in the United States which was established in the state of Vermont.

Gift Made Through Mr. Evans

The Quarterly Henry J. Evans, a member of the faculty, who expressed to Mr. Rogers the appreciation of the school. The books were those that Mr. Evans read over and over, and were chosen by Mr. Evans to give on their original or on a branch of their original that would be of use in the library for tabulation and classification. After this work has been completed on them, the collection will be distributed to the proper places in the library where they may then be used by the student of the school.

Intramural Track Meet
To Be Held May 24

The intramural track meet which has been scheduled for Wednesday, May 24 already has drawn several contestants from all four classes. Eight events will be run off including the one hundred yard dash, half mile, broad jump, high jump, mile, discus, shot put, and relay. The meet will begin at 3:30.

Several stars of former C.S.T.C. track will be seen in action. Ray Grandkowski, who has been a crack miler for the past three years, will run in the half and mile run and also the one hundred yard dash. Hank Warner is a high jumper of note besides being entered in the one hundred yard dash. So far the upper classmen will pin their hopes on Duecker, Warner, Copes and Sybeldon in the weights. Sybeldon and Warner will fire the javelin while Duecker, Copes, and Warner will try in the shot put. So far the upper classmen have no one entered in the relay.

The lower classmen will depend largely on former high school stars. Ted Frick of football fame will try his luck in several events. Ducky Lewison claims he is quite a half mile runner while Pete Terazycki will attempt to show his stuff in the one hundred yard dash.

In the weights Ted Frick and Bob Klake seem to be the only musclemen among the Freshmen and Sophomores. The entries thus far are:

Lower Classmen: Fricht, Meckish, Turner, Schrank, Cashin, Tezycki.
