CHRISTMAS CONCERT TO BE GIVEN TWO NIGHTS

A mixed chorus of about one hundred voices will be the special feature for the 10th annual Christmas Concert given by the College Music Department. In former years there has been a mixed chorus of about thirty members, but for the first time music enthusiasts of Stevens Point and surrounding localities will be able to hear the full chorus composed of the entire Men's Glee Club and Women's Glee Club. Because the auditorium has not been large enough to accommodate the audience, the Music Department has selected two days to present the performance. This year the program will be given on December 18 and 19. Christmas music will be played on chimes, marimba, and vibraphone from seven to eight o'clock before the actual performance begins. The procession will start at 8 o'clock.

There will be no admittance without tickets. Three hundred tickets will be sold for each night, which can be secured, free of charge, from the Music Department. Final announcements for securing tickets will be made later.

GREETINGS

As I assume my new responsibilities as President of Central State Teachers College, I find my mind frequently going back to some of my experiences of 1909 to 1911 when I was a student at this school. I extend greetings to you not only as your new President, but as a former student at this institution. I hope I may continue to be a student here. My objective is somewhat different now from what it was thirty years ago. I made a study of the school then, as you are doing now, with the purpose in mind of getting the best training I could for the teaching profession.

My responsibility now is to study the school to determine whether it offers the maximum in training good teachers who will find a demand for their services when they finish their courses. That is what I conceive to be my job as your president.

No president can do this job alone. He can only do it through the cooperation and support of a loyal and competent faculty. Since arriving here to begin my work and for several weeks before coming here, I have had plenty of evidence of the friendly cooperation which the faculty is prepared to give. I hope that my contacts with the student body may be as friendly as have been those with the faculty. I am here to serve your interests and the interests of the boys and girls who may some day be your pupils.

W.M. C. HANSEN

7:30 P.M. Primary Christmas party, Nelson hall.

LIBRARY ADDS NEW BOOK ON PARLIAMENTARY LAW

Miss Lulu M. Mansur, Librarian, announced today that the Library has added two revised editions of Parliamentary Usage, by Mrs. Emma A. Fox. This book should be of especial interest to debaters, club presidents, vice-presidents, and all those who are interested in forming new clubs or improving the parliamentary order of their already established clubs. Mrs. Fox explains the laws for a constitution and by-laws of the constitution, the duties of each officer, motions, voting, forms of address, recognition from the president, and information of the writing of minutes.

Mrs. Emma A. Fox, a teacher of parliamentary law, has reached the age of ninety-three, but she still continues her interest in parliamentary law and practices. She has served as official parliamentary at conventions of many national and state organizations and also has been Honorary Vice President of the same club and a member of the Detroit Board of Education. During the last convention of the General Federation of Women's Clubs in Milwaukee all questions concerning Parliamentary Law were referred to Mrs. Fox who was seated on the platform.

LYNESS TO MILWAUKEE

The Board of Review, a committee created by the Wisconsin Education Association, will meet in Milwaukee at the Schroeder Hotel, Montgomery Dec. 9. Registrars of the State Teachers' Colleges and the State University are invited to attend. Arthur S. Lyness, Registrar, will attend from C.S.T.C.

New President Takes Over Duties Here; Reception Is Held

Received Diploma At Point In 1911; Comes Here From Stoughton

Our new president, William C. Hansen, took over his duties Monday, December 2. President Hansen, a graduate of C.S.T.C. in 1911, received his bachelor of science degree at the University of Wisconsin in 1913. Ten years later he received his master of science degree.

Varied Experience

Many schools in Wisconsin are familiar with Mr. Hansen. He was supervising principal at Neillsville, a faculty member at Eau Claire State Teachers College for three summer school sessions; superintendent at Stoughton for the past eight years.

Daughters at Training School, University

Mr. Hansen's youngest daughter, Kay, transferred to ninth grade at the Training School. His other three daughters are students at the University.

Mr. Charles F. Watson, director of intermediate and junior high school departments, acted as president since the passing of Mr. E.T. Smith, September 28.

Informal Reception

An informal reception to welcome President Hansen was held by Regent and Mrs. W. S. Delzell, Sunday afternoon, at their home. Members of the faculty and the office force were guests.

GIRLS, NOTICE !!!

Dean Pfiffner would like to meet all the college girls in the auditorium at 10:00 A.M. Thursday. All girls are expected to be present.
Welcome President Hansen!

We of the Pointer Staff on behalf of the student body, extend our sincere good wishes to President William C. Hansen. We hope the spirit of cooperation the students have shown in the past will be even more pronounced under our new leadership. Having himself been a student at C.S.T.C., Mr. Hansen has now returned to his old Alma Mater which we hope will continue to be his school for many years to come. We are glad to have you, Mr. Hansen. May your future here at Central State be very pleasant!

Other Editors Say . . .

It is the opinion of the Editor that many of our students very seldom have the privilege of reading editorials published in other college newspapers. Pointer editors have at times been the target of verbal attacks of criticism, but constructive suggestions from the students have failed to come to our attention. Below are several excerpts from editorials which have appeared recently in college exchange copies. Note what they have to say.

"...Unlimited cuts for all students... plan considered practical for better and more thorough education.... It is the duty of the school to give the student everything it can. It is not the duty of the school to compel the student to take it...."

—Illinois Wesleyan Argus

"...Forward America... the American way has been brought about through advancement and discovery and learning in every line...."

—The Stoutonia (Stout)

"...An editorial writer has only three alternatives from which to choose in filling this space. He can praise, blame or suggest. Since there are relatively few things to praise or suggest, and these must be handled with very great care and finesse, the editor of necessity becomes an intense critic of the school life and institutions...."

—The Round Table (Beloit)

"...Dictator invasion of Balkans leaves England in a difficult position... observers tend to believe Russia's aid is England's only hope.... England must keep control of the seas...."

—The Student Voice (River Falls)

"...Is the attitude of the American young people towards the present crisis reasonable?.... "College students," they say, "are the ones who are going to feel the effects of this war the most".... they have no apparent regard for the grave situation confronting them.... Do they?...."

—The Carroll Echo
NEWMAN CLUB

A proposed sleigh-ride party was the highlight of the Newman Club meeting Thursday evening. This party will be held in place of our regular meeting Thursday, December 12. Tony Schwartz has been appointed chairman of the committee. Watch the bulletin for further announcements.

A new type of discussion club suggested by Father Geimer will get under way after the Christmas holiday. Definite plans will be announced later.

RURAL LIFE

Highlight of the Rural Life Meeting Monday night was Mr. Steiner’s talk on “Vitalizing History.” Why not make history teaching interesting? Put life into your teaching. History isn’t a dead subject; put meaning behind your words,” Mr. Steiner stressed.

The meeting began with group singing led by Leota Brandt, accompanied by Berge Grover. Plans were made for a Christmas party to be held December 16. The Rural Life Chorus sang “Sweet Low Sweet Chat.” This was their first performance before the club. Kathryn Metcalf gave a humorous reading, “The Waltz,” by Dorothy Parker. Anderson played the selection, “Fallings Waters,” on the piano and the meeting closed with the singing of “God Bless America.”

SIGMA TAU DELTA

The members of Sigma Tau Delta will meet Wednesday evening, December 4, at the home of Miss Sybil Mason, 833 Ellis Street. All members are to bring their impressionistic writings.

Social Science Club

“Foreign Relationships with Germany” was the topic of discussion at the Social Science Club meeting held Thursday, November 26. Ed Wa- ther presented an interesting report after which the entire group joined in discussion. At the next meeting on December 11, Africa and the Near East, Great Britain, Russia and the Balkans, including Turkey, will be the countries considered in examination.

Home Economics Meeting

The regular Home Economics meeting was held at the recreation room at Nelson Hall. The meeting consisted of plans for our twenty-fifth anniversary which is December 6. The Christmas Party will be held December 16 and plans were made for Christmas charity work.

A very interesting talk was given by Miss Lonergan, Home Demonstration Agent of Green County.

The girls in the Home Economics Cottage held a novel party last Sunday evening in the form of a candy making party. Everything from fudge to taffy to cherry puffs was made. The fellows were given aprons and were told to push up their sleeves and “dig in.” They even cracked the nuts. From all reports it was quite a success.

Y.W.C.A.

Plans were made for the Y.W.C.A. Christmas party and the filling of Christmas baskets, Thursday, Nov. 28.

After the business meeting the “Y-Dubs” were privileged to hear Miss Sybil Mason, who gave a talk on “Books.”

Marcella Francis favored the audience with a tap dance.

We would rather have you stick them back.

J. C. Penney Co., Inc.
ST. NORBERT’S HERE THURSDAY

You should have seen the crowd of girls at the W.A.A. Party last Wednesday night. cucumber games were played and the cleverest stunts were given. I'll bet every girl got at least a pound of that superfluous tissue —run off from the power. Back with the swell lunch that was served—coke, sandwiches, potato chips and pickles. There won't be any informal dance in the Union Christmas because of conflicting appointments.

The Women's Bowling Leagues are really showing their stuff. Last Wednesday's top scores were Dolly Rooman 172, Chet Reichel 129, and Nancy Steiner 148. Not bad for the fair sex. Even though the faculty scores don't sky rocket very high, nevertheless they certainly have fun. Come out again Wednesday night and roll your stuff.

As for basketball—well, there certainly is plenty of white litter. To mention a few there are Eddie Lawrence, Mike Blissett, June Todd, Billie Eichhorn, Ray Launer and a lot of other likable basketball players. Looks like keen competition this year if only more of you girls would come out.

First Matches Rolled In CSTC Bowling Loop

The C.S.T.C. Bowling League opened the 1940-41 season last Thursday with three matches being rolled on the South Side alleys. The Phony Bick, the team from the faculty team No. 1 and the Independents swept three from the Faculty Team No. II. In the other game Seek Echo picked two from the United Cigars while dropping one.

Leon Kalkoffen's 218 was the high single for the evening and Mike Kufel took third high game Schlie's Rock Garden's took the series honors with a 555 score. hodilsky picked up the single game and the high team series with a 905 and 2390 respectively.

The second round of games will be played tonight. Both games will be right after the basketball game. All bowlers are urged to be on time. The public are invited to witness any of these contests. More of them on down and cheer for your favorites. This week's schedule is as follows:

Alleys I & II
Independents vs. Faculty I—95
Alleys III & IV
United Cigars vs. Faculty II—135
Alleys V & VI
Schlie's Rock Garden vs. Phi Sigma—62

Team Standings:

Name Games Average
Kalkoffen 3 160
L. Kalkoffen 3 176
Heiber 3 166
Poslusny 3 165
Siegel 3 160
Van Dulmen 3 153
Trinkle 3 154
Bagnell 3 154
Becker 3 151
Schwierske 3 150

THE MODERN TOGGERY

EXCLUSIVE — NOT EXPENSIVE

FROM THE LOCKER ROOM

By Jimmy Kulisic & Jimmy Hanic

The basketball game between the Pointers and the Blue Devils from Stout provided as many thrills as will be seen throughout the country during the current cage season. The victory during the last portion of play probably will not be matched all season... It was a Frank Merrillwell finish... The Stout boys were crying for the game. It was the third in succession that Point has beaten by one point in the last seconds of play. Victory is sweet when it is won in the waning seconds but it is a bitter pill to swallow when your favorites lose under the same circumstances... Here is hoping that we will not lose an important conference game like that—but here it is again wishing that we can win them by the narrowest of margins... Ray Terzyansky and Ray Warren performed remarkably well, considering that it was their first game of collegiate competition. Danny Helixon, playing his first college game, also performed well. Olk's place when the latter went out on fouls. By the looks of things our cage team will have plenty of scoring power... Milwaukee State has the same quintet that won the conference championship last year... The Kotalmen will be out to avengel two defeats this season: The Kotalmen handed them last year. The 48-41 defeat was the toughest to take... St. Norbert's football squad picked an all-opponent team recently and two of the opponents picked were Johnson and Eckerdod of Milwaukee... Tom Harmon was a marked man in every contest played by Michigan this fall. Seven of the games found him practically shirtless after the contest... Mr. Winsor had quite a time controlling his curves on the bowling alleys last Thursday. The ball seemed to break away from the pins and he had to be satisfied with an 85 and a 90 score... But the real thing is about to happen. Bill says his curve will weave into the head pin this coming Thursday and his final score will surprise everyone. A 155 average is in sight... Dr. Piersen also had difficulty in hitting the pins, and as a result he came up with a 126 score... Inside information says that this was done in order to get a high spot next time. Watch him come up with a 162 average for three games Thursday night. Mr. Steiner is the most improved bowler this year. He is already bowling 11 points better than his average... We saw the Wisconsin-Ripon game Monday night at Wisconsin Rapids and were a little off set by the brand of basketball exhibited. Our team could have beaten Ripon by at least 15 points, and would have given the "U" the battle of its life if it had played them Monday night. Ripon didn't get close to the basket, and they only scored three field goals. Wisconsin on the other hand didn't show Big Ten caliber of play. Any other team with good shots would have given them a battle if not beating them.

Cagres Open With Thrilling Win Over Stout Inst. 43-42

Ray Terzyansky Scores in Last Four Seconds

The C.S.T.C. cagers opened their 1940-41 season by defeating Stout Institute 43-42 last Saturday night at the P. J. Jacobs High School Gym. Ray Terzyansky's basket with four seconds played the margin of victory. The game was a tickle affair with the lead changing seven times and the score being tied eight times. Stout led at the half 26-24. Trailing 42-38, with two minutes to play, the Purple and Gold cagers cause seemed lost until Pete Terzyansky dropped in a free throw and La Verne Van Dyke sank a long shot making the score 42-41. Then with 10 seconds to play Point gained possession of the ball and the clock showed four seconds remaining when "Ace" scored the winning basket with one a handed shot from the side.

Captain Pete Terzyansky was high man for the Kotalmen scoring 10 points, two baskets and eight free throws. Ray Warren, Ray Terzyansky and Helixon looked impatient as a little participating in their first college game.

GREEK HISTORY
LESSON NO. 4

CHI DELTA RHO FRATERNITY
The Alpha Chapter of Chi Delta Rho was organized in 1930 by nine enterprising young men of Central State Teachers' College. The constitution and by-laws were drawn up and approved by this group and the fraternity existed as a legal body thereafter.

No fraternity house was used at first, but the fellows rented a room over a hall in downtown Stevens Point, which served quite adequately as a chapter room for several years. The fraternity began looking for a suitable house and in the fall of that year leased the large Nelson home at 912 Clark Street. The group used this location until late in 1937 and then moved to 816 Normal Avenue.

* * *

The Psychology Club will give a hypnotic demonstration, telling its mysteries and amusing incidents, featuring Dr. George Mount, consulting psychologist. "One of the most amusing incidents about hypnotism is about a young woman who became intoxicated upon water after being told it was liquor," Dr. Edward Mead stated.

—Los Angeles Collegian

STUDENT SPARRING

(Continued from page 2, col. 4)

bodies of the school discussed it pro and con, but the student body as a whole hears only vague reports of the progress made.

The advantages of a competent student council are quite obvious, and to my knowledge would have the universal backing of the students if satisfactorily organized. What student isn't interested in the distribution of his activity money, a voice in the assembly programs, a chance to work up pep sessions and many other student activities. I don't say the present system is entirely wrong, but with more student interest and cooperation we should reach a happier medium.

Why isn't the student body given a chance to voice its opinion on this subject? With the support of the students and the present encouragement of the majority of our faculty, our Student Senate would be a success.

ROUND 'N ABOUT

(Continued from page 2, col. 3)

this at the dime store, and it requires a well developed olfactory nerve (that's what you smell with) Hankies are an old standby and always right-welcome... We favor the monogrammed ones ourselves. These little clocks which come in traveling cases are plenty handy and may a student could use a trusty alarm clock. By all means remember books—everybody likes them. As for musicians—give them music. All records are just the thing for those who have a turntable or just a plain phonograph. I don't know of any woman regardless of age who wouldn't be flattered by a Christmas Bouquet. There are pipes and pipes, so unless you know just the kind he wants don't get "that man in your life" a pipe. Of course, if you knit there are lots of things you can make, but don't plan too much on giving them this Christmas unless you have a good knitting start.

GREEK HISTORY—
(Continued from page 5, col. 1)

ing the school year of 1939-1940 they resided at 718 Clark Street. At the present time they have a chapter room at the Hotel Whiting.

The fraternity was organized primarily for fellowship, but it has stressed scholarship and extra-curricular participation as an important part of its functions. For several years the fraternity maintained a scholastic average of 90 and has never varied much from that in recent years. Publication editors, basketball and football captains, members of the glee club, and officers of honorary, dramatic, and musical organizations have been numerous in the ranks of Chi Delta Rho.

The Alpha Chapter has been especially active in encouraging school activities, both scholastic and social. In 1932 the fraternity presented the school with the Chi Delta Rho honor cup, to be awarded to the student with the highest average each year. The men also donated to the school a large score-board for basketball games, which has been used constantly since its donation. The fraternity also sponsored one fraternity Formal a year, plus one or two general school dances, cooperative sponsorship of two Pan-Hellenic dances and one Inter-Greek Pre-homecoming formal.

The present officers of Chi Delta Rho are:
President .......................... Harry Sheksi
Vice-President ............. Sherman Sword
Rec. Secretary .. Bob Burkman
Cor. Secretary ....... Gerald Torkelson
Treasurer ................. Merville Meverden
Guard .......................... Louis Polusny
Greek Representative . Earle Siebert
Mr. Norman E. Knutzen, Dr. Harold M. Tolo, and Mr. R. M. Rightess are the faculty advisors.

Know The Facts
About Our Men And Women At C.S.T.C.

According to recently compiled statistics it has been found that there are 457 girls enrolled as day students in C.S.T.C. as compared to 322 boys enrolled here.

Of the 457 girls, 108 live at Nelson Hall, 218 room in Stevens Point outside of the dorm, 111 live at home and 21 of these commute.

There are 271 fellows boarding in Stevens Point; 15 live at the Phi Sig House, 14 at Independence Hall, and 21 are commuting.

Most of the boys at C.S.T.C. live in Porrage, Wood, Marathon, Wausau and Clark counties. A few come from outside the state; 1 from N. Red Wing, Minnesota; 2 from Chicago Heights, Illinois; and 1 from Palmyra, Indiana.

The number of girls employed is 113. There are 52 working on NYA, 24 working for room and board, and 37 engaged in doing other work.

The departmental enrollment of girls is as follows: Rural 129, Primary 77, High School 184, Graduates 2, Intermediate 26, Junior High 16, and Part Time 3.

Carroll Players' Tovarich was hailed as one of the best plays ever given by the Carroll Students.
