HONOR ROLL SYSTEM TO BE RETAINED IN TRAINING SCHOOL
For several years the junior high school in the training school has maintained an honor roll for the purpose of encouraging pupils in high scholarship, perfect attendance, and behavior record. Teachers have questioned the influence of the practice on pupils at large, and some have been convinced that more harm than good results both to the children who succeed in getting their names on the roll and those who do not.

This fall Mr. Herrick and Mr. Pierce decided to gather the opinions of the children and their parents on the merits and demerits of the honor roll system in the junior high school. Every pupil enrolled in the 7th, 8th, and 9th grades filled out questionnaires, and 83 parents returned replies to similar questionnaires. Opinions on the honor roll system were asked of the student teachers who had had experience under such a set-up.

Central Staters Fly For Uncle Sam At Randolph Field
Flying officers to pilot the objective 12,800 combat planes of the Army Air Corps, the nation's new first line of defense, are being trained in an ever increasing number.

Two former Central States Teachers College students are among the 266 embryo pilots who are scheduled to complete the basic phase of their training about November 22, at Randolph Field, Texas, the "West Point of the Air."

Flying Cadets Harvey N. Brown, Almond, Wisc., and T. J. Classen, West De Pere, will transfer to the Advanced Flying School at Kelly Field, Texas, for a final ten weeks aerial training in formation flying and cross country navigation, both day and night, before winning their "Wings" and shoulder bars as Second Lieutenants in the Air Corps Reserve.

The two pilots annually is the program envisioned by the Air Corps as it prepares to man the 54 Combat groups of the G.H.Q. Air Force recently authorized. Expansion of the Air Corps' ground forces to 165,000 men will be required to keep the aerial arm of the army operating at full tactical strength.

12,800 combat planes of all types, light, medium, and heavy bombardment, interception, and fighter pursuit, a medium and long range Reconnaissance aviation, will be employed to erect invisible and impregnable barriers in the skies above our nation.

This ninth class of Flying Cadets to complete basic training under the expansion program of the Air Corps started their primary training last July. Numerous flying school lo-

Mrs. Huffman Speaks About Newspapers At Rural Life Meeting

THE MAKING OF THE NEWSPAPER was the subject chosen by Dr. Huffman, social science teacher, of the Stevens Point Daily Journal, at the Rural Life Club meeting last Monday, November 18. This year marks the five hundredth anniversary of the invention of printing. Mrs. Huffman explained that the newspaper of today is a "panorama of the world." A survey was made concerning the articles people read in the Sunday papers. The funnies are read first by the majority; then the rotogravure section is scanned; and third the news is read. In daily newspapers it was found that the health column was read first, then public opinion, and finally, front page news. Women readers are primarily interested in patterns, recipes, beauty section, and society. Readers of large city newspapers are primarily interested in features and city news. Everyone reads about the weather. There are 2,045 daily newspapers printed in the United States, Hawaii and Alaska, and 531 Sunday papers.

The staff of the Stevens Point Daily Journal was enumerated, and the duties of each member explained. There are almost one hundred employees, including the carriers. Mrs. Huffman closed her talk by saying "thirty," which in newspaper language means "the end" at the close of a story.
DO WE WANT A STUDENT SENATE?

There has been considerable discussion during the past few weeks concerning the possibility of a student senate for C.S.T.C. To upper classmen this question is not a new one. Several attempts have been made in the past few years to stimulate interest in a student body which would assist in conducting the affairs of the students as a whole. There can be no doubts as to the desirability of such a body, but the STUDENTS OF THE COLLEGE MUST BE WHOLEHEARTEDLY IN FAVOR OF SUPPORTING AND PARTICIPATING IN SUCH A VENTURE. Apparently most of the organizations in the college are already behind the plan — it is now time for the STUDENT BODY AS A WHOLE TO VOICE ITS OPINION. We of the Pointer Staff urge the use of the Student Sparring column for that purpose. In order to gain a measurable success in a student senate of any kind there must be neither FAIR REPRESENTATION, nor fair representation can come ONLY FROM A STUDENT BODY WILLING TO PARTICIPATE. This is a matter of GIVE as well as TAKE — let’s have your opinions, students!

ASSEMBLY THURSDAY

Dr. E. A. Ross, Professor Emeritus of Sociology at the University of Wisconsin, will address the assembly Thursday at 10:00 in the college auditorium.

FRESHMAN HOP

A Freshman Hop will be held in the Training School Gym on Thursday, November 28, from 8:00 to 10:30. Bud Young’s Band from Merrill will furnish the music. All students are invited. Admission: 15c.

GREEK HISTORY

LESSON NO. 3

OMEGA MU CHI SORORITY

One of the outstanding organizations on the campus is Omega Mu Chi Sorority. Founded in 1926, and still a comparatively young organization, this sorority has taken an active part in all school functions. Omega Mu Chi is well represented in college activities, especially in the fields of forensics, dramatics, honorary fraternities, and literary productions. In the social whirl of C.S.T.C. the Omegas have been given quite a bit of recognition. Billie Weed Menzel, the wife of our assistant athletic coach, is an alumnus of whom the Omegas are very proudly. Wheeler, a teacher at Osseo, promoted much ‘Zip’ to the Mardi Gras when she presided as queen for the evening. Helen Schwinger, a junior, made a charming partner for Jerry O’Doherty as queen of the senior ball last year. Nancy Steiner, the daughter of our Dean of Men, was reigned as regal queen at the Junior Prom last year. A glance through old files will uncover other interesting social events such as teas, banquets, and formals. At present the officers are:

President: Eileen O’Doherty
Vice-President: Joyce Larson
Secretary: Dorothy Larson
Treasurer: Janey Rogers
Press Representative: Ruth Stelter

Round ’n’ About

Song writing has long been popular with people like Irving Berlin and George Gershwin. Kern, I suppose it all happened when they had to dash off a song every so often to keep the wolf from the door, until they sort of got the habit and now they own the wolf themselves. Tony, too, has a song, "Too Often," Gertrude Rondeau sang it at the Pan-Hell dinner, and all the Tau Gam’s are humming it. Eileen says it is "a Gin Sling’s type of song." We may be hearing more about it in the future.

One day Gordy Lewison got an idea stuck in his mind. Eddie Wells (of trombone fame) helped him work it out. The result: "Blow-Winds, Blow," a seasonal song with a catchy tune. The Play Boys and Tony too introduced it as the Pan-Hell Dance. Tony, too, has a song, we hear—well, it's mostly his. The stanzas are Eddie’s, the music is as we can find out.

The fellow (Hans Erdman, by name) who drums for the Play Boys made quite a hit. Any time the Greeks will stop tripping to just watch, there must be something going on.

Is it the world again. This Music War between ASCAP (American Society of Composers, Authors and Publishers) and the BMI (Broadcast Music Inc.) is vital even to our existence. Unless peace is declared by January 1, 50 percent of the most popular dance music (and almost as great a percentage of standard and...) 

HONOR ROLL SYSTEM TO BE RETAINED

(Continued from page 1, col. 1)

A vast majority in the three groups felt that the honor roll was an incentive to study and voted heavily in favor of continuing it in the training school. The objections to the roll were not numerous enough to be decisive or very convincing. The most numerous objection was that the roll seems to discourage many pupils whose names do not appear on the roll, "All in all," says Mr. Petrich, "as the opinions of these three groups is concerned, the use of the roll seems to be justified and will be continued in the training school as in past years."
GAMMA DELTA

Gamma Delta, national Lutheran fellowship fraternity, held its monthly meeting Monday evening, November 18 at 8:30 p.m., in the St. Paul's Lutheran Church. Edward Wacholz, president of the organization, stated that the membership though at present is quite small, will be increased greatly by the end of the year. Gamma Delta is the youngest Greek-let society on the campus, and one of several religious organizations affiliated with national groups.

SOCIAL SCIENCE CLUB

Initiation of new members into the Social Science Club was held Wednesday evening, November 13, in Dr. N. O. Reppen's office. Phillip Anderson led a discussion on the United States foreign policy with Uruguay and Paraguay, and Charles Miller explained the position of the United States regarding Canadian foreign policy. For the past two months the club has confined its semi-monthly meetings to discussions pertaining to the present war and the part the United States plays in world affairs.

The new members are: Gerald Rosner, Sherman, and Oney Holt.

BLOC

Bloc, honorary discussion group, held its bi-monthly meeting on November 25, Monday evening at Mr. Knutzen's home. Jack Ackerman was Chairman of the meeting, and Dr. Pierson was speaker, choosing as his subject, "Hereditas."

Bloc is composed of twelve to fourteen upper-class fellows, who meet twice a month to discuss timely problems. It has been in existence for eight years. They have no dues, and no constitution, or officers. A Chairman is selected to take charge of every meeting. New members are admitted by approval of the old members.

The Quality Store

ROUND 'N ABOUT

(Continued from page 2, col. 2)

In the world works, will be barred from radio networks. ASCAP is holding out for $9,000,000 and that would consume all of the profits of the two major networks. Band leaders are the mediators, for BMF's available titles will not be sufficient for their broadcasts. It all started last September when the networks refused to broadcast the San Francisco's World's Fair staged by ASCAP. Still in the professional world, the song, "There'll Always be an England," looking over England and Canada by storm and "God Bless America" is sung "God Bless Our Canada" beyond our Northern Border.

C O L L A B O R A T I O N C O R N E R T H E COLLEGE INFORMER

Well—here 'tis another week and another after vacation column—what was news last week is dead copy now—have you heard?

The other day in "American Government and Politics" class Ed Wacholz panned his back pocket at the shoe store and sure enough the clatter of the shoe horn on the chair seat caused a ripple of laughter—Ed doesn't use the horn to clatter the box of soap on the market—so he decided to follow the horn to a shoe store downtown.

Here's a bit of Benjamin Franklin's philosophy—"Keep your eyes wide open before marriage and half open after marriage." To any one contemplating the fatal step or to those who have marched down the aisle, how's Ben's advice? Immediately, we wonder what Jack and Shirley were singing so earnestly in the dorm; this week's results seem to indicate a perplexing status in affairs. Of course one is often admonished not to believe everything one reads.

Hilton Stock from Independence Hall received a letter the other day addressed to Miss Mehlstock and asking him how he was getting along as head of the "Independent Women's League" and asking for particulars. For the lowdown on "Mehitabel and the Women's League" address your inquiry to Miss Mehlstock and wait for results.

Eileen Owen is still going strong—now it's Neil O'Brien and Pasternacki.

Flash!!! Word has just been received in the editorial rooms of the Pointer that the National Guards are to be mobilized. C. P. (C. Pressed Paper) today made public the startling contents of an important note from Hitler to President Roosevelt, in which the former Roosevelt is run the country for another four years, he, Hitler, didn't want it! (In view of this unexpected development Roosevelt has decided that the guards might as well go home again).

Berta Bancroft, Mac Bride

Norman Nye and Ted Fritsch went all the way to Wassau during vacation to see Gladys Pih...and almost forgot—we received a letter last week with a smattering of bons mots and some tips to that anonymous writer: "We are looking into the matter and a report will appear late in this column. Thank you for your interest. We welcome comments—good or bad!"

John Anderson, one of the most brilliant philosophy students ever to graduate from C.S.T.C., will marry Miss Miriam Wilson December 30. Who by the way is the Senior Ball? Jerry said he was going to keep everybody guessing and he is correct.

Thought for the week: When a girl stops carrying a torch you know she has met her match.

Bob Unger Directs Junior Class Play At Alma Center

Robert Unger, an alumnus, directed a three-act farce, Oh, My Stars!, given by the Junior class at Alma Center, November 13. He also had charge of the lighting and scenery. Because of the fine work done by the members of the cast, Mr. Unger will bring them to Stevens Point to see the play, Love from a Stranger, a College Theater production.

STOUT OPENS CAGE SEASON HERE

Writer Looks Back At Grid Season

This certainly is the time of season when sports writers are up a tree. The football season is no longer a real lively topic, except when spoken of in the past tense. Now is the time when we sit about and hash over the schedule just completed.

We remember how Peterson improvised through the season and how Fritsch was there in the pinch and how could we ever forget the dream of Ken Parr and his capable understudy; namely, Sluggar Dan. Certainly they didn’t fail us. We can relax, close our eyes and see Frank Koehn roaring over the stripes with dazed and bewildered opposition strewn the length of the field in his wake. The steady playing of Captain Otto and Captain Dorsh. We can see, too, Bud Menzel coming off the field at Milwaukee with his arm hanging crazily and Lou Pouhannya listening to the St. Cloud game from a hospital bed.

The dazzling runs, the vicious blocks, the hard tackling, the lazy passes, and those high-capping punt returns. Yes, we can see it all now and we can see our mistakes too. Anyhow we did have fun and we hope we gave you a little fun. We know that’s what you expect and we hope you remember the coaches, Eddie and Ted.

GYM ANTICS

Attention girls! W.A.A. is giving a party for all of you on Wednesday, November 27, at 5:00. We will play games and have plenty of food to please the stomach. There is a small fee of ten cents to cover the expenses, and a few decorations, too. Don’t be afraid to ask us about them. We don’t mean to be a bunch of girls, but we thought you should know that’s what you expect and we hope you remember them.

You should have seen the crowd that turned out for bowling last Wednesday evening. Even some of the faculty members tried their hand at it for the first time and they are not bad. The girls appreciated their cooperation in this sport. It looks as though we will have some swell ball rollers by the end of the season. Anyway be sure to come out again this Wednesday at 8:00 at the South Side Alleys.

Macdonald is here again and there was a big turn-out at the last meeting. We have three council lots and lots of raquetos so you will certainly have plenty of chances to play. The time is Tuesday and Thursday from 5-6:00 P.M. God Will.

SEVEN GAMES CARDED FOR POINTERS BEFORE CHRISTMAS VACATION

Old man football has given up his throne to kid basketball. The C.S.T.C. cagers will meet the Stout Blue Devils tonight on the high school court after having exactly eight days of practise. The Stoutonians will come here with a tall conference average of 19 and a team average of 50 games. Coach Johnson will probably start a team consisting of his three returning regulars Hammond, J. Hesselman and Pederson. Promising freshmen, H. Hesselman and Pederson. The theme song of the Johnson men is to be the Purples and Toppers and they want to revenge last year’s defeats.

Coach Kotal at the present time doesn’t know the starting line-up, returning lettermen on the squad are Jim Bangell, Ted Fritsch, Bob Olk, Bill Peterson, Pete Terzynski and La Verne Van Dyke. Carl Justis, Louis Poslusny, Bill Landers, Ralph Mishick, Louis Poslusny, and Elaine Catlin will be in charge. Stella Gerdes has been made proper. The Christmas vacation. These games will have a very good idea of what to expect from our boys in the conference race. The following games will be played: Dec. 5, St. Norberts Here; Dec. 10, Luther Here; Dec. 13, at Michigan; Dec. 16, at Northern Michigan Teachers; Dec. 17 St. Mary’s College of Minnesota Here; and Dec. 19th, at Stout.

Figures Released On State, National NYA

Aubrey Williams, national NYA administrator, announced recently that 150,000 young people in the nation's colleges and universities are enabled to continue their education through jobs provided by this work program. Employment and fund quotas are on a basis of 9.47% of the total number of students, 16 to 24 years of age, carrying at least three-fourths of a normal schedule. For the academic year 1940-41, the national student quota is 101,846.

Figures compiled as of April 1940 show that NYA paid an average of $15.46 to college and graduate students; $13.25 to undergraduates; $21.78 to the graduate students.

The total allotment for the academic year 1940-41 amounts to $13,715,225. The monthly allotments to all the states, the District of Columbia, Alaska, Hawaii, and Puerto Rico, is $1,525,255.

A state by state enumeration of the 1,712 institutions participating in this work program was published. The data for the Teachers' Colleges of Wisconsin follows:

- Institution: Student Monthly Yearly
- Quota Allot. Eighth
- Eau Claire 64 $990 $930
- La Crosse 71 1,005 9,385
- Milwaukee 136 2,040 18,360
- Oakwood 28 150 1,350
- River Falls 69 1,035 9,315
- Stevens Point 78 1,170 10,730
- Superior 83 1,245 11,205
- Whitewater 85 1,275 11,475

Central States Fly for Uncle Sam

(Continued from page 1, col. 2)

Catered at strategic centers throughout the country are utilized by the Air Corps for this phase.

There they spent ten weeks learning the fundamentals of piloting on rugged 200 horse-power army biplanes. Each Flying Cadet logged about 65 hours of flying time, about half of it solo. All aerial maneuvers from landings and take offs to loops and snap rolls were mastered.

In September all were assembled at Randolph Field, the Air Corps' giant flight training school in south Texas, for their basic flight training. The Flying Cadets stepped from their low powered primary training plane into a 450 horse-power low wing basic trainer, cruising speed about 150 miles an hour.

Seventy-five additional flying hours have been acquired on this type craft, which embodies many of the features of a 1941 combat plane. They got their first taste of night flying, making take offs and landings in the darkness, aided by the glare of huge flood lights. Instrument flying, commonly termed "blind flying" has been in their course of training at Randolph Field.

Ahead of them lies the final step in the transformation of a young college man into a full-fledged military pilot. At Kelly Field they will fly even speedier planes on navigation flights several hundred miles in extent.

Three plane formations will gradually be built up to six and then twelve plane groups, each craft manned by a Flying Cadet.

At graduation, scheduled for some time early in January, they will get their coveted "Wings", emblem of military pilots, and will be ready for service on combat squadrons of the rapidly expanding Air Corps.

During the thirty week training period, Flying Cadets are paid $75 per month in addition to their uniforms, food and clothing.

Exchange Bits

Here's a little story that's been floating around.

P'fft went for a walk in the rain.

P'fft P'fft P'fft and P'fft P'fft got wet and P'fft P'fft P'fft didn't have any thing dry to give him so they went home.

P'fft P'fft P'fft got sick.

And P'fft P'fft and P'fft were very sad.

P'fft P'fft died.

P'fft P'fft and P'fft died.

P'fft P'fft and P'fft cried.

And P'fft P'fft died.

And P'fft P'fft cried.

P'fft went for a walk in the rain all alone.

And P'fft P'fft got wet—so P'fft went home.

But P'fft P'fft didn't get sick—That just proves the survival of the P'ftest. —Stoutonia

THREE CSTC STUDENTS ATTEND LSA REGIONAL CONFERENCE IN MINN.

Three Central State students attended the Land O' Lakes regional conference of the Lutheran Student Association of America at St. Olaf College in Northfield, Minnesota, Saturday and Sunday, November 16 and 17. The theme of the annual event this year was "Thy Kingdom Come." Dr. George Aus of Luther Seminary in St. Paul was director of bible studies at the conference, and the Reverend Fredrik A. Schiotz was executive secretary of the Land O' Lakes region.

Those people who attended were: Mary Ann Hotvedt, Lousella Wroldstad, alum, Lorraine Wogsland, Robert Torkelson, Harriet Hotvedt, alum, and Jean Paulson, Whitewater.
