

## Cagers Play Oshkosh And Winona

### Study By Herrick Shows Needs In Teaching Field

#### Extra Curricular Demands Revealed

A study made by Alfred J. Herrick, chairman of the committee on recommendations of C. S. T. C., reveals that there are certain academic extra curricular "combinations" which teachers in the small high schools must have in order to gain the best teaching positions. Of 335 questionnaires sent out by Mr. Herrick 238 were returned giving the information desired. Records show that most first year teachers from our training department are placed in the smaller high schools, therefore Mr. Herrick was interested to know just what combinations were most in demand.

A. J. HERRICK

The foremost requirement of English teachers in the small high schools is that they possess a librarian's license and have the necessary qualifications to teach foreign language, history and social studies. They must also be able to coach (Continued on page 2, col. 4)

## COLLEGE CALENDAR

### WEDNESDAY: January 22, 1941

4:00 P. M.  
Faculty Meeting, Room 207.  
4:00 P. M.  
Photo Club Meeting, Room 103.  
8:00 P. M.  
Women's League Bowling.  
Social Science Club Meeting.

### THURSDAY: January 23, 1941

10:00 A. M.  
Assembly.  
7:30 P. M.  
Newman Club.  
College Theater Meeting, On stage.  
Initiation of new members.  
Y.W.C.A. Nelson Hall Recreation Room.  
9:15 P. M.  
Men's League Bowling.

### FRIDAY: January 24, 1941

Basketball game with State Teachers College at Oshkosh.

### SATURDAY: January 25, 1941

8:00 P. M.  
Basketball game with Winona State Teachers at P. J. Jacobs High School.  
9:30 P. M.  
Dance at Training School Gym sponsored by the Greek Council.

### Here's What To Expect After Next Week

Figures released from the registrar's office recently show that there were 4,084 grades in the second semester 1939-40. Out of every hundred there were 21 A's, 48.9 B's, 21.8 C's, 2.6 D's and 1.7 F's. Students earned the most A's in these various courses at the college: Music 30%, geography 28%, art 20%, English 24%, mathematics 25%, home economics 18%, physiology 18%, history 21%, and social science 21%. F's received were: in art-1, biology-1, chemistry-2, English-5, geology-1, history-3, music, 'Library science-1, mathematics-2, physiology-1, psychology-1, social science-1. The courses showing the most frequent failures were chemistry, French, history, and mathematics. The percentage of failures, however, was very low.

This semester, a new method of recording grades will be initiated. Each student is required to obtain from the registrar's office his record book (price \$0.5) in which is kept all credits that he has earned here. He must present this book at the time of enrollment at the registrar's office where it is kept until this semester's grades have been entered. Students may again secure the books after enrollment when they become his property.

### HANSENS HONORED AT PUBLIC DINNER AND RECEPTION THURSDAY

Members of the faculty of Central State Teachers College and representative townspeople joined in honoring the new college president, William C. Hansen and Mrs. Hansen at a public dinner and reception held at Hotel Whiting Thursday evening. Good fellowship and co-operation were the keynote of the evening. One hundred and fifty were seated at the dinner at tables decorated with yellow daffodils and acacia blossoms.

Chandler C. Copps, president of the Civic Club which sponsored the affair, made a genial toastmaster. Mayor Frank J. Blood welcomed President Hansen in behalf of the city.

A welcome from the College faculty was extended by Dean Steiner and greetings from the board of regents were brought by E. G. Doudna of Madison address of the evening.

### Gericke Announces YWCA "Song Fest" For Thursday

Tobey Gericke, Y. W. C. A. president, announces that a "Song Fest" will be held Thursday night at 7:30 at Nelson Hall. The Wausau Y. W. C. A. has been cooperating with the local organization in compiling song books of national Y. W. C. A. camp and fun songs, which are new to most of the girls here. The books, which are mimeographed, have blue covers with the imprint of the association insignia.

After a short business meeting tomorrow night the group will spend the evening learning the new songs and singing old favorites. The Y. plans to make the "Song Fest" an annual affair.

### Is That My Voice?

Do you realize that you've been speaking daily for 20 years more or less without the slightest idea of how your voice sounds to other people?

ITS TRUE—this past semester most of the students in RADIO SPEECH 222 whose voices were recorded in the radio workshop said: "Is that my voice? Do I actually sound like that?" Yet these same phonograph records reproduced their voices so faithfully that all of their classmates recognized them immediately.

A personal recording is only one of the interesting laboratory studies during the course of RADIO SPEECH 222. You may, for instance, study the picture of your voice. You may try your hand at script writing, sound effects, and announcing.

RADIO SPEECH 222 is a brand new course this year. It isn't listed in the present catalog, but it will appear in the new catalog as: Speech 222. Radio Speech 3hrs., cr.

A study of radio continuity types and experimental radio production techniques. Continuity and program projects will include script writing, control operation, sound effects, microphone placement, announcing, and acting. Frequent use will be made of electrical recordings. The college radio studios will serve as a laboratory.

SPEECH 222 will be held Mon., Wed., and Fri. at 2:10 in the college radio studios. It is offered as an elective or toward a speech minor in lieu of Interpretive Reading 211 or Public Speaking 212.

### GO TO OSHKOSH FRIDAY; WINONA HERE SATURDAY

Central State cagers will journey to Oshkosh Friday when the Oshkosh Teachers hardcourt team plays host to Point in the second conference battle of the current season. As is usually the case when traditional rivals meet, the contest promises to be a hotly contested battle.

On paper the Oshkosh team doesn't stack up against the Pointers, but in the games played to date the Oshkosh boys have lost by the narrowest of margins. They have fallen in defeat twice before a powerful Lawrence college team. The first game was lost in a double overtime. The second was lost by one point in the last six seconds. The boys from the "overall city" have also dropped two to the classy De Kalb outfit. If you like imaginative comparisons read this. De Kalb, after eking out a victory over Oshkosh turned about and defeated Illinois Normal. Illinois Normal defeated the U. C. L. A. squad shortly after. In conference games Oshkosh has played only Platteville and was defeated there too.

Five lettermen form the nucleus of Oshkosh's team. They are Spear, Richlen, Stamborski, Sacharski, and Stange. Spear is always a threat and is an all-conference forward.

To further occupy our busy cagers Coach Kotal has scheduled the Winona Teachers in a non-conference game for Saturday night at the P. J. Jacobs High School.

### Bird Imitator And Vocalist To Offer Unusual Program

"Woodland Songs and Stories" is an unusual program offered by Frances M. Sellers, whistler bird imitator and Jeannette Van Zant, vocalist accompanist, in the college auditorium Thursday, January 23, at ten o'clock. It is in keeping with the subjects of nature and is given in full appreciation and understanding of the out-of-doors.

They are soloists in their chosen field, and combined make an unusual ensemble. The voice and whistling obligato blend, and the effect is different and appealing.

Frances M. Sellers was born in a log cabin in Southern Indiana. As a little girl, she would wander in the woodland and sit for hours watching the birds. Soon she learned to imitate the calls of her feathered flock, and they have since become her intimate friends.

Miss Sellers has a large repertoire of classical and popular numbers, wherein she gives her own musical interpretations of the selection, bringing out the calls of the various birds. She has given frequent broadcast from the following stations: NBC, Chicago; WHAS, Louisville; WLW Cincinnati; WLS, Chicago.

### Omegas To Present Gift

The Omega Mu Chi Sorority will present a picture of the late Pres. Ernest T. Smith to the student body during the assembly Thursday.

### President Hansen Gives Magazines To Library

President William C. Hansen has recently presented the library with the complete 1939-40 volumes of the Fortune Magazine. Among the issues was the February 1940 number devoted to a study of the changes and the progress in America of the decade, 1929-39. The library had been unable to get this copy, which was out of print, therefore the gift from President Hansen was doubly appreciated.

## Greek Organizations Choose Pilots For Second Semester

### Winch, Larson, Sword Are Chosen

Officers for the coming semester have been elected by three of C.S.T.C.'s social organizations. Chi Delta Rho fraternity held its election last week, and Tau Gamma Beta and Omega Mu Chi sororities elected officers Tuesday. Following are the Greeks who will pilot the Chi Deltas, Tau Gammas, and Omegas for the second semester:

#### CHI DELTA RHO

President ..... Sherman Sword  
Vice President ..... Merville Mevenden  
Recording secretary ..... James Unger  
Corresponding secretary ..... Jack Vincent  
Treasurer ..... Jack Ackerman  
Sargent-at-arms ..... James Kulidas  
Pan-Hellenic representative ..... Richard Sanborn

#### TAU GAMMA BETA

President ..... LaRae Winch  
Vice President ..... Mary Ann Gleeson  
Recording secretary ..... Gertrude Rondeau  
Corresponding secretary ..... Florence Theisen  
Treasurer ..... Aloha Walter  
Press representative ..... Madeline LaBrot  
Pan-Hellenic representative ..... Carmelita Wirkus

#### OMEGA MU CHI

President ..... Joyce Larsen  
Vice President ..... Betty Smith  
Recording secretary ..... Janie Rogers  
Corresponding secretary ..... Rita Novitski  
Treasurer ..... Dorothy Larson  
Historian ..... Beverly Murty  
Pan-Hellenic representative ..... Kathryn Piehl  
Press representative ..... Lillian Boe  
Chaplain ..... Leone Kulas

## PLATFORM FOR 1940-41

1. Complete and impartial news coverage.
2. Stimulate student interest in public affairs.
3. Promote cooperation among the various groups and organizations on the campus.

## "...PREPARE FOR SERVICE."

At the beginning and near the end of each school term college students, like thousands of high school students in the nation, must contend with a certain amount of "dry advice" as to how to make a good record during the term or how to "make up" during the last week what was neglected all year. Instructors, upperclassmen, and often editors, I'm afraid, are guilty of this so-called "useless crime".

I do not wish to spend a great deal of time attempting to argue the merits of the question, but I do wish to reflect a little upon the late E. T. Smith's welcome to the freshmen which was published in the Pointer in September. In explaining the situation of the world of 1940 in relation to the position of the college student in it, "E. T." said:

"Our schools were created to train men and women for clear thinking..... Never was there a more obvious need for such service."

".....I hope that our entrants will see the importance of their prospective work and prepare themselves thoroughly for that service."

Whether we will have made "A's" or "B's" this first semester somehow doesn't seem so important right now. The important thing right now is whether or not we are ready to understand the seriousness of the very thing "E. T." was stressing—the future of democracy in America. The important thing is how well we have prepared ourselves to meet this crisis; how well we have built a mental defense against defeatism. If we are able to honestly say to ourselves that democracy is not dead in America that we have seen the danger of its extinction and are willing to do all in our power to keep it alive, I recognize no failures for the first semester 1940-41. If we as typical college students of this glorious republic of ours can say that with sincere truthfulness then I say the semester was well spent.

## NOTICE!!

All students in the High School division should make out their programs this week. Freshmen see Mr. Jenkins, Sophomores see Mr. Tolo, and Juniors and Seniors see Mr. Rightsell.

R. M. Rightsell  
 Director of H. S. Division

## NOTICE!!

Forum dues will be collected in Mr. Rightsell's room on Thursday and Friday of this week. All students who have not paid the dues (25c) and who are enrolled in the high school department must meet this obligation this week.

Eileen Rose will accept dues at the following times:

Thursday—A. M. from 8:00 to 8:15, 11:00 to 11:15 — P. M. 1:00 to 1:15, and 3:00 to 3:15.

Friday—A. M. from 8:00 to 8:15 — 9:00 to 9:10 — P. M. 1:00 to 1:15.

## Phi Sigs Have Gala Evening At Formal; Nixon Gets Honor

The first fraternity formal of the year was held when Kappa Chapter of Phi Sigma Epsilon fraternity held its annual formal dinner and dance last Saturday evening at the Hotel Whiting.

Francis Bremmer, president of the fraternity Alumni Association, ably handled the duties of toastmaster. Bob Nixon was chosen as the outstanding senior fraternity brother by the Alumni Association. He was awarded a plaque as a visible token.

Speakers of the evening were Mr. F. J. Schmeckle, Mr. L. M. Burroughs, President W. C. Hansen and Bob Nixon. As favors, compacts with the fraternity crest were given to the girl friends of the Phi Sig members.

Arch Adrian and his Men of Note furnished the music which was broadcast over Station WFHR, Wisconsin Rapids.

## ARMY'S BT-9 TRAINERS

Military aviation is rapidly moving to the fore in our system of national defense. The United States Army Air Corps is expanding. Orders are being placed almost daily for additional airplanes. To man these sky giants, these waspish pursuit planes, Uncle Sam is also expanding his pilot training program. Randolph Field, Texas, often referred to as the "West Point of the Air", is the hub of this expansion plan.

The Pointer is pleased to present herewith the first of a series of ten pictures which tell in graphic form how the Air Corps trains its pilots. During this series our readers will be carried aloft in an army plane to look down on the mammoth airfield; figuratively, they will crowd into the plane's cockpit with a Flying Cadet as he practices aerial acrobatics; they will watch the future pilots at drill and at play.

Each week we will present another in the series. Watch for them. Additional information concerning the entrance requirements for Flying Cadets may be obtained by dropping a letter or post card to "THE SECRETARY'S OFFICE, RANDOLPH FIELD, TEXAS". Or, if you prefer, you may speak to the editor of the Pointer or Mr. Rightsell who has come in contact with the Air Corps through former C. S. T. C. student pilots now at Randolph Field.

## COLLABORATION CORNER

We sit here with a blank sheet in the typewriter asking everybody "how can we start?" That's always the worst part. After the first line or two the column seems to take care of itself—you've probably often suspected that!

As we listened to the Presidents' inaugural address Monday, we were wondering by what stretch of conscience he got around that clause in the oath where he swore "to preserve the Constitution"....

The Larsen-La Brot duo is definitely on ice—La Brot hung his fraternity pin at the Phi Sig hop last Saturday... Incidentally, Aekerman was the only Chi Delt to venture out to the Phi Sig shindig!

Bouquets to Negard for taking his Mother to the Phi Sig formal—it was a nice idea and we hear she had a grand time... We thought Bob Olk and Janet Thompson were going to be a news item, then he came out of the Eat Shop carrying Winnie Levkom over his shoulder and we had to change our copy again. Then he showed up at the formal Saturday night with Cora Mae Anderson. We ask you—how would you like this job!...

Years ago when there still was hope that the League of Nations might have a chance, there was a story that was circulating through the organization working for World Peace at Geneva, Switzerland. It was a story about a Jewish orderly in a Hungarian war hospital during the last great conflict. Looking out on the newly made graves, the orderly remarked: "Hungarians, Germans, Russians, Serbians, Frenchmen, Poles—all brothers! But first they must be dead."

Kulidas was kicking Monday night because nobody told him that the Tris was going to take pictures of the Pointer staff and he hadn't shaved... and that reminds us what happened to that shadow on Pasternaeki's upper lip that he said was a mustache!

We have a timely little verse called Exam Day that has a moral too—don't cram.

"Backward, turn backward,  
 Oh time, in your flight!"

And tell me just one thing  
 I studied last night!

Marguerite Frazier.

## STUDY BY HERRICK SHOWS NEEDS IN TEACHING FIELD

(Continued from page 1, col. 1)

forensic work and if possible to be able to act in the capacity of adviser to student publications.

Requirements of the science teacher are as follows: He must be able to teach general science, biology, physics, chemistry, mathematics, and geography. The strongest request for extra-curricular work from science teachers is that of coaching athletics.

Mathematics teachers must teach algebra, geometry, general mathematics, trigonometry, solid geometry and less frequently advanced mathematics. Other subjects they must be prepared in are: physics, general science, Junior business training, biology, geography, chemistry, and the social sciences. They must be prepared to coach physical education, athletic teams, direct band and choruses, and frequently to help with student publications.

The social science teacher must be able to teach any history course, social problems, civics, economics, geography, biology and Junior business training. Extra-curricular work must be along the lines of physical education, coaching, forensics and dramatics, band and glee club, with student publications running about average.

From the above generalizations it is obvious that the high school teacher with the broadest preparation in the various subjects that are now taught in the smaller high schools, is best qualified for a position in these schools and is therefore, most likely to obtain one. The Teachers College graduate with one major of 24 semester hours plus three or four minors of 15 semester hours each in different academic fields is best equipped to meet the demand of the field in the smaller high schools. A high concentration of preparation in one or two major fields of 30 or more semester hours each, obviously, in the light of this study, is not a suitable preparation for teaching in Wisconsin's smaller high schools.

## THOUGHT FOR THE WEEK:

"...some must create so others may appreciate..."

—E. Hillert

# GYM ANTICS

Here is our latest dope on our four basketball teams, folks—

	Won	Lost
Stooges .....	3	0
P. P. M. ....	2	1
Wildcats .....	1	2
Bears .....	0	3

—and there it is. Incidentally the P.P.M. stands for Paluka Point Makers and it is undecided whether they live up to their name or not. Those Stooges really go to town though, especially that Evelyn Tushinski. Thirty-nine points are chalked up for her so far this season. Some flash! Mike Blissett does all right too when those one handed shots click.

The girls in the sports department were surely glad to see Zorka Malesavich, our star ping pong graduate, back for a visit Monday. She even refereed one of our games and did well too.

We see that June Wallace tops the ping pong ladder now and is sitting tight for the present.

Mixed badminton is here and every one is welcome. Come out on Monday nights from 7:00—9:00 P. M. and try your swing at that Feathered stuff—maybe you have "latent talent" in that line. One never knows.

## ATTENTION JUNIORS AND SENIORS!!

Do you realize that radio has become a vital factor in the educational program in our local communities of Central Wisconsin? Do you know how to select, schedule, and utilize radio lessons in your classroom? Do you know what programs are available? Radio Education 229, Radio in the School, is a two credit course offered Wednesday and Friday at 1:15, by Miss Hansen the second semester. Its purpose is to train teachers in the use of radio programs as an educational aid.

## Turecek Hits 622; Schlice's Win Two From Phi Sigs

Schlice's Rock Garden keglers increased their hold on first place by taking two games out of three from the Phi Sig's last Wednesday afternoon on the South Side Alleys. The United Cigars returned to form and swept three games from the Faculty team No. II to come within one game of second place. In the other game bowled the Faculty team No. I swept three games from the Independents and went into a tie for fourth place.

Jack Turecek of the Uniteds was high man for the evening with a 622 score. He bowled 191-224 & 207. Frank Koehn and Art Siedel finished second and third respectively. Frank bowled 197-169 & 193 for a 559 score and Art posted 147-194 & 187 for a 528 total.

### Games Tonight

## FROM THE LOCKER ROOM

by

Jimmy Kulidas & Jimmy Hanig

Jack Turecek, who bowls with the United Cigars of the C.S.T.C. league, is considered by many one of the best keglers in Stevens Point. For three successive weeks Jack has had the highest three game total score in the city and there are plenty of classy boys bowling in other leagues... Mr. Faust who bowls with the Faculty No. II team is just rounding into form. He posted a 145 and 179 last week after being accustomed to turning in scores of 95 and 105. It wasn't luck. His new technique is just beginning to take effect. Watch his scores from now on... C.S.T.C. can place two teams on the alleys that are capable of defeating or giving the best teams of the other leagues in the city a run for their money... The boys that are listed in the "High Ten" we think can turn the trick... Garth Lake of Antigo was working out with the basketball squad during the past week. Garth was picked up from the Log Rollers of the intramural league by Coach Kotla... He is a classy boy and has a hook shot that is hard to stop... His greatest thrill was derived while a member of the White Lake High quintet. It was scoring the winning basket with two seconds remaining to play against Antigo High School... The boys are all enthused over the starting of the intramural basketball league... Talking about the past or coming games is the favorite pastime around the campus. This intramural setup will bring about a better understanding and closer re-

lationship between the various men of our college. It will also create a friendly feeling, good fellowship and sportsmanship among them... Bill Carnahan, Ralph Mischneik and Howie Stimm are playing hockey with the city team. They are speed demons on skates and handle the puck like big leaguers... Superior Teachers are favored to win the championship of the Northern Conference. They are undefeated thus far. Montana U., North Dakota U., and the University of Mexico are among their victims. They recently defeated Stout 60 to 35. A game between them and Milwaukee would be something to see. The Green Gulls' and Superior would give the "U" a very good game if not beat them. Indiana will win the Big Ten championship. They will defeat Wisconsin twice. The Chi Delts team in the intramural league had difficulty in getting started last week in their game with the Independents. They were losing 30-3 with three minutes to go before they decided to start scoring. The final score was 32 to 12. They will try to improve their offense this week when they encounter the Log Rollers. The Pointers will make a determined bid once more to defeat Oshkosh on the Titans so called "Bowling Alley". Last year they were defeated 39 to 35. The opposition has to spot the Kolfmen 20 points. It seems to us it is about time Oshkosh decides to build a new gymnasium or play their games on a modern high school court.

## Text-Book Library Notice January 22, 1941

Text-books are to be returned during the following hours on Thursday and Friday, Jan. 30, and Jan. 31, 1941.

High school dept. Thurs. 1:30-3:00 P. M.

Rural dept. Friday 8:00-10:00 A. M.

Prim. & Gram. dept. Friday 10:00-12:00 A. M.

Students who have text-books not in use and wish to do so may return them to the text-book library on Tuesday and Wednesday, Jan. 28 and 29, during the following hours:

9:00-11:00 A.M.

2:00-4:00 P.M.

In order to avoid congestion, the return of text-books on Tuesday and Wednesday is encouraged.

## ORGANIZATIONS

### Rural Life

Miss Van Arsdale presented a beautiful colored slide of Wisconsin at a meeting of Rural Life Monday night. A men's trio composed of Maynard De Goller, Philip Anderson, and Everett Gardner sang "Heaven, Heaven," a spiritual and "The Sunshine of Your Smile" was played by Marporie Van Natta, piano soloist.

### Newman Club

Last Thursday evening the Newman Club met in the rural assembly. Announcements were made for the first study club which will be held on Thursday evening of this week. The topic for discussion will be "Confession."

Two vocal selections were offered by Gertrude Rondeau. Esther Ninman gave a reading entitled "Mary Stuart."

An entertainment committee was appointed for the first meeting of the second semester, February 6.

### Gamma Delta

The regular meeting of Gamma Delta, the National Lutheran Fraternity, was held in St. Paul's Lutheran Church Parlors last Thursday evening, Jan. 16. Several suggestions were given for coming social hours, such as, a toboggan party, an ice skating party, or a Valentine's Party. Any Lutheran interested in joining in the fun is asked to watch the Gamma Delta bulletin board, just west of the side door to the auditorium where all announcements are made by the president, Edward Wacholz.

Following the business meeting Ruth Rathke led a very interesting discussion on Communism. One of the questions asked which brought out considerable comment was, "Should Communists be Allowed Free Speech?" Dorothy Beversdorf will lead the discussion for the regular February meeting.

**The Racquet—La Crosse State Teachers College.**

Then there was the sculptor who fell in the mud puddle—the dirty chisler.

### NOTICE, JUNIORS!!

Junior Class dues will be collected by the Class Treasurer at the time of enrollment, it was announced by Mr. Rogers at the Junior Class meeting Thursday morning. The dues for the year are fifty cents plus an additional twenty-five cents if you have neglected to pay your Freshman dues.

The Treasurer reported that the Treasury books are available for inspection at any time.

## WHO KNOWS?

Neglecting the important measure for the prevention of tuberculosis and syphilis is playing tag with disease and death. One may find himself "it" when he least expects to be caught. The best weapon in the world is ineffective unless it is used. Indifference, not opposition, is the great enemy of progress.

The Wasserman test will be given at the Health Center to those who desire it. The Tuberculin test will be given at a later date, those desiring to take the test are requested to call at the Health Center and sign up for same.

To the Seniors, many counties require a certificate stating that you have had the Wasserman and Tuberculin test recently before your application will be considered for a teaching position, so why not have the tests made while in college?

Signed: Dr. Marrs

Miss Neuberger, R. N.

*Turn to Refreshment*

Two words describe ice-cold Coca-Cola... delicious and refreshing. Delicious, because it is always a pleasure to taste. Refreshing, because it leaves a delightful after-sense of refreshment. So when you pause throughout the day, make it the pause that refreshes with ice-cold Coca-Cola.
