Since this is the final edition of The Pointer for the current college year, I welcome the opportunity of a final message to the graduating class. I know I express the sentiment of the entire faculty when I say that we wish you success in the years to come, and we hope you like your job because that's important. Some of the men will not have the opportunity to try their hand at teaching next year because they have another task facing them which may be more important for the time being. For them also we wish good luck and safe return. Come back to visit us whenever you can, but keep 1944 in mind.

That's our 50th anniversary year and we're planning to celebrate.

To those who are not graduating, we wish a pleasant and profitable summer vacation and hope we may see you back here next September. Perhaps you will find a good place in national and international disturbances. We'll try to do as well again next year.

I also want to express my personal good wishes to the members of The Pointer staff who are leaving us. I believe we have provided you with a college paper of editorial policies that will note that the constructive and the news service has kept us in touch with all college events in an interesting manner. Your work has been a contribution to college life in Central State.

Scandal! Reporter Reveals Male Presence In Dorm

By Hannah Kaufman

The "dormites" bounded out of bed at five forty-five, and in half an hour's time they were outside on Fremont. Setting up exercises were next in order, and then, un mindful of what was coming down in buckets, they tossed their shoes in one heap and ran a relay race. The object was: Find your shoes and put them on—Try it sometime—when weather conditions don't permit. After the rally around the flag on the campus, the 'dormites' trooped back to their rooms at Nelson Hall, where they spent the next half hour removing specks of dust that were barely noticeable. A hungry group responded to the call for breakfast. And so to school.

The "dorm" studied math, geology, health and sanitation, and other subjects of relative importance. After mess at noon came more studies followed by Drill later. The evening was open for recreation—with a nine o'clock curfew—after which time it was "Fire escapes only, please."

That, dear readers, is the day in review reviewed by Mr. Smith, Dormite, nineteen hundred and sixteen.

—As if you couldn't guess. Had sentence one referred to dormites 42—it would have read: Dormites yawning at seven forty-five.

But back to Joe and the boys who "confiscated" Nelson Hall in '42 when this officer was any playmate who was Joe given a three months' officers' training course, and if he passed all exams he was sent to Camp Grant commissioned as a Second Lieutenant.

The rooms in the Dorm in those days had the masculine touch—as required by army regulations. A table—chairs—and a cot with all the necessary bedding—except—no pillow, unless Joe smuggled one in and hid the price during the day. The cats, incidentally, are the same in use here today. And we know of just one of those cats that has coil springs.

Elaine Teske and Alva Thompson now live in what was then the Canteen—where Joe bought everything from razor blades to candy bars. The tonsorial artists worked across the hall. Mikey McMillan lived there last semester and it might interest you to know that she gives some pretty good "feather cuts."—In the Continued on page 2.

SEVENTY-ONE STUDENTS TO RECEIVE DEGREES

Spring has come again, and once more seniors and underclassmen are looking forward to graduation. A mingled feeling of happiness and regret is the result—happiness for another year of school successfully completed, and regret for friendly comradeship that is ended.

Many seniors already have positions for next fall and others are hopeful of acquiring them in the fall. Robert Hansen, a state-graded division, Mr. Neale and Miss Roach report that about fifty people out of the sixty-five who are to graduate this month or are to be graduated will have summer positions placed. Seniors of other divisions who have secured jobs are: Lucille Neuman, grade 2, Neenah, Wis; Lucille Wei­ner who will teach the primary grades in Waukesha, Wis; Margaret Edwards, grade 3, Wausau, Wis; Diane Kamek, grade 3, and 4, Witten­berg, Wis; Dorothy Rikurs, grade 6, Neenah, Wis.; Janet Bow­ker, science and math at Sturgeon Bay, Wis, and Annette Alblight, Home Economics at Woodruff, Wis­consin.

The graduating class for 1942 is large with all divisions represented in it. The students receiving the Bachelor of Science Degree number thirty-eight. In the high school division, these are: Jack Ackerman, Walla Walla, Ar­nold Bocher, Lillian Boe, Paul Bor.

Dope From Pils!

Everything seems to be coming to a climax just about now, with plenty to look forward to. Graduation, prom, etc. And then, of course, summer. Well, what I am trying to say is that this is the last point in my column this year. I only hope you enjoyed reading "Dope" as much as I had in writing it. By the way, I have followed all the romances mentioned, and all the printables to the end. How is it educational? Yes, I suppose all work and no play makes Jack a dull boy.

The story of Fred and Fritz is of the sort that invaded Chicago Heights this week-end. They are in the same grade at Central and last week, Fred Smith, Marjorie Sparks, Brigette Flessmann and Florence Hlava, Rose Colman, Dorothy Eggert, Mrs. Finch has put an hour seven in the dead of night — practically void of furniture and dozens of "corporals" helping to make it possible. This was the twenty-four hours. Every door should be locked and every window screwed. Especially where steak fries are concerned. Ah, yes, he's a handy man to have around.

Here is the close of the last column of the last issue of the POINTER this semester. Have fun this summer. "PILS"

STUDENTS, NOTICE!!
Credit slip number 2, intended for the student, will be mailed soon after the closing of the semester. The parents should be watching the notices in the Daily. May have copies of these grade slips mailed. There is a form to fill out in the office. G. L. and R. J. are here to assist. Be sure to get your slips in before the end of the year.

Variety Show: The College Variety Show has been termed a "success" — that is, by everyone who worked on the production—that's music! The exact figures have not yet been tabulated, but it is estimated that $137,000 or two dollars over the American Red Cross.

To all of you who so willingly gave your time—a sincere Thank You from the Women's Club: The cast of Outstanding Bound presented scenes from the play for the members of the local Women's Club on Monday, March 16, at 4:30.

Theatre Party: College Theatre members, its Alumni, and the cast of Outstanding Bound will have a Steak Dinner at 8:30.

Last Curtain: And so the curtain comes down. Here's for a bright Theatre season next year. We'll be watching the press next week.

We Need Every College Man In Officers’ Training

* TO MAN THE MIGHTIEST AIR ARMY IN THE WORLD *

IF Jap treachery and Nazi savagery make you see red—
calm yourself. *We shall pay them back with compound interest!* You as a college man now have the opportunity of serving as a Flying Officer—a Bombardier, Navigator or Pilot—with the branch of service which will do that paying back in person—the U.S. Army Air Forces!

If you are a Senior or wish to leave school— apply now for your Aviation Cadet training. After approximately 8 months— earn the right to be a flying officer in the U.S. Army Air Forces!

If you are a Freshman, Sophomore or Junior—you can, if you like, continue your studies under the Deferred Service Plan of the Army Air Forces.

New Simplified Requirements
To qualify you must be 18 to 26 (inclusive), physically fit—and pass a new, simplified mental test which college men find easy.

THREE ENLISTMENT PLANS FOR COLLEGE MEN

Junior—Sophomore—Freshmen
May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 21, inclusive, to continue their schooling, provided they maintain satisfactory scholastic standing.

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their names come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until they are ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will be given first consideration for commissions for officers in the service of their candidate school.

The plan has been approved in the belief that continuation of education will develop capacities for leadership. Reserve enlistment will not alter regulations regarding established F. O. T. C. plans.

As an Aviation Cadet you receive $75 a month, with expenses paid. As a Second Lieutenant on active duty, your pay ranges from $183 to $245 a month.

About four out of every five Aviation Cadets this past year received Second Lieutenants’ commissions—of which 67% are now flying officers. Commissions for ground crew service are also awarded.

Settle Your Service Now
To make America supreme in the air we need every college man who can qualify for active or deferred service.

See your Faculty Air Force Advisor for information and help with details. Join the thousands of America’s college men who are enlisting this week!

NOTE: If you are under 21, you will need your parents’ or guardian’s consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today.

SENIOR TRADITION TO BE REVIVED

Teacher's colleges seldom have, and are never given credit for possessing background in the form of tradition, as are the liberal arts colleges. To dispire this belief, the class of forty-two will breakfast together. Nelson Hall is the place, 8 o'clock on commencement morning the time. As one of the Seniors put it, "Here we all eat three times a day (usually) and in four years we've never eaten together." And where does the tradition come in? They always used to do it—and it's too bad to let good traditions die.

FROM THE LOCKER ROOM

by Jimmy Kuliders and Jack Rasmussen

From the Locker Room closes again for another year, as the semester draws to a close. The 1941-42 season of football and basketball has been highlighted by the winning of the Southern Basketball Championship. The football team also fared well, despite several handicaps, including graduation, draft and season's injuries to key men. After routing Eta Claire, the team lost to Whitewater and Platteville, games which might have been won rather than lost, if the breaks had been on the side of the Pointers. The defeated enemies to Oakshock and Milwaukee, and the Milwaukee game played here was the outstanding performance of the season. Throughout the season Ted Frisch, Frank Koehn, and Bill Carnahan played fine offensive ball. The finest play was also in the Milwaukee game in which Carnahan outmatched the upcoming Green Gulls, by picking up a bouncing punt, on the twenty yard line, took a few steps, and then lateralled the ball to Koehn, who went the remaining seventy-five yards for a touchdown. Fred Fink was a stand-out on defensive as well as Stark, Ot- to, Parr, Barton, and Swett. The basketball season produced several thrilling moments and outstanding personalities. The high scoring of the Tzernski brothers, Captain Pete and Ray. The spark, and drive of brilliant defensive play of Bill Carnahan, the rebound and faking and shooting of Ray Warren. Hank Poskie came in for a share in the limelight with his decisive free throw in the Milwaukee game after the gun had sounded, to give the Pointers a hard fought decision over the down-state school. This game clinched at least a tie for the Championship. The championship was clinched the first week when they defeated Oakshock, on their home floor with Tommy Fritsch garnering honors. The Pointers amassed a total of 700 points throughout the season. This total was helped while playing, Whitewater and Milwaukee on successive nights in which they scored over a hundred points in the two games. Pete Tzernski gathered twenty-two points in each game to lead the way. The Kottal men were invited to enter the NICA basketball tourney at Kansas City, where they were overwhelmed by a larger Indiana State team. All in all it was a very successful season for Coach Eddie Kotal, who after ten years, wound up his coaching activities as a CTC coach. He made a very commendable record while here and his team which ever they went were always respected. Next year's outlook depends greatly on the war, but what ever the outcome, the Purple and Gold will be well represented... See You Next Year.

SCHOLARSHIP

Five members of the Social Science club, including Dr. N. O. Reppen, traveled to Eau Claire last Thursday to participate in the District conference of the International Relations clubs. Participating clubs were Eau Claire and Stout in addition to Stevens Point. Charles Miller, Don Kordus, Lloyd Roe and Sherman Sword made the trip. The theme of the conference was "Plans for a Permanent Peace."

The program began with an address by the morning by Dr. David Bryn-Jones, professor of International relations at Carleton college in Northfield, Minn. He spoke on "Terms of Peace After This War."

Following a noon luncheon, a series of panel discussions was held, during which various plans for world management were advanced by the attending delegates. Kordus and Sword presented a plan for the management of world resources and Roe and Miller discussed the essential elements of a world federation.

A banquet in the college cafeteria in the evening concluded the conference.

COLLEGE Y
