Eleven Men Called To Active Duty By February 26

Eleven CSTC men have received their orders to report for duty by February 26. All of these men are members of the Enlisted Reserve Corps. The order came as some what of a surprise to the men who had made hurried arrangements to get home to see their families and to close their affairs here at CSTC before the deadline date, February 26. These orders will no doubt begin to come with bewildering rapidity in the following months. As this issue goes to press, there may already be others who have received their calls.

Men included in the list ordered to report February 26 were, Cliff Bemhard, Ray Craig, Kent Cznaw, Frank Dake, Joe Edwards, Everett Gardner, Don Kordus, Jim Kulidas, Ernie Link and Jay Swett.

All of the Army Air Corps who have been called to active duty and most report Friday to their headquarters are Jim Sullivan, Francis Nolan, Edward "Sam" Barton, and Bill Nikolai.

MOBILE OF RAF BOMBING TO BE SHOWN THURSDAY DURING ASSEMBLY HOUR

"Target For Tonight", a 48 minute reel featuring a dramatic story of a bombing mission by the Royal Air Force, will be shown at the regular assembly hour Thursday, February 18th.

This film is distributed under the auspices of the Bureau of Motion Pictures, Office of war Information. This 16 mm. sound film has been designed and planned to inform the American people of the status and the progress of the war, and to indicate how they, as individuals, can help in the war effort.

The film will prove to be highly interesting to everyone here at Central State for it is an authentic and thrilling account of an actual bombing raid by unit of the Royal Air Force.

The arrangements for the showing of the film here were completed by Jimmy Kulidas, president of the Forum. Mr. Raymond M. Rightsell is faculty advisor for the group.

FOR VICTORY: BUY BONDS!

Jeep Drive Nearing Goal; Friday Is Sale Deadline

Training School Does Big Share

In a statement issued late Thursday night, Adrian G. LaBrot, president of the Student Council, announced that sales of War Stamps and Bonds in the Main Office totaled $565 to date and that the deadline for the buying of the jeep was Friday of this week. LaBrot emphasized the excellent cooperation the Training School children and executives have shown in the drive. He estimated that the total amount sold at the jeep and Training School booths and hopes expressed that any students or members of the faculty who have as yet made no effort to participate in the drive would do so immediately so that by Friday the campaign can be closed successfully.

"It is right that the interests of all the cadets are served if all employees in a republic should always be kept up to speed but if the republic is to remain sound it is imperative that the development and fulfillment of the duties of the government for active duty be clearly defined to those who would take and not give."

This lesson, that in a successful republic each citizen must share the responsibilities as well as the rights granted to him by that government, might well be brought home sharply to CSTC. This bond and stamp business is one of those duties we have been asked to fulfill in order that we may not lose our rights. Central State, with its ready small and full enrollment can feel that it has done some of its share if it can buy the jeep.

Debaters Win Seven Of Twenty Debates In First Tourney

Debate squad returned Saturday from the tournament at Whitewater in which every school were represented. In the senior division Don Walker and Charles Wildermuth, affirmative, won three and lost two; and Iris Pringle and Hansi Rademacher, negative, won one and lost four. In the junior division, Grant Thayer and Roy Arndt, negative, won two and Betty Pohlan, Gladys Craker and Lois Brock, affirmative, won one and lost four. The squad is now seasoned for the season and is preparing for the last local competition when the Wisconsin Valley Tournament is held here February 26-27. Plans are being completed for what promises to be as lively a meet as has had. Students who are interested in acting as time keepers for the tournament are urged to contact Coach L. M. Burroughs immediately.

400 FLIGHT TRAINEES COMING MARCH FIRST

Raymond M. Rightsell, armed forces advisor for this area, announced today that all preparations for housing, feeding and educating the 400 fliers who are to be stationed here had been completed by March 1. He stated that actual official approval of the arrangements made here to accommodate the fliers had been delayed as yet, but was expected "any time."

Some indication of the training that these boys are to get was also contained in this statement. Although the headquarters of the Stevens Point Airport under the management of A. E. Padgys will be used to provide each of the cadets with 10 hours of flying. Because of the large number of men who will be receiving instruction, the flight training will be spread over the five month period for which the students are assigned here.

Formal academic training will include 180 hours of physical, 80 hours of mathematics, 60 hours each of English, history and geography and 24 hours of air regulations. Our own faculty members will have charge of these classes, although it is expected that the Army will bring in some of its own instructors also.

Also included in the five month period will be extended work in military drill and 120 hours of physical education. Army officers will be assigned here to be in charge of the cadets. It had some military experience before being assigned here for academic and flight training. Men who successfully complete the course will be sent on to army air forces advanced flying schools. Those who fail to qualify here will be eliminated as pilot trainees and will be used in other capacities by the army air forces.

The chief difficulty seems to be in recruiting enough physics teachers. We may all be sure that this welcome "invasion" will require many changes in schedule, many inroads for those civilian students that are left here at CSTC.

NELSON HALL

Festivities at the dorm are especially gay Saturday evening at a "boy and girl" party held in the recreation building rooms. It will begin late in the afternoon when the boys "delivered" their "corsages", which were nothing else than vegetable powder puffs to mention only a few of the clever, pejorative, to their "girl friends" and escorted them to dinner. The party was climax with games and the distribution of original valentines.

Assembly 10 a.m. Thursday... 6:30 p.m. Thursday Phi Sigs vs. Chi Delta

Help us buy that JEEP!!

RURAL LIFE

Rev. Father Thaddeus Koszarek, who is assistant pastor at St. Stanislaus' church and Secretary of the Catholic Rural Life Conference of the Green Bay Diocese, was the guest speaker at the Rural Life Club meeting held Monday night. Father Koszarek dwelt on the importance and beauty of life in the country and pointed out the great responsibility which the teacher has in interpreting the environment to the children who live in the country.

Other numbers on the program were piano solos by LaVerne Harrison and vocal solos by Joyce Stanton who was accompanied by Jean Meydan.

Group singing was led by Norma Anderson.
Nosey News

Well all the girls are in a mad rush—Worse than a bargain sale on nylon. No, it’s just that the dorm must be vacated by Saturday and the girls are scrambling for room in the private homes in Steven Point. This is the second time in 25 years that the army has moved in... As long as this is to happen we suppose we should start to check on all the co-eds of CSTC. Just a thought... Tick Nelson, star Oshkosh forward, has a reserved sign on one of the beds at 950 Main St. (Just for the week-ends.) Seems his home town girl is attracting him to our campus rather frequently. You, girls, do you know what Wimpy and Fink are burning up the mail lines these days between here and Miami? Did you notice the large ring dangling from a chain around his neck? Well, it’s a Marshfield High ring and it fits Freddie’s finger. By the way, the fellows at 300 Madison have a star in their eyes looking for Freddie. Art Peja had a rather stunned look on his face during intermission at the Fox Saturday night... It seems he turned around and saw supposedly everyone there with somebody else. Carmen Brooks was in town again and Dan Darkee didn’t seem to mind a bit. She started with Marlin and Rushing has started and it won’t be long before the pledges are going through an entirely new routine. We hope it comes soon. They have to be pressed and shoes to be polished. And no more dishes for us to do after next week when the new pledges will be around to take care of ‘em... Some life... There are probably two sad girls these days... Namely Judy Graham and Betty Smith. The reason is, some of you may already know is Dorothy Barton and Jim Sullivan report for active duty this Friday... Lots of luck to the fellows and we’ll see you out on the old pond tomorrow. These days... The boys are having a roll call tonight (Monday) for Sammy and also Happy going away event... The Junior Prom is on its way. Date: Feb. 27th... There isn’t much else to say that is definite other than that Orland Radke will lead the grand march... ‘Rat’ says for all you guys and gals to put on your fancy duds and he’ll see you there... We could predict the queen, but all we could do afterwards would be ‘I told you so!!’, and that’s no fun. So keep guessing... Merve said he’s going to have special booths, as say Swett and Gen — Jenks and Timmy; Brenner and Owens — Craig and Books... That Camp McCoy trip had its good and bad moments... Good in that the gals saw more than eighty fellows at one time (wolves call). Some of the girls have already gotten fan mail from the Camp... The Padour is all set... She got her WAAC application papers and she’s more power to her, and good luck in the WAACs. A real wonderfull cadet (Navy) was here to see me”, she said. Who said it?? Pils, of course.

Newspapers Have Gremlins, Too

By Gil Cockett.

Q. Can Stamps of various denominations be placed in one album?
A. More than one denomination within an album greatly increases the work and cost of re- production. Please, therefore, don’t mix denominations.

Q. May a minor designate a co-owner or beneficiary?
A. Yes, if the purchase is made by the minor from his own wages or earnings.

Q. Do I lose my investment if my War Savings Bond is lost, stolen, or destroyed?

A. No; upon satisfactory proof of loss or destruction, the Treasury Department will issue a duplicate, usually without requiring a bond of indemnity.

Q. May I register the name of a beneficiary on a bond without his knowledge?
A. Yes. Records of War Savings Bonds are confidential. It is not necessary for the Treasury to contact the beneficiary during the owner’s lifetime. Only individuals may be named as beneficiaries. No associations, churches, or clubs may be so named.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.

111 Water St.
First of all, is the WAAC really needed?

Emphatically yes! Already the President has authorized the Corps to expand from 25,000 to 150,000. The Air Forces and Signal Corps have asked for thousands of WAAC members to help with vital duties. Both Ground Forces and Services of Supply are asking for thousands more. Members of the WAAC may be assigned to duty with the Army anywhere — some are already in Africa and England.

Can the WAAC really help win the war?

The whole idea of the WAAC is to replace trained soldiers needed at the front. If American women pitch in now to help our Army (as women in Britain, Russia and China do), we can hasten Victory — and peace.

What can my college education contribute?

College training is important equipment for many WAAC duties too long to list. Cryptography, drafting, meteorology, laboratory work, Link trainer and glider instructing, for example. If you are a senior you may enroll at once and be placed on inactive duty until the school year ends. See your WAAC faculty adviser for more details.

But can I live comfortably on WAAC pay?

There are few civilian jobs in which you could earn clear income, as WAAC enrolled members do, of $50 to $138 a month — with all equipment from your toothbrush to clothing, food, quarters, medical and dental care provided. WAAC officers earn from $150 to $333.33 a month.

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today are the girls in khaki! Some calisthenics and drilling are vital to general good health, discipline and tuned-up reflexes. After a few weeks at Fort Des Moines, Daytona Beach or the new Fort Oglethorpe training center you’ll feel better than ever in your life.

Maybe I couldn’t like the work?

People are happiest doing what they do well. Every effort is made to place you where your service will count most toward final Victory. You may have some latent talent that will fill a particular need for work interesting and new to women — such as repairing the famous secret bombsight, rigging parachutes, operating the fascinating new electronic devices — or driving an Army jeep over foreign terrain.

Then I have a chance to learn something new?

Yes, indeed. And the list of WAAC duties grows constantly. The training and experience you get in the WAAC may equip you for many stimulating new careers opening up for women.

What are my chances of promotion?

Excellent. The Corps is expanding rapidly and needs new officers, both commissioned and noncommissioned. Those who join now have the best chances. All new officers now come up through the ranks. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

What is the age range and other requirements?

Very simple. You may join if you are a U.S. citizen, aged 21 to 44, inclusive, at least 5 feet tall and not over 6 feet, in good health — regardless of race, color or creed. The Army needs you now — don’t delay. Total War won’t wait!

Linguists needed. If you speak and write Spanish, Portuguese, Chinese, Japanese, Russian, French, German or Italian, see your local Army recruiting office now! You are needed for interpreting, cryptography, communications.

Women’s Army Auxiliary Corps

For further information see your nearest U.S. Army Recruiting and Induction Station.
Central State suffered its twelfth straight defeat when "Spitball" Tempas, Oshkosh guard, sank three long shots in the closing minutes which enabled Oshkosh to win 37-32. The game was played in the Training school gymnasium last Thursday night and was the final home appearance of the season for the Pointers.

The teams started slowly and scored a total of only 24 points in the first 15 minutes, at the end of which Oshkosh held a 15-9 edge. The halftime score was 21-13. At the start of the second half the Pointers put on an eight point spurt and tied the score at 21-all. Two baskets by Cliff Worden, one by Clarence Henkel and two free throws by Art Crowns did the damage. This was all done within three minutes.

The Titans enjoyed a brief scoring spurt and moved ahead, 27-23, but the Pointers came right back with baskets by Worden and Erdman, and a free throw by Francis Nelson to go into the lead 38-27.

Tempas made a long shot and Hartman a short one for Oshkosh to put the Kiifmen into the lead 31-28. Clarence Henkel made good his shot from underneath the basket to cut the lead down to 31-30 and then Oshkosh sewed up the game when Lamb put in a rebound shot and Tempas came through with two long shots. Howard Barton concluded the scoring for Central State with two free throws.

Howard Barton of Central State and Lamb of Oshkosh shared scoring honors.

Oshkosh Wins Close One 37-32

**Phi Sigs Defeat Chi Delts 15-13 In Hard Fought Game**

Playing a preliminary game before the varsity contest between Central State and Oshkosh Teachers, the Chi Delta Rho and Phi Sigma Epsilon Fraternity quintets put on a very thrilling and exciting game for the crowd.

The game possessed all of the color and intense rivalry that accompanies any meeting between these two fraternities be it on the diamond, the hardcourt, the gridiron or in the race for new members.

Phi Sigma Epsilon emerged victorious 15-13 after thirty minutes of hectic basketball.

The Phi Sigs employed a shifting zone defense while the Chi Delts used a man-to-man. The game was, as might be expected, quite rough and quite a lot of "body contact" was witnessed!!

Baskets by Carnahan and Peterson put the Phi Sigs ahead at the quarter 4-2. The Chi Delts scored on a basket by Pejas. During the second quarter the Phi Sigs found the range and increased their lead to 9-3 at the half. Tom Wishlinski put in a basket and Bill Carnahan came through with three free throws to add to the total. The Chi Delts on the other hand were held to one free throw which was made by Bob Schunk.

The third quarter found the two teams scoring only four points between them. The Phi Sigs added two points on a basket by Ray Skatrude while the Chi Delts counted on Swett's ringer from the side.

Chi Delta Rho rallied strongly in the final quarter but fell short by two points of tying the score. Bob Schunk made one basket and one free throw, Grant Thayer sunk a long shot and two penalty tosses by Roy Arndt supplied a free throw. The Phi Sig scoring was climaxd by a basket by Bob Shorey and a free throw apiece by Bill Carnahan and Ray Skatrude.

The thriller of the game came in the last second of play when Jay Swett brought the crowd to its feet on a shot that almost tied up the ball game. The ball hit the rim, wobbled crazily, and fell out.

At this the Phi Sig fans were overjoyed for time was about out. Just then Timekeeper Harry Hertshorn motioned to little Sol Shafton who blew the horn which marked the end of the game.

**Box Score:**

Chi Delta Rho 13

**Phi Sigma Epsilon 15**

**Summary: Free Throws missed—**

Chi Delts 6; Phi Sigs 8.

**GIRLS IN SHORTS by margie mae**

Hello—here it is Wednesday, the 17th—it's not too cold out and it is the dawn of the WAA Girl and Boy Party—girls, don't be wallflowers, come if you have to sing—you're among friends. It's not formal—Don't bother to dress.

I know you all have been hearing a lot about the Physical Fitness classes that Miss Greiling has been holding. You know, they're from 3-4 on Tuesdays and Thursdays. If you wonder what's ailing you, you feel tired, run down, 'entry's abating Greiling's physical fitness classes, held in the gym (I am NOT getting paid for this!) In case you are not free at that time, Miss Greiling is willing to hold some evening classes if you girls would like it; Thursday evening would be best for her. If interested see her NOW!

It seems that the war has even invaded such peaceful, placid places as the girls' gym classes. I hear that they are divided into squads, each with a team leader and a special name. Do they call themselves the "Busy Bees", or "Jolly Beavers"? NO there are a few of the names:

**FLYING TIGERS, Areleen Esselman**

**COMMANDOS—Georgia Newby**

**DIVE BOMBERS—Audrey Jaquett**

**RASCALS—Mary Okray**

**GREMLINS—Glady's Pils**

**SPARS—Eveonne Roth**

**TERMITES—Elizabeth Dubinski**

**WAVES—Betty Cahoon**

**WAACS—Patty Anderson**

**WAFFS—Norma Krueger**

**SOME IMPORTANT MUSTS on your calendar: Basketball-Monday & Wednesday 4-4:5; Badminton-Monday and Wednesday 5-6. Mixed Badminton-Wednesday-6:30-8 AND Informal meet on Thursdays.**

**THE SPORT CYCLE:**

Jean Meydam, Helen Lundgren, Evelyn Firkus, batting the little birdees around.

Norma Krueger, Pat Anderson, Mary Butter, Chube Gruba on the basketball floor, playing for all it's worth.

**SPECIAL PLEA: Won't SOME-BODY break the ping-pong deadlock? I even would if I could!**

---

February 17, 1943
Sorry, fans but there are no uppers to give you in the basketball games played last week-end. In the preliminary games the team which was leading with the money paid off again. Phi Sigma Epsilon rode the rest of victory by handing Chi Delta,. Rho a 15 to 13 defeat. As the score denotes it was a closely fought game throughout. The much taller Chi Delta team failed to capitalize on their height which enabled the Phi Sigs to jump into the lead and maintain it as the game progressed. Sharkey took the ball under the basket and ignored an easy push-up shot and dropped in an under-the-basket over-the-shoulder shot. The P.S.E. boys never relinquished the lead. This game produced no stars on either team. A bucket was scored by the Phi Sig players and each Chi Delta played well. Am I surprised at this being an off-record fast count didn’t occur. The Pointers played their usual strong game last Thursday night but could not click on their shots. I told Mr. Parks not to “put the cover in but he must have forgotten.

TWENTY POINTERS MEET QUAKERS SATURDAY

SIDELINES by sharkey

This was the year for Oshkosh to go away from the CTC court the victor the first time in many, many years. I might add. No, sports fan, "Tick" Nelson always shoots like that and he doesn’t bathe in lifelike... (Ed. Note: For those of you who didn’t get it any quicker than I did, Mike means he is a stinky shooter but a swell guy.) You have your own vocabulary to use in describing those unartful shots of his. Most of the comments that I might make would be unprintable!!!

... With the Aviation Cadets soon to be in town, we will have some new teams to challenge in basketball, baseball or what have you. These boys should put forth some keen competition... That is if they have any time... I heard that they are not going to be college students in uniform, but soldiers in college.

... Apologies offered to Pils and curry by getting off the beam last week and missing in on their territory. Gosh, what’s a fellow gonna do after basketball. I can hardly support this column on ping pong news!!!

Our intramural program is steadily expanding under Coach Berg. Basketball and ping pong are in the spotlight at the present time. These two intramural sports, besides varsity basketball, take up all our men—all twenty-five of them!!!

... Daily! Burton starts racking up points for Uncle Sam 'in the big game’. Starting Friday, Jim Sullivan, the other half of the star guard combination was a key figure in the government's lottery for a winning team. Their leaving places point in a position for a complete reversal of the cage season of last year.

The Pointer Meet Quakers Saturday

FRATERNITIES CLASH AGAIN THURSDAY NIGHT AT SEVEN O’CLOCK

The feud will be on again Thursday night when the Chi Delta and the Phi Sigma return their basketball rivalry. The Chi Delta Rho boys will be out to even the series while the Phi Sigma Epsilon chaps will attempt to turn victory number two.

The game will be played in the Training School Gymnasium and will start at 6:30 p.m.

Plenty of excitement is promised again for this contest. The Phi Sigma Epsilon cheering section led by Donald Walker and Johnny Edwards will be on hand with added strength while the Chi Delta rooters will come prepared to do a little more cheering this time.

Coach Jimmy Kuldis of Chi Delta Rho plans on starting the same lineup as he did in last Thursday’s game — He promises to be more calm during tomorrow's engagement and that no telephones will be called on him!! Head mentor Bob Malecki will also employ the same starting five.

BUY THAT JEEP!!

The Central State Teachers College basketball team will travel to Whitewater this week and on Saturday night they will meet the league-leading Whitewater Teachers College five. This will be the second meeting between the two teams. Whitewater won the first encounter 59-28 two weeks ago in a game played in the Training School Gymnasium.

As if he didn’t have anything to worry about in this coming game more woes came upon Coach Berg yesterday when it was found that two more first stringers, namely Howard Barton and Jimmy Sullivan, had received their notices to report for Uncle Sam’s team. ‘Sam’ and Jim will report for training with the Air Corps. Three days before the first game with Whitewater Coach Berg lost the services of Captain Ed Seymann and Jack Rasmussen. Barton moved up to the starting position after the departure of Seymann and Rasmussen and immediately began to work in with the boys. He was a constant scorer in all of the games and reached his peak in the Oshkosh game last Thursday night. When he hit the team with a 17 point barrage with twelve points. His shots from afar were very deadly and opponents began to rush him when he began to get too long a shot. Sullivan came out for the team at the start of the semester and was just rounding into shape and finding his stride. These two boys will be sorely missed.

Coach Berg has not indicated what his starting lineup will be but it is expected that the following will be the starting five:

Hinkel and Menzel, Forwards; Crowns, Center; Erdman and Nelson, Guards.

It is also very likely that Menzel will be shifted to the guard position and that Cliff Worden will occupy the forward post.

Whitewater will be led by the high scoring duo of Lang and Zurich.

Minus Services Of Two More Men
OSHKOSH WINS
honors with 12 points each. Barton made four baskets and four free throws. Nelson of Oshkosh scored 11 points. Cliff Worden was second high for the Pointers with three baskets.
