NEW PLAN TO MEET TEACHER SHORTAGE DISCUSSED HERE

In order to meet the teacher shortage, the State Department of Public Instruction has indicated that it will grant permits to teach to persons with considerably less than the formerly required training. This accelerated program was explained by the various departmental directors to their groups at meetings held last Thursday morning.

Miss Gladys M. Neale, heads of the Primary Council and Rural Life, respectively, explained the program for elementary and rural training. This plan was adopted by the State and the Constitution for the new program, the following will be sufficient: One year of training followed by a summer session of at least eleven weeks then one-year’s teaching under supervision followed by another summer session.
WE'RE PART OF IT TOO!!

January, 1943, marks the first anniversary of the signing of the United Nations Declaration. 26 nations signed this agreement in Washington last January. Since then 3 other nations have joined.

This anniversary focuses attention on these facts:
The United States is part of the World. We cannot live isolated and remain unmolested no matter how much we want to. We tried it once. It didn't work. War came anyhow.

Now that we are in the fight, we can't do the job alone either. We need the United Nations and the United Nations need us. We have to fight as a team. Only team work will win.

Every country made the same mistake we did. Every country tried to conduct its foreign policy according to what it thought was its own self-interest. This selfish narrow...yes, isolated viewpoint turned out to be the worst possible way to serve our own interests. We almost all went under.

Only a coalition forced upon us by great common danger has turned the tide. The United Nations together can do and are now beginning to do what no country could do alone. Lick the Axis!

It took the killing of millions of boys, the spending of hundreds of billions of dollars to teach us we're part of the world, that what happens in China, and Russia and England, and Czechoslovakia and Poland is important to us. University News Letter-OWI

CSTC TODAY A CHANGED PLACE, SAY RETURNING GRADUATES

Former CSTC students who have returned after the lapse of a few years to take further courses here are almost unanimous in expressing their astonishment at the changes they find, but they hasten to add that these changes are all for the improvement of the college and its students. The changes that teachers notice first are the external ones. They can remember when the training school occupied the first floor of the college building, and the science laboratories were on the third floor. Two acquisitions which the men, in particular, regard as important are Schmeeckle field and the Training school gymnasium.

Other less tangible changes are found in the education system. Present day CSTC students are granted more freedom in choosing the courses they wish to take.

Individual thought is encouraged, and as a result the students "have more on the ball." They are friendlier and more interested in their actions, and take a deeper interest in their studies.

Returning college students also find that the faculty has a more personal and helpful interest in the students — interest that is not always found in other colleges of a like standing, and which is more evident at CSTC now than it was in the past. Some former students declared that greater opportunities are allowed the student teachers in the training school than were formerly offered.

Until a few years ago the regulations governing scholarship were not so stringent as they are now, and students who had no business at college would drift off, year after year. A situation like this is impossible today because of the grade point system. Regulations for student housing were nonexistent up until a short time ago, and large scale "cutting" once flourished here.

College Theater was greatly praised by these alumni, who said that it was an asset to the college. They felt that it helped the student to develop his sense of responsibility, also gave him valuable experience in producing plays.

So those students who have been prone to grumble at the college, and to think it slow and unprogressive, should look at the changes brought about in the past few years. Ample grounds for changing their opinion will be found.

YWCA

Members of the YWCA will meet Thursday, Jan. 14, in the recreation room, at Nelson Hall.

Students See Pre-War Films Of Hawaii

At the assembly, Tuesday, Jan. 12, Julian Gromer, outstanding young photographer, world traveler, and adventurer, showed his new motion picture "Hawaiian Paradise," with an accompanying lecture. It is a documentary motion picture in natural color produced only a few weeks before the attack on Pearl Harbor. Critics have given this film highest praise.

Mr. Gromer is a great showman and has a friendly personality. He is also a daring sportsman and has won a great many trophies with his outboard racing hydroplane.

Mr. Gromer has also made two other color films which are equally beautiful, "The Great Northwest" and "Happy Go-Lucky Mexico." They can be seen at the school, and are a part of the special musical background.

Student Sparring

In former years the students of this college have been engaged with some very fine assembly programs, but this year as yet there has been nothing really outstanding or of the least special interest to the student body. Nothing can be done unfortunately about the assembly programs that have been given thus far but we do request a more varied program at the next gathering of students to put on a program consisting of a well planned film with a large number of numbers, (of which we get plenty) and replacing them with programs which would be of more interest.

Realizing the reduction in the allotment for the entertainment fund due to the small enrollment this semester, this organization had made plans to put on a program consisting of student talent. The date was set, the participants were informed and the entire program had been organized. Then another assembly committee program was engaged for that date, forcing us to change ours to a later time.

It is our suggestion that the students have to put on a program for a "say" in the choice of these programs. This could be carried out very easily through our Student Council and the requests of the students would then be more nearly fulfilled. It might also serve to solve the "poor attendance" problem over which some concern has been shown. We believe that this representative should be referred by the Student Council, our chosen representatives, to the proper sources for IMMEDIATE action! How about it, Student Council?

Alpha Kappa Rho.

U.S. Army Announcement

To College Women in their Senior Year

Your Army has scores of duties in the WAAC for alert college women . . . duties vital to the war . . . duties that will train you for interesting new careers in the post-war world. And here is good news indeed — you may enroll now in the fast-growing WAAC and be placed on inactive duty until the school year ends. Then you will be subject to call for duty with this splendid women’s corps and be launched upon an adventure such as no previous generation has known.

New horizons . . . new places and people . . . practical experience with good pay . . . above all, a real opportunity to help your country by doing essential military work for the U.S. Army that frees a soldier for combat duty. These are among many reasons why thousands of American women are responding to the Army’s need.

You will receive training which may fit you for many of the new careers which are opening to women, and full Army pay while doing so. And by joining now you will have excellent chances for quick advancement for, as the WAAC expands, many more officers are needed. Every member — regardless of race, color or creed — has equal opportunity and is encouraged to compete for selection to Officer Candidate School. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

Go to your WAAC Faculty Adviser for further information on the list of openings, pay, and promotions. Or inquire at any U.S. Army Recruiting and Induction Station.

Description of the image content: The image contains a newspaper article from January 13, 1943, featuring various sections and ads. The main content is a sports report about a basketball game between the Milwaukee State and the Central State basketball teams. The article details the game's outcome, player statistics, and other related activities. There are also ads for various products and services, including a discount on athletic clothing and a special offer on soda. The layout is typical of a newspaper, with text paragraphs, headlines, and advertisements. The content is from a local publication, likely a community newspaper, given the specific references to local events and businesses.

The first formal of the year, and probably the last for the year, was held Saturday night, time and same place as usual. Almost the same orchestra and probably the same people. When we say the same people, we are referring to the "steadies" on the campus and those that manage to get there by hook or by crook. Girls if you want to know if you are going to the formal come over to the dorm and ask the "Wee-Gee" board. This board is the property of Elvira Sindco and has really gotten a work-out. Practically every girl in the dorm has found out who, when, where, and why she is going to get married, and has already figured out her grade point. This is because the Wee-Gee board is a "let out" the grades. The Navy Cadets also found out that all of them are going to "wash out" at lowest level. Swendsen has seen that. We hear you had an eight o'clock curfew slapped on you. Do or Die—are you going to wait until you get to lowly Swendsen? We found out, and not from the cards, that Hansi Rademacher wishes for a date for the formal.

Roesy Howes and D. J. took a ride in a car Sunday and went out to the airport. The trip was worth it, two of the instructors took them up for a ride. . . . , about the spins. We hear that for once she wasn't saying mush.

The fellows at the Phi Sig house report peculiar actions on the part of Mike Starkey. Could it be that he is having trouble picking "his" date for the all Greek formal?

One of Freddy Fink's old girl friends left town the other day; she was also Robert's; of the Navy, girl friend, too. "Every night About this Time—Oh, How We Miss you". (In Freddy.) Christmas brought plenty of friends too. Every night a diamond. You remember "Car." don't you?

Terry Menzel has been seen with Roberta Olson lately—what's the matter, Rass, wasn't our build up big enough? . . . Two of the faculty members are enjoying an unexpected vacation over at St. Michael's Hospital. Mrs. Pfiffner and Mr. Rogers, we hope to see you back again soon.

Three new couples were seen doing up the social life this week-end.

Gordon Sayner and Bunny . . . . Louis Erdman and Lillian La Marsh, and Janie Ganster and Bob Hankey, side. After hearing Jane talk about her date, we wonder if she saw Desperate Journey. . . .

This week brings two basketball games into the sports light. Wednesday night the two will travel to St. Norbert's minus the coach, because he will be busy with a State Physical Education program. The team will be staying in Green Bay, won't it. Carnahan? Platteville plays here Friday night. Everybody come on out to the game. The boys are about due. Relax before exams! Come to the same Friday and the formal Saturday.

Three Seniors In Field Relieving Teacher Shortage

Three Central State students have been "drafted" to act as substitute teachers where the teacher shortage has become more than acute.

Patricia Meissie is showing her talents at Wild Rose, while Alva Thompson is teaching at New London, and Ray Skatrude is teaching at Valders.

SHORTAGE

mer session of at least eleven weeks.

One of Mr. Rightsell, director of the high school division, or Forum, discussed the new program with his group, and Mr. Watson explained it to the students where the teachers, shortage has become more than acute.

In both programs the classwork and the teaching must be done satisfactorily.

Students Needed

sent a written application to Raymond M. Rightsell. The job is not difficult, so boys and girls, if you want to do something really worthwhile, and at the same time gain some valuable experience, apply now.

There is also a need for student reporters, and if you've been wanting to be among those on the Pointer staff and didn't know just how to go about it, come on in and see Bob Malecki right away. . . . Who knows, you may be just the type.

Mention "The Pointer"

The Pointer Tuesday evening, President Tom Wishlin斯基 announced that after February first, Phi Sigma Epsilon fraternity will vacate the fraternity house at 823 Main St. for the duration. Tom stated that the fraternity felt it wise to terminate its long-standing arrangements with the owners of the house while "there are still enough of us left here to do it right."

For some years, the Phi Sigs have been the only Greek organization that has maintained a "house" on the campus. Wishlin斯基 emphasized the fact that every effort was being made to assure the return to the normal state of affairs when the war is over. Acting under counsel of Fred J. Schmeckle, faculty advisor and "Dad" of the group, the frat decided to close the house and end the existing arrangement there early enough so that all arrangements for the caring for property of the frat could be made while the treasury still showed a favorable surplus.

**Greeks**

He's loose and get in on the best dance of the year! This is one NOBODY can afford to miss! Chances are, many of the fellows will be tripping the light fantastic for the last time. They may go next summer, no one knows, so yet your fun while ye may, ere the chance is taken away!

And we might add that it's a sad man who can't scrape up the six bits that it costs to get in. The Greeks, by eliminating the fancy frills and profit motives of former years, have cut the price of this dance exactly in half. And that's no mean thing in these lean days!

One more point in favor of this dance—come out and forget for a few fun-packed hours, the dread exams that will be confronting us in another week. One good thing Saturday night, and then for a week of the hardest kind of work you can manage! All work and no play makes 'jack' it's true, but isn't that a dull program?

The Oshkosh "newspaper" came out with a statement a few weeks ago that the students of Central State were evidently not aware of the fact that there is a war going on. This dance is the Greeks' answer to that slur. This will be a wartime dance if there ever was one. Come out and show that Oshkosh bunch that we can have fun as in days gone by without interfering with the war effort, which, to students in college, consists in doing the best job possible of maintaining all the beloved traditions of college life without being wasteful and extravagant while doing it! There's your answer, Oshkosh!!

Come on, Central State, let's show 'em!!!

You can get your tickets from any member of any of the four Greeks or you may purchase it at the door—All they ask is that you make sure to GET one!!

(If it's not asking too much, Oshkosh, we'd like to have it a formal affair! You know, where the girls wear long dresses and the fellows don their best. Or haven't any of you been to a great, big grown-up dance like that as yet?!)
