The Inter-Sorority council has made the promotion of Second Lieutenant John W. Beebe of the Army Air Corps to First Lieutenant. Lieutenant Beebe is a member of the permanent staff here at the college. Another change has also been made in the Technical Sergeant Lawrence F. Barnes takes over the duties of Technical Sergeant Leo H. Bates, who is attending Officers Candidate school at Miami Beach, Florida.

College Theater Faces Manpower Shortage

Can you imagine a love story, a murder, or any kind of play without a man? Neither can the College Theater. Lack of a male supporting cast is delaying immediate activity, but there are hopes that the organization can function again soon. A remedy for this same trouble which was applied to the worried College Theater during the summer season may have to be used again—the remedy was the 97th Air Force College Training detachment.

Last summer's play, "The Night of Murder," proved to be a great success, and a lot of fun for all. Teachers college faculty, who in former years had one or two NYA workers, feel the necessity of the entire faculty. Their motto is: "If you can't get any place else, you're sure to find it at the Counter!"

Assembly Programs In The Planning Stage

Students may have the privilege of hearing Alfonso Pond, noted explorer and adventurer, at the assembly program this year. He will lecture on the subjects of Algeria and North Africa, places prominent in the history of the world.

The assembly committee, headed by Dr. Arthur S. Lyness, also hopes to have Lew Srett, noted poet, prelate, and editor, facing the problem at possible entertained. for Miss Margaret Dunn of the Duluth Teachers college faculty, who gives dramatic readings. At some time during the year, Dr. Clarence D. Jayne of the local faculty plans to show sound motion pictures of interest to students and faculty.

The assembly committee is composed of Dr. Lyness, Peter J. Michelson, Norman E. Knutzen, and Leend M. Ythrough, the faculty, and Janet Thompson and Ruth Michelsen, representing the student body.

A problem of limited funds confronts the committee this year. Of the $8 activity fee paid by each student, only 50 cents goes toward entertainment fund. If that fund at the present time is the sum of $189.09, which the committee will use to bring the best entertainment possible.

What's Doing

College Y 7:30, Room 259
Dance at Training school
Thurs. Oct. 14: WYCA Guest meet-
ing at Iverson Park
Fri. Oct. 15: High school football game. Point vs. Marshfield
Sat. Oct. 16: Squadron D entertains at Campus Canteen
Mon. Oct. 18: Volley ball 4:30
Point vs. Room
Tues. Oct. 19: Sororities

ARRIVAL OF NEW MEMBERS October 10, 1943

The student directory will be ready for college students at the end of this week or the beginning of next week. It is being compiled and checked by the office staff here at the college. It will consist of the names, addresses and telephone numbers of the faculty, the office and main checking desk because it gives her a chance to become acquainted with a much larger percentage of the student body than she would ordinarily know. She did not see the fact that this work takes her away from her duties in the main library office and the textbook library. She was thoroughly, much of her time was spent.

Her attitude is representative of that of the entire faculty. Their problem is the process of hand leaves the rest up to the student body.

Weekly public service, since the trainers are restricted to the campus, the Counter will call for photos, takes watches and jewelry to be repaired, and perform minor services. Mae Hoffman and Rachel Eide, who preside over the Counter, are usually busy replenishing the candy tray. Hershey Bars passes for admittance to the Wednesday social evening sponsored by the detachment, as well as for the Campus Canteen on Saturday night. Passes may be obtained from Mrs. Elizabeth Pifflinger on Wednesday evening from 7:30 to 8:30. She will be stationed just inside the main entrance to the College building. College students can obtain passes at her office during regular hours this week.

Counter Prospects At Air Students Arrive

Since the coming of the Army Air Corps the College Counter has become a miniature department store! The number has increased four times, for as much business is now done in a week as was done in a month last year.

G.I. shoestings, shoe polish, shaving cream, razor blades and soap are only a few of the new commodi-
ties now in demand.

Ice cream is the fastest selling item. Six dozen ice cream bars can be sold in five minutes!

About 12 dozen candy bars are dispensed of very day, so the girls at the counter are usually busy replenishing the candy tray. Hershey Bars are by far the most popular brand—infact, it is necessary to limit the number sold to one person. Milky Ways and Baby Ruths also sell quickly.

The Counter also has an errand service. Since the trainers are restricted to the campus, the Counter will be responsible for the Counter carefully. Her motto is: "If you can't find it at one place, you're sure to find it at the Counter!"

Publicity Editor New Member Of Pointer

At the request of President Han-
son, the Pointer publicity editor this year. That editor is Kath-

erine Hope, who besides reporting for the POINTER will send school news of students to their home town newspapers. She will work under the direction of Miss Bertha Glennon of the faculty. Any students who see these news stories in their home newspapers are asked to bring the clippings to Katherine Hope or to Miss Glennon.

PASSES ARE REQUIRED FOR MID-WEEK DANCES

Officials of the 97th College Training detachment have requested that civilians show their Canteen passes for admittance to the Wednesday social sponsored by the detachment, as well as for the Campus Canteen on Saturday night. Passes may be obtained from Mrs. Elizabeth Pifflinger on Wednesday evening from 7:30 to 8:30. She will be stationed just inside the main entrance to the College building. College students can obtain passes at her office during regular hours this week.

Directory Ready Soon

The student directory will be ready for college students at the end of this week or the beginning of next week. It is being compiled and checked by the office staff here at the college. It will consist of the names, addresses and telephone numbers of the faculty, the office and main checking desk. This will consist of the names, addresses and telephone numbers of the faculty, the office and main checking desk.
Mr. Lewis predicted a cyclone Monday, but people asked: Was it a bird? Was it a plane? Was it Super Man? Why no. It was First Lieutenant Alice Beebe going to the band camp and getting his new silver bars. Congratulations on the promotion, Lieutenant. "Who was Sergeant Holyfield or the P.T. Hill or the Dancers or the Sergeant on Saturday night? Don't you get a good enough work-out on the P.T. field, Sarge? Speaking about P.T. we think it would be a good idea for Corporal Stevens to get out there for calisthenics. Why, the way he shifts his torso around on the p.t. line is a menace to the safety. .......... A/S Du Priest, D-2, has double trouble. He can't remember which Mary he was to meet. .......... A/S M. D. Davis, D-2, found out it's a bad policy to have a telephone operator for a sweetheart. She heard all. .......... Did anyone notice the peculiar odors around school on Tuesday morning? Reason was Lt. Col. Evans showing a class how to identify various types of gases...... A/S recovery is C. W. Walls, D-2, who is convalescing in hospital. .......... A/S R.C. Fisher, E-2, is the sole originator of the newest continuous exercise the field team is doing. .......... A/S F.R. Desmond, E-1, really knows his business when it comes to mosee calling. Most of his experience comes from his trip into the forests of his home state, New Hampshire. .......... A/S Hu bel, D-2, of sqd. N.D. Wolfe, E-1, and his wife have been doing some rug cutting at our dances...... .......... A/S K. Week, E-1, and his wife are taking a vacation next week. When it comes to dance champions, sqd. C is not to be left out. A/S H. F. Smith and his wife keep up with any couple on the floor...... Since the departure of A/S W. M. Dobbins, destination unknown, we can see a gleam in the eyes of A/S R. J. Wall, Sqd. D. We wonder if .... See G. L. page 3

The enrollment at Central State compares favorably with that in other Wisconsin teachers colleges. Whitewater boasts 295, with 18 per cent of her Seniors going to River Falls Teachers college, 223, Oshkosh, 260, Milwaukee, 824, and River Falls, about 200. The enrollment at Stout is 272, with 39 men missing. Speaking of the man shortage, 17 of the 35 men students at River Falls Teachers college turned out for football, that's pretty good, but it doesn't leave very many to warm the bench or guard the water-pail. .... A/S "Voice" mentions the astronomy classes which used to meet regularly down creek or up on the mound. It seems these classes have ceased to exist even on moonlight nights. The man shortage isn't getting the Stoutonians of Stout Institute down. They have an S.M. with chances sold on a $5 defense stamp album. The girls decided that a successful romp really needed men, so some of the girls came dressed as men. The book supply for Freshmen at Concordia college in Milwaukee was men's. When trying some thing new by giving its practice teachers practical experience with extra-curricular activities in the Training School with the Dramatic and Commercial clubs and even supervise the school paper. Two curious incidents at Superior Teachers college were found. The Air Corps there had a mid-day chow and said it was an A-1 meal (as if they could tell with 300 cadets to look at). Luther college at Decorah, Iowa, will celebrate its eighty-third year at homecoming. No, they haven't a regular football team, but they have a passing offense that is good enough to give the upper-classmen a good run.
Radio Workshop Staff Adds New Workers

"The show must go on!" Broadcasts presented by the Radio Workshop at Central State Teachers College must go on too—and they do.

The personnel of this college-sponsored organization is deserving of much credit for making it as successful as it is. All of the members of this active group are college students and each one has voluntarily offered his services.

Each person who qualifies for membership has the privilege of choosing the type of radio work he prefers. Bernard Alberg, Ralph Hawkins, and Joseph Wilcox are announcers on Radio Workshop broadcasts. The controls have been taken over by Allen Barrows, Daryl Fonstad, Jean Gulliksen, Peter Johnson, Jane Miller and William Terry. Lenora Brads and Charles Jacobson write script. Sound effects and the people who usually attend the Canteen dances? From all reports the accents of the dancers are mixing it up a lot more lately.

Our showmen are waiting for. Just think of welcomed Harv Erdman last week-end even if he did only come from Madison. Guess "Rass" keeps his heart in Milwaukee. He was everybody’s friend when he was here.

By the way........ Have you noticed Kitty Levi’s new watch and cadet wings? Yup, she just sent her heart off to Santa Ana. Could it be that they’re really that way about each other?...... I wonder if the new Squadron E boys are having that feeling that some aviators describe. They have "butterfly stomach", they say, so marked is the fluttering in the Department of the Interior.

Mind if we dig up a little humor from the hazy past? Knock, knock!

Who’s there? Atlas. Atlas who? Atlas I’ve got you. Don’t beat us. It is no worse than some of the moron stories. Speaking of people having mutual interests—A/S Dever and "Ginny" Grassl are both working on the Pointer staff. They must have chatty times talking copy and circulation..... So long for now. See you next week.

EXCELLENT FLOOR SHOW MARKS CANTEEN DANCE

The floor show was the high light of the opening Campus Canteen dance last Saturday night. All those present enjoyed the first part of the evening dancing to the music of Benny Graham and his orchestra, and as a climax Squadron C gave an excellent floor show.

It was a show that was reminiscent of last year’s Phi Sig style show, as the soldiers were attractive "sweater girls" that brought more than one whistle. Some girls remarked that the long underwear which one section of the chorus wore was a relief from the uniform "boxers" that the handsome sports coat and checkered pants, worn by one of the performers, caused them all to sigh. Worthy Lieutenant, of Santa Barbara, California, acted as master of ceremonies. William Bode of St. Louis, Missouri, played the entire piano accompaniment as background. While Don Pittman of Sodus, New York, sang "Beautiful Dreamer" and "Old Man River".

This Saturday, October 16, Squadron D, with A/S Doricott in charge, will provide the entertainment and it promises to be just-as good as that of last week.

The WAA sports schedule is somewhat limited this year due to the fact that the places to play are few and the times during which they can be used are scarce. You can understand that complete cooperation is necessary if we are to make the sport schedule a success. Come on out for as many sports as you can, gals. "Prexy" Bette Davis, speaking for those who turned out, says volleyball has been great fun. Don't forget to join the gang every Monday and Wednesday from 4:30 p.m. to 5:30 p.m. and remember to bring your friends. All college women are welcome. If you see some poor gal wearing a bright ribbon which doesn't match at all, don't interfere. It's just an old member giving a new one the authoritative gaze of some other girl. The new girls will become full-fledged members the second semester.

The WAA sports schedule is for the regular monthly meetings of the Y, and officers will be elected. The YWCA thinks that this nice fall weather makes one want to get outside around a camp fire to sing and have fun. For that purpose it is going to have a "guest" meeting at Iverson Park on Thursday, October 14. Further announcement will be made on the Y-Dub bulletin board.

Omega Mu Chi meets Omega Mu Chi held its regular meeting Tuesday, October 12 at the home of Mrs. Harold Tolo in Park Ridge. Miss Hazel Bentson was the assistant hostess. Plans for next semester activities were discussed.

College Y to Meet The first meeting of the College Y will be held today in room 259 at 7:30. The meeting will last about one hour. All college students and trainees who may have that hour free are invited to attend. Judy Gra-
