Dr. Jenkins Elected Chairman of Faculty

Dr. Warren G. Jenkins was elected chairman of the college faculty at a meeting of that group on Thursday of last week. He will take office in February.

Miss Delia Davis was chosen secretary-treasurer, and Miss Helen Meston, member of the executive committee, Dr. Jenkins succeeds Miss Mary Allen, who has been secretary-treasurer for the past three years.

Committee chairmen chosen are: Alumni, Miss May Roach; assembly and concert, Miss Mary Bethany Lempert; athletics, Burton R. Pierce; bus, Fred J. Schmeckee; catalog, Robert S. Lewis; commencement, Charles G. Evavold; choral, Ethel Reppen; forensics and dramatics, Leland M. Burroughs; library, Nels R. Kampenga; resolutions, Miss Lea Van Horn. Student activity funds, Miss Emily Wilson.

NOTICE

The next issue of the POINTER will be published on Wednesday, January 31.

WAAs Are Hosts at "Christmas Cheer"

A silhouette of the Nativity scene, encircled with wreaths of green, was spot-lighted on the wall of the Student Lounge as members of the WAAs, under leadership of Mary L. Lynn and faculty at their annual Christmas Cheese on Wednesday afternoon from three to five. Bulletin boards were covered with snowman and Christmas stockings, while in one corner of the room a spot light shone upon the Christmas tree.

During the afternoon the following program was presented: At three o'clock Shirley Brown played several piano solos, followed by a solo solo by Marianne Simonson. Leland M. Burroughs and Yvonne Gabelson gave Christmas readings. The Boys' Quartette presented several musical selections. Mary Lynn sang a solo, which was followed by a piano selection played by Bob Westenberg.

A trio, consisting of Marianne Simonson, Doris Ockerlander and Mary Juetten, sang "White Christ- mas". Alice Hetzer and Frank Kos- sler, in a vocal duet, followed by a solo by Frank. At 4:35 Bob West- enberger accompanied the group in community singing.

A lunch of hot cider and Rita chairs was served. Hostesses for the afternoon were: Betty Ann Rich- ardson, Louise Rogers, Kathryn Rosenow, Jeanne Cone and Yvonne Gabelson.

Wuletide Traditions Continued at CSTC

At first there was just a general conversation going on—mostly about bulks and ladders. Then an o'clock, a song about baskets and refrigerators. Then, from the top of a ladder, came the music of an old German Carol, "O Tannen- baum, O Tannenbaum, wie grün sind deine bäume". Other voices took up the harmony, some just humming along, and suddenly the sound of the song was heard, "O Christmas tree, O Christmas tree". Then other carols followed, with the music echoing from ladder to ladder. It was a good sound, and a good feeling to be twinning lights and tinsel on a Christmas tree, and singing.

For the successful seventh year, students from the Music department, under the supervision of Peter J. Mie- chen, were at work placing and decorating the trees in the auditorium and halls at CSTC. It has be- come a tradition at the college that the student and faculty X'mas group, Yuletide in this manner, CSTC is one of very few schools that cele- brate the Christmas season so whole- heartedly, and it is proud of the tradition. To the body, it is a real addition to the spirit of the season to be greeted in the corridors with the beautifully lighted trees which seem to say, "Merry Christ- mas" to everybody. To the members of the Music department who helped with their decorating, the trees are a sincere way of greeting all comers to the school. They were put up with happy thoughts; it shows.

Groups Carol

Members of L.S.A., Gamma Delta, and Delta Phi, appeared again under the direction of Bob Westenberg, who accompanied the group in community singing.

A lunch of hot cider and Rita chairs was served. Hostesses for the afternoon were: Betty Ann Rich- ardson, Louise Rogers, Kathryn Rosenow, Jeanne Cone and Yvonne Gabelson.

Merry Christmas

"Merry Christmas"., the age old greeting at this season, can be said with more sincerity and in a more cheerful tone of voice this year. It has been said with vigor for the last five years. Even this year it may not mean much too in other parts of the world. But in America the family circle at many firesides will be more complete and the anxiety of recent years will not prevail.

The family circle is an important center of the spirit and activities of the Christmas season. It is a universal custom that a person wants to spend this season at what he considers his home, wherever it is, and be it ever so humble. So it is my wish for all readers of the Pointer, students and alumni, that they may enjoy a Merry Christmas and a happy New Year.

WILLIAM C. HANSEN

President of CSTC

Yuletide Traditions Continued at CSTC

Yuletide Traditions Continued at CSTC

"Merry Christmas" was sung by the WAAs at the Christmas Greetings program. The WAAs were directed by Alice Hetzer and accompanied by Bob Westenberg.

Points Will Meet Eau Claire Team

Coach Berg's Pointers will host Eau Claire Teachers college Friday night, December 21, when they engage the high scoring Blue-Golds on the 80 yard football field. The tip-off is scheduled for 8 o'clock.

To date the Eau Claire team, coached by Willis "Bill" Zorn, former CSTC football and basketball athlete, has played three games, winning two. The Zornmen defeated Concordia College 61-37, lost to St. Thomas 55-69, and edged out Mankato Teachers, 60-59.

On the basis of these tallies the Pointers will have to play a tighter defensive game in order to keep down the Blue-Gold's scoring.

To Sponsor Party

The Student Council, in coopera- tion with the Social Committee of the faculty, will sponsor the January all-school party on Saturday evening, January 12. The party, which will begin at 8 o'clock, will be a jule- box dance in the Training school gym. Refreshments will be served during the evening.

The Social committee hopes that other college groups will volunteer to sponsor parties during the re- mainder of the year.

Sketch Written By Student Is Published

Doris Ubbelohde has been honor- ed by having an original character sketch published in the autumn issue of the Rectangle, the official magazine of Sigma Tau Delta, national honorary English fraternity. Her sketch is entitled "Jane".

Janet Good, senior at CSTC last year and a member of Sigma Tau, had a poem, "A Requiem to the Living", published in the same issue of Rectangle.

The Rectangle is made of material selected from Sigma Tau Delta chapters all over the United States, and is published three times a year.

Sigma Tau Initiates

Beck Jones, Janice Milton, Joyce Ruthe and Ruth Ruff became pledges of Sigma Tau Delta, national English fraternity, at an informal meeting in the Student Lounge on Wednesday, December 12. After the pledges had taken their vows, they were given their pledge rings by the president, Elvira Lindow.

Eulah Walter was elected presi- dent of the organization. She will replace Dr. Jenkins, who gradu- ates at the semester.

During the business meeting, members discussed the possibility of publishing "Flight", the literary magazine which has been published in the past by the Psi Beta (CSTC) chapter of Sigma Tau Delta. Marge Stimm and Doris Ubbelohde were appointed to investigate the amount of available material and the financial status of the publication.
The Report Observes Its 50th Anniversary

(Continued From Last Week)

By 1900 the POINTER had an official date of publication, the 15th of each month. It was printed entirely on glossy paper now, but still in magazine form, and still essentially a literary publication. Some controversy had already been added to French, exchanges, a column criticizing and commenting upon other school papers, and later, as well with the Model school, concerning the Training school and sometimes containing compositions by the pupils, the Addison and Steele commentaries. Classes had special columns, and class news was separated under the Report of Student Activity Fund Given

The Student Activity Fund committee recently published the distribution of Student Activity fees, which was prepared by the Allocation committee. Serving on the Allocation committee were: Joseph Mott, chairman, Evelyn Crawford, Elizabeth Stadler, Janice Milton, Helen Finkus, Jean Neele, Composition Editor — Lucille Vaughan, Publicity Editor — Mary Juettner, Proof Readers — Naomi Barthels, Ellen Gordon, Typists — Kathrynn Peterson, Dorothy Bostrom, Lucille Tanner.

The services, organizations, rates, and amounts allocated to each as listed below are of the Department of Science at CSTC, sends his best wishes to the students. Mr. Rightsell was granted an inaugural Citation of Honor in order to accept a governmental appointment as instructor in physics at the Army Engineering School. Buisson was named. The Army University Center is one of those established in the European theatre of operations as a means of offering many qualified peace facilites to men in the armed forces who are returning overseas to serve in the army of occupation.

Mr. Rightsell said he had an interesting trip from Washington, D.C. to Paris in one of the ATC four motorized luxury planes via the Bermudas and the Azores.

He relates, "The fuel and food situation in France seems to me to be serious. The weather here is of course more moderate, but with the thermometer dropping some times to 36 degrees F., and a breeze coming off the ocean, we are between 90 and 100 per cent, billets, class rooms, and villas with absolutely no heat are no joke. There is just not enough coal for heat for any but a very few in France. We are prohibited from eating in French restaurants and warned about eating in private homes. France is suffering from inflation. It is impossible for a civilian, unless he be a millionaire to live here except in the U.S. Army. A good meal would cost about $20.00 if eaten in a French restaurant and a meager one $5.00 to $6.00. What little merchandise there is in the stores is at an amount that makes it impossible to buy."

The Pointer Observes Its 50th Anniversary

It's busy, it's dizzy — but isn't it grand? It's Christmas! Dormites have been in a gay whirl of caroling, shopping, practicing for the concerts, writing invitations, and planning parties for the last two weeks. Realities of schoolwork and classes are fast fading behind a blur of Christmas lights and Christmas music as the last week before vacation draws to a close.

Sunday night the living room gave hospitable warmth and Christmas cheer to parents who had come from out of town to hear the Christmas Concert.

Monday night Nelson Hall's living room was the scene of the annual formal dinner given by the Dormmates to the staff. There is a gift which the students give each other called a "Dormmate." The staff members sit as guests, to feast sumptuously on the turkey, dressing, mashed potatoes and brown gravy, green peas, and cranberry jelly, with an appetite of gratitude for the hard work and black raspberries used in the preparation of the meal. Placecards were white trimmed with a bit of Christmas green tied with red ribbon. The staff were dressed in the latest in frosted window, reflecting lighted candles standing in cotton snow cylinders with Christmas greens, with a basket of shining ornaments as a centerpiece. Carols were sung between the main course and dessert.

Hostesses at the dinner were Jane Miller, Gill Smith, Doris Ubbelohde, Ellen Whittingham, Bertha Ernst, Margaret Guth, Joyce Proctor, Muriel Tanke, Kay Prey, Joyce Rathke, Betty Furstenberg, Marie Eisenhammer and June Bredeson.

After the dinner Dormmates attended the concert in formal attire. Later in the evening the girls gathered in the living room to play Christmas records, dance, and to take pictures around the Christmas tree.

Still to come is the Dorm Christmas party, when Santa Claus will come and give each girl a gift which she in the same spirit will give later to a deserving orphanage at Wittenberg. Dormmates are also planning to carol for the faculty Thursday night, leaving the Dorm about 10 o'clock, so don't go to bed, Faculty."

This is just a small picture of the Dormmates, Christmas. There will be many small parties throughout the Dormmates will be all over the place, and the Dorm party are over, it is traditional at Nelson Hall to "stay-up-as-long-as-you-please" on the night before New Year. However, we'll all be in school on Friday to wish you the same old wish — "Merry Christmas, and a Happy New Year!" and we'll see you all in two weeks.

Pointers Defeated
By River Falls

The Point Cagers dropped their first tilt of the season to River Falls, 36-28, in a rough and tumble game played in the Training school gym Saturday night before a large crowd of spectators.

With the game characterized by frequent fouls, Referee Lowell of Embarrass and Umpire Michelsen of Merrill went on a whistle blowing spree, calling 48 fouls before the contest had ended. Point committed 25 fouls and the River Falls quintet, 23.

Neither team was very impressive in its shooting. River Falls made 10 field goals and Point nine. It was in its shooting.

In the absence of Coach George Berg, who is ill at his home, the Pointers were coached by Larry Bishop and Bob Oval, former CSTC basketball stars.

Score at half: River Falls 17, Central State 13.

Summary: Free throws missed, Central State 17, (Emmerich 4, Warden 3, Pejsa 2, Hartman 4, Zieper 4) River Falls 16, (Brooks 3, Vine, Greenlee 2, Baird, 7, Hansen, Berggren)

Scores, Lewis and Pinkerton, Stevens Point; Referee, Lowell, Oshkosh; Umpire, Michelsen, Merrill.

(Continued from page 2)

BOB STEINER was one of the last on the roll call of the latter. Mr. Steiner, during 1909-10 was editor of Wit and Humor, a column of jokes. The censor doesn’t appear in these issues.

Faculty Contribute
Gradually a Faculty column, Society News, Drama, and News of the Rural School Course were added to the magazine. The pictures in those days were of serious faced boys with wing collars and black bow ties and sweet faced girls with their hair piled high with leg-o-mutton sleeves, and high collared dresses.

November 1914 inaugurated the POINTER as a weekly newspaper. It was similar in form to the present-day POINTER, four pages of news and ads, but printed on glossy paper. There were editors for special departments and four reporters — the first news reporters at S.P.N. (Stevens Point Normal, as it was then.) The stories were written in news style, there were no literary contributions, no features, and only two good headlines, if this reporter may say so.

The price, incidentally, had risen from fifteen cents to $1.00. Later in that year a few stories and essays were published, and jokes were used to fill in space. There was no special heading for regular features though later, too, the exchange column of old came back somewhat. The POINTER acknowledged exchanges from other schools, but said that it was “too young and inexperienced to comment on our exchanges.”

The fall of 1916 saw the Pointer back to a monthly literature publication, in much the same form as previously. The price was down fifty cents. There was a general news section, a literary section, athletics and science sections, with several pages devoted to each. Quite a few of the pages in various groups pictures were middy blouses that season. Hair was still up.

The POINTER may have been quite a paper. It was eight pages, published bi-monthly in newspaper form with the ads on the back pages. The sheets were a little smaller than the newspaper of 1914. Mr. Steiner had an SOS letter on the first page urging students and alumni to support the school publication.

POINTER"
Celebrate Birthdays

Red candles in antique candle holders flanked a cheery red cyclamen plant on the table in the Home Economics dining-room, when the December faculty birthday group entertained at coffee last Wednesday afternoon.

Pouling the coffee, with the utmost dignity in the world, was Dr. Warren J. Jenkins, whose birthday was that day. Other members of the group, all of whom have birthdays in December, are Miss Leah Diehl, Peter J. Michelsen, Dr. O. Floyd Nixon, Joseph Mott and Norman E. Knutzen.

H.P. Nelson Hall Notes became a regular feature. Sorority and fraternity news made the Pointer often and there were teas, parties, initations, spring and fall formals. There was much of music and sports reported. In 1934 there was a cartoon on the first page.

In 1937 it became the policy of the Pointer to delete the name of Greek organizations after a personal name, because the purpose of the paper is to print the news. It is not a medium through which to carry on a personal feud.

Large Edition Again 1938 saw a number of changes of form. The Pointer was large size again, five columns wide and longer. October of that year initiated a new banner, the one today with the "Pointer Dog" and the slant block letters. It was drawn by a freshman boy after the Pointer staff appealed to Miss Carlsten because the old one with its straight uninteresting letters was inadequate.

The 1939 POINTER appeared just about like the 1945 one. There was college Theater news, Men's Glee Club and sports items. A November issue announced the first broadcast from the CSTC studios. There were cartoons once in a while on the first page. There weren't any more drastic changes, just little differences in features as the staffs changed.

And that is the story of the POINTER. That is who, what, where, when and why behind this December 20, 1945 issue of the CSTC newspaper.

Express Appreciation

Girls of the Future Homemakers of America who attended the Leadership Training conference held at CSTC on November 16 and 17 expressed their appreciation of the hospitality extended to them recently in a publication received by Miss Rose Barber, director of Nelson Hall.

Said the F.H.A. members, "The college girls made our stay so pleasant and made us feel so much at home by their genuine friendliness that we shall always remember our first meeting as a state organization. We wish to extend our sincerest thanks to President Hansen, Miss All. Miss Barber and the girls at Nelson Hall for their kindness and hospitality."

Observe Christmas

The rural assembly room was the scene of a festive Christmas party for Rural Life club members on Friday, December 14. La Verne Haskins opened the program by singing "Oh, Christmas Tree" and "White Christmas", and Lucille Lemsky read the Christmas story from the Bible.

An all-freshman cast consisting of Marian Carven, Martha Randolf, June Bredeson, Lillian Wurthman and Beatrice Abraham presented a play "Christmas Treasure".

Alex T. Petersen played two piano solos. The song, "Beautiful Saviour", was presented by Rose Marie Berta, Sylvia Horne and Kath- 

All. Miss Barber and the girls at Nelson Hall for their kindness and hospitality.

To Give Annual Party

Wesleyans will gather at the home of Catherine L. Daniels at seven o'clock tonight to enjoy their annual Christmas party. Traditional Yule tide carols will be sung by the group.

The program will include the reading of the Christmas story from the Bible. The play, "Why the Chimes Rang" and "O. Henry's story, "The Gift of the Magi" will be read.

Games will be played under the direction of Dorothy Below, June Bredeson, Gail Smith and Clinton Prust. Margaret Scott is chairman of the lunch committee. Her assistants are "Violet Reiman and Jean Brede-

Will Present Program

The Rural Demonstration school will present a Christmas program this evening at the school. Several recitations will be given by the pupils.

The "Nativity Scene", to be read by Sylvia Horne, and "The Story of Silent Night," by Anita Lang, will be followed by the song, "Silent Night," sung by the nine student teachers.

The singing of a Polish lullaby by all of the children will complete the program, after which refreshments will be served.

First reference to CSTC that this board was taken from the CSTC studios.

ce, ved more atten tion and the column s wide news form. and the writer could find The POINTER. There were cartoons once in a while and was organized. This was the first reference to CSTC that this writer could find. The POINTER continued in about the same form with old features dropped and new ones added. Ads became more modern and the entire paper began to move toward the present. All the way through there had been much reference to Forensics, Debate and Drama. Point stood right up there in public speech in those days. Nel-
DREAMS OF WELL, time to catch and has. Let's take referes. (Which is a lot!) It was hard patients; male and female. Now that Frog Chrismas? snug in your bed while visions of all seduced. And concerts. We give the stage crew a big hand for the very effective lighting job they did, not to mention our amusement at someone's ability to find those huge Christmas trees — in this day and price! Anyway, concert participants, you set quite a standard for future concerts; we also think a new tradition has been started — that the chorus singing carols, while waiting to be photographed Sunday night.

While we're handing out bouquets, here's one for the new back decorations used on the stage. Modern and striking, we say.

Now let's move on to other things — and that's just about the theme of this week, isn't it, with so much happening.

Doc Tolo tells us that the engagement of Ida Wood, CSTC alum, to Russell Frederick has been announced. They are planning a June wedding.

Seems almost all the Lit classes are entertaining themselves with some program having to do with Christmas customs, or carols, or costumes, etc. Was it the Rural Life club we heard trilling so well the next Christmas? This one almost sneaked up on us this year, and little caroling has been heard. St. Michael's hospital is always appreciative of such efforts, as are others!

Now, we're really ready for a vacation. Adios, Cheery, and Merry Christmas, chums.

Plan For Good Eating At The Pal

Noted for Excellence in PIES

C. G. Squirrel

"Santa Claus is coming to town, they say, but if your Christmas shopping list is darkening those dreams of a white Christmas, C. C. has a few tips so that days before Christmas you can be "nestled all snug in your bed while visions of sugar plums dance in your head". Let's take a serious look at your list. Glory be to St. Nick! There are only two kinds of prospective recipients, male and female. Now that should be easy.

The men of your life probably are dad, grandpa, maybe an uncle, a brother or two and a couple of boyfriends. Every man has a hobby of one sort or another, so think up something that will help it along — some flies for better troutin', some stamps for his album, that new ski wax, a bright red hunting cap. You may not be excited over their hobbies, but they are. So pick out an appropriate thing, no matter how small, and you'll make a hit.

Those guys and gals called boyfriends and girl friends are rather special. Maybe this is your first experience with gifting and it could be that you aren't quite sure how far to carry it. Maybe you're not even certain they are going to make a deal with Santa for you. Then now is not the time to settle down for a long winter's nap, but best that you keep your ear to the "hint-word" side. Whatever you decide to do, don't come down that special chimney with too great a bound. Pick out something that is impersonal, but make it special by having a monogram or by being a matching-something special-you-like color.

And we can't forget the ladies! Their eyes, how they'll twinkle with almost anything from you if it ranges from tiny 'name' hankies to personalized stationery or from heavenly scents up to (but not including!) nylon.

If the contents of your piggy bank show signs of shaking like a bowl full of jelly you can put your fingers to work to help fill those empty stockings. And what could be nicer than a gift made by you, especially if you've ingeniously wrapped it to look like a glamorous surprise.

There you are — all settled. And now you will have plenty of time to get that mistletoe hung in just the best places!
Thrills and Chills
Of The Deer Hunter
(By James Buelow)

For the benefit of those who have never hunted deer, I shall describe a typical first morning of the deer season. I'll try to show you what it feels like to kill at least four bucks in your dreams. Hurriedly you eat breakfast and start for the woods. Now find that "stand" in the dark. Whoops! You should have seen that root. Well, you can get the smell of your gun barrel by warming it with your hand. There's another hunter. Say! What if he should mistake you for a deer? Perhaps you should whittle a little. Supposing it does scare all the deer within a half-mile; at least you'll not be shot.

You're there, your "stand" over come to a road, and it doesn't look as if nothin' were following that doe. Ten minutes pass before you go. But the sun isn't out, but you should mistake you for a deer? Perhaps you'd better try it anyway. Two-fifteen and you drift yourself dead-tired and hungry, up to the car. The fellows are getting anxious and are about ready to look for you. No luck either, fellow? Well, let's go back to camp. Perhaps the luck will be better at night.

Seriously, folks, deer hunting is a great sport. No one has ever been able to convince me that it isn't luck when you get a deer. It is necessary to be at the right place at the right time. Not only that, but you have to be able to hit the deer in a fatal spot. This is anything but easy unless the deer casually strolls up and peaks down your gun barrel. CTC boasts of at least two mighty hunters. They are Francis Kronenwetter and Art Pejsa. Francis got his buck early on the first morning, and Art got three during the season. Oh well, we can't all be luck-dogs, and Andy like the one that the car is on. It's a dandy like the one that the car is on. It's a dandy.

It seems later. There goes that other sandwich. Another hour passes. This stand couldn't have been as good as it looked. Wonder what's on the other side of that hill over there? Guess you'll have a look. Gosh, it was farther to the top than it looked. Let's see now, where was that pine tree back there? Holy Smokes! There go three deer just vanishing into the thicket by that pine. And the last one had a beautiful rack of horns — the kind you dream of having mounted. Darn it! Why, oh why, hadn't you stayed where you were?

Call It Misfortune

Well, you just missed your buck for this season. Might as well walk around and get warmed up. After a couple of hours of aimless wandering you decide to start for the car. The rest of the fellows agreed to meet there at 1:30. Say, which way do you go? The sun isn't out, but that seems like the right direction. Twenty minutes pass before you come to a road, and it doesn't look like the one that the car is on. Better ask that fellow. What? Two miles to Johnson's farm? And it's the wrong way at that. Well, you'd better try it anyway. Two-fifteen and you drift yourself dead-tired and hungry, up to the car. The fellows are getting anxious and are about ready to look for you. No luck either, fellow? Well, let's go back to camp. Perhaps the luck will be better at night.

Time Marches On

Fifteen more minutes pass. Gee whiz, that hand is cold. Might as well put your mitten on, for it looks as if nothing were following that doe after all. This is getting monotonous. The time surely is dragging. Guess you'll eat one of those two sandwiches you have with you for dinner. Perhaps you'd like a cigarette. That's out because deer could smell that smoke for a long way. The time is exactly 9:30 by your watch.
