Awards Day Program
To Be Held May 16

The Central State Awards program will be held on Thursday, May 16, at the regular assembly time. All awards sponsored by campus organizations will be presented at that time.

The program, which was arranged by motion from 2:30 to 3:30 o'clock, will be opened with two selections by the Girls' Glee club under the direction of Peter J. Michelsen.

To Give Speech Award

The forensic award will be given to the freshman boy and girl who have shown outstanding achievement in speech activity this year. The names of the winners will be announced May 10, when the awards will be made.

Music Groups Picnic

Members of the Band and Glee club, numbering about 85, joined together last Monday evening for a picnic held at Iverson Park. Those attending the picnic were served a lunch of potato salad, beans, hot dogs, and ice cream. After the refreshment, several games of soft ball were played on the ball field.

Guests at the picnic were Mr. and Mrs. John W. Feurer, Mrs. Leland S. Greer, Dr. Roy Walz, and Mrs. E. D. Pfeiffer. The party was attended by all.

Annual Time Test

The five winners in the annual Time magazine current events test were announced by the history department last week. Frank Splitek won the honors, but was followed closely by John Steward, Warren K床上 the, and Helen Wolstrum, in that order.

The winners, who competed in a group of approximately 180 history students, are awarded books by the publishers of Time magazine. The students were allowed to choose from a selection offered by the publisher and it is hoped that the books will arrive in time for Awards Day, May 16.

Of some significance is the fact that four of the five top scores were made by veterans. It would appear that the males, and especially veterans, have a greater interest in the news of the day. The winning of an award by Paape marks the second time he has won a Time contest prize at CSTC.

Under The Rug with Dave

About this time every week we pipe the old question: "Got your date for the prom yet?" But the advance publicity is so excellent this spring that no doubt everyone is all set to go. (?) We still want to know who the professional sign painter is and who is to blame.

Happy-man-of-the-week is Ray Minton. He just got the glad news that his application as a student at the University of Wisconsin has been accepted. (A little matter on the side, incidentally, is his English fi nance.)

We just got word to see Kay Hanson and Allan Brown bear it out on the tennis courts, when Kay up and gets the measels. She's back this week again.

Gene Harrington kills two jobs with one stone; we saw him out playing tennis while small fry snugged in a buggy on the sidewalk.

Church isn't the only thing that gets people up early in the morning. Hear tell that a pair of Dormites arise at 6:30 and play tennis till 7:00 before going to class.

Another bunch of early risers went picnicking on Rib Mountain last week and came back raving—till about 3 a.m. Kay Prey still raves about the smell of bacon frying in the open spaces.

A honeymoon window has set the date for their wedding—May 31. Vi, Pointer news editor last semester, ties the knot with Rudy Horn, who was a coed here a few years back. The entire Pointer Staff is waiting because of the surplus of exams on the day.

Why, don't any of the gals gather to watch the baseball games that have been going full tilt? There seems to be a small handful of spectators, and we know we would like to be on the sidelines—how about you? After all, such a display of masculinity is not for the viewing just any time.

Chosen President

Miss Syble Mason, who was first vice-president for the past year of the home economics club, was selected president of the group at a meeting held last Thursday evening at the Hotel Whiting. Miss Mason is the assistant librarian at CSTC.

Installation services for the new officers of B.P.W. were conducted by Miss Bessie May Allen, who is also a member of the club.

place took at the Music dept. picnic Monday. Between the coaching of the Lees, the shouting of Mr. Doud, the guessing of Mr. Reynolds, the anting of Mr. Reed (she caught a fly), who could help but slam a home run. And Ruth Wachholz really showed the fellas! Of course you all know about the award assembly tomorrow at 10. What do you think of starting an award for the best all-round faculty member of the year? It could be determined by a student vote and include many of the merits students always seem to be discussing in regard to teachers. One organization is already considering such a project; what do you think about it? Don't miss the Concert tonight. See you there, Adion.

Article Is Published

Miss Gertie Hanson, director of Radio Workshop, and Jane Miller, producer, are the authors of an article on "See and Hear," a magazine dealing with audio-visual teaching. Their article is entitled, "Teacher Training in Radio." The article will appear in a forthcoming issue of "The Journal."

In the article, Miss Hanson and Jane tell something of the history of the Radio Workshop on the campus since the college studios were opened in 1939. An interesting description of the radio programs now being offered by the Workshop is also given.

The conclusion to the article states, "Radio is a part of the modern world. Radio brings the classroom to the students. As beginning teachers, we have lived an experience in teaching with radio. We will look forward to the classroom of our state and continue to use it in helping our children to learn."

Win Little Brown Jug

The Chi Delts extended their winning streak to three straight games in the current Little Brown Jug series when they defeated the Chi Delts 4-3 in a game played last Wednesday.

It was the Chi Delts' hardest won victory to date. The Chi Delts were leading in the sixth inning 3-0 when Sullivan of the Phi Sigs hit a home run with two men on base to tie the game. The game continued till the eighth inning and ended when Louse Posluszy held a double with McDonald on base. McDonald crossed the plate and the Delts took the lead and place the Chi Delts ahead 4-3.

If the Chi Delts can win the fourth game of the series scheduled for Monday, they will have another other series and the privilege to retain possession of the Little Brown Jug for another year.

The history of the Little Brown Jug series shows that the first series was played in 1932 with the Phi Sigs gaining possession of the jug. The Phi Sigs held the Little Jug in their possession until 1935, when they gave it back to the Chi Delts. Since 1935 the Chi Delts have maintained a steady winning streak to keep the Little Jug in their possession. The Little Jug series was discontinued in 1943 because of the war. This year marks the resumption of the series.

Forest science students conducted a two-day field trip in the northern part of the state last Friday and Saturday. Stops were made at Merrill, Tomahawk, Trout Lake and Star Lake.

At Star Lake the group visited the Forest Ranger Station and had an opportunity to see the ranger lives and works and to visit the equipment used.

Next the class inspected the headquarters of the WAWIC and the state parks at Tomahawk and witnessed a complete demonstration of all fire fighting equipment. Here they constructed maps and their interpretation.

Trout Lake, the scene of the oldest State Tree Nursery, was of interest to the group. There they saw the reforestation process from seed to ma-
