Dormites Presented
With New Furniture

One of the best gifts ever given to pass through the portals of Nelson Hall (or as the Dormites maintain) came this week as the college inaugurated three rooms of new furniture. These lucky girls who occupy these rooms include the senior Dormites and others of the Dormites who have been in college at least five semesters at CSTC.

Miss Allen in Florida

The wonderful, warm state of Florida—where the sun is always shining, the skies are blue and the water green when they hear of the activities of some of their classmates.

Miss Allen in Florida

The Dormites are presented with new furniture to swamping the lucky rooms to resemble as armchairs, best chairs, large mirrors of remarkable clarity, and the big, soft, air-frosted cushioned armchairs. Best of all, those precious

nylons are now afforded complete wearing (honest!) mattresses.

Climaxing the activities on the minute intermission between classes.

Students to Receive
Free Blood Typing

The Student Council started out the new year at a brisk "we-mean-business" pace when it met last week Tuesday and Wednesday.

Clashing past discussion on the subject of the multiplicity of committees, permanently the proposal of a ten-minute intermission between classes. This ten-minute intermission would weigh

any advantages the plan offers.

With the cooperation of the St. Michael's hospital, the Council has for-

mulated a program of blood not a service offered free to all students.

The program will be similar to the one put in effect last year. Tenta-

tive dates have been set. (Definite time will be announce-

CSTC Men Accept Teaching Positions

Three young men of CSTC have accepted positions to teach during the second semester. One will have a position in the Rural-Graded division, and the other two are only five credits short of the new one. Others who graduate this fall class are still considering numerous offers for positions open in the elementary field.

Frank Splletz, a graduate of the Rural-Graded division, is now teaching in the rural division, and will be principal of an elementary school at Hartland.

New Course Sequence
Planned in Chemistry

The chemistry department recently announced a new sequence of courses for the chemistry major for the next academic year. The new sequence begins with a two-semester lecture-problem-oriented introductory course in general chemistry. After that, courses in physical chemistry and biological chemistry will be offered. The chemistry department has also announced that the number of students who can take the new sequence will be limited to 25. Students who are interested in taking the new sequence should contact the chemistry department for more information.

Vol. 1 | No. 13

What's Who

Since our last effort, lots of things have happened—with Christ in mind. *\r

Filinton—looks like a lot of fun. \r

Yuletide recess. Ken Bentley, Harry Bandow and Wally Stimson bestowed cosmopolitan, international lights of love, to mention a few. \r

Uh, yes. A lot of the fun is over, with the sweet, that we know the Martin-Simonson and Shirley-Fenelon duos are not going to be the course of true love, etc. \r

March 30 the Easter concert will be given by the Women's Glee Club and the orchestra. The Homecoming band concert is to be scheduled for a date in the spring. If the college band will be on hand in both playing and directing. The band will be under the direction of B. J. LaMarch. \r

With the holidays gone and the new year well on our way, we can look forward to a gay old time next semester. Oriental sports promises to be a team is seldom better than its superior. \r

In the rest of the house games, we're going to show that the necessary added incentive to win the remainder of the series. We hope our team the best one in the conference. Are you with us? \r

Long March, what do we do in winter sports progressing? Isn't it invigorat- \r

ing to see the enthusiasm and spend an hour in intensive exercise such as push ups, sprinting, swimming, etc.? \r

Take a brisk cold shower after the exercise. The object is to be fit for the coming spring and summer. \r

At the Loyalist, we never go to bed early, but on Saturday nights, you'll be able to hear us. \r

February brings the second semester of the year and with it we welcome the opportunity of benefitting from old mistakes and experiences. The next time we're given a term paper to hand in for the semester, we won't wait until the last day. (Wish hope!) \r

Then, too, we're not strangers any more. Even the fellow who sits way in the rear on the first floor can help. It's a long road ahead. Let's do it. \r

Yes, it's been a good semester. We've done a lot of fooling around (getting organized, mind you) but now that we must watch our backs, we're back to work. \r

So with finals coming up next week, we'll close this old-time reminder, "One hour of study is better than three words on the wall." *\r

Student Organizations

Rural Life

Students interested are invited to see the second floor of the college building on Monday night, June 6, where the activities of the Rural Life club will be presented. No screams and weird sounds emitting from the rear entry to the concert in this case. The reason for the concert was due to the fact that a flying mammal (known commonly among the church people) used the way into the assembly room and for a while some6one was waiting for the beginning of the Rural Life club. However, after a few futile attempts, Chester Congdon of the radio department, up and the meeting went on as usual. \r

A. W. Herren, president; F. A. Bieker, vice president; and B. D. Sheffer, secretary, director of the rural division, entertained the group with an enlight- \r

ing talk on rural life and music. He divided Negro music into three categories: Spirituals, patriotic songs, and spirituals. As he described each type, he illustrated them by singing a song. As a "blue" selection, Mr. Doud, a student at the college, sang "Watermelon Blues." By way of illustrating the Negro "work songs," he sang "Waterman." \r

The Negro spirituals were divided into three types: (a) The spirituals sung at the work, (b) The spirituals sung at the religious meetings, and (c) The spirituals sung behind the Negroes. The meeting was brought to a close. \r

The Sigma Epsilon Phi

At a recent meeting of Phi Sigma Epsilon, we had the pleasure of electing Joe Negaid as their new president, and Ann Reilly and Dick Davis, their new vice presidents. Other officers in- \r

duce Don Larsen, vice-president; Allie Johnson, secretary; Dick Oli, P.Helene Reynolds, treasurer; James C. Burdette, guard and Warner Whitaker, historian. \r

The sports-enthusiasts of the Phi Sig are organizing a basketball team, and it looks as if the second semester is also under way. \r

Wesley Foundation

A candlelight supper was served to members of Wesley Foundation on Friday evening, April 30. The supper was prepared and served by male members of the group who proved their culinary abilities by a delicious menu of chilli, cabbage salad and home-made ice cream. The table were arranged to form the initial "W"—thus adding a decorative touch to the banquet. \r

After the supper, Ned Nieder-\r

Swan’s Dive ran off with most of the team honors in the first semester half of the CSTC Bowling League schedule. In addition to capturing the league championship by five games, they took the lion’s share of the prize money, according to the figures released by Jack Koopje, league secretary.

Swan’s Hold High Game, Series

Swan’s team composed of Al Potter, Jack Berdan, Stanley Gloskowski, Darto Capacazo, Harold Bandow and Capt. Jim Ferrelma, tied with the Chi Delts for high average, and won the team events in both single games and high series with counts of 877 and 2500.

Walt Zych of Mosie took high series honors with a 568 total and Pottes 231 was high for single games.

Larsen’s Average Highest

Chuck Larsen, Chi Delts captain, pulled his highest average of the season by nailing out Zych and Joe Negard for high individual average after two of their three major series. Zych was the top spot for the major portion of the season. The top five averages were: Larsen-159; Zych-158; Negard-158; Porter-157; and Koopje-156.

Bowler who were awarded prize money for high performance each week (school and number of awarded parentheses) were: Porter (5), Negard (4), Larsen (3), Koopje (3), Fenelon (2), Kuakik (2), Zych (2) and Bartkowski, Capacazo, Fomella Gopps, Mann, Faust and Bondow one week each.

The top three teams, Swan’s Dive, Chi Delts Rho and Continental Clothing received prizes, and Sad Sacks were awarded a consolation prize.

Plans are being made to continue the same league set-up for the second semester.

CSTC Gridiron Squad Feted at Legion Banquet

This year’s co-champion Central State Teachers’ Gridiron Squad members were feted at a banquet given them by the American Legion Post No. 6 of the American Legion at the Hotel Whiting last Tuesday evening.

The speaker of the evening was C. F. Watson, retired faculty member of CSTC, and a former Chicago University star who played under Coach Alonzo Stagg.

In This Corner - Bob Hartman, George Flugaur

One of the classiest guard combinations ever to play on a Central State Teachers’ court is Hartman, Flugaur, Inc. These two lads, though only medium-sized, were two of the most outstanding players on last year’s CSTC team and are big guns in this year’s Pointer team. Both George Flugaur and Bob Hartman are known for their fine all-round play, accurate shooting and coolness under fire.

Flugaur held the guard position on the 1942-43 high school A team for three consecutive years, playing on the 1942-43 and 1943-44 conference championship team. Following a 22 month period in the Army Air Corps, he enrolled at Central State last year, and played on the basketball team during the second semester.

Hartman also starred for the local high school and played half- guard on the 1945 conference championship team.

Points Bow to Eau Claire, 59-49

The high scoring Eau Claire peds outpointed the Central State cagers, 59-49, in a hotly contested return game played at the P. J. Jacobs High school gym last Monday evening. Possibility of the Point defense to cope with Eau Claire’s high scoring forward Davies was a major cause of the defeat. The Blu Golds also won the first game which was played on December 21 at Eau Claire, 66-60.

Davies was the high scoring performer of the evening in 20 points on 10 field goals. His running mate, Helixon, turned in 10 points.

"Joe" Heidvang was high scoring man for the Pointers turning in 18 points on six field goals and six free throws. Carpenter and Flugaur followed with 14 and 11 points respectively.

The first half opened with both teams playing close ball but the Blu Golds edged out ahead in the final minutes of the period and lead 34-35 at the half. The second period opened in much the same fashion as the first with the Pointers showing occasional brilliant flashes. Defective defense on the whole, however, resulted in the Blu Golds edging out ahead in the final minutes of the game.

In a tilt played at Plymouth last Saturday the Pointers dropped a closely fought 61-58 to the Mission House basketball team.

CSTC DROPS TWO OVER WEEKEND
