Cegars Matched Against Winona Tomorrow Night

The next home appearance of the posters will take place tomorrow night in P. J. Jacobs gym when they will be competing against the Winona Teachers of Minnesotas.

Little is known in these quarters concerning the relative strength of the Winona team. Last week, playing away from home, they defeated a Los Angeles club by a 61-57 margin.

The posters, notwithstanding, their defeat by Pittsburgh, have a hopeful eye on the championship, being assured of non-conference rivalry. The game promises to be an exciting one.

WSGA Will Entertain Guest from Milwaukee

The Women's Self-Governing association, which was organized on the campus last spring, is planning a fact for having a student representative from the WSGA at Milwaukee State Teachers college as a guest after the holidays.

The representative is scheduled to speak to the local WSGA board Thursday evening, January 6, and also for the students on Friday, January 7, to discuss the organization and purpose of a WSGA. The Milwaukee representative will also be a guest at Nelson Hall during the entire week.

The WSGA board of Central State has been composing a constitution for the student body. This constitution will be presented to the women students in the near future for their approval and put into effect. Permanent officers will be elected to take office at the beginning of the second semester.

Dr. Anderson to Speak Here on Tuberculosis

Dr. Henry Anderson of the River Parks sanitarium will speak in the auditorium this evening, December 12, at 8 o'clock.

His talk will be on, "Tuberculosis, its prevention and cure, and will be illustrated by motion pictures relating to the disease and its treatment."

This talk has been scheduled for the special benefit of students and faculty members, and is urged to attend. Arrangements are being made by Mrs. Mary Neuberger, N. R.

Annual Christmas Concert by Music Department Set for December 12, 13

The picture above is a scene from last year's Christmas concert showing the Mixed Chorus, the Central State Symphony Orchestra and their director, Peter J. Michelsen. The scene will be repeated next Sunday and Monday evenings when the 19th annual Christmas concert is presented in the college auditorium.

Dr. Gotham's Office Beginning to Receive Requests for Teachers

Dr. Raymond E. Gotham's office at the college is now taking on more of the characteristics of a place of business.

A. L. Wysoczki, local alumnus, now principal of the Pittsville High School, came recently to inquire about a math and science teacher. A candidate was recommended.

Early Registration Required for Certain Additional Courses

Certain additional courses have been added to the list for which pre-registration is now required. It was stated this week by Dr. Quincy Gotham that the following courses will be offered this semester and will be offered it is like- wise required for all students to learn the possible demand for them. Students who would like to take these courses should sign up at the record office at once. Several courses not yet registered for the courses listed in the Pointer last week, so the blanks will be left in the respectable courses.

Chest X-Rays Will Be Taken at CSTC Early In Month of January

Miss Mary Neuberger, N. R., of the college health department, states that all students, including those made with the State Board of Health to be taken during the second week of college four days during January.

X-ray chest, the only positive means of detecting tuberculosis, will be made available, free of charge to any student, faculty body, faculty and maintenance staff.

The hour of the day will be at CSTC on Mon., Jan. 3, 1:30-4:00 p.m.; Tues., Jan. 4, 6:30-9:00 a.m.; Wed., Jan. 5, 8:30-10:00 a.m.; Thurs., Jan. 6, 8:30-11:00 a.m.

All people connected with the college and its entire faculty and staff are urged to take advantage of this gratis opportunity to detect tuberculosis. The way that any effective control measure can succeed is to find the early cases so that they may be cured to prevent the spread of disease amongst the students.

The equipment in the modern mobile X-ray unit makes the taking of chest x-rays a most painless and simple. No clothing has to be removed; the x-ray beam from the machine is rapid.

The x-ray pictures will be read by Dr. Anderson, who is competent to read the results will be made known to individuals five days after December 12, Monday, January 5, 1948, is the opening day of school after the holi- days. The test is to be taken high school students by having your "picture" taken.

Training School Is Offering Numerous Preparatory Trips

The Training school staff has taken many steps this year to point out many preparatory opportunities for the increasing body of student teachers. A series of trips has been arranged by Dr. Raymond E. Gotham and Mr. Edith Catlin for a group of student English teachers. The first trip was to Wausau yesterday and Friday another group will go to Marshfield. On December 15, a trip has been planned to Madison, which will include a visit to Radio Station WHA.

Application Must Be Made For Use of the Auditorium

The auditorium committee has been registering diap agreement over the fact that individuals and organizations have been using the auditorium without making proper ap- plication for permission to do so.

Any individual or any student of faculty organization that wishes to use the auditorium for dates not scheduled in the social calendar must go to Mrs. Elizabeth Pfiffner's office and fill out the necessary application blanks to get permission to do so.

In order that the stage managers may plan for necessary preparations, permission to use the stage and auditorium should be secured in advance. Committee meetings in the auditorium may be held with permission of the stage managers, one week in advance.

Everyone responsible for having use the auditorium and its facilities is asked to comply with this policy at once.
Regulation Changed Regarding Grades, Attendance, Activities

The Advanced Standing committee of the college, under the chairmanship of Dr. Harold M. Toto, has made certain pertinent changes in the regulations regarding grades, attendance, and activities. These changes were made after careful study of the curricular studies at CSTC. Students are asked to study the regulations carefully so that they can cope with situations that might affect them through their college years.

Grading: The following qualifications for grading student class work will be used: A (excellent), 3.0 per ct.; B (good), 2.0 per ct.; C (satisfactory), 1.0 per ct.; D (poor), 0 per ct.; E (condition), 0 per ct. and F (failure). The quality of a student's work over a number of semesters is expressed in terms of a point-cumulative ratio, which is the result obtained by dividing the total number of points he has earned by the number of credits earned. The highest possible quotient is 3.0, which represents a grade of A in every subject; the lowest possible quotient is zero.

The point credit ratio must not be confused with a similar figure known as the cumulative grade-point average. The grade-point average is computed at the end of each semester and is based solely on the number of credits earned and the grades elected during that semester. The cumulative grade-point average is the result of all failures. The maximum average is 3.0, that is, no student can be dismissed for the semester, except that a freshman may not be dismissed until he has been in residence for one year.

A student who has a grade point average of less than 2.0 per ct. shall be placed on academic probation for the following semester and his registration may be set by the student's dean or director. Any student who has been on academic probation for two successive semesters shall be dismissed from college unless his grade-point average for the second probationary semester is 1.0 or more.

No student may be dismissed from this or any other college may be dismissed only by action of the Advanced Standing committee.

Curricular and Extracurricular: Any course or activity for which a student is registered shall be considered as curricular. Any course or activity in which a student participates but for which he is not registered shall be considered as extracurricular.

President Hansen Offers Administrative Course

President William C. Hansen will offer a course in school administration the second semester. If adequate interest is shown, it was stated this week by Dr. Quincy Doudna.

The course will include over 220 and deals with administrative problems in school systems of various sizes, the history of schools in villages and small cities, where most of the teaching is done, and places of students interested in the course should sign up in the record office as soon as possible.

Review of "Woman with A'Sword" Presented by Kathryn Turner Garten

Kathryn Turner Garten, noted reviewer of books, presented a most unusual review of "Woman with a Sword" by Holster Noble in the college auditorium on Monday evening. The reviewer herself was a striking and integral part of the review.

The "Woman with a Sword" was herefore unknown heroine of the Civil War. Her name was Anna Carroll of Maryland and her sword was a pen, dipped in the ink of the monumental Civil War days. She championed President Lincoln when he needed encouragement, wrote speeches in favor of the Union and "proposed the "Tennessee plan" as a "Woman's plan of strategy in the winning of the war."

Clever dramatization, fine continuity with a dash of humor, and adroit use of inflections on the part of Mrs. Garten made the review enjoyable and unforgettable. Miss Marie Swallow, president of the Business and Professional Women's Club, sponsors of the program, introduced Mrs. Garten.

CSTC Families Have Answer to Housing Shortage in "Mobile Apartments"

Just as much a part of the college campus as Nelson Hall and Sims Cottage is a mobile housing unit that will be erected near Schmeckle Field. This new addition to the campus, which started to be erected Thursday, except for an emergency housing unit, can now be recognized as all permanent part of the college. A visit was made to the campus to see what life was like there for these "mobile apartments." Out of the 11 trailers in the campus, nine are occupied by students and their families.

Mr. and Mrs. Frank Wozniak and sons, Frank jr., (2 years) and Stephen (10 months), are the newest arrivals in the campus. They came from California just a few months ago and now are settling down for the cold months ahead. Their trailer, which they are renting, is quite nice, and they like it so much that they intend to buy it soon. So far most of the trailers are owned by their occupants.

The Oldest Family

The Roland Sichen from Edgar are the oldest family in the campus. Mr. and Mrs. John Gnanes and their year old daughter Lynda are shown in the comfortable living room of their "home as they watch television. The Sichens have resided in the campus for at least 2 years and have two cats, "Big Boy" and "Little Boy." The Gnanes family has resided in the campus for at least 4 years and has one cat, "Spotty." The Gnanes family has resided in the campus for at least 5 years and has two cats, "Puffy" and "Buffy." The Sichen family has resided in the campus for at least 6 years and has one cat, "Whiskers." The Gnanes family has resided in the campus for at least 7 years and has two cats, "Tuffy" and "Sunny." The Sichen family has resided in the campus for at least 8 years and has one cat, "Fluffy." The Gnanes family has resided in the campus for at least 9 years and has two cats, "Fuzzy" and "Muzzy." The Sichen family has resided in the campus for at least 10 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 11 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 12 years and has one cat, "Ruffy." The Gnanes family has resided in the campus for at least 13 years and has two cats, "Spiker" and "Jumper." The Sichen family has resided in the campus for at least 14 years and has one cat, "Scruffy." The Gnanes family has resided in the campus for at least 15 years and has two cats, "Furby" and "Squirt." The Sichen family has resided in the campus for at least 16 years and has one cat, "Ruffy." The Gnanes family has resided in the campus for at least 17 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 18 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 19 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 20 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 21 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 22 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 23 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 24 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 25 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 26 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 27 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 28 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 29 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 30 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 31 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 32 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 33 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 34 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 35 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 36 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 37 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 38 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 39 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 40 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 41 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 42 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 43 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 44 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 45 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 46 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 47 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 48 years and has one cat, "Poochie." The Gnanes family has resided in the campus for at least 49 years and has two cats, "Buddy" and "Puppy." The Sichen family has resided in the campus for at least 50 years and has one cat, "Poochie."
The Pointer fell to Platteville Saturday night at Platteville by a score of 51-47. The Pointers fell by a narrow margin through most of the game and were unable to take the lead back to the closing minutes as a combination of free throws and fast break baskets put the Pollution over the top. Point led at half time 26-24. Joe Hadlow led the Pointers with 16 points and missed much of the play with a broken finger. The Pointers missed 20 of 32罚 shots. Between the opponents made good on 13 of 24.

**Forest Field Day near Merrill Attended by Conservation Classes**
Several members of the CSTC conservation classes attended the second annual Forest Field Day last Tuesday at the Chilton Timber Harvest forest which is located nine miles northeast of Merrill at the junction known as Dugout Lake. The program consisted of demonstrations of power chain saws, log rollers and a mechanical woodsplitter. Discussions were also held on subjects such as log grading and selecting the farm woods crop and safety in the woods.

**Pointers Indoctinate Fond du Lac Business College by 43-34 Count**
The Pointers proved that field goals are still twice as good as free throws as they outscored two Fond du Lac pointer 43 to 34 at the P. J. on Saturday night. The official charged the Quadrmen with a total of 33 fouls but there were 20 calls of which only 20 of their 39 attempts. In the field goal department it was another 9 to night night for the Pointers as the Fond du Lac cagers as they were held to just give them one with the half and were able to add only four in the second stanza. They just couldn’t hit their field goals and in the second stanza the Pointers hit only three of seven of their field goals and eight free throws for a total of 17 points. Foulag and Pick followed with five apiece. Schuttendorf led with both two field goals and eight free throws for a total of 17 points.

**Phi Sigs Close Gap as Grover-Nault Drop Two**
The Phi Sigs moved into second place in the College Bowling League last week, when they took three games from Alpha Kappa Lambda 21 Grover-Nault dropped two to Alpha Kappa Lambda 2 to throw the race for first place wide open. In other pairings, Hanson-Bach won two from the Chi Dels. Recreation Alleys took two from Northwards and the Campus Cafe won two from the Chi Delts. Jack Kempke netted all individuals honors last week as he cracked a 601 set, 75 pins above his nearest rival, on high games of 221 and 200. Other high rolls were registered by Reisz, 179; Green, 176; Carlson 155; Prisadowski, 156; Buttre, 150; and Green, 115.

**Freshman Class Giving Dance at P. J. Jacobs**
The Freshman class will make its debut in the Pointers’ schedule this coming Saturday, December 10, when it will sponsor a dance in the P. J. Jacobs High school gym immediately after the CSTC-Whitewater basketball game. Music for the dance is being provided by an extremely pleasant sounding juke-box and the price of admission is 90 cents per person. Chairmen of the committees are Don Schneider, Pat Rain and Carole Gillis. They have taken few solemn pledges that all comers will thoroughly enjoy themselves, says President Dave Case, so for an enjoyable, pre-holiday evening, go to the Freshman hop tomorrow night.

**Table Tennis Tourney Arranged by Mr Berg**
Athletic Director George B. Berg has announced that there will be a men’s intramural table tennis tournament this year. All men are eligible for this tournament. The only requirement is that each person wishing to participate must report to Mr. Berg in person and arrange details.

**The Fifth Quarter**
The Wisconsin State Teacher’s colleges saw plenty of action this week on the hardwood as most teams either opened their conference schedules or engaged in non-conference play. As you know the Pointers dropped their conference opener at Platteville Saturday as the Pointers nipped the Quadrmen 54-47. Oakshon saw action at Madison as the two teams opened their conference schedule Friday night. Green Gulls of MSCP slipped past Oakshon in a thrilling overtime game by a 58-54 score. Other state teachers garnered success.

**Familiar Faces**
The corridors and classrooms of CSTC have been frequented, during the last few years, by the tall, likable personality of Ernest Link. A native of Phillips, Wisconsin, this quiet, unassuming student has advanced through the college courses in a typical deliberate manner that can be contrasted to his outstanding record. Ernest began his college career in 1942, but it was soon interrupted for a period of army service. A few interesting episodes show through Ernie’s modest revealing of events in his personality. For instance: After his indoctrination and graduation from an army service school at Washington University he was sent to serve overseas in France and Germany. One event that is especially vivid is his being forced to dive into the basement of a bombed out house. Ernie returned to the United States, unscathed wearing a Purple Heart and the Silver Star, awarded for gallantry in action, among his service decorations.

**River Falls whip Stout 59-49; Luther stop La Crosse 51-44; Loras crush Platteville 58-47; De Kalb hammer Oakshon 62-46; Milton crush White-water 58-45; and Winona downs Eau Claire 61-57.**
The Pointers have another warm-up game before they meet their next conference foe in Milwaukee, December 17, this warm-up being in the form of the strong team from Winonita, Minnesota. Evidence points to a tough battle as the Pointers and Winona tangle at P. J. Jacobs gym on Friday night.
