Pointers Meet Quakers Here Saturday Night

Gorge stadium will be the testing ground as the Pointers meet the Quakers tonight. The Pointers have lost 7 of their 11 games but have allowed only 56 to be scored against them. The Quakers have lost 9 of their 11 games with an average of 15.2 points per game compared to Stevens Point who ranks ninth in allowing 4 per game. Whitewater was run up a total of 76 points while allowing their opponents to score 89. The Pointers have lost 16 of their 23 games but have allowed only 56 to be scored against them. The Quakers have lost 16 of their 23 games with an average of 15.2 points per game compared to Stevens Point who ranks ninth in allowing 4 per game.

The present week has been a busy one for the Greeks as everyone from the presidents to the clean-up committees busy with rushing dinning halls, rooms, and gardens. But the new prospects get their turns, their chance to show whether they can live in the exciting tradition of pledging.

We are proud of the signs of this pledging in the halls and in the classroom that such a spirit is there on the look-out for pink and blue ribbons, special ties, or about anything as amusing as the Greeks can develop.

More than one of the pledge who wish it has heard that before it all over the undergrads will marvel at the skills they have developed.

Should "hell-week" find the brave ones surviving, a lowly pledge that was once struggling for recognition will then be an honorary member of the 

WGSW Will Sponsor A Hallowe'en Mixer

A Hallowe'en mixer sponsored by the Women's General Social Welfare Association will be held this Saturday night in the Student Center. The event will be open to all college women, including the faculty, will be held from 7:30 to 9:30. Pleasure will be had by all in the training school gym.

Christine S. D'Amato and Mary Joseph are in charge of the event which will include a costume ball, to wear Hallowe'en costumes, or blue jeans, if a costume cannot be procured.

Newly-formed Social Science Club Now Formally Launched

The newly-formed Social Science club convened in room 106 last Thursday evening and elected officers in the presence of the Student Council. The action was decided upon by the Council members after a process was submitted to them by members of the Sophomore Social Welfare Committee as possible Social Science club activities that occurred in handling the elections when such tax supervision of the ballot box was allowed.

Sophomore Election Questioned: Class to Vote Again on Tuesday

A re-election of Sophomore class officers will be held on Tuesday, November 4. The class meeting of Tuesday evening is called to order by Lewis McDermott, temporary chairman.

The election of Sophomore class officers was held with a process that was submitted to the class by members of the Sophomore Social Welfare Committee as possible Social Science club activities that occurred in handling the elections when such tax supervision of the ballot box was allowed.

The standpoint of principle and from the standpoint of practice would be very interesting to the group.

The next meeting will be held on Tuesday evening, November 4, at 7:30 p.m. and, according to Reuben Seifers, program chairman, arrangements have been made to obtain a guest speaker.

Students who have not joined the Social Science Club wish to have it open to all and should it make a point at attending this meeting.

Sophomore Election Confined: Class to Vote Again on Tuesday

A re-election of Sophomore class officers will be held on Tuesday, November 4. The class meeting of Tuesday evening is called to order by Lewis McDermott, temporary chairman.

Ruth Page and Bentley Stone Here in Dance Concert Tonight

Comedy Dances Featured

Their program will feature several comedy dances, including "Flora and Zephyr," a caricature of the old-fashioned barn dance, Mrs. Page has prepared to perform her exotic number "Tropic," an impression of a native South Seas Island girl, which she has given more than 300 times by urgent request of the demand. And Miss Stone also promises to include her comedy dance "Dunch Drunk" about the prize fighter who entered the "squared circle" too many times.

John Martin in the New York Times calls their performance "Richly entertaining, as well as critically excellent."

The following program will be

Knitting Bazaar to be Held by Omega Mu Chi Sorority

The members of Omega Mu Chi sorority have made plans to hold a knitting bazaar. No definite date has been set as yet, but it will be held sometime in December.

The bazaar will be held in the record office, she finds this a pleasant and worthwhile way to pass the time.

"Tropic," an impression of a native South Seas Island girl, which she has given more than 300 times, by urgent request of the demand. And Miss Stone also promises to include her comedy dance "Dunch Drunk" about the prize fighter who entered the "squared circle" too many times.

Meeting of CSTC Alumni To Be Held in Milwaukee

Richard Marshall, president of the CSTC alumni association, has announced that there will be a meeting of CSTC alumni, students and faculty members in room 204A in the Vocational school in Milwaukee on Thursday, November 4, between 4 and 5:30 p.m.

"Tropic," an impression of a native South Seas Island girl, which she has given more than 300 times, by urgent request of the demand. And Miss Stone also promises to include her comedy dance "Dunch Drunk" about the prize fighter who entered the "squared circle" too many times.

John Martin in the New York Times calls their performance "Richly entertaining, as well as critically excellent."

The following program will be

Ruth Page and Bentley Stone, premier dancing stars and co-directors of the Chicago Opera company's official ballet for nine seasons, will appear at the CSTC auditorium, at 8:15 o'clock this evening in a joint dance concert. Ruth Gor- don, one of Chicago's finest accom- panists, will play for them.

The petite Ruth Page has starred in nearly every notable dance concert of the city, including pre- war Moscow, and is now with the Chicago organization. She made three round- the-world tours, twice with Harold Kreutzberg, and once with her own company, in addition to guest solo engagements in nearly every leading city of Europe, including pre- war Moscow, and is now with the Chicago organization.

**Familiar Faces**

A writer of portraits of campus leaders has been busy with his brush in Perry Voigts. Beginning his college career as a freshman, Perry has enjoyed being a part of every important phase of college life. Perhaps the realization that he has been the subject of so many such portraits has an arrangement for the "elements" of social and intellectual involvement, and the value of a photograph...we would probably place under the heading: "a sense of values and the knowledge that whatever be your interests, ambitions or fascinations, you can find an interested listeners and readers in Peirce, is a nearly complete introduction to this week's campus personality at C.S.T.C. Perry is 25 years old, married, and resides in a small city some distance from the University. Last week he discussed the Department in Psychology, and talked about it. "A college graduate is a wonderful thing, especially at C.S.T.C."

**STUDENT ORGANIZATIONS**

Several new modules were initiated at C.S.T.C. for the 1946-1947 academic year. The initiates were: Barbara Clarke, Irene Huntington, Jane Aldrich, Helen Holm, Shirley Beebe, Rita Belle Fontaine, Beverly Tidheeb, Sally Stores, Ruth Jones, Jack Jiff, Judith Ellips, Marjorie Lauer, Betty Ratcliff, Mary Drewen and Ernest Huntecker.

**Miss GBP's Annual Reception**

Miss Bobby Sox was a popular character at Tau Gamma Beta's annual reception held on Sunday, November 24, at the home of Mrs. William C. Hasteen. The ever-present "socks" were duplicated in miniature, tied with pink and blue ribbons and given to the guests as party favors. Many comic characters were evident in the costumes worn by the girls and everyone seemed to enjoy the party. Fun and hilarity reigned as each guest attempted to find out what the "Black and Blue" mystery was all about.

For college students, the more important things for the coming term are: college work, study parties, cost of living, roommates, and personal affairs. The new year brought a chance to dust off clothes and start anew. With the coming of winter, the wearing of pants and trousers will be required. The weather is expected to be cold and people should wear warm clothes.

**Urban Life**

Mr. Marjorie Kerst and the student teachers of the Rural Demonstration Center recently held an annual meeting of the members of the Rural Life club and the College of Agriculture in the rural demonstration hall last Monday night.

The members were offered a variety of topics for discussion. Many elec- tric equipment, thanks to the student's reaction after the demonstration. Their reaction was one of excitement and enthusiasm. The demonstration was a success and the students expressed their appreciation to the students for their hard work. The demonstration was held on November 1 to show the students the importance of safety in the home.

The Pointer Wreck Oshkosh Titans In Big Second Half Explosion

The Pointers spoiled the Oshkosh Homecoming Saturday as the Quarterbacks and the Titans lost a 21-0 battle at Oshkosh. Dave Bliese, Jim Kochen and Duane Council each had a fine line for the Pointers and Tom Curry added three points via a 51-yard field goal.

The first half was a battle between defenses as the score was a 0-0 tie at the half. In the third quarter the Pointers finally found the end zone when they pushed the ball from an Oshkosh back and carried it down to the opponents 13-yard line. Little. Tom Curry drove the stop as he intercepted a pass over the middle. The Titans did the same to Oshkosh 45 and the Pointers began their first touchdown drive.

A long pass from Counsell to Thompson put the ball on the eceent 21. Dave Bliese carried it the remaining distance for the first six points. Curry converted.

Titan Threaten

Oshkosh carried the ball deep into Point territory on their next possession. The Bengal line prevented them from scoring. Puncheon, Thompson and Little stopped the quarterback and another snap and running back by Thompson, Bliese and Kochen put the ball on the two-yard line. Several penalties moved the ball back and Puncheon was stopped short of it. Curry pointed into the end zone.

Counsell Intercepts

On the next play Counsell intercepted a Titan pass and dashed 18 yards to a touchdown. Counsell added the score 21-0 with his third conversion.

Later in the game Coach Keith congratulated their fine all-around game and especially on defense as they held Oshkosh to only five first downs.

Intra-mural Basketball

To Get Underway Soon

Intra-mural basketball for college men is expected to get underway November 26. Dave Bliese will be in charge. In operation this year, the Alphabet league and the Independent league. The Alphabet league, or Pointers league, will play Monday and Wednesday nights at 7:45 p.m. with games at 4:15 and 5:30 p.m. The league is open to all college men and athletic director George J. Berg. The Independent league will play on Tuesday and Thursday nights after supper, with the games starting at 6:30 or 7:30 p.m. These teams may be composed of anyone with no restrictions as to what team a man may play on. The captains of each team in the Independent league will sign the registration form and sign the names of the members of the team as to the number of them he intends to use and hand it in to Mr. Berg before November 21.

No member of the varsity team may compete in this league and a player may compete only in one league and not both of them.

Surgical Portable Microscopes

We offer a limited quantity of surgical portable microscopes for sale. These microscopes are as new, in original crates and are offered at a discount of at least 50%

Specifications:
- Overall height 8 inches, painted with four different colors.
- 20 to 35 power magnification
- Purse and carrying case
- Easily transportable

These portable microscopes are offered subject to prior sale on the following conditions: a deposit of $25.00, including shipping and packing charges. Check or money order should be sent with your order or $25.00 deposit and the microscope to be sent C.O.D. for balance. Any check received after quantity has been sold will be returned promptly.

Pause That Refreshes

Is Part of the Party

The Fifth Quarter

Many Hunters Harassed Game on Opening Day

Last Saturday, gun in hand, many hunters plowed wearily over the country side to shoot every thing but the old goat who lives across the street. In case you haven't guessed already, hunting season opened on almost all of the wild game. Reports from the field say there are more hunters than game this year.

According to the duck hunters, (the duck season started October 15) there was an average of about one half duck shot for every duck hunter. Maybe that's why they were so hard to hit. Reports from the Horn- corner march, a feeding spot for our feathered friends, give 1,000 hunters a bag of 1,000 ducks over a Friday, Saturday, Sunday and Sunday period. In other regions hunters did even worse.

Pheasant, partridge, rabbit and squirrel will be stalked by local hunters this fall. Not likely to travel far from home. Bobwhite and squirrel will, of course, be the most sought after game. Fall is usually the hard- est time of the year due to many creatures but there are always a few who venture out during this time of the year, and at this time likely end up on some lucky hunter's table.

With the price of meat at its present height, we look with envy upon our frozen storehouse and the able hand of our cooking master. Down the street is the store where we buy our extra kitchen.
As I've told you, I work in the control tower of the municipal airport. The name of it is Merrill Field. This is the home base for the famous "bush pilots" of Alaskan fame. I'm rapidly getting to know most of them. They are a swell bunch of happy-go-lucky, down-to-earth folks who already appear to me as brothers.

"To the east of the field lies a huge range of mountains. They are about 8,000 feet high and are half covered with snow. When the sun breaks through the clouds, they are very beautiful. It seems that Anchor Point is a bright spot shining in the midst of a wilderness. The country becomes a wilderness at the edge of the city limits.

"The weather here has been damp and chilly. Usually a cold wind comes from the bay. We've had a little snow, but it didn't stay. The streets are covered with mud and it's very slippery to walk on. I imagine we'll have snow to stay soon. Every day the snow line on the mountains drops a little lower. Soon it will be time to go skiing and skating."

"The CAA people here have been very nice. I work with a fine group of people at the field too. I understand that I'm being trained to go down the bay and cruise next spring. That is an isolated place where men are detailed for six months. It will undoubtedly be a fine spot. It has one outstanding factor. There is very good hunting and fishing there. It is supposedly a fisherman's paradise. I'll like that."

selves in this position if it had not been for a deficiency in Student Council members in taking care of the election.

"The ranks of the Student Council have increased and we are sure that the coming election will be to every one's satisfaction."

Edward Pisku
Patricia Lasecke

The re-election next Tuesday will include all Sophomore class officers. Only those candidates whose names were on the original ballot will be allowed to have their names on the second ballot. Voting will be conducted between the hours of 8 a.m. and 4 p.m. Since this election is being held on the same day as the National- wide general elections all Sophomores should be able to remember to vote for class officers at least.
