College Enrollment Still High: Total Set at 836 at Close of First Week

Men Outnumber Women 2 to 1

According to the statistics from the main office, Central State Teachers College has increased to 836. Last year at the end of the first week the enrollment read 879. Of this year’s total 295 are girls, leaving the number of men at 541.

An interesting comparison is made by quoting a paragraph from the first issue of the Pointer in 1945. 

"CSTC’s enrollment is up 17,000 concerts. Previous to his Dr. Piersol the school was scrawled as 836. Last year at the end of the first week the enrollment read 879. Of this year’s total 295 are girls, leaving the number of men at 541."

Additions to Training School Staff Announced

Dr. Raymond E. Gotham, head of the Training school, has announced the addition of several supervisors to the Training school staff.

Miss Hazel Black, who is the new kindergarten supervisor, is a graduate of CSTC. Before coming to Stevens Point she taught in Illinois. Miss Black’s home town is New London. Her duties here include the direction of the kindergarten and the supervision of the kindergarten practice teachers in the morning, and the preparation of a technique course in the afternoon.

Another important appointment was that of Miss Leah Diehl, who is recapturing from a major operation. The new faculty members are Miss Doris Ubbelohde, a graduate of CSTC, who comes from Waldo, Wisconsin. The new full time music supervisor in Miss Helen Heil, who hails from Goshen, Michigan. She will have charge of vocal music, technique courses for practice teachers, supervision of practice teaching for elementary teachers, and some supervision of the CSTC School band and orchestra.

At present, Mrs. Louella Crow is setting forth to every possible place of Miss Leah Diehl, who is recuperating from a major operation. The new full time music supervisor in Miss Helen Heil, who hails from Goshen, Michigan. She will have charge of vocal music, technique courses for practice teachers, supervision of practice teaching for elementary teachers, and some supervision of the CSTC School band and orchestra.

Women's Chorus for girls who are in

Mixed Chorus will be held tomorrow.

The annualconvocation is to be held in the auditorium at 10 o’clock on Friday, September 24. The faculty will appear in academic attire and at the playing of the procession will march from the main auditorium entrance to the stage where they will remain seated throughout the remainder of the program.

An address will be given by President William C. Hansen and special music will be provided by the college band under the direction of P. J. Michelson.

Another Sinclair Lewis?

As a result of high scores on a standard English test given to all incoming freshmen during the first week of school, six freshmen are expected to graduate from English 101 (Freshmen Composition).

The six students, who have entered more advanced English courses, are Greta Holstein, Lawrance Eagger, David Van Hecke, Jean Robertson, Stevens Point, and Viola Hafer, Pittsville; Nathalie Gobrecht (See SCHOLARSHIPS, page 4)

Now it’s Dr. Doudna

The degree of Doctor of Philosphy was conferred upon Madeline Doudna at the graduation exercises of Wisconsin’s commencement exercises held in June and as a part of the ceremonies was written on the subject of “Financing Wisconsin Schools.”

Dr. Doudna, dean of administration and director of rural and urban studies at CSTC, received her B.A. degree from Carroll college and her M.A. from the university.

Faucil Bolster By Recent Additions

Frederick Klempe has been added to the college faculty to teach history and political science. He is a graduate of Superior State Teachers College and received his B.A. degree at the University of Minnesota.

Previous to coming to Central State Teachers college, he taught in junior high school in northern Wisconsin and was on the faculty of the State Teachers college at Minot, North Dakota.

Miss Myrtle Spande, Women’s Athletic Director, has returned after a year’s leave of absence during which time she did graduate work at New York University.

Miss Chris Langan, acting Women’s Athletic Director of last year, has accepted a position on the home economics college staff at Marquette, Michigan.

On sick leave for the first semester is Mrs. Patricia Jordan, Toledo, Ohio, is Miss Harriet Wright, mathematics teacher. Mrs. Jordan is recovering from a major operation performed last spring.

The Department of mathematics are taking over her work this semester. The majority of the mathematics department are serving as rural school supervisor.

Miss Jordan is a recent graduate of CSTC.

The band has been holding regular meetings on Monday, Tuesday, Wednesday and Thursday evenings from 4 to 4 o’clock. If there are any reed players among the students and they would like to sit in on rehearsals, they are welcome to come at one of their times.
rural Life Elects

Jim Wood President

The first Rural Life meeting was held Monday, September 20, in the rural assembly. Group singing was directed by Bernice Yonke and Elizabeth Toczworski. Dr. Quincy Doucet, director of the diabetes research center, and the faculty members present were Miss Mary Rosch and Mrs. Marjorie Kerst. They were introduced by Dr. Doucet. The meeting was then called to order by President, James Wood; vice- president, Roberta Draper; secretary, Carol Emmerick; treasurer, Elizabeth Toczworski. The press representative of the Pointer was appointed by the executive committee.

Class Advisers Listed

in College Catalog

According to the college catalog, the class of 1949-48 are: Senior class: Dr. Edgar F. Pierson (permanent) and Miss Elizabeth Nissen; Class of 1948-49: Senior class: Dr. George R. Berg (permanent) and Dr. Robert A. Tryger (rotating); Sophomores: Miss Edna Carlstien (permanent) and Robert H. Lewis (rotating); Juniors: Miss Elizabeth Pfiffer (permanent) and Miss Bertha Glenn (rotating).

With this issue the Pointer staff makes its debut in the 1948-49 session. It is with much pride that we present the staff and its administra-
tive officers. We hope you will find that the Pointer is worthy of its traditions and will continue to serve as it has in the past. We are proud of it because it represents a great deal of expended time and effort for everyone involved and because it is a paper about you and for you. Through the Pointer, you will have the opportunity to stay in touch with what is happening on campus and to receive information about the new things that are taking place. The Pointer will also be a platform where you can express your opinions and thoughts. It is our hope that you will enjoy reading the Pointer and that it will provide you with valuable information and perspectives about the university and its community.

The Pointer is a vehicle for communication between the students, faculty, and administration. It serves as a forum for students to voice their concerns, share their experiences, and engage in meaningful discussions. The Pointer staff is committed to delivering high-quality content that is relevant, interesting, and informative. We strive to ensure that the Pointer accurately reflects the diverse perspectives and voices of the university community. Our goal is to provide a platform that fosters inclusivity, respect, and a culture of engaged citizenship.

In this issue, we feature a variety of articles and stories that highlight the strengths and achievements of our community. We hope that you will find something of interest and value in these pages. Whether you are a new student, a returning student, or a member of the alumni community, we welcome you and encourage you to engage with the Pointer. Together, we can continue to build a vibrant and dynamic campus community that is committed to excellence and innovation.

Dr. Lynes Takes
A Stitch in Time

In the "Letter" column of the September 13 issue of the Pointer newspaper, there is a discussion about the need for accurate information and the importance of being honest in communication. The author emphasizes the value of taking time to gather accurate information before making assessments or giving opinions. The Pointer staff encourages all students to take the time to verify information and seek clarification when necessary, ensuring that the content shared is fair and accurate. This approach helps to build a culture of responsibility and integrity, which is crucial for the development of informed and engaged citizens.

The Pointer staff is committed to providing a platform for meaningful and constructive discussions. We encourage all members of the university community to participate in these conversations by sharing their thoughts and experiences. By doing so, we can create a space where ideas are exchanged, perspectives are broadened, and meaningful solutions are sought. Together, we can work towards a more inclusive and engaged campus community.

Familiar Faces

One of the most distinguished members of the faculty at the University of Wisconsin-Stevens Point is Dr. Stanley Omennek, age 28, of Polonia, Wisconsin. Dr. Omennek has been associated with the university for many years. He received his master's degree from J. Jacobs High School. Upon graduation he enrolled at CSTC and completed his first year of teaching.

In the Air Corps his training began and he was commissioned as a second lieutenant. He was partially completed when Stanley Omennek was drafted by the army. He received his "greetings" from the President and was discharged from active duty in 1948, finishing his first year of teaching.

In the Air Corps his training began and he was commissioned as a second lieutenant. He was partially completed when Stanley Omennek was drafted by the army. He received his "greetings" from the President and was discharged from active duty in 1948, finishing his first year of teaching.

Stefan definitely is the reticent type. Of course, he has his faults but, he is not afraid to change his opinions. He was a graduate of the University of Wisconsin-Madison. He was a student member of the student body when he was enrolled at the University of Wisconsin-Madison. He was a student member of the student body when he was enrolled at the University of Wisconsin-Madison.

After his discharge he worked for the independent Cremer of Polonia as a bookkeeper. He likes accounting and is currently working on his own firm. He has many friends in the area and enjoys spending time with them.

He is still currently working at the University of Wisconsin-Madison. He is currently working on a new book about the history of the university. He is also involved in various community activities and enjoys spending time with his family and friends.

The new college bus is something that Central State can be proud of. The 160 b.p., 35 passenger vehicle is biggest at Central, at least, and thus more able to handle the needs of the school, according to Dr. Schmehl, chairman of the bus committee.

Some of the many features of the bus include a 1,260 sq. ft. luggage compartment in the rear and luggage rack above the seats. Large "Central State Teachers College" and "Stevens Point, Wisconsin" markings are painted on both sides of the bus to give it sufficient identification.

The new bus was purchased for $10,500, $7,000 of which was ap-
propriated from the fund. The balance of $3,500 was borrowed. In the financing plan continues on its present basis, the bus will be com-
pletely paid for in two years.

The bus fund is financed in two ways: Each student contributes $1 year through the Student Activity Fund, and a fee of 20 cents a mile, plus driver expenses, is charged to those organizations using the bus. A financing plan similar to this operated for the old bus, and with the continuation of such sound business tactics, CSTC should always have a good bus.

The value of a bus to the student body is beyond estimation. Having to charter a bus would not only cost more but would most likely inconvenience. A bus such as CSTC has is available at all times and at a minimum cost.

A little on the history of the old bus — it was purchased in 1939 for $3,000. Its longest trip was to New York with the Men’s Glee club. It was sold this year for $3,200 to the local high school, so CSTC students may see it around town if they can recognize it under its new trimmings.

Mission House Falls to Fighting Pointer Eleven by a 27-0 Score

Coach Hale Quadr's grid men smashed the Mission House Muskies by a score of 27-0 on Saturday afternoon at Plymouth. The football season at Plymouth last Sat-
tday, Davie Bliese, freshman back from Wausau, was responsible

for two touchdowns with runs of five and 40 yards. Veteran Journalst Little Chute dashed 25 yards for six more points. The final tally came when quarterback Daxine Counsell

downed a point kickoff after Wel-
er, Mission House fullback, fumbled it. Tom Curry was credited with three points after touchdown.

The first quarter saw the Muskies run good running plays by Emmerich, Koehn, Potter and Bliese plus a number of good passes by English, but Point fumbles kept the period scoreless.

Late in the second quarter the Pointers took over on their own 35 yard line and would like Bliese, and Bliese carried it into pay dirt on the next play. Curry’s kick was wide and the score was tied 6-0 at the end of the half.

Bliese Goes 40 Yards In the second quarter runs by Koehn, Bliese and Emmerich put the ball on the enemy 40. Bliese carried it for 20 yards, and Koehn added four more yards. Curry kicked the ball and Koehn put the ball on the Mission House 10 yard line. English drove to the five and Bliese carried it into pay dirt on the next play. Curry’s kick was wide and the score stood at 6-0 at the end of the half.

Bliese, a junior back from Wausau, was responsible a point pass on the 25 and another pass from Curry to Koehn accounted for six more points. Curry connected it make 26-0.

Final Score By Counsell

The fourth touchdown came after Weber, Mission House fullback, fumbled a point kick-off roll dead in the end zone and Counsell fumbled it on for the fourth quarter. The drive from center for conversion was both high and English fumbled it, but Curry picked up the loose ball and ran it across the goal for the final point.

The greatest losses came to Quadr’s men in the form of penal-
ties, fumbles and fumbled fives. John Potter dropped his fullback ankle early in the first quarter.

Points line held the Muskies to only 43 yards gained by rushing, whereas the CSTC’s picked up 555.

College Eating Co-op

Commerces Operation

Alex Attember, sophomore, and Ellsworth Gaulke were elected directors of the College Eating Co-op at a meeting held in the auditorium on September 13. The Co-op served its first meal in the Campus Cafe on September 4. A meat ticket for nine meals a week costs $5.50. Out of the cafeteria the club buys the food and pays Mrs. Lillian Ullphas, proprietor of the Campus Cafe, to prepare the meals. The meals are all served in self service, and include meat, potatoes, vegetables, fruit, dessert, butter and as much bread as is desired. Each member of the Co-op is required to deposit $5.50 in the treasurer's box at the beginning of the semester in the form of meal tickets. New members may join at any time.

It is generally believed among the members of the club that they will be able to reduce the price of meal tickets once they become well organized.

**New Students Guests at Gamma Delta Meeting**
The first meeting of the year for new rece - nents was held on Thursday even - ning, September 16, when guests of the group were all new students of the college. Officers of the organiza - tion had charged the evening of the entertainment and the president, George Negley, gave a few words of welcome to the 40 assembled stu - dents. He introduced the new stu - dent pastor, Eugene Broegegamm, of St. Paul's Lutheran church, and exten - ted the best wishes of Pastor W. L. Ludwig, who is away on vaca - tion.
Following an entertainment pro - gram of parlor games, a bunch of cantaloupe, ice cream and coffee were served by the club officers.
During lunch each person intro - duced himself. Songs were sung and Joe Moravec played the piano. Since it was also Reuben Belka's birthday, he was presented with a special token. Louise Oelrich won the door prize for guessing the correct number of peas in a jar.
