Greens Dance to Hoepis Music at Pan-Hell Dance

Approximately 60 couples danced to the mellow music of Cliff Hoepis and his orchestra following the Pan-Hellenic dance held at the Loxahatchee on Saturday, November 19. The dance followed the Pan-Hell initiation ceremonies and dinners held by the Alpha Pi Psi Mu and Greek Omegas Chi sororities and the Chi Delta Phi and Phi Sigma Episcopalian fraternities.

Soft lights reflecting on silver gold decorations blended with the formalities worn by the CSCT coeds. The dance brought a festive dance to the three weeks of pledging by the new members and provided one of those occasions when the students forgot social forces for the active waltzes that prevailed.

Glee Club Presents Enjoyable Concert

The Men's Glee club, under the direction of Mr. E. K. E. Keene, made its second appearance of the current season Sunday evening in the auditorium. The program gave the audience a relaxing and enjoyable two hours to be treasured in the memories of music lovers.

Soliosts Charlotte Richel, a contralto, and tenor Wallace Bartos each gave a splendid performance.

A fine harp solo was played by Frank Wesley and Robert Karsten at the piano and Barnett Davies at the organ was one of the many fine numbers of the evening.

This concert was open to the public.

A similar one will follow at an assembly hour for the student body.

Father Diman Addresses Students At Annual Thanksgiving Assembly

Organ music provided by Mariel Held was an appropriate musical background for the Thanksgiving Assembly November 22 sponsored by the WSQA. Two Thanksgiving programs were presented, one followed by a soprano solo, "This House" sung by Anna Donecey.

Barbara Clark, program chairman, the director of the "This House" program, Miss Diman, who has been an Episcopalian priest for many years for the island, is the son-in-law of Alfred J. Herrick, founder and director of the "This House" school.

He began his interesting talk by describing Manil a, the center of the island of Luzon, the capital and the island of Luzon. He explained that he had been to the "Pearl of the Orient" in rain and that much of the city has to be reconstructed. Manila is an interesting city and the "center", Father Diman told the guests, was a city of Segada where he served. He stated that there are one hundred thousand in the beginning of a new one.

Father Diman discussed the education of the Philippines, explaining that when a student was enrolled in the public school, he was served at Nelson Hall for the participants and school officials.

The schools represented at this regional state contest, in order of the places, are: Broward County; the "Bat-Country Scene"; Li Forge, "The Vaudeville"; Llewellyn High School, "Romancers"; Greenwood, "Summons of Braver"; West Palm Beach; "Finders Keepers".

Oconto Falls, "Echo"; Mosinee, Wis.; West Burlington, "Buffalo's Jest"; Seabrook, "Echo"; Galaxville, "The Bond Between"; Neksos, "Gray Skies"; Kewaunee, "Why I Am a Bachelor"; and Marinette, "Will of the Wisp." All plays that receive an "A" in the regional contest Saturday will be presented in the annual state contest at Madison later.

As part of the initiation ceremony in SMP, Miss Janey Stanley, an electee, is presented a first class membership in the organization, on pledges, Mal Colman, pledge master, Miss Adler and Janey Stanley.

Plans for Christmas Concert Near Completion

Members of the Mixed Chorus and the Girls Glee club, under the direction of Peter J. Michelon, are completing preparations for the annual Christmas concert which will be held this year on Sunday, December 11, and Monday, December 19 at 7:30 p.m. in the college auditorium. Besides Glee club and Mixed Chorus selections the program will include music of June members of the Central State Symphony orchestra, the traditional nativity tableaux under the direction of Miss Mary Roach and the scripture of Leland M. Burroughs. Aloys Frymark of Marshallfield will be featured soloist.

Soliosts from the Glee club will be chosen and announced a later date. New stage decorations are being planned by the art department under the direction of Miss Edna Carleton, while the band members are in charge of trees and decorations for the auditorium.

Conservation Classes Attending 3rd Annual Timber Harvest Today

Approximately 40 students from Fred J. Schmecker's conservation classes will attend the annual Timber Harvest field day near Merill this afternoon. The Chilson Timber Harvest forest, a 40 acre tract located seven miles northeast of Merrill at Dutch Corners, will be used to show the results of a combined timber harvest.

Something new will be added to the demonstration this year when the new woodworker of the National Container Corporation of Wisconsin will show small and poorly formed trees, as well as the tops of the long branches from saw logs, can be made into wood chips in a matter of seconds. Through the use of this invention it may be possible to use many parts of a tree for pulp that formerly would have been discarded, being the first use of saw logs for firewood. A demonstration will be made through the 1947 and 1948 cutting compartments, and a demonstration of a lower attachment for the thinning form tractor will be held.

The event was sponsored by the University of Wisconsin Extension and has been organized by F. B. Trenk, M. L. Turney, extension forester of Madison.
ATTENTION, ALUMS!

The following message from Miss Syble Mason, secretary of the Alumnae association, will be of interest to alumnae who have been graduates of the Academy for at least 20 years.

"We are indeed proud of the spirit and loyalty which was exemplified by our alumnae at the Homecoming festivities and the WEA convention in Milwaukee. "Being an alumna, you are invited to the business meeting at 6:45 tonight in Room 11. A brief report of the association was adopted. Copies of the minutes will be available from the yearbook secretary upon request. A report on the financial status of the association is also available. We hope that many alumni will want to become active members of the association by paying the annual dues of $10.00."

"There were 96 present at the alumna lunch at Nelson Hall following the business meeting. Special guests were President and Mrs. William C. Hansen, Regent Wilson S. Detlefsen, Alumnae Fund, Homecoming queen, and John Kowaleski, president of the Class of 1960. Fred J. Herrick, father of Virgil E. Herrick, association president, was also present as a graduate of the class of 1902. A message of welcome by Virgil E. Herrick was read to by President Hansen on behalf of the student council and the student body. Mrs. James Cory of Merrill gave the response on behalf of the alumni. Before adjourning to Cofete Field for the game, all sang 'The Purple and the Gold,' under the direction of Dean Herbert Steinhour.

"The class of 1928 held their class reunion in Milwaukee on November 27. We had the privilege of greeting and visiting with many alumnae whom we had not seen for some time. There were a number of especially pleased to see so many of our recent graduates too. There was not enough time to compile statistics on the classes represented, but we know that there was good attendance, and including some of the earliest classes. It was such a happy occasion that two alumni of Superior State Teacher's College registered in our alumni register and enjoyed the fellowship for some time before they discovered that it wasn't their college reunion.

"We shall be very glad to hear from our alumnae and shall welcome suggestions for the improvement of the association program."

Division Suggestions

Those students who must select a division have been offered the following suggestions by Dr. Raymond E. Gotham.

Students with a strong academic record and interest in the sciences should consider entering the primary arts division with emphasis on biology, chemistry, and physics.

Those students whose academic record is not so strong but who wish to develop their talents in the arts should consider entering the intermediate division, home economics, music and physical education.

There are always vacancies in academic areas for a limited number of outstanding students. It is definitely to the interest of students to participate in related extra-curricular activities to become competitive in their fields practically as well as academically. Students especially interested in working with young people in Boy Scouting, recreation, drama and forensics are always welcome.

In making recommendations for teaching positions many are found to have only academic credits to offer with little over and above to supplement their learning, says Dr. Gotham.

Wherever she goes, Miss Roach says that there's someone connected with CSTC, and that person usually has a message for her to take back to the college. Sometimes the wires in Miss Roach's memory get so crowded she can't remember which message goes to whom. Now she writes them down.

Some time ago she delivered a letter to Dr. Pierson, who learned her first biology from the lady's husband.

She has talked to such a variety of groups that she has never been stumped by the question, "What are you reading?" Making an audience receptive to her ideas, but last week she tackled a job that would topple anybody except May Roach.

She talked to groups of Students in New London, Clintonville and Shawano on the theme "Teaching is Glamorous!"

Pointers Out for Number Two
At Northland Friday Night
Milton College Is Next foe

Flush with one victory over Northland, the Pointer quintet goes out after victory number two when they meet the Lumberjacks in return game to be played tomorrow night, December 2, way up north at Ashland. Then, hardly pausing for breath over the week-end, the Pointers return home to take on Milton Monday night, December 5.

Tomorrow night's squaring off at Ashland is expected to be a stiffer test for CSTC. It will be the Lumberjacks who have the home floor advantage at this time, and anything can happen. Still they will have to improve their team average by 25 percent, and their rebound work as well, to stop CSTC. As for the Pointers, they are polishing their attack in the long trip sessions at the training school gym in preparation for the trip north.

Regulators who will make the trek are: Gene Fick, Billy Wagger, Char Polka, Jim Christenson, Gene Polum, Dick Lorenzen, Don Schneider, Bruce Memel, Jack Huberman, and Walt Samelst. Others will be selected.

When the Pointers return home next Monday night to play Milton college at P. J. Jacobs gym, they engage a team which is almost a total stranger to these parts. That Milton college is located at Milton, not far from Madison, is about all that is known here. Milton is a member of the Badger-Interconf conference and recently captured championship last year with nine wins and one loss. The star of that team was Barry, a forward, who led his team mates in scoring.

Anxiously expected to be a power house. By the time the final whistle blows next Monday night, prognosticators about the contest should be able to predict CSTC's chances in the conference race this year.

"Banquet of Champions" At Legion Hall Tonight

A football "banquet of champians" will be held this evening, December 1, at the American Legion hall in honor of the victorious CSTC and P. J. Jacobs high school football squads.

The Bleacher Coaches organization has planned a full evening of entertainment, the highlights being speeches by Milt Braun, University of Wisconsin football line coach, and two of the three members of the 1949 Badger varsity team.

The banquet is strictly a "stag" affair and accommodations will be available for 500 persons, about a third of whom will be lettermen of this squads plus their respective coaches and managers.

The speeches begin at 6:30 o'clock, will be prepared by competent chefs from these two school coaches headed by Allen G. Bouttd, high school principal. Besides the main speeches, other after-dinner activities will include selections by the CSTC "peg" band and various skits. The toastmaster will be Don Copp.

CSTC Cagers Route Northland Team 52 to 34 in Successful Debut

The 1940-50 version of the Pointers team made their debut at P. J. Jacobs gym on Monday night, November 21, and promptly obliged a fair sized crowd by dumping Northland college 52-34. It was the first test of the season for Coach Hal Linn's quartet. Char Polka, hard playing guard and chief point maker from last year's squad, took scoring honors with 15 points.

Twelve Pointers saw action in the contest. The forward wall of the Point controlled the rebounds. The Purple and Gold defense lapsed several times during the game and allowed the Lumberjacks to drive in for close shots. Reserve performances commendably.

The Fifth Quarter

The State Teachers conference has redoubled its efforts. Coach Keen of the conference football team. The defense was coached at a weekend meeting in Minneapolis. Bob Koul, Oshkosh coach, said general dissatisfaction with the practice was expressed by most of the coaches in the 10 team conference. Principal goal of the meeting was to have all coaches using the same two-platoon system and that none of the coaches saw all the other teams play.

Watch the outcome of the Milton vs. Northland basketball game Sunday night, November 28th, and Monday night, November 29th. Tickets were on sale Wednesday at Whiteout's, 32-50. In the Whiteout's entrance, K. L. Lemmer and Bob Hub

The Perrw college of Milwaukee has two games in the victory ledger. One was a 47-30 conquest of a mighty Allen-Bradley team and the other win came at Whiteout's expense, 32-50. In the Whiteout's contest, K. L. Lemmer and Bob Hubacker shot 54 points between them.

Quarterback as usual, the college gams — Nate Delong of River Falls has been declared eligible for all college games, and the 32-50 points in 46 games is already second for the national collegiate scoring record of 2,199 points set last year by Jim Lacy of Baltimore Loyola.

Leifson has been awarded the 1940 team honors. In golf meets he will be held on May 20.

A fine crowd of students attended the basketball game last Monday night — let's keep it up by turning out for this week's Milton game this coming Monday.

Sorry the Pointer gave you a bum game as the office of student ticket pres for the P. J. Jacobs High school games. Adult admission prices of 50 cents will be charged college students who attend. That decision was made the day before the November 17 Pointer went to press and authorities failed to notify us in time to change the original story.

Demers Given

Demers are given for indifference of the rules. A few reasons for demers are untidy appearance, misconduct at post, tardiness at post, absenteeism. Some cadets are more interested to superior and improper conduct at post, their demers are given for most of these offenses.

In each month, the best cadet is voted into all high school and college athletic events free by showing his cadet card.

Sergeant Anderson presides at a ceremony at which the cadet, with the best demers is presented an award.
