

Scholarships Awarded to Negley and Korth at AKL Venison Dinner

George Negley of Crivitz and Irving Korth of Antigo, were presented with \$50 scholarships for outstanding records in the field of conservation at the third annual venison dinner of the Alpha Kappa Lambda conservation fraternity which was held at Nelson Hall last Thursday evening, December 1.

Fred J. Schmeckle, who presented the scholarships, stated that they are given each year to Juniors who have obtained high scholastic averages, are of good character, are outstanding leaders and who are expected to do a good job when they get out into the field.

The main speaker for the evening was Robert Beatty, conservation director of the Izak Walton League of America. Mr. Beatty spoke of the increasing number of conservation problems which are arising be-

cause of the greater number of hunters in the field today, and prophesied that drastic controls will be placed on the hunter of the future. He placed the blame on the hunter himself.

Mr. Beatty made a plea for the hunters and other sportsmen to support and try to understand the management of game supplies. He also suggested the establishment of a better farmer-hunter relationship.

Roy Swenson, a recent graduate of CSTC, who is conservation co-ordin-

Rennebohm Signs Contract for New Men's Dormitory at CSTC

Construction to Begin Next Year

Central State Teachers college seems assured of having a new men's dormitory in the very near future, according to recent developments reported by Regent Wilson S. Delzell. Mr. Delzell was notified last weekend that Governor Oscar Rennebohm has signed an architectural contract with the firm of Boyum, Shubert and Sorenson of La Crosse for work in connection with the building program in the teachers colleges. Construction of these buildings, including the dorm here, is slated to begin next year. It is hoped that the work at CSTC can be started in the spring. Funds for the building, expected to cost about \$325,000, have already been provided by the state legislature.

No exact plans have yet been made, but President William C. Hansen reports that the tentative site for the dorm is on the northeast corner of the campus where the tennis courts are now located. The building is to consist of three stories and a basement and will house approximately 90 men. Mr. Hansen figures that its minimum size will have to be 120 feet by 40 feet in order to accommodate 30 men on each floor. The size would leave room for 15 rooms (two men to a room) plus a recreation room per floor. The building will be fireproof and of a brick construction which will match other buildings in the college plant.

Student Union

There will be no dining facilities in the new dorm since those at Nelson Hall are adequate enough to accommodate both buildings. The plans were made this way for a very good reason, namely that the basement of the new building will then be left open for a student union, something that has long been desired at CSTC. The union as planned will cover the entire basement area and will include a spacious dance hall containing a refreshment bar, plus smaller rooms for other social activities.

Besides the men's dorm here, the teachers college building program will include a men's dorm at Superior, a library administration building at Whitewater, a Training school at Eau Claire, women's dorms at River Falls and Platteville and an addition to the women's dorm at Oshkosh. No new construction has been planned for the Milwaukee Teachers college since the status of that school is now in doubt. A plan is now being studied by a state committee which would unify it with other state-supported institutions of higher learning in the Milwaukee area.

Dr. Gotham Announces Openings in Teaching

Dr. Raymond E. Gotham reports that requests for candidates to fill existing vacancies in the teaching field have come to the placement offices. Six of these vacancies are for home economics positions and are to be filled by the end of the semester. Twelve more vacancies are available in primary and several in the intermediate division. Those in intermediate are being offered to young men in intermediate and upper elementary divisions. Dr. Gotham urges persons considering various fields to look into the possibilities of these areas now.

Continuing his visits to various schools, Dr. Gotham recently visited CSTC graduates in Appleton, Kimberly, Chilton, Kiel and New Holstein. He confers with the CSTC graduate teachers and also with high school girls who are interested in the field of home economics.

Can You Picture That?

Dick Francis, Pointer photographer, has reached the "big time" circuit now and can walk in the footsteps of the great! Last Sunday, a picture he took of the Senior Ball king and queen was published in the Milwaukee Journal and the Milwaukee Sentinel. On Saturday the picture was in the paper.

(See CAN YOU PICTURE, page 4)

Schmeckle to Attend Meeting at Westfield

Fred J. Schmeckle, head of the CSTC conservation department, will be in charge of a meeting of elementary teachers from Marquette county at Westfield tomorrow, December 9. The meeting is being held to introduce the teachers to the pamphlet, "Guide to Conservation Education in Wisconsin Schools," and to show them how they can integrate conservation into their present programs.

Last Saturday, President William C. Hansen, Walter R. Sylvester, Dr. Bernard F. Wievel and Mr. Schmeckle were among the 80 educators to attend the meeting of Wisconsin Valley teachers in the Merrill High school forest. The conservation instructors at Merrill High school demonstrated at the meeting how conservation could be integrated with the various phases of mathematics, English, soil and agriculture courses being offered in high schools.

Mr. Schmeckle, Mr. Sylvester and Dr. Wievel, will attend the eleventh Midwest Wildlife conference at Madison on December 15, 16 and 17.

Two Former V-5's at CSTC Win Navy Wings

Midshipmen Earl D. Dryfoose and Earl J. Eckert, former CSTC students under the V-5, have both received their navy wings and aviators' diplomas according to press releases from the Naval Air Station at Corpus Christi, Texas.

Dryfoose, who received his wings on November 9, is from Springfield, Illinois and attended CSTC in 1946-48. Midshipman Eckert, of Ridgeway, Pennsylvania, received his wings on November 25 and also attended CSTC in 1946-48. Both remained at Stevens Point until entering flight training at Pensacola, Florida. Following this flight training, advanced aviation training was taken at the Naval Air Station, Corpus Christi, in multi-engine aircraft.

Hansen and Gotham Will Attend Minneapolis Meet

President William C. Hansen and Dr. Raymond E. Gotham, director of the Training school, plan to attend a Teacher Education conference to be held tomorrow, December 9, on the campus of the University of Minnesota at Minneapolis.

The conference is sponsored by Dean Peik of the School of Education at Minnesota and will include educators from the Dakotas, Minnesota, Wisconsin, Iowa, Indiana and Nebraska. General problems dealing with education and training of teachers will be discussed.

Pictured here are the royalty of the annual Senior Ball, Walter Peterson, the Senior class president and the Queen of the Ball, Joann Kenney.

Ninety Couples Dance in "A Winter Wonderland" at Fine Senior Ball

The Seniors played host to approximately 90 couples at their annual Senior Ball, Saturday, December 3, at P. J. Jacobs High school gym. An evening of dancing to the fine arrangements of Larry Woodbury and his orchestra was enjoyed by the many who attended.

The guests were greeted upon arrival by the class president Walter Peterson and his queen Joann Ken-

I wish to express my sincere thanks to all those who helped in any way to make our Senior Ball a huge success, especially Jerry La Fleur who spent a great deal of his time to make our ball one to be remembered.

Walter Peterson

ny, President and Mrs. William C. Hansen, Dr. and Mrs. Edgar F. Pierson, Dr. and Mrs. Raymond E. Gotham and Dr. Roland A. Trytten.

A touch of "A Winter Wonderland" was added to the atmosphere by the seasonable decorations. The sidewalls represented snow-drifts underlying a star-studded sky. The stage decorations portrayed a couple silhouetted against a full moon amidst wintry surroundings. The entrance, an archway, was decorated with blue and white streamers. Lighting effects helped to bely the coolness afforded by the decorations.

During the intermission Miss Ken-

ney, in a slipper satin gown, ascended the steps to the throne on the stage and was crowned Queen-of-the-Ball by King Walter Peterson. The couple then led the colorful grand march.

Second in line were Jerry La Fleur, vice-president of the Senior class, and Miss Monica Gill of New London.

Committee chairmen for the ball were: Advertising, Don Bednarek; decorating, Arlene Kromroy and Phyllis Mykleby; tickets, Dick Berndt; checking room, Jerry Quinzel; refreshments, Bernie Alberg; invitations, Esther Berndt.

Tickets for Christmas Concert Out Tomorrow

Tickets for the Christmas concert will go on sale this Friday, according to Peter J. Michelsen. Tickets for the Sunday evening concert, open to the public, may be purchased at Taylor's or Westenberg's drug store. Tickets for students and faculty for the Monday night performance may be obtained near the library entrance from Friday, December 9 to Wednesday, December 14 by presentation of an activity ticket.

Those who attended the band concert last Thursday evening received the popular program enthusiastically.

Bandmasters and band members from Almond, Amherst, Manawa, Adams-Friendship, Plainfield and Hancock were present in the audience.

December 14 Date of Omegas Knitting Bazaar

Wednesday, December 14, is the day designated as the Omega Mu Chi knitting bazaar. This event is an annual affair, the needlecraft being made by the girls of the sorority. Knitted wear and fancy work will go on sale in front of the auditorium at 11 a.m. The Omegas recommend that gift seeking students and faculty visit their bazaar to pick up some appropriate presents for those names on the Christmas list.

Six High Schools Win "A" Drama Ratings

Six of the 14 high schools participating in the regional drama contest held here Saturday, December 3, received "A" ratings. They were: Oconto Falls, which gave the play, "Echo"; Kewaunee, "Why I am a Bachelor"; La Crosse Aquinas, "The Romancers"; Mosinee, "Balcony Scene"; Shawno, "The Valiant"; and Pittsville, "Finders Keepers."

Miss Pauline Isaacson of the college speech department was judge. Leland M. Burroughs and members of Alpha Psi Omega, dramatic fraternity, planned arrangements for the contest.

The winning schools will present their plays during the state drama contest at the Bascom Theater in Madison on Saturday, December 10. Play participants, their coaches and the judge, numbering 75, were guests at a luncheon served at Nelson Hall Saturday noon.

At the request of Mr. Burroughs, copies of the December 1 Pointer were given to the high school boys and girls who were here for the contest.

Christmas Sale Today

The Home Economics Christmas sale is being held today from nine until four o'clock. Stop by the auditorium on the second floor to see the displays of knitted wear, fancy work and Christmas candies.

Each girl in the club contributes at least one article to the sale. The Club advisers, Miss Bessie May Allen, Miss Helen Meston and Miss Emily Wilson also contribute one article each.

The money taken in at the sale is used for such things as sending delegates to conventions, buying articles for the Home Economics cottage, various club expenses and state and national dues.

Published weekly except holidays and examination periods, at Stevens Point by students of the Central Wisconsin State Teachers College. Subscription Price \$3.00 per year. Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

Lewis.

Men's Dormitory On Order

A source of satisfaction to those concerned with the welfare of CSTC is the announcement that architectural plans for an extensive building program in the state colleges have been approved. The plans include a men's dormitory for CSTC.

The tentative site for the new building is on the campus where the tennis courts are now located across from St. Michael's hospital. Architectural plans call for a three floor, fireproof brick building housing about 90 men. It is hoped that construction will begin in the spring of 1950.

For those students who have faced the difficult housing situation in the past two or three years the announcement should come as an undisputed blessing even though they will not enjoy the benefits of the modern dormitory.

It has long been felt that such a building was needed, not only to alleviate the housing situation, but to serve as a focal point for student gatherings and social events.

In the past a sense of camaraderie has been lacking among male groups and organizations because of the limited facilities available on the campus. The new dormitory, with ample space, should be instrumental in bringing about a more closely knit student body.

The only regret that old-timers among the student body have is that they probably will not be around to inaugurate "the barracks."

STUDENT ORGANIZATIONS

Radio Workshop

The Workshop Players, heard every Wednesday at 3:15 over WBLP presented an interesting production yesterday. The title of their program was "U.N. Calling You." It was under the direction of Daryl Fonstad with Arlene Kromroy, Maurice, Mead, Dick Kowaleski, Joan Fehrenbach, Wilbur Way, Jean Robertson and Reginald Schacht-schneider.

Next Wednesday the broadcast will be, "Why the Chimes Rang"; and the following week, "The Strangest Gift." These Christmas stories will be of special interest to youngsters. The producers of the show will be glad to have guests at any of the dramatizations. If you are interested in watching a program on the air, drop in at the radio studio.

Wesley

The Wesley Foundation is invited to attend a Christmas concert which will be held at St. Paul's Methodist church at 4:30 p.m. on Sunday, December 11. Following the concert there is to be a Wesley supper.

Included with the good food will be an enjoyable Christmas program. If you can't make it in time for the concert, come to the supper anyway. There is a list to sign on the Wesley bulletin board for those who plan to attend the supper. A Communion service will conclude the evening's program.

YWCA

Reiner Rodenhauer spoke to the YWCA about customs and holidays in his native land, Germany, at a meeting held last Thursday, December 1. He was introduced by Barbara Clark.

Plans were discussed for having a Christmas party on December 15. Ruth Finch and Betty Mehne volunteered to be in charge of collecting and sending clothes to an overseas charity at the business meeting preceding Mr. Rodenhauer's talk.

Social Studies Club

Ronald Jarvis lectured on Alaska and showed colored slides of that territory at the last meeting of the Social Studies club on December 1. Jarvis traveled extensively along the Alaskan coast while working for an airline.

At the business session, the members voted to change the name of the organization from the Social Studies club to the Social Studies club.

The Rev. Orvis Hanson, pastor of Trinity Lutheran church in Stevens

Point will speak on China at the next meeting of the club, December 15. Rev. Hanson spent two years in the Orient as a missionary.

Rural Life Club

Plans for a Christmas party to be held on Thursday, December 15, at 3 p.m. in the rural assembly were made at the last meeting of the Rural Life club.

The following people were appointed to serve on the Christmas party committee: Bernice Fletcher, chairman, Violet Newman, Eleanor Hummel and Ardis Raaths.

The group also discussed and decided to have a candy sale on the week after the end of the semester. The Freshmen are to bring the candy to the sale.

Home Ec Club

The Home Economics club has decided to hold its Christmas party on Saturday, December 17. This, and the annual Province convention, which will be held at the Allerton hotel, in Chicago, were discussed at the last business meeting. Mary Jane Buss and Margaret Jones have been appointed delegates to this convention. A definite date for the convention has not yet been decided upon.

CSTCers Found Telephone Company's "Open House" Tour Well Worth While

A number of CSTC students found the "Open House" held by the Wisconsin Telephone company last Thursday and Friday, December 1 and 2, not only interesting but educational as well.

The telephone company utilized all of its employees as guides and lecturers to accommodate the visiting public. Every phase of the Bell Telephone company in operation was shown from the telephone itself, which contains 433 parts, down to the switch-board and the wiring system.

The tour through the building included the battery room, the underground cable system, the power room, the testing room, the teletype room, the repair desk, the protector panel, the connecting frame, and the switch-board room, where all of the local and long distance calls are handled. The tour itself took almost an hour but was well worth the time.

Words of thanks to the Wisconsin Telephone company for their invitation to attend the tours they offered during the "Open House" days come from the students and faculty at CSTC.

Szymanski Clan Numerous Enough To Have Own Basketball Team

The name Szymanski is as familiar as Hansen around CSTC. Since 1935 seven members of the family have gone to college here. Right now there are two of them, Ray and Wallie, both Seniors in the secondary division.

This famous family of eight boys comes from Marathon where their parents, Mr. and Mrs. Anton Szymanski, have a 160 acre farm. Now there is just one of the boys at home, Anton, who is the only one that hasn't attended CSTC.

Stanley was the first to come here in 1933. He was a night school student in the intermediate division and at present is teaching at Stratford.

Joe Taught at Restbrook. Joe came here in 1934. After graduation he taught at Restbrook, until the war, when he entered the

in Africa and Italy. Now he is clerk at the postoffice in Marathon.

Edwin Now Coaching

Edwin started here in 1940, in the intermediate division. During the

RAY SZYMANSKI

war he was a pharmacist's mate in the navy. Now he is coaching at Marathon.

Wallie graduated from high school in 1943, and then entered the navy. He will graduate from CSTC this year with a math major and a physical education minor.

Raymond, the youngest of the family, graduated from high school in 1943. He also joined the navy as a fireman and spent one and a half years in service, part of which was at Guam. He began college here in 1945, and will graduate this year with a math major and physical education minor.

Have Own Basketball Team After the boys came home from the war they formed their famous "Wee Willies" basketball team. The first year the team was composed of the eight brothers and one "outsider". Now they have three extras. This is their fourth year of playing. They have played in several city leagues, and in the Wisconsin-Michigan league. Last year they were featured in a write-up by the Milwaukee Sentinel.

(See SZYMANSKI'S, page 4)

Mrs. Kohler Pays Tribute to Three of Faculty in WSGA Speech

Mrs. Herbert V. Kohler, guest speaker at the recent WSGA banquet, paid tribute to three members of the college faculty in her talk, "The Story of Wisconsin Women." Mrs. Kohler mentioned Miss Bessie May Allen, Miss Gertrude Hanson and Miss May Roach as outstanding in their special fields of work.

Her book, having the same title as her talk, contains this paragraph giving recognition to the three faculty members mentioned.

"A special department for the training of teachers in home economics or household arts was established at the Stevens Point Teachers' College in 1913. Bessie Allen, mentioned earlier in this chapter, was selected to head this department. She has held this position until the present time with conspicuous success, and has made a contribution of permanent influence in this field of education. May Roach of Stevens Point has done work of lasting benefit in the field of rural education, and Gertrude Hanson has done pioneer work in the development of good radio listening."

Banquet at Church The banquet, given by the Women's Self Governing association on November 30 for college women students and faculty, was held at the Presbyterian church.

U-shaped tables seated 80 guests. Clever decorations consisting of miniature figures representing women in Mrs. Kohler's book were made by Hildegard Kuse.

Roberta Henderson acted as toast-mistress and introduced the speaker, Mrs. Kohler, and the soloists, Joan Fehrenbach and Grace Peterson. Joyce Kruger, president of WSGA,

welcomed the guests.

Corsages were presented by the association to Mrs. Kohler and to Mrs. Elizabeth Pfiffner and Miss Miriam Moser, advisers. Mary Douville was general chairman for the banquet.

AROUND THE CIRCUIT

Whitewater

The cafeteria is being re-decorated and modernized. A soda fountain and free juke box will be added. The cafeteria is open from 7 a.m. to 6 p.m. during the school week. During these hours the students can purchase anything from an ice cream cone to a complete meal.

Eau Claire

The Spectator, official college newspaper, is going to run classified ads as a personal service to the students and faculty. "For sale, will trade, wanted to buy" are all phrases which will appear shortly in the advertising section.

Platteville

One of the gayest social events to be staged before the holidays is the annual Mardi Gras. A complete floor show will rival last year's "Floradora Girls."

La Crosse

Orchesis, La Crosse State's modern dance group, will present Dickens' "Christmas Carol" in dance form today and Friday.

"Trial by Jury," the Gilbert and Sullivan opera, will be presented by the College Opera Workshop of Milwaukee State Teachers college on January 13.

(See THE CIRCUIT, page 4)

Can't Stop To Concentrate

Compliments to the Senior class on their fine dance last Saturday night. This will probably go down in the annals of the year, notwithstanding the fact that the sky began to fall down about 11 p.m. when the scotch tape gave away.

Christmas parties and term papers come at about the same time of year. Too bad credits aren't given for all the parties participated in at this time!

If you plan to skip a class keep this story in mind. A student decided he would call his instructor to tell him that he couldn't be present. He did it in this way:

Joe College: Hello. Joe College is unable to come to class today. He is ill.

Instructor: Thank you. Who is this speaking?

Joe College: My room mate.

John Kowaleski tells this story of an experience he had with one of his students at the Training school. A boy walked up to him and said, "I heard that Frankie Laine was looking for you." John's ears picked up and he smiled. The boy continued, "Yeah, he needs another jackass for his 'Mule Train'."

The Russian National Anthem is said to be "Don't Cry, Joe."

Jean Crosby, a graduate of CSTC, and Bob Stange, of Waupaca, were married November 23. Jean is teaching at Horicon and Bob is a graduate student in law at the university.

Apparently one youngster in the audience at the band concert the other evening didn't approve of Mr. Michelsen's use of chimes. One selection was played using the chimes of the organ. A few numbers later, Mr. Michelsen announced that the band would imitate a chimes effect as part of the suite. A disgusted, youthful voice came from the audience, "What, again!" A moment of silence was followed by an uproar.

This credo for teachers was published in a recent issue of the Indiana Teacher magazine.

1. Thou shalt have interests outside thy classroom.
2. Thou shalt not attempt to make graven images of thy students, for lo they are not stone, but flesh, and heir to the wriggles and whisperings thereof.
3. Thou shalt not cry out in a loud voice unto them, for the voice of wrath is alien to the spirit of learning, and thy students will respect thee not if thou callest their names in vain.
4. Remember thy week ends and thy vacations, for in times of stress the thought of them will give thee comfort.
5. Honor thy students and believe in them, for they have great need of thee, whatsoever their action; and verily thou must hold strong to this faith when the spitballs fly unto thee and the unruly grow wild.
6. Thou shalt not kill in any way, even the smallest, the curiosity of a little child, yea tho it seem often the curiosity of a cat and neverending.
7. Thou shalt not suffer any unkindness of thought or action

(See CANT STOP, page 4)

Come One! Come All! WAA Christmas Cheer

The WAA is sponsoring its annual Christmas cheer on Thursday, December 15, in the student lounge.

Refreshments will be served and entertainment provided by college talent. This is an informal affair and everyone is invited to drop in any time between 2:30 and 5 o'clock. Come in and capture the Christmas spirit. Remember the date, December 15.

St. Norbert's Green Knights Challenge Pointers Tonight

The Green Knights of St. Norbert ride into town tonight to oppose the Pointers in a game which promises to be the CSTC's strongest test of the season. Lances fall at 8 o'clock at P. J. Jacobs High school gym. It will be the final non-conference game for the Purple and Gold before they enter league play at White-water on Saturday night.

The DePere roster contains 12 letter men and practically the same squad that the Pointers faced last year. The Purple and Gold's chief nemesis is likely to be Roney Kosnar, whose 313 points last year set a new Norbertine scoring record. At the other forward spot is Don Johnson, a 6-2 flashy ball handler who prepped at East Green Bay High. The pivot duties are managed by Dick Lens, a scrappy ball player who uses his 6-2 to fullest advantage once under the net. The backcourt responsibilities will fall to Jack Conlon and Bill Maronek who are both one inch shy of six feet.

St. Norbert played DePaul university of Chicago last week but came out on the short end of a 73-45 count. However the half-time score was 33 to 24. Since then the Knights have chalked up wins against Mis-

sion House and Oshkosh.

Tonight's game will be Coach Quandt's last chance to test his crew in non-conference competition. It will also give him one last chance to iron out the difficulties which have hampered the team's last three appearances.

The Fifth QUARTER

Reports concerning the strength of various state teacher colleges are coming in and don't be surprised to see DeLong and his River Falls boys repeat for the championship. In addition to Big Nate, Coach Schlagenhaut welcomed back "Benny" Benson and Wally Lindholm. These three men were all-conference last year.

Coach Penwell, down at Milwaukee, seems to have few hardcourt difficulties. Jim Bolz and Ken Lemmer have been scoring like a nickel pin-ball machine.

Guess the only chance a college student has to see a high school basketball game is go to England where they have devalued the pound. The price that is attached to a P. J. Jacobs High school ticket is equivalent to a week of meals plus the expenses of a few dances — and

New Yorkers complain because they can't get seats to "Death of a Salesman" — 60 cents — ach!

Ken Veselak made dark print in the Daily Journal by hitting a 239 game in bowling. That's really spilling the maples — n'est-ce pas?

An interesting account of cross-country running appeared in Sunday's Milwaukee Journal. Beloit's coach Herb Hodges remarked, "It's a man-killer, and there is absolutely no glory connected with it. Every fall I get an odd collection of boys out for cross-country," continued Hodges. "Many are basketball and track stars trying to get in shape. There are always a few who try it because they see no other prospects of winning a letter. A joy to my heart is the rare boy who is interested in cross-country running alone."

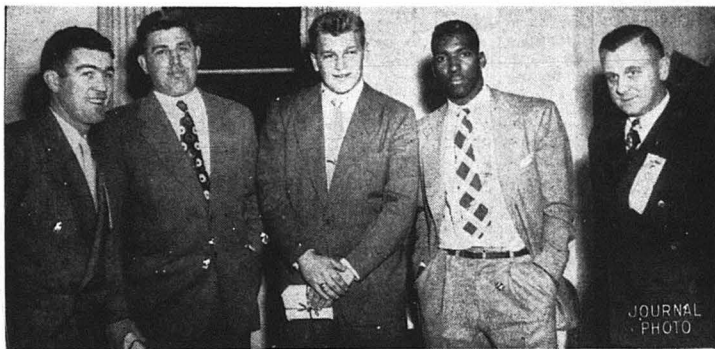

Don Hoerter, guard on the Fond Du Lac College basketball team, is a former CSTC student.

We plan to attend most of the out-of-town basketball games so our coverage on these events will be complete.

NOTICE

All persons wishing to apply for practice teaching for the coming semester should see Dr. Raymond E. Gotham prior to the holidays.

Before practice teaching will be scheduled for anyone, he must obtain a "recommendation for practice teaching" from the director of his division.

The principal figures at the victory banquet given for the championship college and high school football teams at the Legion hall, December 1, are shown here. From left to right are the high school coach John Roberts, U. W. line coach, Milt Bruhn, U. W. football players Harold Otterback and Bob Teague, and CSTC coach, Hale F. Quandt.

Chet Polka One of the Mainstays In Pointers' Defensive "Corset"

One of the mainstays of Coach Quandt's basketball squad is Chet Polka. During his freshman term Chet was the chief point maker for the Purple and Gold, having made 165 points.

Chet received his "basic training" in Mosinee. He made a conspicuous debut on the basketball squad during his freshman year by potting 12 points during an abbreviated stay, and that isn't playing marbles. However, Chet took time out to compete in the state marble tournament in 1942 and he won! State Marble Champion!! Chet followed his marble profession to Cleveland where he represented the midwest in the National Marble tournament. The competition was just a little too tough for Chet and he returned to the Papermill city to resume his basketball career.

When asked what was the biggest thrill he experienced in a basketball game, Chet thought that the 23 points he made against Marathon was about the biggest thrill he ever got. Of course, he got a big bang out of making 14 points in the regional tournament. Bob Mader of Wisconsin Rapids was assigned to guard Chet that night. (Note: At the present Mader is considered the top defensive man for Wisconsin.) After high school Chet spent 18 months in khaki, including a sight-seeing tour of Korea with the 6th Division.

That brings the biography just about up to date. Right now Chet is enrolled in junior college. Later he plans to enter the secondary division

with a geography major and a physical education minor. When asked about hobbies, Chet replied that cameras have always fascinated him and he also enjoys reading sport magazines. However, Chet's talents are not only confined to the hard-court. Last spring he won a letter in track and this fall he participated in the intramural tennis meet. During the summer he played stopstop for the championship St. Peter nine.

Tune-Ins Lose Two Games But Still Lead League

	W	L	Ave.
Tune-In-Ballroom	18	12	780
Dutch's Men's Shop	16	14	792
A K L	16	14	744
Phi Sigs	16	14	727
Brunswick	15	15	735
Campus Cafe	15	15	734
Recreation Restaurant	13	17	732
Chi Delts	14	16	718
Recreation Alleys	13	17	734
Knaudson Stores	13	17	732

The Tune-In Ballroom team dropped two of three games to the Campus Cafe in bowling last week, but still retained their grip on the top rung in the league. Dutch's dropped a pair to AKL and those two teams are tied for runner-up honors along with the Phi Sigs who were taken for a three game series by the Brunswick. Other pairings saw the Recreation Alleys take three from the Chi Delts.

AKL rolled the high team series last week, 2431, followed by Dutch's, 2398, and Campus Cafe, 2337. Dutch's captured high team game

with 881, followed by the Chi Delts, 850, and AKL, 820.

Joe Swan reaped high series honors in the individual department hitting a 577 series. Other high totals were turned in by George Heinz, 545; Ken Veselak, 537; John Mallow, 537; Gil Chick, 518; Frank Schmidler, 507 and Bob Kowalsky, 502.

Ken Veselak cracked out a 234 single to top honors in the individual singles department. Following in order were, Joe Swan, 299 and 218; John Mallow, 216; Bob Stener-son, 206 and Jerry Stenz, 200.

NOTICE

The proposed all-school Christmas party has been cancelled because of lack of time for preparation. The Student Council is investigating the possibility of having one planned and put on the social schedule for next year.

Pointers Defeat Milton Cagers 54-51 for Third Straight Win

The Pointers shifted into high gear Monday night at the P. J. Jacobs High school gym against the Milton Wildcats and then ran out of gas in the second half. The Purple and Gold escaped with a 54-51 decision.

Little was to be desired of the Pointers in the first half as they rang up a 33 to 21 advantage at the half. During the second half the ballerinas danced, the band played, the crowd yelled and the Purple and Gold failed to score. When it rains it pours and Dale Showers, Wildcat guard, hit the hoop from all angles. Final tabulation gave him 19 points. With two minutes remaining, the Miltonians had closed the gap to 50 to 47 but fast buckets by Wagner and Samelstad put the fire out.

Wally Samelstad led the offense with 14 points for the Pointers. Polzin controlled a great majority of the rebounds, especially during that red hot first half. The Milton squad, providing much more finesse than was expected, proved to be a well rounded quintet. Mike Getts and Don Roush, Milton forwards, performed well and of course that man

Showers had the crowd guessing as to when Al Jolson would enter and sing "April — you-know-what."

Pointers Whip Northland For Season's Second Win

The CSTC cage squad racked up its second straight victory last Friday night, downing Northland again, 57-48, in a game played at Ashland.

The Pointers held a lead throughout the ball game, but a late Northland rally brought them within one point of the local quintet. The Pointers then put on the pressure to win going away.

Northland center, Les Howard, took scoring honors for the evening as he tipped in 15 points on six buckets and a trio of charity heaves.

Chet Polka, with 13 tallies, paced the Pointer attack, closely followed by Tex Polzin and Bill Wagner with 12 apiece and Walt Samelstad with 10.

Lund Elected President of Forum, Others Named

Richard Lund was elected president of the Forum at its first general meeting of the school year on Friday, December 2, in the college auditorium. Other officers named were Allen Braem, vice-president and Ralph Roberts, secretary-treasurer. They will replace the outgoing officers, Jerry LaFleur, Ed Fencelon (graduated) and Bernie Alberg.

The Forum is the official organization of the division of secondary education. The meeting, scheduled by LaFleur, was primarily informative with talks by Raymond M. Rightsell, director of the division, and Dr. Harold M. Tolo, assistant director.

The importance of studying the requirements for a Bachelor of Science degree as described in the college catalogue was stressed by Mr. Rightsell. He asked that all Seniors make an appointment with him for a final check of requirements before beginning their last semester. The announcement was made that the junior high division had been dissolved and that hereafter secondary graduates would be permitted to teach in junior high schools.

to enter the door of thy classroom.

8. Thou shalt not steal time from thine own hours of leisure by putting off work so long that it fitteth not its rightful schedule.
9. Thou shalt not bear witness to the ills and sorrows of thy students with a cold heart; verily thou canst not love them all, nor is it commanded, but to understand their problems and to say unto them, "Come, let us work together." That is the law of thy Profession.
10. Thou shalt not covet thy colleagues' classroom, nor his equipment, nor his systems, nor his degree, nor his personality, nor anything that is thy colleague's but work out thine own salvation in fear and trembling.
11. Thou shalt not lose thy sense of humor, for verily without it thou art lost and doomed surely to beat out thy brains upon thy blackboard.

Superior

A new drum and bugle corps has been organized at Superior State this semester. It is composed of musicians who have voluntarily expanded their ROTC drills. Standard dress is the regular uniform with white belts and gloves.

Oshkosh

OSTC students carry insurance from the Students Accident Insurance association. They are protected while attending class on campus and at school-sponsored extra-curricular activities off campus. They may receive benefits up to \$50 for one injury and up to \$150 during the school year. A recent addition to the policy was insurance of twenty-five cents for 24 hours for students on field trips.

CAN YOU PICTURE

(Continued from page 1)

was in the Stevens Point Journal, and now today you're seeing it in the Pointer.

The Milwaukee Journal cut off Walter Peterson, the king of the Senior Ball, and printed only the photo of Joann Kenney, the queen. The Sentinel printed a picture of both in a round frame and gave Dick a credit line. The Stevens Point Journal ran the full length picture, just as Dick took it.

And so it goes in the life of a Pointer photographer. What price, glory!

SZYMANSKI'S

(Continued from page 2)

Wallie and Ray have always "stuck close together" in college and both now room at 111 Matilda street. Their programs are similar and they are both on the Raiders intra-mural basketball team. In summer, when they are not playing basketball, they are at either a game of baseball or softball.

In the past 16 years, the sports-minded Szymanski brothers have carved their niche in CSTC history. Perhaps more will be along in the next generation.
