February Will Be Busy Month for Glee Club

The Men's Glee club has a busy schedule mapped out in the near future. The globe trotters will present their annual Spring Tour on the 15th of February, at the Wausau Junior and Senior High Schools. The next day they travel to Tomah for a morning assembly concert, followed by an afternoon concert at Sparta. February 21 and 22 will see the fellows appearing at home for their annual concert, which always is a popular performance. The Glee club will be assisted at that time by Edward Plank, organist and guest accompanist.

Choral Society to Be Scene of High School Debate Tournament Saturday

The speech department at CSTC, under the direct direction of Leonard M. Burroughs, will host to the sectional debate tournament of the Wisconsin High School Forensic association on Saturday, February 12. The training school districts will compete in this three district tournament. The districts involved are La Crosse, Eau Claire and Stevens point. Three schools are scheduled to carry on at the tournament with the first round starting at 9:45 a.m., the second round at 11 a.m. and the final round at 5 p.m.

The schools eligible for this tournament by virtue of emerging as winners of their own district tournaments, the winning teams of this tournament will advance to state. They are to be held at Madison later in the season. A general meeting will be held prior to the opening round of the tournament with a G. A. Schmidt, debate coach of South High school, taking charge.

A senior member of the choir will be served to the participants at Nelson Hall.

Campus Religious Groups Hold Inter-Faith Party

The campus religious groups are holding their Inter-Faith Valentine's day party in the training school gymnasium tonight at 7:45. The Inter-faith group, composed of Newman Club, Gamma Delta, ISA, Wesley Foundation and YWCA, extends a welcome to all members and friends. The entertainment and program committee have been working overtime to make the party one which you can't afford to miss.

It has been proposed by the group that the program shall be based upon school with the aid of their rocket belts. Those who prefer school without the aid of the rocket belts shall stand on the moving conveyor belt sidewalks. The streets also move and the school must remain. The streets and sidewalks are the little inclined slots that you sit in to watch the street go by. In the plastic school there are fast moving escalators for those that don't have to touch the floor.

EDUCATIONAL FACILITIES

All rooms are bacteria free and the air is loaded with all the necessary vitamins, etc.

Hans Muenzer Symphonic Ensemble Presents Unusually Fine Concert

The Hans Muenzer Symphonic Ensemble presented an unusually fine musical program which ends the endless combinations evident.

In the second part of the concert Hans Muenzer proved himself to be an exquisite soloist as well as concert master. Besides a Concert Polonaise and a liling Victor Herbert waltz, he played the most appealing of all solos for the violin—"Gypsy Airs" by Sarasate.

In the first movement of Beethoven's Symphony no. 5, a prelude to the final, the whole one. Mr. Holand proved himself to be an exquisite soloist as well as concert master. Besides a Concert Polonaise and a liling Victor Herbert waltz, he played the most appealing of all solos for the violin—"Gypsy Airs" by Sarasate.

In the first part of the concert Hans Muenzer proved himself to be an exquisite soloist as well as concert master. Besides a Concert Polonaise and a liling Victor Herbert waltz, he played the most appealing of all solos for the violin—"Gypsy Airs" by Sarasate.

Harry Hemstock is chairman of the show, Mel Carlson, production manager, Ray Barkowski, stage manager, and Louis Jacobsohl, publicity. The financing, ticket-selling and ushering will be handled by Ruben Beilke, Jack Whitney in charge of musical arrangements and will cost the eleven cents, "All Phi Sig" band with Pete Peterson as featured soloist.

The Phi Sig show has been an outstanding event for many seasons and has raised a lot of money for every student and faculty member who wants an evening of real entertainment at an advance sale price.

See The Exchange Issues

One of the more interesting aspects of editorial work comes in browsing through the exchange issues from colleges and high schools in the country. It is something that may give a student editor an idea as to what the contents on the editorial pages are like. However, some are amusing, some are perceptive, and some are just plain amusing. For example:

The next president of the USA will be Thomas E. Dewey, unless dais and polls play-out.

The Echo, Milwaukee

And if you think that's a joke, you can see whether it was a disaster or a cat astrophe.

Our desire to do our school tasks seems as trite as a thaw bygone snow. The new year looks so much sweeter than the snows and yawnings before.

Professor: A man who tries to make the college work in the way of the students.

Beat Stevens Point!

The student Voice, River Falls

All students are welcome to stop in at the Pointer office to browse through the exchange issues. They are found in the manila folders on the left and are placed in order from now and then to see what our sister colleges in the midwest are doing.

How Long Is Fifteen Minutes?' Depends on What You're Doing

How long is 15 minutes? We can start with a week, divide it by seven, then by 2, and again by four. Fifteen is very short. Of course, we can start with one second, multiply it by ten, and again by 15. Fifteen minutes is quite a long time.

Take for example a radio program about 15 minutes long. After the announcer and the music has played, the 15 minutes is up and the radio show is over. However, if the announcer and the music is played again, the 15 minutes is not so short.

Yes, it is said that 15 minutes is a long time.

Waltz

The passing of the horse brought great changes upon the land. The harness shop has been converted into "Ye Gongham Tea-room" where waitresses bridge up to you with all four legs. This would do well to wear blinders, but the horses would be required to use all four legs when hitched up four abreast.

The only place we meet a horse now-a-days is in the forlorn highways, a block of sticks in the adjacent gravel factory. Our fast-flock is now reared above and a few words of yesterday the prefix "ex" was never added to the word.

The horses' lot was not always a happy one. See how the footrings in the story about a family of virtuous neighbors, a horse, and the black-sheep of the family is haul- ing a beer wagon through the alleys of the neighborhood, and when he was hitched up four abreast.

We have a dear friend who has retired after many years of hauling the mobile dairy. He rarely goes out now and just remains at home and muzzles in his feed box. However, the horse will doubtless still provide a subject for an essay, and so it will be - "How long is fifteen minutes?" Depends on what you're doing.

Social Science Club

A meeting of the Social Science Club was held on Tuesday, February 3. After a short business meeting the president introduced the speaker of the evening, Dr. Reuven Margolies, Talmud, of the Intercession, Rev. Lewis. The title of Rev. Lewis' talk was, "The Theological Origins of Political Economies," and it was an inspired discussion period followed by resolutions extending the assis tances made in his talk.

The next meeting of the club will be February 7. The program for that evening will be announced later.

Treasure Cotton

Weary Wharf

In view of the present status of pollsters and related nuisances after having announced the result of a poll taken among the faculty and student body, we hesitate to announce the result of a poll taken among the faculty and student body.

The question was, "Are you in favor of the special Christmas holiday response was rather disappointing to say the least. The great majority of the students interviewed thought that the special Christmas holiday would be of great benefit to the students. Others preferred to remain anonymous and were not willing to discuss our efforts in a few statements.

Pre-stressed students expressed their preference for a New Year under a system of socialized medicine, there is no profession of any vocation professionally. Others pointed out that, after an arduous training of at least six years, a man will spend at most six years of his time at his own rate of speed. The fact that socialized medicine has different applications to different localities was criticized by many.

On the other side of the ledger, some person called attention to the fact that it would be difficult to have people in countries that have adopted the system. Another believed that it would be difficult to draw medical care to a much higher price for the people who need it but can't afford it.

The majority of people who respond, however, were in favor of socialized medicine, but one seemed to agree that it would be a threat to death, taxes, and the Democrats.

University of Oslo Will Hold Summer Classes

The University of Oslo's first announced that it will again hold special summer classes for American students during the summer of 1949.

The student's unions of the Uganda Agriculture, Engineering and Science Association have announced the actual summer sessions of the University of Oslo. The directors are Dr. Harald U. Svedrud, Dean of the Agriculture, Engineering, and Science Association of the University of Oslo; and Dr. Philip Boardman, con sultant, Norwegian-American association, Oslo.

Requirements for admission are as follows: The student must be of good academic standing, seriousness of applicant's purpose, qualification, likely to make the stu dent both a credit to the United States abroad, good health and geographical distribution of applicants. An applicant must have completed his sophomore year by the time the class begins.

The University of Oslo guarantees that the students will be given assistance both of its courses and it is one of the European schools which have been approved by the Veterans Administration for military training.

Familiar Faces

Among the leading personalities on our campus is Margaret Guth, a blonde from Eager River, Wisconsin, who is at present preparing for her Guths began calling her Margaret at a very early age and she has been known to the likes of only the most formal occasions in favor of the "shorter" Marne.

Doris Sierden, a very busy, and has 311 like, and attractive, and successful, Marne re- ceives very few criticisms. Living in a section of Wisconsin, she has a vast population of large fish, and she has been known to pursue of these elusive creatures. Not only this year, you may find some romance too.

Weather or Not

We agree with me - "We think that it begins in the gloaming."" We also appreciate seeing that glass-like surf gives a little with the wind rather than our giving the breeze to make dangerous contact with the shiny surface! Could that be it?

The Social Science Club met on February 10, 1949.
Pointers Avenge Earlier Defeat
By Beating St. Norberts, 56-49

In a game that for a while looked as if it might result in a complete whitewash of the Green Knights, the Pointers gained revenge for an earlier defeat by a 36-49 score last Wednesday night at the high school gym. This time, the Pointers were far out in front as the first period ended. They gained three field goals, while holding their opponents to none, and added 10 free throws to pile up a 36-18 lead by the end of the period. During the first few minutes of the second stanza it appeared that if the Pointers were to maintain their first half performance as they increased their lead, an easy victory would be the point, however, the St. Norberts' quintet came to life and started throwing them in from all angles. As the gap began to narrow the Quintet went into a kamikaze that kept the Green Knights from possession of the ball and possible victory.

Guard Ronnie Kosmick of the De Pere squad was the evening's top scorer and added nine points on eight baskets and three field goals. Pointer center, Gene Fick, received his light night as he collected 16 points for second place honors. Tommy Curry added four. 

Referee Archie Morrow called technical fouls on Green Knights John Lenox and for what he termed a "tke" in the proceedings. 

CSTC Collegiates Beat Triple City Team 54-46

The CSTC Collegiates rolled to another win last Wednesday night as they trounced the visitors from the Badger Amateur League, 54-46, in a preliminary game to the Central Wisconsin State Conference featuring P.J. Jacobs High school gym. 

The Collegiates held a 28-17 halftime edge and never surrendered the lead. Lowell Loberg, Triple City forward, captured the honors of the evening as he caged 11 field goals and a brace of gift tomes for a total of 25 points. The scoring for the Collegiates was evenly divided with every player accounting for at least one field goal.

Pointers Invade Eau Claire Tonight, Stout on Friday

After a week's rest from conference play, activity will again become the keyword for the Pointers as they take the road to play three games, one at Eau Claire tonight and one at Stout Institute tomorrow.

The game with the Bruins tonight will be the first and only meeting of the two clubs this season. Eau Claire is currently in eighth place in conference standings, but this should be taken into consideration due to their strength. Last Saturday night first place River Falls beat the Bruins by only a 79-73 point. Count has had trouble all season when playing on the opponent's floor, whether another factor that must be overcome by the local club to bring home the much needed victory.

The cellar-dwelling team from Stevens Point will be the host to the Pointers tomorrow night when the Quintet will compete for the third position of the conference for the second conference game in as many nights. The low ranking Stout team has won only two games while losing five in conference play so far this season. Stout proved that they have the potential to beat anyone when early last week it pulled the surprise of the conference by toppling the top notch River Falls Falcons an upset defeat. All pre-game reports had had River Falls as the one to beat by the high scoring River Falls aggressiveness, but Stout pulled a "Truman" on them.

The Pointers need these two victories to stay in the running for the top spot in the conference standings and if they can overcome the away-from-home jinx, the Pointers will come home victorious. Everyone here at CSTC is hoping for just such a feat.

Grover-Nauta Still "Out Front" in Bowling League

Team W L Pts

CSTC
4 15 DECS, Publishers

OTHERS

Grover-Nauta 35 16 788
Jim Delts 30 23 862
Roy Antient 29 21 855
Alpha Kappa Lambda 36 4 948
Campus Cafe 39 1 1100
Nighbor Furs 19 2 752

With the College Bowling League well along in the season, Grover-Nauta is slowly forging way out ahead of the pack. They moved five full games ahead of the second place team in the Recreation Alleys. The Phi Sigma moved into a tie with the Chi Delts for second place and is six games out from Campus Cafe while their fraternity wisely_depthen two up to Alpha Kappa $2. In other pairings, Hannon-Bich won two from Alpha Kappa $2 and Nighbor Furs took two from the Brunswic.

NOTICE

There will be a meeting of the second division at 10:05 a.m. Friday, Society 31, in the auditorium. Each member is expected to be present.

R.M. Metzker, Director

Letters Awarded to 48 Football Squad

Wednesday night was award night for 25 members of the CSTC 1948 football squad. During a halftime ceremony at the annual football banquet, the football game the gridiners were played out in sweaters and letters as awards for participation in varsity competition during the season.

Sweaters were awarded to the first year men and letters to those who had already received sweaters in previous years. Letters were awarded to:

Capt. George Emmrich, fullback; Mike Men; Dick Dinlecken, tackle, Racine; Curf from, halfback; Tombi; Jim My Koch, halfback; Little Chute; Charles Hanke, end; Chasliss Aal, halfback; Berndt, tackle; Bill White; and Berendt, all of Wauuss; and Boos Deterfisky, guard, Joe Haidy, end, and Harold Nefting, offensive guard, all from Stevens Point.

Sweaters and jackets were awarded to:

Eugene Fick, tackle, La Crosse; Walt Bruns, observed; Berlin; Charlie Fritts, tackle, back; Spangler; John June, tackle, Marathon; Rudy Kohala, Green Bay; Ken Vonderhul, Antigo; Phil Engle, halfback, Merri- ton; John Hurther, guard; Don Jurgens, guard, Bill Koch, end, and Jerry Scheer, center, all of Wauuss; Tuss Deterfisky; Bob Cox; Alphonse, Olin; and Duane Johnson.

R. Jason Dett, and Jack Thompson, halfback, Pat Love and Bob Dehler, both of Stevens Point.

Dr. Bernard F. Wielofe of the college faculty made the presentations.

The FIFTH QUARTER

River Falls still proves to be the big gun in the Wisconsin State Teachers Conference as they handled the Eau Claire Bruins a 79-73 drubbing to retain the unvanquished hold of the number one spot. Superior fell from second to fourth place last Saturday night, as they lost to La Crosse by a 66-55 count.

In other games played Saturday night, Platteville overcame the Milwaukee Green Gulls in a high scoring match by a 76-72 score. Oakshold clipped Whitewater to the tune of 72-57. Point and Stout were idle in conference play over the week-end.

Only two positions in the conference standings are held by one team. River Falls in the top position and Eau Claire in the eighth spot. River Falls has won six and lost two games in conference play while Eau Claire has won only three and lost five.

In second place are La Crosse and Platteville who have both won five and lost three. Superior share the fourth fourth honors with three losses each. Milwaukee and Oakshold are in sixth with a three and four record while Stout and White water are eighth with only two wins and five defeats.

The Pointers could easily replace or at least tie the top club by the right combination of wins and losses for the two teams. If the Pointers can overcome their losing streak on the road and continue their winning streak at home, the trick would not be at all impossible.

THE NIGHER FUR'S basketball team, composed entirely of students from CSTC, captured the Stevens Point City league championship last Monday night by defeating the Point Bilinear, 46-20. Their record for the season was nine victories and one defeat.

A team trophy and individual medals were presented to them after their final win Monday night. The team is composed of Leonard Jacobs, coach and manager; Charles Langman, captain and high scorer; Warner Christian, Bob Guevel, Bill Burt, Dave Blise, Clarence Navitake, Bill Honnold, Dusine Courell, and Donald Douglas, players.

CSTC was represented at the Marshfield Golden Gloves tournament last week by Harold Fincher, heavy weight, and John Zylka who fought in the 160 pound division.

A former CSTC student, Ken Kuick, 175 pounder, won the championship of his class and was presented with a watch and a baton by the local gym, the Lightest fighter. He won the title in the novice division of his weight class.

Al Bream, a CSTC student, was a co-manager of the Marshfield team which received the team trophy award for the most wins.
