SERIES VI VOL. III

Stevens Point, Wis., March 3, 1949

No. 18

## College Theater to Produce 'Midsummer Night's Dream'

The Shakespearian play, "A Midsummer Night's Dream," will be produced by the College Theater on Wednesday and Thursday, May 4 and 5, in the college auditorium.

The cast is as follows: Theseus, Duke of Athens, Melvyn Carlson; Egeus, father to Hermia, John Steeves; Lysander, in love with Hermia, Bill Joanis; Demetrius, in love with Hermia, Paul Olson; Philostrate, Dick Miller; Quince, John Zylka; Snug, Jim Wazencik; Bottom, Louis Jacoboski; Flute, Wayne Salter; Snout, Claire Mechell; Starveling, Burnett Burch.

Hippolyta, Queen of the Amazons,

Janice Sisley; Hermia, in love with Lysander, Jean Robertson; Helena, in love with Demetrius, Phyllis Kasper; Oberon, king of the fairies, Melvin Berg; Titania, queen of the fairies, Barbara Bea; Puck, Fred Wenzel; First fairy, Bernice Dehlinger.

Other fairies, elves and attendants are yet to be selected.

Rehearsals started last week and will continue until the date of production. "A Midsummer Night's Dream" is under the direction of Leland M. Burroughs, assisted by Janice Sisley, student director.

## 'Romance in Song' Program Will Be Held in Auditorium Tonight

Doraine Renard, soprano, and Ellis Lucas, tenor, will present selections from several popular musical comedies when they appear in the auditorium at 8:15 o'clock tonight.

According to one critic, "They stand without peers in the field of duo presentation of the light opera classics." The title of their program, "Romance in Song," truly fits them, for they are a happily married couple with fine singing experience behind them. Their "costumed cameos" have won them acclaim wherever they have appeared, and their travels have taken them through 23 countries.

### Beautiful Costumes

Besides a fabulous repertoire of songs, Doraine and Ellis have amassed a beautiful collection of costumes befitting the songs which they sing. Costumes by Madame Elsa of New York will accompany such selections as Victor Herbert's "Sweethearts," "Chocolate Soldier" selections, songs from Jerome Kern's

DORAINE

"Showboat" and Kalman's "Play Gypsies." Miss Renard has also arranged "Songs of the Southland" and several Strauss waltzes. She will wear attire by Marge Riley of Hollywood for selections such as "Okla-homa," "Annie Get Your Gun," "Little Gray Home in the West," and the cowboy folk song, "Home on the Range."

Miss Renard was a promising musician from earliest childhood. She completed a five year course in music at Ohio State university and received the highest honors in her class. She trained further with Rubini and the famed New York teacher, Louis Bachner.

Her husband, Mr. Lucas, was the son of a renowned Irish baritone and received his degree from the Cleveland Institute of Music. As a team they had their first real chance when Edward Johnson, manager of the Metropolitan Opera, heard them and arranged a concert. Mr. Lucas was a featured soloist over NBC and CBS networks before joining Miss Renard.

ELLIS

lections as Victor Herbert's "Sweethearts," "Chocolate Soldier" selections, songs from Jerome Kern's

## Intensive Intra-Mural Program Planned for Men after Cage Season

The basketball season may be drawing to a close, but not so the intra-mural program for the college men. George R. Berg, director of the athletic department, has a lot of activities lined up for the men after the cage season has ended.

The week following the season, a free throw tournament will be held in the college gym. The entries will shoot 50 free throws and the eight high men of this round will shoot a 50 shot championship round.

The following week, a basketball golf tournament will be held. The

participants will shoot 18 holes of this sort of golf to determine a winner.

Following this, an independent volleyball league will be organized. All men interested in this league are asked to begin formulating teams and to watch for announcements pertaining to the start of the season.

If enough interest is shown, a bait-casting tournament will be held just prior to the opening of fishing season. All men interested in this type of contest are asked to sign up with Mr. Berg, so as to determine whether or not this contest will be held.

These are some of the activities planned for the near future, so college men are asked to begin planning to participate in these activities.

## 1949 CSTC Mardi Gras to Be Presented on Monday Night

### Presidents Committee Publishes Booklet

A committee of Teachers college presidents has planned and published a booklet, "Your State Teachers Colleges," which presents vital statistics about Wisconsin Teachers colleges and their contribution to the Wisconsin school system.

The data contained in this pamphlet provide the most casual reader with a background against which to consider the proposed college and university merger and the budget hearings to be held in the state legislature on Tuesday, March 8. (For details of the merger the reader is referred to an editorial in the February 17 edition of the Pointer.)

Among the highly significant facts cited in the booklet are: The county having a Teachers college has a very large number of students in the college from that county; from 75-95 per cent of Wisconsin Teachers college graduates teach; the elementary

### Sponsored by College Theater

The big 1949 CSTC Mardi Gras carnival will be staged in the auditorium on Monday evening, March 7. There will be no admission charge for this all-school production organized and sponsored by the College Theater, but a silver collection will be taken at the performance.

The Mardi Gras, usually celebrated on Ash Wednesday eve, has been slightly "bounced around" this year, its date being changed twice before finally "settling down" for good on March 7. Despite the fact that this year's production violated tradition by extending into Lent, it will not be lacking in the "Mardi Gras spirit" and promises to be a gala show with 16 acts.

A preview of the '49 show indicates that the skits will vary greatly. Omega Mu Chi's bevy of beautiful girls will do a humorous merry-go-round extravaganza; Tau Gamma Beta will portray life with "Singood the Sailor" on a deserted isle; the Home Economics club will imitate a trip on the Chattanooga Choo-Choo. There are also humorous dramatic presentations, such as Newman club's tale of a lazy bachelor who marries a wealthy woman, and Rural Life's skit about an ornery pig.

In view of the vast services rendered Wisconsin by its Teachers colleges, the people are urged to support improvements and added funds through their representatives, the legislature and the governor.

A preview of the '49 show indicates that the skits will vary greatly. Omega Mu Chi's bevy of beautiful girls will do a humorous merry-go-round extravaganza; Tau Gamma Beta will portray life with "Singood the Sailor" on a deserted isle; the Home Economics club will imitate a trip on the Chattanooga Choo-Choo. There are also humorous dramatic presentations, such as Newman club's tale of a lazy bachelor who marries a wealthy woman, and Rural Life's skit about an ornery pig.

Next week your Pointer will be a day late. The publication will not be off the presses until Friday morning. The staff will have their session Tuesday night instead of the usual Monday because of the Mardi Gras.

## CSTC Students Given Chance to Earn Credits While Traveling

A "Cook's Tour with college credits," will be one of the highlights of the forthcoming summer session at CSTC. Anyone who is revolutionary enough in his thinking to imagine himself being a member of college classes that will cover 3,500 extremely interesting miles of the United States in three weeks time, and hold classes on the college bus while doing so, is ready to enroll.

This scheduled sojourn through 13 states and the District of Columbia is the culmination of much careful planning and wishful thinking on the part of two instructors at CSTC. For several years, Dr. Warren G. Jenkins of the history department and Robert S. Lewis of the geography department have had the desire to accompany a bus-load of students on a long journey through the historic and geographic highlights of the southeast and teach about that section at first hand. With the cooperation of the curriculum committee and the bus committee, that desire is about to be realized.

### Route Well Chosen

The two instructors have spent a great amount of time in deciding the

proposed route of the trip so that both history and geography majors will get equal and maximum benefit from the trip. An exact time schedule had to be drawn up so that hotel reservations could be made in advance to insure the roving students of a place to lay their weary heads after a day of study and sight-seeing. The cost of the trip had to be ascertained to a fair degree of certainty so that students would know if they could afford it. Of course, the trip sounds so interesting that one can't very well afford not to go.

These exacting chores, as well as many minor ones, have been solved by Dr. Jenkins and Mr. Lewis in their spare time during the past year and the following plan for a combined vacation and study trip has been evolved.

### Two Courses Offered

Two three-hour courses on the two-hundred level, one in history and one in geography, will be taught in this very unique part of the summer session. The numbers and the exact nature of these courses have not been decided as yet, but the two instructors hasten to say that the courses will be applicable towards a

(See STUDENTS, page 4)

## Training School Class Visits Pointer Office

What's the pyramid system? My brother works on the High school paper. What do the composition editors do? These were typical questions and statements offered when the 5th grade of the Training school visited the Pointer office last Thursday. They were accompanied by Miss Doris Ubbelohde, supervisor, and Geraldine Roberts, student teacher.

George Whitney, ex-editor, explained the mechanics of college newspaper work in considerable detail. The youngsters showed marked interest in the proceedings, especially in the construction of the dummy model.

The class explained to George that they were putting out a publication of their own called the "Pointer-ette." The co-editors of the embryo news-sheet were present at the meeting. They received many new ideas which they intend to incorporate into their journalistic venture.

Other campus organizations and groups that will participate in the carnival include Phi Sigma Epsilon, Chi Delta Rho, Alpha Kappa Lambda, Sigma Zeta, Alpha Kappa Rho, S Club, Iris and Pointer, LSA, Library, Nelson Hall and Glee club. All in all, this year's Mardi Gras promises to be tops. Tempting hula dancers, torchy singers and corn-cob smoking hillbillies will be there to entertain all with music, drama, and comedy.

The success of the Mardi Gras show depends, for the most part, upon the groups that have indicated that they will perform, and from the long list of participants, it is easy

(See MARDI GRAS, page 3)

## CSTC's Band Leaving Today for Concerts

The CSTC band is leaving this noon on a band trip that will include three concerts. They will play this evening at Beaver Dam and at 10 a. m. Friday, will present a concert at Brandon. During Friday afternoon they will play at Westfield, returning home early in the evening.

## Want to Know What Movie To See? Look in the Library

Nelis R. Kampenga, librarian, would like to acquaint students and faculty with several pamphlets and periodicals which may be found in the library. Among the publications one may find material for classroom activity or material which could be considered strictly extra-curricular.

"New Movies," a National Board of Review magazine, gives a comprehensive treatise on current movies. In addition, a short resume of recent and near-recent releases is given. Reference to a magazine of this nature will help the movie fan to choose his pictures. This is a monthly publication.

"Consumer Reports," is an interesting periodical. In it can be found all the information or so called "low down" on every common commodity consumed in the home. What kind of vacuum sweeper shall we buy?

This periodical will give very authoritative suggestions. It is a monthly magazine accompanied by an annual edition. All the information given is listed on a non-profit and non-commercial basis.

"Zeal for Democracy," in pamphlet form, is put out by the Office of Education. It tries to instruct teachers on how to detect anti-democratic forces at work.

"In Fact," also in pamphlet form, gives antidotes for falsehood in the daily press. The material seems to be of college freshman level.

If students are unable to find the new editions in the racks of the reading room, they should inquire of the members of the library staff. Faculty members and students as well will find the material to be a real help in meeting the problems they are confronted with daily.

Published weekly except holidays and examination periods, at Stevens Point by students of the Central Wisconsin State Teachers College. Subscription Price \$5.00 per year.  
Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the Act of March 3, 1879.

## EDITORIAL STAFF

Editor-in-chief—Art Witalison, 1012 Normal, Phone 1274-W; News editor—Janice Seley; Assistant News editor—Gretchen Holstein; Composition editor—Fred L. Leike; Assistant Composition editor—Ray Venn and David Van Hecke; Sports Editor—Elroy Götter; Assistant Sports editor—Joe Bonner; Features—Mary Simers, Bernice Albert, Phyl Kasper, Fred L. Leike, Lucy Chappell; Reporters—Isabelle Stelmahoske, David Van Hecke, Clarence Kluck, Charles Reeves, Jean Zahner, William Wozniak, Jean Robertson, Ray Venn, Len Meshak; Proofreaders—Marjorie Beaver, Harriet Hennig, Jeanette Holm, Irene Beaver, Marjorie Lawrie; Typists—Jean Zahner, Muriel Neeshot, Lola Van Ornum, Marion Stegman, Barbara Wells; Photographer—Ted Dowd.

## BUSINESS STAFF

Business manager—Allen Braem; 811 Clark, Phone 389; Assistant manager—Ed Pliska; Advertising manager—June Ignasiak; Ads—Gordon Hoheness, Circulation manager—Earl Cotter; Circulation staff—Barbara Higgins, Elaine Ruffing, Dolores Plante, Dorothy Thompson, Carol Radtsch; Editorial adviser—Miss Bertha Glennon; Business adviser—Robert S. Lewis.

## Our Candidate - - Dr. Doudna

Most of us are aware that Dr. Quincy Doudna, Dean of Administration at Central State Teachers college, is a candidate for the office of State Superintendent of Public Instruction. Most of us probably are unaware of the academic preparation and the wide range of varied experience upon which Dr. Doudna is basing his bid for office.

Dr. Doudna is a graduate of Poyntne High school. In 1927 he received a B. A. degree from Carroll College. He was granted an M. A. degree in school administration from the University of Wisconsin. Later he studied rural education and sociology at Cornell. Last year he received a Ph.D. from the state university upon completing his graduate work and his thesis on "Financing Wisconsin Schools."

In addition to being a member of a family of educators, Doudna has been connected with state education for many years. He began his career as a high school teacher at Antigo and since then has been principal of the Richland Center and Door-Kewaunee Normal schools in summer sessions. He came to CSTC in 1945 and since then has become a dominating figure on the campus.

Dr. Doudna's program is based on good schools staffed with qualified teachers for all children, community school districts locally controlled, reorganization of school districts and increased state aid to efficiently operating districts.

To his associates, Doudna's ability and foresight are unquestioned. We know numerous teachers and laymen who came in contact with him at one of his former posts. It is their universal opinion that his progressive philosophy in regard to state education is an unconditional recommendation for such an important position in Wisconsin. Perhaps we can echo the Stevens Point Daily Journal in saying that Dr. Doudna is sincere in his convictions and would give forceful leadership to the office of state superintendent.

## STUDENT ORGANIZATIONS

## Chi Delta Rho

Greenhorns accepted and undergoing the big shakedown cruise as prospective members of the Chi Delta Rho fraternity are Larry Eagleburger, Ed Pliska, Wilmar Cox, Lloyd Peterson, Jerry Jelinek, John Luhm, Wilbur Nimz, Jerry Scheel, Ed Furstenberg, Bob Morgan, Norb Ley, Don Hendrick, Alex Aschenbrenner, Don Eckelberg and Harry Howland.

The first pledge party was held last Wednesday at Selck's Burr Oak Inn. President George Whitney called a temporary halt to the antics of the card sharks and then spoke briefly to the prospective pledges. Norman E. Knutzen, faculty adviser, also addressed the group. Percy Voight followed with a brief history of the organization.

The pledge dinner was held Sunday evening at the same establishment. The 15 pledges are now in the throes of agony over their ordeal, but it is expected that all will survive.

## LSA

The Lutheran Student association met on Thursday, February 24, at the Trinity Lutheran church.

The program included a talk given by Art Witalison on "The Doctrine of the Horizon." A film entitled "The Life of Paul," was also shown, and it was accompanied by a talk by Dr. Rohand Trytten, faculty adviser.

At the next meeting there will be election of officers. Watch the bulletin board for time and place.

## Alpha Kappa Rho

The home of Peter J. Michelsen was the meeting place of Alpha Kappa Rho, honorary music fraternity, February 21. A business meeting was conducted and plans for the Mardi Gras were discussed. New pledges were considered and a Pointer representative was appointed by President Fred Brewer. Miss Helen Heel, music supervisor at the Training school, is to conduct the social program for the next meeting.

## Radio Workshop

The Radio Workshop introduces you to another week of broadcasting this afternoon with an excellent comedy-fantasy radio play entitled

## "The Odyssey of Runyon Jones."

On Friday at the daily broadcast time of 3:15, the Radio Workshop presents the "Music Album," featuring the Southernaires. Daryl Fonstad arranges the program and Maurice Mead is the controls operator.

One of our student organizations, the Wesley Foundation, will present a special program on Monday when they are guests on the "Our College" program. Ed Pliska will give the CSTC news summary; Wally Voigt is the announcer.

The children have their day in Radio Workshop on Tuesday when (See ORGANIZATIONS, page 4)

Familiar  
= Faces =

Hi, there; You've got a date! We see you going over to the Campus Cafe or the Eat Shop at least once a day for a coke or a cup of coffee and we've decided to arrange for the conversation of your "coffee club" this morning. Just bring your nickel and a pocketful of chuckles and a few

ANNE HUNTZICKER

smiles. We'll furnish the sugar and cream... it's all arranged, then.

We had better make a few introductions now so that our coffee won't

OVER  
A COKE

We had one week's grace — we knew our fortune wouldn't continue! Please, don't presume we are prejudiced against the psychological (?) drives of emotions, but our complaint lies in the deluge of weddings, engagements, etc., that made up the column for several weeks in succession. A few a week we don't mind as the race must go on!

Marilyn McCabe, former student, was married to John Gregor, of Stevens Point, at Columbus, Ohio, February 22. The newlyweds will reside at Columbus where Mr. Gregor is an air controller at the naval base.

The engagement of Jean Neale to Fred Stassel was recently announced. Both are of Stevens Point. Jean, formerly of CSTC, is a Senior at the U. and Fred will be graduated from CSTC in June.

## What reminiscing will do—

Four faculty members drifted into a conversation at the recent "Inter-sorority dance" — as faculty members will do — and discovered that all concerned were in the same class at the University of Wisconsin in about the middle '30's. Robert S. Lewis knew the then-to-be Mrs. Lewis at the time, but neither realized that Gilbert W. Faust and Dr. Raymond E. Gotham were among their illustrious classmates. "It's a small world" is here applicable.

An instructor who comes into class late is rare; in fact he's in a class by himself.

## Of what significance?

Mrs. Lois Van Leeuwen, speech correctionist of the city school system, said, in a talk given to the Seniors, that the well known adage, "Women are wiser than men," was given proof positive by the fact that girl babies begin to speak at 14 months, followed by the boy babies who utter their first "intelligible" at 15 months.

## Da boid's on da wing!

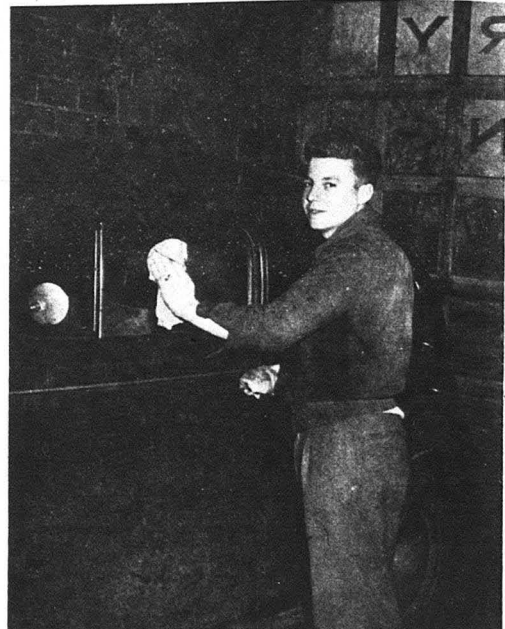

We have a front seat in the rural assembly for a class meeting twice a week. Of what consequence? The seat is in front of the "bird cage." One morning while gazing at the stuffed, winged harbingers of spring, — (in reality gazing at nothing), the sound of twittering became evident. Was the mind of this attentive student failing? The birds were becoming animated! Or was it the termites in the woodwork? The "noise" hopped into view on the window ledge in answer to the above. Was worried for a few moments!

get cold while we go through the formalities. Your guest is a quiet person — well-I-I, not exactly, but she speaks quickly. She doesn't really laugh either, but if you take several of those chuckles you have in your pocket and tie the ends together — that's it!

What will you talk about? That should be easy, she has a number of special interests. We're certain you will have at least one interest in common — that's yourself. Other interests are knitting, playing cards and good music. You might put a couple of nickels in the juke box and play one number by Fred Waring and another by Bing Crosby. Fred Waring plays her favorite musical arrangements, but the only interest in Bing is that he happens to have the same birthday. May second.

Does she have a boy friend? We should say so, and they make a very attractive couple. They're just like sugar 'n' cream. (A pun about "spoon-feeding" is now in order.) You will see the fortunate young man when he leaves his studies at the University to escort her to the Junior Prom this spring. (P.S. — They're engaged — but we were shy about inquiring as to her use of Ponds.)

If she should be a few minutes late it's probably because of her fifth (See FAMILIAR FACES, page 3)

The Pointer photographer waited for thirty minutes to get a picture of Gordon Krautkramer putting gas into a vehicle at Greg's Service Station where he is a part-time employee. Business was slow that morning, so he had to settle for this pose of Gordie wiping an accumulation of road grime from the window of a customer's auto. He is one of a host of CSTC students doing outside work.

Several CSTC Students Hold  
Down Various Part Time Jobs

Part time jobs are definitely in vogue here at CSTC. A very high percentage of the men and many of the women students spend a part of their precious time making enough money to carry them through the school year. Students from all divisions and classes are represented in the group which works in an unbelievable variety of jobs.

Of the students working, the majority say that working while going to school is a help rather than a hindrance as long as the work doesn't interfere with studying. When they work, they say, it's necessary to budget their time and thus they hold it more precious.

## Many Work Downtown

The downtown district furnishes a goodly number of jobs. A typical example of a student working in the downtown district is Tony Isherwood. Tony is a Senior in the secondary division here at school. He is employed as a clerk at Shippy's clothing store where he has worked weekends since the beginning of the present school year.

Another typical position is in a drug store. Wilbur Nimz spends his spare moments during the school day and week-ends working at Gwidt's drug store. Wilbur is a Freshman in junior college and has worked at Gwidt's since the first semester started.

In various parts of Stevens Point a number of students work in grocery stores. Len Meshak, who is a Sophomore in junior college, is one of these. Len has been working at the Triangle store for nearly four years. He does general clerking work in his odd moments during school days and all day Saturday.

## Some "Fill 'em Up"

The service station is a source of income for many of the men in school. Gordon Krautkramer, working at Greg's Service Station, greases cars, "fills 'em up" with gas and oil as do others in similar positions. Gordon is a Sophomore and has been working for Greg since October.

The Bell Telephone company has proved to be of help in the furthering of the education of Rita Peabody. She has been working as a local telephone "occasional" operator for eight months.

The City Recreation department has given some CSTC students a

chance to work. These students supervise basketball at various schools throughout the city. Wilbur Gierl, who is now a Junior, spends his Saturdays supervising basketball at Emerson school. On Thursday and Fridays he referees basketball games at other places. Duane Cunnell takes over the Training school basketball supervision on Saturday, while on Thursday and Friday he referees basketball at St. Stephen's. Duane, whose wife, Wanda, also attends CSTC, is a Senior in the secondary division.

## Feigley Works for City

While on the subject of married men, among those who are working while attending school are those living in the CSTC trailer camp. Bernard Feigley has a job with the City Water Department working an eight hour shift on Saturday and Monday running the pumping station in the sewage plant. He has been working since November when he replaced Frank Wozniak, another student here.

Frank, married with two children, now does hauling with his pick-up truck for Kroger's and for whoever else needs him.

Roland Sacho works behind the wheel of a school bus driving to and from the local high school.

John Steeves washes milk bottles on Sundays at Fisher's Dairy. John is a Senior in the secondary division and also boasts two children. He has been working at Fisher's since the first part of October.

Nelson Hall offers a number of positions for both boys and girls. The receptionist's position is an important part of Nelson Hall. Margaret Guth, a Senior, tops the list of receptionists whose functions include answering the telephone, greeting visitors and giving out general information. Marne has been a receptionist for three years, the longest of any of the present receptionists.

## Maintenance Man

Among the boys employed at Nelson Hall is Jerry Scheel, a Freshman in the Junior college, who works daily and week-ends as a maintenance man.

Many students are employed in the school itself. In the biology department

(See PART TIME, page 4)

## Whitewater Quakers Defeat Pointers by Narrow 56-55

The Central State Pointers failed to withstand a last period rally staged by the Whitewater Quakers as they lost a thrilling 56-55 contest at Whitewater Saturday night. It was the fifth straight loss for the Pointers on the road as the Quandmen failed to win a game on a foreign court during the entire season.

The loss of Ludwig and Fick via the five foul route toward the end of the last period made it virtually impossible for the Quandmen to take a rebound. With but 25 seconds to play, the Pointers led by one point but were unable to maintain that lead when the Quakers grabbed a rebound, raced down the floor and went out in front by one point as they made the basket. The local team failed to tie the score when they were given a free throw chance in the last 10 seconds of the contest.

Wagner led the CSTC'ers with 16

points and was followed by Polka with 12 and Ludwig with nine marks. Schlatter led the foe's attack with 17 points to take the scoring honors for the evening.

Scoring:			
CSTC (55)	FG	FT	PF
Curry, f	2	2	5
Ludwig, f	4	1	5
Wagner, f	6	4	2
Polzin, f	1	3	2
Fick, c	1	0	5
Flugaur, g	0	0	1
Hartman, g	1	3	1
Polka, g	5	2	3
Totals	20	15	22
Whitewater (56)	FG	FT	PF
Kallies, f	2	2	1
Schlatter, f	8	1	2
Callum, f	1	3	2
Kimball, f	2	0	2
Pautz, c	3	3	4
Keenig, g	0	2	1
Melinae, g	0	2	2
Colletti, g	2	2	5
Totals	22	12	20

## Pointers Stop Last Minute Rally by Titans; Win 59-54

The Pointers turned back a desperate last minute rally by the Oshkosh Titans Monday night to win their last home game of the season in a fast and furious contest. The final score stood at 59 to 54.

The game got off to a slow start with the Oshkosh quintet holding a small lead in the first few minutes only to fall far behind as the Pointers opened up and shot their way to a 21-28 half-time lead. The Titans weren't even close to the red hot CSTC squad for the balance of the contest until they caught fire with about five minutes left to play and closed the gap to two points before the Pointers went into a stall that gave them the game.

It was somewhat of a personal contest between Wagner of Point and Ritchie of Oshkosh as the two tall forwards put on a brilliant scoring and rebounding exhibition. Ritchie

led the scoring with 22 points on nine field goals and four free throws to edge out Wagner with 21 points on eight baskets and four free throws. The Oshkosh ace was ejected from the game in the closing minutes after a slight altercation with Pointer forward, Bill Ludwig, who was also thumbed to the bench by officials Morrow and Lanphere.

The box score:			
Point (59)	FG	FT	PF
Curry, f	2	0	5
Ludwig, f	2	0	4
Polzin, f	1	4	3
Wagner, f	8	5	2

### MARDI GRAS

(Continued from page 1)

to see that the show will go over big. Much advance work has been done by College Theater members and advisers who have been planning the show for many weeks, especially John Zyka, production manager; Don Vetter and Ray Bartkowiak, in charge of staging and lighting; Leland M. Burroughs, Dr. Bernard F. Wiesel, and James R. Hicks of the faculty. After looking over this list of producers and directors and the array of talent on hand, who could miss the Mardi Gras carnival?

## Nigbor Furs Still in Favorite Cellar Spot

College Bowling League Standings

Team	W	L	Ave.
Grover-Nauta	44	16	796
Phi Sigs	35	25	791
Alpha Kappa Lambda 21	33	27	768
Chi Deltas	33	27	804
Brunswick	31	29	695
Recreation Alleys	31	29	782
Hannon-Bach	24	36	743
Campus Cafe	24	36	715
Alpha Kappa Lambda 22	23	37	702
Nigbor Furs	22	38	742

Grover-Nauta moved into a nine game lead in the College Bowling League as they swept a series from the Chi Deltas. Second place Phi Sigs dropped one of their contests to last place Nigbor Furs, but still remained in second place.

Other pairings saw AKL #1 take two from their fraternity brothers; Campus Cafe won two from Hannon-Bach and Recreation Alleys won two from Brunswick.

The Phi Sigs captured team honors of the afternoon, cracking out a 2521 series and an 873 single game. Grover-Nauta took second place titles by bowling a 2509 series and 871 single game. The Recreation Alley keggers with a 2415 series, and AKL #2 with an 848 single, shared third place honors.

Heinz tipped the high series of 574 while other high series were topped by Reed, 572; Johnson, 569; Turzanski, 559; Brewer, 549; Formella, 544; Bartkowiak, 541; Carlson, 538; Promen, 525; Reis, 520; Alderton, 519; Cole, 518; Lanigan, 509; Minton, 502; and Buttkie, 502.

Reed, with a 238 single game, was the high man in that department. Other high games were rolled by Brewer, 224; Heinz, 216; Wege, 211; Johnson, 210; Promen, 209; Bartkowiak, 209; Formella, 206; and Carlson, 201.

## Pointers Will Play Blue Devils on Saturday Night

The Pointers will be out once again Saturday night to win their first on-the-road conference game of the season. The Blue Devils of Stout Institute will offer the competition for the Pointers' last game of the 1948-49 season. It was Stout that raised the hopes of the La Crosse Indians several weeks ago by downing River Falls and thus providing a mathematical chance for the Indians to take the Teacher's conference championship. It was Stout again last week that took this chance away from La Crosse by downing the Indians and taking with them any possible chance that La Crosse had for the championship.

So the Pointers will really have to be on their toes to down their cross-state foes. The Blue Devils started out very slowly, but have really made

progress as can be seen by their victories over River Falls and La Crosse. It will not be a push-over, but it is hoped that the Pointers will take their final game and break that away-from-home jinx that has plagued the Quandmen all season.

**PLYMOUTH**  
WEATHER-READY  
Superbly styled...and even  
more quality than you see

The moment you see a Plymouth you know it has masterful up-to-the-minute styling. You know that the fabrics are the finest. As a bonus of extra quality Plymouth has "hidden assets" of rarely seen seamanship... making Plymouth your very best buy in a quality weather-ready coat.

### FAMILIAR FACES

(Continued from page 2)

grade Training school class. That takes a lot of her coffee time. She is a member of Radio Workshop also, and her latest position of responsibility is that of president of the WSGA.

You know someone like that? Why of course you do! She is Anne Huntzicker, a Junior from Greenwood, Wisconsin, and the reason we thought you would enjoy sharing a cup of coffee this morning is that she believes the outstanding characteristic of CSTC college students is their congeniality.

Beloit defeated River Falls 75-67 in a bitterly contested game at P. J. Jacobs High school Tuesday night. The question of who would represent Wisconsin at the National Association of Intercollegiate Basketball tournament hinged on the outcome of this game. The Beloit team will soon depart for Kansas City, the scene of the tournament.

Notice to all participating organizations: Final dress rehearsal for the Mardi Gras show will be held in the auditorium on Friday evening at 7 o'clock.

## STUDENTS

(Continued from page 1)

degree and will also be transferable. Students enrolled in these courses will attend classes at the college for the first two weeks of the summer session. As soon as a good background has been acquired by the students in the two subjects they will be ready to start on the trip and get the most benefit out of it.

Bright and early Friday morning, June 24, Dr. Jenkins and Mr. Lewis will lead what they hope will be a maximum load of 25 students into the college bus and let the driver, Harold (Humphrey) Neitzel put the gears in motion for the proposed trip. The back of the bus will be equipped with a reference library as far further aid to the students; and a public address system will be installed for the purpose of delivering lectures to the students while driving from one stop to the other.

## Will Visit Several States

Thus, the familiar "Pointer" will begin a journey to spots where only "Greyhounds" have been seen before. With Wisconsin behind them, the members of this "large, economy size" field-trip will wend their way through Illinois, Indiana, Kentucky, Tennessee, Mississippi, Georgia, North Carolina, Virginia, Maryland, Pennsylvania, West Virginia, Ohio and the District of Columbia.

In Kentucky, there will be special trips to Mammoth Cave and to Abraham Lincoln's birthplace at Hodgenville. In Tennessee visits will be made to Nashville, Andrew Jackson's home, known as the Hermitage, to Knoxville, the Aluminum company of America at Alcoa and to Wilson dam, center of the TVA.

There will be a trip to famous Cumberland Gap and the Fourth of July week-end will be spent in the Great Smoky mountains.

A tour will be conducted through the Camel cigarette plant at Winston-Salem, North Carolina and similar stops will be made at Richmond and Williamsburg, Virginia. The more hardy members of the tour will be given a chance to enjoy swimming in the Atlantic ocean at Virginia Beach near Norfolk.

## Washington to be Visited

Two days will be spent in Washington, D. C., with side trips to Mount Vernon and the Arlington National cemetery. Then, it will be on to Philadelphia, Pennsylvania and a special visit to Independence Hall.

On the return journey the group will stop at Pittsburgh, the center of the steel industry in the United States. Further on, in Ohio, they will visit the Goodyear Tire and Rubber company at Akron. Indiana and Illinois will be visited again and on Saturday, July 16, the veteran travelers of a 22-day trip will be welcomed back at CSTC.

Many other stops, too numerous to mention here, will provide continual interest and relaxation for the group. On several occasions, evening classes will be held, with guest lecturers presiding. At Knoxville, Tennessee, Dr. Loyal Durand, Jr. will provide a lecture on the geography of east Tennessee; Dr. Russell Whittaker, of the George Peabody college, Nashville, will disclose the highlights of the historical geography of that state. The department of geology and geography at the College of William and Mary, Williamsburg, Virginia, will provide a lecturer on the geographic formations relative to the vicinity of the former colonial capital.

## Cost Isn't Bad

By this time everyone is probably interested in the cost of this three weeks of mobile paradise. The exact cost has not been ascertained as yet; but, according to Mr. Lewis, the trip should cost in the neighborhood of between \$125 and \$150. That price includes summer school entrance and activity fees, transportation, guide fees, hotel reservations and traveling insurance. Meals and other personal expenses are extra.

Those who are interested in taking the trip this summer will be wise if they contact Mr. Lewis immediately and make reservations, as the 25 person limit has been narrowed

down considerably already. As of last Monday, 17 persons, a great majority of them teachers, had made reservations.

It is necessary to make a deposit of \$25 at the time the reservation is made. In case a student decides later not to go he must forfeit the deposit unless he can find some person who is willing to make the trip in his place.

## ORGANIZATIONS

(Continued from page 2)

Marne Guth will narrate a story whose title alone will bring an eager light on their faces. The story — "Eagle 'Joke and Indian Pete'" by Joy Williams.

Students and faculty express their views on the latest national and international developments on Wednesday when they gather at the Radio Workshop "Round Table" with George Gynn, who moderates the discussion.

## Newman Club

President Jerry La Fleur and his staff took over their respective offices at a meeting of Newman club held in the K. of C. hall, Thursday, February 24.

The club was honored to have Frederick A. Kremple of the college faculty as guest speaker of the evening. Mr. Kremple, historian, gave a very interesting talk on the Catholic attitude toward labor and capital as expressed in the papal encyclicals of Pope Leo XIII.

"Franklin Makes Good" is the name of the skit that the club members have been working very intensively on for the Mardi Gras.

Father Chilicik, of St. Stanislaus parish, gave a brief address at the close of the meeting.

Guest at the next meeting will be Sister Mary Cherubim, principal of St. Joseph's academy, who will show movies and speak on the "Miracle of Fatima."

## Gamma Delta

New officers were installed and six new members were received into Gamma Delta on Thursday night, February 24, in the church parlors of St. Paul's Lutheran church.

Plans for the spring convention were discussed and the names of the various committees appointed are now posted on the bulletin board.

Pastor W. F. Ludwig conducted an interesting discussion on "Inter-marriages."

## Omega Mu Chi

Rushing season was started by the Omega Mu Chi sorority Friday evening, February 25, at the home of Mrs. Charles Cashin, sorority patroness, with a party carrying out a plantation theme. In keeping with the theme of the party, the guests were greeted by sorority members dressed as negroes. Each rushee was presented a jonquil as a favor. A negro mammy made of crepe paper was the center-piece of the coffee table at which Marne Guth, president, poured. After welcoming the guests, Marne introduced Dolores Jelinek, an alumna, who gave a talk on sorority life. Games depicting plantation life were played.

Guests besides rushees were Miss Harriet Wright, adviser, Mrs. Palmer Taylor, Mrs. Earl Kidder and Mrs. Cashin, patronesses, and Mrs. Albert Harris and Mrs. Leland Burroughs, honorary members.

Mary Ellen Gmeiner was general chairman of the party. She was assisted by the following committees: Invitations, Joyce Kruger, chairman, Jacqueline Hall and Mary Schade-wald; decorations, Ruth Finch, chairman, Marjorie Finch and Joann Kenney; transportation, Margaret Hull, chairman, Ruth Finch and Mary Ellen Gmeiner; food, Marilyn Bobbe, chairman, Esther Berndt, Marion Hummel and Mary Schade-wald; and entertainment, Julie Dean, chairman, Jacqueline Hall, Mary La Marche and Andrea Olson.

The next social event on the Omega schedule is the pledging party on Sunday evening.

## Tau Gamma Beta

Music by a circus band, side shows and other appropriate symbols of a circus "being in town" describes the setting for the Tau Gam rushing party held at the home of Mrs. Randolph Frazee, an alumna, on Sunday afternoon, February 27.

Guests were greeted at the door by actives who presented them with tiny favors of pink cotton candy (non-edible variety).

Entertainment was provided by actives and rushees who gingerly tripped the light fantastic as tight rope walkers, imitated animals and became artists drawing their impressions of clowns with their eyes closed.

A speech of welcome was given by the president, Loretta Fenelon and other talks were given by Mrs. Gilbert Faust, sorority patroness, and Mrs. Frazee.

Refreshments were in keeping with the theme and consisted of "hot dogs," soda pop and ice cream.

Lenore Arnette officiated at the "balloon inflation table" and a colored balloon was given each rushee as she left the party.

## Phi Sigma Epsilon

Last Sunday evening Phi Sigma Epsilon held its second rushing party in the lodge chambers of the Wing Club. At that time seven prospective members had a final look at freedom which will be slightly modified during the three grueling weeks of pledging that lie ahead.

Officially pledging began at noon on Monday when the seven received their preliminary indoctrination. Those pledging are Bob Bestul, Jim Dalnodar, Don Guzman, Clarence

Karier, Howard Kumbier, Norris Lindquist and Bob Petranek.

## PART TIME

(Continued from page 2)

partment, Joann Kenney, a biology major, spends much of her time preparing cultures for the bacteriology class, washing dishes, and keeping the place clean.

Radio hasn't escaped the clutches of students either. John Kowaleski, and Daryl Fonstad give part of their time as announcers over station WTWT.

Behind the college counter, Dick Green keeps the students supplied with their school needs.

## Restaurants Claim Many

Then, of course, there is that age-old job always associated with colleges. That is in connection with the nearby eating establishments. Both the College Eat Shop and the Campus Cafe have furnished a source of income for students. Among the students working at the Campus Cafe is Carol Mews, a Junior in the secondary division. Last semester Carol worked on the Student Co-op, a feature of the Campus Cafe. This semester she is working exclusively at the fountain. She says working is fine because she meets so many interesting people.

At the College Eat Shop, the roster of student help is headed by Hildegarde Kuse, who has worked as a waitress there for three years. Jerry Moede holds down the busboy job at the Eat Shop and Keith Schoff is one of the many sandwich makers there.
