CSTC Sponsoring Radio Program
As Part in Fire Prevention Week

The week of October 9-15 is being observed as Fire Prevention Week. This year Fire Prevention week is more urgent than ever, due to increasing realization of the danger to human life and property that fire represents. It is estimated that about 90% of the fires in homes, hospitals, schools, and other public places are made by careless smoking.

It is doing its utmost for Fire Prevention week by sponsoring a radio program, through the auspices of the Madison and Milwaukee area.

Principal announcements have been made in previous Pointers about the 1949 Homecoming program of events on October 28-29-30. We are especially interested in hearing as many alumni return for this occasion as possible this year, when you return, you will be participating in the reorganization of the CSTC Alumni Association.

A business meeting of the association will be held in the college auditorium on Saturday, October 19, at 12 noon. At this time, the proposed program and budget will be presented for approval. This is a vital step in organizing a strong and active organization. The acceptance of this constitution means much work ahead for every member who loyally supports it.

Immediately following the business meeting, the alumni luncheon will be held at Nelson Hall at 12:30. The alumni association has reserved a game in a group where we shall have a few minutes for refreshments.

To Meet at WEA Center. On November 3, we shall again gather at the WEA Center at the Hotel during the WEA convention in Madison.

Letters are being sent to alumni this week. If you have not received your letter within a day or two after receiving the Pointer, will you kindly

Mr. Sylvester Observes
Annual Hawk Migration

Walter R. Sylvester journeyed to Colmar Grove, Wisconsin, Sunday, October 9, on a field trip sponsored by the natural science committee of the Wisconsin Society of Ornithology (4th annual). The trip was made for the purpose of watching the migration of hawks.

Colmar Grove, which is located on the shores of Lake Michigan, has recently been made into a hawk sanctuary, in one of the few areas in the United States where prevailing winds allow the muskett and other hawks to fly close to the ground.

Mr. Sylvester stated that hawks migrate to the South in the fall and to the North in the spring. He also stated that all varieties are now protected by law and that hawks are not considered a menace when they are located in the few places which is hoped will answer this question.

The members of the field trip, approximately 100 people, mostly teachers, and 500 acres of woods, are considered to be an excellent area of birds. The hawks were on the ground in large numbers as was expected when they are located in the few places which is hoped will answer this question.

The members of the field trip, approximately 100 people, mostly teachers, and 500 acres of woods, are considered to be an excellent area of birds. The hawks were on the ground in large numbers as was expected when they are located in the few places which is hoped will answer this question.
What Does it Mean to Me?

(Editor's note: Zymoegg Prudelki, a freshman student at CSTC, who two years ago came over from Poland to live here in America, and still more recently from London where she studied English. Instructor. Knowing that she thinks it is a real appreciation of America, this is the story of her experiences.)

The word "Democracy" comes from Greek and it means, in literal translation, the rule of the people.

It means democracy much more than those few dry words. It means the freedom of an individual to criticize his government: The president, the senators, the congressmen. It also means the freedom of the society to abolish by peaceful means, such as elections, the kind of government which does not work for the good of its people.

This is the kind of Democracy which Democracy means a lot to me. And that is the freedom it gives to the individual to practice his religion and also the equal privileges it gives to people of different faiths and different social standings.

But there is the most important thing: It means Democracy to me. And I believe that everybody will come to agree that everybody will come to agree that I will have to go to a prison without any apparent reason at all. It's the assurance that I will have a fair trial by jury in imprisonment. It's the feeling that I'm innocent till I am proved guilty, and not the other way around.

Democracy means to me the freedom to express my opinion freely and independently and as such to do the things I want to do. It does not limit the happiness of others and does not endanger the welfare of my family.

Democracy means so many more things to me that I had better stop right here and try to tell all of it in one single sentence. Democracy means, the government for the people, and not the people for the government.

STUDENT ORGANIZATIONS

Wesley Foundation

A candle-light service has been planned for Wesley Foundation which meets tonight at St. Paul's Methodist Church. Following the service, the president of the organization will be given.

We will be held Saturday morning. Anyone who wanted to donate something to the sale may bring it to the church at any time.

WAA

A "get-together" party for all women students begun the activities of this organization. Carol Radichell, president, welcomed all the women who attended the first meeting and extended an invitation to all others to join the organization.

An initiation party for all new members was held at the second meeting, and several new students participated in the various stunts to provide the group with entertainment.

Dolores Jones, volleyball sports-reporter for the school, is beginning her weekly coming volleyball season. Teams have been selected and the girls will practice the game weekly. The regular tournament will be under way in a few weeks.

Gamma Delta

"Evolution of the Community" will be the subject of a discussion by Dr. E. E. Doudna, president of the Delta meeting tonight. The meeting, to be held in the Rec. room at night, is followed by refreshments. All students are cordially invited to attend.

YWCA

Beverly Tilton was elected to fill the vacancy of vice-president at the YWCA meeting on Thursday night.

It was decided that the Freshman initiation on Sunday, October 16, will be held at 7:30 p.m. and Harold Hennig will make plans for refreshments.

Miss Miriam Moser and three delegates are planning to attend a convention in Illinois which is to be held October 8.

The annual Sadie Hawkins dance will be held to November 11 as previously scheduled.

The Y-Dub girls are also planning a Homecoming float.

To conclude the meeting Harold Hennig told the Freshman girls of the activities and purpose of the YWCA on the campus.

Can't Stop to Concentrate

Since there has been popular call for the one-copper toll-units by anyone who cared enough to express an opinion — it shall continue.

Walking down the corridors during this past class election week has been so fatiguing that some students could hardly crawl to the polls to vote. It's a great deal for one, "aiming" for another, have been told to stand for a Frosh candidate,... testing the best... and, in general, being besieged by pep talks. It's so difficult to decide whether or not to "aim" enough to make the "X" in the right place.

Mr. Faust appeared quite crest... falsification of the opinion poll... looking for miniature Schnauzer named Austria, apparently took no liking to him when they met last week in the Pointe office.

A college student eating in an eating-to-town restaurant this last week noticed a misprint on the menu. It said: "Fog Mignon........ $1.50."

He wondered if that meant expensive horsemeat! There was also a note of the announcement about the water—he's the only one we can get.

In a third floor classroom of CSTC, while the class was laughing "tornado-like," last Monday, a wind blow out and crashed to the floor. The professor didn't even appear to notice the "tornado"; while the glass and the nerves of all nearby...

After listening to some of the amazing answers given by students in each class, Dean Stein once gave a note that particularly bright person seemed absent, "Please be noticed that I wasn't lost but couldn't think of it," said the Dean.

Several men were noticed in the back rooms at the Tau Gatt tea hav- ing their share of cakes and punch, while the students led a thorough goodbye.

AMERICAN ADVERTISING SUPPRESSED

Bite-sized, but Hard to Swallow

As we were planning to Ashland they had a very bit of the face with one of the most factious members of the American Board. From it the likeness of a famous personality was found. They had that we should buy the advertised product. This extremest geniuses didn't say much in so many words, but his tinted testimonial could have told better at the beginning, 
heard of trying to buy this product if I get to it. This is an intelligence of the American public. It had been a long time, when people purchased merchandise solely by the looks of it, and the eyes were not away into a monosyllabic rut by the components of commercial bally-

No Catch Phrases

In those antiquated days, advertisements proclaimed in modes and typa, "Buy Tappington's Pils. They were no catch phrases, no bottom-corner coupons, no half-boards and no box tops to save. But that before the Tom Twain and the ready-to-eats cereals (completely with built in dice bombers) had made a mere appearance on the American scene.

That day has passed. Today little children in all parts of the world, unless Tom Mix's horse whinies at the sound of a dollar, parents will let their clothing fall to the ground than have it washed by any soap sold in a drug store; they are for the daytime radio melodrama and come home dazing three color display color canvas.

Such is a sign of the rapidly changing time. The number of new commodities flooding the market and competition on the upswing, we find manufacturers constantly trying through all sorts of gimmicks and testimonies to bludgeon the public into submission.

Superior Yellowjackets Are Foes for Dad's Night Game

After a two week absence, action will return to Goochel Field Saturday night when the Pointers ready their PBT for the Superior Yellowjackets. In addition to seeking revenge for last year's 26-7 defeat, the Pointers will be driven by the fathers. Their evening's entertainment has been designated Dad's Night.

Coach Mark Dean will roll into town with a well-balanced outfit sparked by an all-conference half back, Don Moselle. The only blot on the Pointers' record was a 26-19 defeat to LaCrosse. A strong aerial barrage can be expected from the Yellowjackets. This was evident in the LaCrosse game when Superior completed 16 out of 19 passes good for 199 yards.

Tune-In Keepers Retain Lead; Phi Sigs Second

Team | W | L | T | Ave
---|---|---|---|---
Tune-In Ballroom | 6 | 1 | 0 | 1975
Dutch's Men's Shop | 5 | 1 | 0 | 1922
Bennett Arms | 4 | 2 | 0 | 1922
Hunters Restaurant | 4 | 2 | 0 | 1922
Krauth's Stores | 6 | 1 | 0 | 724
Ali's | 5 | 1 | 0 | 719
Campus Cafe | 5 | 1 | 0 | 684

The Tune-In Ballroom team maintained their lead in the College Bowling League after three weeks of bowling. The Phi Sigs remain within striking distance only two games behind.

The league leaders racked up the top four scores for the season, cracking out a 2512 series with a high game of 235. Dutch's Men's Shop took second honors in both departments on a 2571 series and 858 single game. Campus Cafe took third honors in the team series with a total of 2243. Recreation Restaurant third place in team singles with a 793 game.

Superior Yellowjackets Are Foes for Dad's Night Game

Over in the Pointer camp, the Purple and Gold are preparing for their toughest assignment of the year. An extra burden was heaped upon the boys when the rumored out-twit with Eau Claire had to be played on Monday. This gave Coach Hale F. Quinn little time to prepare for Saturday's tussle with Superior.

CSTC Harriers to Race LaCrosse Team Saturday

Coach Frank W. Crow's cross-country team will meet their first competition of the season on Saturday afternoon, October 15, at 2:30 o'clock when they meet the LaCrosse harriers here at Stevens Point.

The LaCrosse team is expected to provide some very stiff competition for the local squad. They met Augsburg college earlier in the season and are an experienced group.

Chester Polka, Ed Havitz, Robert Gilbert, Clifford Green, Don Olson, Dick Simonson, Norris Lindquist and Wilbur Cies as likely starters for the Pointers. They will traverse the three mile course which will begin and end on Fremont street, just north of Highway 66.

Points Defeated by Eau Claire

Brinks in Hotly Contested Game

CSTC's hopes of staying in the conference championship race were dealt a severe blow at Eau Claire Monday night, when the Brinks ripped the Pointers 14-13. It was the first loss of the season for the Quandtnmen, and then, only by virtue of that all-important extra point. Trailling 14-0 at the halftime, the Pointers had rallied to score two touchdowns in the third quarter and come within that lone point of tying the game.

Nothing went right the first half as Eau Claire bruised its way to two touchdowns over the sluggish Pointers. Perkins, Eau Claire's veteran halfback, paved the way in leading the spirited Bruins, with Washburn, an end, contributing to the attack. Central State's offense was pretty much a failure, neither the ground or passing troops gaining much.

The third quarter was quite another story as the Pointers roared back with two touchdowns. The first came on a sustained drive after the halftime kick-off with Jimmy Kuhn counting on a 12 yard twist into the end zone. Kuhn's conversion made it 16-0. Not long afterward Walt Samelstad fumbled back and threw a long pass to Kuhn which Ken sper- ealed beyond the goal line. That brought the score to 14-13.

There was some speculation as to whether Kuhn's kick was deflected or not, but at any rate, it sailed wide and the Pointers still trudged into the final quarter. Once more CSTC penetrated Eau Claire territory after Dehlinger recovered a fumble, but the Pointers bugged down on the Bruin 30 yard stripe with less than a foot to go. This was the final scoring thrust as Eau Claire stiffened to hold its lead, and they clung to it as the game ended 14-13.

Oakhorn to Be Scene Of October Conference

The Association for a new state unit of the Organization for Student Teaching will be the subject of a conference at Oakhorn Teachers College on October 22, according to Dr. Raymond E. Zylka, president.

This association, a national organization of those who train teachers, has state units in many of the states surrounding Wisconsin; however, Wisconsin has no such organization. Dr. Glenn Eye of the University of Wisconsin is a state representative on the national board.

At a meeting last January 10, it was decided to form a state unit in Wisconsin. Dr. Gotham was elected chairman to organize the first meeting on October 22. Dr. Margaret Lindsay of Indiana State College at Terre Haute will be the main speaker. There will also be a panel of representatives from local arts colleges, state teachers colleges, the University of Wisconsin, and county normals present at the conference.

The organization of this association will be of great benefit to student teachers since there is no other group with which concerns itself with teacher training in Wisconsin.

Training School Loses Speech Correctionist

Mrs. Lois Van Leuven, speech correctionist at the city public schools, resigned from the school, leaving her position to accompany her husband to New Orleans where he will take part in the formation of a new Hardware Mutual insurance office.

Mrs. Van Leuven has worked with clinical services for children with speech impediments. She has also tested all candidates applying for teacher's training and has met with success in correcting speech correction in regard to their teaching.

Mrs. Gretchen Phair, head of the speech correction department of public instruction, has been contacted regarding a replacement for this vacancy.

Can't Stop

(Continued from page 3)

under an outside window waiting for a crumb to fall.

Looks like Dan Cupid doesn't fare so well in this rainy weather . . . there are no plannings or engagements to report.

Another election note: Watch for the developments in the Homecoming Queen campaign. Who is going to be the lucky girl to be escorted by the president of CSST?

One morning last week, as Miss Mason drove into the school parking lot, the horn on her car stuck. Hearing the long blast, Victor Okey, school carpenter, came rushing to the rescue. Said he, hopefully, "My, I thought it was a wedding — some of the teachers getting married, maybe!"

And according to a major manufacturer of cigarette lighters: "If you need-a-light — you need a Johnson!" It makes us wonder how we've gotten along on matches all these years. Which all goes to say, as someone once said; "You can feel some of the people some of the time but you can't fool all of the people all of the time." We wondered.
