Mr. Taylor will Speak At AKL Venison Dinner

M. N. Taylor, executive director of "Trees for Tomorrow," will be the principal speaker at the annual venison dinner held by Alpha Kap-pa Lambda Saturday, December 9, at 6:30 p.m. in Nelson Hall. Because of a conservation conference which is being held here in Stevens Point this weekend, there will be several other notables in the conservation department present at the dinner.

Following the main speaker, one of two new films recently purchased

by the conservation department here at CSTC will be shown. Either "The Strand Grows" and "The Strand Breaks" from the Web of Life series or "Sunrise Serenade" will be pre-sented.

Music for the evening's entertainment will be provided by Bill Cook who will sing several baritone solos accompanied by Frank Wesley.

Friday is the official opening of "Operation Weekend," the Student Council's effort to help keep students here week-ends, and provided there isn't unseasonably cold weather, an ice skating party will be held Friday night at the rink next to P. J. Jacobs High school. Besides the skaters, spectators are invited to watch or act as "grandstand" judges of the figure eights and races. After the skating The Campus Cafe will be the scene of a Big Thaw, provided by hot soup and chili. An added attraction will be a performance by CSTC's Latvian student, Gundaris Pone, who already has the reputation of being an expert violinist. Another of Central State's accomplished musicians, Frank Wesley, will accompany him.

On Saturday night, the Training School gym will be the scene of the Student Council's "Sweater Ball." Very danceable music will be furnished by an orchestra made up of some

Pres. Hansen Realizes Wish

In his first address to the students of CSTC, upon arriving here in December of 1940, President William C. Hansen expressed the hope that he would "have the good fortune to remain here longer than the former presidents have." The four years preceding Mr. Hansen's arrival at CSTC had seen a rapid turnover in presidents, four having come and gone in that period. Last week Mr. Hansen ealized his wish of 10 years ago, through the observance of his tenth anniversary as CSTC's, president.

In this same address to the student body, President Hansen stressed the importance of doing our best today, and the inadvisability of "putting things off" until tomorrow. In his 10 years of service here, Mr. Hansen has been an ardent disciple of this policy and through his untiring efforts has done much to further the interests of this, his own, alma mater.

Despite the ever increasing pressure of administrative duties, Mr. Hansen has never been too busy to give valuable time to any student who feels the need of help or advice. No CSTC student need feel hesitant about seeking advice from President Hansen.

Few college presidents are as quick to support and endorse school activities as is President Hansen. He has made it his policy to appear, whenever possible, at most college functions despite the press of his present duties.

We would like to congratulate President Hansen on his tenth anniversary of service to CSTC. May our college continue to prosper for the next decade under his able management. In his first address to the students of CSTC, upon arriving here in ember of 1940, President William C. Hansen expressed the hope that

Secondary Seniors Have Chance to Teach School

Each year, a group of seniors in the Secondary division are given a chance to conduct classes at the P. J. Jacobs High school. The main purpose of this program is to give the students an opportunity to prove themselves under actual teaching conditions and incidentally serve as advertising for the college. Faculty advisers from the college as well as the High school supervise and give assistance to the students.

For this semester the student teachers at P. J. Jacobs and the subjects they are teaching are: Conservation, Richard Lund and Donald Sargent; Richard Lund and Donald Sargent; physical education, Wilbur Cox and William Koch; Freshman science, Norvin Holm, Royal Kott and Ray-mond Venn; chemistry, Maurice Meade and Edward Furstenburg; geography, Rudolph Horn; biology, Muriel Neerhoof and Mary Schade-wald. Squad Ready

Squad Ready
To cope with the "boys from the
banks of the Fox," Coach Hale
Quandt will have a ready squad.
"Honus" Wagner and Chet Polka
have indicated they are in fine scoring form. The Purple and Gold
mentor's biggest headache is in his
squad's excessive fouling. The referee pointed an accusing finger at
the Pointers 57 times during their
two games with Northland and
Houghton. This game also will be

FIFTH QUARTER

One of Coach Quandt's biggest problems in shaping up his squad is to find a reliable starting combination. Just about all 12 varsity players are rather evenly matched. So hence the problem of finding and shaping five reliable starters.

From the reports we heard, the whistle blowers at Northland were a little trigger happy.

Tommy Curry, who learned his tricks under Coach Quandt is still making heavy print in the newspapers. The La Crosse Register calls Tommy "one of the finest college halfbacks in the nation." Curry averaged a first down every time the football was handed his way, aver-aging 10.1 yards per try.

this year. Being one of the few un-defeated, untied elevens in the na-tion, they have accepted an invitation to oppose Valparaiso University in the Cigar Bowl and have also receiv-ed feelers from the Dairy and Corn Bowls.

We feel that La Crosse will make a great showing in a post season game and will show people just how tough the Teachers College Confer-

Whitewater would be another team that could well represent the conference in a bowl game. The Quakers played a fine brand of football this season and also wound up as an undefeated and untied team.

Other teachers college quints are finding their non-coference foes a tough crop to beat. La Crosse dropped a 60-59 thriller to Dubuque, last Saturday, and River Falls absorbed a 55-39 drubbing at the hands of Austhur. Augsburg.

Basketball Highlights

Intramural basketball started off the 1950-51 season with a bang last week by playing a 12 game schedule. After the shooting was over several teams boasted outstanding offensive scores combined with good defensive scores combined with good defensive records. However, picking a potential champion at this very early stage of the season would be hard to do.

The foul line again hurt the Pointers, but not quite as bad. The CSTC quintet was accused of 25 infractions during the contest and Tech potted 21 of their gift throws.

Two men, Don Cotta and Ken Seaton, accounted for 43 of the vicr's points, the former caging 18 and the latter 25. Bill Wagner again paced the Stevens Point attack, this time with 18 points on six baskets and an equal number of free throws. Close behind him came Chet Polka with 15 tallies on five buckets and five free tosses. Saturday.

The free throw line spelled the difference in the Northland game as the Pointers committed 32 personal fouls. Northland dropped 27 of their charity heaves and that spelled' the difference. Coach Hale Quandt's team outscored their opponents from the floor, netting 24 field goals to Northland's 18, but the gift line proved the downfall of the local quintet. quintet
