**“Anything Can Happen” Expresses Feeling of Student Librarians**

Working as a student librarian at CSTC is an interesting and fascinating experience, providing much work, many laughs, and even a touch of excitement now and then. At least that is the opinion of the students who stand behind that long brown desk checking out books, telling other students how much they owe the library as a result of overdue books, and cheerfully complying when a librarian points out the error.

Anita Domanick probably expressed not only her feeling but that of all the librarians when she described her job as a fascinating occupation which always keeps her busy in a place where anything can happen.

Janice Green amplified the "anything can happen" by relating how a hat was once discovered peacefully floating around the stacks, to the consternation of all present. She also good-naturedly remarked that at two minutes before nine, on any night, when all the paraphernalia that the librarians use has been carefully stored away, it is inevitable that someone urgently needs something material. This, of course, makes it necessary for the librarian to unpack and prepare to stay awake.

**Never Bored**

Lavere Collum has been on the library staff three years without ever being bored. It is her belief that no one other than a librarian can know how busy a librarian is. According to Lavere it seems that the library not only has books, but also has... Dr. Gotham's Office

**Gets “Face Lifting”**

As any keen observer will have noticed, Dr. Raymond E. Gotham's office has undergone a "face lifting" during the past few weeks. The floor, formerly of wood flooring, has been replaced with red oak tiling of special design. The new tiles have also been painted. It is anticipated that new office furniture will also be purchased due time, thus making the main office more attractive.

**List Staff Changes For Second Semester Pointer**

The Pointer color publication for the second semester has a few additions. Frank DeGuere, Charles Herken, Patricia Berger and Patricia Gravitter have been added as regular members of the editorial board; and Jane Getlinger and Margaret Thirkell, typists.

The business staff also has several new faces. Gen Moberg has been selected as assistant business manager. New ad men are Douglas Marley, Bill Clayton and Myron Ruffin. Mildred Adelsness, Jean Yeager, Marilyn Collins and Joan Blakeslee will serve in the circulation department.

The complete staff is as follows:

**EDITORIAL STAFF**

Editor-in-chief — Arthur Wita li

News Editor — Janice Dudley

Sports Editor — Paul Boyer

Cartoonist — Paul Stedman

Copy Editor — Fred LaFite

Assistant — Ray Venn, David Van Hecke;

Sports editor — Dick Turkmen

Assistant — Joe Bortz

**BUSINESS STAFF**

Business manager — Ed Pilska

Assistant business manager — Gen Moberg

Advertising manager — Elmer Stereole, Ads — Douglas Harleigh, Paul Stedman

Circulation manager — Jim Wood

Classified ads — Mrs. E. L. Stoddard, Peabody, Elaine Ruffing, Barbara Higgins, Mary Lou French, Mildred Miller, John Balch, Sandra Brubaker, Bonnie Blakeslee, Barbara Yeager, Helen Blakeslee, Patricia McFarland, Patricia Gravitter; Business adviser — Robert S. Lewis.

**Alpha Psi Omega Plans “Years Ago” for May**

“Years Ago,” a costume play of 1940, written by Ruth Gordon, will be presented in the college auditorium sometime during the first week of May. The playwright, Ruth Gordon, has also written “Once Over Twenty-One.” Alpha Psi Omega, the sponsors of the plan, plan to present it at four or five leading high schools in this district.

The first performance held here will be an all-college night. The second performance will be for high schools in this district and for townspeople. Over 450 high school students came in buses last year to see the play “Midsummer Night’s Dream.”

Special tryouts for the play, which is cast of four men and five women, will begin this week. Dr. Gotham, production manager, has begun casting.

The play is released through the Dramatic Play Service of New York.

**Band and Chorus Line Included**

Laughter, suspense, a beautiful piece of music and a choral piece will highlight the annual Phi Sigma Epsilon fraternity on Tuesday evening, March 14, at 8 p.m., in the college auditorium.

The entire show is under the supervision of production-manager Jim Wetline and is under the direction of Jack Whitney. Mel Carlson will direct the Chorus Line for the gala evening. Music has been arranged by Whitney and Bob Benda.

A chorus of beef-tasters will distract the audience from various styles of musical pulsatility in some catchy routines that will make the City Rock Rackets sit up and take notice. Unless the fraternity is bent by serious intrigue, the line will be taken for what it will equal some of those put forth by the Coach Hafe F. Quandt.

Comedy routines will be spaced throughout the show, affording the audience the opportunity of running the gantum from the titter to the belly laugh.

The entire program of the musical show will be presented by the band, which is the finest the Phi Sigs have. Featuring some of the most exciting marches, the band will play every type of music which the dramatic situation demands, including a song written by Ralph Roberts and Bob Benda. The band will perform "Twenty Ages," which will make its debut on this evening.

Both bands and faculty are invited to attend for an evening of fun. A silent auction will take place to help defray expenses.

**History Classes Complete Plans for Chicago Trip**

Frederick A. Krapfl's History 312 and 290 classes have completed the arrangements for a trip to Chicago, April 17, to view the Van Gogh art collection and examples of the art of the modern period. Approximately 17 students have already signed up to make the trip, but summer classes may change this.

On Saturday they will visit the art museum and view the Van Gogh collection. Saturday evening the group will present the opera, “Aida,” to be presented by the San Carlo's company. On Sunday the students will visit the Museum of Natural History.

The trip will be made by private automobile and will cost each student about $25 or $30. Drivers for the party will be Larry Eagleburger, John Roman, Dennis Ronke, Jon Jarchek and Irving Monuch.

The group will return to Stevens Point on Sunday evening. They have made reservations at the Stevens Hotel for their stay in Chicago.

Students who wish to make the trip must sign up before tomorrow. Those who sign up will be made to take the trip, as the arrangement is made on a first-come basis.

A series of round table discussions — eight in all. Each discussion group will be assigned to meet three times. The American history "Masses in the International Field" are the topics of the discussions.

A program Friday evening, Samuel E. Johnson, director of the St. John Ambulance, will give an address, "The World Today" and the group will meet at the Stevens Hotel.

Representatives from colleges and universities of the middle west will be in attendance.

The conference will include a ser\ned exclusively to studies of Japan, China, Germany, Greece, Switzerland and Russia.

Robinson gives the film lecture on Monday, March 14, at 8 p.m. His photograph travels accompanied by lecture material, and the film is one of the most picturesque countries on earth. Robinson has spent 25 years living and working in Foreign fields the past 10 years having been devoted.
What! A Cabaret!!

Much comment has arisen as to whether the new card fare, Canus, will ever attain a permanent degree of prestige or whether it will become passe'. Two of our sister colleges took up the pro and con of the subject, and, I must say, in a very ruddy and rambly way, through 57 different authorities have written treatises on 'scientific' play, luck or skill and a matter of drawing the right cards. But that is neither here nor there.

What we are concerned with is what will happen to the thousands and one accessories to the game if we suspect that some may be appropriated in this manner.

Brother Bill will use the embroidered decks of cards to play poker. Uncle Ed will find that the plastic tray makes a fine ash tray. Sister Sue will use the twelve dollar table with the wobbly legs to display knock- knock jokes. And the table club, we'd, dad may want to polish the old chair one of these days.

Can't Stop To Confront

What's going to happen now that we've had our first taste of the warm spring breezes? Spoise the usual discussion from the thoughts of serious study will take place. What a perennial discussion. Life is a new awakening! Before we were pathetically'id waiting on table; 11. The purpose of these meetings was C S T C students. Girls doing odd jobs such as chairing in restaurant waiters; 17. The purpose of these meetings was for the girls. Many Uses the following:

Much comment is itself as: each: m.c.s.

Can Do It!

Anything from Soup to Nuts

A variety of part time jobs are making it possible for CSTC students. Girls as well as boys are working in the hardware store, on the campus newspaper, and in the field of extra curricular activities. For example there are 20 girls working in the Hardware store, 20 odd jobs and waiting on table; besides these girls are waiting on table in various restaurants in the city.

Fifteen college girls are working for room and board, 10 are working in the cafeteria, 12 are working in the hardware store, 2 are employed by the city phone office and there are 20 girls employed in various places engaged in each of the following occupations: Technical automotive, bookkeeper at the Lyric theater, beautician in a local beauty parlor, clerk in the city office. There are also 39 girls doing odd jobs such as baby sitting for the like. This brings the total number of girls students who are doing part time work.

The girls outline themselves as far as the number that are working in common jobs in 10 we find that 90% of the girls are engaged in part time work. Their jobs are a variety of greater strength. Fourteen of the girls have signed up to town jobs, 15 at the bowling alley, 20 at local restaurants, 3 at stores and 3 at gas stations in Stevens Point. Three work at the Hotel Whiting, two at local dairies, five at the local store; throughout the town, two at print shops, and two at the hardware store. On Union Line, one at the courthouse and one at the Public Service company. Three girls are employed in the hardware department, four in the college building, two in the laboratory and one by a bakery. Three men play with orchestra, three drive buses, one is a music teacher, four are doing odd jobs, four are tenders. There are 19 girls working in dorm, and two are working for the Hardware store.

This brings the total number of students who are part time work to 299.

Delzell to Serve Again as Regent

Governor Oscar Rennebohm has announced Monday that Wilson S. Delzell of Stevens Point has been re appointed to the State Board of Normal School Regents. Mr. Delzell has served 11 years on the board, the longest service as a member from this district.

Harold G. Anderson of White Cliffs, who last year missed being reappointed to the board, is likely to be reappointed this year. The terms of both regents will expire at the end of this year. The appointments must be confirmed by the senate.

In one of his English themes, a freshman used the phrase at my friend's house. When the instructor asked the fellow noticed this comment in replies, "What can you think about college?" Many legal disputes have been upset by a misplaced apostrophe. In this case, it may have been so serious, but on the other hand, "was a girl friend (singular) think?"

Miss Grime's Mother III

Miss Elsie Grime, kindergarten su pervisor at the Training School, has a several short from her position over three weeks because of her mother's serious illness. The Grime family is from Westfield. A month before, she was one of the students who is able to return to Stevens Point.

With or Without

Interior Decoration a La Model

At this time of the year when the Christmas cookies are too stale and sick but dogs are not a daily feature on the menu, the majority of students fall back upon their method of interior decoration, which even rates above apple pie on the menu of the food wars. When they stop for refueling, this is the usual one ordered card with at the Eat Shop or the Campus Cafe, whether it be bunless, lunchette, dinette, or supperette, go "any" time.

Like other business managers, restaurateurs have their own established vernacular. For example, so-called "spoon" and "dinnerware" and dogs "appellations in hangar." Ham burgers come in for a share of this terminology too.

Student: I'll have a hamburger, please.

Waitress: A cheeseburger please. 

Student: What's their caloric value, please? 

Waitress: Chopped fine with a bad breath! 

They're good! Whatever they're called, the general opinion seems to be that they're good! Hamburger is the style of meat that has its world in Germany, just as the frankfurters came from Frankfurt. The "ham" prefix has long since been massacred with "beef," "cheese," and the like, but people still cling with foot to the original "ham" burger. The "burger" is derived from a word meaning, well. Many restau rantes evidently take this literally and strive to protect the small state, hard bun.

From all available sources the hamburger appears to have come over to this country as the beef croquette. The croquette (battered potato, with the less important meat, over a slice of bread when the lady of the house wants to go out to a social affair and her husband that he is hungry, both of them, and eat the same many ways in which King Hamburger is prepared. This reporter took a poll of 100 people who preferred their ground meat. The beef, pork, veal, and veal, is the slag, is the result.

The bun should be well lubricated with sauce and the hamburger

Radio Workshop

Miss Gerrie Hanson will hold three meetings for all Radio workshop personnel. The first one will be Wednesday, March 15 and the next two will be April 19 and May 17. The purpose of these meetings is to discuss problems, and the promotion of the radio station. WLBT wants programs from the schools. If your school has a study club or a study group for a production, it would be very useful to the station. Miss Hanson as well as all workshop meetings, are open to all students. Anyone who wants to help with the station's ideas, or wants to help, is very welcome.

Y.W.C.A.

At the Y.W.C.A. meeting on March 2, a program was held in honor of the initiation ceremony March 16 in the Y.W.C.A. rec room. Betty Meine will lead evening. Plans for future meetings include a basketball game to be played at a local church. Plans were also made for the trip to the Wausau "Y" for the weekend of May 19, 20, and 21.

Weasley Foundation

The Weasleys and Gamma Delta tans will hold a joint roller skating party at the Stevens Point Armory at 7:30 p.m. on Thursday evening. March 11. The admission will be fifty cents which will include the rental of skates.

Westleyans are invited to attend the concert to be given by the Walla Walla College of Washington. March 11, at 8 o'clock at St. Paul's Methodist church.

Home Economics Club

Mary Jane Buss and Margaret Jones reported on their trip to the Home Economics Province convention held in Chicago recently at a Home Ec club meeting Wednesday evening, March 6.

In the past, past president installed the new officers for this semester. After the business meeting, the club talked of the coming event of Easter.

Rural Life Club

The Rural Life club met Monday evening, March 7 with the President, Miss Gordeau, in charge of the meeting. Miss Gordeau discussed the differences between the agricultural practices in the United States and those used in Germany.

March 9, 1942

Notes and News From Other Schools

Most of the campus reports figures which reveal a drop in enrollments, but from Superior State came some news of interest. It would seem that about 100 more girls who would send five students to the camp which is the thought of the seniors. What's the matter? This point out was how many of the men had dropped out in test.

The girls over at WHITEWATER must have really been buzzing when Evelyn Hinri told them about her trip to Hawaii. She said that she had the privilege and misfortune to ride with Miss Shirley Westin, her daughter and her parents, to Hawaii. Such a large crowd of people was watching the performance on that Evelyn had difficulty finding her way.

It's a funny thing that everywhere you go people seem to eat, but perhaps not in Wisconsin River Falls. The Student Voice says that a new cabinet was installed in the college cafeteria, and gives some figures to show how much. In one week they served 3150 lunches and 3250 dinners. The proprietor reports that 50 cases of luncheon meats, 4000 ears of corn, and 33 cases of sandwiches are sold out every day, and they refuse dates unless he or she would like to play Cassino.

With Easter just around the corner it is time for students at Whitewater to plan all the clothes a glossy map for March. All plans are to buy the clothes from the store. Plant is to be outdone by the CSTC men's dorm soon to be built. They are looking forward to a $325,000 girls dorm to be erect on campus. I. D. cards are expected to be needed and the building will be completely furnished.

Oshkosh students in psychology college district council of the Winnebago State Hospital recently. In addition to visiting the hospital, they were present at Dr. Owen's particular brain surgery — man is continually trying to figure out the brain of the pygmy who has an operation. "George Washington Crossing the Delaware" has been cast into the whole story of the modern art of Picasso, Degas and Renoir for the Art Loeb, and has been a phenomenal success.

Eau Claire "speechers" won the great oratorical trophy in the art of the stage, an honor which was formerly the University of Dame University.

Many Uses

At the present time, women use the drawer for many purposes. It is an entrant the inner man. For special occasions it becomes steel or meat bowl. For everyday occasions it is placed on a bun or stretches spaghetti. The very best of the drawer is on a huge slice of bread when the lady of the house wants to go out to a social affair and her husband that he is hungry, both of them, and eat the same many ways in which King Hamburger is prepared. This reporter took a poll of 100 people who preferred their ground meat. The beef, pork, veal, and veal, is the slag, is the result.

The bun should be well lubricated with sauce and the hamburger
Meet the Pilots

Bus Drivers Neitzel and Horn

When the 26 students and two faculty members leave here on the 1950 football season opener road trip, there will be approximately 3250 miles of highway between them. The members of last summer's tour covered 3000 miles, all of which were driven by Harold Neitzel. The coming trip, all 20, 700,000 feet of it, will have Rudy Horn and Neitzel sharing the driving duties. These two students, by virtue of actual experience and mile age, compiled, may be considered as pilot and co-pilot of CSTC's "educated greyhound," the college bus.

Chief pilot Neitzel's previous bus driving experiences include an express run out of Grand Rapids, Michigan, for about fourteen months and a short period of service as an extra driver for the Greyhound company.

The trip

He estimates that he has traveled 10,000 miles on the speedometer of the college bus including last summer's trip. Harold can recall no out-of-the-ordinary driving experiences from that extensive field trip but he does remember the stretch from Gallegbin, Tennessee, to Nashville, North Carolina, when he was "too ill to feel like driving." Being an unwilling passenger in the football division, it is at present teaching seventh grade geography in the Training school. He plans to graduate at mid-year next January. His home is only ten minutes away but he came here from Grand Rapids. He's married and has two children, both girls.

Jack Hatch

Rudy Horn is a junior and semester junior in the Secondary division. He is teaching seventh grade history at the Training school between trips. Rudy, who is also married and has a young son, hails from Chi wisconsin.

He gained quite a bit of his driving knowledge during his six months of service as a Greyhound bus driver last summer. Harold says that the school bus is very similar to the Greyhound bus and he says, as he phrases it, "a very nice piece of equipment." He states that

The Daily Journal

114 North Third Street

March 9, 1950

THE POINTER

The Fifth Quarter

Final statistics reveal that the Pointers were a better league game and the opposition bungled an average of 65 points per contest.

The Falcons, undefeated in 12 league games, were in pursuit of the southern division clubs once more, and Wi.aukee was the only team River Falls could lay.

La Crose, despite its even split in 12 league games, had the best defensive record in the circuit, holding opponents to 51.7 points per game.

River Falls and its ace center, Nate De Long, again followed the trend, they'd set a year ago. The Falcons clipped Eau Claire, 31-80, to break their own scoring mark of 100 points set against Milwaukee last year, while De Long posted 47 points in the same game to break his own mark of 45 made earlier this year against Superior.

Beloit's big chance? Ohio State is viewing the possibility that their Big Ten champion cagers might play the Beloiters. However, Ohio State is reportedly seeking a game to keep the Buckeyes in shape for the National Tournament. A certain Central Wisconsin sports announcer is in "hot water" concerning his biased broadcasting. This poor man's Westwood Pegler has been charged with viewing miracles on the playing court. Listening fans finally burned up over the comment announcing this sports caster came out with it, even reached the point where petitions were circulated to guillotine him. Rudy Horn's first time in the loop recently ran to his single-season national basketball scoring record of 876 points in 27 games. King's out-put boosted his four-year collegiate total to 2,230 points. Nate De Long, has battled King all year for scoring honors. De Long has collected .786 in his college career, getting 786 points in 26 games, the year. Denver, 1950 CSTC grad uate, was featured in the State Sport Record Row both seasons. Joining Horn in the College League did it at the expense of Dutch's, to push themselves into a first place tie for the league. The new records set by the first boys were the high team series, 2691 to surpass the old mark of 2570 rolled by the Recreation League; high team single game, 962 and 972 to way pass the previous high of 914 set by the Tune Inn's Ralph Roberts 266 single count also set a record pass ed by Charles Chester's old high of 270. Christian still holds the high individual total, though, of 674. Of the Chi Delta sweep a series from Recreation Alleys; Recreation Restaurant, a pair from A.K.L.; Kedunis's, a brace from the Tune-Inns and the Camp us Cafe, two from the Brunswick. Hudson series in the torrid night of bowling were rolled by Bill Cotta cen, 606, Ken Bradfield, 500, Ralph Roberts, 181, Warner Christian, 532; Gil Chick, 522; George Boneske, 547; Herman Wedekop, 526; Fred Brewer, 522; George Horn, 509 and Lee Miller, 500. High singles were bowled by Ralph Roberts, 266; George Bone skie, 251, Miller Lee, 206; Ken Bradfield, 222; Harold Heine, 210; Bill Cottachen, 222, 189, 195; Fred Brewer, 229; Bill Chick, 283 and Bob Karsten, 202.

10:15 a.m. and at Medford.

will perform in an evendin

he said. "It's Opening Day" and has invited several men from different professions and vocations to appear. This was done to

In fact, the students to gain some knowledge of the vocational and professional fields they are considering for their

life work.

Mr. McSieckle announced Mon-

day that reservations have been re-

served to give a full house at the Trees for Tomorrow camp at Eagle River from April 12 to May 6. He stated that 500 and 600 school students will attend the workshop over that period of time.

**ORGANIZATIONS** (Continued from page 5)

The group was astonished to

hear that oven and horse carts

were still in use, and several of the tractors in Germany now. Mr. Ro-

denhouser also showed pictures

of villages, farms, and the Otta-

ber fair.

The Rural Life club will have its

next meeting at the Rural Demon-

stration school, followed by a

party under the supervision of the student teachers there.

Alpha Kappa Rhop

Alpha Kappa Rhop, honorary mu-

sic "sorority," met at the Peter J. Gerso-

chel house on Monday evening. March 6, and 8 at 8:00 p.m. Several very

important activities of business.

A revised pledge test was read

and approved by the members. It

was decided that a breakfast in

honor of returning alumni for the

Band Homecoming would be held

March 10. The place of the break-

fast is not definite.

Carla Kruse was appointed de-

corations committee member of

Harry Henn-

stock. Nancie Gobert and Fred Bre-

wer were appointed to the invitation com-

mittee.

Beverly Barnes was awarded a gift

from the CTC by Miss Lila Dallas for her record as an outstanding student in music and speech.

The second semester pledge

was presented at the meeting and received the pledge book. Alpha Kappa Rhop are: Betty Gilbertson, Manus Kolbe, Barbara Clark, Maruel Held, Susanne Swanke, Bet-

ty Meth and Bob Bestul.

Chi Delta Rhop

Seck's Berry Oaks Inn, was the scene of the first Chi Delta rushing party last Sunday evening. This "women's club" in the form of a gen-

eral, with the acts and guests playing cards and taking advantage of the lunch that was served.

President Maurice McSieckle intro-

duced the acts and the guests. Among

**Schmeckle Busy in Area Conservation Work**

Fred J. Schmeckle addressed a joint group from Abbotford, Dor-

chester, Unity and Colby High schools in the auditorium of the Ab-

botford High school on Wednesday of this week. He discussed con-

servation in general and showed the "Living Earth Series" films. Mr. Schmeckle will speak at the Evanston Unitv hall to a group of

200 and 250 sportmen on March 16. He will discuss conserva-

ation in general.

On March 22, he will appear be-

fore a group of high school juniors and seniors at Clintonville. The

Clintonville High school has set aside the third Monday in March as "Opening Day" and has invited several men from different professions and vocations to appear. This was done to

enable the students to gain some knowledge of the vocational and professional fields they are considering for their

life work.

Mr. Schmeckle announced Mon-

day that reservations have been re-

served to give a full house at the Trees for Tomorrow camp at Eagle River from April 12 to May 6. He stated that 500 and 600 school students will attend the workshop over that period of time.

**Pointer Receives News Of Former CTC V-5's**

Word has been received that two former V-5's, Midshipmen Donald Fry and Ralph E. McQueen, have completed their training as a

running at Cabaniss Field, Corpus Chris-

tus, Texas. A third, Paul E. Sper, received his wings at Pensacola,

Florida.

All men attended CTC in

1946 under the V-5 program and from here went to Pensacola. Fol-

lowing pre-flight training and a

four month syllabus in combat type full schedule for the month of March.

Each received a white car-

nation as a favor. Floral arrange-

ments carried out the decorative mo-

tif of Joan Winter poured at the

lunchen which was served after the entertainment program.

Committees for the party were:

good, Marjorie Myers, chairman,

Lila Eiler, Virginia Marron; invi-

tations, Jeannine Holm, Carla Kruse;

decorations, Mary Douville, chair-

man, Bonnie Balkove, Irene Morris;

entertainment, Dorothy Thompson,

chairman, Barbara Lewis, Margaret and the phone Miss Margaret

and Joan Winter. General chairman was Miss Lois W. Davis. The
