Fraternities to Hold Dinners, Dance Friday

The members of Chi Delta Phi and Phi Sigma Epsilon fraternities will dine and dance their respective guests at the annual interfraternity dinners and dance on Friday, May 5. The Chi Delta Phi will hold their dinner at the Sunset Cafe at 7:30 p.m. and the Phi Sigs will travel to the Antlers for a dinner beginning at 6 o'clock.

After the dinners the fraternity brothers, their escorts and guests will gather at the American Legion hall to dance to the music of Cliff Home and his orchestra until one o'clock in the morning. The dance will be a closed affair with invitations being extended only to mem-

bers of the two fraternities and their guests.

Chi Delta Phi, under the direction of Chairman of George Mosey and Secretary Nelson, held the orchestra and decoration arrangements while the Phi Sigs co-chairmen, Lee Miller and Jerry Horne, handled the tickets and programs and selected chairpersons for the evening. Chair-

persons for the dance will be

Dr. and Mrs. Harold M. Tallo, Mr.

and Mrs. James R. Hicks and Frede-

rich A. Kreme.

The Red Star Ascends Over Moosicne

The civic conscious citizens of Moosicne and their recent communist coup o'f ft have created a sensation in the newspapers and overalls and over... 

They arranged a sit-in whereby the Marxian communists supposedly took over the keys to the city. The mayor became a figurehead, the chief of police was executed. A petitio-n man was placed in a concentration camp because he was declared an enemy of the working class. All places of business were under the control of the state. Every conceivable means was used to impress upon the people the full import of what it would be like to live under the Red Star, or at least the imagination of one.

Other than the nation-wide publicity given the Wisconsin River Valley town, the value of the experiment is dubious. It was a novelty to townspeople and outsiders who filtered in. The inconveniences were shown to be minimal and the experiment was ended.

If the "revolution" had been kept in effect over a period of weeks, the story may have been different. Wager that a counter-revolution would have been as inevitable as the trials of Hoxie.

The lesson does point up the fact that people do think about the means of extreme statism and its implications. However, we feel that one does not have to acquire cancer to realize how ravaging the disease can be.

Wesley Foundation

At a meeting held at the Wesley Foundation building on Saturday evening, April 26, officers for the coming year were elected. The officers are: Gordon Sorrensen, president; Verna Schmitt, vice-president; and Kenneth, secretary and Ted Dow, treasurer. They will begin their duties by planning an educational week of activities which will be held June 23-26. By unanimous consent the title of the week will be "Campus Evangelism." From the abstract of the Methodist Student Movement, spring conference which was held in Waco, April 28, 29 and 30. The Rev. Dr. James Chubb of Nebraska was the main speaker. The conference was attended by delegates from college throughout the nation.

At the business meeting, Saturday afternoon, Phyllis Jannic of CS T C was elected as the young people's state secretary of the Student Council. It was also decided that the State Student Council building would be held in Stevens Point.

Those attending the conference from CS T C were: Per- mar Mieh, Neel and Gerri Trumpler, Mary Bowser, Mrs. E. T. Donaldson, Mr. and Mrs. Ted Dow, Mr. and Mrs. Bill Edman and son, Jimmy. Chairman of the conference in charge of arrangements were: Mrs. Arthur North, Kay Pierre, Mary Schmitt and Edna Kroner. The Rev. Bowser, Phyllis Jannic, Dr. and Mrs. Arthur S. Lynes and Mrs. J oan J. Vason.

Gomma Delta

Twelve members of the CS T C Gomma Delta organization attended the annual meeting of the State Lutheran Students conference held last week-end.

Two members of the group participated in panel discussions held Saturday night, at which "Science and Christian Faith" on one panel, and "Science and Christian Ethics" on another panel were considered. One member of the "Christian stewardship" panel was really intrigued by the head of a story in the newpaper which read, "Fishing Season Open," with a subhead of, "Ice Fishing Prohibited" and a picture of a nature adverse to the seasons. Hear- ing how the trout are biting good on the Tomorrow River if the fishermen can brave the cold and snow.

Ellsworth Gauske is back at school after a stay in the St. Mary's Hospi-tal in Wausau following an appen-dectomy. (No, he didn't catch it. It got away from him.)

was walking home the other after-noon, mind in a reverie, not pay-ming much attention to the surround-ing... 

Newman Club

Marriage was the subject of one talk given to the men by Rev. Star- ley Cholick prior to the regular meeting of the Newman Club last night. A similar talk was given to the women by a member of the University of Chicago. So goes the basis for the old gag. Don't you know the King's English?

Julie Dean, a dormitee, became en-aged to Dick Schwebel, of Stevens Point, last weekend.

Glorie Rybick, Stevens Point, a student at the University of Wiscon-sin at Madison, is engaged to Richard Werbe, of Stevens Point.

Certainly we're a willing genera-tion to work and the rest of us are willing to let them.

Bev Burns, a home ec student, is wearing the Cheli Det fraternity crown.

Some of the greatest successes have not been those which are most likely to go out to be heard by their classmates.

Then there is the college student, who, to celebrate some event or an- other, went into a side street bar very optimistically and came out very micky optically.

Can't Stop T. Concentrate

Whether it is the spring type, that is? The only evidence of the new season seen recently was two dog girls raging the lawn in front of the dormitory. Pre-vious to getting down to the business of cleaning up the winter's accumu-lation of debris, the girls galayed games in the yard. A tame cat in a tree was the only thing to haul away the raving ones. One was apparently enjoying pushing other in the dirt—a small set of wheels affairs which could be thrown away. One of its owners will go to rider learned as she found herself on the ground.

Watershed is the subject of a short story in the University of Wiscon-sin which reads, "Fishing Season Open," with a subhead of, "Ice Fishing Prohibited," and a picture of the slickest of situations. The man to whom it's supposed to be the weather is the only one who can be seen. The other is a tree without a top. The weather is probably not much different from the thundery one of last week-end. It is a rainy one, nevertheless.

There are two more weeks that you can be considered free. There are 1,148 wallappers turned in the— the other was done and done and done. There is no more to be done. Who will you help?

Remember: "A Lucky Strike wrapper and pick it up All day long you'll have good luck with a Lucky Strike wrapper and let it fly (Ouch!) You'll have bad luck all day.

Training School to Present "Tom Sawyer" Thursday, May 11

The seventh and eighth grades of the Mary D. Bradford Junior High school will present a three act operetta, "Tom Sawyer," in the college auditorium Thursday, May 11, at 7:30 p.m. The seventh grade will give a matinee performance for the training school on Wednesday, May 10, at 8:30 p.m. The cast for the Thursday evening show, which is open to the public, will consist of the combined seventh and eighth graders.

Assembling Helen Heel, Training school music supervisor, has the direction of the operetta and will be assisted by Robert Hammett, who will direct the instru-mentation of the operetta by the Training school orchestra.

The college art department, under the direction of Miss Edna Carlton, is assisting with the preparation of the costumes and scenery.

Tickets for the opera are 30 cents including tax.

THE POINTER

LESTER ELMER leader at the finish of the 220 low hurdles in the meet with St. Norbert, Kevan Stewart is behind him. Both are from CSTC.

The Fifth Quarter

New Trophy Case — Hats off to the "S" Club for their effort in securing a new trophy case. The club donated the necessary nails for the erection of this case and Mr. Davis served as a skill carpenter.

Cinder Chatter — At the start of track meets Coach Frank W. Crow welcomed back one of his prized dashmen in the person of Jim Luhm. Back in his day at Watkinson, Jim, or as some call him, "Lightning," participated in basketball, football and track. When Jim stopped to count the letters, he arrived at the very creditable figure of seven. He ended his high school days by winning first place in both the dashes and a second in the broad jump during the State High Meet in 1948 for class C Schools. That year Jim received the outstanding athletic award for Watkinson High.

Coach Crow keeps Jim busy in the hundred and two hundred twenty yard dashes and the relays. Last spring "Lightning" won his first college letter in this sport, and from all indications he's ready to repeat as the winner this spring.

Other News

On The Track Squad — Kirby Krbec — He was the top high jumper in the Wisconsin Valley Conference last year for Rhinelander. Kirby won the section- nal meet qualification by winning at Wisconsin Rapids for the state meet but didn't compete at Madison because of his being the only Rhinelander representative. He has done about 5 feet 10 inches.

Oliver Andrews — Winner of the Class B champ in last year's state high school meet.

Jim Femulle — A freshman from Glenmoreville who could develop into a good pole vaulter. He reached 11 feet in high school last year.

Dick Ronsman — A freshman who hails from Amherst. Dick is counted on to perform in the half mile and also the broad jump.

Coach Hicks' golfers should be attracted by the latest offer of Lloyd's of London. If you make a hole-in-one, Lloyd's will pay you $100 — the prize costs $4.

The Tri-Cities professional basketball team has acquired the drafting rights to Nate DeLong of River Falls. Newman Benson, Delong's teammate at St. Norbert, is also a Minneapolisk Laker.

"The Grill" appears to be the bookies favorites at the Kentucky Derby — but who knows for sure about anything these days. Even Mary Worth is contemplating marriage.

Geography Classes Enjoy Several Field Trips

Cave of the Mounds was the destination of one section of Raymond E. Specht's geography 100b classes last Monday, May 1. The field trips, which combine business with pleasure, illustrate at first hand the geographic fundamentals in the classroom.

Steps were also made at Wisconsin Dells, Devils Lake State Park, Madison and Little Norway. Thirty-five students made the trip which was under the supervision of Mr. Specht. The second section will make the boat trip at the Dells next Monday, May 8.

Coach Crow's "Eskimos" Heading South for Meet

Coach Frank W. Crow's hoard of "Eskimos," not that they are by their own choice, have to find a warmer climate in the southern part of the state on Saturday when they run at Whitewater. The lawn party is a triangular affair between Steven Point, Oshkosh, and Whitewater.

Cold weather forced the postponement of the Evan Claire meet, which was scheduled for last Thursday, and Tuesday's meet with St. Norberts won't run under ideal weather conditions.

A layman would arrive at the conclusion that the boys haven't had a real opportunity to exercise their legs yet.

Soil Classes to Spend Friday at LaCrosse

CSTC's soil conservation classes will spend tomorrow at LaCrosse visiting the LaCrosse Soil Conservation Experimental Station. The La Crosse Soil Conservators discuss the soil conditions in the county. The classes will spend the entire day viewing soil conservation practices. One of the main points of interest will be a machine used for measuring the actual amount of land washed off by water.

CSTC Loses at Track, Tennis; Wins at Golf

The Green Knights of St. Norbert were true to their names on Tuesday afternoon when two Norbertine entries hurled the lance, known in track circles as the javelin, to take first and second place and win 25-20. St. Norbert was leading 46-48 going into the javelin event. The Pointers needed a first and a second to win the meet but Schlafke and Mazurek turned point earners to give the win to the Norbertines.

Coach Jim Roglin's crew won ten items to five items for the Pointers.

The tennis team lost to the Knights by a 6-3 score while both golf teams registered a 17-1 triumph.

Results of the Track Meet
100 yard dash — Holton (S. N.), Busch (S. N.), Luhm (Point), 10.3; 220 yard dash — Herbst (S. N.), Bush (S. N.), Holton (S. N.), 23.6; 440 yard dash — Herbert (S. N.), Holton (S. N.) March (Point), 53.7; 880 yard run — Smithwick (S. N.).

FMC FIRST NATIONAL BANK
University of Oslo Is Holding Summer School
For American Students

All students interested in study abroad at the Summer School for American students at the University of Oslo in Norway are urged to make their applications immediately. The term will be held from June 26 to August 5. Some 250 American students will be admitted. Applications for entrance may be secured from the Oslo Summer School Admissions office at St. Olaf College, Northfield, Minnesota.

The courses, to be taught in the English language, are open to all American students who have completed at least two college years by June of this year. The main emphasis this summer will be pertaining to Norwegian culture. Courses in geography, history, language, literature, music and art will be offered.

Charges for this session have been reduced following the devaluation of the Norwegian crown. The tuition for the six weeks term is $100; the student fee, which includes health insurance, is $10; and the exursion fee, $20. The round trip fare, including air-fare, is $225.
