Dr. Doudna Leaves for Post with Ministry of Education in Peru

The Workshops program was divided into four study groups: Personnel Services, General Education, Professional Education, and Improvement and Instruction. These four groups were addressed by approximately 30 academic and educational specialists in the course of their seminar deliberations.

Dr. Tolo described his general reaction by saying, "It was a privilege to meet 45 eager educators in higher education, who were willing to pass up a month of vacation to improve themselves and to try to help fellow faculty members to improve the finished product – the student."
Greetings

I am pleased with this opportunity to extend greetings to all students of CSTC for 1950-51. I hope all of you will have an interesting year and that you will enjoy your academic work as much as you did last year and the preceding years. What you enjoy and what you get out of it will depend in a large measure on whether you put something into it.

This edition will also be read by quite a few of our alumni and I hope you will give it your best information and make it worth reading as a good year, and if, in your first experience as a teacher, I certainly want to extend my best wishes for a successful year. Your enrollment is steady and I hope it will remain so for at least a year or two.

We are in hope of being able to start within a few weeks. Therefore, I must say that the time of the activities are starting out as usual, and we hope we may have the opportunity to see you back here on the campus during the year.

Wm. C. Hansen, President

Changes Announced in College and Training School Personnel

Several changes in personnel at the college and the Training school for this semester have been announced.

David Herren, Edgar Pieper and Bud Alex are among the three students who have been added to the college staff, while Miss Alice Hansen, Beatrice Radden and Mrs. Evelyn Pipper have been included in the Training school faculty. Mrs. S. Varney, who is in charge of the Bible Work, is also a newcomer to CSTC.

Mr. Heenan is replacing Frank C. Crow of the History department, who has taken a leave of absence for the first semester to complete his requirements for a Ph.D. degree. Mr. Heenan has been doing graduate work for his doctorate in history at the University of Wisconsin, but has interrupted his studies to teach here for a semester. He formerly taught at the State Teachers College.

Mr. Pieper is the new director of men's physical education, replacing George R. Berg, who has requested a semester's leave of absence on account of illness. Mr. Pieper has been doing graduate work in his major field of study for his degree in education from the University of Wisconsin, but has interrupted his studies to teach here for a semester. He formerly taught at the State Teachers College.

Mrs. Raddirt is the new kindergarten director. She has taught in Stevens Point schools for the last few years and prior to coming to Stevens Point, she taught at Merrill. A native of Ohio, she graduated from Ohio State university, where she also did some graduate work.

Rural School Unit

Mr. Pieper is teaching in a new department which has been added to the Training school this year. This department consists of a rural school unit which includes children from the Sims district, this new department is located in the quarters formerly used by WLBK radio studios. Mr. Pieper has had several years experience in rural, state grade, and city elementay schools, and taught in Merrill for three years. She is a graduate of LaCrosse State Teachers College.

Mr. Varney is the new director of women's physical education. He is engaged in the work of WLBK radio studios. Mr. Pieper has had several years experience in rural, state grade, and city schools, and taught in Merrill for three years. She is a graduate of LaCrosse State Teachers College.

Mr. Varney is the new director of women's physical education. He is engaged in the work of WLBK radio studios. Mr. Pieper has had several years experience in rural, state grade, and city schools, and taught in Merrill for three years. She is a graduate of LaCrosse State Teachers College.

Several of the new courses are being offered in the fall term, and a few of these are listed below:

**SLEY LINES**

Beautiful fall is back again, and with it the Saturday folks, people, CSTC, and the POINTEER year is eagerly awaited by some old friends who have gone; as once more talk of the draft and the calling of the men is heard. Gerald Leuty, John Ringstad, Lee Miller, and others.

Concerning dates — let all males know that Miss Betty Cook of Wisconsin Rapids, 1949 National Centennial Queen, now resides in Nelson Hall. She is a Freshman in the Primary division.

The following couples were married this summer (and are living happily ever after):

Bill Koch — Ruth Olson
Fred Dugan — LaVerne Wauchope
Joe Koehn — Vivian Vanweye
Ray Vest — Pat Laven
Doc Rotham — Beth Hedges
Bud Brewer — Lorraine Lawecek
Bill Ulm — Janet Christensen
Bob Worth — Marilyn Eidson
Warren Dunker — Dorothy Schwendman
George Greathouse — Loy Clayton

Diane Allegier — Fannie Woodman
Kim Vealeak — Phyllis Zurcher
Jack Ockerman — Alice Boezen
Bob Cole — Marie Kylsik
Jerry LeFleur — Monica Gill
Ed Klenger — Mary Carter
John Gahrhoft — Yvonne Jacobson
Mervin Gallisct — Elaine High
Walter Petersen — Elizabeth Lind

One of the wives was questioned in the Patrick office as to whether she used a roll of watch tape to tie a pair of earphones, and answered: "No, it is for keeping quiet in meetings when I have to use them on my husband's shirt.""}

As usual, Dean Steiner keeps his very interesting office by the injection of wit. Calling at the piano with his white eyebrows brings forth from the dean, "I notice you have been keeping quiet in your meeting on all these gossips' languages."

Parting thought — let's not forget the "good red" and a real treat. -- Dick Berg, who is now stationed in Room 265 in Madison General Hospital in Madison, Wis.

We remember his unhindered friendly and casually at ease by sending him letter on 10/20.
Points Tie Michigan Tech in Last Exhibition

The Purple and Gold finished their exhibition games by playing Michigan Tech to a 6-6 tie on Saturday, September 21 at Houghton. The first half was played almost exclusively in the Miners' territory with the Quandtme missing several opportunities to score. The Northerners scored the third quarter but missed the conversion to tie the game 6-6. With the prospects of losing their first game of the season the Pointers came back and won the match that covered 65 yards. Ken McKitch finally scored on a quarter back sneak. The extra point was not good and the game ended in a 6-6 deadlock.

NOTICE

All organizations attending to women in this year's homecoming parade must notify the Information Office in a form that will be posted during the parade. All entries, that do not notify the Information Office, will not be included in the parade.

NOTICE

There will be a meeting of the new Recreation Youth Group Thursday in the church. Everyone who is interested should come as officers will be elected at this meeting. Lunch will be served following the business session.

FIFTH QUARTER

This is the time of year when sports events are given first place in national news honors. Baseball made front page news in this week's Life magazine—the war news was shoved back several pages. The fever of the World Series and the anticipation of the grid season has hurt even Hoptong Cassidy's gate appeal.

Go West Young Man! Appearing in Sunday's Chicago Tribune were the football scores from the Far West and included with such schools as California and Utah was a score—Stevens Point-6, Michigan Tech-6. That's the first time in history that "Westerners" were putting up on their storm windows in mid-September. Darius Hines II——Making his weekly appearance at the Bleacher Coaches meeting, Coach Haile Quandt not only gave his audience some tips on his squad but also recommended an eating place outside of Stevens. Any sports-minded fan is invited to attend these weekly meetings at the Legion Hall on Tuesday in eight balls. Thesewhereabouts of former CST.C.T.

* Joe Haidvogo, Gene Rich, John Jowisik and Dick Enmerich are digging the pigskin for the Waukesha Muskies. Jim Koehn is head football coach at Moundville and Eugene Guille is serving in a similar capacity at Lake Flamborough.

Ask for it today... — Look for Coca-Cola vending machines at the stores, and in other places where Coca-Cola is served.

Various First Week Activities
Acquaint Newcomers with School

During the first week of school, numerous activities were planned to
levitate the difficulties that come with meeting new people. One such activity
was a reception for the entire student body beginning at 8:30 Friday evening
President and Mrs. Wm. C. Hansen, August and Mrs. Wittenberg, Dean and Mrs. Herbert Steiner, Miss
May Roach and the new members of the faculty were in the receiving line.
Cliff Hoon's orchestra supplied the music.

Specht Offers Driver Education Courses
Education 85 and 209, driver edu-
cation courses, are again being of-
fered by Raymond E. Specht this
semester.

The course for beginners who
wish to learn how to drive in Educa-
tion 85. This is not a non-credit course but a driver educational course for those desiring to get a driver's license. They receive classroom instruction from Mr. Specht and do their actual driving in the car on the streets of students from the advanced

The advanced group, Education 209, uses the dual control car in in-
structing the beginners as part of their course.

The group is composed of juniors and seniors who are taking this course to prepare for the teach-
ing of driver education in high schools.

This course is becoming more and more popular as high schools are at last recognizing the need for this type of education in the face of the rising accident rate among the younger people of high school and college age.

Assembly Committee Announces Programs
An excellent and varied program has been planned for this semester by the Assembly committee under the leadership of Dr. Arthur Lyness, chairman.

Heading the attractions is the world-renowned Longine Sym-
phonette of radio fame, which will be here on October 30.

The opening program will be the faculty convocation on Friday morn-
ing, September 20 at 4 o'clock. The principal speaker for this event will be President William C. Hansen.

The remaining scheduled assem-
blies are:
- An oratory Lecture by Dr. S. Van Valkenberg, October 25.
- Band Concert by the CSTC band, October 26.
- Men's Glee Club Concert, November 13.

Thanksgiving Assembly, sponsored by the Inter-Faith Council, November 21.
