Annual Christmas Party To Usher in the Season

The attractive new ballroom and the dreamy music of Tony Winter's presented to the 100 couples who attended the annual Senior Ball held at the American Legion Hall. The entertainment was arranged by the 100 couples who attended the annual Senior Ball held at the American Legion Hall.

The grand march at 10:15 was led by Mr. Zuber, president of the Senior class, and his queen, Mrs. Jeanne White. At the beginning of the march Betty Long and her partner, George W. Hensley, strolled white mums.

A complete program of songs was composed by Don Olsen, vice-president of the Senior class. Miss Jean Yeager of Wittenberg; Miss Raye Massey, of the Mathematics Department; and Miss Pauline Isaacson, Mrs. Mrs. Edgar P. Pierson and the parents of the king and queen.

Dr. Langer to Speak at Assembly Friday

Dr. Rudolph E. Langer, chairman of the Mathematics department at the college, will speak at an assembly program Friday. Dr. Langer is a specialist in the field of algebra and holds a Ph. D. degree, which he received under a post-doctoral fellowship in Europe. He has held professorships at Dartmouth college and Brown university. He has taught mathematics at the University of Wisconsin since 1927. He has visited professorships at Harvard, Radcliffe and Harvard university, Leland Stanford university and the University of Texas.

Glee Club Entertains Capacity Audience

A full house greeted 55 members of the Glee Club for their 4th concert at the American Legion Hall on Thursday evening, November 29. In the college auditorium, an excellent entertainment was provided for the public at the college, much to the delight of the glee club fans:

LEARN BY DOING: is being carried out here in the college driver education program. Squad dells are a part of this, this year, they have got great attention about traffic safety, bgt. we have done something about it by insti-

Traffic Safety Week

Traffic safety, that has been the big topic of this week, has been carried out by the Student Safety Week Committee. The students have been working on traffic safety, and the results are quite promising.

Musicians Make Ready for Christmas Concert

Saxophones, clarinets, and trumpets are being worked on by the students for the annual Christmas Concert. The students are working hard on their parts and are ready to give a great performance.

Six "A" One-Acts to Appear in Madison

Six "A" One-Acts will appear in Madison High School this week. This is a new form of art. The plays are to be held in the Central State auditorium, Saturday, December 1. The "A" One-Acts will be held at 8 p.m. and the "A" One-Acts will be held at 2 p.m.

President Hanson Proclaims Traffic Safety Week

It is a pleasure to lend help if I can to promote traffic safety by proclaiming the week of December 10th, Traffic Safety Week for Central State. In this college, we have not only talked about traffic safety, but we have done something about it by insti-

Staggering Facts

Possibly before we go to press, or very soon thereafter, the one million traffic fatality in America since the beginning of the century will be repaired. Therefore, it is hard to visualize how tremendously big it is. As a comparison it is pointed out that the deaths in the wars since 1775 is half of those killed in traffic accidents.

This problem of traffic deaths really hits home if we stop to think that people 25 years of age and younger are involved in 25 per cent of fatal traffic accidents. Facts such as this certainly don’t put generation in very good light.

This matter isn’t going to become any better by just thinking about it. We must do something about it now. Great strides have been made in reducing years of combating traffic accidents by the National Safety Council and similar organizations. However, there are certain facts such as we have in our own college; however, this is still far from accident-free.

The full brunt of winter weather will soon hit this section of the country. The National Safety Council has presented six suggestions which will help to avoid accidents during the winter months:

1. Get the “feel” of the road by trying your brakes while driving slowly and when no other vehicles are near; (2) Adjust your speed to road and weather conditions; (3) Follow other vehicles at a safe distance; (4) When you have to stop, pump your brakes up and down—jamming them on may lock the wheels and throw your car into a skid; (5) Keep your windshield and windows clear of snow and ice, fog and snow; (6) It isn’t New Year’s yet, but let’s all make a good resolution to develop better and safer driving habits.

F.C.D.

An Unpleased Drama

The piercing shriek of harness applied brakes — horrifying cries as two cars collide — panicky screams — the acrid odor of burning rubber — the deadened thud of metal giving way are all signs of a traffic accident.

This ghastly drama is enacted every day and most of us are aware of the terrible results. Horrible, gory accidents strike毫无所畏惧 of the summer, and the roads complete, indifferent to the horrors of our highways.

“Pipe down, you little feigned fromcourage. You seem to be getting a little too close to my thoughts. I think I know what you’re talking about,” responded a man who overheard the conversation.

“I am nervous, pal,” continued the other, “but I believe the thing I want to talk to you about would be better if you knew about it before you knew of a certain little brown demon who has spied me out from behind parked cars. It seems that this demon is persistent in trying to get out of the car, but is very enthusiastic. “With plea­sels, I would like to have my car repaired, and I have a good relationship with the latest batch of car-owners. But before I can proceed, I need to strike up an unsolicited conversation with you.”

“I am a little nervous myself,” added the man, “but I would like to talk to you about something.”

“I was just thinking the same thing,” said a third man. “I think it would be better if we could talk about this.”

The newly formed Bush league (dedicated to the proposition that all students be educated to the point of 269. It is open to students wishing to complete the curriculum and receive training during their free time.

At the present time secondary students may secure a full-time position teaching-driver-education in high schools with the two-credit course as the requirement. There has been an attempt to raise the standards of the training program by offering extra practice credits. Students who take the course may obtain two extra prac­tice credits for every hour spent teaching driver education for $1.00.

Central State, Leader in Driver Education Course

Central State’s Driver Training Program was added to the curriculum of the college during the fall of 1949. This college was the first to offer a similar type of course, although Stout Institute started a few years ago.

The training system includes courses 269 and Education 85. This course is taught by Stongrom Speck, meets every Wed­nesday and Thursday from 5 p.m. to 10 p.m. It is a regular two-credit course, limited to 21 students, compri­sed of two hours lecture and one hour practice teaching. To qualify for this course, a student must pass a valid driv­er’s license and have a satisfactory driving record.

“Driver Education has enjoyed a tremendous upsurge in high schools since 1941. Last year 245 of the 450 schools offered the course.”

“Recognizing the need for up­grading the program by meeting the demand for trained teachers, Central State was the first to establish a course. The sound training given under Mr. Speck has been recognized and appreci­ated by numerous school administra­tors in the state. This has been demonstrated by the large num­ber of graduates during the past two years who were in charge of Driver Education classes.”

Conservation Students

Given Scholarships

Martin Haney, Robert Gilbert received $56 scholarships from the Wisconsin Department of State Garden clubs at the annual meeting of the organizations in Madison.

Conservation Students

A special thanks was given to the students of the Madison Conservation Commission, delivered the principal address.

“Not if I see you first,” I prom­ised, as I made like Jess Owens and sprinted furiously off.
Northland Defeated By Pointers 78-46

After losing the season opener to St. Norbert's, 60-36, in a season-opening loss, the charges of Coach Hale Quentin echoed back to the field as the Wisconsin team in a game played here Monday night.

The Western team fought well, but the Northwestern team, coached by Jim Weathereal, outscored the Polkas 31-11 in the first half and 47-37 in the second half.

Coach Leon Howard, center, had 21 points to be the high scorer for the Western team. Northwestern ended the game with victory. Willy Johnson made 12 points, 11 of whom came in the second half.

The Northwestern team made all 15 two-pointers and missed 10 of 14 free throws and three of six three-pointers.

The Western team made 13 of 16 two-pointers and missed 13 of 14 free throws and three of six three-pointers.

The Northwestern team outscored the Western team in the first half 48 to 22. The Western team outscored the Northwestern team in the second half 26 to 26.

The Northwestern team outscored the Western team in the second half 40 to 18.

The Northwestern team outscored the Western team in the third quarter 47 to 18.

The Northwestern team outscored the Western team in the first quarter 31 to 11.

The Northwestern team outscored the Western team in the second quarter 26 to 21.

The Northwestern team outscored the Western team in the third quarter 17 to 4.

The Northwestern team outscored the Western team in the fourth quarter 13 to 13.

The Northwestern team outscored the Western team in the second half 47 to 26.

The Northwestern team outscored the Western team in the first half 48 to 22.

The Northwestern team outscored the Western team in the first half 48 to 22.

Chapter of FTA Organized on Campus

Local chapter of the Future Teachers of America, the student branch of the National Education Association, is being formed here Central State. The group has 15 charter members and any prospective teacher is invited to join. At a meeting held Monday evening. Dick Tursenski was elected president, Elsie Pancake, vice-president, LeRoy Heiser, treasurer, Lolita Kreil secretary and George Meyer, librarian and publicity director.

The next meeting will be held Monday, December 16, and all division members are encouraged to attend.

The Future Teachers of America movement grew out of the Horace Mann Centennial in 1937, and has been developed by the Journal of the National Education Association. High school and college branches in every state have been formed since then. The FTA organization is based upon an important fact: That the future of mankind is in the youth of today.

Coffee Hour Is Success; More Planned for Future

For the last two weeks the pleasant smell of coffee and donuts that wafted from the student lounge of the Central State campus has drifted to the campus advisors. WIGA has been sponsoring a coffee hour on Tuesday and Wednesday afternoons from 2 to 4 or 4:30. On one day each, members served coffee and donuts, and on the other coffee and doughnuts. The price of the coffee and doughnuts was five cents, and the cookies were two for a nickel. The coffee hour was not held to make money, but to provide students and teachers with an opportunity to get together, talk, and relax. Glenn Clark and Mary Pilligan were co-chairmen for the first Tuesday, while Eleanor Curtis and Joan Cuff served as co-chairmen on Wednesday. Kathryn Stankevic and Verna Schaefer were to speak on Tuesday and Wednesday this week.

WIGA has made the coffee hour possible for the first two weeks, but this week the group includes asking different organizations in school to cooperate in sponsoring it. In sponsoring it, the Faculty. the coffee hour would then be held twice each week, except the week of the Christmas Cheer. The large number of students that have attended and the favorable comments they express about it are ample proof that the coffee hour is a success.

"The Tempest" Will Be Staged Next Semester

Leland M. Barrows, faculty advisor for the college dramatic group, announced this week that "The Tempest" by William Shakespeare has been selected as this year's annual stage production. The play is scheduled to be given the first week in May.
