Double Trouble Clocked by Zick
Polk in Preparing Report on Twins
By WELLS ZICK
We reckon you have all stopped and rubbed your eyes more than once this year, because of the four or five identical twins who are gracing our halls at Central State. They are the Brubac, Mawson, Paulson and the two Fords (3-19—get it?)
In checking the vital statistics concerning Charlotte and Leona Fords, we found four of the most interesting and surprising three pounds. In response to President Truman's recent request for more secretaries in motion picture and television, these girls of Rhinelander are 15 and exactly the same in every phase of their appearance. They also participate in exactly the same extra-curricular activities, which are the Newman club, French club, and the band. Charlotte plays the flute and Leona the French horn.

Twin Questions
We recently read an article which stated that twins who are identical in every way, name, without any help from the orthopedist, John Bowlby, are called fraternal twins, and we decided to find out if the fields the results would invariably be astonishingly similar. Eager to contribute to the progress of science in our own modest way, we repeated this experiment. Each twin was asked his favorite sport, song, food, school subject, and pastime. The results were astonishingly similar, as we came to expect from each of the twins and the results of every extra-curricular activity and so on.
Both Leona and Charlotte, swimming their favorite sport, blue as their favorite color, and sing- ing their favorite song, "I've got a dream," both had a similar dream of a perfect way to spend their leisure, when it comes to food and "While We're Young" to top their par- cipline. Charlotte likes sea food and Leona loves land food.
The girls dress alike because they consider it economical and because when they just plain "like to." Their pet

Sadie Hawkins Makes Annual Debut; Girls — A Chance to Nab a Man
Sadie, "Come on your own." Yes, it is really time we named this annual Sadie Hawkins dance which will be November 20, from 8 o'clock to 1 a.m. at the Training school gym at 8 o'clock, under TWA sponsorship.
The price of admission will be one dollar per person. This is an all night affair, and there will be novelty tickets (which pertain to the three clothes possible.
The theme of the dance is "Duc Poodle." We will have the poodle de painting on the highlight of which will be a floor show. A student union that will be one of the times you can take your man by the hair and dance to the tunes. The dance is open and everyone is invited to appear in the old clothes possible.
Funch will be served. The faculty chairs will be Mr. and Mrs. Ray Specht and Mr. and Mrs. Bartosz Kuba.
The committees are: Hall and music, Bev Tibbets, chairman, Shrir- ley Jacobson, Alice Tauchen and Reta Schleifer, Joyce Jones, Fred Thompson, Holding, chairman, Sharon Sutton, Cheryl Minda and Mary Ann Petersen; refreshments, Ruth Tost, chairman, Betty Cook, Shirley Sonnenberg and Joann Cohf, publicity, Margaret, chairman, Rosemary Martin, Mary Barrett, and Lois Weber.

Alpha Gamma's Advices Will Initiate Pledges
Alpha Gamma Rho, the well-known sorority of social science fraternity, is having its initiation week. The sorority is started by a banquet. Fred Hirsh, the president, you are invited to the ceremony on Wednesday, November 11, at 6:30 p.m. in the Dining hall. The banquet is open to the public and there will be music and dancing.

Radio Workshop Opens A New Program Series
The radio workshop, under the direction of Mr. Bartosz Kuba, has boats of 25 members this year. The radio workshop will be open to all students in the radio department, Friday nights from 6 to 10 o'clock. cms will be taught by Bob Paulson, Eliel Peterson, E llen Kors, Karl Zimmerman, Rita Daniels, John Stepanoch, Richard Koenning, Louis Jacobson, Leonard Ringstad, John Meyer, and Frank Reda.
The workshops are presented a unit program under the auspices of the security committee, in Stevens Point.

Sales to Win at "A" Ratings District Meeting Plays Will Be Presented in Aud.
This annual high school district one-act play contest will be held in the Central State auditorium, November 20, at 8 o'clock. The contest will get under way at 8 a.m. and last throughout the day. In charge of the activities will be the Wisconsin High School Forensic Association, Mr. Rendel, superintendent of schools at Colby, it is a former building.
In this district there are 11 leagues, with each league holding a contest. The winner of a ratings in these events will come here for the district competition. Last year there were 11. A rating winners and this year there are 12.

Inter-Faith Hold Thanksgiving Assembly
Inter-Faith council plans open the annual Thanksgiving assembly to be held on Wednesday morning, November 20, at 11 a.m. in the auditorium. The assembly will be conducted by Miss Helen Ewin, district chairman of the Inter-Faith council.

Gordon Forresten, president of the council, will head a committee in charge of preparations. Plans are not complete yet, but the entire committee hopes to have the best one possible for the enjoyment of the student body, Forresten says.

Pointe Notice
The next issue of the Puddler will be Thursday, November 18.
Recent additions to the Puddler staff include Ruth Tallmadge, feature editor, Jack Poppe, news editor, and Nadine Baker, circulation editor.

Concert Pianist Will Present Music Program
"Henry L. Scott, pianist, America's first concert pianist, will present an outstanding program in the Elmen- son school auditorium on December 1 at 5 p.m. The concert is one of the entertainments arranged by the assembly committee here at Central State.
"Those who like the boogie-woogie, tangos, tango and swing music, will love this concert, because he has been known to crosstalk the states of top flight pianists in the popular field. At one point in order to better understand South American rhythms, he got a job on a cruise ship and spent all his shore time hunting the dance halls of Havana and Trinidad. The result — he plays rumba, cha-cha, rumba and tangos with a zest and rhythm rarely found in North Ameri- can pianists. No academic music, the "Riffle" of the popular music field, Mr. Scott has established himself as an authority on "Riffing." America's first concert pianist, Mr. Scott brings an evening of piano music, humor and entertainment, and of versatility. He has toured Europe, the Orient, South America, and all the major cities.
Robert S. Lewis, chairman of the entertainment committee, announced that students may obtain their "tickets" to the concert in advance by presenting their "tickets" to the concerts in front of the library. On November 24-25, students must get their tickets at his time, for all

Open Your Heart
Help Clothe Korean Refugees; Cheer Christmas for Wounded
The student body and faculty here at Central State have an opportunity to do something about one of the suffering caused by the Korean conflict. Primary Council feels a real responsibility in this matter so it is sponsoring two service projects which depend upon student support and cooperation for their success.
The first of these is a collection of a fund to provide Christmas gifts for wounded Americans who will spend a rather cheerless Christmas in military hospitals. This collection is part of the Milwaukee Star-Ledger Drive. Contributions toward giving the wounded a better Christmas may be dropped off in the collection box in front of the library. We will also be having a food donation and some money that will help the Thanksgiving vacation.

A drive for warm clothing for South Korean refugees will be held on Monday, November 26, from 4 o'clock to 8 o'clock. The Primary Council has set the drive for the day next after Thanksgiving so that it will have time to see what for suitable clothing during the Thanks- giving vacation. A suggestion of the types of clothing acceptable are sweaters, trousers, socks, jeans, warm stock- ings, warm socks, warm underwear. Be sure to send the gifts in scarves, caps, gloves and mittens. Outfitting the kids, please make certain that the buttons and zippers are on the garments.

Classes Changed
Friday's schedule of classes will be held as follows: Science and Social Studies Friday, November 21. The afternoon classes will be held as follows: Biological students to get an earlier start for the same classes. The 1:15 class will begin at 12:20, the 2:15 class at 1:20, and the 3:45 class at 2:40.
**Weekend Activities Apology**

Last year, as almost everyone will remember, a movement was started to increase the number of students remaining here on weekends. These activities were labeled “Operation Weekend,” and while the idea is good in itself, it is not such a success as some might wish. If we just step back and look at the large number of events that have already taken place, with more than half of the semester over, it can be readily seen that the project of the “additional weekend” is not a functional one. The time and effort put into this project is a disappointment, but it is not the fault of the organizers.

The ideas behind the football games, dances, parties and other things that have been happening are important to the community. But they are a good idea and not a failing. American Education Week is performing a real service for our country.

I. L. C.

---

**Back Education With Cooperation**

This week the students of November 17-18 are the thirty-first observance of American Education Week. Our democracy and the preservation of our freedom depends upon the number of trained young men and women who are learning and developing opportunities for better education for each individual. American Education Week is performing a real service for our country.

Thanksgiving Is Religious Festival

RUTH TALLMADER

The sweet aroma of pumpkin pies spread abroad with honeysuckle vines. It soon after — this month is Thanksgiving — before the American holiday.

In the midst of glutony it would be well to remember that the word “Thanksgiving” means Holy Day, a chosen day of rejoicing. The custom of Thanksgiving did not become official until the Pilgrims landed in the New World in 1621, but in Biblical times. The first offering of Thanksgiving was recorded that of Cain and Abel. Abel brought forth the fruit of the ground and Abel the blood of the lamb to offer to the Lord. In Deuteronomy it is recorded that Moses requested of the Hebrews — “seven days shall then keep a feast and the Lord thy God shall bless thee in all thy ways.”

In ancient Europe, especially England and the Netherlands, it was the custom to make a special significance of the harvesting of the last harvest, a load of grain, and a day of festivities and feasting in honor of the Lord for the harvest. According to some accounts, the date for this would be the year before the harvest season and was to be observed as a season of thanksgiving. The first Thanksgiving was observed in 1620, the year that they landed in America. Although the American colonists were too much occupied to admit it, these ancient customs and observances are still with us.

We Two Were Thankful

The colonists had cause to be thankful before the Pilgrims ever set foot on American soil.

They had survived the severe winter and had an abundance of food for storage, the near, until at least Thanksgiving...
In 10;;1
Camp Randall, here we come! That’s right, we’ll be at Madison this weekend when the Badgers take on the Big Ten competition against the Hawkeyes of lowly Iowa. For those of you who have your job this past weekend as they single-handedly decided to ignore the games on hand, we hope you’ll bear their part 1:39. 5am. Saturday, looking forward to seeing the Badgers take on the Hawkeyes on their home turf.

Looking ahead to predicting the score of the game we are looking forward to a victory. Although it may seem unlikely, Wisconsin has been flying high most of the year and we foresee this week will bring a let down.

We pick the Badgers by 9 points.
The game of the week will take place at Columbus, Ohio, where the Buckeyes will be celebrating their homecoming against the Illini. We look at the two teams on paper and see there are a few things we would like to see. We’ll be at home for the Buckeyes and the Illini. The writer feels whatever the Buckeyes do will decide the outcome of this game.

Minnesota Gophers finally jumped into the win column last weekend and may be the only team to top Minnesota. We’re sure the Gophers have come a long way since their stints in Nebraska were not good enough to defeat Purdue. The Buckeyes defeated Northwestern last week without too much effort, so they are not a team to be taken lightly.

With the sports spotlight on most anything this time of year, we stand at the sidelines of everything from football to the curb of High

Basketball League for Orthodox

Meadowbrook is organizing a basketball league for orthodox members and all Catholic men on the campus.

All men interested in this league are asked to meet at 7 p.m. tomorrow afternoon in room 103. Those unable to meet at 7 p.m. are asked to phone the office at 22.

Pledging Climaxed by the Hawk’s of Minnesota State college conference football season finds the Gophers of Millwaukee State losing by 10 points. This was the third game of this season.

Basketball Season Nears; Pledging Climaxed by the Hawk’s eye s of turn to Big Ten competition against the Quaker’s of Pennsylvania State University. Buckeyes will be celebrating their 39th straight victory over the Gophers due to the University’s defeat of Northwestern last it game. Purdue, which makes them a prominent team in the Big Ten.

Homecoming against the Illini.

Buckeyes will be playing the Hoosiers and the Buckeyes defeated Northwestern last it game. Purdue. which makes them a prominent team in the Big Ten.

Saturday to the Purdue noller-suspen­

sion Conch Hall, leads us to make except Michigan and also on the field, which looks like Indiana and shouldn’t Miami ( Florida) over Florida by 6 points on December 5. Here, so from the writer, note that the Quaker’s of Pennsylvania State University.

In California Michigan is looking at the two teams on paper and also on the field, which looks like Michigan State will face the Quaker’s of Pennsylvania State University. In the fourth year: Anderson, 5’10” his fourth year.

And also on the field, which looks like Michigan State.

Michigan State is going to risk his neck next week to the S.U. over Texas A M. by 12 points. Anderson is going to risk his neck to the S.U. over Texas A M. by 12 points.

They face Oregon State over Texas A M. by 12 points.

They face Oregon State over Texas A M. by 12 points.

And we with the S.U. over Texas A M. by 12 points.

They face Oregon State over Texas A M. by 12 points.

And we with the S.U. over Texas A M. by 12 points.

They face Oregon State over Texas A M. by 12 points.

And we with the S.U. over Texas A M. by 12 points.

They face Oregon State over Texas A M. by 12 points.

And we with the S.U. over Texas A M. by 12 points.
King Gordon Fairber and Queen To Reign Over Annual Senior Ball

Lifting dance music and colorful decorations will greet the many dance fans who will attend the Senior Ball on Friday evening, November 10th. Leading the grand march will be Gordon Fairber and Queens, the senior class, and his lovely queen, Beverly Israelsen. Gordon is the student council's senior class representative and Beverly, a senior student at Central State.

Chaired by Mary Jewls, the theme committee for the event plans this week and makes final preparations for the theme. Working Long Mr. H. F. Thompson, Carole Gilbertson, chairman. The committee members include: Leo Légaré, president; Jeanette Holm, secretary; Russell Roberts, treasurer; and Alice Johnson, assistant secretary. For the Senior class are Miss Pauline Isaacson and Dr. Edgar F. Piper. The Ball is an all-school affair and dance bands will continue from 11 o'clock.

DOUBLE TROUBLE

(Continued from page 1)

out with the desired item casting the jaw of he now embarrassed patron.

Paulson Head Class

The Paulson twins, Gene and Bob, are also from Ribedeau. A slight discrepancy in weight is all that prevents them from being perfectly identical as physical appearance. They are 19, and have blue eyes and brown hair. They are successful school politicians. Bob is president of the sophomore class and Gene of the senior class. In the recent student council election, Gene campaigned successfully for a position on the student council, which he obtained with Chi Delta fraternity active in fraternity at Ribedeau.

Baseball is their favorite sport and they both have many talents and abilities. Gene likes "Moonlight and Roses" and "Round midnight," but he is not a great reader, and he has no favorite color. Bob says that his favorite color is black, but when it comes to other things, he doesn't quite know what colors he likes. His novels are "The Man in the Grey Flannel Suit," "The Quiet American," and "The World of Henry Miller." But maybe you can figure out what he likes by yourself.

Twins Have Proves

Bob says that Gene is a real live wire. Bob says that Gene is a real live wire. Bob says that Gene is a real live wire. Bob says that Gene is a real live wire. Bob says that Gene is a real live wire. Bob says that Gene is a real live wire. Bob says that Gene is a real live wire. Bob says that Gene is a real live wire.

Twins Have Advantages

He adds, "And don't forget the close position they hold on the school basketball team. They are always together in everything they do."

Mr. Kasprzak, the principal, says, "They are very much a team when it comes to basketball. They play well together and always try to help each other. They are a valuable asset to the team."
