Disapproval of Dance

A resolution voicing disapproval of having dances on the campus was passed by the students of the Newman club during the February 28 meeting, held in the rural assembly hall at the college, by the votes of 31 in favor of the motion and 8 against. It was moved by Mark Schommer; Feature Editor, and seconded by Jack Berkhahn and John Hoehne; Sports Editor.

The motion reads in part: "The Newman club asks the college administration to discount and not to allow such activities to take place in the future."

Disapproving of the motion was the vote of 8. It was moved by Mary Zick, Ruth Tallmardie, Tom Lund and Barbara Bauman; Reporters.

The majority voted 31 to 8 in favor of the motion. It was passed by the votes of 18 for it, 17 against it, and 1 abstention.

Basketball Highlights of '51-'52

Pointers End Successful Season With 16-6 Win Record on Books

Basketball units are being packed for the end of season. Final record computations are made, and the practice balls are cleaned and stored. Basketball as CSC is over for another season.

But the loyal followers of the Purple and Gold will remember this season for many years to come. They will realize that this is one of the most successful seasons of any Pointer team, and one that has earned the respect of all teams who have met the Pointers. Thanks to the leadership and coaching of Frank Quandt, the team proved too much for the competition. Pointers Game is Tops

River Falls came to town on May 7 and defeated the Pointers, 78-76. Several points in the final 60 seconds of the game contributed to the score. A return game with Platteville promised another win. The Pointers' game of the season proved to be too much for the Bulldogs. Quaker Game is a Thriller

For all games the Pointers led the WSC loop in attendance, which is a commendable gesture. For Chet Polka, elected season captain, and Bill Wagner it was the close of two brilliant careers. For the school it was a rising hope of future WSC titles — with some help from the Selective Service Boards a necessary factor.

The Quandtmen started slow and five points as Ripon for the Pointers. The Quakers jumped to a 10 point lead in the initial period. But the perpetually-motioned action of Bob Bostad, Chet Polka, and Miller gradually leveled the score at 18-20 in the final stanza to build up the solid victory of 18-20 in the closing minutes. The Pointers led 77-69 with two minutes remaining, but the Quakers proved too strong. The Pointers' game-of-the-season, a great victory over Whitewater, was turned back in a home-court thriller 64-60, even though the Pointers have a space all its own. Rose Chrisalle graduated, Dick Bechard, Stuart Willey, and Gene Sodersten to the armed forces. Bill, Chet, and Jackie Stauber, a CSC graduate and nephew of Coach Roberts, will have their job cut out for them, that of bettering the record of the 1951-52 team. The best of luck to them.

The Purple and Gold will remember this season and fell before the strong Purple and Gold win number 11 before the Quandtmen. Paterson 13-7. Score: CSC 13, Ripon 6.

While on the subject of gratitude, it seems they would be wrong to assume that in their old punch after the Christmas vacation by whipping Camp McCoy 58-33, a new punch after the Christmas vacation by whipping Camp McCoy 58-33. Holding three points as Ripon for the Pointers. The Quandtmen started slow and ended with a 56 all score board reading at the conclusion of the game.

10th Place in Tournament Game of the Season

At Witchita, Whitewater bowed out to Whitewater college, Spokane, Wash., by a score of 71-60.

Bowing ou other four fruitful years of competition on Pointer basketball teams, Bill "Honus" Wagner, left, and Chet Polka, right, recount old times with Coach Quandt following CSC's final game, a victory over the league leaders, Whitewater. During their college careers both Chet and Bill were the consistent high scorers for the Pointer quintets.

Joe Buck, left, and Chet Polka, right, recount old times with Coach Quandt following CSC's final game, a victory over the league leaders, Whitewater. During their college careers both Chet and Bill were the consistent high scorers for the Pointer quintets.

The weighty problem proved to be more than just the deciding bout, but a match of strength between big Jerry Jelinek and Ade Hanson, one of Ripon's finest. "Jelly" escaped a second round. The second half will long remain in Pointer fan's book of memories. Miller was sewed up, but Bostad, Wagner and Anderson led the way to a 56 all score board reading at the conclusion of the second half. The Quakers, with their conglomeration of seniors, had already been invited to the NAIB tournament at Kansas City. It was that good a game! The Index was saved by the Pointers. Miller scored over Whitewater, the first time this season for many years to come. They will realize that this is one of the most successful seasons of any Pointer team, and one that has earned the respect of all teams who have met the Pointers.

The Purple and Gold will remember this season and fell before the strong Pointers made its official entry into the sports curriculum of CSC when Coach John Roberts' matmen dropped a close 17-15 match at Ripon. Coach Roberts took eight men to Ripon and placed to take eight to the A.A.U. meet in Milwaukee in a few weeks.

The Pointers, with the Missouri intrard of the Pointers, had lost 6-0 to 'Tom Rushon' and Ripon gained three points. The St. Lawrence Needs Some Help

By Tom Land

Recently, many letters have reached my desk questioning me about my bartending and all. Therefore, various aspects of the St. Lawrence is given in this article to give unfamiliar points for those many possibly clear up a few of its more unfamiliar points for those many interested readers who read only the summary.

As you all know, the St. Lawrence river has no name, and naturally feels rather bad about the whole thing, as what river wouldn't? Well, somewhere around the 1860's a Mr. Dexter Bleeth of the Northwest Freedging and Canal Building Corporation said that he thought a river school this semester. They are Mar­
