Intorsionesty on February 14

Valentine's day is coming soon enough to keep many boys and girls in their roles, and it will be interesting to see how this year's crop of students will celebrate the occasion. All girls in the class of 1943, and many in the class of 1944, will be celebrating Valentine's day with their boy friends, and many others will be thinking of their sweethearts. It is a very interesting and amusing day, and one that is sure to be enjoyed by all who are fortunate enough to have a sweet heart to celebrate with.

Cupid's day is the occasion for expressing affection to those who are loved. It is a day of romance and love, and it is sure to bring a smile to the face of every young man and woman who is fortunate enough to have a sweet heart to celebrate with. It is a day of joy and happiness, and one that is sure to be enjoyed by all who are fortunate enough to have a sweet heart to celebrate with.

Proposal Fee Increase Outlined by President at Assembly

A proposal to increase student fees was brought to the attention of the assembly by President William B. Gehrke. President Gehrke proposed that the current fee of $4.50 per course be increased to $5.00 per course.

The increase in fees was proposed to help support the college's financial needs. President Gehrke stated that the college is facing a budget shortfall and is in need of additional funds to support its operations. He emphasized the importance of the college's financial stability and the need for all students to contribute to its support.

The proposal was met with some opposition from the assembly members. Some members argued that the increase would be a burden on the students and that it would be unfair to those who are already struggling to pay their tuition fees.

President Gehrke responded to these concerns by emphasizing the need for the college to maintain its financial health and to be able to provide quality education to its students. He stated that the increase is necessary to ensure the college's continued success and to maintain its reputation as a top institution.

The assembly will vote on the proposal at its next meeting.

Kohler Takes Recall Quantity for Increase Student Fees Raises Protest Here

In a recent student opinion survey made by the Pointe, a survey which attempted to obtain a fairly accurate cross-section of student opinion, it was revealed that a majority of the students have the varying degrees of apprehension to Governor Kohler's proposal to raise student fees.

In general the students interviewed were very much interested in the matter and expressed their approval of the survey. They were willing to pay more for a quality education, provided they be satisfied with the extent to which it was being provided.

The answers to the question, "What is your opinion of Governor Kohler's proposal to increase student fees?" were as follows:

"The budget is too small, and I think we should be paying more," said John Smith.

"I don't like it. It's too much for freshmen, especially, and I don't like the proposal to put this tax in a general fund," said Robert Jones.

"I don't like it. It's not good enough for the smaller state colleges and shows that we're willing to come to the state for a higher cost of education," said Roger Schneider.

"I think it's a waste. I can hardly pay the fees now," said Mary Brown.

Harriett Martin: "It's an additional tax on parents who pay for the students' education. It would be a bad tax, I feel. But, if the money is going to be used for a good cause, I am against such a tax."

"The tax is not going to be used in any way. I think we should be paying more for a quality education," said John Miller.

"I don't like it. It's too much for freshmen, especially, and I don't like the proposal to put this tax in a general fund," said Robert Jones.

"I don't like it. It's not good enough for the smaller state colleges and shows that we're willing to come to the state for a higher cost of education," said Roger Schneider.

"I think it's a waste. I can hardly pay the fees now," said Mary Brown.

In conclusion, the students interviewed were very much interested in the matter and expressed their approval of the survey. They were willing to pay more for a quality education, provided they be satisfied with the extent to which it was being provided.

Seniors in Home Ec to Observe in State High

The seniors in Home Ec have been given a realistic experience than regular one hour classes could offer. By going to the State High to observe in home economics work, the seniors are getting a first hand look at what Miss Rita Younous, head of the home economics department, considers the most important aspect of home economics.

Some of the things the girls will observe include the home economics department, the home economics department's place in the school curriculum, and the work being done in the classroom. The seniors will also have the opportunity to observe the teaching techniques used by the Home Ec teachers, and they will be able to discuss these techniques with the Home Ec teachers.

The seniors will also be able to observe the students in action, and they will be able to see how the students are learning both the technical and the practical aspects of home economics.

"Harvey" bows out to play "Kind Lady"

The play "Harvey" will be produced by the Drama League in the Sky Club on Wednesday, February 14, at 8 p.m. The play will be followed by a dinner in the iris society room.

The play is a comedy about a man who lives in a world of imaginary things. The man, known as Harvey, is played by Jack Bailey, and he is accompanied by Dolly, played by Mary White.

The play is directed by Jack Bailey, and the cast also includes Mary White, Jack Bailey, and Dolly. The play is produced by the Sky Club, and the proceeds from the play will be used to support the iris society.

"Harvey" is a classic American comedy, and it is sure to be enjoyed by all who attend the production. It is a funny and entertaining play, and it is sure to be enjoyed by all who attend the production.
Do You Know?

It has come to our attention that many people do not know just what WSGA (Women’s Self-Governing Association) does, or if they do have a vague idea, many of them misunderstand it. The students (boys included) of Central State should know just what WSGA does for this campus.

The purpose of WSGA is to further the spirit of unity among women on the campus, to promote activities of special interest to women students, and to keep a high standard of social life. First of all we would like to explore the very erroneous statement that WSGA is a closed group, and not representative of the girls at Central State. While the Executive Board is a closed group, and not all departmental representatives are included in the Executive Board, the rest of the officers and representatives have no restrictions and all are elected by the entire body of women students or by the women students of a particular department, i.e. anyone and everyone interested is eligible to be a representative.

However, the Executive board meetings, which are called by the president, are announced on the main bulletin board, and are open to any student or faculty member who has some questions or is interested in attending.

Women’s Self-Governing Association "is interested—so much in "normal" campus life that it has decided to sponsor groups to help solve various campus problems. While it is true that WSGA is sometimes known to be a necessary evil, it should be made perfectly clear that WSGA is the only organization of its kind on campus.

In response to the statement that it is not clear what WSGA does, a list of the things which WSGA does can be compiled:

1. It sponsors the big little sister program each fall.
2. It has sponsored a freshmen handbook for the past three years.
3. It entertained seniors graduating at mid-year at a formal coffee hour.
4. It sponsors the homecoming football game each year.
5. It sponsors an all-women’s dinner in the spring, honoring graduating seniors.
6. It was the first to sponsor the Thanksgiving and Easter services.
7. It entertains the new students at mid-year at an informal coffee hour.
8. It sponsors at least two all-school activities during the year.

In closing you might be interested in what WSGA is planning for the second semester. Due to conflicts we were not able to have an activity the first semester. But for the second semester, first of all the freshmen social which you will hear details of, and second the visit of Alice-in-Dairyland to the campus sometime in March. We are also trying to get a group here to conduct a workshop at the annual M.S.S.

FAMILIAR FACES

The dormite’s face that graces this page is Claire Lang, junior, a bat and Artise Melker, a senior in the intermediate department of the College. Claire is one of those lucky seniors who has completed all credits including practice teaching, has signed a contract to teach in the 4th grade in Edgerton, Wisconsin. She is taking the last semester in the College of Education. WSGA grad who is getting married, Miss Melker hopes she is as successful. Artise believes in the old proverb, “you have one chance at life, enjoy teaching, knitting argyles and driving a Kaiser. She is fond of people, of art and travel. During her tour out west last summer, she met Doris Schuey of Fairbanks who now is teaching at Redlands, California, via the phone, from her home in Angkeli and San Diego. Her future plans are to return to Fairbanks, Alaska, at least she hopes so.

A treasurer of Garrett Music Club for Roy Anderson is New Delzell Head

Roy Anderson is the new president of Delzell Hall. The dorm boys elected an entire new slate of officers for the second semester last night. The other officers are: Don Bean, first vice-president; Jerry Boettcher, second vice-president; Artise Melker, treasurer; and Earl Grow, secretary.

Sigma Zea to Give An Assembly Program

Sigma Zea, honorary science fraternity, is sponsoring Dr. J. W. Bucha in an assembly program Thursday, February 19, at 10:30 in the college auditorium. Dr. Bucha, chairman of the department of physics at the University of Minnesota, will speak on cosmic rays. He will demonstrate a geiger counter and present slides.

Inter-Sorority Council Names Semester Officers

At February 8 meeting, the Inter-Sorority Council held election of officers for the second semester. Eleanor Curtis, Tau Gamma Beta, and Doris Polzin, Omega Phi Alpha, were named as sorority representatives. There were few ballots cast.

Pan-Hall Elects New Semester Officers

Pan-Hall activities are under way under the sponsorship of student election of officers last Monday, February 15. Joyce Mau, Tau Gamma Beta, was elected president; Jerry Bartos, Phi Sigma Epsilon, secretary; and Betty Belfer, Omega Mu Chi, treasurer.

Eight Central States Earn 3-point Average

Eight lucky CBC students got three additional semester credits when the elections of officers last Monday, February 15. Joyce Mau, Tau Gamma Beta, was elected president; Jerry Bartos, Phi Sigma Epsilon, secretary; and Betty Belfer, Omega Mu Chi, treasurer.

Points to Take On River Falls, Superior On Successive Nights
Stevens Point's Pointers, possessors of a third-place, 5-3 record in the West, began a toughest two night schedule of their season when they journeyed into the frozen northland to tangle with the tough touch Yellowjackets of Superior and the high-scoring Falcons of River Falls. Making the assignment doubtfully difficult is the fact that the two games are played on successive
twilight nights, Friday, February 13 and Saturday, February 14.

The Pointers ended their
voluntary vacation with 15.
Their next opponent is the
high scoring Falcons of River
Falls.

Gulls, Quakers, Vikings Fall to Pointers, but Pioneers Triumph
CSC managed to win three of four
games played within the last two weeks as they traveled to Lawrence, Milwaukee, and Whitewater in their last three games. The Pointers top on top of the conference heap with a 7-0 record, and the Pointers are in the Pointers' drive toward a reservation in the conference finals. In Lawrence, the Pointers walked away with a 114-11 victory over the Vikings. The Pointers' win was as lopsided as the game itself, with the Pointers gaining control of the game late in the first period, and building a 22-point lead by the end of the game. The Pointers' win over the Vikings was their second consecutive victory, following a 128-61 win over the Quakers in the previous game.

Central State Wrestlers

The Pointers ended their
five-game losing streak and gained the win over the Vikings. The Pointers gained the win by gaining control of the game late in the first period, and building a 22-point lead by the end of the game. The Pointers' win over the Vikings was their second consecutive victory, following a 128-61 win over the Quakers in the previous game.

Boylan Moved from Roolto to Classroom

Kenneth W. Boylan at last has been freed from the "courage of Room 255." After five and one-half years of patiently enduring the trials and hardships of his third floor room, Mr. Boylan has been awarded a real office of his own, and not 255, near the auditorium on the second floor.

For the past five and one-half years through extreme heat (from the skylight) and biting cold (it takes a long time for the steam to reach this floor), Mr. Boylan has taught his math students to the tune of infinite patience and musical radiators. Add to this the wholesale occupancy of 255 at the beginning of each semester by the textbook library, and you may have some of the reasons for the gray in Mr. Boylan's hair.

Without doubt, though, declares Mr. Boylan, the worst of it was the knocks he received on his head from the rather low, sloping ceiling. Even in five and one-half years he couldn't learn to duck every time.

Needless to say, Mr. Boylan is glad to have an office of his own and not just a desk in the corner of a classroom. His students also benefit from the more agreeable climate of 255.

Perhaps some day Mr. Boylan will be privileged to joint the Porter staff in the prestige of a first floor office.
