Misses Hanson, Heel Resign and Mr. Sylvester Returns to College

President William C. Hanson announced today the resignation of two CISC instructors and the return of one who had been on leave of absence. The two who have resigned are Miss Gertie Hanson, geography, and Miss Helen Heel of the music department, and the instructor who is returning is Walter R. Sylvester, a member of the conserva
tion department staff.

Miss Hanson has resigned her position as a member of the faculty effective September 1. Her connection with Central is that she was in the college in September 1930. She has taught continuously on the staff since then, except for three and one-half years of study.

Attended Wisconsin U.

In 1923-24 and September 1928 to February 1932, she attended the University of Wisconsin to complete her work for her degree. In 1933-39, she did an additional year of graduate work at the University, devoting a good deal of time to educational research in school broadcasting. Her first assignment on this staff was in the Training school, grades 7, 8, 9, and 10. In 1957 she was assigned to the Geography Department and has remained in that department since that time.

Miss Hanson has also been the faculty advisor for the development of the radio program in conservation and has served as chairman of the Radio committee and has assumed responsibility for the complete operation of the radio program in the Training School, depending almost exclusively on student help, for the technical assistance needed in the operation of the geography programs broadcast by the state network in recent years.

Miss Hanson has made no announcement concerning her resignation, but has indicated that she is interested only in a change of occupation rather than for a teaching position.

To Direct Workshop

Robert W. Sylvester announced Miss Hanson as director of the Radio course, succeeding David Silverman, student director.

Miss Helen Heel of the college music Department has also resigned her position as of September 1. Miss Heel who is from North Maine, came here in September, 1948, and has taught music methods and supervised the music instruction in the Training school. She is a graduate of the University of Michigan, from which she has a master of music degree. She has no announce ment concerning her decision to leave.

Walter R. Sylvester, who taught in the Conservation Department from September, 1947 until 1951, will re turn in September to resume his posi

tion in the Conservation Education department. Mr. Sylvester took leave of absence in 1951 to complete his graduate work for his Ph.D. degree. He expects to complete this work before the opening of college in September and will return to his old assignment here. His graduate work has been done at the University of Michigan in the field in which his teaching will be done.

Reviewing the last 18 issues of the Pointer, one is struck with the great satisfaction the Pointer staff has experienced from the efforts of all those who have made possible the printing of the newspaper.

The Pointer is the work of the students of the Stevens Point High School. It is their effort, their struggle, and their satisfaction.

We would like to dedicate this book to all those people who helped us along the way. We would like to thank all those people who made possible the printing of the newspaper.
