

Freshmen Aren't the Only New Faces, New Faculty Members Join Staff

When school began this fall the students not only saw new classmates but new instructors as well. However, some of these teachers are not strangers on the CSC campus, for they have previously taught here in the summer school or regular sessions. The new faculty members are Miss Patricia Reilly, the Misses Mary and Vivian Kellogg, Robert T. Anderson, Henry M. Runke, and Dr. Walter R. Sylvester.

Miss Reilly supervises music in the College Training school and teaches college classes in music methods. Prior to coming to CSC, she had been music supervisor in the Two Rivers public schools for three years and in Ripon for two years. Miss Reilly also taught music methods for elementary teachers during the 1951 and 1952 summer sessions at Wisconsin State College of Milwaukee. She studied music at Milwaukee State college where she received her bachelor's degree and holds an M.A. degree in music supervision from Columbia University in New York City.

THIS SUMMER Miss Reilly accompanied a public education seminar and study tour group from New York University to Europe. Her two month tour included England, Scotland, Belgium, Germany, Switzerland, and France. While on the continent she attended the First International Conference on Music in Education sponsored by UNESCO in Brussels and visited with relatives in Luxembourg. She is vice-president of the Wisconsin School of Music Association and a member of the Music Educators National Conference.

Miss Lulu Kellogg, a graduate of Central State, is the Junior High school supervisor of social studies. For the past 10 years she has been principal of the Wausara County Normal in Wautoma. She received her M.A. from the University of Chicago. Miss Vivian Kellogg, who is the sixth grade supervisor at the Training school, like her sister, is also a graduate of Central State college. She received her M.A. in guidance from Northwestern University in Evanston and has also been on the staff at the Wausara County Normal.

ROBERT T. ANDERSON of the geography department replaces Miss Gertrude Hanson, who retired at the end of summer school. He graduated from Eau Claire State college with a B.S. degree, holds an M.S. degree from the University of Wisconsin, and at present is a candidate for a Ph.D. degree at the state university. Mr. Anderson has taught at Elk Mound, Black River Falls, Carroll college, the University of Wisconsin, and also here at CSC during the 1949 and 1952 summer sessions. An air force veteran, he is married and has one son.

Henry M. Runke, before coming here to fill a new art position, was a teacher and supervisor of art in the Antigo public schools. He not only

has charge of art in the upper grades in the Training school but has college classes and an extension art course as well. Mr. Runke studied art at the University of Wisconsin, where he received his B.S. and M.S. degrees. Another air force veteran, he is married and has three sons.

Dr. Walter R. Sylvester has returned to the college conservation department after a two year leave of absence. He received a Bachelor of Science and Forestry degree from the Michigan School of Forestry and Conservation and an M.S. degree from Penn State where he had been a member of the cooperative wildlife research unit. During the past two years he has been a research assistant at the U. of Michigan at Ann Arbor and just recently received his Ph.D. in conservation from there. Before coming here to teach in 1947, Dr. Sylvester worked for the U. S. Fish and Wild Life Service for five years. He is married and has three sons.

Continuing her work as part time teacher is Mrs. Alice Blodgett, who has three classes in Freshman Composition. Mrs. Blodgett has a B.A. from Lawrence college and has done graduate work at the Breadloaf School of English in Middlebury, Vermont.

Mrs. Ellen Specht, who is in charge of publicity for the college, is now teaching one class in Freshman Composition. Mrs. Specht has a B.S. degree from Wisconsin State College at Oshkosh and has done graduate work at the University of Wisconsin.

Dr. Louis J. Staeker is a counselor in the veteran's administration counseling and guidance unit. Last year, Dr. Staeker was a student counselor at the University of Wisconsin.

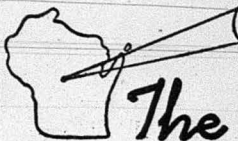

Enrollment Climbs To 759 As Classes Begin At CSC

When the first full week of classes of the 1953-54 school year at Central State college came to an end on September 25, the total enrollment recorded was 759 students. This figure is 52 more than the 707 enrolled last year.

It might interest some to know that of the 759 students, 417 are boys and 342 are girls. The freshman class, one of the largest in the history of the school, contributed 133 girls and 188 boys to this number.

Unofficial figures show a total of 7,606 students registered at the state colleges throughout Wisconsin. This shows an increase of three per cent over last year's enrollment.

Other enrollments announced last week are: Milwaukee 1,825; La Crosse, 913; Eau Claire, 783; White-water, 725; Superior, 715; Oshkosh, 662; River Falls, 659; and Platteville, 581.

CENTRAL STATE The POINTER

SERIES VII VOL. III

Stevens Point, Wis., October 1, 1953

No. 1

Tentative Program Set for Homecoming

Robert Ullsperger, Algoma, a senior in the Secondary division, has been named chairman of the 1953 Homecoming festivities. Plans are being laid for the biggest Homecoming on the CSC campus. Homecoming activities will begin on Thursday, October 22, and continue through Sunday, October 25.

The tentative schedule of events is as follows:

Thursday, October 22 — Election of Queen and class officers.

Friday, October 23 — Hobo Day with assembly at 3 o'clock at which time the Queen will be crowned. Bonfire at 8 o'clock.

Informal dance at Delzell Hall after bonfire.

Saturday, October 24 — Parade at 9:30.

Football game with Platteville at 2 o'clock.

Open House at Delzell Hall after game.

Sorority and fraternity dinners at 6 p.m.

Dance at P. J. Jacobs gym at 8:30 p.m.

Sunday, October 25, — Men's Glee Club Concert at 2:30 in the auditorium.

September 29, 1953

I extend a hearty welcome to all new students and also my personal greetings and best wishes to all who have returned to the campus. I appreciate the opportunity the Pointer gives me to publish this message. It looks like a good year ahead for Central State. Let's do all we can to make it so, then we'll all be able to enjoy it more.

Wm. C. Hansen
President

IT'S "GOOD-BYE CENTRAL STATE" and "Hello Uncle Sam" for Nubbs Miller (31) and Bob Bostad (52), star CSC football players. The luggage the boys are carrying was presented to them by Ray Anderson, on behalf of the "S" club and businessmen and Bleacher Coaches of Stevens Point.

WE DEDICATE

this first issue of the Pointer to Bob Bostad and Nubbs Miller who left last week to join the forces of Uncle Sam. Bo and Nubbs leave behind them an outstanding athletic record in every field of sports in which they participated.

Nubbs came to Central State with the honored title of all-state back, earned in 1950 as a P. J. Jacobs senior. While at CSC, many were the times that the fighting fullback "Nubbs" led his teammates to a rousing victory. Last December, as a final tribute, Nubbs was named to the mythical Little All American team.

Bo was a consistent starter on the college hardcourt five and an agile end on the defensive football squad. While at CSC he was named to the all conference football team and he played the forward spot on the conference basketball "Dream Team." Many were the games that Bo's left-hand drive-in shot won for Central State.

And so, leaving such records behind them, Bo and Nubbs cannot fail to be sorely missed as the athletic season advances. In their new field of endeavor we can only say, "Good luck, fellows!"

CSC Students Watch, Wait Anxiously As Library Exterior Nears Completion

One of the most modern libraries in the Midwest is nearing completion on the campus.

Located on Fremont street between Delzell Hall and the main building, the library will be centrally situated on the campus. Entrance to the library can be gained through the three ground floor entrances or through a tunnel between the basement floors of the main building and library.

The first floor will have the book stacks and a large main reading room for students who like to read and browse. A reserve reading room for assigned studies will be ideal for quiet study. On the second floor an audio-visual auditorium with movable seating facilities for 150 can be used as a study room or as a room to view foreign films. The walls are suitable for art exhibits. A music listening room will provide opportunity for groups or individuals to listen to their favorite classical composers. Equipment will include five table consoles to be placed on specially designed tables. If desired, a head set can be plugged into each console. Two seminar discussion rooms will also be on this floor.

The library basement will contain storage space for federal and regional documents, depositories available to the public, and will have a textbook library. Smaller rooms for storage and repair, rest rooms, and a large area for stack space will utilize the rest of the basement space.

The present library has space for 35,000 volumes, but actually contains 45,000 volumes. The new CSC library is capable of handling 200,000 volumes, which under normal con-

ditions will be reached in 40 years. Seating space for 375 students has been provided in the new library compared to the present 125. When completed, over \$750,000 will have been spent on the new building and equipment.

The library building committee has worked closely with the architects in planning the new building. Committee members include President William C. Hansen, committee chairman, Nelis R. Kampenga, librarian, Dr. Mary Elizabeth Smith, Leland M. Burroughs and Dr. Warren G. Jenkins.

Come April, 1954, if all goes well, the difficult task of moving must be accomplished. Plans are being made for a special college moving day. Classes will be cut short that day and students will be asked to carry armfuls of books to their new home.

Omegas Sponsor First Fall Tea

Fishing nets, buoys, sea shells, coral, and flamingoes carried out the theme of "By the Sea" when the Omega Mu Chi sorority fall tea honoring new students was held in Delzell Hall on September 22. The favors consisted of fish and ship name tags with yellow and lavender mums for all.

Miss Bertha Glennon, honorary member, Mrs. Raymond E. Gotham, alumna, Betty Crook and Joann Cuff poured. The president Jackie Piehl, vice-president Benita Held, honorary member Miss Susan Colman, and

I.F. Council Formed, Officers Are Elected

Mark Schommer was elected president of the Inter-fraternity council at an organizational meeting Monday night. The council is made up of representatives from Phi Sigma Epsilon and Sigma Phi Epsilon. Ray Anderson was elected vice-president and Jerry Boettcher is press representative for the group.

The Inter-fraternity council is something new to CSC. Plans and constitution for the organization were drawn up last spring.

The newly formed group will meet at least once a month. It will determine rushing rules, length of pledging and will mediate all problems of a fraternal nature.

Under the new set-up three representatives from each fraternal group on campus will represent that group. These representatives will consist of the group president, the pan-hellenic representative, and one member at large. LeRoy Pichatzke, Bob McMahon and Dave Silverman are members at large of the new group of six representatives.

Dean John E. Roberts has been appointed adviser for the group.

adviser Mrs. Phyllis Ravey were in the receiving line.

Entertainment was provided by the Omega quartet consisting of Barbara Anderson, Carol Corliss, Judy Clayton and Jackie Piehl as they sang "Carolina Moon" and "Basin Street Blues." Pauline Vincent did a modern dance to "The Moon is Blue."

Sally Scribner acted as general chairman for the tea. Other committee heads were: Dorothy Gilbertson, decorations; Judy Clayton, favors; Joyce Zerneke, food; Delores Thompson, invitations; and Dorothy Arndt, clean up.

READY TO TRAIN the student teachers (and the children) are these three new instructors at the Training school. Left to right they are: Miss Lulu Kellogg, who is a supervisor in the Junior High school; Miss Vivian Kellogg, 6th grade supervisor; and Miss Patricia Reilly, music supervisor.

STEPS

With this season of falling leaves and frosted air we embark upon another step on the stairway of education. For some of you it is the first step and for others of us it is nearly the last. Whatever step it is you are poised on, just stop for a second and look ahead. Those steps ahead that are stretching away into the distance . . . what do they hold for you? Do you know where you are going, or are you progressing toward an indefinite goal?

Is each of your steps marked with a definite purpose or do they have large question marks on? Stop now! What do you want from life ahead? What can you do at college this year that will help you climb your steps with less effort? Think about it! Plan your year and then proceed with sure and eager tread up the stairway to your future.

We are glad to see so many familiar faces back again and we want to welcome the enthusiastic new ones, too. From all of you the Pointer will welcome constructive criticisms designed toward improvement and any suggestions for stories you would like to see in the paper. This paper is meant to serve you, and we'd like to know what you want.

This year, once again due to a shortage of "greenbacks," the Pointer will be published on the average of every two weeks. Our next issue is October 15 for the big scoop on all Homecoming activities. Don't miss it! S. M. S.

FAMILIAR FACES

Mr. and Mrs. Ray Anderson

One and one make two. Two without one would be incomplete. Therefore, Bobbie and Andy! Need one say more?

It all happened on August 15 in Clintonville when the lad from White Lake incorporated "Anderson and Anderson" — Pushers for the Institution of Marriage" — his partner, of course, being Barbara Anderson, nee Hanson. That made Bobbie the envy of all the girls, for she now graduates with an M.R.S. degree as well as a B.S. She has also earned her B.A., spelled Barbara Anderson, or so says Doc Pierson.

Just for kicks, the married couple went up to the dorm (Bobbie's old home) at 11 p.m. to say "good-nite." Then they defied all regulations by turning and walking off the porch "stead of through the door. Some fun!

At present, the ex-fly boy lives with his bride at 1135 Clark st. (door to left — up to the second floor —

about baseball and basketball. Fishing fascinates him (look what he caught). Likes hunting, any caliber. Does a very terrific take-off on "Dragnet" or a Micky Spillane book. Both seem to enjoy cooking, though it keeps Bobbie on her toes trying to find new ways to disguise burned boiled potatoes. She also gets real excited watching the Bendix at work (in the Laundermat). She thinks that will wear off by June.

They plan to make money by renting the living room and kitchen privileges to couples going steady — say about three times a week.

On the campus Andy is a conservation major in the Secondary division with biology and history minors. Bobbie is a biology major with an English minor. Andy is a member of Alpha Kappa Lambda, president of

Phi Sigma Epsilon, S club, Sigma Zeta, secretary and treasurer of the Inter-Fraternity Council, was Junior class president royally waltzing Bobbie at the Prom, and is a three year letter man in basketball. plays a mean guard. Bobbie works on the Iris and is in Wesley. She belongs to the Omega quartet and was president of that sorority last fall. All in all, a very talented couple.

As for the future, Bobbie plans to continue being a housewife with a family the size of a basketball team, all boys. Andy wants another year at a university to obtain his master's.

Happiness has gone hand and glove with the Anderson's, and here's hoping it always will.

knock on third door to right). Come up any time and watch their pride and joy, a viewmaster, their TV set.

Actually marriage hasn't changed things. Andy still has to wait for Barb, (his pet peeve is waiting) though he must admit his living room is more comfortable than standing in one in Nelson Hall.

A very talented couple, they have a host of varied hobbies and activities. Bobbie is inspired by oils, likes music, especially piano, records, and most everything. She has scrapbooks; collects most anything. Andy's crazy

Padded Cell

by Benita Held

Hi there, you all! (To make anyone hailing from south of Point feel right at home.)

'Tis so nice to see so many faces here again . . . all the new ones, and, of course, the old ones, too. Hard to realize that we have already two weeks of school under our belts, isn't it? How time flies.

Seems like almost every issue we have news of some of Dan Cupid's latest starring roles. Right now, we're snowed under — he spent a busy summer! We hope we haven't missed anyone, but if we have, please put a bug in our ear — there's sure to be a continuation next time.

We'll begin with the first step — pinnings:

Delores Thompson and Bill Clayton; Luella Cram and Bob Reed; Jackie Piehl and Bob McMahon all were involved in this frat pin exchange business.

Then, a step ahead, are those happy recipients of left hand sparklers. Our list is growing —

Bill Anderson and Lynn Olson. Sally Scribner and Dick Harriman. Mary Ann Smith and Eddie Heuer. are a good start — not to be outdone by Kay Leahy and Jerry Bartosz. Roy Laszewski and Joan Altenburg. Bob Blomley and Benita Held.

Now, we have the young-marrieds. Ray Anderson and Bobbie Hanson are now Mr. and Mrs., as are Sally Benson and Jim Giordana, Peter Garcia and Ione Kraut, Marry Gilbert and Jo Jersey. Don Herrmann claimed Jean Robertson as his bride and Wyman Schmidt and Shirley Kubisak are jointly associated. Our alumni are doing OK, too — for Dona Dahm is Mrs. Herb Post, Phyllis Hazelwood is Mrs. Roy Haeck, Dottie Thompson is Mrs. Gordon Sorenson, and Jo Ann Buhrdorf is now Mrs. Pete Marsh.

Don Stassel is back from the army, and brought along his new wife, Barbara. Toulia Marros, formerly an office secretary here, became Mrs. Bill Sievers last Saturday. Allen Olson came back a married man. A few seemingly one-sided affairs (just 'cuz we couldn't find out who they married) are Winnie Pierre, Ed McCandless, Chuck Robinson and Roger Graham.

As we have writer's cramp from the above, we'll close the list for today. There are a few items (?) we aren't sure of yet, so we'll have more next time. Anyway, to all, BEST WISHES!

NOTES AND NOTICES

Attention, all freshman conservation majors! It's time to get acquainted with AKL, conservation fraternity here at CSC. We will see you Wednesday, October 7, at 7 o'clock in the rural assembly. A program is planned by the chairman, Ray Anderson, right after the meeting.

Attention, all college women! You are invited to attend the YWCA "Find-out" party at the Nelson Hall rec. room Thursday (tonight) at 7:15 p.m. Come and find out what YWCA is and does. There will be fun and refreshments.

"Calling all photo-bugs!" A special meeting for all those interested in photography will be held in Room 104 at 7 p.m. today (Thursday). Bring your camera loaded with black and white film. A big surprise evening for the amateur or professional. Ladies and gentlemen are invited.

Photographers are needed for the Iris and Pointer. However, if you are interested in picture taking without being on these staffs, come anyway.

Ray E. Specht

Cornelia Stadler to Give Program

On October 28, Cornelia Stadler, who is a monologist, will present a series of character sketches in the Central State auditorium. At the present time this is the only assembly scheduled for the first semester by the faculty assembly committee, but other assemblies will be announced as soon as they are booked.

Pointer Begins Fall Operations With New Student Management

This time of year brings many new things to the CSC campus, and along with new freshmen, new instructors, new clothes, new freshmen and new landmarks there is a new POINTER staff.

Last spring Shirley Sonnenberg accepted the responsibility of editor-in-chief. Shirley, a senior in intermediate, is the first girl since 1947 to handle this job. She began her POINTER duties as a typist when she came here from Wisconsin Rapids as a freshman. Besides these duties she is active in Omega Mu Chi, a member of Round Table and Wesley and is president of WSGA.

Head of the news and features department this year is Virginia Brisco, Virginia calls White Lake home. She is a junior in the secondary division and is president of the Home Ec club.

Jerry Baerenwald is the man to see about sports write-ups. He is a member of S club, the Phi Sig, Alpha Kappa Lambda, and the Iris staff. For recreation he bowls in Intramurals and is senior manager of the football and basketball teams. Coming from Clintonville he is majoring in conservation and biology. In his spare time he can be located at Dell-zell Hall.

Chief of the composition department is a Shawano man by the name of Earl Grow. Besides his POINTER duties he is also kept occupied by participation in Sigma Phi Epsilon and the College Theatre.

Charlotte Aronson is head typist. Graduating from high school in Iowa three years ago, Char plans on graduating from CSC next spring and making use of her primary teaching abilities. She belongs to Tau Gamma Beta, LSA, and primary council.

Head proof reader, Shirley Sheets, is a junior from Wisconsin Rapids. She is a member of Tau Gamma Beta and of Wayland and is Secretary of the Y-dubs.

Heading the business staff is Dennis Schrank, business manager, a senior in the intermediate division. He has had no previous experience on the POINTER, but in addition to ability and dependability, he does have another prime requisite for his job, namely, a car. Dancy is his home town. A veteran, he is a member of Phi Sigma Epsilon and Round Table.

The problems of circulation are heaped on the broad shoulders of Dave Jersey, assistant business manager. Dave is a sophomore and a Madison man, formerly from Almond. Men's Glee club and S club and its activities help to keep him busy.

The photography department will be managed by Vernon Stogbauer. Vernon is a sophomore in Letters and Science, claiming Elcho as his home.

With such capable guidance the Pointer this year should be better than ever. Certainly its staff members are proof positive of the old saying, "Give a busy man a job to do if you want a good job done!"

Anderson New "Pointer" Adviser

Robert T. Anderson is the new business adviser for the Pointer, it was announced earlier this week by President William C. Hansen. Mr. Anderson takes over the post formerly held by Robert S. Lewis, who is now in charge of the Radio Workshop. Miss Bertha Glennon is the editorial adviser for the Pointer.

Are You Educated? Liberally, That Is

The liberally-educated man is articulate both in speech and writing. He has . . . a respect for clarity and directness of expression, and a knowledge of some language other than his own. He is at home in the world of quantity, number, and measurement. He thinks rationally, . . . objectively, and knows the difference between fact and opinion. When the occasion demands, however, his thought is imaginative and creative rather than logical. He is perceptive, sensitive to form, and affected by beauty. His mind is flexible and adaptable, curious and independent. He knows a good deal about the world of nature and the world of man, about the culture of which he is a part, but he is never merely "well-informed." He can use what he knows, with judgment and discrimination. Whether making a professional or a personal decision, he acts with maturity, balance, and perspective, which come ultimately from his knowledge of other persons, other problems, other times and places. His personal standards are high; nothing short of excellence will satisfy him. But service to his society or to his God is the purpose of his excellence. Above all, the liberally-educated man is never a type. He is always a unique person, vivid in his distinction from other similarly educated persons, while sharing with them the traits we have mentioned. A liberally-educated man demands freedom. "We call those studies liberal," wrote a Renaissance educator, "which are worthy of a free man" . . . and we might add today, of a free society. — Harvard Alumni Bulletin.

"The foundation of every state is the education of its youth." — Diogenes

"Education makes a people easy to lead but difficult to drive; easy to govern but impossible to enslave." — Lord Brougham

"What greater or better gift can we offer the republic than to teach and instruct our youth." — Cicero

VOL. III The Central State Pointer No. 1

Published bi-weekly except holidays and examination periods, at Stevens Point, Wis., by the students of Wisconsin State College. Subscription Price \$3.00 per year. Entered as second-class matter May 26, 1927, at the post office at Stevens Point, Wisconsin, under the act of March 3, 1879.

EDITORIAL STAFF

Editor-in-Chief — Shirley Sonnenberg, 222 Boyington Avenue, Phone 799. News and Feature Editor — Virginia Brisco; Reporters — Daphne Porter, Lewis Minness, Mary Louise Blozynski, Felisa Baja, Carol Holt, Pat Rickett, Dave Rans, Pat Noel, Phyllis Hammel, Dave Behrendt, Sharon Sutton, Rita Gerniewski; Benita Held; Homer Plumb; Connie Kibbel; Vietnam Drexler; Sports Editor — Jerry Baerenwald; Reporters — Bob Ullinger, Mark Schommer, Carl Huberty, Don Nice, Rose Marie Christoffersen; Composition Editor — Earl Grow; Assistant — Homer Plumb; Head Typist — Charlotte Aronson; Typists — Arnold Lenius, Jr., Doris Moss, Donna Witte, Marge Smith, Margaret Lotz, Alvin Wehnke; Lead Proofreader — Shirley Sheets; Photographer — Vernon Stogbauer; Editorial Adviser — Miss Bertha Glennon.

BUSINESS STAFF

Business Manager — Dennis Schrank, Dancy Wisc.; Assistants — Palmer Smith, Jack Frisch; Assistant Business Manager and Circulation — Dave Jersey; Assistants — Shirley Achenteiner, Deloris Krause; Business Adviser — Robert T. Anderson.

Dr. Doudna Returns from Egypt, Gives Views on Country's Needs

Dr. Quincy Doudna, Central State's dean of administration, returned from Egypt early last month after spending four weeks in the land of the Nile as an adviser to the Egyptian ministry of education. His trip was made under the auspices of the U. S. department of health, education and welfare.

In Cairo he served as a consultant in a conference of school principals and supervisors from four provinces of Egypt. He also participated in a trial project to determine how American and Egyptian authorities can work together to improve the Egyptian educational system.

"The Egyptians are finding that their educational system is not appropriate for their new form of government," the CSC educator said, "and that it must be revised and modernized soon to provide for the educational needs of a people expecting to enjoy the benefits of more freedom than they have known heretofore."

On the streets of Cairo and Alexandria the west and the east meet, according to Dr. Doudna. Men's clothing runs from the straw hat to the Bedouin fez; and women's clothing from typical western dress to the heavily veiled.

Dr. Doudna thinks that the Egyptians will eventually force the English out of their country. Problems, he states, such as poverty, a national inferiority complex, poor

health conditions and illiteracy face the new government there.

"The U. S. wishes to help the Egyptians," Dr. Doudna said, "because no nation can long endure half slave and half free. Americans know that freedom is indivisible and don't want to leave a trouble spot in existence, so want to do what is possible to correct the trouble."

"From a more selfish viewpoint," he added, we'd rather have the Egyptians as our friends than our enemies."

Five CSC Faculty Members Are Absent

Graduate school, retirement, and new jobs have claimed five members of Central State's last year's teaching staff.

Burdette W. Eagon, former sixth grade supervisor at the Training school, now on a year's leave of absence, is doing work on his doctorate at the George Peabody College for Teachers in Nashville, Tennessee.

James Newman, former part-time instructor in conservation, is now head football coach at Oconto High school. He will also be assistant basketball coach.

Miss Gertie Hanson, who retired last year after 30 years of fine service as geography instructor and radio workshop head, is living in Stevens Point.

Miss Mary Ullman, former Junior High school supervisor here, is now fifth grade supervisor in the Training school at Wisconsin State college, River Falls.

Miss Helen Heel, former music supervisor in the Training school, is now teaching at her old alma mater, State Teachers college, Gorham, Maine.

You Tell on Yourself

Author Unknown

You tell on yourself by the friends you seek.

By the very manner in which you speak.

By the way you employ your leisure time.

By the use you make of dollar and dime.

You tell what you are by the things you wear.

By the spirit in which your burdens you bear.

By the type of things at which you laugh.

By the records you play on your phonograph.

You tell what you are by the way you walk.

By the things of which you delight to talk.

By the manner in which you can bear defeat.

By so simple a thing as how much you eat.

By the books you choose from the well-filled shelf;

In these ways, and more, you tell on yourself.

So there really isn't a particle of sense

In making an effort to keep up a false pretense.

Advanced Speech Students To Direct One-Act Plays In Auditorium Nov. 18-19

Three one-act plays will be presented by college students on November 18 and 19 in the college auditorium. Directors of the plays are students in Miss Pauline Isaacson's advanced speech classes.

"One Hundred Dollars" is a comedy depicted in two scenes. Mary Jo Reznicek will direct this production, with Cleo Peterson as technical director.

Jerry Boettcher is director of "Ile," a tragedy, with Ken Krutz acting as his technical director. "Ile" is a sea story written by Eugene O'Neill.

"The Pot Boiler," a comedy, will be directed by Gladys Lehmann, with Frank Brocker as technical director.

It is interesting to note that in "One Hundred Dollars" there is only one man in the cast of five, while in "Ile" there is only one woman in a cast of six characters.

A Teacher's Prayer

Oh, God, make me a better teacher. Help me to understand my pupils, to listen patiently to what they have to say and to answer all their questions kindly. Keep me from interrupting them, talking back to them and contradicting them. Make me as courteous to them as I would have them to me.

May I not vainly hurt the feelings of my children. Forbid that I should laugh at their mistakes or resort to shame and ridicule as punishment. Let me not tempt a child to lie and steal. So guide me hour by hour that I may demonstrate by all I say and do that honesty produces happiness.

Reduce, I pray, the meanness in me. May I cease to nag; and when I am out of sort, help me, Oh Lord, to hold my tongue.

Blind me to the little errors of my children and help me to see the good things that they do. Give me a ready word for honest praise.

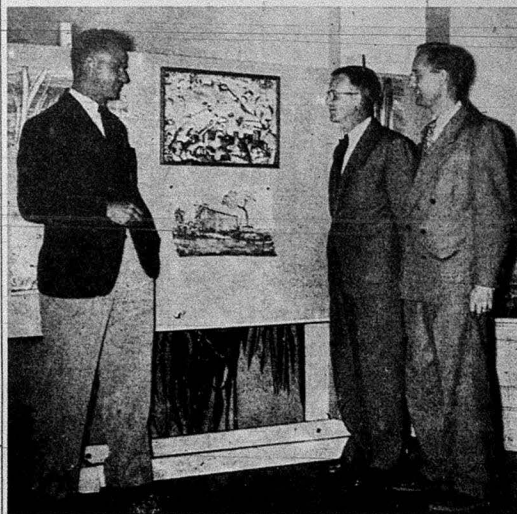

Allow me not to rob them of the opportunity to wait upon themselves, to think, to choose, and to make decisions.

Forbid that I should ever punish them for my selfish satisfaction. May I grant them all of their wishes that are reasonable and have the courage always to withhold a privilege which I know will do them harm.

Make me so fair and just, so considerate and companionable to my children that they will have a genuine esteem for me. Fit me to be loved and imitated by my children.

With all thy gifts, Oh God, do give me calm and poise and self control.

—Garry Cleveland Myers, Editor "Highlights for Children"

PAUSING IN THE ART ROOM to admire some new paintings, Dr. Walter R. Sylvester, conservation instructor (right), and Robert T. Anderson of the geography department listen attentively to Henry M. Runke (left), assistant art instructor, as he explains the theory of the fine arts.

Selective Service Boards Have Qualification Tests To Aid Student Deferment

Applications for the November 19, 1953 and the April 22, 1954 administrations of the College Qualification Test are now available at selective service system local boards throughout the country.

Eligible students who intend to take this test on either date should apply at once to the nearest selective service local board for an application and a bulletin of information.

According to Educational Testing Service, which prepares and administers the College Qualification Test for the selective service system, it will be greatly to the student's advantage to file his application at once, regardless of the testing date he selects. The results will be reported to the student's selective service local board of jurisdiction for use in considering his deferment as a student.

College Faculty Members Named to Adviser Posts

The class advisers at Central State College are composed of permanent and rotating advisers, all of whom are members of the faculty staff.

For the year 1953-54 there are the following: Freshman Class — Mrs. Elizabeth Pfiffner (permanent) and Dr. Frank W. Crow; Sophomore Class — Miss Mildred Davis (permanent) and Dr. Edgar F. Pierson; Junior class — Miss Monica Bainter (permanent) and Robert S. Lewis; Senior Class — Miss Pauline Isaacson (permanent) and Dr. Roland A. Trytten.

Freshmen Rate High In Placement Tests

Several members of the Freshman class received honors in the English and chemistry placement tests given to the yearlings this fall.

Betty Holstein, of Stevens Point, received the top score in the English tests. She attained one of the highest scores ever made at this college. John Elder, also of Stevens Point, was high scorer in the chemistry exam.

Other high scorers in the English tests were: Mary Lynn Grossa, Oconto Falls, second high score; Lonnie Doudna, Stevens Point; third; Mary Barrows, Stevens Point; fourth; and Archie Schmidt, Phillips, fifth.

In the chemistry tests, DeWayne Martin, of Stevens Point, and Nancy Monson, Wausau, were tied for second high score. Betty Holstein and Roger Hancock, both Stevens Pointers, ranked among high scorers in these tests.

Students are exempt from the beginning composition courses, 101 and 102, if they attain a score of 200 or more on the English tests.

"Festival" Coming Saturday Eve

"Harvest Festival" is the theme of the Psi Beta Psi sorority court dance to be held on Saturday night, October 3, after the football game with Milwaukee State. The dance will be held at Delzell Hall and the Synkopaters will furnish the music for dancing.

Committees for the dance are: invitations and chaperons — Mary Ann Baumer; refreshments — Mary Ann Panke, Delores McLees, Gary Edmund; decorations — Rosemary Axtell, Mary Ann Baumer, Carl Edmund; entertainment — D. J. Gerner, Joanne Untied; favors — Jan Thurston, Penelope Bullock, D. J. Gerner; posters and publicity — Joyce Scheel, Mary Walrath, Donna Walrath.

Doudna Announces Extension Schedule

Dr. Quincy Doudna has announced the extension class schedule for the semester. Classes at Wausau are History 111 taught by Dr. Frank W. Crow, and Art 211, by Henry M. Runke, at Wisconsin Rapids, Education 213 (Science), taught by Arol E. Eppie; Waupaca, Education 213 (Reading), Mrs. Mary Samter; Clintonville, English 217, Norman E. Knutzen; Medford, Education 231, Robert S. Lewis and English 102, Mrs. Edith Cutnaw.

Antigo, Education 227, Dr. Raymond E. Gotham; Marshfield, Education 218, Dr. Doudna, and Geography 206, Ray E. Specht; Shawano, Psychology 209, Dr. Nels O. Reppen; Portage, Education 215, Miss Pauline Isaacson and Education 213 (Language) Mrs. Marjorie Kerst; Westfield, English 125, Miss Mildred Davis.

Wautoma, Psychology 106, Albert E. Harris; New London, Education 213 (Conservation) Dr. Bernard F. Wieve; Stevens Point, Education 213 (Conservation), Fred J. Schmeckle; Merrill, Psychology 209, Dr. Louis J. Staeker.

Renovation Completed, Home Economics Seniors Enjoying New Home

Home Economics seniors now with Miss Rita Youmans in the Home Management House this semester are Radine McIntee, Helen Steckbauer, Arlene Richmond, Jeanette Diver, Mary Jane Wagner, and Bernadelle Polivka.

The renovation planned for the house last year was completed this summer by the college maintenance staff. A new floor was laid in the living room to replace the "ocean wave." A new rug was purchased for the living room and the older rug was re-cut to fit the dining-room floor.

As visitors enter the house the first thing they notice is the new cork tile on the hall floor. The cotonnade was taken out between the hall and living room, and in its place is a graceful archway. The woodwork in the living room has been refinished to match the one painted wall. Two bedrooms were also redecorated.

Besides a beautiful home in which to live and work together, the girls feel they share worthwhile experiences. They may have dinner guests, they are gaining experience in running a home under a budget, and they are taking care of everything entailed in managing a home.

The other day after Miss Youmans told the girls that the light bill must also be paid out of their budget, she heard them reminding each other to turn out the lights. Miss Youmans is worried about just how far this darkness will go.

These ingenious Home Ec seniors have devised a new breakfast call — three rings of the door-bell indicate 10 minutes until breakfast. The scheme works fine now, but the first morning the effect was startling.

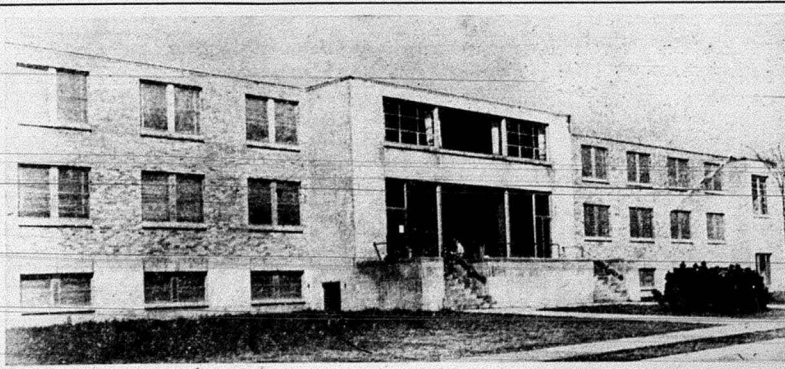

Tau Gamma Beta Tea Entertains Faculty, Coeds

Tau Gamma Beta chose the traditional theme "Only a Rose" on Wednesday at Delzell Hall where they entertained all college women and faculty members. Co-chairmen for the fall event were Joy Lane and Betty Kusserow.

Other committee heads were Lou Breyman, food; Jane Schultz, entertainment; Charlotte Aronson, invitations; Shirley Sheets and Nancy Court, co-chairmen for decorations and favors; Diane Self, publicity; and Lois Langfeldt, clean-up.

DELZELL HEADS NAMED

Mark Schommer, Kaukauna, has been elected president of Delzell Hall, men's dormitory. Other officers for the year are Harry Zukoski, Wabeno, secretary; Robert Johnson, Osseo, treasurer; Melvin Karau, Spencer, first vice-president and press representative; and Jerry Munderloh, Merrill, second vice-president. Floor managers appointed earlier were: Robert Ullsperger, Algoma, first floor, and Royce Wade, Marshfield, second floor.

DELZELL HALL, which houses 80 CSC male students (the line forms to the right, gold), also houses the union of which Central State is so proud. The union's newest feature is the addition of both

and tables, in connection with the refreshment bar. The dormitory, named in honor of Wilson S. Delzell, Stevens Point's member of the Board of Regents, is the newest completed building on the campus.

Green Gulls to Visit Pointers; Team to Try to Win One for "Dad"

Coach Herman Kluge brings his charges to Goerke Field this Saturday night, October 3, in search of his first victory on the gridiron since the fall of 1951. Last week the Green Gulls took a WSC pasting from La Crosse, 41-0.

The tilt is being billed as Dad's Nite, with the fathers of the players to be honored during a half-time ceremony and an after-game lunch.

Milwaukee reportedly has a big line and a fast backfield, which at times has trouble handling the ball, a combination which could either prove to the Pointers advantage or disadvantage, depending on the direction in which the breaks fall. Scouting reports remain spotty, since the Gulls have had early season trouble offensively and have not as yet come up with any clues as to their pattern of play, other than that it will probably employ the single wing as in recent years past.

The Pointers, naturally, will be out to impress their Dad in this special game and according to all indications should be close to full strength for the tilt. Probable starters will be Ken Roloff and Mark

Schommer at ends, Jack Crook and Bob Wozalla or Jim Luedtke at tackles and Dave Hurlbut at center. The backfield will sport Carl Wiemann engineering the squad at quarterback, Don Herrmann at fullback, and Gene Noonan and John Smith at the halfback slots.

Stout Will Play Host to CSC On October 10 in Night Tilt

The Pointers will try for another conference win when they journey to Menominee, Wis., to engage Stout in a night contest Saturday, October 10.

Even though Stout has had a hard time getting started this season, being set back 55-0 at the hands of a powerful Great Lakes aggregation in their season's opener and losing last week to River Falls 22-0, the Menominee eleven will no doubt be out for blood. This game will cap Stout's homecoming celebration! Need more be said? Last year the Pointers whipped the Northern club 27-0 at Goerke Field, an added incentive for the Blue Devils' bid for victory.

It may be a breather for the locals, but any team playing before a homecoming crowd is capable of pulling an upset. Stout is far from an exception!

Like I Said

by Bob Ullsperger

With football pushing baseball out of the picture here's a dip into mid-west prognosticating:

Wisconsin 27 Marquette 20

Marquette has a strong running attack headed by Drzewiecki and Donarski, but their defense will not hold up under the pounding of Ameshe and Co.

Michigan State 20 Minnesota 7

Giel will not have much of a chance to get going as the Spartans will gain their second Big Ten victory in as many tries.

Ohio State 20 California 6

The rugged Buckeyes, pre-season Big Ten favorites, will capture another victory in this inter-sectional contest, despite the loss of "Hopalong" Cassidy.

Notre Dame 20 Purdue 14

Purdue always gives the Irish trouble and this, Saturday will be no exception.

Michigan 35 Tulane 6

Who put that breather in?

Army 13 Northwestern 6

Northwestern will prove to be tougher than Furman, but not quite tough enough.

Stevens Point 26 Milwaukee 6

The Pointers, who have bounced back from an early season defeat by Luther, should win No. 3 against hapless Milwaukee. Milwaukee lost 41-0 last week and hasn't won a game since 1951.

La Crosse 35 Stout 6

La Crosse may set a scoring record.

Eau Claire 20 River Falls 13

River Falls looked good in last week's victory over Stout, but does not have enough to stop the surprising Bluegolds.

Oshkosh 20 Northern Michigan 12

Oshkosh will be out to gain revenge for last year's 27-6 defeat.

Other choices:

Illinois 21 Stanford 7

Southern Cal. 35 Indiana 14

Washington State 14 Iowa 7

Platteville 20 Dubuque 0

St. Norberts 20 Superior 13

Let's go professional for one game:

Chicago Bears 28 Green Bay Packers 17

When these two meet, anything can happen. Bears are still smarting from their defeat by the Colts, and should make things rough for the Packers, who simply can not get started this season. Should be an interesting one to watch.

Football is here, but there's still the World Series.

Yankees have a superior pitching staff and the Dodgers have tremendous batting power. Should be a very interesting series. Experts pick Yankees, but let's go out on a limb and say the Dodgers in seven games. Watch for Duke Snider to be the star of the Series.

Pigskin Portraits

Don Herrmann

Herrmann

One of the two seniors on this year's squad, 21 year old "Herm" is now operating from the recently vacated fullback position. Don regards Stevens Point as his home, is 5'9", and weighs 180 lbs. Also a track enthusiast, Don is chasing his third CSC football monogram.

Jack Crook

A Wisconsin Rapids product, Jack is 19 years old, stands 6'2" and tips the scales at 190 lbs. Jack is the "cheerleader" of the squad be s i d e anchoring down the right side of the Pointer line from the tackle position. A sophomore this year, "Jarring Jack" is gunning for letter No. 2, having played defensive end last year as a Fresh.

Crook

Jerry Munderloh

Munderloh

Another sophomore, Jerry is CSC's representative from Merrill. He stands 5'9" and weighs only 175 lbs., well under the usual weight requirement for a guard, but any deficiency in bulk is quickly accounted for when Jerry flaunts his speed and aggressiveness. Strictly an offensive lineman last season, Jerry has adopted himself well to this season's single platoon style and has shown ability to "go" both ways.

Mark Schommer

A Kaukauna product, Mark is playing his fourth season of CSC football, all at the end position. He is 21, weighs in at around 200 lbs. and stands 6'2". A history major in the secondary division, big Mark struts his stuff from the right side of the line on both offense and defense. He was a WSC All Conference selection last season, also competes in track during the spring months.

Schommer

Dave Hurlbut

D. Hurlbut

Stevens Point is the home town of 19 year old Dave. Standing 6' even and weighing 195 lbs., Dave plays the center of Point's formidable forward wall on offense and backs up that line on defense. He is a second-year man, also won a letter on last year's wrestling squad.

Miller and Bostad Bow Out in Style, Tech Is Downed 24-7

Central State Pointers, sparked by the brilliant running of fullback Nubbs Miller and the rugged defense of tackle Bob Bostad, won a 24-7 decision over Michigan Tech on Sept. 19 before a crowd of over 2,000 fans at Goerke park.

The Pointers never got their hands on the ball until nearly halfway through the first period because of a fumbled punt on the locals 36. The Robertsmen held the Michigan lads for four downs and the Pointers took over on their own 25. With excellent ball carrying of Miller, Jim Haebig, and Gene Noonan the Pointers moved the ball to the invaders 35 yard line. From there Miller sliced off left tackle and moved into paydirt, but a clipping penalty brought the ball back to the 22. A block by Miller enabled Noonan to race into the end zone for the first of his two TD's.

A pass interception by safety Bill Schroeder and a Wiemann to Schommer pass good for 12 yards, along with two fine runs by Miller and John Smith, brought the ball down to the 15 where the drive ended. Tech was pushed back to their own two yard line where they were forced to punt. The Pointers ran the ball down to the ten and four plays later Noonan jumped into the end zone on an end run. The half ended with the Purple and Gold ahead 12-0.

The invaders from Houghton held the upper hand in the third period when Coach Roberts offensive unit let down. The local defensive unit held well, but a fourth down penalty gave the visitors a first down in Point territory. A 14 yard pass and a six yard run gave the visitors their first touchdown. The extra point was good and Point led by five points.

The two teams exchanged punts which gave the Pointers the ball on Tech's 35 yard line. With fourth down and one to go Miller came through with one of his best runs of the night. He smashed through the center of the line and into the end zone for the Pointers third TD.

With four minutes left Tech gambled and lost the ball on its own 45 yard line. A 17 yard gain by Miller and an interference on a Wiemann-Schommer pass gave the Pointers the ball on Tech's 11. A pass from Smith to Roy Hackbart in the end zone gave the Pointers the final count.

ACROSS FROM THE COLLEGE

Oshkosh Is Dumped By Pointers 26-20, Herrmann Is Star

The Pointers revealed plenty of class in tipping Oshkosh Saturday afternoon, September 26, before a large bi-partisan crowd gathered on the Titans' home field. The final margin was 26-20.

It was the first outing the Pointers have had since they lost the services of Nubbs Miller and Bob Bostad, and the rest of the squad took this early opportunity to show Coach Roberts they were willing and able to show plenty of zip and polish as a newly formed team.

The close score was definitely a poor indication of the type of headsup ball the locals exhibited throughout the game. Oshkosh was held without a first down up until the two last plays of the third quarter, at which time the Purple and Gold were leading 26-7. Also, Oshkosh scored their last touchdown after the officials had awarded them with their sixth time out of the half just before the last play of the game.

Don Herrmann was the Pointer's big gun in the scoring column, counting the first three touchdowns on runs of three, one, and one yards. Don gained a total of 54 yards, including a run of 16 yards early in the game.

The other CSC marker was chalked up by scrappy John Smith. The rugged halfback crossed the goal line from 48 yards out to cap Point's scoring for the afternoon. Smith garnered a total of 156 yards, including runs of 22, 35, and 17 yards.

Al Due booted the P. A. T. after the second touchdown, while Bill Watson scored after the third.

The Pointers' forward wall opened gigantic offensive holes with amazing regularity for the rampaging backs to romp through. Defensively, the line was very sharp and spilled the Titan runners for losses quite frequently and at timely moments.

Clothing Clinic Program Given in CSC Auditorium

The State Clothing Clinic committee of the Wisconsin Home Economics association presented Miss Edna B. Bishop in the fourth of a series of 1952-53 clothing clinics on Sept. 29, at 9 a.m. in the college auditorium. Miss Bishop is employed by the Advance Pattern company, and is known as the founder of the Bishop Construction Method, a simplified, efficient method of clothing construction.

The clinic was sponsored for the benefit of clothing workers, teachers, and home agents in the east and north central portion of the state. More than 125 people attended.

Miss Rita Youmans, head of the home economics department at the college, presided over the clinic, and assisting her, in charge of registration, was Mrs. Gladys Garrow, Port-

age county home agent. Rosemary Axtell, Phyllis Knop, Marjorie Dill and Janice Schroeder, home economics students at Central State, also assisted with registration.

Alma Mater

Our Alma Mater proudly stands
Like a queen in majesty.
We join our loyal hearts and hands
One in devotion are we.

Hail to the Alma Mater
Strong may you ever be
May God above protect and love
Through all eternity.

FLASH!

A daughter, Marjorie Ann, was born to Mr. and Mrs. Gilbert Faust on Wednesday, September 30. The baby has a sister, Cathy, who is 19 months old.

ON THE BANDSTAND

Peter J. Michelsen, director of the music department, reports that the CSC band is 50 strong in rank this fall, one of the largest groups under his direction in recent years. Out of this group only 15 are returning "lettermen," while freshmen supply the talent for the remaining 35 chairs.

The college Symphonette had its organizational meeting last night. Composed entirely of string instruments, the group's members are Central State college students and townspeople from Stevens Point, Wisconsin Rapids and Nekoosa, with Mr. Michelsen directing the group.

Stevie Steals Hearts Of Incoming Students In Printed Debut

The new printed handbook of CSC, especially designed for freshmen and transfer students, was received with enthusiasm by students this fall. This 1953 edition is the first one in recent history to be printed, rather than duplicated.

The purpose of the handbook is to aid all new students in becoming quickly acquainted with the college. It contains information about college activities and service. It also contains a list of the many organizations on campus and their activities.

A new feature of the book was the addition of "Stevie, the CSC Pointer," who came here to college through the courtesy of the 1953 Iris. Judy Clayton was his originator.

This year, under the editorship of the WSGA, the handbook was also distributed to boys. This is part of the plan to consolidate WSGA and Student Council into one governing body, with participation by all students.

Shirley Sonnenberg and Virginia Brisco were co-chairmen, while Joanne Chapman and Rita Czernewski acted as assistants. John Mallow did the lettering and the art work was done by Judy Clayton. Mrs. Raymond E. Specht acted as technical adviser, while Mrs. Elizabeth Pfiffner, Dean of Women, was in general charge of all committees.

Traveling Students Journey 4000 Miles On Midwestern Trip

Intending to correlate the literature of an area with the geography of an area, combined classes of English and geography covered a 4,000 mile area, including Colorado, Minnesota, Montana and North and South Dakota on their annual field trip this past summer. Faculty members Robert S. Lewis and Norman E. Knutzen accompanied the group. Mrs. Lewis acted as dean of women on the trip.

High lighting the three week trip was the attendance by the group at the opening night of the opera "Carmen," at Central City, Colorado. While in attendance, all the girls received free complimentary corsages from the Chamber of Commerce.

The group also attended a Chuck Wagon dinner at the Garden of the Gods at Colorado Springs. The picturesque scenery at Teton National Park was impressive as was the trip through Yellowstone National Park.

Tentative plans are now under way for the next trip in the summer of 1954, which will focus attention on the New England and French Canadian areas. Faculty members in charge will be Mr. Knutzen and Raymond E. Specht.

Scavenger Hunt Leads Off WRA Semester Activities

A scavenger hunt was held recently by the Women's Recreation association to acquaint freshman girls with their activities. Refreshments were served after the hunt.

A campfire and marshmallow roast at Iverson park was on the agenda for old and new members last night.

Also on the books for WRA this semester is a swimming party at P. J. Jacobs pool. October 28 is the date for a Halloween masquerade with roller skating.

A square dance where you can learn or just have fun is coming up, too. Then a bowling party. One date the girls won't want to miss is the Carnival, the first to be held in the college. It will probably be in November, but definite announcement will be made later.

Orientation Program Offers Many Events

The first week of school at CSC was a busy week for freshmen, old students, and faculty members who made efforts in the planning and preparation for the orientation activities. The orientation program began with tests and registration Monday. The big day ended with deans' meetings and the traditional Freshman singing led by Peter J. Michelsen.

With Ruth Ann Charlesworth and Beulah Huettl as Big Sister Co-chairmen, the college gym became the setting for the little sister party Tuesday night. Mary Bartelt served as chairman for the affair, and the evening was spent in square dancing and singing. Refreshments were served.

Skit night on Wednesday was the traditional introductory program of the various campus organizations. David Silverman was the evening's emcee.

Thursday night was set aside for religious organization open houses. The four active religious groups, Wesley Youth Foundation, Gamma Delta, Lutheran Student association, and Newman club, all participated in get-acquainted parties.

As usual, the annual Faculty reception and dance, under the direction of the faculty social committee, was given for both new and old students Friday night at Delzell Hall. Punch was served, and Cliff Hoene's orchestra entertained.

Unscheduled for the orientation week was CSC's football victory over Michigan Tech Saturday night. The evening ended with juke box dancing at the union.

The last event of the orientation week was the Freshman Supper at Delzell Hall, Sunday night. It was served by the Faculty Wives Service committee. The Dixieland Symphony orchestra concluded the whole orientation program.

British Government Adopts "Marshall Scholarships" For US Study Abroad

As a gesture of thanks for Marshall Aid, the British Government has decided to establish a series of annual "Marshall Scholarships" to enable Americans to study at British universities.

The awards will be made to United States citizens only, men or women under the age of 28 who have graduated from accredited colleges or universities in the United States. They will be tenable at any university in the United Kingdom, for two years in the first instance, with a possible extension to three years. Twelve awards will be made every year, and places will be found in the United Kingdom universities for successful candidates.

The value of each award will be 550 pounds a year, with an extra 200 pounds a year for married men.

Applications for the academic year 1954-55 must be received not later than November 1st, 1953.

For further information CSC students are asked to see Dr. Warren Jenkins, dean of letters and science.

Budding Bards Attention! Poetry Contest Announced

The National Poetry association announces the tenth annual competition of college students' poetry. The closing date for the submission of material by all college students is November 5. There are absolutely no fees or charges for either acceptance or submission of verse. All work will be judged on merit alone.

Any student attending college is eligible to submit his verse. There is no limitation as to form or theme. Shorter works are preferred.

Each poem must be typed or printed on a separate sheet and must bear the name and home address of the student, as well as the name of the college attended.

Manuscripts should be sent to the offices of the association, National Poetry association, 3210 Selby avenue, Los Angeles 34, California.
