

CSC Honors Outstanding Leaders on Awards Day

Monday was Awards Day at Central State College, with nine upperclassmen receiving major honors during the morning program at the college auditorium. A number of other awards were presented to students in various fields, with several receiving more than one honor. Edward Jacobsen, Wisconsin Rapids, president of the Student Council, acted as master of ceremonies.

Dean of Men John E. Roberts named the following senior students to the Dean's Honor Roll. Tulips, Windmills, And Don Delap's Music To Grace "Dutch Garden" At Junior Prom

"EVERYONE COME. JUNIOR PROM, MAY 15. In an old Dutch Garden, Don Delap and music in the Glen Miller Mood: Dancing from 9 p.m. until 1 a.m. \$1.75 per couple. P. J. Jacobs gymnasium." That's what the signs say, folks! Heed those signs! Come, come come! This is what you've been waiting for, and the Junior promise not to disappoint you.

A special feature of this year's Junior Prom will be a king and queen in miniature in the personages of Robert S. Lewis's younger daughter, Roberta, and John E. Roberts' young son, Jack. They both attend the Training School kindergarten. Young Miss Lewis will be attired in a yellow formal Master Roberts has not disclosed what he will wear (you'll just have to come and see for yourselves.) They will greet you at the door and present you with your dance programs. Later, prior to the grand march, when the king crowns the queen, they may be there to take the crown on a pillow to the Court of Honor.

King of the Prom will be Roy Hackbart, Junior Class President, a member of Sigma Phi Epsilon fraternity. He will be distinguishable that evening in a white dinner jacket. His queen, Jean Getchell, is a freshman, and was recently initiated into Tau Gamma Beta sorority. She will be attending in a queenly white bouffant dress.

The crowning of the queen will take place just preceding the grand march, scheduled immediately after the sixth dance, which will be around 10:30 o'clock. The Court of Honor will consist of the Junior class officers, Gladys Lehmann, vice-president; Jane Schultz, secretary; Margie Gerhard, treasurer; and Delores Thompson, Student Council representative, and their escorts and the chairmen of various committees arranging and preparing for the Prom. They are Grace Collins, Diane Seif, Carl Wieman, Pat Giese, Jan Thurston, Dorothy Gilbertson, Ken Hurlbut, Chuck Sohr, and Nancy Court, and their dates and escorts. You are all invited to join in the grand march.

Upon entering the gymnasium you will be entering "An Old Dutch Garden." In the center of the dance floor will be a ten foot high windmill, which will really work. There will be a profusion of tulips and white picket fences surrounding the dance floor. Typical Dutch scenes situated at various locations around the room will add to the atmosphere. Tables, for those who "sit out" occasionally, will have as centerpieces wooden shoes holding flowers.

Chaperones for the dance will be Mr. and Mrs. Robert S. Lewis, Mr. and Mrs. Henry M. Runke, and Mr. and Mrs. Raymond E. Gotham. Special guests will be President and Mrs. Wm. C. Hansen, Regent and Mrs. Wilson S. Delzell, Mr. and Mrs. John E. Roberts, Mrs. Elizabeth Pfiffner, Mr. and Mrs. Roy Hackbart, Sr., Mr. and Mrs. Harold Getchell, and Bob Ullsperger.

Miss Monica Bainter and Mr. Lewis are the class advisers. The committee, without whom the Prom would be impossible, are

Alumni, Faculty Sponsor Picnic At Iverson Park

The Alumni — Faculty picnic, to which all graduates are invited, will be held at Iverson Park on Saturday, June 5 at 5:30 p.m. The price is \$1.00 and tickets are on sale outside the library now.

Be sure to plan to attend. The ladies from the Trinity Lutheran Church are preparing the food and it'll be good. So graduates, alumni and faculty — we'll see you there!

ROY HACKBART, JUNIOR CLASS president and his queen, Jean Getchell, who will reign at the Junior Prom to be held May 15, with "An Old Dutch Garden" as its theme.

"We Present" — "Sig-Episodes"

History, both social and political, gets a riotous working over on Tuesday and Wednesday evenings, May 18, and 19, when Sigma Phi Epsilon presents its first annual Sig-Episodes variety show. Titled "You Are There and You've Had It" Sig-Episodes guarantees an hour and one half of tongue-in-cheek portrayals of events not usually presented in such an unstaid fashion.

If one can believe the, to say the least, rather unusual advertisements which enliven the walls of the school, such fabulous celebrities as Hubert Updyke, Alphonse McNutt, and Dr. Glutz of the Biology Department all heartily endorse Sig-Episodes.

A cast of over 40 Sig-Eps will appear in the show. The only non-Sig-Ep to make an appearance will be Mary Ann Smith, a Tau Gamma Beta, who will assist in one of the productions. The show is being written and produced by Homer Plumb, Earl Grow and Bob Lindholm, with assistance from Jack Frisch. Other committee heads are Publicity, Bob Allen and Chuck Sohr; props and costumes, Vagdelina Frenzel, Al Braun, and Bud Eskritt; stage scenery, Howard Dutcher and Mark Schommer; stage manager, Royce Wade.

Admission for the two performances will be free, with a silver collection taken. Proceeds from the collection will be used to make a loan to England, so give generously.

If the two performances of Sig-Episodes are met enthusiastically here, plans will be made to take the troupe to Ireland this summer as America's answer to the Dublin Players. Ah, sure and 'tis a fine idea.

Actual scenes of "You Are There and You've Had It" are still state secrets but rumors are flying fast and furiously. Some of the rumored acts are: A 75 foot high dive into a wet sponge by Tom Wirkus; a recital of the third chapter of the Dialogues of Plato by Mark Schommer, a demonstration of fly-tying by Don Leith, a five minute tribute to the Republican Party by Jack Frisch, a weight lifting exhibition by Earl Grow and Bob Johnson, and selected bass solos by Roland Marsh. If these rumors are true, it's easy to see why the Greyhound Company reports such a large demand for seats on buses leaving Stevens Point on Saturday.

the 18th and 19th.

Remember: It's at 8 p.m. in the college auditorium on Tuesday and Wednesday night on the 18th and 19th for the gigantic Sig-Episodes. Don't forget to bring a friend so you won't get lonesome all by yourself. No seats are reserved, so in expectation of the rush for seating, the auditorium will be open extra early — May 15th. See you there.

P.S. Bring your psychiatrist too. It doesn't pay to take chances!

President Announces Changes In Faculty

President William C. Hansen announced today the retirement at the end of the school year of Miss Leah Diehl, fourth grade supervisor in the Training school, who has been at the college since 1923. Previously, at the college band and Glee club banquet in March, President Hansen had announced the retirement of Peter J. Michelsen, head of the college music department, who has been here since 1934. Additional details about the retirement of these two veteran instructors will be given in the next Pointer.

In addition, President Hansen announced the resignation of Miss Alice Hansen, fifth grade supervisor at the Training school, who expects to go to California. She has been at CSC since 1950. Miss Hansen has resigned so that she can teach and do some study of new techniques and methods in the California schools, in keeping with her belief that teachers in laboratory schools should take time off to get new ideas and catch up on methods every so often.

The leave of absence of Burdette W. Eagon, sixth grade supervisor at the Training school, who is studying for his doctorate at the George Peabody College for Teachers in Nashville, Tennessee, has been extended. Mr. Eagon has had one year's leave and will be given another year in order to complete his work on his doctor's degree.

Miss Rita Youmans, head of the Home Economics department, will also be on a leave of absence next year. She will study for her doctorate at the University of Illinois. While studying there, Miss Youmans will also be an instructor in Home Economics education at the university on buses leaving Stevens Point on Saturday.

AWARDS DAY MAJOR honor winners are shown above admiring their various trophies. They are (left to right) Virginia Brisco, Carl Wieman, Shirley Sonnenberg, Mary Bartelt, Cleo Gilbert, Chloe Brady, Maryjo Reznicek, Ed Jacobsen, and Dave Ross.

Congratulations To All

Congratulations! To each of those 30 seniors who were named on the Dean's Honor Roll. It took a lot of hard work and extra hours, as well as a pinch of ambition, a sense of humor and a ready smile to put them there. Knowing full well the difficulty of maintaining a high scholastic average through four years of college and also experiencing participation in many extra-curricular activities, this special recognition is a record of which they may well be proud!

Congratulations! To all students of Central State who received awards at the Honors Day assembly on Monday. You may feel that everyone of the students is perhaps envying you and yet is aware that it was just that little bit of extra work which you did and they didn't do that made you worthy of being named to the honor.

Congratulations! To Earl Grow, the new POINTER editor for 1954-55 and to Dave Jersey, his able assistant as business manager; to Jo Daniel, editor of the 1955 IRIS and to Ken Kritiz the new IRIS business manager. May they have as much fun and as rewarding a year as we have had!

FAMILIAR FACES

Dennis Schrank

"Ever since I can remember I've been from Dancy, Wisconsin," Dennis Schrank said. This elusive lad, (you should have seen what a time this reporter had to track him down) graduated from Mosinee High School in '46. He has been going to Central State off and on since then until he has now accumulated about five and a half years.

"I have had something in everything from Conservation to Secondary. Now I'm taking a teaching job in Intermediate," Dennis said laughing. (Well, if you don't like it, Dennis, you will always be able to change.)

Dennis was a member of the National Guards until only two weeks ago when he finished all of his duties as a guard. When he was 18 he joined a Medical unit in service. It is a unit for which you enlist at 18 for one year.

During the summers Dennis has usually worked at the Marathon Corporation at Wausau. "I am manager for the Junction City baseball team too. We haven't come out on top yet, but just watch us this year!" Dennis said. (Hopefully?)

Dennis has a five to five daily schedule. He gets up at five every morning. He drives a school bus for P. J. Jacobs until 8:30. From 9 o'clock to noon he practice teaches in the fourth grade at the Training school. Then from 2:30 to 5 p.m. he drives a bus again.

Don Taylor and "Weiners" Radant share an apartment with Dennis. They do their own cooking.

"We're getting pretty handy at cooking," Dennis said proudly. "Bet we can cook as well as 90% of the girls here." (Lucky women that get those fellows.) "We'd be lost without the oven and pressure cooker to speed things up, though."

Dennis is vice-president of his fraternity, Phi Sigma Epsilon. He believes he's the longest standing member, five and a half years, in the frat. (He would be the longest member in inches also, if it weren't for Dave Silverman.) "The Phi Sigs have helped develop my collegiate personality," Dennis said with great pride for his frat.

Besides his fraternity, Dennis belongs to Round Table and is business manager of the Pointer.

"I do a lot of trapping mink and muskrat," Dennis mentioned. "Gives me a little extra spending money." (A few pennies, huh? We should have had one of those traps to catch Dennis for an interview.)

Mr. Schrank is engaged to Jeanie Sarbacher, our homecoming queen of '51, who graduated last year. She is teaching second grade at Neenah. While she goes on a European tour this summer, Dennis is going to take up golf and do lots of trout fishing. Dennis is noted for always coming back from fishing with his limit. Must be because he ties his own flies. "No," he said honestly. "I fish in a good stream." (Ah, yes, go on. Is it far from here? H-mmm.)

"The spice of life is variety" is the motto of Dennis. The jobs he has

worked at between semesters of college prove that. A mechanic, a salesman and a lumberjack are a few of the "spices." As Dennis says, "Life doesn't get monotonous that way."

Joann Cuff

This small blue-eyed blonde is Joann Cuff, also known as "Cuffie." (Our color photograph isn't so good this week.)

Joann's home is between Hortonville and New London. She went to high school at New London so she calls that her hometown, but her address is Hortonville. (Confusing, huh?)

"Cuffie" isn't the only Cuff. She has two brothers and sister older than she, and a younger sister who is a senior in high school. She will be here next year we hope, to carry the name of Cuff on here at Central State.

A major in Primary, Joann has finished practice teaching. "I'm just loafing now," she laughed.

Joann's activities included membership in Wesley, WSGA, Primary Council, Omega Mu Chi, and being secretary of the senior class. She also works behind the desk in the library.

Her home away from home is at Nelson Hall. Last Pointer you met her room-mate, Betty Crook. Joann likes to sew, also enjoys cooking a little. "I would have made a good Home Ec," she said. (Ah, but Home Ec is more than cookin' and sewin'!) No, Joann isn't engaged. "I'm not engaged, pinned, or going steady. I'm a free woman," she laughed. (How long will that last, Joann?)

A highlight in "Cuffie's" life is the ACEI Convention she returned from recently at St. Paul. "The Asso-

ciation for Childhood Education, International, convention was a big affair," Joann stated all in one breath too. "There were 12 countries represented with 13 foreign representatives. The meetings were very interesting. Approximately two to three thousand people were present. 'Most of them were teachers and supervisors, so I felt kind of young.'

"The convention lasted from April 12 to the 23. We stayed at the Ryan Hotel. It was 'old but respectable' they told me. I guess they thought that it was quite necessary to let us know," Joann explained. "We went by bus and came back by Soo Line. It was a wonderful experience."

"Now that I'm ready to graduate I'm not anxious," Miss Cuff related. "I have a contract at Manitowoc for the first grade in the new Benjamin Franklin school. It's quite a thrill. Often my thoughts will wander back to CSC though and sometimes I will too."

Hear Ye! Hear Ye!

The next Pointer on May 27 will be the last issue of this school year. Any persons or organizations wishing special news stories in this issue are asked to bring them to the Pointer office not later than Monday evening, May 24.

Padded Cell

by Benita Held Blomiley

We have been waiting for the man behind the college counter to post a "Free Cigar" sign (Pop smokes 'em), but guess we'll have to do the announcing. April 29, a daughter became part of the Rogey Wood family. Lucky gal — think of the outline books she can get cheap! Congratulations, Woods.

There may be a big enrollment for Eng. 113 (children's literature) next year. Too many jealous students, lugging thick and weighty books around, have discovered members of that English class and their books. Mother Goose, Peter Rabbit, Pinocchio, and others give their readers that serene, thoroughly entertained look, while the other students try to figure their philosophy of life, do calculus problems, etc.

Victor Borge, the Danish comic, as a little boy received a thrashing from his father when Papa came home one night to find Victor standing in the parlor before the roaring fire.

The Borge home didn't have a fireplace.

We understand that lately Iverson Park has been quite a popular place — at least we give a word of warning to those going to the Prom. On a side road near the highway, an irate farmer has posted a bit of advice:

Notis —

Trespassers will be persecuted to the full extent of two mongrel dogs which ain't never been too sociable with strangers and one double barrel shotgun which ain't loaded with soft pillows.

Darn if I ain't gotten tired of all this fancy kedoodlin' in my lane!

Orchids (green ones) to Henry Runke of CSC's art department for his clever cover design for the Dublin Players programs. The Players liked the cover so much that they are adopting it for their programs from now on.

Rollie Krueger, last year's business manager of the Pointer, now working for an insurance company in Milwaukee, stopped in the Pointer office last Friday. Rollie says he's homesick for CSC every time he gets a copy of the Pointer. Says, from force of habit, he counts the number of inches of ads to see whether the boys have made their quota!

News of a month old diamond came our way today. Pat Isherwood received it from Jerry Menzel, a local fellow attending college in Colorado. Very best wishes!

All for now.

To The Editor

To The Editor:

Will you please express the appreciation of the Assembly Committee to Miss Glennon and the Pointer staff for the excellent coverage and promotion which they gave the Dublin Players?

Did you know that we received our largest ticket order through the Pointer? A copy which was sent to Birnamwood was passed along to Mrs. Shepel, who wrote immediately for forty-five tickets for "Pygmalion."

Your reporters handled any material which I gave them very efficiently and accurately. In addition to that, Miss Glennon was responsible for our receiving maximum benefits from the press book on the players. All that, along with her personal encouragement and counsel, played a vital part in the success of the whole enterprise.

Very sincerely,

Pauline Isaacson, Chairman
Assembly Committee

Men's Glee Club Tour To Include Florida In 1955

The Central State college Men's Glee club will have a chance to live up to its informal title, "CSC's Ambassadors of Good Will." The group will represent Wisconsin at the Federation of Music club's national convention at Miami, Fla., in April of 1955, according to an announcement recently by Norman E. Knutzen, director.

The invitation came as a surprise, following the Glee club's appearance as guest singers at the state meeting

Grow, Jersey, Daniel, Kritiz Named To Head Pointer, Iris

Earl Grow has been chosen to guide the POINTER through its 1954-55 year, it was announced by Miss Bertha Glennon, editorial adviser, and Robert T. Anderson, business adviser of the Pointer. Earl will take over the job now being handled by Shirley Sonnenberg.

Earl is a sophomore at CSC, and claims Shawano as his stamping grounds. He is entered in the Secondary division, with an English major, and history and speech minors. A very busy man is the new editor, who is presently composition editor of the POINTER, president of the sophomore class, and of Sigma Phi Epsilon fraternity. He is press representative for Delzell Hall, a Gamma Delta and is pledging Sigma Tau Delta, honorary English fraternity.

Earl "indulges" in tennis and he likes to read, but at present he is most engaged in getting the "Sig-Epsodes" on the road.

This summer Earl plans to work in a supermarket in Shawano and then get in a bit of traveling before school begins in the fall. When asked his reaction on his new job appointment, he said, "I'm naturally very pleased but also a little nervous at assuming the responsibility for turning out a good sound paper. I hope I can have a good cooperative staff, as it is that which makes or breaks a paper, with the editor merely directing or coordinating their efforts. I think Shirley deserves a lot of credit for the wonderful job she did in editing the POINTER this year."

Dave Jersey, a sophomore from Almond and Madison ("They'll never be business manager of the POINTER, manager of the POINTER.

Dave is enrolled in Letters and Science, with a Phys Ed minor and a future in engineering. His extra-curricular activities include "S" club, POINTER (circulation manager and assistant business manager), track, intramurals and Phi Sigma Epsilon.

His special interests include refereeing, umpiring, his "ads" for the POINTER, girls and his car. Dave works in Montgomery-Ward at Madison weekends and plans to work there this summer. He feels that he will enjoy (?) the participation and experience of his newly acquired job.

Josephine Daniel, a sophomore from Osterville, Massachusetts, has been appointed as the new IRIS editor, it was announced by Clifford W. Morrison, IRIS editorial and business adviser. Enrolled in the education field, Jo plans to graduate with a B.A. degree, with history and geography majors. Jo's extra-curricular activities include the presidency of WRA, a swimmer, clubs and Tau Gamma Beta. Her special interests are sailing and swimming and classical music. Jo will be spending her third year working for a rich family summering on Cape Cod, teaching five children to swim, sail, play tennis and other sports ("along with their 10 cousins who always seem to wind up in the yard," Jo laughingly remarked.) She feels that rather than predict any rash future for the IRIS, she'd rather wait and let the book speak for itself.

Kenny Kritiz, a junior from Mellen, in the secondary division, with history and geography majors and a social science minor, is the newly appointed IRIS business manager. Ken is president of the Secondary division, Forum, controller of Sigma Phi Epsilon, and a member of College Theater, Alpha Gamma, Iris and the Young Republicans. ("I'm for Joe!")

Good books and fishing are among his special interests and he also likes to travel. Ken plans to work at Penokee Vanner in Mellen this summer, if Uncle Sam doesn't decide to give him a job in Indo-China.

We extend our congratulations to these four and we wish them all the luck in the world with their respective publications!

of the federation at Kenosha on Monday of last week.

Knutzen, club accompanist Ruth Ann Charlesworth and Gwynn Fischer, and the four-year men, Royce Wade and Jerry Boettcher, were guests at the federation convention banquet before the Kenosha concert. Mrs. Winnifred Spindler, Stevens Point, was among the guests, as was Mrs. A. A. Mellentine, also of Stevens Point, who was elected state president during the convention. Also present were former CSC students, Mrs. Letha Strange and Misses Myrtle Hendrickson, Marlene Zastrow and Elaine Johnson.

General co-chairmen are Jane Schultz and Jo Daniel. Other committee members are: Publicity, Debra Miller; decorations, Alice Allen; refreshments, Phyllis Rickford; music and lighting, Elsie Elde; program, Mary Ann Smith; and cleanup, Janice Lee Freder.

Jottings About The Dublin Players

Several of the members of the Dublin Players, who were great favorites with Stevens Point audiences last week here at the college, will not be with the Players when they return to the United States in September for another tour. Harry Webster, who did a tremendous job as Michael James Flaherty in "Playboy of the Western World," has resigned to take on a lecture tour of the United States. From the comments voiced after he spoke in Miss Pauline Isaacson's History 112 class, we're sure that he'll be a big success.

Ginette Waddell, who played the part of the Widow Quinn in "Playboy" is returning to her long term radio contract in Ireland. She joined the cast as a favor only after one of the members took ill.

Phyllis Ryan, who did a wonderful job with her portrayal of Pigeon Mike, has decided to stay home in Ireland with her seven-year-old daughter next year. The daughter, incidentally, got herself a job on Radio Erin while her mother was touring America. James Neylin, who played Colonel Pickering in "Pygmalion" has brought his wife and new baby to America, and if he can make a success of his work here they plan to remain and become American citizens.

Ken Huxham (with the misshapen eye and the drunken brogue) was reported to be a scene-stealer, a body who required some watching. And well all might agree who had seen either "Pygmalion" or "Playboy of the Western World."

The Dublin Players travel throughout the country in two Dodge cars and a truck. After leaving Stevens Point they were to play in Omaha, Nebraska, and Rochester, Minnesota, leaving there on May 15 by car, and they are sailing back to Ireland on May 19 from New York. Mr. and Mrs. Ibbes and Miss Josie Macavain will remain in America for about

three weeks to complete the arrangements for their fall tour. The rest of the cast will return to Ireland for a six week vacation, after which they will begin rehearsing for their fall engagements here in the United States.

These Irish were impressed at all times by the overwhelming friendliness of the American people. It amazed them to see the opportunities for college people to work their way through school, and to make something of themselves. They were fascinated by the variety of scenery and climate as they went from coast to coast. At every one of their engagements they had wonderful weather, except at Stevens Point (where it rained), but they said they liked it just as well. They were impressed also by the great number of conveniences and equipment which were available in the Central State auditorium and liked the size of it and the intimate contact with the audiences.

The Faculty Wives Service committee entertained the Dublin Players, the members of the College Theater and the assembly committee members at a tea on Monday evening, following the production. Mrs. Arol C. Epple is chairman of the group and Mrs. Robert S. Lewis and Mrs. Kenneth W. Boylan poured. Small fancy cookies were served, which the cast always called "biscuits." The Players liked the quality of American coffee but were not impressed with our ability to make tea.

Everyone who saw any or all of the plays will agree that they were some of the best productions seen by Pointers in a long time. We all salute the Dublin Players and say, "Come again, soon!" We also say, "Thank you, Miss Isaacson, and the members of your assembly committee for giving us students the opportunity to see the Dublin Players."

Omegs Hold Annual Mother-Daughter Tea

The annual Mother-Daughter tea of Omega Mu Chi was held in the Home Management House, Saturday, May 8 from 3 until 4 p.m.

The spring effect was created by the lavender birdhouse decorated with African violets and greens which was used as a centerpiece on the table. Above the table was a bluebird mobile. The rooms were decorated with bouquets of painted daisies and snapdragons. The mothers were presented with corsages of pastel painted daisies.

Sharon Sutton, president, welcomed the mothers and guests and all were introduced.

Weary Wanderers View Washington, D.C. Wonders

On the morning of April 10, six intrepid CSC travelers set sail with groggy eyes on a 2000 mile trip. Their destination — Washington, D. C. The six (Roy Hackbart, Earl Grow, Jerry Munderloh, Don Hartz, Pete Klose and Bill Wicke) were off to attend the National Lutheran Students Seminar. Comfortably compressed in Roy's car, the trip was made in a day and one half with interruptions only to eat (Nelson Hall lunches), go roller skating in Mansfield, Ohio, and get lost in every town along the way of over 1000 population. (Here a warning note is injected for future travelers: Bypass Pittsburg. The police there are too alert!)

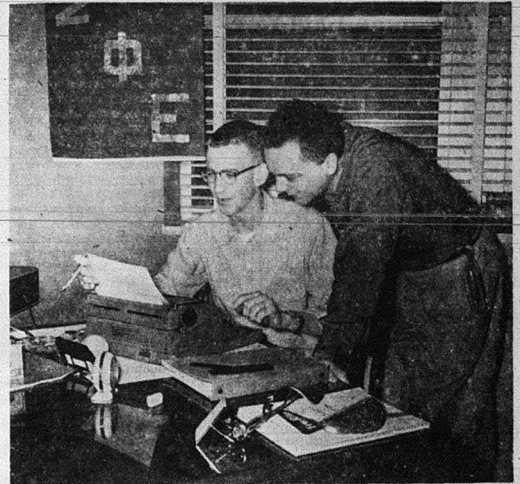

Washington was reached around 4 o'clock Sunday afternoon, April 11. Around 5, the headquarters was found and registration was completed. Room reservations were found for them in private homes. This unfortunately split up the group and so every morning Roy had to make a bus run to pick up the flock.

Three days were spent in D. C. attending conferences, listening to speeches from such celebrated men as Walter Reuther of the C.I.O., taking tours through the various governmental buildings, and of course, doing a little sight-seeing on their own to such delightful little spots as Glen Elco Park and the 823 Club.

On Wednesday, April 14, the group, left for home having only skimmed the surface when it came to things to see in D. C. Somehow along the way a bugle had been purchased by Earl and so the return trip through the mountains was made loud and stirring by off-pitch bugle calls.

Motels in West Virginia and Indiana were home for our voyagers on the way home and plowing through rain and night (with a stop to get Bill a dairy queen custard), "Hot Rod" Hartz and companions arrived in Stevens Point on the 16th.

The results of the trip: tired bodies, deflated pocketbooks, and a wonderful look at what makes America tick in Washington, D. C. and heart of our country.

EARL GROW AND HOMER PLUMB are hard at work on the Sig-Episodes, since they are two of the major script writers. Be sure to see this wonder on May 18 and 19.

What Is Your Opinion Of Our Practice-Teaching System Here?

The bell rings. One or two members of the class hurriedly gather up their books and dash out as the instructor and other students stare in amazement. Yes, that's one of the incidents in the life of a student practice teacher.

If your roommate is practice teaching, you're perhaps familiar with the complaints of lack of time for other studies, the difficulty of getting over to the Training school in time, or, the general inadequacy of our system here at CSC.

Despite a few gripes, however, the majority of the students seem to feel our system is on the whole quite efficient. But let's get a first hand view of the opinions of those who are teaching this semester. Here are the comments of a few of the practice teachers on the question: "What do you think of our practice-teaching system here at CSC?"

Marlys Hvass: "If there could be an understanding of the time arrangement, in the time of study required for each course, and in the arrangement of classes to give the practice teachers longer periods of time to teach in, it would help a lot. Otherwise the system seems quite efficient. This is a comment from the rushed rural division."

Gladys Lehmann: "I am fairly well satisfied with my practice teaching experience. I am a secondary division major, and I find the hours required for practice teaching very satisfactory and not overly demanding. One small gripe -- I'd rather not see secondary majors teaching 7th or 8th grades."

Edith Helland: "Classes at the college while one is practice teaching cannot be justified. There isn't sufficient time to spend on each class. I do feel, however, that our two semester system gives the student teacher and her supervising teacher time to get to know each other."

Dorothy Dunkel: "If when I teach, I spend as much time on lesson plans as I do now, I'll never be able to eat or sleep."

Joann Cuff: "I think the amount of practice is good, but I feel that some practice outside the Training school would be of value, possibly at the school where you would be teaching the next year."

Betty Kussorow: "I think a training/school off campus might possibly serve the purpose better. I think that the supervision of the Training school here is good."

Creel Census Taken By Conservationists

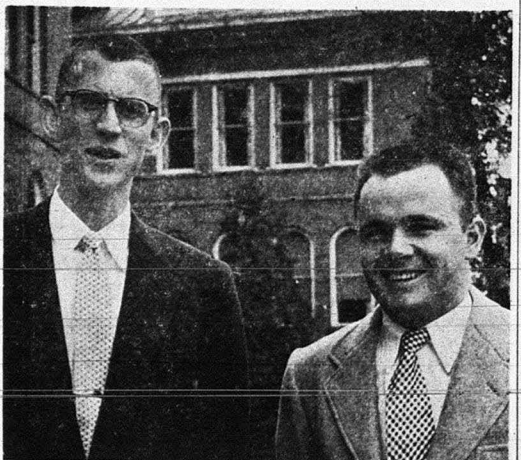

It was a cold day for the conservation men who were taking a creel census on May 1. It was even colder for them on the following day. These men were from the Central State college conservation department and they were assigned to different well-fished areas in Portage County. The object was to get a count of the trout caught by anglers on the opening days. From the reports the catch for most was mediocre but a few reported having gotten a full limit. Most of the failure to get many fish was blamed on the high water and the uncommonly cold weather.

EARL GROW AND DAVE JERSEY — NEW POINTER HEADS

Eau Claire, Extension Fall To Thinclads, Pease, Schommer, Jacobsen Star In Win

Central State opened up its home track schedule by gaining its initial victory of the season by winning a triangular meet held at Goerke park, May 5. By winning 10 of 15 events and rolling up a total of 73 3/4 points, they finished far ahead of second place Milwaukee Extension with 54 1/4 points and Eau Claire, represented by only five men, finished third by accumulating only 15 points.

Ed Jacobsen showed fine form as he won his customary two races, and Mark Schommer as usual was a high scorer. "Jake" made it six in a row for 1954 and 43 straight for four seasons in the mile and two mile distances as he completely outclassed all competition. Schommer stacked up a total of 14 1/4 points as he won both dashes, placed second in the broad jump, and anchored the winning relay team.

The only other Pointer who was double winner was Terry Pease who piled up 12 points as he placed first in the low hurdles and javelin while placing third in the 100. Carl Huberty's unbeaten record in the pole vault was marred as he failed to place in this event, but he made it three straight in the high jump with a leap of 5' 9" which was one of the top performances of the day. A strong finish gave Bill Ruhsam his second straight victory in the half mile and Larry Collins came through in fine form as he gained his first victory of the year in the 440. Point's other first came in the relay in which Jerry Drake, a newcomer, who also placed in the high hurdles, opened up a huge margin as No. 2 runner to make it easy the rest of the way.

In all, 14 members of Coach Alf Harrier's CSC team scored, with 10 of them scoring in more than one event.

Results:

Oshkosh State had to use the hurdles and their relay team to nip Central State 67-64 on May 1. The meet was held at Pierce Field, Oshkosh. Point led 54-62 with only the relay left, but Oshkosh had to use a 16-2 point advantage in the hurdles to narrow the margin.

Dependable Ed Jacobsen again won the mile and its double. Mark Schommer won the 220 and tied for first in the broad jump, got seconds in the 100 and discus and third in the shot put to lead all scorers with 15. Pointers Lack Depth, Drop Opener To Vikings

Coach Alf Harrier made his CSC coaching debut on April 27 at Appleton as his track squad was beaten by Lawrence college 73 1/3 to 57 2/3. It was the first meet of the year.

CSC had eight firsts to six for the Vikings but not enough depth to accumulate the rest of the totals to win. Stellar Ed Jacobsen won his two specialties, the mile and two mile. Carl Huberty won the pole vault and high jump and got a third in the high hurdles to be runner-up to Mark Schommer in the scoring. Schommer won the discus and 100 yard dash, got second in the 220 and third in the broad jump and shot put. Terry Pease, who won the javelin, and Jim Miller who won the half-mile, were the other Point winners. Other thinclads who scored were Russ Bornitzke, Fritz Schadewald, Bill Ruhsam, John Miller, and Wayne Curry.

C.S.C. got only one point out of a possible 18 in the hurdles which probably decided the meet.
