

# Veterans Of Many Years Here At CSC, Michelsen, Diehl - Student Friends, Retire

By Shirley Sonnenberg and Joanne Wysocki

CSC will lose two of its veteran teachers at the close of the school year when Miss Leah Diehl, fourth grade supervisor at the Training School and Peter J. Michelsen, head of the CSC music department, retire.

Miss Diehl, who has been here 31 years and Mr. Michelsen, who has been at CSC for 23 years, will both retire in the spring.

Miss Diehl has become a favorite of all who have ever known or worked with her. Her generous and warmhearted understanding will be sorely missed by all her student teachers and pupils.

Her years of quality service at CSC began in 1923 when she came here from Juneau County in Wisconsin, where she had been a country superintendent for three years and a county superintendent for five years. Prior to that time she taught sixth and eighth grades at Elroy.

Miss Diehl has always said that the one year she spent as a rural school teacher was one of the most enriching and outstanding experiences she has had in her teaching career, because of the constant challenge which is even more in evidence there than in a one grade school-room.

Elroy claims Miss Diehl as a native child, although she has lived in Stevens Point longer than any other place. Hibbing and Duluth, Minnesota, where her two brothers live, are Miss Diehl's first choices of vacation spots.

Travel is one of her favorite pastimes, as can well be seen by the variety of places she has visited. Among the most interesting spots she has seen, the Maine coast is one of her first "favorites." Wisconsin ranking a close second. Miss Diehl has

Miss Diehl

been to the west coast twice, and has spent two summers at the George Peabody College for Teachers at Nashville, Tennessee. While in California a few summers ago, she took a course in child psychology under Dr. William Blatz from Toronto University, who was teaching at the State College at San Diego.

Her grade and high school days were spent at Elroy. After graduation from high school she attended Milwaukee State Normal for two years and then went on to do her undergraduate and graduate work at the University of Chicago. She worked in the departments of education and geography at Chicago and graduated with a Masters degree in Education and a minor in geography.

Photography is one of her favorite hobbies, and she expects to have more leisure time to experiment with it. All kinds of reading rank high on her favorites list, and hiking is another experience she plans to get more of with more free seconds.

Among her many "extra-curricular" activities are Girl Scouts, of which she is the Stevens Point program chairman; Business and Professional Women's club in which she is chairman of the scholarship committee; Delta Kappa Gamma, honorary education society and membership in the National and State Councils of Geography Teachers.

The very fact that she was always genuinely interested in people has made her a wonderful person and an influence on all she worked with. Somehow she always made people feel they were worth while. All the extra help she gave to others often gained her a "thank-you," but she gave of herself freely to anyone who needed help, and without waiting for praise or acknowledgment.

Her pupils and her student teachers could perhaps sing her praises better than anyone else. The encouragement she has given often could not be listed in a one, two, three manner, but is rather that intangible feeling which can't be put into words.

CSC is losing a splendid faculty member, pupils and student teachers are losing a fine instructor, and all are losing a genuine friend.

Best of luck always, Miss Diehl!

Mr. Michelsen

Next year the halls of Central State College will be minus one of their most familiar sounds, the melody of a flute from the southeastern corner of the building. The flutist, Peter J.

## Changes In Curriculum Announced By Registrar

Gilbert W. Faust, registrar, has announced several important curriculum changes in regard to general course and degree requirements of Central State students. These changes are the result of seven long and intense meetings of the faculty's curriculum committee and have been approved by the faculty as a whole.

These changes include the discontinuation of the Bachelor of Education degree, a general shakeup in the requirements for a Bachelor of Science degree, changes in the requirements for the general science major and course and requirement changes in the conservation department.

Probably the most important curriculum change is the elimination of the B.E. degree. After June 1, 1954, no one will be admitted to a curriculum under the B.E. degree. Students presently working on this degree will be permitted to finish such work.

Future education students will receive a B.S. degree or, in a few instances, a Bachelor of Arts degree. Division requirements, which generally remain unchanged, including minors and minors where specified, will still have to be met, as well as the new listing of requirements, to obtain a B.S. degree.

A general listing of the new B.S. requirements follows: English, six credits; Speech, two credits; American History, six credits; Foreign Language, eight credits or Mathematics, four credits; Social Studies, nine credits; Natural Science, 10 credits; Humanities, nine credits; and Physical Education, four credits.

This new listing of requirements for a B.S. degree has actually reduced the number of required credit hours from 52-58 (out of a total 128) to 46-50 (out of a total of 128), though it must be remembered that division or L and S requirements are not included in the 46-50 credit hours.

One new course has been added to the mathematics curriculum and five new courses to the conservation curriculum. Minor changes were made in the requirements for a B.A. degree.

The requirements for major and minors in the general science and conservation fields were completely revamped. For details the student is urged to study the new requirements and courses in the new college catalog which will be published this summer, says Mr. Faust.

It is to be emphasized that students presently enrolled may qualify for a degree under either the old or new requirements, but not under any combination of the two sets of requirements.

## Compass, Maps, Standard CSC Student Equipment After Classroom Shift

Come next September old CSC students will be as confused as freshmen when it comes to finding their classrooms. The space which is now used as the library will be transformed into several classrooms, and many of the departmental rooms are being changed around.

The science department will move itself into an additional room across the hall on the second floor, room 212, which is now occupied by the art department. The art department will be transferred to the first floor, to rooms 112 and 116 and to the office which is now being used by the chemistry department.

Part of the library will be made into two or three classrooms and offices for the geography department, which will move upstairs from its present first floor location.

The chemistry department will then move into rooms 103, 104 and 106 where the geography department is now.

faculty, senior students, and other alumni of the college at an informal "get-together".

The picnic lunch is to be prepared and served by the women of the Trinity Lutheran church. Tickets will be purchased from Burton R. Pierce or Mrs. Marjorie Kerst for \$1.00 per ticket.

## College Band Plans President's Concert

The Annual President's Concert, given by the College Band under the direction of Peter J. Michelsen, will be on Wednesday, June 2, at 8 p.m. in the college auditorium. The program is as follows: Processional, "Grand March" by Ernest Schmidt; Overture, "Merry Wives of Windsor" by Otto Nicolai; "Deep River Rhapsody" by Harold Walter.

A saxophone duet, "Among the Sycamores," will be played by Marjorie Schmah and Grace Schulz. Gloria Suchow is their accompanist. The band will continue with: "Midnight in Paris" by Conrad and Magidson; Selection from "Lohengrin" by Richard Wagner; "Autumn Silhouette" by Harold Walters; Foster "Selection of Melodies" by Johnson-Foster; "Hill Country Ballad" by Clifton Williams; "Alma Mater"; and the Recessional, "National Capital March" by Alfred Zambardino.

## Faculty Changes Told

With the dismissal of school this June, there will be several changes in the faculty because of retirements, a resignation and leaves of absence. Miss Vivian Kellgren, who is now the sixth grade supervisor at the Training school, will transfer to the fourth grade to fill the position now held by Miss Leah Diehl, who is retiring.

Mrs. Marjorie Kerst, Rural supervisor in the Demonstration school, will fill the fifth grade vacancy left by the resignation of Miss Alice Hansen, who will teach in California.

Mrs. Mary Samter, first grade supervisor at the Training school, has been granted a year's leave of absence to teach elementary education courses in the School of Education at the University of Wisconsin.

Miss Lorraine Wilson will replace Miss Rita Youmans in the Home Economics department. Miss Youmans will have a year's leave of absence to work on her doctor's degree at the University of Illinois. Miss Wilson has her master's degree from the University of Wisconsin and is presently teaching at the University of Nebraska at Lincoln. Her home is in New Concord, Ohio.

At the present time the vacancies in the sixth grade at the Training school, the Rural Demonstration school, and the first grade at the Training school have not been filled. No replacement has as yet been made for the position of head of the music department, a vacancy caused by the retirement of Peter J. Michelsen.

## "The World We Live In," Unusual Show To Be Featured Next September

Soon after students and faculty return in September they will have a treat in store for them when Life Magazine presents David Hardy with the second of its outstanding platform entertainment, "The World We Live In."

Tentatively set for a matinee and an evening performance on Monday, September 20, "The World We Live In" combines color motion pictures and panoramic slide projection to present an absorbing time of exciting adventure in the strange corners of the earth.

Because of the width of the Panoramic screen used in this program and the fact that rear projection is used, the minimum width of the stage must be 35 feet and the minimum depth, 20 feet. Two hours' time is required to set up the elaborate equipment provided by Life for the presentation of this unusual program.

President William C. Hansen has announced that proceeds from the sale of tickets for the production will augment a small international education fund that the college has. Handling arrangements for the showing of "The World We Live In" is an International Education committee, newly appointed by President Hansen. Members of the committee are Dr. Quincy Doudna, chairman, Miss Gladys Van Arsdale, Mrs. Elizabeth Pfeiffer, Miss Pauline Isaacson and Raymond E. Specht.

## Placements Of Grads Announced As Need For Teachers Grows

Dr. Raymond E. Gotham, director of placement, says that the number of available teachers this year is lower than previously. The demand has been far greater this year than in the past years, especially in Primary and Intermediate grades, Home Economics and Conservation. The shortage of English teachers is extreme. In rural schools there is a great inadequacy.

There are many favorable opportunities in high schools for people who have good records in college.

## Joseph Collins Award

Fred Schadewald is the 1954 winner of the Joseph Victor Collins \$25 award for achievement in the field of mathematics. It was announced today by Dr. O. Floyd Nixon, head of the college mathematics department.

This major award, which was not announced on Awards Day, is given in honor of Dr. Collins, who was head of CSC's mathematics department for 43 years.

James Mulady was a very close runner-up to Schadewald in this award, the winner of which is determined by the overall grade point achieved in mathematics in four years.

## THANKS ALL!

The last issue is finished  
And our work is done —  
It's been hard, but also fun!

The thrill of seeing your POINTER (especially the first one) in the eager hands of your fellow students on Thursday morning, the nice little notes from people telling you that they enjoyed your paper and the fun of trying to think of "new" things to put in the next issue all pay two-folds for the long hours of work and the worry and headache which an editor encounters during the year. Mail call every day with a big box all our own was fun, too! Editors are popular folks. It seems, and the mail often included invitations and free tickets to all sorts of affairs, national conventions, livestock exhibitions at Chicago and many, many more events. Our only regret is that we couldn't attend some of them.

We'd like to thank all the people who have helped to make the POINTER this year, those people without whose cooperation we'd never have made it through the year. To Miss Bertha Glennon, President William C. Hansen, Robert T. Anderson, Mr. and Mrs. Ray E. Specht, John E. Roberts and Mrs. Elizabeth Pfiffner, and, last but not least, our faithful staff members, we extend a big, heartfelt "Thank You!"

After four years in the POINTER office we're sure that Monday nights will seem rather vacant next year. However, we know that future of the POINTER lies in excellent hands, and our best wishes for a wonderfully successful year go to Earl Grow, the new editor-in-chief.

A final dedication, from the lines of a little known poem, for all POINTER staffs, past, present or future:

Now getting out this POINTER  
Involves a number of tasks  
(The hours are seven 'til seven)  
I often think the paper staff  
Deserves a place in Heaven.

## FAMILIAR FACES

Jim Mulady

This is Stevens Point's boomerang. Jim Mulady has moved away and then returned to Point four different times. "There've been lots of places in between," Jim said, "but this is the farthest north and it's too far. Florida sounds good to me. This summer we'll be going there on our honeymoon."

Jim is engaged to Joan Worzalla from Stevens Point. June 12 is the big day and St. Peter's church is the spot. (Jim's shaking already.) "I'm sure glad I don't have to walk up that long aisle as Joan has to," he said in a relieved tone.

After the honeymoon Jim will work full time at the Sport Shop. He has been working part time there for the past three years. He works about 36 hours a week. "It keeps me out of trouble," he said. (It also makes him very hard to corner for an interview.)

For three years Jim has been business manager for the Iris. Also he is a Chi Delt and a member of Newman club. "My first two years I was in lots of things — Radio Workshop,

Pauline lived in Waupaca for 20 years. A few months ago her folks moved to Appleton. "Waupaca is really my home, though. It's God's country. I'm going to miss the Chain of Lakes, the Cassino, and my friends (with their cottages on the lake)." Pauline said laughing, yet serious in the feeling.

"Last summer I worked in Milwaukee with three other girls. We did secretarial work," Pauline mentioned. Previous to last summer she worked at a super market in Waupaca. "This summer I don't have to work, but I know I will. I can't see myself just sitting around with nothing to do. I am going to take a trip to California for a few weeks with some girl friends. If my jet pilot is still there I will get to see him." Lena said very happily. "He is supposed to go to Japan, but doesn't know when as yet. I suppose I'll have to learn to fly jets before I get him permanently," she continued grinning. "I'm trying to get a teaching contract for Japan."

Pauline will teach at Appleton in the second grade next year. It's a new school only six blocks from her new home.

Last semester Pauline taught the second and third grades. This semester she has 29 in the first grade. "They're so cute," Pauline said enthusiastically. "I love every minute of teaching."

Besides her loud sneezes Pauline is noted at CSC for her little fingers. (And they are really little!) This hasn't stopped her from playing piano though. She's been playing it for 11 years now. Music is one of her biggest interests — any and all kinds.

Pauline likes to meet people. "I'm not the lone-wolf type," she said emphatically. She has lived at Nelson Hall four years.

"Joanne Burdoff was my roommate for three years until she got married. Then I willfully took on Jackie Piehl." Lena said big-heartedly. "She doesn't keep hours, though, and I'm getting tired of pulling in the sheet! (Muscles!)." I'm not jealous or anything, but I would kind of like to change around and let her pull me in for a while!"

## Padded Cell

by Benita Held Blomley

Hi there.

We know you are all getting blood-shot eyes from beginning to burn the midnight oil. You wish you had kept up better in classes day by day, and that you had started your project earlier, but in spite of it all, we'd like to interrupt you for a minute or two.

Just in case any of you have wandered past the Salter abode and heard Wayne brushing up on tender lullabies — well, he now has a reason for Wayne became the proud Papa of a baby boy a few weeks ago. Congratulations to you, and may he be another tenor!

Because we've spent so much time at the Training School — and our sentiments go out with next year's new teachers, we dedicate the following to them — especially the new primary teachers.

The Teacher — by Lederle Chevron To a child thrust into a strange world, a good teacher is the best thing that can possibly happen.

A teacher is Courage with Kleenex In its pocket, Sympathy struggling with a snowsuit, and Patience with papers to grade.

Teachers spend twelve hours a day searching for truth, and the other twelve hours searching for error.

They are incorruptible, indispensable, infallible, invincible, and really inexhaustible.

A teacher really does not mind sniffles, squirmings, stomach aches, spills, sloth, and sauciness.

Neither does she disintegrate before tears, trifles, fights, futility, excuses, parents who spout, little boys who shout, and little girls who pout.

Most of all, a teacher is somebody who likes somebody else's children — and still has enough strength to go to the P.T.A. meeting.

Thank heaven for teachers!

Students and former students will be interested to learn of the marriage of Irene Masten and Charles Ripiel in Chicago on May 1. The Ripiels will be at home at 3333 Ingelside avenue in Chicago. Irene and her late husband, Merv Masten, were owners of the College Eat Shop for several years.

The Pointer staff is deeply grateful to Mrs. Hugh Huffman of La Mesa, California, who sent them money for treat on their last Monday "Pointer" night. Mrs. Huffman formerly lived in Stevens Point and was society editor of the Daily Journal.

The printer muffed a couple of lines of type in the last Pointer and poor Dave Jersey was the one to suffer. The paragraph should have read, "Dave Jersey, a sophomore from Almond and Madison ('They'll never believe I'm from two towns,' said Dave) has been announced as the new business manager of the Pointer." Oh, well, it's just part of running a newspaper, says Shirley Sonnenberg to Earl Grow, ye new editor.

Just heard the good news Royce Wade "pinned" Corinne Weber last Saturday evening. Good luck!

There is lots of excitement in store for you this summer; we have heard whispers of appointments with the army, weddings, wonderful summer jobs, etc., so we wish you all a very pleasant summer, and we'll be seeing most of you next fall.

Bye now!

## Summer Brings Vacations

### To Some, Work To Others

CSC faculty members who have the summer off this year include Miss Syble Mason, Miss Bertha Glennon, Mrs. Mildred Williams, Dr. Warren G. Jenkins, Leland M. Burroughs, Dr. Arthur S. Lyness, Robert S. Lewis, Dr. O. P. Nixon, Miss Jessiemae Keyser, and Dr. Walter R. Sylvester. Instructors teach two summers out of three and have the third summer for rest, recreation, travel or study as they choose.

Mr. Lewis will be a representative of CSC for the North Central Workshop to be held at the University of Minnesota in August. Miss Monica Bainter is taking the summer off to do work on her doctorate at the University of Wisconsin.

Mrs. Elizabeth Pfiffner, dean of women, and John E. Roberts, dean of men, will be under a new plan beginning this summer. They will be on leave during the summer session but will be back in August to complete arrangements for student housing, employment, etc. for the fall term. Mr. Roberts plans to attend a clinic at the Colorado College of Education at Greeley, Colorado, for two weeks.

One of the new summer school instructors is Edward Ludwig, who will teach geography. Mr. Ludwig is a geography major and has taught at La Crosse, Eau Claire and White-water, and is presently principal at Gresham. He has a Master's degree from the University of Wisconsin and has completed much of his graduate work for a Ph.D. in geography.

Eugene W. Laurent, principal of the Country Normal school at Medford, will teach history here this summer. He has a Master's degree in history from the University of New Mexico.

Roland K. Koyen, principal of the County Normal at Richland Center will teach psychology during the summer session. He has a Ph.D. from the University of Wisconsin.

## Glee Club Ends Season

### At Annual Awards Dinner

The Men's Glee club of Central State college wound up the season on May 16 at its annual awards dinner held in the Training school.

Norman E. Knutzen, director of the club, paid tribute to Peter J. Michelsen, who has announced that he will retire as head of the CSC music department at the end of the school year. On behalf of the Glee club, Mr. Knutzen thanked the retiring director for what he has done for the men singers. He complimented Mrs. A. A. Mallette for her promotion of music in the state and told her that "we will pledge our help for what you will do for music in the state and nation."

Mr. Knutzen introduced the two new business managers of the Glee club for next year, Arnold Lenius, Watertown, and Kenton Stewart, Greenwood. He then presented gold keys to three four-year singers, Jerry Boettcher, Merrill, and Richard Jacobus and Royce Wade both of Marshfield, and silver keys to three-year members, William Kohls, Portage; Ray Cook, Unity; Dave Ross, Stevens Point, and Roy Hackbart, Poyntette. Two-year awards went to Allen Haskelquist, Wild Rose; Eugene Nikolai, Neshkoro; Irvin Hutter, Milton; Paul Zei, Stevens Point, and Stewart. Gifts were presented to the accompanists, Miss Ruth Ann Charlesworth, New London, and Fred Stephane, Tomah, and it was announced that one will be given to Gwen Fischer, Stevens Point, who was unable to attend the event.

## Deans' Offices Are To Be Consolidated

Mrs. Elizabeth Pfiffner, Dean of Women, will be in a new office location come next September. A consolidation of the offices of Dean of Men and Women is planned. The offices will all be at a strategic location, directly across from the new library tunnel in the basement, where the offices of the Dean of Men are now located.

Mr. Roberts will still be located in the same office as he now is, with his own waiting room directly adjoining it. The large room which is now his waiting room will be furnished with office supplies and will have secretarial help in it at all times from 8 a.m. to 5 p.m. The room directly off the hall which leads into Studio B will be used as the Dean of Women's waiting room, and a door will be cut from it going into the room in which the secretarial help will be housed. Mrs. Pfiffner will then have her office in the room which is now Studio B and which is the office of Robert S. Lewis.

House phones and outside phones will all be in the one main office building, with extensions into each of the dean's offices. In addition, the facilities of the room which is called Studio A will be available for use in small teas, or other meetings. In addition, the room lying directly between the deans' offices, will be used as a general conference room for small groups meeting with either or both of the deans. Mrs. Pfiffner will also have kitchen privileges with a hot plate and sink, and some of the dishes which are over at the Union will be kept in this room, to facilitate small group gatherings held here in the college building.

visior, who has been on the staff for 31 years, is retiring and Miss Hansen, fourth grade supervisor, who has been here since 1950, has resigned to teach in California.

Sigma Zeta, Men's Glee club and others — but now I can't seem to work them in! Jim said regretfully. "I have a good car — what's left of a 37 Ford Convertible. When I put the top down I get rid of half my rattles — all of them above the doors," Jim said proudly.

Photography is one of Jim's hobbies. "I've been doing quite a bit of taking, developing, and printing pictures lately. Seems like quite often they are mostly of Joan," he laughed. Jim has a sister graduating from eighth grade, a brother graduating from high school, while he graduates from college. (Poor Mom and Dad!) Jim and his sister graduate the same day.

One year Jim wrestled — the year CSC only wrestled one meet. "I'm probably the only undefeated wrestler in the country," Jim boasted. "I didn't even have to wrestle, as the game was forfeited to me." (Pain-lessly!)

Jim is a 1 and 8 student with a major in Math and minors in Physics and history. For some reason Math is his favorite subject. For some other reason chicken is his favorite food. (How'd that get in there?)

Pauline Weisen

Have you heard of the little girl with a gigantic sneeze? Then meet "Lena," or correctly introduced, Pauline Weisen. She has a few other nicknames, but we won't mention them.

## Young Wesley President

Ron Young was elected president for the 1954-55 term of Wesley. Other officers elected were: Vice-president, Mary Barrett; secretary, Connie Weber; treasurer, Lou Breyman; and state representative, Mary Ann Smith.

# A Thought And A Tribute

by Margie Gerhard

As another year draws to a close and the remaining days, classes, and hours are restlessly counted in anticipation of a glorious summer, other thoughts also appear. These are the thoughts of the past.

For freshmen these memories are aided and abetted by dance programs, posters, souvenirs — everything imaginable which is collectable. Those who have seen the conclusion of other college years, however, have collected more in memories than actual objects, supplemented with a few snaps, perhaps, because they know what it is like to take them all home and find that those cherished relics are incongruous in a home, and must be discarded after all.

This is all fine and dandy, as the saying goes, for underclassmen, but there comes a time when the days, classes, and remaining hours in a spring term are the very last ones. This is what we are all eagerly anticipating, the one to which you seniors have been working for four years or more, the goal at which you are finally arriving.

The realization that there won't be another return in the fall to sport off a deep tan and a new wardrobe, that there won't be Homecoming, pledging, Glee Club concerts, assemblies, plays, banquets, organizational meetings and all the other activities probably hasn't disturbed you yet. Furthermore, there won't be the same familiar faces, the dorm corn popping parties, TV at the Union, the innumerable get-togethers, and the classes. You have had your share of them, but they really won't seem quite the same for us without you. You Seniors can look back on a job well done, or perhaps, on a job that could have been done better, but what is of main importance right now is that soon, very soon, you will be looking back on it all.

While doing so, while looking back, we underclassmen would like to know that you will be thinking of us occasionally too, for you have been an important part of our lives and we'd like to have you think the same of us. It was you who "taught us the ropes" here, introduced us to your friends who are now ours.

## Message To Seniors

Fellow Seniors:  
Shortly we will complete a very important phase of our life. As we look back at four years of academic and social activities, we have been greatly enriched with experiences that we will treasure for years to come.

It seems but a short time ago that we first entered CSC's halls and now we will be leaving to make use of the knowledge we have gained.

We are sorry that our college life at Central State is over, but we are proud of our achievements here.

We wish to thank sincerely everyone who helped make our stay here so beneficial and enjoyable.

We are leaving, but our deepest thoughts will always bring us back to CSC.

Robert Ullsperger  
Senior Class President

They are: President, Frank Brocker; vice-president, Ray Cook; secretary, Lois Hogstedt; and treasurer, Arnold Lenius.

## Farewell to the Graduates

Each year in school or college work we must bid good-bye to a group which moves on to other or further endeavors. A teacher always faces this experience with mixed emotions. Thus it is that we bid good-bye and extend best wishes to those of you who are graduating in June. We would like to keep you here, but, of course, that wouldn't do — either for you or for us. Your new tasks will provide you with new challenges and with new energy and industry, — new problems to solve. Your places here will be taken by others who will in turn furnish us with new challenge and spur to our energy and devotion.

This college is completing sixty years of operation this year. It has prepared fifty-nine classes before this one to leave its classrooms and to face the problems and challenges of life, many of them in the field of teaching. Many of them have distinguished themselves and we expect no less on the part of your class. We extend our congratulations on your achievement to date and wish you the best of success in the years ahead. Keep in touch with us. Your Alma Mater will always rejoice with you in your successes and accomplishments, as you will in hers.

## CSC's Special Something

by Dave Ross

Is Central State so very much different from any other college? Do the degrees of this year's seniors mean the same as the degrees of other colleges? Is there anything we have here that distinguishes CSC from any other college?

It would be hard to find any physical attribute of Central State whose replica could not be found on many campuses throughout the country. Our campus buildings do not distinguish us; in fact, almost exact copies of our buildings can be found on campuses in this very state. Many schools have classes arranged as we have and follow approximately the same curricula. Other colleges, too, have football, basketball, and track teams (and no baseball team) as we have.

Generally speaking, our faculty is much like the faculties of other colleges, and our students are prototypes of the average American student. We have many of the same problems, troubles, and happinesses that other schools have.

It seems, then, that Central State is a mimeograph copy of College U.S.A. It seems that it would have made little difference where our seniors spent their last four years.

But are we so much the same?

No. We are different. And what makes us different, what distinguishes us from being a disgusting copy of the average, is what makes us proud of Central State. It is that something which makes us proud to study and play at Central State, to work, to teach at CSC, and proud to graduate from Central State.

How are we different? Like other schools as we may seem to be on the surface, we are different. But how?

It is in the small things that we are different. And it is in the adding up of the small things into Central State's special something that we are different.

First, student personalities are a part of making us different. It is Mark Schommer giving away an engagement ring in Dean Pfiffner's office that helps to make us different. And it is Shirley's Pointers and Kohl's Hudson and Jake's 50 and more.

Also faculty personalities help to distinguish Central State. It is Miss Roach looking down old Normal Avenue and remembering that helps to make us different. And it is the East Shop "ten o'clockers" from the faculty and Knutzen's cottage and Prexy's dogs and more.

And, yet, all we have added the past year and years to Central State's Something is small compared to the multitude of little things done and said in our school's dim past. We should feel honored to be privileged to add our small part to that something which makes Central State different. We are different because of all the small things of the past and present which add up to our social special Something which no other school has or can have.

What is that special Something? It is not an intangible, though it is hard to explain. You might call it emotion, or you might call it school spirit. But it's something more. It is something which every Central Stater has experienced. It is what makes us different. It is what makes our seniors proud of their degrees and Alma Mater. It is Central State's special Something.

## Community Theater Gives "Torch-Bearers"

The Stevens Point Community theater, organized this past winter, will sponsor its first production, a rollicking three-act satirical comedy on Wednesday and Thursday evenings, May 26 and 27 in the college auditorium.

The group is the first of its kind in the city. The play which will be given is "The Torch-Bearers," by George Kelly. It is under the direction of Mrs. Leone Hahn, with Mrs. George D. Meyer as associate director.

The cast of 11, aided by numerous other stage-hands is hard at work on the not too well-known comedy, which is about a community theater and the maddening trials and pitfalls it meets in presenting its first play.

Bulwark of the imaginary group is Mrs. Pamphill, the directress, who, safe in the sense of her own self-importance, tells the players where to go on the stage so they won't be running into each other.

The author of the play, George Kelly, is a Pulitzer prize winner and one of America's most distinguished playwrights. He is the uncle of Grace Kelly, rising young movie, stage and television star, who was recently featured on the cover of Life magazine.

Student tickets, especially priced at 25 cents are available at the college counter. Be sure to get yours!

Earl Grow — new Pointer editor — the Loco Lad makes good!

## "Sig Eps" Present Cavalcade Of History "Man, We've Had It"

Sigma Phi Epsilon fraternity members came a long way from home on May 18 and 19. In fact, they came all the way from cave man days to the present in their first annual show, "Sig Episodes," also called "You Are There," or "Brother, You've Had It."

The variety show was given in the Central State college auditorium.

The show was outstanding for its costuming and excellent lighting effects. Earl Grow and Homer Plumb were the script writers.

"The Age of Rome," a grandiose scene in the second act, the Roman banquet and finally the actual burning of Rome while Nero fiddled, was outstanding, worked out with excellent lighting effects.

Most of the fraternity members in the extravaganza in one or more scenes of the two-hour show. Act five, "Change of Pace," had Mary Ann Smith, borrowed from Tau Gamma Beta sorority, singing "My Buddy" in an army camp, where for a change, "Jody" didn't fare so well. Other scenes favored by audience applause were "The Age of the Civil War," "Western Bar," and "The Age of Dictators."

The news dispatches read over the "Russian Radio" were cleverly done.

"Inauguration of Harding" brought down the house. It was a take-off on the first motion picture newsreels, complete to the jerky motions of the principals as remembered from the old silent movie days.

Coming right down to the present day, the show had everything, including 3-D and cinemascope. The last scene had Liberate at the piano, with his silent partner, George, as might have been expected.

Royal Mood Prevails In Junior "Dutch Garden"

The 150 couples at the Central State college junior prom must have felt that they were actually "In a Dutch Garden" when they walked through the tulip-laden white archway on to the dance floor at P. J. Jacob's High school gymnasium, Saturday evening, May 15, where they danced from nine to one o'clock.

Midway down the floor toward a picturesque yellow and purple windmill, with its great blades turning steadily and rhythmically above the heads of the dancers throughout the evening. A low ceiling of lavender, green and yellow streamers, and a bright-colored Dutch landscape stretched across the stage opening.

The help transformed the room for the evening. Tables were arranged informally about the dance floor for between dance relaxation. Centerpieces were windmill replicas.

The crowning of the queen Jean Getchell, by the king, Roy Hackbart, was preceded by an imaginative ceremony. The court of honor, made up of class officers, members of the prom committees and their partners, escorted the royal couple to the throne at the end of the floor.

Point Linksmen Take Third In Triangular

Central State's golf squad suffered their third setback in four outings as they finished third in a triangular meet held at Whitewater, Saturday, May 15.

The Pointers counted 10½ points to finish runnerup to winner Whitewater's 27 points and the 16½ point total tally by Oshkosh.

Player-coach Bob Ullsperger copied medalist laurels for the local linksmen with a 43-38-81 total, good for three points toward the team score. Paul Suhs, firing from the number three position, chalked up 3½ team points while Bob Casper picked up two, Jerry Ebel a half, and Bob Johnson 1½.

John Zemlock of Oshkosh stole the show by guiding the pellet to a hole-in-one on the 160 yard number 6 hole.

The results: Kubitz (W) 38-38-77 (5); Schubert (Osh) 41-37-78 (4); Tanner (SP) 43-40-83 (0). Duerst (W) 38-39-77; Hintz (Osh) 40-41-81 (1½); Ullsperger (SP) 43-38-81 (3). McLean (W) 45-40-85 (4); Falda (Osh) 41-46-87 (1½); Suhs (SP) 43-43-86 (3½). Tranchita (W) 42-42-84 (5½); Zemlock (Osh) 45-41-86 (1½); Casper (SP) 41-44-85 (2); Warren (W) 45-45-90 (5½); Faust (Osh) 46-47-93 (2); Ebel (SP) 47-47-94 (½). Pohlman (W) 42-47-89 (2½); Binkowski (Osh) 41-45-86 (5½); Johnson (SP) 45-45-90 (5½).

## Luncheon Is Given By Primary Council

"A Walk in the Woods" was the theme for the decorations at the annual Primary Council Luncheon, which was held on Saturday noon, May 22, in the Presbytery church. Large pieces of driftwood placed on strips of flower-covered moss formed the centerpiece. Individual favors were tiny nutcups, trimmed with wild flowers.

Miss Mary Elizabeth Smith, Primary adviser, gave a farewell speech to graduating seniors in Primary Council. Speaking in behalf of the alumni was Jean Sarbacher, who teaches in Neenah.

The new president of Primary Council, Benita Held Blomley, and Betty Kussner spoke on behalf of the Primary students.

Entertainment for the affair consisted of a solo by Carol Peterson and a humorous skit presented by the freshman members of Primary Council.

Eileen Schieb and Carol Crosby were co-chairmen in charge of the luncheon.

## New Omeg Officers

Cleo Gilbert was recently elected president of Omeg Ma Chi. CSC's Ed Jacobsen continued his record-breaking ways Wednesday night, May 19, as he broke the mile run record for the third consecutive year at the Pioneer Relays at Carroll college in Waukesha.

"Easy Ed" breezed over the 1760 yard course in the good time of 1:32.1, shaving one and four-tenths second from his last year's time. Jake had shattered the record as a Sophomore with a timing of 4:38.9 and had set a new mark last year with 4:33.5 clocking.

Jake, a Senior from Wisconsin Rapids, wrapped up his Wisconsin college racing stint with an incredible record of an even 50 consecutive wins while winning the mile and two-mile distances during his four years at Central State! Included in the total are eight straight triumphs in the two distances in the Wisconsin State college conference meets and three victories in the Carroll Relays.

Ed will run his last race as a college athlete Saturday, June 5, when he will be entered to run one of his specialties at the Central Collegiate meet at Marquette University in Milwaukee. Lowering one of his school records will be his main objective as several runners from Big Ten schools are expected to be competing also. At present Ed is undecided as to which of the two distances he will try. Casual comments were, "I'd like to run the mile under 4:20" and "I've never run the 2-mile fresh." Which ever one it is, Jake, here's the best of luck!!

Six Seniors wound up their college athletic careers with the passing of the spring sports calendar. God stars Doug Tanner and Bob Ullsperger took off for the last time Tuesday afternoon in a match with St. Norbert's. The State track meet provided the final competition for thinclads Mark Schommer, Don Hermann, Ed Jacobsen and Fred Schade-wald. It's going to take a heap of replacing. Coach!

Keep your eye on next year's tennis squad! All six positions and more are scheduled to return next season. The netters, under the guiding hand of Dr. Wivel, picked up fast as the season progressed and with a little luck could have displayed a more formidable record. Watch them go next year!

The Braves finally found out they belong on the top of the heap. Their clutch hitting and fine pitching has tallied up to a lot more wins of late. It looks as if Charlie Grimm will have to use Bobby Thompson as a bat-boy when he gets back to the game.

We hate to do it, but we're going to have to call it quits for another year. We've had a lot of fun filling up this space in the Pointer for the past two years and hope you have found it worthwhile reading. So long, and BACK YOUR 1954-55 POINTERS!!

## Milwaukee Trackers' Reign Ended By La Crosse Squad

Milwaukee lost its first state track crown in 23 years last Saturday to La Crosse. CSC finished a distant third. The team standings were La Crosse 99½, Milwaukee 88, CSC 21½, Oshkosh 12, and River Falls 3.

Ed Jacobsen, CSC undefeated distant star extended his streak to 50 while ringing up No. 13 and 14 for the year. His times were 4:28.7 and 10:18.5. "Jake" had a 4:25 pattern set for a new record but a too-fast quarter pace threw him off. His first quarter time was 59 when he planned 61. At the half he was 2:09 when he wanted a 2:10 and he was right on 3:33 at the third quarter. His fourth quarter was to be a 65 and despite a desperate "kick" he ran it in 68.7. This marks the fourth year "Jake" was double distance king.

Carl Huberty successfully defended his share of the high jump championship by tying with Togatz, Milwaukee and Heinrich and Koenen of La Crosse. The height was 5 feet 10 inches.

Mark Schommer tossed the discus 122 feet 4½ inches to place fourth and Don Hermann whipped the javelin 162 feet 8 inches for a fourth in that department. The relay team of Larry Collins, Jerry Drake, Jim Miller, and Schommer placed a strong third and Drake got a fifth in the broad jump to make up the Pointers 21½ points.

The individual star of the meet was Bill Provine, a speedy Negro from Racine running for La Crosse. Provine won the 100, 220, the high hurdles, got second in the broad jump and anchored the winning relay team.

## Veterans Of Many Years

(Continued from page 1)

In 1931 he moved to Central State college as director of the music department, and has remained here up to the present time.

As director of the college music department he has been director of the College Band, the Mixed Chorus, and the Girls' Glee Club. He also has been conductor of the orchestra, which he always says isn't really a school orchestra, because there are many members not from the school, but isn't really civic, because there are more school members than others. Each year, Mr. Michelsen has combined the vocal groups and the orchestra in presenting a Christmas concert, and it has become one of the traditions of the school and the city to attend that affair.

Mr. Michelsen was founder of and adviser for Alpha Kappa Rho, the college honorary music fraternity, and has been instrumental in promoting parallel organizations in several other state colleges. Also frequently acting as judge for band, vocal, and instrumental music, his opinions are highly held, and a high rating from Mr. Michelsen is considered a landmark by the contestants.

Mr. Michelsen is one of the instigators of the audition movement recently begun in contest work, in which those contestants with "A" ratings are auditioned by another judge, who decides whether they are to go on to state competition. This system makes it possible for the cream of the musical crop to be given deserved recognition and aid to continue their music.

Mr. Michelsen has many and varied extra-curricular activities. Besides being busy at home he has found time to be director of the choir at Trinity Lutheran church. He is also an avid amateur photographer, although many of his photographic experiences do not appear to be amateurish at all. Persons entering his home soon become aware of three beautiful colored pictures above the fireplace, which are the results of Mr. Michelsen's artistry with his 35mm. camera. Also, of course, he is quick to show pictures of his four lovely grandchildren, pictures which have been taken with much frequency both by Mr. Michelsen and by others.

Besides these activities, Mr. Michelsen will be very busy henceforth caring for his new pet, a Boxer pup named "Lum," given to him by the band alumni at the last band homecoming, at which Mr. Michelsen's retirement was announced.

Mr. Michelsen will be greatly missed by all members of the college, both faculty and students, but most of all by the music students, who knew that in him they always had someone who would "go to bat" for them whenever necessary. We all know that because of the proximity of the Michelsen home to the college, it will be fairly easy for Mr. Michelsen to come to the college, and we all hope to see him here often.

Mr. Michelsen's influence does not stop at the doors of Central State. Every music student who leaves this college takes a little bit of "Mr. Mick" with him, in the form of much advice and many memories, and every year at band homecoming time, every student brings back those memories, hoping to add to them. Alumni from all over the state, and many from out of the state return each year at band homecoming time to honor their former teacher and friend. Many of his former students

## Broadway Players First Of Summer Assemblies

The summer assembly programs, announced by Miss Pauline Isaacson, chairman of the assembly committee, consist of entertainment from various fields. All of the programs except the one on July 15 will be given at 8 p.m. and all will be in the college auditorium.

"The Theatre of Mr. Poe," scheduled as the first program on June 24, is to be presented by three Broadway actors who dramatize with action a series of Poe's best stories. Paul Shyre, who directs the group, has worked with theatre groups throughout the country and has directed more than 20 TV shows.

On June 30, the Datz Duo, composed of soprano Anne Jones and tenor Thomas Datz, will perform. Both claim wide experience in singing, acting and dancing. Miss Jones is a particular favorite of West Coast audiences, and has appeared in such well known musicals as "The Student Prince," "Kiss Me Kate" and "Gentlemen Prefer Blondes." Mr. Datz's voice has been acclaimed by critics of concert, oratorio, and musical comedy. In 1950-51 Mr. Datz made two nationwide concert tours.

The Diplomats, "Envoys of Song," will appear on July 7. A male quartette from Chicago, the Diplomats will present a program of classical and modern music. Among their many recent appearances is one before President Dwight D. Eisenhower, who personally acknowledged their performance by letter.

Mary Waterstreet, who impersonates President's wives in interesting episodes of their life in the executive mansion, will be here on July 12. The New York Post says this about her: "Mary Waterstreet is one of those dynamic personable creators who makes her followers live in a world of fascination and charm."

On July 15, pianist Marion Perkins will appear on the only program scheduled in the morning. The Minneapolis Star made this comment about Miss Perkins: "Her performance is marked by individuality and unmistakable feeling for her work."

A percussion-dance trio, scheduled for July 19, features Daniel Nagrin, concert dancer, Ronald Gould, drummer, and David Shapiro, pianist. Their program promises to be full of surprises. One of their ensemble numbers includes a humorous survey of percussion from the cave man through Stravinsky to Spike Jones.

The last assembly program of the summer will be on July 26 when Dr. Polgar presents a program entitled "Miracles of the Mind." He has hypnotized a million people... amused and amazed ten million more," states Lionel Lincoln, the Memphis Press Scimitar reviewer comments. "If I had to sum up our finding into one sentence, I'd simply say we were flabbergasted."

who have now made their own places in the world of music bring back to the college band their own compositions written as tributes to "Peter J." Good luck, Mr. Michelsen, and God bless you!
