His principal instrument is the bassoon, and he sang baritone in college choirs at West Liberty State College for a time. Dr. Marple played in the Wheeling (W. Va.) symphony orchestra. During World War II he was assistant conductor of the Puri Kiyo (Jap.) armed forces band, and also played in the Louisville Philharmonic. He is married and has one son, Craig, 3 years old.

Mr. Wilson

Miss Lorraine Wilson replaces Miss Rita Yaman, who is on a year's leave of absence to do graduate work in the University of Illinois. She has taken over Miss Yeoman's teaching and supervised duties of the home economics department and lives in home management cottage at 1109 West Main Street. Miss Wilson, who grew up with Miss Jennie Keyser, has her master of science degree from the University of Wisconsin and has taught in Ohio high schools and the University of Nebraska. She said that she likes Wisconsin and CSC because it is very much the climate she wishes to be in.

Dr. Marple said that the biggest difference in home management between the University of Nebraska and CSC was that there was no child in the home. But one cannot always have a child in your management. The University of Nebraska girls who live in management cottage have required because of a course on baby care and her training. The child, always under one year of age, was obtained from a local orphanage and kept for a period of a year term.

Increased Interest Shown With Early Elections Of Candidates

The following students went to the polls yesterday and selected their class officers from a wide selection of candidates. City Junior Class, almost every office filled, was won by two more potential politicians. The freshmen led all the classes in elections, with candidates fighting for the five available seats. The sophomores nominated 11, the seniors nine, while the only candidates in the junior class was the president.

Attention! Deadline For Float Entries Set October 6

Attention! Students! October 6 is the big date! Don't forget the date! - October 6.

It's the deadline for float entries to be registered in the Dance and Homecoming contest office. All entries to be entered in the '45 Homecoming parade must be clasped in either the serious or humorous division.

All organizations are cordially invited to enter a float so the parade will be one of the best ever. Also, all students are invited to enter and then pick up Homecoming floats. Entries are NOT RESTRICTED to school organizations. Any group of students may feel free to enter a float. It's hoped that several will. Get into the spirit of Homecoming! Get into the Homecoming spirit.

Housing Needed For State Home Ec Women

Housing is needed badly for the CSC Home Ec Club. Women who have any space available are kindly asked to notify Homecoming Putzin or Sharon Sienk of the College by October 8 for the State Home Economics convention. Anyone who knows of available space is also kindly asked to notify Homecoming Putzin or Sharon Sienk of the College by October 8.

Adolescence, or what we call the high school years, is a time for many students to explore their interests and identities. It is a time when they may begin to develop a sense of independence and begin to think about their future. However, it can also be a time of confusion and uncertainty. Many students may struggle with finding their place in the world and figuring out what they want to do with their lives. It is important for students to have support from their families, friends, and mentors as they navigate this time. In the following essay, we will explore the challenges and opportunities that come with adolescence, and discuss some strategies for helping students through this transition. 

The Challenges of Adolescence

Adolescence is a time of significant change for young people. They are transitioning from childhood to adulthood, and this can be a difficult time for many. One of the main challenges that students face during adolescence is the pressure to conform to societal norms. This can lead to feelings of anxiety and stress, as students may feel like they are constantly being judged by others. Additionally, the pressure to achieve academically and socially can be overwhelming for some students.

Another challenge that students face during adolescence is the development of their identity. As they begin to explore their interests and values, they may feel like they are constantly changing. This can be a confusing and frustrating experience for many students, and it can be difficult for them to feel like they have a clear sense of who they are.

The Opportunities of Adolescence

Despite the challenges, adolescence also presents many opportunities for growth and development. One of the most significant opportunities is the chance to explore and develop one's identity. This can be a exciting and rewarding time for many students, as they begin to discover their passions and interests. Additionally, adolescence is a time when students can begin to develop important life skills, such as problem-solving, decision-making, and critical thinking.

Conclusion

In conclusion, adolescence is a time of both challenges and opportunities. While it can be a difficult time for many students, it is also a time of tremendous growth and development. By providing support and guidance, we can help students navigate this transition and set them on the path to a successful future.
Two Pointer Happy Wanderers Return, Williams To Teach and Segawa To Learn

by Anne Hodes

A familiar face seen in the halls of Central State is also a familiar one in the “Chic” Segawa, whom CSC is both proud and lucky to have here. Williams, a resident of the Home in Hawaii, has completed her three-year study at the University of Hawaii and is now teaching at Central State. This is his story:

While he was away, the home in Hawaii, the island of Oahu, has changed hands. Williams, who has been teaching at Central State for the past three years, has returned to resume his teaching duties.

Platteville, Like Out Victory As Fumbles Plague Pointer Squad

A blocked kick, seven fumbles and a punt return for a touchdown contributed to just a little less than a half in the Pointers’ loss in a 22-7 decision against a strong Platteville team last Saturday at Platteville. The final score in the 42nd game was 16-4.

This marks the third straight year that the Pointer field has suffered a loss at the hands of the Fighting Engineers and it brings to 15 the total number of losses in the series. The Pointers have lost their last 11 straight conference games, but a home victory in the second quarter did even the record in the series after the third straight loss.

A remarkable effort by the Pointers in returning punts and field goals was kept to a minimum by the Platteville defense and the physical ineptness of the Pointer offense. That the game was 7-7 after three quarters was an amazing occurrence, with the Pointer defense allowing the Fighting Engineers only 16 net yards in the game, 29 in the second quarter.

For a short time it appeared as if the Pointer offense would be able to overcome the defense of Platteville. John B. Smith, the young halfback, had gained 16 yards in the first quarter and the Pointers had a first down at the Platteville 15-yard line in the second.

Robert’s Roster

A new face on the Pointer squad this year is a 4’10” quarter back from Ashland.

John Boyne is the only out-of-state man that Coach Roberts has on his squad. John, who is 5’11” tall, and weighs 190 pounds is a star in the 180 pounds. He is doing a job of filling in at the center position. John is a senior and has back up the line for the Pointers.

Donnie Nitschke is a Portage product, in his sophomore year here at CSC, and his second letter.

The Center man is the most valuable man on the Pointers and has been expected to see action against South Dakota.

Lewis from South Dakota is an out of state man that Coach Roberts has on his squad.

John Boyne is the only out-of-state man that Coach Roberts has on his squad. John, who is 5’11” tall, and weighs 190 pounds is a star in the 180 pounds. He is doing a job of filling in at the center position. John is a senior and has back up the line for the Pointers.

PLAYING THE FIELD

with Chuck Neinas

October 31, 1954

First of all, a warning to those who are considering going to get any education from this institution. We have been approached. Furthermore, any rumor of any kind is considered a laughing stock. The rumor is purely coincidental. However, if you now think you have found the perfect place to redress your grievances with our on-campus administration, think again. The word is out that the rivalry is very intense.

This season of shapes up as Bandymat’s holiday. With the annual meeting of the Western World, starting the beginning of September 23 and with college events taking place, the sports fans has a lot to talk about.

On September 23, the Cleveland Indians will be the visitors to the Columbus State Fair. The game will be a doubleheader and will be played in the evening.

The Cleveland Indians and the Cincinnati Reds are two of the most popular teams in the National League. This season marks the 50th anniversary of the franchise. The team has won six World Series titles, including four in a row from 1948 to 1951.

In the first game, the Indians will be looking to add to their streak of 11 straight wins over the Reds. In the second game, the Reds will be looking to break the Indians' streak. The game is expected to be a close one, with the outcome hanging in the balance for the duration.
First Assembly Show To Feature Famed Quartet

On October 12, 3 P.M., C.I.S. students will have an opportunity to hear an outstanding vocal group, the Karanu Quartet, which was organized in 1941, and has continued to maintain a high standard of musical performance throughout the year. One of the high spots in their career was the invitation from C.I.S. radio network to tour as a group of broadcasters. This honor, begun in April of 1951, has continued uninterrupted ever since, and radio fans from 14 states and the Province of Ontario have expressed unqualified approval of the quality of their performance, the unique blending of their voices, the choice of selections.

Karanu Quartet presents a well-balanced concert repertoire that will please any audience, and yet distinguish itself in the fields of both Barbershop, and A. C. A. music composition from the Conservatory of Kansas City, and the A. C. A. degree in music from Indiana University. Mr. Brown has served as Director of Music at Florida A & M college, Southern university, and Cleveland's Karanu House. He is also the librarian and music director of the Quartet.

Members of the Quartet are: Chas. W. Temlin, 1st tenor; William Baker, 2nd tenor; Ross L. Lackett, baritone; and Joseph L. Butteger, bass. Each of these men has had considerable vocal training and experience.

The Karanu Quartet is brought to the college through the efforts of the assembly committee consisting of Raymond S. Seiler, chairman, Miss Cecilia Winkler, Mr. B. S. Lewis, Harry M. Burne and Dr. A. W. Herrer.

New Officers Elected At Nelson, Deedell Halls

Nelson Hall officers elected last spring for the coming year are: President, Dorothy Gerney, Senior from Philadelphia; vice-president, Billy Rose, Sophomore from Fitchburg; secretary, Darrell C. Fish, Sophomore from Kalamazoo, Mich., treasurer, Miss Cecilia Winkler. Senior from Philadelphia. Deedell Hall officers elected last spring for the coming year are: President, Bill E. Specht, Sophomore from Menasha, Wis., secretary, Miss Nancy Peterson, Senior from Shorestown, Pa., treasurer, Ray A. Mogy, Senior from Madison, Wis.

Election of Nelson Hall officers was held Wednesday evening, Sept. 21, at which time the following were elected: President, Ray Cook, Senior; First Vice-President, Carl Huberty, Junior; Second Vice-President, Leonard Singer, Junior; treasurer, Bill Reed, Senior; auditor, Mary Weber, Sophomore; and librarian, Bill Reed, Senior. All of the above officers were elected during the summer semester only, with the exception of the treasurer, who was elected for the entire school year.

SENIORS!!! Do Not Read This!

This is an open letter to seniors from the Don Warner Studio, located right across the street from your college.

We have just finished remodeling our entire studio and we are so proud we'd like to tell you about it. We'll know you like our wood paneled reception area and the windows of our entire reception room. You'll be pleased with our brand new dressing room, a beautiful room that offers complete privacy for combing your hair. You'll like best of all the camera room where you immediately feel at ease because of the clean and bright surroundings.

In addition to these pleasant surroundings we'd like to tell you about some of our extra services. It has always been customary for your "Joe" picture to be rather conventional, so we are sure you will want yours taken in a suit or dress or sweater. However, we will also be glad to take additional poses of you girls in your favorite formal or in your choice of drapes furnished by us and additional poses of you fellow favorite sweater or sport shirt. (Gals, there is always a woman assistant to help you change in the privacy of our new dressing room.) We make no additional charge for this extra service.

IT IS LATER THAN YOU THINK!

For your credentials you realize that you must have five (5) pictures and you must also furnish two (2) cylinder pictures, one for the "Joe" and one for Publicity. Our charge for these seven (7) pictures is $5.50 each when you order other pictures. If there are no other pictures ordered the charge for these seven pictures is $7.25. You are all well aware of the deadline for getting your picture in the "Joe". We wish you a happy term - reach about two weeks for us to make the finished portraits after the proofs are returned, therefore it is quite important that the pictures be taken as soon as possible.

LETS MAKE IT A DATE!

We'd like to tell you personally about other services and special conveniences we have for you, so we urge you to stop and see us.

Don and Rose Warner

P.S. If you are a football fan, (and who isn't?), you can't go to town in WPFR each Thursday night at 7:45. It's the "Coach's Turn" with both John Reed and John Roberts to tell you how each team is doing.

IGA Food Stores cover the entire State of Wisconsin. They are owned and operated by people who are interested in your continued good health and success.
