Roach and Nixon Make Homecoming Trip

John Roome, one of CWA's two setting partners, this year, is shown "taking it easy" for a while before continuing his task. Pretty soon he'll be taking it easy — full form.

For the climax of the regular school year, which will end on June 4, the work will be just beginning for some of the conservation students and the faculty of CIC's conservation program, and in this year's annual picnic the group will have its annual reunion. The Trees will be torn down tomorrow morning at Eagle River as usual; Dr. Walter Roylance's group will be working on Devil's Lake and he will be going to be repeated for the second year; and a new practice teaching project in cooperation with F. P. Jacobs high school.

F. P. Jacobs High School of Stevens Point will be the second school in the state and the small curriculum program in conservation to their students. Seven or eight students will work with the high school students and they will receive education credits. The work of the conservation group will be handled by Dr. Roylance and a teaching project will be organized. Some credit's worth of children's conservation will be shown to the high school students who will also have to come in contact with the conservation group and some of the students will probably be involved.

For the second year, Dr. Roylance will have 80-100 boys and girls from the local schools and the camp will be the site of the camp. The program is being planned for the second year and the camp will be closed to the public.

The children will be housed in the old school building and the meals will be prepared in the kitchen. The children will be divided into four groups and each group will be under the supervision of a captain.

**Golf Season Ends**

On Friday, May 15, Central State College finished sixth in the state golf meet held at Wisconsin Lutheran College with a score of 421. Stout finished second with 417, followed by Whitewater with a score of 418.

**Central State College Golf Team**

The team consisted of three graduating seniors, namely Don Counsell, Mike Larr, and John Smith. The team also included Freshman Mike Larr, who was named captain by Jerry Drake of the school. The team won the best of the year, and they had a total of eight wins and no losses, scoring 205 points to their opponents' 598.

**Point Tracmen Beat Michigan Tech Here**

The triangular meet scheduled to be held in the Point on May 15, turned out to be a dual meet between Central State College and Michigan Tech. ST. Norbert was unable to attend. Point scored an 82-12-5 to 45-2-5 victory largely due to the fact that the Hospitality Club was without their best hurlers, sprinters, and broad jumpers. These boys stayed at home in order to catch up on school work.

In the make up game from the one cancelled out with Michigan Tech the boys had a slug-fest which turned out a lopsided score of 34-0. Larry Allison was given credit for the win.

At the season's end of the Point Tracmen, the most valuable player was Jim Shoemaker.

"Coca-Cola does something for you, doesn't it?"
A Last Minute Prayer
(For all students who are worrying about their exams)
By Betty Rossad
O Lord, perched high on Heaven's lid, Look down on me, your little kid. And in this last and dreadful hour Help me with your Almighty power. I've lapsed a little, Lord. I know I sometimes hide down in the show. I've danced a bit, and skated, too. But never more than others do. Some mornings, Lord, I've let things slip. Of course, I didn't mean to slip. But You who know a secret deep Can tell how much I've craved the sleep. Perhaps to You, of Lord, It seems, I waste much time on foolish dreams. But if you know this little, dark guy, I'll bet You do the same as I. So perched up there on Heaven's lid. Look down on me, Your little kid. Forget the Times I've been a fool. And help me, Lord, to get through school.
