**Film Series Will Present Cry the Beloved Country**

The YGO-CSC Club held its last meeting on Nov. 12, 1957, at 7:30 p.m. in Assembly Hall. President Steven R. Logan called the meeting to order. The roll was taken, and the tally was 10. No new members were elected.

Miss Elizabeth G. Davis, speaker, of the YGO-CSC Club, did a splendid job in introducing the film. The film is scheduled to be shown at 7:30 p.m. on Nov. 12, 1957, in Assembly Hall. The film is scheduled to be shown at 7:30 p.m. on Nov. 12, 1957, in Assembly Hall.

**Opportunities for Early Xmas Shoppers**

The Home Economics Department is having a sale on December 4th, starting at 8 A.M. It will be held on the second floor by the auditorium for one day.

Displays of various articles for sale may be seen next week in the home economics room. The articles are made by home economics majors and include clothing, knits, articles, pillows, aprons, and food.

The co-chairmen for this sale are Vivian Krihke and Lila Abiad who believe this sale will give some of the early Christmas shoppers a chance to do their Christmas shopping right here in school.

**CWA Coffee Hours For Students and Faculty**

The clattering of coffee cups and buzzing of voices are just two of the grand events going on in the home economics living rooms when the College Women's Association holds its open coffee hour.

As one of their many services to the college students and faculty, the CWA will again serve cookies and coffee on Wednesday, December 4th. Since the last two coffee hours in the series were presented for the juniors, seniors, and faculty, this coming event will honor freshmen, sophomores, and faculty.

On November 18 about one hundred students and faculty members gladly took this break from their usual schedule to relax and chatter with friends.

**Board of Regents Gives OK to Major in Economics**

In an article on Madison November 15, 1957, in the current Economics at Central State College, the students and faculty and the campus who plan it properly in their curriculum, it may also be granted to some seniors due to graduates, who have qualifying with the required courses and semester hours, according to CEC Pres. William C. Hanscom.

The college now offers majors in conservation, music, home economics, Omega Mu Chi to Sponsor Tea For College Women

High Society will reign over the Central State College campus on November 23, as the Omega Mu Chi Omega sponsor for all college women. From the hours of 3 to 5, the girls may receive favors from the sorority officers and will then be ushered into the realm of High Society. Members of the sorority will provide entertainment for their guests while refreshments are served.

Co-chairmen of this event are Jean Jackle and Mary Ann Hopper.

*This committee who planned this tea are: Invitations: Ann Vast, chairman; Claire Dugs, Ann Zimmerman, Mary Lawrenz, Dot Cuff, Diane Darling. Food: Jean Palmer, chairman; Nancy Heffernan, Nancy Staziakowski, Jon Dupais, Janet Jensen, Louise Vrobel, Wendy Wodlarski, Entertainment: Becky Collinas, chairman; Donna Meadler, Pat Kelly, Donna Toppert, Favor: Barb Sterner, chairman; Tom Walker, chairman; Sue Redman, chairwoman; Jean Neufeld, Julie Neisian, Marcy Zemke, chairwoman. Music: Judy Borah, chairwoman; Carol Neu- ler, chairman; Barb Otto; Nancy Mar- sia, chairwoman. Dancing: Nancy Skalktry, Gisela Radel, Sue Redman. Publicity: Carol Vvan, chairwoman; Pat Neufeld; Nancy Staziakowski; Mary Lou Creager, Grace Somers, Marjorie Maruys. Photos: Rosella Fisch, chairman; Donna Hunt, Clean Up: Carol Lewis, chairwoman.

**REGIONAL ONE-ACT PLAY CONTEST TO BE HELD HERE**

A one-act play contest will be held at Central State College on November 18. The contest is under the auspices of the Central State College Drama Department.

Local chairman is Mr. Leiland M. Bohrer, chairman of the department. Co-chairmen of this contest are Jane Zielinski and Jane Pichette.

The committee in charge consists of Chari- Gless, Karen Beebe, Glen Moherz, Jane Zielinski and Jane Pichette.

Hostesses are Emily Range and Dorothy Zablotny. Managers from Grinnell have charge of lighting. Three judges from Grinnell will be appointed.

The winners mentioned are open to the general public.

**ON THE COVER**

The Pointer Gives Thanks...  
Joy returns supreme in the Pointer office once again. The source of this joy is the growth of the student body’s “country club” (not more appropriate, since we refer to several people) discovered he has an interest in a more serious way.

Our last three issues have had at least one letter each and usually more. It is the development of students’ thoughts, along with our own opinions, that will make an impression on print. What’s more, the letters are all well prepared arguments, and the arguments are their own thoughts.

The Pointer thanks those who have already contributed and says “keep them coming”.

MJB

Good-bye, Weekend Blues...  
It is interesting to note that more and more activities are being scheduled for the weekend.

The Alpha Sigma Alpha is having its annual Harvest Festival and Omega Mu Chi is having its ten honoring all college women and faculty. 

The Pointer thanks those who have already contributed and says “keep them coming”.

MJB

Where Were You?  
Dr. Ralph G. Nichols, head of the Department of Rhetoric at the University of Minnesota, spoke here Wednesday evening, November 13, and was heard by a very small audience of students and faculty.

Dr. Nichols, subject, “The Power of Communication” was a timely one, and was interspersed with practical problems of communicating that only a handful of people, can be not condensed on lack of publicity. Many posters were displayed around school, the POINTER carried an article on the same subject, and the Daily Journal had a preview.

We believe that this type of program is passed because of sheer lack of interest, expressed by some phrase “I’m too busy” or “If I have (a tennis) I’ll try to get one.” That starts out “too busy to go to school,” and hope that future programs will create more interest in the student body and that many more students will attend.

MJB

LETTERS TO THE EDITOR

Hon. N. R. Kruhehoj  
Chairman, Communist Party, U. S. S. R.  
Moscow (Kremlin) U.S. S. R.

As members of the Young Demo
crat, a political group of the State College at Stevens Point, Wisconsin, we would like to congratulate the students of the Soviet Union for the pioneering work which they have accomplished. It is a problem of conquering “outer space.” We would urge all American collegians to seek out international and financial support which has been longed for.

In view of existing tensions in the world today, it may appear a bit out of line to request college students to communicate with their Soviet counterparts. But we believe that the Student Council of the Soviet Union. Yet, we believe that the time is ripe for such communication to be recognized. And to use an old American slang expression, we do not have a feeling that “move over” because the Soviet Union is not first with the Spats.

On the contrary, we believe that the accomplishments of Soviet science have aroused President Eisenhower from his apathy concerning the potential of American science.

The American people have also become aware of the possibilities, but there are some things more important in the minds of the American people, which they are anxiously hoping to accomplish. It is to this point that the idea of a peace to the people of civilization that intellectual talent should be developed and en
duced to create an atmosphere in which people can be reborn to our opinion. The American people in America are no longer obsessed with the question of the future but it is still a question of the immediate goal of political activity. They, too, have been forced to admit the point of view of that of their own people, that of policies of Defense, Charles Wilson, have seri

Our III Congress has been the last in a series of international meetings which has been the most important in the life of the Commonwealth of Nations. It is a good time to reexamine the role of the Commonwealth in the world today. The Commonwealth has been a bulwark of democracy and a force for social progress in the world.

The Commonwealth is a voluntary association of 53 countries, which are members of the United Nations. It is a platform for discussing and resolving international issues. The Commonwealth has played a significant role in promoting cooperation and understanding among its member countries.

The Commonwealth was founded in 1949 by the leaders of the United Kingdom, Canada, Australia, New Zealand, and South Africa. Since then, it has grown to include over 50 countries from all parts of the world.

The Commonwealth is a unique organization that brings together diverse cultures and histories. It is a place where leaders can come together to discuss common challenges and work towards solutions.

The Commonwealth is not just a club of countries, but a community of peoples. It is a platform for sharing ideas and experiences, and for promoting cultural exchange.

The Commonwealth is an important institution that has made significant contributions to the world. It is a symbol of the enduring friendship and cooperation among its members.

The Commonwealth is a symbol of hope and progress for the future. It is a reminder that despite our differences, we can come together to build a better world.

NEWMAN CLUB
The Newman Club at Saint James High School will hold their annual luncheon meeting at 12:15 o'clock in the morning in the school auditorium. The meeting will be held on Monday, November 21, at the Paccali High School in Chicago. The luncheon will be served at 11:30 o'clock, and the address will be given by Mr. J.J. Meehan, who is known as the "Golden Beetle," the "Vulture," and the "November Beetle," among his many titles.

The "Golden Beetle," owned by Bill Bucher, has been in the present owner's care for a little over three months.

Jiggs purchased the car four years ago (that was when he was a senior in high school, in case anyone is interested in that type of information) for $2.00. This price included the hubcaps; however, they have been removed to decrease wind resistance. The rumble seat has also been removed to accommodate a spare tire, jack, etc., but most of all to prevent the serious problem of back seat driving.

Beaching a very genuine person, Jiggs shared the "vulture" with all his friends and also the four and one half miles. He claims to have been around the block many times.

Gamma Delta Club
A open meeting was held at the Schieb Orchard, held on Wednesday, November 16, with 14 people in attendance. The meeting was held in the main room of the Orchard, and the address will be given by Mr. J.J. Meehan, who is known as the "Golden Beetle," the "Vulture," and the "November Beetle," among his many titles.

The group was then informed about the Christmas breakfast to be held at the La Crosse American Legion Post on Sunday, December 4, at 11:00 o'clock. Tickets for the breakfast are available from any of the executive committee members and also at the door on December 4. The meeting was held in the main room of the Orchard.

By Randy
Greetings, salutations, and all that come to mind, are extended to the students of Newman High School. From the last time we met and the current events in our lives, there have been some things have changed. Perhaps you are one of the many who have been so occupied with school work, that you haven't noticed the time has sped by.

This is the issue I promised to give a few comments on "Teachers, Problems, and Solutions." If you have put me on your list of people to whom you will send a copy of this issue of the CSCI faculty since the Nine Weeks Exams are over, you can call me at (312) 432-1111. If you are not acquainted with the faculty, my statements will be directed toward you, and you will be hearing about the process of Education. (P.S. I may show you things you have missed.)

Oh! Long Awaited Rest
I am thankful for Thanksgiving.
Even as I write this I am thankful that it is possible to spend a day tomorrow, to be more thankful than ever before.

Why am I thankful for this day?
For a moment, I am going to think about the course not being equal in importance.
First of all, I am thankful for the period of freedom given to all students. It is true that tomorrow I am thankful at this time of my life that my education is over. I am thankful for the days of freedom.

After my homecoming my thankfulness will doubtless increase ten fold. I am thankful that it is possible to be awhile at least my "peanut-butter and jelly" sandwich again.

I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen. I am thankful for the cold wind, and the scrocing lights that can be seen.
Basketball Season Is Here Again!
Meet Central State's '57-'58 Squad

Basketball is again upon us and things don't look too bad for the Pointer's basketball team, according to their coach, Quandt has said. "To think of a repeat of last year's fine season is out of the question," he said. "The last year's fine team will be back, though. The team is tough, quick, and skilful."

"Fred was the team's fourth highest scorer last year. He is a senior and stands 6'2". Fritts is a good medium distance player, a fine ball handler and the base line driver on the squad. He is also a regular on the football team as well as a fine bomber on the court and a man to look out for.

Winona, although only 6'2", will rebound with the best in the league. He's a great competitor and team man and has the best shooting percentage on the team. He can be counted on to be a leader under a straight A average in college and on the basketball court."

Coach Quandt is starting his eleventh year at the helm of the Pointer basketball program. In his eleven campaigns he has won 112 of 253 games. He won the NAIA Tournament held in Kansas City in 1957, after defeating Milwaukee in the opener, and then being defeated by Wisconsin in the final game.

"The way it looks there is no soft touch on the 21 game schedule. All games will be tough competition with the exception of LaCrosse this Saturday. We have some outstanding teams as such as Laramie, Wyoming; the LaSalle 6'2" and Stevens Point 6'2". We will also play against Wisconsin and St. Norbert from Wisconsin."

Central State College
Basketball Schedule
1957-58

SATURDAY, NOV. 24
Home Games
Sat. Dec. 1 - 6:30 - Milwaukee
Sat. Dec. 7 - 7:30 - Lawrence

1. Opponents 117 116 121 71.4

A severe blow was dealt to the program by the loss of Marvin Voss, a senior who was a key figure in the team. Marvin was rated indisputable. His place will be filled with a number of hard working players. However, while the team is fair overall in health, the outlook is for much more strength than last year's season in the attributes of the squad.

Coach Quandt expects to get as much needed help from a bunch of newcomers such as Laramie, Stevens Point, Milwaukee, and Tom Fritts of Amherst; Don Koehne, of West Allis; Charles Parr of Adrianus; and Fred Klinz of Kaukauna of Antigo; and Dennis Schlimdt of Shiocton, Marisburg; and a few, along with a couple of transfers who have been in other colleges. Harry Rea, sophomore, Hank Milena, 6'5" center from Racine looks to be the biggest hope among the second semester eligibles.

Danforth Graduate Fellows Offered

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, granted fellowships for the seventh class (1958) of Danforth Graduate Fellows to 17 outstanding senior men and recent graduates who are majoring in science and who have done graduate teaching, and are planning to continue this service in the fall 1958, for their first year of graduate study.

The Foundation welcomes applicants from the American Association for Biological Sciences, Humanities and all fields of learning, as well as students in the undergraduate college.

Richard C. Danforth, who has named Mr. Gilbert Faust as the Liaison Officer to nominate to the Danforth Foundation, has created three candidates for these 155 fellowships. The recommendations are fundamentally "a relationship of excellence, based on the qualifications of graduate study, carrying a promise of financial aid within prescribed conditions as there may be needed."

The maximum annual grant for single fellows is $1400 plus tuition and fees charged to all graduate students. The annual stipend for children is $454 for children. Students with or without financial need are invited to apply. A Danforth Fellowship is also to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with his Danforth Fellowship, and applicants for these appointments are cordially invited to apply at the same time for a Danforth Fellowship. If a man receives the Danforth Fellowship, together with a Rhodes Scholarship, Fulbright, a Woodrow Wilson Fellowship, he must choose his highest award. After that, he may either take the fellowship and the Danforth Fellowship, or two fellowships.

All applications, including the recommendations, must be completed by January 31, 1958. Any student wishing further information should get in touch with our Liaison Officer, Mr. Faust.

Oh, Of Course, Grandma!
By Carol Jerrick

Dear Grandma,
I got your letter yesterday and I was sorry to hear you haven't been well. Yes, Grandma, I do go to church every Sunday, yes. I do study hard, yes; I go to bed early and yes, my room is clean.

Oh Grandma! Remember the dance I told you about? It was just fabulous. Elbert took Grandma and Grandma's the one! Elbert is about five feet four, with a hair that's parted in the middle — you know, like Grandma's was on his Senior class pin. Well, anyway, we walked over to the dance and we talked about how we wanted to go to church. Just think, Grandma, he told me that his dad put forty-four feet of fodder into the silo. Imagine! And I told him all about Nellybelle's new glasses and how she is so proud of her geraniums. Oh, there was so much to talk about and he is so interesting.

Well, the dance was fabulous and we both came back to the dorm at almost 10:15! We talked a few minutes on the steps and Elbert told me all about his new slide rule and how to add positive and negative numbers. He's so positively brilliant. Well, finally Elbert said that he had a wonderful time and we shook hands and said good night. They say here, Gram, that a girl is a true coed until she has shaken hands with a boy on the steps of Nelson Hall.

Last night my roommate and I went out to Rudy's. That's sort of a student union. You know, the kids get together and talk and stuff. It was fun. We ate pancakes and drank soda, I never tasted that kind of pop before. The best thing I had was "sky-blue water." Anyway, it was good after I got used to it.

I heard for one girl who was at Rudy's (that's the student union, you know). She was down on her hands and knees all night long. I think she's looking for her change or something. Anyway, I couldn't stand it anymore, so I got down and helped her look for it.

Oh, by the way, you mentioned the ash tray you saw on my desk last Sunday. I'm sorry it alarmed you. I should have explained, but it's for my hobby. That's one of the fads here, having ash trays in the dorms. You should try it sometime.

Well, Grandma, I guess I better get to bed. Say hello to grandpa and the hired man for me.
Write again soon.
Your loving grand-daughter.

Aino

Speech Consumes Seventy Per Cent of Our Time
By Carol Jerrick

Mr. Nichols spoke on "The Power of Communication". It pointed out to us that 70 per cent of our time each day is spent in verbal forms. Our powers of communication were divided into three classes: One, the power of reaction; and two, the power to build a community; three, power to control our cultural heritage.

Shockling statistics on the nation's reading, listening, writing, and speaking abilities was presented by Mr. Nichols. It was noted that without listening most of us at 25 per cent accuracy basis. In first grade 99 per cent of the children know what their teacher has been saying. In high school only about 28 per cent of the students listen well. Listening in a good way becomes harder for us as we are going through life.

The subject of speech training was also discussed by Mr. Nichols. He stated that speech has usually been just an extra-curricular activity, and many high schools have failed to add it at all. Teachers have too many students; therefore they can't have their students do enough writing of compositions nor do they have the chance to give them proper speech training.

Our culture needs the ability to speak as well as listen and write. Read all these must be given equal attention.

Mr. Nichols entertained questions from the floor after his lecture. An of the questions brought forward was, "Does television improve people's listening ability and knowledge?" Mr. Nichols replied that 97 per cent of the worst listeners knew and watched television programs such as Bob Hope, westerns and so on. On the other hand, 97 per cent of the best listeners were also acquainted with television programs, but programs in the educational field as well as others.

The National Education Week program was proved to be both interesting and enjoyable to all in attendance.

Although Coach Quandt isn’t too optimistic about his boys’ chances to go for the Pointer basketball squad this season, he’s hoping that Jimmy Mark, John Krull, and Fritz Kest Leer, andd Krull and Quandt average 1-2 while Kently was fourth behind Jimmy Mark.

The future looks bright for Pointer boys on the way next year, as the Georgia-Tech.

On to the 4-H Club Congress at Chicago

Roselyn Bachian, a freshman here at Central, related word that she is one of the delegates representing Wisconsin at the 157 National 4-H Club Congress held in Chicago December 1-4.

The National 4-H Club Congress is held annually in Chicago at the same time as the International Live Stock Exposition. This Congress is jointly planned and conducted by the Cooperative Extension Service and the National Committee on Boys and Girls Club Work. This 51st Congress will stress "Improving Family and Community Living," and will have delegates from all parts of the United States, Alaska, Hawaii, and Puerto Rico.

A "Week's" program has been set up in which the delegates will discuss current problems, hear prominent speakers and tour Chicago.

Roselyn and the other Wisconsin delegates will be represented by the official red scarf, and are being housed at the Conrad Hilton Hotel. Roselyn has received her all-expense paid trip as a delegate in the junior leader project and represents Dane County.

SIASEFL NEWS

In the last meeting of the presidium many things were discussed. The Siasefl organization is planning on entering the "Comedy of Errors" with Jim Collard as chairman of the Siasefl errors. What kind of mad foolishness we will put on in the future will be discussed. We'll get together a few days before the day of the show and think up something. So don't forget to attend and applaud when we get the trophy.

At the meeting, a distinguished world traveler and lecturer, Mr. Allen Hammars, gave a dissertation on the conditions of the Stevens Point penal settlement. His talk was well received by the members attending.

SPORTS

Jack Krull, athletic director, reported on the intramural program at CSC. Gobblers did not have much to crow about by the members attending.

The general conditions of Stevens Point were discussed. Many of the Siasefl members are participating in the College Bowling League and are sporting nice averages. Dave Bubli leads all Siasefl bowlers with a 162 average and Jack Krull brings up the rear with a 106 average.

Deer hunting is here, and many big game hunters like Jim Shafarack, Dennis Deleker, Dudley Kork and Bob Bach are out to get one or two. No good steady blood shot eyes to bag one of these elusive animals. We'll report on some of the big deer stories later.

SOCIETY

A big whopping 5 pound 1 ounce baby boy was born to Mr. and Mrs. John Schupper.

SIASEFL OF THE WEEK

DEANNA DREHER

A 1956 graduate of Beloit H. S. went for that green stuff for a while and came to CSC in 1952. Was drafted in the army in 1953 and served in Germany. Returned in 1955 and is still here. He is married and a very proud father of his daughter. He likes to fish and hunt; seems he is a deadeye on wood ducks. He is also the director of the Siasefl band which he made famous. Is now head freshman basketball coach at P. J. Jacobs H. S. He is majoring in economics and will graduate in June Ed.

MISCELLANEOUS

It seems Glen Helmsy had a little trouble with his trailer. The sheriffs' department had it.

As Thanksgiving in near, the Siasefls are going to go on a pilgrimages in the near future. As yet our landing place has not been picked.

Stevens Point Symphony

Presented Fall Concert

A very enthusiastic group received all the orchestral-concert presented Thursday, November 14, by the Stevens Point Symphony Orchestra in the auditorium of Central State College. This was the second performance in their civic concert series. Attendance was limited to the holders of series tickets and college students were admitted for a slight fee.

Martin Feldman, minority society string instrument instructor, made his debut as the orchestra's conductor. He gave a short introduction to acquaint his audience with the orchestra, which now has a regular membership of 49 musicians. He then pointed out that the music to be played was definitely not that of high school level listening. The musical selections included a choral-fugue by Bach, a short biography of Peter Tchaikowsky with analytical comments by Mr. Feldman and Tchaikowsky's First Symphony "Winter Requiem." the premiere performance of the modern composition "Passacaglia ad Pugne" by Dr. Robert Crone, a Professor of Music at the University of Wisconsin, the "Mississippi Suite," Derche Graf. The program was concluded by the highlight of the "King and I."

The next performance by the Symphony Orchestra in their community music series will be on April 16, 1958.
