Haitian Dancers Re-designed for Sunday Evening Performance

Company Will Feature National Dances

The Haitian dance program scheduled for the Fine Arts Festival and postponed because of an automobile accident, will finally come to CSC Sunday, March 15, at 8:00 p.m. The Haitian Dance Company will present national dances featuring dancers Marguerite Adrien, Shirley Spicer, Arthur Wright, Michael Alexander and Beau Robert.

The program includes Creole songs by Jean-Leon Destine, a Slave Dance, Creole Mazurkas and Spider Dance, and drum features, “Baptism of the Drum” and “Drum Conversation.”

CSC Alpha Sig Chapter

Geta National Feeling

Pledges Welcomed; Officers Installed

Part of the joys of being the only national sorority on campus is the associations with the national organization. Alpha Sigma Alpha was involved in an example of these associations this month. During the weekend of March 1, national inspection of the local chapter was held. The district inspecting officer, Mrs. W. Lewson Blackstone, of Wilmette, Illinois, is also the National Vice-President of Alpha Sigma Alpha.

Mrs. Blackstone arrived Saturday morning and began conference with the local officers. Saturday evening, at 7:15 p.m. in the recreation room of Nelson Hall, a mock business meeting was held. Hot chocolate and nuts were served immediately after to allow the members to get acquainted with their guest.

The next day, in an all-white afternoon ceremony, twelve girls pledged themselves to Alpha Sigma Alpha. They are Judy Anderson, Kayaspa; Wilma Buerker, Avalon; Carol Crumdhins, Bird; Cleanell, Dane, P. M.; Mrs. Blackstone, a former student of the college; Kay Dustin, Wausau; Carol Doest, Stoughton; Mrs. Blackstone, a former student of the college; Bonnie Kolho, Milwaukee; Bobbe Sudlewich, KIpeco; and B. Spalding, Madison. Each pledge received a red and white carnation. Coffee and peanut squares were served.

Mrs. Blackstone in an informal talk pointed out the advantages of belonging to a national sorority.

Greeks

Songfest With All Its Excitement

Approaches Amid Sound of Voices

Musical Competition Began in 1953

It will be “a grand night for singing” at 7:30 p.m. March 16, when the 1959 CWA Songfest fills the auditorium with music.

Since 1953 when the theme was “With a Song in My Heart”, Songfest has been an annual event sponsored by the College Women’s Association. Most of the rules and regulations for this contest which causes so much excitement and stimulates enthusiasm for music have remained the same throughout these seven years. However, as all things that are successful must change and grow with the years, Songfest now has two divisions that have been created to keep up with the modern dance and the men’s quartet.
Cleaning Up Student Communication

Less than two years ago, we had a gentle uproar around CSC, because there were no student mailboxes where students could pick up the mail they received at the college or communicate with each other. Through the efforts of the student council, we did get student mailboxes last year.

At the time that these mailboxes were installed a general statement was posted, as it still is, on the main bulletin board and near the boxes, in regard to the use of these boxes. It stated, in effect, that the mailboxes were to be used for messages from one student to another.

A couple of weeks ago, a student approached the student council, complaining that the excess material did knock some of the mailboxes over and baffle some students. After checking things out, it was admitted that the excess material was too much for the boxes. It was recommended that the students use the bulletin board and the local newspapers. This suggestion was rejected and the following resolution was passed.

"Resolved, that the student council recommends that the excess material be placed in the Student Union and in the local library."

This year, last year, and the previous year, the student council would have served to inform the students of the activities vacancies or recall members whom we shall miss. Also if you happen to knock a name off — even if it isn’t yours — it would be reasonable to replace it, or if you see a name lying on the floor, why not replace it? If your name is missing, type or write your name on a piece of paper and replace it. The student council is in charge of the mailboxes, but you are also a part of the student council because the council represents each one of you.

Ann Spearbreaker: "The sign says "Watch the council represents mailboxes," but you are also a part of the student council because you are a part of the student council.

Roving Reporter

By Darlene Knoll

" Splash! Gosh darn, there go my books, right in that mud puddle." Here it is, almost spring, and the weather is certainly cooperating with the weathermen. The snowbanks outside or just a walk down the street confirms this fact with a doubt. The comments made by the students are my usual "meh, folk, and hoboing on to school during these trying days are vivid and self-explanation to the general feeling about this so-called "spring-weather" and consequently the student council.

Just how do the college students feel about this situation? Well, I decided to randomly sample the casual stroll and see what they had to say and they certainly had plenty!

Ann Spearbreaker: "The sign says "Watch for falling ice." I think we should have "Watch for falling people!"

Roger Kuphal: "It would do some of the physical education good to have a little more snow and a little less walks to clean."

Shirley Olke: "Typical winter weather!

Lou Ann Dobrowiski: "A little more snow and we won’t be able to get into school."

Judy Dora: "Where are the sidewalks?"

Dale Simonson and Jerry San: "Both our roommates say it’s all right who are we to argue the point?"

Central State College

The Pointer

If you want your play to be a success, there’s one sure way to achieve it. Just see that either Franklin or Mr. Faust is in the audience! And, if you can arrange for them both to be in the audience, you’ll have another "My Fair Lady."

Someday I’ll go to a play intending to enjoy it, only to leave disappointed. But not yet. Thus far I always attend with the intention of disapproving . . . and leave charmed by every-thing in the production. Anyhow, "Candida" was excellent. Shaw glorified even behind his board, as did the cast from behind their varied English accents. It was my first experience with in-the-round staging, and I found it very enjoyable — especially with all the work which the stage crew had gone to in transforming a grade school gymnasium into a better-than-adequate theater.

There were no weak interpretations in the production. But special credit to Jack McKeand, who played his role with an honesty and vivacity rare on the small stage. Even the side-boards were real!

I am sick of winter. The most frustrating suggestion I know of is sitting on top of a bubbling dose of spring fever until the proper season arrives.

Well, Charley Gooder, how are you?
GROWING WITH CSC

DR. TRYTTEN HEADS CHEM STAFF OF FIVE

Yes, CSC is growing. Just look about you at the new buildings and at the increasing enrollment each fall. Other evidences of this growth can be found in the chemistry department.

When Dr. Roland Trytten came to CSC in 1945, he found himself assistant to the one-man chemistry department, Mr. Fred Schenckle. Today, the chemistry department proudly boasts a staff of five with Dr. Roland Trytten as chairman: Mr. Gilbert Faust, Mr. Rodney Sung, Mr. Norman Birkholz, and Miss Elinor O'Connor.

Since the addition of physical chemistry (ten credits) raised the chemistry major credit total to 35, the chemistry department, with a staff of five, is equipped to handle a large enrollment. Some time is spent in searching through journals and manuals for the "recipes" for these compounds.

Although state college chemistry departments are similar, the one at CSC is unique in that it offers Biochemistry 213. Only one other state college offers this course.

The labs have been quite tame this year with no unusual incidents. Only the things which are expected to happen have been happening.

All chemistry majors are required to take two years of German. Therefore, although state college chemistry departments are similar, the chemistry major course offerings are unique. The chemistry department, for these compounds, is unique in that it offers Biochemistry 213. Only one other state college offers this course.

Every book-reader has certain treasures to which he, often against his logic, returns. My treasures are almost all books of the "to-read" classification — books which are so enjoyable that they encourage a meal when you open at reading distance from the silverware. This means that they must be light, entertaining, and not biologically graphic. It also helps if you've read them at least once before so that you can divide your concentration between book and meal.

"My Six Convicts." is a book like that. Its author is Donald Powell Wilson, a psychologist who spent three years studying the relationship between drug addiction and criminality at Fort Leavenworth prison. Like many anguish, half-scientific writers, he handles his prose with humor and moderation. He is a research man, and his accounts of the men he worked with are tied together with discussions of criminality as such and its history. This gives the book a factual background which redeems it from being another "I Was A Prison Psychologist" thriller. But Wilson is not writing a tract either. By his best passages are those describing the six convicts who worked with him in his research.

They were a motley crew. They ranged from a bight-time Italian named Punch Pinero to an innocent southern boy, Scott, convicted when a stray bullet hit him and made him a target. Their only common feature was their relatively high I.Q. rating — and their unspeakable knowledge of everything going on amongst an insane psychologist's eyes.

Naturally there's a lot of horseplay in "My Six Convicts." There is also a considerable amount of pathos; in fact, one of the most touching scenes I've ever read is in this book. I don't know why an "official" self-cracking escapade and reward-day in Kansas City should have such power to grip you inside, but the picture of Oonnie gorging himself on soda pop, cotton candy, and steak is a small gem.

Between educational psychology and outside reading, it is fun to try to find books that make me feel good. And there's great virtue in a book that runs the middle road between "time-filler" and "heights of intellect." A good bet for the spring fancy . . . My Six Convicts.

pledges totaled Hotel Whining Scene of Tau Gamma ceremony

Hotel Whining was the scene of the Tau Gamma Beta sorority pledge party March 1. Shirley Link, Tau Gamma president, presided at the candlelight ceremony. Refreshments of cupcakes and coffee were served following the ceremony. Sue Mills, Joan Mrozinski, Karen Brans, and Mary Lou Schieb sang "May the Good Lord Bless and Keep You." The party was concluded with the singing of the sorority song.

Special guests at the event included Mrs. Hlmer Kerst and Mrs. Clyde Hibbs, sorority advisers; Mrs. T. H. Allen, patroness; and Miss Mildred Davis, honorary member.

General chairman for the pledge party were Hedy Gustafson and Peggy Johnson. Carole Loveless was chairmain of the invitation committee; Caryl Neif, decorations; Rita Estonow, food; and Pauline Alsworsth, transportation.

The Tau Gamma Beta pledges are Judy Baasch, Lester; Joan Doele, Shilliburg; Diana Dunn, Prentice; Joanne Fronsdal, Kohnen; Karen Froese, Stevens Point; Barbara Kopp, Raiminder; Virginia Johnson, Stevens Point; Linda Kuhl, Stevens Point; Suzanne Mackeuch, Sliger; Marilyn Roeb, Stevens Point; Jeryllyn Sperberg, Shawano; Pat Sterck, Harmony; Minnesota; Joan Trickey, Plainfield; Nancy Vander Heuvel, Seymour; Jo Ann Van Orman, Wisconsin Rapids; and Carol Woodward, Stevens Point.

For a chemistry student this is very familiar equipment — for one not associated with chemistry, it may be enlightening to take a stroll into one of the chemistry labs to see what the life of a chemist is all about. Andrea Meissner is getting first-hand experience here.
Basketball Reprise

While the past basketball season wasn’t quite as good as CSC’s standpoint as it was expected to be at the start of the season, it still provided the fans here in Stevens Point with much thrill.

Three of the big events of the season were the scoring of 1,000 points and more by LaVern Luebost, Jack Krull, and Jim Marko. Luebost and Krull scored their thousandth points each in the season with plenty of time to spare, while Marko held it until the last game of the season. Even then he waited until the two only two games and thirty seven points left in the game.

These three players are the first three in CSC history to finish that magic 1,000-point mark.

Another interesting fact was the ease of overcoming that in the Pointers in each situation by St. Norbert, Eau Claire, and Lawrence. Against St. Norberts the Pointers lost a double overtime session and against Eau Claire they lost in a single overtime. When Lawrence came to town they fought the Pointers to a standstill for the first forty minutes of the overtime session Lawrence was holding the ball trying for a last second shot when the Siasfefs, with about 15 seconds to go, started a final 5 seconds count-down. A Lawrence player took a shot in the closing seconds of the point which was at the eleven second mark. The Pointers got the rebound and scored as Krull took a last second shot from outside the free throw circle.

The second semester saw the Pointers get some badly needed height from the colleges in the persons of James Amelka and Tom Gurtler. Anticilli led the team in scoring the second semester with a 25 point average for nine games.

A high spot of the second semester was February 21 when the Pointers pulled the strings on Milwaukie St. Norberts and Mark Luebost in a tie for the conference championship and take away possible tournament bid. The Pointers’ Coach Hale Quandt pulled some neat strategy and had the Pointers play a possession-type ball game. The final score were CSC 60, UWUM 43.

Lavern Luebost, Jack Krull, Jimmy Marko, and Bill Sorel played their last games of basketball for CSC as they will graduate in June.

With eleven wins and ten losses the Pointers had an average season record in the way of final scores. CSC finished up in fifth place in the conference with a 5 and 7 record.

CSC To Host Wrestling Meet

Central State College will be host school for the Wisconsin State College Conference wrestling tourney to be held at Central State School gym Saturday, March 14. The prelims will be held at 10 a.m. and the finals at 7:30 p.m. Colleges participating will be Stout, River Falls, UW of Milwaukee, and CSC. This will most likely be the last regular season meet and the last chance for the Pointers to get in for a possible tourney bid. At this writing the Pointers are 10-2 and in second place.

If you want to see some good wrestling display to attend this tourney plan on Saturday.

Another Single Point Difference

CSC Grapplers Lose One to UWUM

The University of Wisconsin-Milwaukee wrestlers edged the Pointers Grapplers a 14-18 defeat in a dual meet held here in the Campus gymnasium Friday evening. This one point loss was the same deficit as the one point by which the Pointers beat the Jayvees of Wittenberg last year. It was the Pointers’ defeat with this narrow margin of a point which the Pointers lost.

With Wisconsin-Milwaukee, the Pointers, over Rog Cowell in 2:11 of the second round at 135 pounds.

Wisconsin-Milwaukee’s 1-5 decision to Bill Haabard at 128 pounds. At 131, Bill Freeman of CSC tied with Jerry Vigno of UWUM at 1 to 1. At 144 pounds, Fred Polizei of CSC had a 2-0 decision to Tom Reapeope of UWUM.

Hank Yetter outpointed Pafalowski of UWUM by a 2-0 score of 10-8.

CSC Downs Whitewater

CSC defeated Whitewater College February 28 at Whitewater with a score of 60 to 59. CSC was in a commanding lead at the half-time and maintained that lead to win the game.

Sam Anticilli was high for the night with 24 points. Bill Koseki and LaVern Luebost had 14 and 13 points respectively.

School Teams Finish Play

The Intramural Basketball League finished out with a playoff between the top four teams in each league. Jim Marko, Jim Baggot, and Strasser, won the final game from Ron Kleinstadt’s Dragons, Wednesday, March 4. Pat Frealy hit for 26 points down in the finals. Pat Buchberger paced the losers with 18.

CSC Puts the Kabosh on Oshkosh

CSC closed out its basketball season Monday night, March 2, by defeating Oshkosh State 85-60 in the P. J. Jacobs gym. The Pointers led the way but were never in a commanding lead. The Titans came close several times to taking the lead but the Pointers fought a bit harder and maintained the lead. The Pointers scored 98 points with 90 points to his college career’s credit. He managed to make six points quite early in the game but the seventh one came quite some time later; however, when it did go it was a standing ovation from the crowd. He finished with 10 points for the night.

LaVern Luebost and Jack Krull also finished with better than 1,000 points for their college careers.

Sam Anticilli was high for the night with 24 points. LaVern Luebost and Jack Krull had 17 and 16 points respectively.

The Pointer

By 16 to 15
Pointers Edge J-V’s

The Central State Grapplers edged the Jayvees of Wisconsin by the close score of 16 to 15. The meet was held in the Campus school Wednesday, February 25 at 8 p.m., and proved to be the best and most exciting wrestling meet we have seen Central State for many years.

The Jayvees brought along several wrestlers who have been wrestling as regulars on the varsity squad this season, but to no avail. Here is what happened.

At 123 pounds Arvo Betten won a close 7-5 victory over Gabriel of the JV’s. Arvo in his first year of wrestling has become one of the team’s finest wrestlers and has beaten several very good men this season.

Wayne Radtke lost a 5-2 decision to Sears (varsity wrestler) in a saw-dust battle, which it had gone another few seconds, would have resulted in a pin for Radtke over Sears. Radtke is a freshman and a product of D. C. Everest High school in Schofield.

Next came the 137 pound class. Here Bill Freiman of CSC and Bill Gorman of the JV’s tied in a 3-3 deadlock! Freshman has been doing a fine job in the place of midget Charlie Wittenberg, who lost a battle with his grade point at semester time.

Tom Gelsinski was behind 10-2 in the 172 pound class when he was unable to continue in the third round.

Jack Edwards won this bout on a decision.

Hank Yetter, 117 pounder, won on a decision by a score of 13-7. He defeated this season and has an 8-9 record. He is a heavy favorite to win at the AU this year.

The meet score was now 8-6.

Jack Blosser was next at 167 pounds. Larry Noll of the JV’s took Jack down in the first round. Jack rode him the entire second round unable to score a point. In the third round Jack was behind 2-0 and in the last minute he escaped for 1 point. With only eight seconds left Blosser (the team’s captain) took Noll down and won the match 4-2, for the closest match of the day. Team score: 15-10.

Then Buch Sorensen, 177 pounded AAU Champ, clinched the victory with a 6-1 win over Vern Hinkle. Vern had a chance to score but Buch had Flora on his back several times but was unable to show him the lights. Team score: 26-10.

The heavyweight bracket was a slight to behold. The heavyweight from CSC is Norm Dorn, a five-foot eight inch junior from Antigo who weighs only 174 pounds. The JV’s heavyweight was 258 pound Jerry Benson, who stands six-foot-five inches tall. It was like the David and Goliath Biblical battle, only this time Goliath scored a pin over Norm in the second round.

The final score was 32-24. CSC went on to win the total score with 21 points. Bill Kuse and Dave Brodhouse won the rebound and scored as the count of one which was a little under the eleven second mark. The Pointers have decided to try once more. More about track will appear in the next issue.

All Trackmen

Speedsters, weightmen, and all other would-be trackmen keep your eyes peeled for a notice to report for practice. This notice will be posted on the athletic bulletin board, but if you don’t happen to be in the athletic room the snow won’t stop your track practice. However, when Grimm decides he decides to hold practice, he says, "We won’t reewart the small stuff when we start to burn up the cinders." So fellows, be prepared to run as we open. More about track will appear in the next issue.

Jack Krull is another senior who finished his basketball career at CSC against Oshkosh last Monday. Jack reached the 1000 point mark earlier in the season.

Golfoth’s... Team scores: 16-10.

Larry Noll, with sweat, could say was, "Wow!"

In the second round. Jack rode Dorn and scored the ir third point in the season. H e would have scored the entire second round unable to score a point. He scored the entire second round and scored the entire second round and scored the entire second round and scored the entire second round.

This was Yette r’s second win of the night.

School in the Green Woods

Clearing is Different, Delightful

Mr. Runke, Mr. Specht To Serve As Guest Instructors

The Clearing is a unique school in the woods where the tents, cliffs, and shores themselves become classrooms. The Clearing is not a spartan camping camp; it was established in 1935 by Jens Jensen, (1860-1951) eminent landscape architect and philosopher of Chicago, who designed some of the Chicago parks as well as many gardens, parks and playgrounds across America. Jens Jensen himself was a part of the program; he wanted the site to be one on a western rocky cliff overlooking the sunset and had garnered his heart down to three places: Ellison Bay in Door County, Wisconsin, and Michigan; he picked the right site in Ellison Bay.

Jensen also worked with Frank Lloyd Wright as a landscape architect, and is responsible for the park system in Chicago. According to Jensen the trees and shrubs should not be cut down: they should be as naturally occurred and made a part of their natural state. He believed that man, in order to understand himself and his world, must first know nature, and to that end he felt that classes held at the Clearing should relate in some way to the out-of-doors. Instructors are carefully chosen and a curriculum planned to carry out Mr. Jensen's ideal.

Tou Kappa Epsilon Busy With Initiates, Pledges

The first week of the second semester eight new students became active members of Tou Kappa Epsilon. The following were initiated February 3 at the home of Robert Runke, Chippewa Falls; Jerry Madden, Sturgeon Bay; Kenneth Machi, Peshtigo; Harold Froy, Niagara;, Lowell Clement, Neillsville; John Farrell, Lake Mills; Donald Larson, Tigerton; and Robert Whitcomb, Weston. A banquet was held at the Laurel Motel following the initiation.

Another banquet was held on Wednesday, February 7, and the following students initiated into the fraternity on Tuesday, March 5, 1959: Bill Retterer, Clintonville; Bob Billips, Stevens Point; Pat Cassidy, Stevens Point; Ron Potts, Stevens Point; Dave Jeffers, Iron River; Jim Popp, Kenosha; Ken Millin, City; Bill Curran, De Pere; Ron Blunk, Clintonville; Judi Ann Russ, Herb Lapp, Birchville; and Gary Kest, Portage.

A pledge party was held at the Flat Rock Club the following Tuesday. The orientation will start immediately and the pledges will be initiated after a period of nine weeks.

The pledge master for both houses is Dave Paasche from Sheboygan. Richard Tomm was elected secretary in a special election. He will finish out the 16-week term of James Wight.

Umeg Plans Outing

The first group of Outing Club held their first meeting with Pledge Master Gloria Bowdoff Tuesday, March 5. Elections for pledge president and pledge secretary-treasurer were held in Roberta Madley who is also chosen president and Sharon Klein secretary-treasurer. The pledges for the semester will include Alice Arling, Virginia frontline, Brooks; Shawn Shaw, Ray Chesbro, Steven Point; Christa Dahlgren, Geronimo; Betty Gagnon, Stevens Point; Betsy Do Lormo, Marinette; Lilo Dragor, Wautoma; Judy Garof, Green Bay; Jewel Hensel, Nekoni; Gloria Jerke, Green Bay; Karen Jensen, Steven Point; Judith Jensen, Upham; Carol Kest, Portage; and Betty Kraft, Stevens Point.

The group of Outing Club was initiated by Roberta Madley and Patricia Otto, Shawano are assistant student council members.

Mr. Runke

Mr. Runke’s classes will extend from July 26 to August 29. He will offer two courses of three credits each: Design Workshop and Drawing and Painting. After two and one-half weeks the students will change courses from the Design Workshop for two and one-half weeks they will then, for the next two and one-half weeks, take Drawing and Painting.

Last year Wayne Claxton, head of the art department at Wayne University, Detroit, Michigan, spoke to the class.

Mr. Runke thinks the Clearing a wonderful place to teach. He also finds the students: for instance, there’s a short philosophical or Biblical reading before breakfast.

The art program is run by the Board of Regents of all state colleges to to qualify you to have been an undergraduate working toward a degree.

Candid Review

Play Pless All

The furnishings were late 19th and early 20th century, comfortable and inviting. The tour promised, bounced over the stage at the arresting line, "I love your wife," and the sounds on the three-act drama was a rapid game of wit and maneuver.

A woman who seemed to be most of the contestants was a young man and was the object of a comical frankness, to be only a character in the play, was enlivened by Bob Davis.

A young poet/musical shadiness was an "incomparable," 18 year old Eugene Marchbanks challenged Moore’s right to "sweet Candy." Quirking voices Gary Manders was most impressive as a timid young man with a big heart.

"Candy" was just a bit too sweet. Her honeyed, cajoling personality was quite self-confident, and not too very courtly, and was not; less than less than less than the character. Marlene Eckhardt portrayed Candy with all the delectable airiness of pink cotton candy.

Dorothy Welch was "Prossy" to the nth degree, cur, matter-of-fact, humorous and definitely inimitable. With a thick brogue, Jack McKenzie played racy, mer-

This Abe's No Lincoln, But Iran Has Many Bridges To Be Built

By Pat Collister

Aboohassan Zoroufy, a CSer from Tehran, Iran, (Abbe, as he is known by his new American friends), made the transfer from Tehran to Stevens Point in October, 1957 or 1959 which is the first time that an Iranian student has been accepted as part of the regular program. Abbe was a transfer student and the only Iranian student at Stevens Point.

Aboohassan Zoroufy, a CScer from Tehran, Iran, (Abbe, as he is known by his new American friends), made the transfer from Tehran to Stevens Point in October, 1957 or 1959 which is the first time that an Iranian student has been accepted as part of the regular program. Abbe was a transfer student and the only Iranian student at Stevens Point.

Mr. Raymond E. Specht and Mr. Henry W. Runke are both shown here with one of their master students, the production of which they produced at "The Clearing," a summer camp in northern Wisconsin, where they each conduct a seminar this summer.

It’s now operated on a non-profit basis by the Wisconsin Farm Bureau Federation. Classes at the Clearing are limited to twenty-five students and are relaxed, inspiring and informal. Some occupy only three hours a day, leaving the remainder of the time for vacation recreation, study or contemplation; other classes follow an exhilarating all-day schedule.

Elections are open to a wide variety of programs, illustrated slides and lectures, films and music. Meals are served family style in the attractive dining-room. Separate dormitories for men and women contain modern plumbing and comfortable beds with inner-spring mattresses.

People of all ages and background and from many parts of the country find mutual fellowship here and also discover a pleasant mental, physical and spiritual benefit from an unforgettable week.

Mr. Specht

Mr. Specht was hired by the Clearing’s board. His class will run June 7-15. He says that it’s very creative work. The class visits Washington Island to do photography work; there are also guided tours.

From the Clearing to do photography work. The beginners are taught to develop their films into black and white pictures. The primary objective for beginners, says Mr. Specht, is creativity. Among his favorite will be: Spirit, Nature Closeup, Lighting, Technical Aspects of Camera Operation, and Texture.

Mr. Runke

Mr. Runke’s classes this summer extend from July 26 to August 29. He will offer two courses of three credits each: Design Workshop and Drawing and Painting. After two and one-half weeks the students will change courses from the Design Workshop for two and one-half weeks they will then, for the next two and one-half weeks, take Drawing and Painting.

Last year Wayne Claxton, head of the art department at Wayne University, Detroit, Michigan, spoke to the class.

Mr. Runke thinks the Clearing a wonderful place to teach. He also finds the students: for instance, there’s a short philosophical or Biblical reading before breakfast.

"Winkum, Blunkum and Nod" Fitting Theme for Tau Gam Jamayma Party

Tau Gamma Beta sorority held in second rushing party, a pajama party, Saturday evening, February 21, at the home of Mrs. Elmier Kerst, sorority advisor. The theme of the party was "Winkum, Blunkum, and Nod." The theme was presented with large painted figures of Winkum, Blunkum, Nod — the sandman — and a large silver moon. A large figure of Woo Willie Winkie greeted each guest as he entered the door. Both actives and rushers participated in various games throughout the evening. Judy Cepek was mistress of ceremonies. Each rusher was given a pair of bedroom slippers made of washcloths.

Men Residents Form Society

Bob Kiefer, social chairman of Steinier Hall, recently organized the Steinier-Hilton Social Society. This social group meets in the basement of the Steinier-Hilton every Thursday evening at 9:30 p.m. The informal smokers give the men the chance to get acquainted as well as provide entertainment. Events on the schedule for the rest of the semester include a speaker on the military obligation of all men, week-end camping trips, co-ed dances, and social activities and many other events.

LA SALLE-COCA-COLA BOTTLING COMPANY
MEMO FROM JERRY SCHEIN

Put them together for a solid start towards financial security

School days will soon come to an end and before they do you can get a solid start towards building a secure financial future by arranging your life insurance program now. A good way to do this is to look into the several New York Life insurance plans especially suitable for college students.

Here’s why: Premium rates for life insurance are determined by age and occupation. And because as a student you’re in an occupation and probably at an age where the premium rate you would pay is very favorable, Furthermore, getting started early helps you accumulate money for use when you marry, buy a home or start a business. And meanwhile your family — present and future — will be fully protected.

Send for your free copy of the informative booklet, “It’s Your Move, Joe…”

When We Call This Special, We Really Mean Special!

When you come right down to it you just can’t beat a good steak ... cooked to perfection ... like we prepare it on our new Char-Rock open hearth grill. And that’s why we’re so proud to serve you our Spac Special dinner. It’s a good-sized, boneless aged rib-eye steak and folks who have tried it keep coming back time after time! They like the way it comes off our open hearth — crispy brown on the outside, juicy in the center, and with that special flavor that only open hearth cooking brings. And they like the side dishes, especially Antoinette’s home-made soups and Marie’s salads. The price of the Spa Special dinner? Just $1.95! Now, when are you coming out to see us?

THE POINTER

CSC Profile

Bob Chesebro

Our male feature for this Pointer issue is Bob Chesebro who originates from Point. Bob is a first semester Senior and is majoring in music and minoring in mathematics. During his high school days at P. J. Jacobs he was active in band, Latin club, 8 club, reed-ensemble, and the swimming team. He attended the Summer Music Clinic for two years and served as band president.

His favorite pastime is getting away from school, playing baseball, and tinkering with sports cars, especially his M. G., better known as the “Green Bug.”

Bob is a very easy going fellow and doesn’t let very much bother him, but he does have one pet peeve, the idea of girls smoking.

While at Central State, Bob participated in the Glee club, string ensemble, choir, Brass ensemble, Civic orchestra, opera, band, Clarinet quartet, Madrigal group, and is an active member of Alpha Kappa Rho, a music fraternity, and Phi Sigma Epilson, of which he was past treasurer and vice-president.

Bob likes good music — both classical and jazz — and also finds mathematics interesting. He dislikes rock and roll and cigarettes. His future plans are to continue in music at the University of Michigan, doing graduate work, but he admits that this is still indefinite.

Most of his spare time is taken up at Erickson Gas Station where he is manager.

Other music instruments that Bob has a try at are the drums, cornet, violin, sax, and some other string instruments.

Bob is still single at the age of twenty-one and going strong with no signs of weakening.

Bob sums up his college days as “the most enjoyable years I’ve had.”

Loans to Students

National Defense Education Act
Provides Money for Qualified

The 1958 National Defense Education act will now provide funds for loans to CSC students. Mr. Orland Radke, Dean of Men, is equipped with application forms and information for interested students. The details are as follows:

The purpose - to provide funds available to students who need financial help to pursue a full time course of study at institutions of higher learning. Determination of each need shall include consideration of: (1) the academic background of the applicant, (2) the probable course of study in college, (3) the income and resources of the applicant's family, (4) the income and assets of the applicant, and (5) the costs reasonably necessary for the student's attendance at the institution.

The terms of student loans at Wisconsin State College at Stevens Point are: (A) Applicants eligible: (1) Freshmen must be accepted by the state college, must be in the upper one-third of their graduating class in high school and must earn a grade point average of 2.5 to have the loan continued in the second semester; (2) Sophomores, Juniors, and Seniors must have been in residence at least one semester or qualify under Freshmen regulations, and those in residence must have earned and maintained at least a 2.5 over-all average at this college; (B) the maximum amount of the loan for Freshmen is $150 per semester, for Sophomores $200 per semester and for Juniors and Seniors $250 per semester.

The interest of 3 per cent per year is to be paid on the unpaid balance beginning with the date on which repayment of the loan is to begin. Repayment begins one year after a borrower ceases to pursue a full time course of study at an institution of higher education, and ends 15 years thereafter. Accelerated repayments are expected in almost all cases. Waiver of interest and postponement of payment is done while the borrower is attending an institution of higher education and during any period, not to exceed three years, during which the borrower is a member of the Armed Forces.

Up to one-half of any loan (plus interest) is cancelled for service as a full-time teacher in a public elementary or secondary school in a state, at the rate of 10 per cent of the amount of the loan plus interest for each complete academic year of such service.

The loan must be evidenced by note or other writing, but no security or endorsement may be required unless the borrower is a minor or legally able to create a binding obligation, in which case either security or endorsement may be required.

Upon death or permanent or total disability, the loan is cancelled.

Religious News

LSA

LSA'ers will meet tonight, Thursday, March 12, to discuss the topic, "The Kingdom of God." Allee Vestonis is chairman of the discussion panel.

Practices for Songfest are being held quite regularly so be sure to watch the bulletin board on second floor for notices of the final rehearsals. Let's all participate in this activity! See you at LSA tonight!!

Home Ec Students Conduct Final Class

"Your Elastic Dollar" was the theme for the fourth and final lesson in a series of adult classes presented by senior members of the Central State College home economics department. The class was held Monday, March 9, in Room 206 at the college from 7 to 9 p.m.

"Your Elastic Dollar," discussed budgeting and included methods for setting up a budget, various types of credit, banking facilities, and various means of protecting the consumer.

In charge of the meeting were Patricia Perkowski, Port Edwards; Agnes Altman, Strataford; Theresa Nodolski, Portage; and Mary Ann Kucharzak, Stevens Point.

The adult classes were open without charge to both men and women.
