THE GIRLS from Steiner Hall captured the Songfest trophy for the non-social division. The girls' dorm has won the trophy for three years and will now keep it permanently.

Steiner, Aquinas Groups Claim Songfest Trophies

by Barbara Frisch

The Aquinas Club and Steiner Hall won the first-place trophies in Songfest 1961 last Thursday evening at the CSC auditorium.

Songfest, an annual music program sponsored by the College Union, is participated in by any group on campus. The requirements are singing a serious song and a parody or version of a commercial.

Particularly noticeable was the poor attendance as contrasted to previous years. Commenced a four-year-long trend, this year's attendance was the poorest, but the spirit was the healthiest.

The harmonious applause which often accented the program was apparent. Most Creative Group of the Year was the first number, "Goodnight, My Mistress of ceremonies," and the second number, "You Have to Go," drew much applause from all corners of the auditorium. It is agreed that this more than made up for the first number and thrust the audience into a more spirited frame of mind.

The Aquinas Club's serious presentation of "Eternal Father," the first number, did not display much enthusiasm, no doubt due to the audience's high expectations. Their second number, "I Haste," cleverly related the Ute at CSC dormitories to the students of the college. Their "Battle Hymn of the Republic" followed the parody of the same detached from the latter's emphasis and effectiveness as well as from the director, which may have been due to the inexperience of the group. The deep, well-balanced harmonies, however, were nice. Their second number, "That's What You Like," was given with the same response but then we looked forward to quality instead of quantity.

The highlights of the day included discussion on admission requirements and scholarships, presented by Dr. Gordon Haferbrock, dean of instruction, the situation on housing, loans and part-time work by Mr. Steen, and a student's viewpoint on campus life by Mr. Radke.

The highlight of the program will be a style show by CSC home economics students modeling their own fashions. General chairman for the revue is Carol Chudnowsky. Mary Ann Frisbie will be in charge of decorations. Lining up the models in perfect style will be Jane Netherly. Carol Young is in charge of publicity.

The Aquinas Club's "With a Song in My Heart" blended beautifully with the lights didcol's rendition of "Bloody Mary," given by the informatics class with the piano added a touch of boyness to the group.

Pai Delta Psi sang their serious number "Goodnight, My Someone" in a rainbow of color. Their parody of "Honeyboy" cleverly related the life at CSC dormitories to the campus. It was a fine representation but nonetheless, they sang with luster.

The oldest "serious" song was "The Merry Widow." The Slates' serious presentation of the "Battle Hymn of the Republic" was singing wrong pitches. It was a few in the audience to be their parody. This no doubt is the result of a stereotype of songfest. In keeping with the theme, all the parodies, they tread less on the toes of "Joe's." Their laughing song was indeed more serious. It was a good show, no one presentation agreed.

Sails's parody didn't have been found in a prism than the girls from Steiner Hall's Dorm Hall. "Tom Leaves" number was especially entertaining for the lilt and floating leaves in autumn air. The humming as the curtain closed suddenly polished the ending, waiting away, as leaves flew. Their "Battle Hymn of the Republic" number was rousing. Choral groups from the girls of Steiner Hall!

The Aquinas Club's serious presentation of the "Battle Hymn of the Republic" followed the parody of the same detached from the latter's emphasis and effectiveness as well as from the director, which may have been due to the inexperience of the group. Their second number, "I Haste," cleverly related the Ute at CSC dormitories to the students of the college. Their "Battle Hymn of the Republic" followed the parody of the same detached from the latter's emphasis and effectiveness as well as from the director, which may have been due to the inexperience of the group. Their second number, "I Haste," cleverly related the Ute at CSC dormitories to the students of the college.

The highlights of the day included discussion on admission requirements and scholarships, presented by Dr. Gordon Haferbrock, dean of instruction, the situation on housing, loans and part-time work by Mr. Steen, and a student's viewpoint on campus life by Mr. Radke.

The final show of the series will be presented just before the end of spring quarter, as this session, girls may bring their dates.

The home economics girls will also present their style show before the end of spring quarter, as this session, girls may bring their dates.

College Union Plans "Last Lecture" Series

What would any professor say if he knew he was giving the last lecture of his career? Would he continue with the outline he has used for years? Should he try to use this opportunity to get off his soap box and raise issues he had never raised before? Or, would he be more apt to take a philosophical look at the year he has spent in the classroom?

The Union board social committee is presenting what it feels will be one of the best lecture series ever to be given at CSC when it presents the "Last Lecture" series. The members of the committee asked the above questions and then set out to find the answer.

The first of these lectures will feature Dr. Frank Crow of the Department of government, who will be held in the Union lounge April 24 at 10 p.m. Three more programs are being planned in the series. The dates will be April 24 and two in May.

This is an excellent example of the faculty taking time and having its say. It is hoped that the students will not miss this opportunity to hear this first "Last Lecture."

Plans for Steiner Hall Formal Begun

With April 8 not too far in the future, plans for the Steiner Hall formal are getting underway. The formal is a girl-boy dance with all college women invited to attend.

In previous years the formal was held in the basement of the Union Glamour Series Rescheduled April 6

April 6 is the rescheduled date for the third of the College Glamour series presentations. It will be held in the College union at 8 p.m.

The highlight of the program will be a style show by CSC home economics students modeling their own fashions. General chairman for the revue is Carol Chudnowsky. Mary Ann Frisbie will be in charge of decorations. Lining up the models in perfect style will be Jane Netherly. Carol Young is in charge of publicity.

Featured on the program will be Mrs. Beth Bolthoff of Wilmot, Illinois. Much of her work consists of lecturing to students at campuses all over the United States. At some campuses, the students are excused from classes for an entire day to listen to her series of lectures for a net fee. Her topic here will be "Charm in Cooking."

The final show of the series will be presented just before the end of spring quarter, as this session, girls may bring their dates.

The home economics girls will also present their style show before the end of spring quarter, as this session, girls may bring their dates.

Happy Easter

The Aquinas Club has every right to be smiling. They capped the social organizations' trophy at the 1961 Songfest. This is quite an honor for the newest group on campus.
AN EDITOR'S OBSERVATION

Council Approves School Ring, Board Okays Budget

by Laurence A. Reidel
Co-Editor

After finding two people at the last meeting of the College Union Board, I wasn't surprised to find that only one person other than myself, had come to the Student Council meeting. He was Boris Roos, my roommate.

The main item of discussion at the meeting was the approval of a school ring by the Council. A representative from the Jostens Ring Company was on hand to present the ring. The Council unanimously approved the design after a brief discussion about the price and features of the ring. The representative, Mr. Jostens, would be $26.35 for a 10 karat gold ring with a black onyx stone, or $14.50 for a solid sterling silver ring, with the black onyx.

Would Be School Ring

It was explained that the ring would be a school ring — not a class ring. There is no money in it, and in theory it would be an assist from the ring, although the initials are engraved on the inside. The Council decided that anyone who had been on the campus for at least four years would be permitted to apply for the ring, which would be available for a minuscule price. The Council was happy with the way the other rings placed, and they were sold out within the first week.

Although he promised nothing, it may still be decided that this should be done on a regular basis. The Council would take over the business of selecting and selling the rings.

Dave Van Wormer not only highlighted the performance of the Singers during Songfest, 1961, but also entertained the audience — while awaiting the judges' decision.

Selective Service Exam on April 27

The Selective Service College Qualification test will be given to college men April 27, 1961, under Stanley Conway, Student Director of Selective Service for Wisconsin announced today. The April 27 test will be the only test offered for the 1961-62 school year.

Scores made on the test are used by local boards as one guide in considering requests for deferment from military service to continue studies.

Application cards and instructions are available from Selective Service local boards and the Record Office, according to Mr. Conway. Men planning to take the test were urged by Colored Council early application for necessary forms.

The State director pointed out that all test results which test scores have helped determine since 1951 have been a major factor in ensuring the nation's supply of specialized manpower. Many students deferred since the testing program were later scientists, engineers, physicians, and specialists in other technical fields.

The State director emphasized that all groups and individuals which National Defense 1961 has helped determine since 1951 have been a major factor in ensuring the nation's supply of specialized manpower. Many students deferred since the testing program were later scientists, engineers, physicians, and specialists in other technical fields.

Easter Holiday Greetings

Certainly one of the messages of the Easter season is a hope. "Hope springs eternal", the poet says, and poets have said many other things about hope. We all have hopes of one kind or another, and I thought of wonder if we all do not realize that there is much that we can do ourselves to help realize our hopes, to help make them come true. Even a hope is a thing that can be changed in the midst of a student himself, I trust that this is not news to anyone. I wish for you all a very pleasant Easter and an eventful and exciting vacation. Be sure to get some rest. Remember we have two long months left of the college year.

Library Film Series 

Opens Unfamiliar Doors

By George Frick

The objectives of the Library Film series at college level is to open new doors to the student and to make him sample critically what is unfamiliar or foreign.

One of the problems of the series is that the students prefer the movies shown at commercial theaters. They view any movie out of favor as good, even if it is not in foreign language or in unfamiliar actors, directors, and producers.

However, these films are not all foreign. Besides, subtitles are provided in English when the films are in another language. Dubbing of voices is usually poorly done, and also taken away from the artistic quality of the film. The films are all international award winners, filmed in high artistic merit.

In our little theatre presentations, there is also the problem of technical difficulties, stemming from the fact that the films must be changed from 35mm to 16mm on the screen. This causes some slight and sound quality to be lost and the image to appear fuzzy. The series is financed by 25 cents admission for this rather unattractive 16mm and faculty, and some of the money must take responsibility for the teacher shortage.

The cumulative effect of this rather unattractive type very likely causes some to value the preservation and persuade others not to it.

Dr. Fred Dowling, associate professor of speech at UC, is the co-author of an article appearing in the March issue of Phi Delta Kappan. The article, "The Teacher Image and the Teacher Shortage," investigates the possibility that the unfavorable image of teachers as depicted in comic strips, motion pictures, television plays, and novels contributes to the teacher shortage.

The article points out that researchers agree the teachers must be put in much in various communications that describes teachers unfavorably. The cumulative effect of this rather unattractive type very likely causes some to value the preservation and persuade others not to it.

Dr. Dowling and Dr. M. Bokel of Arizona State University put out that teachers must take responsibility for the teacher image. Studies indicate that when professors write about teachers they deal with their colleagues and not with those who have not taught.

It

In one corner of the bookshop is a little known series of books published by the Liberal Arts Press. This series contains over 40 titles. Some of the titles in stock include: On Liberty and Utilitarianism by John Stuart Mill, The Age of Reason and Common Sense by Thomas Paine.

The movie "Operation Allitur" may have raised some questions in your mind about the freedoms the U.S. Government is defending and the rights and responsibilities a citizen has toward these freedoms. One of the things that Mr. James Bretol, the American Friends Service Committee speaker presented, was an approach to assume freedom of speech. The discussion held after his talk raised some interesting issues. What freedoms are we defending in this country? What is the freedom of the individual? A book which may clarify your thinking on these issues is On Liberty by John Stuart Mill. The edition put out by the Liberal Arts Press follows the standard text. Spelling, capitalization and punctuation have been revised to conform to present American usage.

"In Winter," being the book in the inclusion, "Of the Liberty of Thought and Discussion" and "Of the Limits to the Authority of Society Over the Individual." This series also has books for students interested in literature and music. For instance, there is Tolstoy's "critique on What is Art?" Longinus, a Roman, wrote in 1650. A book which may clarify your thinking on these issues is On Liberty by John Stuart Mill. The edition put out by the Liberal Arts Press follows the standard text. Spelling, capitalization and punctuation have been revised to conform to present American usage.

Dr. Dowling and Dr. M. Bokel of Arizona State University put out that teachers must take responsibility for the teacher image. Studies indicate that when professors write about teachers they deal with their colleagues and not with those who have not taught.

The film series is well worth attending. To get the most out of a college course, this cultural event should be taken advantage of. You won't regret seeing one of these films.

However, I believe that the important thing to be stressed is that the film series is not like every other activity at CSC, needs the support of the entire school body. For 25 cents per student per semester it offers a great deal.
Barnes is Appointed to Pigeon Lake Camp Staff

Mr. John Barnes, professor of biology here at CSC, will be one of the staff members at the Outdoor Education and School Camping program held in March 1961 called Lane Camps. The workshop will be sponsored by the Wisconsin State colleges.

The workshop is aimed at men and women who are interested in teaching in outdoor education and in leadership skills. Activities include teaching in classroom and camp workshops, camping activities, educational sessions, and a leadership program.

Participants can earn three semester credits on either the graduate or undergraduate level. Application is required. The application form will be available from the Department of Agriculture.

Search for Alice Will Get Underway

The search for Wisconsin's 14th Alice in Dairyland will get underway April 1 when the Wisconsin Department of Agriculture begins to accept entries for the 1961-62 contest. Entries will close April 30.

In other year, applicants must be at least 18 and not over 25 as of Jan. 1, 1961. They must have lived in the state at least one year and be available for one year's employment with the Department of Agriculture.

A salary, the Wisconsin "Alice" will receive expenses for travel away from Madison, where she will live during her reign.

Applicants who qualify for the 10 regional contests will be chosen from their approaches to training and experience, personality, poise, good looks, home and personal relationships. Two winners from each of the regions will enter the final competition at Marshfield, June 23-25.

Bond blanks will be available on or before April 1st at many dairy plants, newspapers, radio and television stations, county agents and Chapter 4-H Com- munity commerce offices. Contests must be completed in the regions in which they live. They may not enter a regional contest in which the college they are attending is located.

Entries should be submitted to the Wisconsin State Department of Agriculture, State Capitol, Madison.

Frost Start Program

The frostmen class voted to establish a benevolence program. The first project was making straw favors for the Infirmary for Easter. In conjunction with this, a committee has planned a program consisting of musical selec-

TWO DORMS FOR CSC

Two Dorms for CSC, also featuring PIZZA and shrimp, will be jointly constructed on the Physical Education campus, located in the campus area near the Frosh Start Program building. The dorms will be known as "Alice in Dairyland" and "Steiner Hall," and will accommodate approximately 48 students each.

The dorms will be designed to provide living and study spaces for freshmen students. The dorms will be equipped with beds, desks, and chairs. The dorms will be organized as residence halls, with residence coordinators assigned to each building. The dorms will be open to female students only.

The dorms will be staffed by residence coordinators who will be responsible for the day-to-day operation of the dorms. The residence coordinators will work closely with the Dean of Students to ensure a positive living environment for the students.

The dorms will be equipped with community rooms, study lounges, and kitchens. The dorms will be located near the Physical Education building, providing easy access to the gymnasium and other facilities.

The dorms will be funded through a combination of state and institutional resources. The dorms will be built to meet the needs of the first-year students.

The dorms will be a significant addition to the campus housing options, providing additional living space for the students. The dorms will be an important component of the Frosh Start Program, enhancing the student experience and promoting the success of the students.

Point Grapplers Take Third Place

With the completion of the basketball season the only major sport activity around CSC now is wrestling.

In the State College conference tournament at River Falls on Saturday, March 11, the Pointers took a surprising third place behind champion Superior and River Falls. The Pointers took two second places and two fourth places. Ralph Melert and Jim Hermann lost championship bouts while Art Rouse and Dale Balts lost consolation matches. The other Point wrestlers lost their opening matches and were eliminated.

Coach Burns' team compiled a 4-4 record during regular season matches including a defeat over Lakeland. They will have concluded their campaign on the weekend of March 18, participating in the AAT tournament at Milwaukee. This will also conclude Burns' first season at CSC and we hope he will have many more successful ones in his stay at our school.

CHARLESWORTH STUDIOS

by Dick Smith

Pictured above is a young five-foot Douglas Fir which you pass by everyday on your way to the College union.

One day last week, through the carelessness of some individual, the top two feet of this young tree was broken.

After the damage was discovered, several members of Alpha Kappa Lambda with the assistance of Mr. Robert Whitmire from the biology department, applied a splint and several wrappings to the tree.

Let's hope that future students will not repeat this action.

The Hawk's Nest

by Tom Muench

Judging from the comments of the CSC fans who attended the tournament game at Green Bay, the Pointers closed out a fine season with a rather disgusting note. It seems that the team itself played disgustingly although they had played well against last year's games but rather to the negative of being ridiculed by their coach who took out his starters with around two minutes left to play and then went on to congratulate the rival. This was too bad because Quintal had to end the season on such a disparaging note for it surely did not act well with the loyal fans who journeyed to watch this all-important contest.

A comment worth mentioning which deals with the same situation and which might well serve to describe CSC's roundball dilemma is as follows: "It is too bad the Pointers had such a fine record and such an inept driver. It seems that every season we hear the same old story, but until next season some changes are made, next year will never come." — Dale Chalmers. I heartily agree with you, Dale. There is no reason why this team should not have gone to represent Wisconsin at Kansas City. Why?

The liberal amounts of that nasty white stuff that abounds our outdoor activities have served to increase the Outing Club. Along this line have been skilling the last few weekends to Eau Mountain ski area over at Wausau. It has also extended the operations of the sports area at Iverson park and the facilities are available for those desiring to use them.

Getting back to basketball for a bit. There are several items that may be of interest to CSC sports. Statistically speaking the Pointers finished third in the conference on offense. However, their defense was very adequate and as a result brought about the conference championship. Individually speaking, Braun of Milwaukee was the outstanding ball player title by Greenfield and Van Zandt of Milwaukee. Bill Kuse was named to the second team of the first annual all collegiate conference selections. Both teams were received honorable mention. Congratulations to both these fine players for their well deserved honors.

On the bowling scene the leaders are as follows: Vic Soefert, 163; Tom Fenn, 157 and well Clement, 160. Joe Konkel, 157. Keep up the good work, the season is nearing the end and that prize money still looks pretty good.

Bill Kuse Named To Collegiate All-State

The annual Collegiate All-State basketball team, selected by the sports editors of the state's college newspapers, was announced today by Judy Russell, sports editor of the sponsoring St. Norbert Times.

Players from Wisconsin's 19 small colleges were eligible for the team and nine schools are represented on the first two teams with University of Wisconsin-Milwaukee scoring the only double.

Both Jerry Grochowich and Dave Vincent of UWM were placed on the first team by the collegiate writers. Joining them were: Steve Ryno, Ripon's Mike Mullen, and Sr. Nelson Ron Braul of Northerners.

Second team selections were Bill Kuse, Stevens Point; Don Braun, Platteville; Howard Fullen, Mt. Horeb; Bob Milbrand, Eric Claire; and Art Nelson, Superior. Eleven other players were given honorable mention.

Players receiving honorable mention were Jim Bade, Eau Claire; Don Koopch, River Falls; frames Simonson, Stout; Leon Stewart, La Crosse; Henry Sampson, Stevens Point; Kattie Schultz, Lakeland; John Koprow, St. Norbert, Chuck Rooker, Lawrence; Bob Arnett, North Idaho; Tyrgum, Winona State; and Dean Austin, Oshkosh.

SPORT SNAPSHOT

by Tom Muench

Switching from the hardwood court to the canvas mats, we find our camera trained on a husky senior from Marshfield, Dale "Baddy" Balts.

Although a 1961 high school graduate, he did not come to CSC until 1957, due to a tour with the U.S. Submarine service. Once here, he became active in sports, playing football until he broke his leg. After this he decided to take up wrestling, a sport which he has continued to pursue up thru this year.

In competition this year Baddy has been an important member in Point's strong team showing and in the recent conference meet finished a strong fourth. Of all the sports he has participated in, wrestling is the hardest and most interesting.

In addition to sports, Dale is also the president of the Slashers and is a history and philosophy major in secondary.

Here's wishing the best to a good competitor and representa- tive of CSC's wrestling team.

Siasefi News

The Siasefi recently completed their pledge activities and the new members as a result of these activities are as follows: Dennis Baldu, Gary Mueller, Bruce Lind, Terry Dumond, Dave Murl and Don Coeffit. We are glad to have these men in our organization for they will surely carry out the fine traditions of the Siasefi.

Due to circumstances beyond our control, plans for a trip to Kansas City had to be canceled and a substitute endeavor put in its place.

We would also like to give mention to Mr. Mealy and his in- timate familiarity with pornographic literature. Since it ap- pears that you are an authority on such material perhaps you can explain why you must observe our bulletin board to fur- ther your knowledge of such.

Certainly there is no great force which pressures you into casting your delicate eyes at the pornographic material which is in our estimation around on our campus.
Laugh It Off!!

by Jesse Kimball

JOHN: "I think my brother is getting abscess-minded.
HARRY: "What makes you think so?"
JOHN: "Well, the other day he was out - you know - and he said, "I have to get those teeth pulled before I go to bed."

The hotel receptionist had just told him that there were no more rooms.

LEO: "Look," said the man, "if you heard the President was coming, you'd find a room.

RAY: "Right," agreed the receptionist.

"Well, the President isn't coming," said the man, "so let me have your room."

YOUNG MAN: "Mr. Jones, your daughter has promised to be my wife."

MR. JONES: "That's your fault: what else did you expect if you kept hanging around here every night?"

JUDGE: "Do you know that the first place I wouldn't be here is in prison?"

"And if you told the truth in the police station?"

"But it's my motto never to do anyone out of his job.""

The motorcyclist was stopped by an excited man. "Hey, your wife has fallen off your motorcy..."

"Thank God," replied the motorcyclist, "I thought I had gone done..."
What Does Easter Mean?

BARRA ALF, a sophomore, says "Easter is the most glorious time of the year. If every one were to seek the real meaning of Easter and live accordingly, the world would be a much better place and we would be much better people."

JEAN WANK, freshman: "I think Easter is a time for people to seriously think about their beliefs and what they stand for and do something about correcting their shortcomings."

JIM GEHRE, Gary Evjen, Gene M. Karpinske, all freshmen: "We think Easter is a time for meditation and a time to realize what Christianity is and why we're Christians."

College Fails to Meet 200-pint Goal

The weather was a contributing factor in CSC's failure to meet the 200-pint goal for the current Bloodmobile. Despite the weather, however, 125 pints were given by CSC students. The city of Stevens Point, however, overshot its goal by 70 pints.

Bob Kiefer, student chairman of the bloodmobile, has indicated that plans are underway to have the Bloodmobile on the CSC campus for a special college day. This day would be devoted entirely to blood donated by CSC students. These plans may be regretted in May and will definitely need to be realized by next fall.

When the Bloodmobile comes to the CSC campus, Kiefer added CSC will then challenge the other state colleges to see who can donate the greatest number of pints of blood. The Bloodmobile does visit other state college campuses regularly.

RELIGIOUS NEWS

L.S.A.

The Lutheran Student association met Thursday, March 9, at Trinity Lutheran church. Officers were elected for the coming year. These officers were Marc Ranta, president; George Hager, vice-president; Ann Mallinson, secretary; and Overman, treasurer. A committee to handle publicity was also set up.

Student Pastor Fred Mastead gave a lecture on the Mormon religion. This was a sample of the lectures given on the comparative religion class which meets every Wednesday at 3:45 in the College union.

Pastor Mastead will also be speaking at various churches in the area. The next lecture will be on Easter and its meaning Loyd and Wil-temberg.

Newman Club

The Newman Club recently held installation of new officers for the coming year. These officers are John Wagner, vice-president; Mary Greer, recording secretary; Fred Straub, treasurer; Jean Bocock, corresponding secretary; and Ed Schmidt, mascot. Members of the executive board are Jim Maloney, publicity; Bob Depp, public relations; Dave Andrews, and Albert Timmer, membership.

Father Toe of Wisconsin Rapids was the retreat master for the Day of Reconciliation which was held Sunday, February 25, at Maria High.

All Catholic students on campus can look forward to a dinner-dance to be given by the RC's after Easter. Watch for the date and be sure to attend. Newman will be selected at this dance.

A Challenging Career with a National Company

One of the major casualty insurance companies in the United States, Employers Mutual of Wausau offers career opportunities to many men and women each year. Some of them majored in business, others were unknown — until they discussed the jobs with company representatives — that their education could be applied and their career ambitions realized in an insurance company.

Employers Mutual people work in over 100 cities, large and small, throughout the United States. Organized a half century ago, in 1911, our company has built up a nationwide reputation for dependability, service and it is a company that has trained and well trained home and field office staffs.

Mr. Calvin C. Chamberlain, a representative from our home office, will interview seniors at St. Pointe State College Friday, April 7.

Employers Mutuals of Wausau

"Good People To Do Business With."

Home Office: Wausau, Wisconsin.
Pledging begins! After the recent second semester rushing season, the activities are preparing to enlarge their groups with new members in the Greek sisterhood of friendship. The sisters will be going through a four-week pledge period until they are formally initiated.

As a special feature in these issues for those who look for the "moral" in everything they read, we are offering — as a public service — one almost easy lesson on "Translating Greek," in other words, "How to Identify a Pledge." (Biology majors will please note that, during the pledging period, species of the genus humanus is further broken down into: 1. Actives and 2. Pledges.) You must understand, however, that the easiest day to identify a pledge is on Tuesday. She will probably be wearing a beanie or some headgear. She is not always chauveau in the colors of the sorority she is pledging. Alpha Sig will be in red and white, Psi Delta in blue and white, Taus Gama in blue and plaid, and Omegas in yellow and lavender. Also she may be wearing a necklace of paper clips or safety pins or maybe even buttons.

During this delicate period of their lives, you must be a little more observant to see her out. She will be carrying a little book wherever she goes; someday perhaps she will open it and scribble something in it. This is a "pledge book." It is in this that she keeps track of her "points" and coke dates with actives and other obscure bits of miscellany. (Don't ask what "points" are. They're too difficult to describe.) There are several other ways to find a pledge. For one thing, she will flinch and turn white when someone yells "Pledge!" in an authoritative tone. Also she will be wearing a persecuted "nobody-loves-me" look. Don't be fooled by this look— it is merely assumed to garner sympathy. (Actually she is loving every minute of it.)

Now that you will be able to identify a pledge, you must be warned that she tends to be shy and in wary of such places as the Union or the library. This is because she has learned one of the secrets of the society: "Where there go the cows, there go the Actives!" However, don't give up! One last word goes to the Birthday Council.

"Lullaby and Good Night" might have been the theme song for the Gamma Beta sorority's last rushing party of the season. Actives set up their pajamas and visited the "Land of Nod" at the home of Carol Woodard on Saturday, March 11. Janice Mitchell, hostess as mistress of ceremonies. Guest speaker was Janice Campbell, Nancy Yound Hevel and Virginia Fischer were in attendance. Actives who were present were Jo Van Ornum and Mary Cook, decorations; Mary Stysa, food; Barbara Norton, invitations; Jean Huss, program; and Linda Kuhl, lights.

Alpha Sigma Alpha ended the rushed season on Sunday, March 22, with their "Around the World with ASA" party in the Union. The doors were an African jungle of bushes, branches, and even "snakes." Inside the actives and rushers entered a "Scirian's paradise." The Orient was represented by floor cushions around low tables, colorful Japanese lanterns, the fragrance of flowers, and the company of the thousands of students. A French sidewalk cafe scene complete with canopry, picnic fender, tables, and of course, all those who have always wished for a trip to exciting "Faree."

WHAT HAS THE UNION BOARD DONE IN THE FIELD OF RECREATIONAL ACTIVITIES?

The heart of organized recreation is its broad program of activities. When one studies the field of recreation, he finds eight basic areas of interest: arts and crafts, dancing, dramatics, literary activities, music, nature and outdoor, social events and sports and games. Let's see what the Union has encouraged in these areas for YOU!

Tau Kappa Epsilon Last Tuesday the Yokes held their initiation party for their 14 new pledges.

The Yokes basketball team is leading the Inter-Fraternity league with a record of 20-0, and will play doubleheaders to complete the game series. The basketball team also plans to enter the tournament at White Water including teams from Wis­consin, Northern Illinois, and Upper Michigan Yoke chapters.

FINESSE FEATURES

Tens of the interest council members found it difficult to attend the meeting at the newly established time so the March meeting of the council the time was reestablished at 6:30 on Wednesday. Meeting dates are to be noted in the school calendar.

Individual sorority groups are to discuss ways to make the Inter-Fraternity more successful next year and refer these suggestions to the council at the April meeting.
