Union Board States Purpose, Officers, Committees Of 1963-64

"The purpose of the Union Board shall be to serve the student body of Wisconsin State College, Stevens Point, and to plan and coordinate recreational, social, cultural and intellectual opportunities for the enrichment of college life."

The Union Board consists of fourteen students, three faculty members, and two members of the Union staff whose job it is to carry out this stated purpose. From a glance it seems that this is a sufficient number of people to carry out these functions. If you take a closer look you will realize how demanding this task is. These fourteen students are divided into five committees. These committees; social, cultural, outing, games and house. Each committee has a specific area of responsibility. The fact is that on each of these committees there are only two members of the Board.

Thus to fulfill the purpose of the Union Board they need you! They need ideas, your interest and finally student participation. The Union Board encourages participation in the activities offered. If you are interested in working on a specific committee contact the committee chairman, DeLyle Bowers, outing; Jerry Grassel, house; Carol Gunderson, public relations; Dorothy Igl, cultural; Sandra Reidenbach, social.

Officers of the Union Board are Alan Babler, president; Dave Cooley, vice president; Gloria Kubisik, secretary; Larry Haak, treasurer. Dave Cooley is the Union Board representative to the Student Council. Chuck Fischer is the Student Council representative to the Union Board.

WSC Delegates Attend Council

The United Council of Wisconsin State College Student Governments will meet at La Crosse Saturday, Oct. 26.

Voting delegates from Stevens Point are Ed Allen and Judy Christensen. Other delegates include Karen Jensen, Jerry Hartwig, Dick Kleine and Scott Anger.

The Council was created four years ago by the student governing bodies of the Wisconsin State Colleges. Its purpose is to enable them to better exchange ideas and solve common problems.

Its goals are to promote and foster the exchange of ideas among the student governments of member colleges, to reflect opinions of campus life, interests, and problems, to serve as a liaison group between student governments and college presidents and the Board of Regents.

The group meets four times a year with the schools rotating as hosts. The group is broken into smaller groups to facilitate discussion of the problems which occur on college campuses.

Cultice Announces "Carousel" Cast

Every campus is unique in some manner. The thing to be... wish of all at WSC is — to shine in sweatshirts.

At one time sweatshirts were what you wore when you wash books, stack them in a form window, or went on a scavenger hunt or weenie roast.

The sweatshirt is coming into its own on campus. It is the one absolutely essential item of clothing. Sweatshirts now come in... blocks are arranged for a year-round spattered around in any daylight. We can appeal to the football team with bluejays to achieve that casual Look.

Even more interesting than the sweatshirts themselves are the various bits of information embossed on the front of them. For the one thing the typical sweatshirt wearer fears is anonymity. Something, anything, must be cleverly etched thereon, proclaiming all of that here is a boleger.

R.M.O. sweatshirts tell the world that here indeed is a Big Man On Campus — lest anyone be in doubt of that fact. Greeks may have edge one another by the tag of membership their sweatshirts bear. A foaming mug tells who are the real friskers of fellowship at WSC.

Jackets Dump Pointers For First Loss, 13-0

A sparkling defense behind a spectacular offense...that's the story inclusive of the Pointers' recent 13-0 upset loss to the Superior Yellowjackets.

The loss knocked the previously undefeated WSC gridders from sole possession of first place, and gave them a 5-1 overall conference record to date.

Superior capitalized on two Pointer fumbles in the second half, following a scoreless two-quarter deadlock, and turned them both into touchdowns.

The first of these found the pigskin in the Yellowjackets' hands on the Pointer 28 when a mix-up in the backfield produced a fumble. Superior quarterback Terry Diskin then spotted Mike Mahaffey with a 26-yard aerial to break the ice, and place-kicker Jerry St. Catherine's extra-point attempt split the uprights for a 7-0 lead.

The Yellowjackets took advantage of another Pointer miscue late in the fourth period. Halfback Jack Puglisi terminated a 4-yard Superior drive with his three-yard plunge to give the Jackets a 13-0 edge with time running short.

Though the Pointer defensive was illustrious in spots, it failed to contain the first-up Yellowjacket ball club. That, along with a startling offensive attack, spelled ultimate defeat No. 1 for the weary and previously undefeated WSC footballers.

Superior next meets the unbeaten Eau Claire Blugolds this weekend at Eau Claire. Another Yellowjacket upset and a Pointing victory over the Warhawks this Saturday can give the Pointers at least a first place tie in the 1963 WSC standings.

In Beloit Meet

In a highly confident statement, WSC's Cross-Country team finished fourth out of six schools in the Beloit Invitational meet held Oct. 16. Pointer Harville Michael Pankratz crossed the finish line among the top six. Harville placed third with a time of 16:11. Pankratz came in sixth with a 17:41. Jones said that Pankratz and Frank ran the contest in 17:41. Jones said that Pankratz and Frank ran the best races in the Beloit meet. He said they both made gains and had shown improvement over previous races. The coach also pointed out that although Harville placed third, he had run a better race against UW-M two weeks ago.

Besides Harville, Pankratz and Frank, other Pointer finishers were Barsch (18:05), Kober (20:18) and Avery (20:24).

The win ragged and overruled the previous races. The Pointers were predicted to be second in the conference.

On Sat., Oct. 26, WSC will travel to Whitewater for the conference meet.
