Student Council Proposes Constitutional Amendment

Major business at the April 2 meeting of the council was a proposal to amend the constitution to permit the direct election of the officers of the council.

The president is presently elected by the eight representatives of the college, but the other officers are elected by the council. This amendment would provide for the election of three representatives from each class instead of the present two. The vice-president of each class, and shall remain, a council member. There would be no representation from other groups such as the dorms.

These amendments, according to the constitution, be voted on until the next regular meeting of the council.

The council also heard from Steve Hansen who is in charge of bulletin boards. He seems that he is at a standstill on the construction of the new boards in the Union. He has been unable to get any cooperation.

The treasurer, Tom Corrigan, reported that since the allocations have been made, the financial status stands at $285.16 in the red.

The Allocation Committee has voted requests from only four groups.

All members were either present or excused. However, two members-elect were absent. They were Bob Whyte and Dan O'Brien.

A question concerning the office of Secretary of the Student Council came before the Student Council at its meeting of March 19. There were no candidates for the position, and a few write-in votes were there a few write-in votes.

One person received four votes and another received one. It was decided that the office should be held by the person with the plurality of the votes.

New Breed...The Taker

There is a crisis in the morality of the college generation today; but it is a crisis far different from the “sex-boom” parties” attacked by which college students are always subject. The immorality of our generation is selfishness.

Our society has spawned the new breed of youngsters—the Taker. He is everywhere on campus, and his total devotion to himself extends to his “friends,” his social life, and his studies, and pervades his whole outlook. The world is his oyster; any one else’s is simply disreputable to ask him to exert any effort and pay it open—he wants you to do it for him.

In this society we grow up in. In the dorms he enters your room when he feels like it, interrupts you if it suits him, indignantly demands his own privacy.

He knows your notes for grades, if any, he will return them when he feels like it, he expects your favors as his right, he looks on your requests with the contempt they obviously deserve for asking him to give of himself.

He dates people he can show off and catalogue his amorous exploits (real or fictitious) while some who will listen to them are amazed by how they increase his stature. The other person’s feelings in the matter are irrelevant, because they do not deal with his classification.

His courses are to be avoided, not taken. His task is to get away with as much as possible, and still maintain a respectable grade. He looks on any deadline as a license to skip classes, if he chooses and he increases his stature. The other person’s feelings in the matter are irrelevant, because they do not deal with his classification.

Fellow men are his enemies for they may have what the Taker wants. Love charity kindness are alien to him; and so, “sex” is the sense of communion with his brothers on this earth. It is this generation’s tragedy that the philosophy of the Taker is spreading through it will be this generation’s doom if it is allowed to flourish.

Five Pointer Cagers Rank With Best SCC Scorers

Final State College Conference basketball statistics announced recently revealed that Stevens Point ranked sixth on offense, fourth on defense, and had five players on the list of top scorers in the conference.

Coach Bob Krueger's surprising cagers finished in a second place tie with Superior behind champion La Crosse. The Indians compiled an 11:1 record, while WSC and Superior each had 8-4.

Stevens Point also had one of the best overall records among SCC quintets. The Pointers won 14 of 20 games to rank behind La Crosse which had a tremendous 20-2 season and Whitewater which sported an 11-6 mark. Only three top teams compiled a season record better than 10-0.

Defensively, Stevens Point allowed 155 points in 21 games or an average of 7.5, sixth best in the 10-team circuit. La Crosse led with an 87:6 pace. The Pointers netted 370 field goals, seventh high, and sank 294 free throws, third best.

On defense, Stevens Point allowed 735 points for an average of 35.3, to rank fourth. River Falls led with a 78:9 average, closely followed by La Crosse with 78:8. The Pointers allowed 356 field goals, the fewest of any team in the conference, but permitted 283 free throws, the highest number in the league.

In the individual scoring, forward Jerry Lawetzki was the leading Pointer, edging 90 points in 21 games for a 4:3 average. He will be replaced by La Crosse's Jim Jaeger, a sophomore. The seniors from West Allis and Milwaukee will have only 12-45 points in 22 games and 36 points in 24 games, respectively.

Wisconsin State College's Bill Borcherdt was one of ten players picked Friday for the all-conference team by SCC coaches.

Borcherdt, a 6-0 sophomore from Saukauken, was up fifteen in conference scoring, despite the fact that he missed a league tilt due to illness. In his 11 games, he scored an average of 14.9 points per game.

For the season, he scored 379 points, a 3.3 average overall.

At times, his outside shooting was near phenomenal. Once, as he dropped in was dropped in baskets consistently from 20 feet or more beyond. In addition to his sharp shooting, he was a fine floor man, capable of breaking up a press defense with his ball-handling ability.

The team includes two members of the La Crosse squad, which won the conference title. They are Larry Tranberg and Doug Potter. Also on the squad is Chuck Barnard, Superior sophomore, who won the scoring title with 279 points.

Others named to the honor squad are Pete Huus of Eau Claire; Ken Lee of River Falls; Erv Henderson of Platteville; Jim Jaeger of Oshkosh; Bob Budiggins of Whitewater; Dennis Koess of Wisconsin-Milwaukee, and Borcherdt.

Tranberg, Potter, Barnard and Jaeger were unanimous selections.

Bill Vickroy and Cliff De Valt, both of La Crosse, were named president and secretary, respectively.

Dates for spring athletic meets included: conference tennis tour names; Eau Claire; football, Oshkosh; golf at Green Lake, May 15-16; track relays at Superior, May 2, and track meet at Whitewater, May 16.
