Council Resolution Awaits Final O.K.

Major business conducted at the Feb. 6 meeting of the Student Council included: resolution (IFC) on Homecoming; Union Board constitutional changes; approval of Student-Faculty Committee members, and a resolution giving the Student Council the responsibility in recognition of campus organizations.

In the IFC business an old resolution reported earlier was brought up in the debate and again was defeated. This essentially gave the IFC the responsibility for the Friday night assembly. It is due to come up again at the next Council meeting for further clarification.

THE KING AND QUEEN candidates for 1964 Winter Carnival are from left to right: Tom Corrigan and Sue Holthausen sponsored by Tau Kappa Epsilon; Alan Babler and Kay Basmusen, Delta Zeta; Del Stueck and Barb Jakubowski, Alpha Sigma Alpha, got her professions from; and Kathy Menard, Phi Sigma Epsilon; Dennis Arthur and Kay Stein, Ski Club; Bob Kerr and Mary Hamrestrom, Alpha Beta Rho; Ken Mutterer and Dale Sherman, Sigma Phi Epsilon; Charles Kaskan and Sharon Smith, Omega Mu Chi, and Pete Kust and Pat Cuddinger, Alpha Kappa Lambda. Looking on is Mary Hughes, Winter Carnival Chairman. (Rader Photo)

Wrightson Hunt Combine Musical Talent Tonight

Two of the most successful personalities in the musical world today will combine talents Feb. 13 when they will appear in concert at the college fieldhouse at 8 p.m.

"An Evening with Earl Wrightson and Lois Hunt" will be presented as part of the Art and Lecture Series, under the chairmanship of William M. Dawson of the speech department.

Wrightson, a baritone, left a job singing in his hometown of Boston at the age of seventeen to go to New York to study and seek a career. He got his big break when he was engaged for a regular radio series starring Percy Faith and Eleanor Steber. Next followed a starring role in Romberg's "New Moon." Shortly after he created the leading role of Benvenuto Cellini in Kurt Weill's "The Firebrand for Florence." It was for this role that Earl grew his now famous beard. Redening a chance to sign a contract with the Metropolitan Opera Company, Wrightson prefers instead to be able to perform and exercise his talents in all media of entertainment — theater, concert stage, television, recordings.

Lois Hunt has also recorded for Columbia and is featured in the albums "Oklahoma," "Carousel," and "The King and I." Wrightson and Hunt, both veterans of Broadway (Miss Hunt in "Hodgers and Hammersmire's Sound of Music"); Mr. Wrightson in "Sigmund Romberg's "New Moon"") and due record successes — "A Night with Sigmund Romberg." A Night with Jerome Kern," and the new "Kiss Me Kate" have also made numerous appearances on television. They have performed on "Bell Telephone Hour," "The Voice of Firestone," the "Tonight" show and "The American Musical Theatre," hosted by Wrightson. This past summer the two collaborated in theaters in the East and Midwest in one of the triumphs of the stock season. Tickets can be picked up at 9:30-11:45 a.m. and 1:30-3:15 p.m. daily at the box office in room 113 of the main building.

Bloodmobile in Town Now

The Bloodmobile is at the American Legion Hall today from 1-7 p.m. and tomorrow, Feb. 14, from 12-3 p.m. and 6-9 p.m. Alpha Phi Omega, national Beta Phi Lambda, is in charge of handling the Bloodmobile on campus. They, also with other organizations are urging active participation by college students and staff in the Blood Dance Program. Return rides from the Bloodmobile will be available.
What's Lacking?

Just what has happened to the responsible, mature college students? Can't students take pride in their property or their behavior? It seems that college behavior on the entire campus has brought alarm to a number of students and administrators of WSC, and resulted in a meeting.

It seems that certain students don't know where to look and carry on other courting activities, or whatever you want to call it. They pretty much think the place is, then the more embarrassing — for anyone who innocently happens to walk in on them. The problem seems to be campus-wide with no consideration as to how it looks to faculty, fellow students and visitors.

Along with this problem, the committee found that students could use some better bookkeeping tools for recording receipts and expenses. If it was convenient for them! It's about time students here grow up and learn to respect the college property. Whether or not some students are replac ing and re-building will eventually come out of their pockets.

While the solution has not yet been availed, maybe students who know better could train their fellow students.

R.B.

Show Your Appreciation

How many times have you made disparaging remarks about others this year? What points were you being critical of? Did you ever stop to think about how they feel about some of the knothead students that are in your classes? Especially the student who has all the answers, be it in history, art, biology or sociology. Granted there are a few instructors who act not as efficient as others, nevertheless, they know far more about their special field than do those of us who have just delved into the subject matter for two to three years. And can they take chances?

The execution of these and the many other services Ace Foods gives us, we would like to give them our heartfelt thanks.

DONALD D. KRUG

Routine Tiring You? Change the Scene

Are you tired of the old Thurs- day chore of changing a film for protein change of pace? The Cinema Art Series is presenting the movie, "Father Brown, Detective." This film is played at the K. Chesterton, 1101 N. Fourth St., every Thursday night.

Also to be put through this process, but in the best interests of efficiency, are the changeovers of these and the many other services Ace Foods gives us, we would like to give them our heartfelt thanks.

DONALD D. KRUG

Projected Enrollment Revised, Climbs Higher

The projected enrollment at Wisconsin State College here has been revised upward to 7,102 in 1973.

The college had 2,897 students in the fall of 1963. In 1963, the figure was 759.

The prediction comes from the staff of the College Committee for Higher Education, which said the enrollment which had been expected public universities and colleges in Wisconsin for the next several years, was 61,204 at fall of 1973.

WSC had been estimating an enrollment of 2,400, an increase of more than 1,000 in one year. It has been estimated that more would have been counted for solely or even primarily by the extra year in the fore cast period.

Other factors include the growing pressure all over on to college, an expected reduction in the rate of college drop-outs, and the expansion of graduate school opportunities in the state and elsewhere.

President James Albertson said the growth in the cooperation of the CSU on to college, an expected reduction in the rate of college drop-outs, and the expansion of graduate school opportunities in the state and elsewhere.

The coordinating Committee indicated the need to put through this process, but in the best interests of efficiency, are the changeovers of these and the many other services Ace Foods gives us, we would like to give them our heartfelt thanks.

WSC Student Art League: Elects Officers

Officers were elected recently for the Student Art League. They are: President: Frank Pekel, vice-president; Kathy Roszak, secretary; Alice Gage, treasurer; Susan Clark, historian.

The executive committee is now under the charge of Alice Gage, who is its only member.

A Job Well Done

One of the many things that is taken for granted now days is the apparent ease of students and the process of picking up textbooks and starting the semester's work. However, much work has been involved in creating the student book list and in preparing for the upcoming semester.

The personnel of the Records Office headed by Registrar Gilbert W. Faust deserve our thanks and congratulations for their efforts. The days of 8-hour stints in the registration line are a thing of the past. Also to be congratulated on their efficiency is the library staff responsible for the present system of distributing texts. The elimination of lines is again greatly appreciated, especially by those of us who can remember the ordeal of days gone by.

Letters to The Editor

Editor:

I would like to commend Ace Foods for their adherence to their motto, "Your satisfaction is our only motive." In this light, Dr. Cain's theory on utilization, preservation, and the proper use of food makes the lettuce put into effect. After all, like unspoiled lettuce as a base for an increasingly popular food, the lettuce can be used again once it is returned to the kitchen. When faced with the advice of a girl from the former salad under underneath her, I am sure one of the Ace Foods officials modestly tried to pass it off as a non-vegetarian.

Not only does Ace Foods follow Dr. Cain religiously, but they also follow the latest theories on nutrition. Their subsidies in the form of free cooking classes agrees with many distinguished doctors' theories that a diet can be stored much longer. Conse quently, the student who has as much to eat as much as often.

Ace Foods has also made great strides in preserving perishable foods. One of their more interesting innovations is an expression of people instead of lines is called "drying out." This is where a certain amount of such things as cake, bread, and in some cases, meat. Often, many things don't always fit through this process, but in the best interests of efficiency, are the changeovers of these and the many other services Ace Foods gives us, we would like to give them our heartfelt thanks.

**Pointers Lose 106-85 To Lakeland College**

A pair of referees that could have been imported from foul-scented Superior, a pair of baby bats from Long Beach, Calif., and Dean Sandliff and a terrible start combined to wreck the Pointers' seventh loss of the season last Saturday night at the Oshkosh Armory. The Lakeland College basketball team is the team the Pointers compounded their troubles by making mechanical mistakes. Five or six times they brought the ball down the floor and handed it right back to their hosts.

The remaining two factors actually worked in unison. The 6-11 Seyller and 6-4 Davidson scored 54 points between them. Unimpeded by the officials, the towering boys ran rampant, doing much as they pleased. For the rest of the game, the guard of fair play occurred in the second half when the Pointers were forced to wait while Lakeland set up its defense after the Pointers had been awarded the ball two out of bounds. Two minutes later, the ball was hauled up and the ball was hurried given to a Lakeland player and a long lead pass gave them two more points.

While the brute force managed to establish a few points, the unquestioned stars of the game were the drivers and the Pointers' Bill Borcherdt. Davidson collected 18 of his 28 points in the opening half, shooting a series of 13 shots from the floor.

Borcherdt made two of those shots in the first 10 minutes, swished six of his eight from the floor, and, in the remaining portion of the first half on a brilliant display of outside shooting. Most of his baskets came from 20 feet and beyond.

With 10 minutes to go in the opening half, and down by 20 points, the Pointers finally began to hit with some long shots. In the time remaining, they were outscored by only one point.

The half ended with Lakeland on top with a comfortable 54-33 lead. Pointer Mike Fortune with a hot hand in the second half led the invasion, scoring seven points. Lawetzki and Wes Zuege each chipped in with three.

Zuege accounted for 14 points, marking the fifth straight game in double figures. Fortune in double digits in addition to Borcherdt were Fort and 15 and Grant White with 10.

The box score:

**Pointers Lose 106-85 To Lakeland College**

**Pointers**

The Pointer swimming team cracked five school records at Oshkosh Saturday night but came out on the short end of a 55-29 decision to Oshkosh State's strong tankmen.

The Team had only a slim 5-4 advantage in first place finishes but displayed greater depth with a 6-3 margin in seconds and third edge in thirds. "The boys did a fine job against an extremely strong opponent. Many of the races were very close and decided by only a stroke," said Pointer Coach Bob Jones.

Individual breaking records for WSC were Bill Geilikov in the 50-yard freestyle with a time of 24.7, Dick Larsen in the 200-yard back stroke in 2:28.1, Ed Pedra in the 500-yard freestyle in 6:31.8, and Aubrey Fish in the diving event with 161.1 points.

In addition, the Pointer medley relay of Larsen, Rick Rothman, Geilikov and Joe Conachen splashed to victory in a record 1:46.3.

Second places for WSC were taken by Geilikov in the 50 free style, Rothman in the 100 freestyle and Rothman in the 200 back stroke.

Geilikov actually posted the same time as the Oshkosh entry in his closest race of the meet but the Titan swimmer got the judgment nod from the officials.

The three events were shared by Peters in the 200 freestyle, Tom Naylor in the 300 freestyle and Engehr in the 200 individual medley.

"The Pointers now own a 1-3 record in dual competition. The team invades UW-Milwaukee Saturday for a 2 p.m. 0 meet against the Cardinals."

**WSC Grapplers Chalk Up Victory**

Chalking up 20 points on four pins, the Pointer wrestling team posted an easy 23-11 victory over Eau Claire's Blackbirds here Saturday afternoon.

The win left Coach Bill Burns' squad at 5-2-1 and gave them their eighth meet since the opening season on Saturday.

Following is a summary of the meet against Eau Claire:

- 133 pounds - Todd Wisniewski (SP) pinned Hank Clark in 4:56
- 147 pounds - Buster Brower (EC) beat Carrol Hopper, 9-1
- 157 - Larry Ironside (SP) pinned Vic Sell in 2:52
- 167 - Tom Stroup (EC) beat Tom Douglas, 52
- 177 - Pat Seiler (SP) pinned Joe Elliott in 3:58

Heavyweight - Bernie Christianson (SP) pinned Dave Furrill in 2:42

Colleges Get Together For Christmas Holiday Dates

The nine Wisconsin State Colleges have decided to get together on the Christmas holidays next year under the leadership of Wisconsin. They will get together, that is, on the dates for the Christmas recess, because they will be using a uniform calendar for the 1964-65 school year. Agreement on starting and ending dates for the school term was announced by the Council of Presidents in Madison.

Although the State College system has been governed by a single Board of Regents for nearly a century, the colleges have always taken pride in their individuality and uniqueness. This has extended to the school calendars, with the result that changes for the present school year started in Sept. 5 at St. Norbert, Sept. 12 at Stevens Point, Sept. 6 at Eau Claire, Stout, Oshkosh, River Falls Superior, and Sept. 9 at Platteville and on Sept. 16 at Whitewater.

The Christmas recess began a week earlier this year at Superior or than at the other colleges, on Dec. 13. Classes resumed there and at Platteville on Jan. 2. Classes resumed at Eau Claire on Jan. 6. Summer sessions will start June 8 or at five colleges and June 15 or at the other four.

Next fall, all the colleges will start the school year with faculty and student orientation and registration starting Tuesday, Sept. 8, the day after Labor Day. Thanksgiving recess will be Nov. 26-29, and Christmas vacation Dec. 19 through Jan. 3.

A day before, the second semester will end Jan. 23, 1965, and the second sessions will begin Feb. 1 and end June 5, 1965. River Falls, which is on the quarter system, will start its first quarter Nov. 25 and the second quarter Mar. 5, 1965. Individuality will be retained next year in setting dates for the spring recess and for commencement ceremonies. Dates for the 1965 summer sessions have not been set, but are expected to be uniform.

$500,000 in Aid Go to Scholarships

Nearly 2,500 good students are attending the nine Wisconsin State Colleges this year with the help of state scholarships worth half a million dollars. Reports to the central office in Madison show that 2,242 Wisconsin residents were admitted without paying the $150 a year incidental fee. Another 99 students from other U.S. states received scholarships covering the $420 a year non-resident tuition charge, and 133 students from foreign nations were granted $430 a year in aid. The total tuition and incidental fees, Total value of the first-year scholarships is $500,330.

One of every 10 of the 34,557 students attending State Colleges is benefiting from legislative scholarship programs. Three types of legislative scholarship programs are provided for Wisconsin residents. Most are "leader and need" scholarships, granted to good students who have leadership qualities and need financial assistance in order to attend college. Other resident scholarships are for top-ranking members of high school graduating classes and for disabled students. "Wisconsin citizens have subscribed for many years to the idea of helping young people to get a college education," said Eugene R. McPherson, Madison, Director of State Colleges. "Many prominent Wisconsin men and women have given their own resources and universities in the 1920s with the help of an endowment made by the Wisconsin legislature for veterans in the State. Records show that $4,288,731 was paid to Wisconsin veterans of World War I attending college and universities. They received $30 a month while in school for a maximum of 36 months or four school years.

Lutheran Seminar In Public Affairs Features Leaders

A four-day seminar, sponsored jointly by the Lutheran Church Missouri Synod and the National Lutheran Council, will feature Lutheran congressmen, senators and Lutheran leaders in public affairs.

As in the past, this region is again offering two $50 scholarships to the annual Washington seminar, March 22-25.

The purpose of the seminar is to bring together selected Lutheran students from Theological Seminaries, deans of churches, Lutheran and non-Lutheran universities and colleges of the country to "observe the Federal government in operation, discuss current issues, clarify the relationship of Christians to government in a democracy, and to appreciate the role of the Christian in public life."

All those who are interested may contact Roy Maagler for information and application blanks. Deadline is Feb. 17.
