World-Famed Guitarist Performs At WSC Soon

Carlos Montoya, world-famed flamenco guitarist, will come to Wisconsin State College to play gypsy folk music Monday, April 6. The tickets for the performance which will take place at 8 p.m. in the Physical Education Building may be obtained at the box office in the main building.

Carlos Montoya, world-famed flamenco guitarist, will perform at 8 p.m., Monday, April 6, at the College Fieldhouse. On his blazing, custom-made instrument, Montoya improvises and adds to pieces he already composed. Montoya is a Spanish Gypsy, born in Madrid. The first time he played at the age of eight came from his mother—"La Tula,"—and later from "Pepe el Barbero," a barber. The young Carlos continued to learn what he could from the great flamenco players of his time. When he was fourteen, he was playing in the cafe cantantes for such flamenco greats as Antonio de Bilbao, Juan el Estudiante, La Macarrona, and La Camisa Amarga.

His experience grew and Carlos went to Antonio Merce to tour Europe for three years. Montoya made his spectacular move—he gave a full concert of his compositions. Before this, such guitarists had only played instrumental solos. He toured Europe and the U.S., with his solos gaining a large following.

As he plays, Carlos Montoya creates. He never uses a pick, because it...is an awful thing. Using his fingers, he can make a lot of noise with only a couple of lessons. But that's not playing.

A new project of his is the writing of a concerto for flamenco guitar and symphony orchestra.

Montoya is appearing under the sponsorship of the WSC Arts and Lectures Series. William H. Davis is chairman of the tickets. Tickets are available during box office hours.

After one year, his "teachers" said that there was nothing more they could teach them. They sent Carlos to Spain to learn more about the flamenco singing and dancing.

The numbers he will play at WSC will include a mixture of arrangements and original compositions of Montoya's own Spanish gypsy tradition.

Box office hours are from 9 a.m. to 12:15 p.m. and from 1:30 to 3:45 p.m.

Thoughts at random...

Just a few notes at random before the horde of students pack in and out today, west and east. The editor received the results of the student elections last Thursday and you know what she found out? That only about 40% of the student body are interested in who is least concerned over who can lead their class, or for that matter, the entire school. Only 40% of this body will supposedly make good our next generation of citizens who are interested, in who their leaders are, and what they are going to do for them? Now! Really, what can you say to that?

It seems that among the student gripes is another problem which the editor feels will never be solved — maybe. Each week they leave us a little more time, but we no longer get reserved books on Fridays.

To many people, particularly commuters and weekenders, this presents a serious problem. Perhaps, as someone suggested, this isn't a problem at all, but there's no way to get the books when you leave on Friday, the books will not. Either way someone is inconvenienced.

For many students, as usual, Easter holidays are times for going home, spring break and all and general good-time you will have is valuable and that's why participating in the games we no longer get reserved books on Fridays. The plans for the Intersorority are being discussed over the student union.
