Merchant Of Venice Staged In Auditorium

"The Merchant of Venice," one of Shakespeare's most popular plays, features Portia one of his most attractive heroines. Despite the dark shadow cast by Shylock's desire for revenge, the play is essentially light and gay. Condensed to two acts, the play is directed by William M. Dawson, of the WSC speech and drama department. Tickets are available in the box office of the main building from 9:30-11:45 a.m. and 1:30-3:45 p.m. The leading role, that of Antonio, the merchant of Venice, will be played by Jon Whirry, with James Mueller as his friend, Bassanio. Solanio and Gratiano, other friends of Antonio, will be played by Paul Cone and Gary Morgan respectively. Jeff Rodman has been cast as Shylock. Other male cast members include Truman Flowers as

the messenger, Salerio; Mike Bielewicz as Lorenzo, Jessica's lover, and Dennis Waid as Launcelot Gobbo, the clown. AWS Introduces New Women's Honor Society

A ceremony introducing the Associated Women Students Honor Society will be held at 4:30 p.m., Saturday, May 2 on the lawn of the WSC campus, with President James H. Albertson, guest speaker. During the past semester, Mrs. Elizabeth Pfiffner, associate dean of students; Miss Joan Doyle, head resident of Hyer Hall, and members of AWS have set up the honor society. The society, based on qualifications of Mortar Board, the national society, is for women members on campus who are in the upper 35 per cent of their class and who show qualities of leadership, scholarship and service to the campus. Both juniors and seniors will be accepted this year, but after this the women will be selected at the end of their junior year and will participate in their senior year. The new members are now being "tapped." Mrs. Pfiffner stated that a women's honorary society must be on campus for approximately five years before it will be recognized by the national group. Twenty-one women will be honored at the ceremony. Pat Reznick, past president of AWS, will be mistress of ceremonies.

As part of the ceremonies, a leadership torch will be passed from Miss Reznick to Darlene Jeckle, newly elected president of AWS. The String Quartet will also play at the afternoon event. Following the afternoon ceremonies, a banquet will be held in the College Union, at which mothers of the juniors and seniors have been invited to attend. Miss Jeckle will be mistress of festivities for the evening festivities. Guest speaker will be Mrs. Pfiffner. Members on the committee are Lynn Donchower, Judy Davis, Carol Rynar, Misses Reznick and Jeckle.

Union Addition To Be Completed By Fall Of '65

Work has recently begun on the addition to the Union at Wisconsin State College here. This project, to be completed by the fall of 1965, will double the size of the present Union. The addition of the Union will increase the floor space from 35,000 square feet to 70,000 square feet. The basement of the addition will house a college store, a post office sub-station, and a game room. As you enter the first floor from the new main entrance on the west of the building, the snack bar will be to your left. This floor will also contain the Union Administration offices. The second floor will hold a multi-purpose room capable of seating 500 persons. This room will be used for lectures, films, and will serve as a ballroom. The second floor will also hold many offices and workrooms for student use. The Union addition also includes an extensive remodeling and renovating of the present building. The present snack bar will be remodeled to serve as a contract dining hall serving residents of Nelson, Delzell and Steiner Halls. The present cafeteria will be remodeled to serve as an ala carte dining area for faculty, guests, commuters and off campus students. The second floor will remain essentially the same. While the Union is being remodeled, the lawn will be changed also. With the construction of the new heating plant on the north campus, the present heating plant in back of the main building will be torn down. Replacing the heating plant will be grass, trees and shrubs. The plans for the Union will take advantage of this new view, for the addition includes a terrace on the first floor and a balcony off the large multi-purpose room on the second floor overlooking this area. With the main entrance of the building shifting to the west due to student traffic from the north campus, this area will also undergo landscaping. Because the student will benefit most from this renovation, the Union administration is planning to let them help with decorating and naming the various rooms of the new Union.

Dean Radke Announces New Plans

New plans and proposals for housing and food service on the WSC campus have been announced by Orland E. Radke, associate dean of students, this week. Dean Radke said that the main change involves trying to "create a situation where they (the students) can stay on campus for the seven day week" instead of the usual five. He announced that Miss Joan Doyle, head resident of Hyer Hall has been made co-ordinator between Ace Foods and the student body. With this in mind, they hope to create an atmosphere of family style dining for the students. Dean Radke said that with the opening of the Allen Food Center, approximately 1200 students will be served and this will relieve the load now carried in the Union, so that this may be attempted. Dean Radke also said that freshmen and sophomore men and women will be asked to stay in the residence halls this coming school year with the idea that it will get them adjusted much more quickly, they will (Continued on page 2)

Regular Fellows..

Do leaders woo public opinion by displaying their outstanding qualities? Usually not — they'd frighten everyone. Instead, the "regular fellow" technique is used. Remember how often we've heard the cliché "I'm just folks." There's a great deal of irony here; we choose our leaders because of certain outstanding abilities, and yet they must win our approval by proving how average they are.

Man wants to set up idols, but he has the conflicting desire to tear them down, to make them conform. The Greeks and Roman demanded human failings even of the gods to identify themselves on an equal basis with divinity.

What a waste of time it is to worry about the superior talents of unusual men, when we can relax and appreciate their qualities. Recognizing greatness in others does not deny the equality of all men as human beings, for each man has his own particular capabilities — and each man is basically human:

"The plain man is the basic clod
From which we grow the demigod;
And in the average man is curled
The hero stuff that rules the world."

—Sam Walter Foss (In Memoriam)

Ability To Communicate

A college education is not merely a means of moving up a step or two on the economic ladder declares President James H. Albertson of Wisconsin State College in an outline of goals for the college.

WSC's president, who came here in 1962, said a student must, by necessity, learn vocational skills. However, President Albertson declared he believes the student must develop other skills and qualities in order to effectively take his place in the world of tomorrow.

Seeking to move toward goals that place greater emphasis on the liberal arts, President Albertson, in his inaugural address, challenged the faculty to a reappraisal of the undergraduate curriculum.

Since his inaugural address, a Long Range Goals Committee has been meeting with the president in an effort to come up with specific goals so that work may begin on curriculum re-evaluation.

The new goals call for the development of the student as an individual as well as a breadwinner.

Using the new goals as a yardstick, the future WSC graduate is projected as a person who understands the history of forces and ideas that have affected societies down through the ages. This ideal graduate also must have concern for ideals of democracy and social justice as well as a sense of responsibility to his fellow man. He is, of course, competent in his chosen field; thinks clearly and logically and appreciates the perspective, judgment and wisdom of a liberally educated person.

Ideally, he also develops creativity, is aware of the importance of physical fitness, realizes that learning is a life-long process and does not plan to slam the door on learning on graduation day.

The new goals stress the need to develop the student's ability to communicate. This will be accomplished by developing the ability to observe, listen and read critically. Emphasis also will be placed on writing and speaking with clarity and force.

The WSC educators emphasize that students should recognize that all fields of knowledge are related. President Albertson said, "Too often students are not held responsible for English composition in all classes. All faculty members must regard the quality of their student's writing as significant."

Other projected goals are development of intellectual curiosity, recognition of the importance of knowledge to mankind and the understanding and practice of the arts, philosophy and scientific disciplines.

"A student must be able to think clearly about what he, a person, is and about his life's purpose," stated President Albertson.

Meanwhile, President Albertson has restructured faculty and administrative organization so that these goals may be implemented and that curriculum evaluation may go forward.

WRA Springs Ahead To New Sporting Areas

This year, under the leadership of Miss Vera Rinnac, the WHA has sprung ahead in several areas of activity that, in previous years, were never attempted.

The organization has made arrangements with the Wisconsin River Country Club for any campus women to use their golf course Monday through Friday afternoons. The WRA will provide free tickets and clubs to any girl who wants the chance for this recreation and entertainment.

Another formerly unattempted exploit is the organizing of a co-recreational volleyball tournament with an addition of a couple of new rules to add "spice" to the game (and to give the girls a fair chance). The tournament is now running into the last laps with games on Monday, May 4, semi-finals on May 11 and the final championship game on May 13 to determine the Grand Champ! The tournament is played by the double elimination method.

After the games on May 4th, there will be two other tradition-breakers — a party which is replacing the annual picnic, and election of officers which is not normally done at this time.

Letter To The Editor

Dear Editor:

Last Thursday evening, approximately twenty seemingly "courageous" fellows stormed Steiner Hall and did considerable damage. I say "courageous" because I'm sure that's what they thought themselves to be — but in the eyes of the girls at Steiner, they were nothing but little boys at vicious play.

If the boy that hurled the beer bottle and broke the window is reading this (as well as the rest of you who were in on the escapade) I want you to sit back and take stock of yourself. By the pure grace of God, no one was sitting at the desk where the window shattered. If she had been, the results of her injuries would have been disastrous. Do you have any idea what damage flying glass can do? No, I don't think you or any of your buddies gave it any thought.

I was under the impression that we had men on this campus, but as of last Thursday night, my ideas have changed considerably. Grow up boys and act your ages. These antics around the women's hall are not funny, and any male student who can sit back and laugh about it now, has no business being in college.

Union Board

(Continued from page 1)

plication asks to list the three positions that they would be interested in, slating reasons for their choices. A letter must also be written to the Union Board regarding the reasons for application.

The Union Board will make the selection of the new members on May 4.

Elected to the Board last Tuesday were Bruce Gonzagowski, Jeannine Sands, and Jack Waterman. These members and the ones to be selected will conduct the last meeting of this semester. They will be honored with the present board and committee members at the Union Board Banquet May 17.

The candidates running for election are: Kathy Cutler and Judy Davis, president; Carole Steinkede and Sally Kauss, secretary; Bjorg Nyen and Caroline Sopa, treasurer; Esme Patterson and Myrna Grittner, publicity. The active members are urged to attend and vote at the election time, 7:30. Sue Eskritt and Barb Zurawski are in charge of party arrangements.

Coming Saturday, May 16, the WRA is sponsoring a High

School Seniors' Sports Day at 1 p.m. Approximately 50 participants from nearby high schools will be at the fieldhouse taking part in volleyball and swimming events. This will climax the 1964-65 WRA year of "new horizons."

The WRA has reserved one old standby to counterbalance this year's new progressive program. Every Monday evening there are still the free swims for any and all women students from 6:30-8 p.m.

Minneapolis Symphony

(Continued from page 1)

Symphony has grown considerably in fame in the last 61 years.

Mr. Skrowaczewski, the present conductor, was formerly the director of the National Philharmonic of Poland, and has conducted extensively throughout Europe, South America and the U.S. He is also recognized as a composer. Some of his pieces are, "Prelude and Fugue," "Concert Overture," an opera, a ballet and some music for stage and screen.

In Warsaw, in 1957 he was notified by George Szell, conductor of the Cleveland Orchestra, who invited him to come to the U.S. This was followed up by invitations to conduct the Pittsburgh and Cincinnati symphony orchestras, the New York Philharmonic and the San Francisco orchestra.

Paul Mooney, a Cleveland reviewer, prophesied, "The conductor with the long name will be heard throughout the land before long." In 1960, he was appointed conductor of the Minneapolis Symphony Orchestra.

Two distinguished members of the orchestra are Robert Tweedy and Robert Jamieson. The lat-

ter performed under the direction of Meredith Wilson with the Armed Forces Radio Service Orchestra during World War II, and under Toscanini with the NBC Symphony Orchestra. Jamieson is now a member of the Minneapolis String Quartet, one of the few string quartets affiliated with a major symphony orchestra.

Recently, a New York critic singled out Robert Tweedy as "a highbrow bearded beatnik borrowed from Greenwich Village."

He received experience performing as cellist for the Denver Symphony and later came to the Minneapolis Symphony where he returned to playing "tymps" for which he had been originally trained.

Geography Club To Discuss Constitution

A proposed Constitution and also the tentative schedule for next fall will be discussed at the Geography Club business meeting at 7:30 p.m., Monday, May 4 in room 25 of the College Union.

Also at this meeting, will be displayed the pictures taken of the group at the last Geography Club meeting. Prints will be available at a nominal fee for those interested. All students interested in club membership are urged to attend.

Three Students Named To Attend Education Meet

Three Wisconsin State College students have been chosen to attend an Institute on Staffing Higher Education to be held May 10-12 at Wingspread, Racine.

The students are Della Jean Elden, Jon Whirry and Robert Miller.

Alternates include Dorothy Igl, Keith Johnson and Ronald Trzebiatowski.

Dr. Edgar F. Pierson, dean of the WSC graduate program and director of the summer session, will accompany the students to the three day meeting.

Attending the institute will be students from Wisconsin colleges and universities who have been chosen because of their excellent academic records.

The purpose of the conference is to interest these students in higher education, especially in college teaching, in an effort to meet the expected demand for instructors in institutions of higher learning.

New Plans

have closer association with the administration and will broaden their experience with fellow students on the campus.

Dean Radke says that they hope these changes will be favorable to all involved as they are looking ahead to the ever-increasing enrollment throughout the coming years.

Alpha Phi Omega, along with other organizations, are again urging active participation of WSC students in the Blood Donor Program.

Pointers End Win Streak Lose SCC Doubleheader

Stevens Point State College's baseball streak came to an end at four game here Saturday as Platteville took both ends of a State College Conference doubleheader.

A three-run rally in the bottom of the sixth inning wiped out a one-run Pointer lead and gave Platteville a 7-5 decision in the nightcap.

Coach Bob Krueger's club is scheduled for another doubleheader, Saturday, as they take on Whitewater.

All of the scoring took place in the fourth inning of the 2-1 first game.

Platteville took an early lead in the second game with four runs in the first two innings. WSC netted one in the first when Buddy Woller walked, stole second, continued to third on a throwing error by the catcher and scored on a perfect squeeze bunt by right fielder Jerry DeBruin.

The Pointers trimmed the gap to 4-3 with two runs in the fifth.

Platteville was blanked from the second inning on by Larsen who had relieved starter Al Reichert after four runs had scored.

In the sixth, WSC took a 5-4 lead by scoring twice. Dann and DeBruin opened the frame by rapping singles. The next two batters were retired but Vogel and Fitzgerald each came through with a clutch single to drive in the two runs.

WSC's advantage proved to be of short duration, however, as the Pointers broke through for three runs in the bottom of the sixth.

The Pointers committed four errors in the second game for a day's total of seven. Platteville had two in the nightcap.

WSC's golf team got the 1964 season off successfully by defeating Beloit and Lawrence last week, while the WSC tracksters were out-distanced by the Titians, 76-55 in a dual track meet Saturday.

Coach Hale Quandt's golfers topped Beloit, 9-6, and edged Lawrence, 8-7. The meet was played under match-match-medal rules with one point going to the winner of the most holes, best nine-hole score and best 18-hole total.

The match actually was decided by the No. 5 players, Kathy Curran for the Pointers and Gus Murphy of Lawrence. Miss Curran's 86 earned her two points while Murphy, with an 89, picked up only one.
