Applica­tion Deadlines Announced

Deadlines for applying for admis­sions and escholarships to attend the nine Wisconsin State Univer­ sities have been announced by the Board of Regents office in Madison. Charts containing the opening and closing dates for applica­tions are being sent to high­ school guidance counselors throughout the state.

Some State Universities at Oshkosh, Platteville, Stevens Point, and Menominee (Sout) have Aug. 1 deadlines for applications for admission to classes starting in Sept. The deadline is Aug. 15 at La Crosse and d White­ water, Sept. 1 at Eau Claire, Sept. 9 at River Falls, and Sept. 18 at Superior.

Some State Universities ac­cept applications after the posted deadlines, but urge that high school seniors apply as early as possible so that they and their parents can visit the campus during the summer and complete registration procedures ahead of the rush.

Applications for legislative scholarships covering basic fees and tuition should be made by April 1. To WSU, Eau Claire, before May 1 to Stevens Point and Whitewater, before May 15 to La Crosse and Oshkosh, before June 1 to Superior, before June 15 to Stout, before July 1 to Platteville, and before Aug. 1 to River Falls.

Some State Universities ac­cept applications for scholar­ships after the posted deadlines, but scholarships are limited and it is to the advantage of the student to apply early, the Board of Regents office said. Applications from high school seniors received by May 1 usu­ally nre processed two weeks before the closing date for announcement at high school guidance offices or commence­ments.

Legislative scholarships offer up to $100 a year for Wis­consin residents, $30 for nonresidents and $20 for foreign students. Those who apply after May 1 will be consid­ered for funding during the next school year. No application is necessary for aid to be considered.

Responsibility And Confidence

At the last meeting of the faculty on Apr. 1, I requested that all points of view be given that vote of confidence which was adjourned.

I believe that the request made by the administration, l.e., the need for further study by the faculty and the absence of the request on the meeting's agenda.

I believe that the request cannot be rendered the student body through POINTER representation at the faculty meetings. I believe that the students want their representation, too, to seek admission to the college. I also believe that the faculty will in time become convinced of the need of an invaluable instrument of communication with the students.

I cannot and will not promise that the reporting on the faculty meetings will be uncontroversial. What I do promise is the responsible reporting that this staff is capable of. A faculty vote of confidence can give the POINTER staff an opportunity to show their capability and responsibility. I sincerely hope that the students, through their newspaper, will give that vote of confidence at the next faculty meeting.

Dear Editor:

I wish to Sarge's letter in the last issue of the POINTER. I would like to point out a few things.

Sarge states that there is a problem with some instructors who have a high rate of absenteeism. He lists a few examples of this.

In my opinion, the principal problem is not with the instructors but with the students. It is not a problem of the instruction but of the students. It is a problem of the instruction but of the students.

I would like to point out that the instruction is great, but the students are not. The problem is not with the instruction but with the students.

Sarge states that the students are not taking advantage of the instruction. He lists a few examples of this.

I disagree with Sarge on this. The students are taking advantage of the instruction. They are working hard and doing their best. The problem is not with the students but with the instruction.

In conclusion, I would like to point out that there is a problem with some instructors who have a high rate of absenteeism. The problem is not with the instructors but with the students. The students are not taking advantage of the instruction.

Brother Says Thanks

Dear Editor:

This letter is directed toward the entire student body of Wisconsin State University—SP. It is a letter of sincere sympathy to all of you for the fine support given to the election of our Student Council president.

In my opinion, the boy was the best qualified candidate for the position and I feel that although I am bit prejudiced in my decision, I am in a position to know—he is my brother.

Little can any of you realize the pride and surprise I felt as an older brother thousands of miles away when notified of Warren's election as Student Council president. He has never glossed over his many outstanding accomplishments, and it was only through a justifiable proud mother that I learned of this, his greatest achievement.

It is my firm belief that you, the student body, are also equally proud in your selection and can rest assured that he will be an outstanding job in his new position.

Free and 21 though you may be — eligible to vote, old enough to order a mixed-drink, to get married, to open a charge account — all this counts for nil if you happen to be a student at WSU and want to live off-campus.

There is a strange, unfounded and obviously cynical philosophy behind administration policy which denies students, some of whom are veterans, way over 21 years old, and often with several years of working experience behind them, the right to choose their own housing accommodations while attending this University.

All schools and universities have certain housing restrictions; if they are based on common sense this is right only. Just because one is a student, there is no reason why he should be forced to live in obviously unsanitary, unsafe conditions, or forced to pay exorbitant rent for an inferior room or apartment simply because it is near school. It is the University's policy and duty to safeguard against the occurrence of such things occurring. But, when there are rooms or apartments that are cheaper or more convenient, that offer cooking facilities and utilities, that through accident or design are not on the "approved" housing list, it is just too bad for the student. Anything one does in unapproved housing may be exactly the same thing one does in an approved apartment or room; but, if you are foolish enough to lease such an apartment or rent such a room, you are immediately subject to disciplinary action which may be anything from social probation to being ousted from the University.

Why approved housing lists cannot simply serve as guides for students of tried, tested and advantageous housing based on the experiences of previous students, rather than be a mandatory, limited, and exclusive ultimatum, it is impossible to fathom.

The vaguaries and arbitrary "do's and don't's" of the administration are puzzling to say the least; it has always been assumed the duties of a University are to see to the welfare of students and concerned that they conduct themselves intelligently, socially and personally. By taking the authority's wishes, for any reason, and then taking the authority's orders, to say the least; it has always been due to a lack of information.

If there is a problem with the student the University should be the one to handle it. Also, the University should be the one to set standards of fact and opinion which did not coincide with the authority's wishes, for any reason.

The freedom which journalism in all its forms now enjoys has been painfully won. In the early days, authority, both civil and ecclesiastical, had a way of silencing newspapers, and the public of the press and the truth. "Give the public the truth it must have." If there is a problem with the student the University should be the one to handle it. Also, the University should be the one to set standards of fact and opinion which did not coincide with the authority's wishes, for any reason.

P.S. Association Holds Banquet

The W.S.U. Political Science Association held its first spring banquet on Mar. 25 at the Whitting Hotel with 75 people in attendance. The speaker was Dr. Glancy, professor of speech, Ohio State University, who spoke on the subject of “Gov- ernment Politics and the Arts.”

One of the points covered by Mr. Glancy in his speech was that while Science has received sufficient funds over the last several years via foundations and government aid, the Arts have been brushed aside. When History judges a society, it judges what that society has produced artistically. Mr. Glancy also spoke of the Ameri- can myth that the “starving” artist is the one that creates the best work. A foundation that would receive aid from the governments, corporations and other foundations would also help the arts in America.

Mr. Glancy spent Friday as a guest speaker in several classes. The Political Science Association plans another dis- cussion with a speaker in late April or early May that will be on an informal basis.

BY ROBERT SCHRAMK

Welcome to the organization, all new Y-GOP members! We joined the Y-GOP for various reasons; but, all of us held one common reason—to cast our support to the Republican Party. Through enthusiastic participation in our local organization’s activities, regular meeting attendance, and vigorous campaigning, we can strengthen ourselves locally, boost membership within the party and help fulfill its goals. Each one of us, as members, has a responsibility to the party, and to ourselves, to carry out these basic functions. If we should fail our organization will not function properly and the GOP would suffer in the end. It is of utmost importance to note that our party, the Republican Party, functions on the principle of individual freedom. We function on our own, there is no outside influence. We are an independent organization, contributing to the creation of a larger one. Therefore, what we accomplish is, entirely up to us.

In the past, participation has been good; now let’s make it even better! On the evening of Apr. 26, the Portage County Republican party chairman will be here to speak to the Young Republicans. Let your enthusiasm be shown by attending this very important meeting. Later this month, from April 29—May 2, the State Young GOP Convention will be held in Wisconsin Rapids. These four days will offer you an opportunity to support your party, to voice your opinion, and to help frame the party’s constitution. These activities are our own, so let us take the initiative and attend them.

Steiner Hall News

Hey! What are you doing Wednesday night, April 21? That’s right after Easter recess, Steiner Hall is sponsoring a movie, “The Hustler,” with Paul Newman, at the University Center Lounge. Show time is 7 p.m. and the donation is a message $3.50. Be sure to be there.

Last Thursday evening, the following type of conversation pieces were common on the South campus, “Where’re you from?” “Sims.” Whap! Ploosh! Whap! “‘Cmon you guys, let’s get ’em!” “Charge!” Steiner Hall residents enjoyed participating in a massive snowball fight, which was incited by the students from the North campus. A large crowd was in front of Steiner Hall around 6:30 p.m., and after questions of possible delay, the fight was on. Conclusion and the theory “All’s fair in love and war,” prevailed, but damage was kept to a minimum.

Bob Goss, a three floor resident, in Steiner’s new Vice President of Hall Council as Pat McGivern was compelled to resign due to lack of time to carry out his duties.

Roach Hall News

Roach Hall again showed its enthusiasm and campus spirit as they participated in the 1965 AWS Songfest. Forty-two singing Roach residents clapped and screamed as they were presented the first place trophy in the non-Greek division. The singers agreed that the Songfest was a great success for all who were involved. The hall would like to congratulate the Alpha Sigma for their first place and also both second place winners. But, the girls would like to see one change in next year’s Songfest—more groups, and most of all, MORE MEN.

In the last month, Roach Hall presented the movie “Suddenly Last Summer.” Since this was their first great success, the hall hopes to get more in the future. Also, the hall presented a program in which Mrs. Nor- ton, of the Psychology Department, gave an informal talk to the girls.

This month, the hall has a wide variety of programs for the residents including, a night with Dean Roach, another film, and a dance party with Prey-Sims Hall.

Sorority Scholarship Survey

The total membership is 157; total grade point average is 2.70; number of members with averages between 3.0 and 3.49 is 87; number of members with averages between 3.5 and 4.0 is 8; number of members with averages between 3.5 and 4.0 is eight; and number of members with averages between 3.5 and 4.0 is eighteen. The total number of sorority members with averages between 3.5 and 4.0 is three. All this information applies to a recent report from the main office about the semester scholarship for four sororities on the WSU-Stevens Point campus.

Delta Zeta Sorority (active membership of 50) ranks first with an average grade point of 2.76, ranging from 4.0 to 1.5. Individual honors were gained by two "four-pointers"—Patricia Zehner and Sandra Volodchak and three members with averages between 3.5 and 3.99. Alpha Sigma Alpha has members with averages between 3.5 and 3.99. Three of Alpha Sigma Alpha's members were below 2.0. Delta Zeta has two members with averages below 2.0 and one active on probation.

Alpha Sigma Alpha ranks a close second with an active membership of 43, and grade point of 2.7. The Alpha Sigma Alpha members have active with averages between 3.5 and 3.99. Kathleen Gumm and Janet Markee rank individual grade honors with averages between 3.5 and 3.99. Six other active members have averages between 3.0 and 3.49. Three of Alpha Sigma Alpha's members were below 2.0, and none of the members are on probation.

Pil Delta Pil (active membership of 26 girls) claims 2.67 as a sorority average. Kathleen Gumm and Janet Markee rank individual grade honors with averages between 3.5 and 3.99. Six other members have averages between 3.0 and 3.49. Of Pil Delta Pil's were below 2.0, and none of the members are on probation.

Alphas Psi has a sorority average of 2.63 which ranges, individually, from a 3.17 to a 1.63. Of its 41 members, four girls have between a 3.3 and a 1.99; Jane Gronold, Sue Langton, Jeaneo Bonds and Kathy Timm. Seven other members have averages ranging from 1.63 to 2.63. "Phi's" members were below 2.0. Two are on probation.

summer Work-Study Program

College students who plan to go to school in the fall may apply for Work-Study at Wisconsin State University-Stevens Point. These students will be paid for work which will help them register for the full term. The Funded Program of the Economic Opportunity Act of 1964 is the basis of the program. 

This summer WSU-Stevens Point will provide 234 students with the opportunity to start their courses immediately. Students beginning their college careers are being encouraged to attend summer school to get an early start in their college programs. The summer session begins on June 14 and ends on Aug. 7. Freshmen are advised to take courses in sociology, English, history, speech, political science, biology and math. Registered students may apply for summer jobs. Those who qualify may work up to 12 hours during the school week and 40 hours during vacations and the summer session. Applications for the Summer Session at Wisconsin State University-Stevens Point will furnish further details on request.

DZ News

The DZ's are proud to have received the highest grade point of any branch on campus. It is a 2.758.

Last week, the DZ's were delighted to entertain Elfrig, trustee of the First National Bank in Stevens Point, at Dining Hall. His program, the topic of the evening, was entitled: A Woman's Role in Legal Matters. It gave the girls some ideas on legal matters concerning business, housing, borrowing, accidents, wills, and taxes.

Spring Formal

The University Center Board is proud to announce the Spring Formal, "Nons Dimentica," to be held featuring Les Elgart and his orchestra.

Should you seek anyone in the music business, "who is known as the trumpet player's trumpet player," then the name of Elgart would be repeated as often as the question is asked. To receive the distinction of being so "dubbed" Les Elgart had to gain the appreciation of critical musicians and demanding audiences throughout the country.

However, for Les Elgart it was no long hard climb to success. He simply played and people loved his music. With some magnificent arrangements, Elgart created a band style that has swept the nation, "Sophisticated Swing.

Columbia Records recorded the LP album suitably titled "Sophisticated Swing," a collection of dance numbers originally "picked up" by the very group. Through Elgart leads a modern ensemble that essentially reflects the tastes of young dancing America. Modern, as played by Elgart, does not mean the other self-conscious distortions of the progressive bands, it simply means a good solid beat, divorced from the shackles of yesterday's music. The bands two-best interpretations are conceived for dancing, but its harmonies and counter points are aimed at the ears of a musically discriminating and discerning generation.

The sound of the Elgart band is unmistakable. The sax section, with its unusually wide range of dynamics and color, can be intimate, forceful and swinging. The Elgart brass, with its frequent feature of union trombones, is sharp and biting. Avoiding the piano, the band puts extra emphasis on guitar. Most of the arrangements are the works of Charles Alberine. For the first time in many years the band has come along that offers something new, and yet, has a rapport with the dancing and listening audiences of America.

This is Spring Formal at WSU-SP, May 5. To watch for more information.

Want To Be Alice?

The Wisconsin Department of Agriculture has announced that it had processed 26 entries for the 18th Alice-in-Dairyland Contest during the first three days in which the applications were accepted. Girls may enter the competition through April 15.

Contenders are all Wisconsin girls between the ages of 18 and 24. They must be residents of the state for at least one year. Application forms can be secured through newspaper office, radio and television stations, county agents, chambers of commerce and many dairies. If none are available, entry can be made on a plain piece of paper. Name, home address, town, city and school (if located in area other than that shown), social security number, and the address to which the photo is to be mailed should be included. No photographs are needed.

Recipients in 11 areas will be held on Saturdays in May. Two winners from each region will be selected, and 26, in the finals in Sun Prairie.

Student Council News

Student Council met Thursday, Apr. 1 to discuss the following issues.

Judy Christiansen, Student Council president, recommended a committee be formed to investigate all available information on 21-year-old housing and to report back to the Student Council. A committee was formed and any action to be taken by Student Council will be determined by the committee's findings.

The treasurer's report was a month behind time due to the Business Office being a month behind schedule.

The allocations Committee dropped all funds to classes for next year. This was done because the money is not being spent by classes which have been replaced in importance by organizations on this campus.

SORC (Student Organization Recognition Committee) was organized at the beginning of the second semester. It is investigating with the intention of basing the University recognition system on organizations as the importance of classes is decreasing.

The Publications Committee is being formed to look into the affairs of the University publications, including the selection and dismissal of the newspaper editor. At present, this choice rests entirely with the POINTER advisor. Several proposals as to a Publications Board have been submitted by the Student Council. However, continued disagreement between the faculty and Council has halted the progress of this committee.

ATTENTION

Deadline for PRISM contributions has been extended from Apr. 5 to Apr. 20! Place your contributions in the Sigma Tau Delta mailbox or the English office. A $5 prize will be given for the best poetry contribution AND for the best prose contribution.
